Greetings,

The �DX Gazetteer� is part of the WinCAP Wizard QSL-ware � aka �freeware� - download. The �DX Gazetteer� provides a prefix to location search that is second-to none and unique two-way integration with the SmartMap-Geographic View. Again, all free for your exploit.

Download WinCAP Wizard and try out the DX Gazetteer or read on for more details.
http://www.taborsoft.com/

The WinCAP Wizard DX Gazetteer is a geographical dictionary where the focus is specifically geographic location and regional division. The DX Gazetteer utilizes a database "table" containing �records� of locations and related information of interest to amateur radio operators.

Main Features
Powerful prefix searches
More than 6600 worldwide locations including all US counties
Plot - locate - currently selected target to the maps
Distance, direction, grid sub-square, CQ and ITU zones of each location
Incremental searching, in any column
Tree-type display of locations
Full customization of displayed information columns

The WinCAP Wizard DX Gazetteer is organized in a �tree like� structure with "primary locations" organized in �DX list� fashion and oriented toward convenience for amateur radio operations. Incremental searching on any column - of information - is provided so even if you do not know a call "prefix" the target location can be located by country or city name.

The DX Gazetteer features bi-directional integration with the SmartMap-Geographic View. Using �Ctrl-click� on �map� locations selects the target in the DX Gazetteer. Alternatively the DX Gazetteer �Locate� button �plots� - locate by means of coordinates - the target prefix and the great-circle path to the map for quick visual identification. If the SmartMap-Geographic View is not open when the DX Gazetteer Locate button is clicked the SmartMap-Geographic View is automatically opened and the target location plotted.

There are tools with a few similar features available but the unique power and functionality of the WinCAP Wizard DX Gazetteer provides you a tool with no known peer.

WinCAP Wizard provides numerous other tools in the default QSL-ware mode and additional features when registered. However we are inviting you to use and enjoy our �free� DX Gazetteer tool here because we believe you will find it useful. For full details on other features see the web site and help document.

http://www.taborsoft.com/

73 & Good DX,
Jim - KU5S

Ohio/Penn DX Bulletin No. 804

The Ohio/Penn DX PacketCluster
DX Bulletin No. 804
BID: $OPDX.804
April 2, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, W7YAQ, K8CX, K8PYD, K8YSE, N8KOL, WD9EWK, Pete's-DX-Newsdesk, DK8JB, DL7MAE & The DX News Letter, DL2AH, EA8AUW, F5NQL & UFT, GM3YOR, HA0HW, I1JQJ/IK1ADH & 425 DX News, LU6EF, RSGB IOTA, VA3RJ & ICPO, YZ1EW/RA4U, ZS1RA and ZS4BS for the following DX information.

** EDITOR'S SPECIAL NOTE (by KB8NW): There will "NOT" be an OPDX bulletin for April 12th. I know, you heard this before, but it is true this time. My wife (chief proof-reader) and I will be heading south to Tybee Island, Georgia, for our daughter's "barefoot on the beach" wedding. Besides, I can really use the break! However, PLEASE continue to send your DX info to me. If there are any special announcements, I will try to send them out.... 73 de Tedd KB8NW

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 25th/March, through Sunday, 1st/April there were 211 countries active. Countries available: 3A, 3B8, 3D2, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5R, 5U, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, D6, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, EU, EX, EY, F, FG, FK, FM, FO, FR, G, GD, GI, GJ, GM, GU, GW, H3, H4, HA, HB, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J5, J7, JA, JD/o, JT, JX, JY, K, KG4, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OK, OM, ON, OX, OY, OZ, P2, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VP2E, VP2V, VP5, VP8, VP9, VQ9, VR, VU, XE, XT, XU, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZF, ZL, ZL8, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B8, MAURITIUS. Mart, DL6UAA, will once again be active as 3B8MM starting April 5th and staying possibly for a few weeks. Activity will be mainly CW on all HF bands with some SSB and SSTV. QSL via his home callsign, direct or by the bureau. Visit his Web page at:
http://www.dl6uaa.com

3DA, SWAZILAND (Reminder). Operators Filip/ON4AEO, Kath/ON7BK, Danie/ZS6VWD and Elize/ZS6EMH will be active as 3DA0FC from April 5-9th. Activity will be on 80-10 meters including the WARC bands. QSL via ON4CJK. The group's Web pages are: http://www.3da0fc.be
http://www.filipstattooshop.be/swaziland

5Z, KENYA. Alex, IK4ALM, will be active as 5Z4/IK4ALM between now and April 10th. This will be a holiday style operation with only 100 watts and a ground plane on SSB. QSL via his home callsign.

60M ACTIVITY (Between Saturday, March 31st and Sunday, April 1st). The following were heard: G0HNW, G3ZGP, G4YSG, GD3YUM, IK4WTU, MU0FAL and YN2N.

7P, LESOTHO (Update). Shaun, ZS1RA, informs OPDX that due to unforseen circumstances, the team had some withdrawals. Operators ZS1ROY and ZS1ZL will no longer be able to participate. Shuan states, "This has put some undue financial pressure on the 7P8DX team, and we are short of some 500 Euros or approx. 700 USDs. All donations would be greatly appreciated." The current list of operators are now Shaun/ZS1RA, Barry/ZS1FJ and Tony/ZS1APB. Listen out for them between April 5-12th. They will be operating from the highest point in Lesotho (3000m ASL) on the north border escarpment of the Drakensburg Range. The team has requested the callsign 7P8DX. Activity is planned for 80-15 meters with an emphasis on the lower bands.

AO1, SPAIN. Operators Roberto/EA2RY and Juanjo/EB1ISN will be active as AO1A during the EA RTTY 2007 Contest (April 7-8th) as a Multi-Op entry. Activity will be from the Palencia Province in Spain.
QSL via EB1ISN, by the Bureau or direct.

C6, BAHAMAS. Eric, K9GY, will once again be active as C6AYM from Nassau, New Providence Island (Grid FL15) during the CQ WW WPX CW Contest (May 26-27th) as a Single-Op/All-Band/Low-Power entry. Outside the contest he will also be on 6m and 2m. QSL via K9GY, direct or by the Bureau.

CN, MOROCCO. Members of the Dar Bouazza Contest Group (DBCG), will activate their ARRAM club station (CN8MC) in Rabat, during the CQ WW WPX CW Contest (May 26-27th) as CN5W and as a Multi/Single entry. Operators mentioned are: Nico/SV3SJ and Patrick/F6IRF. QSL via the LoTW. More details about the DBCG are available at:

http://cn2ww.blogspot.com/
http://cn5w.blogspot.com/

DXCC NEWS...........

UPDATE. Bob, W7YAQ (E51PDX/E51YAQ), informs OPDX of the following: "The accreditation documents for the November 2006 E51 North/South Cooks operation of N7OU and W7YAQ have been resubmitted to the ARRL DXCC Desk. The original packet sent in January got lost somewhere between Oregon and Connecticut. Please accept our apologies for the inconvenience and thanks for your patience."

73, Bob W7YAQ / E51PDX / E51YAQ and Bill N7OU / E51PEN / E51NOU

CHANGES. Bill Moore, NC1L, ARRL DXCC Branch Manager, reports the following changes in DXCC, WAS and VUCC Card Checking Program rules.

"Effective immediately, DXCC announces the following changes to the DXCC Card Checking program:

The 10-year rule is now removed. Card checkers can now check cards 'for current entities only', dating back to November 15, 1945. Card checkers still cannot verify 160 meter cards or deleted entities.

In addition, DXCC card checkers can also check applications, if they agree to do so, for:
The Worked All States Award (WAS) (See www.arrl.org/awards/was); and
The VHF/UHF Century Club Award (VUCC) (See www.arrl.org/awards/vucc)

Contact Bill Moore, NC1L (dxcc@arrl.org) with questions."

HOLIDAY OPERATIONS. Drew, GM3YOR, informs OPDX that he has made plans for some holiday operations for this year. Look for him to be active as GM3YOR/P from Isle of Islay (EU-008), Inner Hebrides, Scotland, between May 19-26th. Also, look for him to be active as SV5/GM3YOR from the Isle of Symi (EU-001), Dodecanese Islands, between September 15-30th. He will be taking his TS50 and wire antennas, and will operate when time is available.

IOTA NEWS........................

EU-048. Francois, F5JNE, will stay at his son's home for about two weeks, starting April 30th, on Belle Ile en Mer Island. Activity will be during his evenings on the HF bands, mainly CW. During this stay he has scheduled to visit some of the other islands in the Bretagne (Morbihan) Region Group with Max, F5IRH (tide, wind and sea permitting):
    May 1st - Les Grands Cardinaux Island
    May 5th - Ile aux Chevaux (Horses Island)
They will sign as homecall/p on 80/40 meters (and possibly on some other bands), CW and SSB. QSL via their home callsigns, direct or by the bureau.

EU-171. Operators Ela/DL1TM and Tor/DJ4MG will be active as OZ/homecall from Island of Vendsyssel-Thy, Nordjylland Island, Denmark, April 10-26th. Activity will be on 160/80/40/20/17/15 meters and VHF 2m SSB. Their favored operating time and frequencies are: During the Central Europe's daytimes on 40m and 20m on SSB, but 20m mostly somewhere around 14260 kHz. QSL via home callsign (QRZ.com addresses).

NA-031. Page, WA3EOP, will be active as WA3EOP/p from Conanicut Island (USI RI-007S, Newport County, Rhode Island) and the Beavertail Lighthouse (ARLHS USA-048), July 18th. Activity will take place during the afternoon and evening. Another operator will join her at 1900z; Al, KZ3AB. Suggested frequencies are: 14266, 14332, 7178 and 3902 kHz. Look for activity before and during the Century Club nets on 75/40 meters. The QSL will picture the Lighthouse.

OC-078. Keisuke, JK1QLR, will be active as V63LR from Ulithi Atoll, Micronesia, April 20-23rd. Activity will be limited (holiday style), but he will be on the HF bands, CW, SSB, RTTY and PSK31. QSL via JK1QLR.

SA-049. You still may have some time to work members of the Radio Club Ushuaia that are now active as AY7X from Redonda Island (SA-049, WW Loc. FD55UE) until 1200z April 2nd. The Isla Redonda qualifies for "GACW Five Argentine Islands" award with #ARXP6. Operations will be on CW, SSB,PSK and RTTY on the following suggested frequencies:
CW - 3530, 7030, 14040, 21040 and 28040 kHz
SSB - 3670-3765, 7045, 14260, 21260 and 28560 kHz
PSK - 3620, 7040, 14070, 21070 and 28110 kHz
RTTY - 3620, 7040, 14080, 21080 and 28120 kHz
QSL via WD9EWK, by the Bureau or direct to:
Patrick Stoddard, 4031 E. Aster Drive, Phoenix AZ 85032-7417 USA. Argentina stations can send their QSL cards to:

Radio Club Ushuaia, Polideportivo Municipal, Pasaje Jorge
Vrsalovic S/N 9410 USHUAIA - Tierra del Fuego. Details of
the Radio Club Ushuaia award program can be found at:
http://www.geocities.com/rcushu

J3, GRENADA (NA-024). Operators Harry/AC8G, Ed/K1EP, Wayne/K8LEE, Brian/KA7KUZ, Janet/W8CAA, Joe/W8GEX, Harry/W8KKF, Ron/WA8LOW and Don/WC4D will be active as J3A during the CQ WW DX SSB Contest (October 27-28th), as a Multi-Multi entry. QSL via WA1S.

J5, GUINEA-BISSAU. Tibi, HA7TM, will once again be active from here as J5UTM between April 14-21st. He will be using an IC-706 and and DunaX GPS for 40-10 meters, and dipoles for the lower bands. Activity will possibly be on CW, SSB, RTTY and PSK31. He will be using an amplifier with 500 watts. An online log search will be available and updated every two days at: http://ha7tm.uw.hu/7tmlog/searc.html
Also, visit his home page at: http://ha7tm.uw.hu

KH8S, SWAINS ISLAND DXPEDITION (Update). It was reported last week that the N8S DXpedition to Swains Islands will be leaving a day earlier than announced which mean the team should be active on April 3rd. The current team consists of 17 operators: Hrane/YT1AD (Team Leader), David/K3LP (Co-Leader), Krassimir/K1LZ, Alan/K6SRZ, Doug/N6TQS, Chuck/JT1CO, Harry/RA3AUU, Eugene/RK3AD, Viktor/RU4SU, Vangelis/SV2BFN, Alekcej/UA4HOX, Roman/UR0MC, Milovan/YU1AU, Mladen/YU7NU, Vel/YZ1BX, Stevan/YZ7AA and Mome/Z32ZM. Current suggested frequencies are:

BAND	CW	SSB	RTTY	SSTV	PSK31
160	1825	1835	1835	-	1835
80	3505	3795	3582	3723	3582
40	7005	7082	7035	7035	7035
30	10105	-	10145	-	10145
20	14020	14195	14081	14230	14081
17	18075	18150	18100	-	18100
15	21020	21295	21081	14230	21081
12	24895	24950	24920	-	24920
10	28020	28495	28081	28680	28081 kHz

As announced in last week's bulletin, the team will also operate on 60 meters (on 5403.5 kHz), 2m EME and 6 EME with WSJT65 A,B,C (on frequencies 50.375 MHz and 144.375 MHz). He also announced that the following pilot stations for the operation are: Toma/YU1AB for Western Europe, Lee/KH6BZF for the Americas and the Pacific, and Antic/YU1AA for the YU and Eastern Europe areas. For updates and more details, visit their Web site at: http://www.yt1ad.info/n8s/

PACIFIC TOUR. Ulli, DL2AH, announced his next DXpeditions will take place in the Pacific between the end of September and mid-November. Using only a FT897 and a loop antenna for 40-10 meters, look for him to be active on SSB and RTTY from the following locations:
ZK2 - Island of Niue; between September 29th and October 12th
ZL7 - Chatham Island; as ZL7/DL2AH, between October 17-30th
VK9N - Norfork Island; two weeks

QSL via home callsign DL2AH or by the German Bureau or direct (SAE + IRC/2007). More info will be forthcoming later.

QSL INFO AND NEWS...........................

Reports of 3C0M QSLs are now being received. Activity took place in October 2006.

Reports indicate that the VU7RG and VU7MY QSL cards have not arrived from the printer. However, pre-process labeling is being done so they can send them out once the cards do arrive.

SPECIAL EVENT. Look for special event station YU07HST to be active now through the end of this year. QSL via YU1FJK. Activity is to celebrate the upcoming 7th World High Speed Telegraphy (HST) Championship which will be held September 19-23rd, in Belgrade, Serbia. For details, visit the following Web page at: http://www.hst2007.org

SPECIAL EVENT (Update). To commemorate the 95th anniversary of the sinking of the Titanic, ham radio operators worldwide will participate in a special event taking place between April 14-15th. Look for members of the City of Belfast Radio Amateurs Society (COBRAS - GI2BX) to activate GB2MGY for this event from the Blackhead Lighthouse in Northern Ireland. The COBRAS are ISWL affiliated, so this callsign will count for the "Monitor Award". The QSL info is still to be announced, so keep your eye on QRZ.com for the latest information. ADDED NOTE: Remember to look for "W0S" to be activated by the members of the Nixa Amateur Radio Club from the TITANIC Museum Attraction (in Branson, Missouri). See OPDX.802 for details.

SPECIAL EVENT. Look for special event station OL75CAV to be active on April 22nd, to commemorate the 75th anniversary of the founding of CAV - Ceskomoravsti Amateri Vysilaci (Czech-Moravian Transmitting Amateurs). Activity will be on all bands on CW and SSB, also with time permitting on RTTY and PSK. All QSOs will be confirmed with a special QSL card. QSL via OK1UU. For more information on CAV, check out their Web page at: http://www.c-a-v.com/news.php

T7, SAN MARINO. There has been a report that Tony, T77C, came up on 5371.5 kHz and gave out a new 60 meter country QSO. Tony had a severe QRN problem and had trouble hearing stateside. Hopefully the QRN won't be as bad the next time he shows up. QSL via direct only!

TZ, MALI. Just a reminder that operators Eric/ON4LN (TZ2T), Ivo/ON5CD (TZ1T), Stefaan/ON4FG (TZ4T) and Bart/ON3VK (TBA) will be active from Bamako, Mali, April 2-7th. The group plans to activate some prefixes that were never issued before. Activity will be on 160-10 meters on SSB, CW and Digital modes (RTTY, BPSK31, etc.) with at least 2 stations on the air simultaneously. Bands and mode will largely depend on the propagation. The aim is to activate the low and WARC bands, CW and digital modes as often as possible. QSL direct to ON4LN for all callsigns, or via bureau to their home callsigns. More information is available on their Web site at: http://mali2007.obox.be/

V3, BELIZE. Glen, W5IF, is currently active as V31IF until April 4th. Activity will be on all bands 160-10 meters, CW, SSB and RTTY. He was heard this past weekend on 40/20/17 meters after 1700z. QSL via W5IF (QRZ.com).

V6, MICRONESIA (Update/IOTA Op). By the time you read this, operators Nando/IT9YRE, Claudio/I1SNW and Mike/K9AJ should be active from Ngulu Atoll (OC-180) as V63RE, V63WN and V63J respectively. This is the first part of their IOTA Micronesia tour between April 2-19th. They plan to be at OC-180 just under two days before moving onto Sorol Atoll (OC-277) and then Woleai Atoll (OC-132). Activity will be on CW and SSB. QSL via their home callsigns. Visit their Web page at:
http://www.mdxc.org/v63

VK, AUSTRALIA. David, VK2CZ, will be active as VK8AA during the CQ World Wide DX SSB Contest (October 27-28th) as Single-Op/Single-Band (40m) entry. He will be using stacked 40m yagis. QSL via VK6NE.

W8AH WEB TRIBUTE. Al Hix, W8AH, was known around the world by thousands of amateur radio operators for his pursuits in the DX. He became a "Silent Key" at 85, on June 25th, 2003, at home after a short illness. Well-known DXer/Dayton-photographer Tom Roscoe, K8CX, has put up a special Web page in tribute to W8AH. Is your photo with Al in there? Visit the following Web page at: http://hamgallery.com/Tribute/W8AH/
ADDED NOTE: Who is the unknown person in the Dayton 2000 photo on this page? Let Tom know at: k8cx@hamgallery.com

WAB ACTIVITY........

John, M0JDK, is expected to be active mobiling on a canal boat from Warwickshire up to Liverpool and Manchester now until April 15th. This is primarily a holiday for him, but he will be on 80/60/40/2 meters. Activity is good for the "Worked All Britain Award" (WAB). QSL via the info on QRZ.com.

Tom, G0JRT, will be mobiling around in Scotland between now and 0900z April 6th (possibly the 7th). Activity will be on 3760 kHz possibly or 7060 kHz depending on conditions. QSL via info on QRZ.com.

WP3, PUERTO RICO. Alfredo, WP3C, will be active in the CQ WW WPX Contest (May 26-27th) as a Single-Op/All-Band/Low-Power entry. His activity will also count for the WLOTA as LH-2802. QSL via W3HNK, direct preferred but Bureau is OK.

ZF, CAYMAN ISLANDS (NA-016). Operators John/K6AM, Joe/W5ASP and Dale/KG5U will be signing ZF1A from Grand Cayman Island (WLOTA LH-1042) during the CQ WW WPX CW Contest (May 26-27th) as a Multi-Single entry. QSL via W5ASP, direct or by the bureau or LoTW.

ZS, SOUTH AFRICA (Talk to The Hell!). A team of ten operators from the Boland Amateur Radio Club will be visiting "The Hell", also known as Gamkaskloof or Gamka's Valley, situated in the Swartberg Mountains of the Southern Cape in the area between 33.28 S 21.15 E [KF06nr] and 33.33 S 21.42 E [KF06rq]. They will be using a special callsign,

ZS1HELL. The team consist of Rassie/ZS1YT, Karl/ZS1KC, Bennie/ZR1JHD, Graham/ZS1GVB, Conradt/ZR1CE, Derrek/ZS1DUP, Douglas/ZS1GUD, Johan/ZS1GP, Mac/ZS1XX and Olivier/ZS1OLI. The special station, with the callsign ZS1HELL, will be active from Friday, April 27th until Monday, April 30th. The station will be active on 160, 80, 40 and 20 meters. Although the station will be active on some DX frequencies, their main aim will be to achieve a Worked All ZS Award and a Top Band certificate. The electronic QSL system on the SARL Web page will be used as well as standard QSL cards. The direct QSL address is:
PO Box 273, Strand, 7140, South Africa. For more information on "The Hell", visit the following Web page at: http://www.diehel.com

I am going to be operating a DX station soon in VQ9 land.  I was
wondering where I can go about finding a qsl manager?  Also, I need a
qsl manager for my call here in Guam.

Some ideas -- try and get your request on to the DX news sites such as
NG3K Amateur Radio Contest/DX Page   http://www.ng3k.com/index.html
Bill@ng3k.com

Also try The OPDX Bulletin   http://www.papays.com/opdx.html
k8yse@papays.com

In the past I have seen requests on these for QSL manager volunteers

Good Luck
Lamont

Try the QSL Manager Society at http://www.qsl.net/qslmanagers/
They have a large list of managers.

Pete W6OP

N1KI will be the QSL manager for CO2WF. I have Winty's logs up to
04/12/2007. I also have all T40C contest logs, and the T40C online log
is on my personal web site (url on QRZ.com.) I am working on updatine
CO2WF's EQSL log and hope to have T40C on LoTW in the near future.

Has anyone been successful looking up QSOs on the N8S DXpedition page lookup? No matter what Computer I use, at home or at work, I always get the following response when I try to go to the Logbook QSO Lookup section:

"Not Found. The requested URL /logsearch/logsearch_n8s.php was not found on this server.
Additionally, a 404 Not Found error was encountered while trying to use an ErrorDocument to handle the request. "

There's also a link to another web site for people having problems with the log on the N8S page - it goes to a site called "I'llkickyouinthenuts", and there are logbook lookups available for a number of callsigns, but N8S is not in the list.

Anyone have any other suggestions?

SB DX @ WW < KB8NW $OPDX.805
Ohio/Penn DX Bulletin No. 805

The Ohio/Penn DX PacketCluster
DX Bulletin No. 805
BID: $OPDX.805
April 16, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N1KI, NJ1Q, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, WC5N, K8YSE, K9EL, ND9M, Pete's-DX-Newsdesk, DK8JB, DL7MAE & The DX News Letter, EA4ATI, F5NQL & UFT, G3USF, HA0HW, HL1VAU, I1JQJ/IK1ADH & 425 DX News, IZ0FKE, JG7PSJ, PT7WA, RSGB IOTA, SP9GKM, SU1SK, TA1HZ, VA3RJ & ICPO, VE3KF and VK2YJS for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 8th-April, through Sunday, 15th-April there were 235 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5V, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9U, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FJ, FK, FM, FO, FP, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, H3, H4, HA, HB, HB0, HC, HC8, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J5, J6, J7, JA, JD/o, JT, JW, JX, JY, K, KG4, KH0, KH2, KH4, KH6, KH8, KH8/s, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PY0F, PZ, R1FJ, S2, S5, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, T8, T9, TA, TF, TG, TI, TK, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4X, ISRAEL. Dov, 4Z4DX, is expected to be active as 4X0MDC during the upcoming Holyland DX Contest (April 21st, 0000z-2359z). QSL via IK2VUC.

5H, TANZANIA. Vlad, UA4WHX, who was active from Malawi (as 7Q7VB) in the beginning of April, is now active as 5H3VMB. He was heard on 30/17/15/12 meters. INTERESTING NOTE: On QRZ.com, Vlad asks everybody to send IRCs instead of dollars. He also writes "to be more patient (possiby for years) if you want to receive your card via the bureau."

6W, SENEGAL. Dani, EA4ATI, is heading back to Dakar again. He informs OPDX that he will probably use the callsigns 6W/EA4ATI and 6W1EA for contests. He is expected to be there this month and will stay until April of next year. He will probably use a three element yagi beam antenna for 10-15-20 and dipoles for the other bands (40-80-160 and the WARC bands). QSL via direct to his home callsign EA4ATI.

9N, NEPAL. Operators Nob/JA2AAU, Yoshi/JA2AIC and Iku/JA2ATE will be active from Khathmandu between May 10-15th. Activity will be on 40-10 meters, CW, SSB, RTTY and PSK31. Their callsign and QSL information are as follows: QSL 9N7AU via JA2AAU, 9N7IC via JA2AIC and 9N7TE via JA2ATE. Direct addresses are:

JA2AAU - Noboru Kanno, Shikata 1785-61, Kitanagoya, 481-0004 JAPAN
JA2AIC - Yoshiyasu Iwata, Minamiaoki 30, Sotowarida, Kisogawa, 493-0007 JAPAN
JA2ATE - Seiji Morishima, Tonomachi 1-8, Ichinomiya. 491-0848 JAPAN

CQ MAGAZINE ANNOUNCES WINNERS OF 2006 DX MARATHON. Press release dated April 9, 2007: CQ Magazine DX Marathon - "In 1947 CQ Magazine held the first ever DX Marathon which then morphed into the CQ World Wide DX Contest. Jump forward almost 60 years and from January 1 to December 31, 2006, the DX Marathon was re-born where hams everywhere were encouraged to "work 'em all" in a twelve month period. The CQ DX Marathon has already increased activity on the bands and appeals to hams in any location and any station capability. The DX Marathon will be repeated every year from January 1 to December 31.

For 2006, the winner in the Unlimited Class is Pete Meyer, N0FW. Pete had an amazing score of 326 - 286 countries and all 40 zones. The Formula class winner was Drago, T94GB, with an impressive score of 228 including 193 countries and 35 zones using 100 watts and wire antennas. Complete results will appear in the June 2007 issue of CQ Magazine.

For 2007, the WARC bands are now permitted, so overall participation is expected to increase. For complete rules and submission information, please see our web site at: www.dxmarathon.com

Good luck and see you on the bands!"

73, John, K9EL, Program Manager, CQ DX Marathon

FS, SAINT MARTIN. John, K9EL, will once again return to this island mainly for a family vacation but will operate as FS/K9EL whenever possible between April 27th and May 6th. He will be using an IC7000 and verticals for 80-10 meters, and mainly CW and SSB. QSL to his home callsign; bureau QSL cards are OK.

GB100, ISLE OF MAN (Special Event). Members of Wrexham ARS will be operating from Scarlett Point, Isle of Man (EU-116, WLOTA LH-0449) between May 25th and June 5th as GB100TT. This is a special event callsign celebrating 100 years of the "Isle Of Man TT (motorcycle road) Races". Activity will be on all bands from HF to UHF and might even use their club callsign GT4WXM/p. Operators mentioned are Colin/MW0JNI and Mike/GW6NLP. QSL via MW0JNI (QRZ.com). Visit the the "Isle Of Man TT Races" Web page at: http://www.iomtt.com/
Also, visit: http://en.wikipedia.org/wiki/Isle_of_Man_TT

GM, SCOTLAND. Gordon, G3USF, is off to the Shiant Isles with others from the Grantham ARS and expects to be active as GM3USR from late Tuesday, July 10th until early Friday, July 13th. Their Grid square is IO67tv. They will use 50 MHz gear w/100W + 3 or 5 element beam as well as the usual HF antennas. Information and updates will be available via the RSGB IOTA Web site under EU-112.

IOTA NEWS......................

AS-080. Operators Rocky/HL1VAU, Han/DS2GOO and Ryou/DS4NYE are planning to activate Anmyon Island (Korean Distriction Number F26) during the first weekend in May. Operators will sign homecall/3. The team will use some wire antennas with simple barefoot mobile transceiver. Most of their activity will be on the digital modes and the WARC bands.

AS-134. Look for He Lei, BD1DRJ, to be active as BD1DRJ/3 from

ShiJiuTuo Island, April 21-22nd. Activity will be on 40/20/15/10 meters CW and SSB. QSL via his home callsign. Visit his Web page at: http://bg1drj.spaces.msn.com/

AS-135. Operators Kevin/BA4XA, Mary/BA4XYL, Roy/BA4VE, Li/BD4XD, Wang/BD4XW, Chang/BG6IQD and Tiger/BG4VGJ will be active as homecall/4 from Dongxilian Island between May 1-7th. Activity will be on or around the usual IOTA frequencies, using a 2 element yagi, vertical and dipole antennas with 100 watts of power. The group will be on holiday, so their activity will be limited. QSL via the operators' home callsign.

EU-060. Members of the White Tower DX Team will be active from Skyros Island (MIA MG-115, WLOTA LH-2002), June 17-22nd. Activity will be on all bands and modes. Operators mentioned include Peter/SV0XAW, Giannis/SV2FPU, Babis/SV2HNZ, Christos/SV2HOB, Nikos/SV2HPP, Giannis/SV2HPY, Paul/SV2HRT and Dimitris/SV2HSV. QSL via SV2HPP (QRZ.com). Visit the WTDXT Web page at: http://www.whitetowerdxt.com

EU-096. A group of Swedish operators will be active as OH3I from either Parainen or Nauvo Island, between 1000z, April 21st and 0830z April 22nd. Suggest frequencies are:

CW - 7026, 10116, 14036 and 18096 kHz
SSB - 7056, 14266 and 18136 kHz
Digital - 7036, 14096 and 18106 kHz

They plan to use 2-3 transceivers with amplifiers and good antennas. QSL via OH3BHL.

EU-096. A group of Italian and Swedish operators will activate the rare IOTA Parainen Island (Turku Islands) with the special callsign OH10TA, April 25-29th. Operators mentioned are: Markus/OH1MN, Peter/OH0JFB, Jourko/OH1RX, Andrea/IZ0EHO, Vincenzo/IZ0FKE, Simone/IZ0BTV and Matteo/IW0HJH. Activity will be on bands and modes. QSL via IZ0EHO. Visit their Web page at: http://www.oh10ta.com

EU-129. Look for Karen/DL8HK and Alfred/DB1VQ to be active as DL0EFA/p from the Island of Usedom (O-13 for the German Islands Award), between April 26th and May 1st. DL8HK will be active only on CW, while DB1VQ will be on SSB. QSL via DK9VB (QRZ.com).

EU-158. A group of OM/YL German operators will active from Proti Island (MIA MG-092) between July 26-31st. Their activity will also include the upcoming RSGB IOTA Contest. Look for the OM operators Olaf/DJ7TO, Uwe/DK3WW, Frank/DK7AO, Michael/DL6MHW, Holger/DL7AU and Holger/DL7IO to be active as J48IO. They plan to run 2 stations simultaneously from 160-10 meters. Each station has its own generator and antenna setup for 160-10 meters. The YL operators Katrin/ DL1AXL, Andrea/DL3ABL and Birgit/DL7IQ will be active as

J48YL. Activity will also include the RSGB IOTA Contest on all bands and modes. QSL route for both callsigns are DK7AO. Bureau QSL cards are preferred. An E-mail Bureau request is also "OK" via: dl7io -at- qsl.net

EU-172. Operator Ulli, DO2ML, will be active as OZ/DO2ML from Aeroe Island (DIA FY-014, WLOTA LH-0973), June 4-7th. Activity will be on 80/40/20 meters SSB only. QSL via his home callsign, direct or by the bureau.

OC-012. Kei, JK1QLR, will be active as V63LR from Yap Island, Micronesia, after April 23rd. QSL via JK1QLR.

OC-078. Kei, JK1QLR, will be active as V63LR from Ulithi Atoll, Micronesia, April 20-22nd. QSL via JK1QLR.

OC-144. Operator Hotang, YC0IEM, will be active from Bangka Island, April 16-22nd. No info on bands/modes were provided. QSL via IZ8CCW.

OC-256/OC-283/OC-284 (Rare IOTAs to be Activated). Team organizers Hans/SM6CVX and Derek/G3KHZ are planning a DXpedition to the islands of Nukumanu (OC-284pr) and Takuu (OC-283pr) this coming September and October. The team will comprise of 4 radio amateurs plus a Swedish friend, a professional photographer, a film producer and a scientist. These islands are the most remote islands from the main island of Papua New Guinea. They plan to be active for 6 days on each of the islands. If time permits, they will also make a stop at Kilinailau Island (OC-256). INTERESTING NOTE: "These islands are low lying and are suffering from the effects of global warming which is causing the sea level to rise. Takuu is especially vulnerable because it is also sinking due to the movement of the tectonic plates in the region. The net result is that the sea level is rising 20cm per year and the island is only 2 metres above the high tide level. 600 people live on this island. Nukumanu is also populated." QSL route/manager is to be announced later.

JD1, OGASAWARA. Skip, JE2HCJ, will be active as JE2HCJ/JD1 from April 16-25th. Activity will be mainly on CW on 160-6 meters. After April 20th, he will focus on the lower bands. QSL via his homecall.

JD1, OGASAWARA. Operators Hide/JM1LJS (JD1BLK), Koya/JI5RPT (JD1BLY) and Harry/JG7PSJ(JD1BMH) will be active from Chichijima Island (IOTA AS-031) in the Ogasawara Islands Group, between 0600z Sunday, April 29th and 2200z Saturday, May 4th. Activity will be on 160-6 meters and the Satellites with operations on CW, SSB, RTTY and PSK31. QSL JD1BLK via JM1LJS, JD1BLY via JI5RPT and JD1BMH via JG7PSJ. Please visit the operators' Web sites at:

JD1BLK - http://radio-dream.com/jd1blk/
JD1BLY - http://www.ji5rpt.com/
JD1BMH http://sapphire.ganko.tohoku.ac.jp:8080/jd1bmh/

JT, MONGOLIA. Operators Nicola/I0SNY, Giampiero/I5NOC, Pino/I8YGZ, Andrea/IK1PMR and Claudia/K2LEO/IZ1GLO will be active from here between now and May 3rd. The group will operate as JT1Y from Ulanbaatar and will also be visiting the call areas 8, 9 and 0 along with members of the JT1KAA radio club. Look for activity to be on 160-10 meters CW, SSB, PSK31 and RTTY. QSL via I0SNY.

JW, SVALBARD. Just a reminder that Francois, F8DVD, will once again be active as JW/F8DVD from the Longyearbyen ARC, located on Spitsbergen Island, 78� North, and about a thousand kilometers far from the geographic North Pole (EU-026, WAZ 40 and Grid Square JQ78TF), April 12-23rd. His activity will be on all HF bands both CW and SSB. This will be Francois's 5th time on the island. He will use the Longyearbyen Radio Club's equipment which consists of an ICOM 751 and a 500 watts PA, into a 5 elements yagi on a 30 meters high tower. QSL via his home callsign, through the French REF-Union Bureau or direct, w/SAE + 1 IRC (or 1 USD for EU, and 2 USD for elsewhere) to: Francois Bergez,
6, Rue de la Liberte, F-71000 MACON, France.

N8S SWAINS ISLAND UPDATE. By the time you read this, the N8S DXpedition to Swains Island should be QRT. Reports indicate that they would be going QRT around 1800z. As this bulletin was being written, the online log search was showing 104,532 QSOs, but we heard reports of over 112,000 QSOs. Logs should be completely updated once back in Pago Pago. Look for more info and pictures to be added to their Web page. QSL is via YT1AD. Online log is available at:
//logsearch.de/index.php?option=com_content&task=view&id=170&Itemid=104
ADDED REMINDER: Remember the DXpedition will move onto Samoa next and be active as 5W5AA (possibly other callsigns also) from April 17-24th.

QSL 5T5JA via JA1BAB and 5T5DX via JL1HHN. Activity was a group of Japanese operators who were in Nouakchott, Mauritania.

QSL cards for recent AS-148 (Sonyu Island, March 1-3rd, 2007) operation have been printed and arrived on the door step of each operator. Rocky/HL1VAU, Han/DS2GOO and Ryou/DS4NYE are now processing the dirct QSL requests. Bureau QSL will go out later. The team logged over 2,300 QSOs. Operation was under 20 hours. Activity time was restricted by power failure, weather problem and some sleeping. Over 80 percent of QSOs were with Europe, and most of the QSOs were made on the WARC bands.

QSL VIA LOTW: 9H1ZA, CT3FN, VE3DZ and VP2E.

QSL RECEIVED VIA MAIL: 3C0M, 3Y9SDA, 4J5A, AH2L, BY4RB (1989), DD0PI, DK0MOS, EA6SX, EE5E, GP0STH, HS0T, II5ANT, J20MM, J20RR, S21XA, UA1PAC/1/ANT, V49A, VE1OTA, VK1AA/2, XT2C and YN2N.

RUSSIAN MOUNTAINS TO BE ACTIVATED (RMA and RDA Activity). Operators RV3ATS, RV3ATT and RU3AVF plan to activate 16 mountains and 3 area regions for the Russian Mountains Award (RMA) and the Russian District Award (RDA) between June 19th and July 21st. The mountains will be in the Maykopskiy region (AD-06), Hostinskiy Region (KR-10) and the Tuapsinskiy region (KR-58). Activity will be on 40/20/15 meters. For more details on the RMA and RDA awards, please visit the following Web pages:

RMA - http://www.mountain.ru/radio/rma/engl.shtml
RDA - http://rdaward.org/indexeng.htm

SPECIAL EVENT. During the period of May 1st through July 31st, look for special event station SN750C and station SN750BK of the "Brotherhood of the Rooster" (Bractwo Kurkowe whose responsibility was to defend Krakcow against the numerous and always threatening invaders) will be active. Activity is to celebrate the 750th anniversary of Krakow City, Poland. Also, look for individual stations using the special callsign prefix SN0 to be active. QSOs with these stations and the SN750 stations on any band and mode will count towards a special diploma. Diplomas will be endorsed and signed by the residing president of the City of Krakow. More details are available at the following Web page:

http://www.sp9pkz.republika.pl

SU8, EGYPT (Special Event). You still have until April 17th to work the special event station SU8DRM which is organized by International Telecommunication Union (ITU) for the Regional Conference on Disaster Relief and Management - International Cooperation & Role of ICT, in Alexandria, Egypt. Operators mentioned are: SU1GS, SU1SA, SU1SK, SU2TA, SU1AO, SU1KA, SU1KM and SU9NC. QSL Manager is SU1KM. Egypt has no QSL bureau. Please QSL ONLY DIRECT via: MOHAMMED EL KAFRAWI, P.O.BOX 70, MAGLESS EL SHABB, POST OFFICE CAIRO, 11516 EGYPT. IRCs are not acceptable by their postal offices, only (USD) green stamp is barely enough to cover return postage and QSL card cost.

TC57, TURKEY (Special Event). Operators Tevfik/TA1HZ and Bekir/TA2RX will be operating from the Gelibolu Peninsula as TC57ALAY between April 21-25th. Activity is to commemorate the 57 Regiment martyrs who lost their lives in Canakkale War in 1915. Look for them to be on 7090 kHz

(+/-10) and 14270 kHz (+/-30).

TK, CORSICA (EU-014). Operators Laci/HA0HW, Tomi/HA4DX, Geza/HA4XG, Ivan (Johny)/LZ1PJ and Valya/LZ5AV (XYL) will be active as TH/homecall from Cap Corse - Nr. Tollari (WW Loc. JN43QA, DIFM TK-001, MIA MCO-001, WLOTA LH-1390), April 21-28th. Activity will be on all HF bands 160-10 meters (depending on the propagation) with two stations, and one VHF station also. Operations will mainly be CW, but they will also use SSB, RTTY and PSK31 as well. Geza will try to be on 144 MHz Tropo, MS (FSK441, 1st. period, 144.363) with IC746 + 500 watts + 10 element DK7ZB yagi during the morning and evening hours. QSL via the HA and LZ QSL Bureau, or direct to each operator's home address.

TO3, MARTINIQUE. Alex, VE3KF, will be active with the special callsign TO3T, May 23-31st. Activity will be on CW and SSB plus an entry in the CQ WPX CW Contest. QSL directly to VE3KF or via the bureau.

TO4, CUBA. Operators Willy/CO2MHZ and Winston/CO2WF will be active as T40C from Habana, Cuba, for the next CQ WPX CW Contest (May 26-27th). QSL via N1KI.

VK, AUSTRALIA. Saturday, April 28th (UTC), is International Marconi Day, and the Hornsby and Districts Amateur Radio Club will be running the only IMD station in Australia using VK2IMD on all HF bands. ADDED INFO: This international event is operated by stations in locations that have a link to Marconi. In the case of VK2IMD, operations are located close to Wahroongah, in the northern suburbs of Sydney, NSW, where Ernest Fisk of AWA received the first direct radio message from Britain to Australia in 1918. This was a telegram from the Australian Prime Minister Billy Hughes (who had just returned to Britain, having toured the World War I battlefields in France). It was sent by Marconi's station in Carnarvon, Wales. Visit the following Web pages for more info:

General info - http://www.gb4imd.org.uk/
List of IMD stations - http://www.gb4imd.org.uk/awardstns.htm

VP5, TURKS AND CAICOS ISLANDS. Fred, PY2XB, will be active as VP5/PY2XB from Providenciales Island (NA-002) between April 19th and May 3rd. Activity will have an emphasis on the lower bands (160/80/40m) and the WARC bands (30/17/12m), as well as the digital modes (BPSK31 and RTTY). He will have a six meter CW beacon active on 50.097 MHz. QSL via PT7WA, direct or by the bureau. On-line logs will be available at:

http://www.py2yp.ws/py2xb

VQ9, CHAGOS ISLANDS. Jim, VQ9JC (aka ND9M), has returned to Diego Garcia for another four month tour and will resume operating as VQ9JC. He informs OPDX: "Operating time tends to run about 85% CW, 10% SSB, and 5% digital and is on 80-10 meters. I must take a boat from my ship (where I am one of the few remaining Radio Officers) to the island where the ham shack is located and usually cannot be QRV before 1200Z. (Local time is GMT +6 all year.) In order to be on the boat back to the ship, I must QRT by 1635z on Sundays through Thursdays, and by 1735z on Fridays and Saturdays, although I will occasionally stay overnight to

```
work early morning DX." Jim was heard this past week on 20/15 meters
CW. QSLs go to ND9M (ex-WB9IHH); either by the Bureau or direct is OK.
Jim states, "My XYL will forward direct requests to me every three
weeks or so, but mail typically takes about two weeks to get to the
island once she mails it. As for direct QSL requests, I'm continually
surprised to see the number of invalid IRCs coming through. A few are
the older style that expired at the end of 2006, but the majority of
them are invalid because they were not stamped by the issuing post
office. I wouldn't mind 'eating' two or three, but I've received
literally dozens so far this year. All QSL requests are answered of
course, but requests that come with invalid IRCs will be answered via
the buro. CU in the pileups! 73 for now, Jim, VQ9JC / ND9M"

I had luck with the log lookup mentioned on the n8s page last week - but now, there's no listing for n8s - or I get a "Service Temporarily Unavailable" - at least I got in while it was still working!

Logsearch.de is working as of Sunday evening, but it is not up to date. It did not have my contact from earlier today, Sunday morning, but it had one from Friday afternoon.

The other site I"llkickyouinthenuts," is really dxped.com, and it had the N8S log on Sunday morning, with a link in the left column, but on Sunday night this link and the log are missing (link 'n logs--I think I have something there).

The official site, www.yt1ad.info/n8s/log.html, has not had the log for the past four or five days. Perhaps this will be the first site to get the full log now that the DXpedition is over.

From what I can tell from a Google search and my experience, these are the only two sites that have had the logs.

Jan, KX2A

You have to first click on N8S Log Search in the left column before
you enter your call.

but he filed his appliacation for renewnal in a timely fasshion and so
can continue to operat e to operate till the FCC gets off it ass and
acts.

it is something of a mexican standoff

It's been a while since I posted on the topic. I received a FAT
envelope today from the incoming ARRL buro. I don't know what was
```

wrong, but it seems that Dick has it fixed. There were 46 QSL in
there, some dating all the way back to 1992! Yipee!

This morning (April 20, 1100Z) I was able to search an updated log for
N8S at dxped.com. There was no longer a special link at the left on the
main page--I had to use a drop down menu (online logsearch at the left)
to move toward the log, which is a few layers down. At the same time,
the log at yt1ad.info did not work (404).

The list of donors seems to be kept up-to-date on the BS7H web site, but no news of the expedition's status has been posted for about six weeks.

Does anyone in the group know the status?

SB DX @ WW < KB8NW $OPDX.806
Ohio/Penn DX Bulletin No. 806

The Ohio/Penn DX PacketCluster
DX Bulletin No. 806
BID: $OPDX.806
April 23, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5LBU, K8YSE, K4WY, Pete's-DX-Newsdesk, DK8JB, DL7MAE & The DX News Letter, EA4ATI, F5NQL & UFT, G3SWH, HS0ZCW/K4VUD, I1JQJ/IK1ADH & 425 DX News, IZ0FKE, PG5M, RSGB IOTA, SM3CVM, TA3YJ, UA9OBA, UT5UY, VA3RJ & ICPO, VE3EXY, VK2YJS and YV5AJ for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 15th-April, through Sunday, 22nd-April there were 219 countries active. Countries available: 1S, 3B8, 3B9, 3D2, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9U, 9V, 9Y, A3, A4, A5, A6, A7, A9, AP, BV, BY, C2, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FH, FJ, FK, FM, FO, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J5, J6, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KH8, KH8/s, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T5, T7, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2V, VP5, VP8, VQ9, VR, VU, XE, XU, XW, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3D2, FIJI (Update/Reminder and IOTA Op). A group of five Ukrainian radio amateurs will be activating two IOTA groups between late April and early May. Operators mentioned are: Len/UR3HR, Sergey/UR7HTX, Max/UR7HTZ (3D2TZ), Alex/UT5UY (3D2UY) and Alex/UX0LL (3D2AP). Their activity will start from Taveuni Island (OC-016), using the callsign

3D2AP, 3D2TZ and 3D2UY between April 27th and May 3rd. The team will then move to one of the "Most Wanted IOTAs and Most Wanted Fijian IOTA Group (only 7.8% IOTA Chasers are credited) and activate Yanuca Island in the Ringgold Isles Group (OC-189) as 3D2RI (suffix RI=Ringgold Isles) between May 3-7th. The group plans to have 2-3 well equipped stations active and operating simultaneously using YAGI antennas. There will be a special effort on the lower bands. QSLs for 3D2RI are via UR3HR, by the bureau or direct to: LEONID BABICH,
P.O. BOX 55, POLTAVA, 36000, UKRAINE. QSL cards for personal activity from Taveuni Island should be sent direct to home callsign or through the bureau (QSL 3D2UY via UT5UY, 3D2AP via UX0LL and 3D2TZ via UR7HTZ). Due to the high cost of this operation on a remote Pacific Island, the group is asking for sponsorship by various DX organizations and individuals around the world. If you would like to help fund or sponsor their DXpedition, please contact Alex, UT5UY, by E-mail at:
ut5uy@ukr.net
For more information, please visit the Ukrainian DXpedition Team (UDXT) Web site at: http://www.3d2.dxer.com.ua

4K, AZERBAIJAN. Vlad, 4K9W, from Baku, seems to be active most days after 1945z on 40 and 30 meters CW. He was also heard this past weekend on 160/80 meters SSB during the YU DX Contest. QSL to DL6KVA.

5W, SAMOA. The N8S DXpedition team is now active until April 24th. Look for the callsign 5W5AA to be used. Operators are also using their own 5W callsigns. Please be careful and check their prefixes (5W5 and 5W0). QSL 5W5AA via YT1AD or YZ7AA, 5W5LP via K3LP, 5W0AA via YZ7AA, 5W0NU via YU7NU, 5W0JT via JT1CO, and 5W0SV via SV2BFN. The team will be disassembling their camp and antenns between April 24-26th. Some of the operators will head to the USA and attend 58th Annual International DX Convention, Visalia, CA, between April 27-29th.

6W, SENEGAL (Update). Dani, EA4ATI, is headed back to Dakar again. He informed OPDX last week that he will probably use the callsigns 6W/EA4ATI and 6W1EA for contests. He is expected to be there this month and will stay until April of next year. Dani informed OPDX this week that he will be active on all bands and will bring a small amplifier with him this time. QSL via his home callsign, either direct or by the bureau.

8Y/SI9, SWEDEN (Special Event). Members of the Jemtland Radio Amateurs (SK3JR) will be hosting the 2007 Scandinavian Young Ladies Radio Amateurs (SYLRA) meeting in Ostersund, Sweden, from August 23-26th. Look for the special callsign 8S3SYL to be on the air during the meeting. The QSL Manager for 8S3SYL is SM3CVM. QSL via the bureau is preferred, but direct cards are OK with SASE and sufficient return postage (one new IRC or two USDs). QSL without sufficient postage will be sent via the bureau. Direct requests go to SM3CVM: Lars Aronsson, Lillfjallvagen 62, SE-831 71 OSTERSUND, SWEDEN. Also, on Friday, August 24th, there will be a special activity by YL operators from SI9AM with two stations active simultaneously. QSL also to SM3CVM. All YLs and OMs from Scandinavian countries as well as from other countries are invited to join SYLRA 2007. Visit the SYLRA Web page at:

http://www.sylra.se/_sgg/m1_1.htm

9M2, SPRATLY ISLANDS. Gerben, PG5M, is now active as 9M2/PG5M from Pulau Layang Layang, Spratly Islands (AS-051) until 23 April. Activity will be CW only on 40-10 meters, using a FT-897 and only a vertical antenna; possibly a G5RV dipole. QSNs over the past weekend show Gerben has been active mainly on/around 10102-10106, 14020 and 18073 kHz. QSL via his home callsign, direct or by the bureau. Gerben states on his Web page that he will start processing all QSL requests (including other 9M2 contacts from West Malaysian Islands) when he is back in the Netherlands by the middle of 2007. Please be patient and do not send multiple requests. His new mailing address is: Gerben A. Menting, Brandparken 2, 9351 XM Leek, The Netherlands. Visit his Web page at: http://www.dx.to

A2, BOTSWANA (Update/Topband). Frosty, K5LBU, reports that this July there will be at least 6 operators in their group active from Botswana starting on the 6th of July until the 20th. They plan to have a 72 foot vertical for 160/80 meters and a 4 square for 40 meters. They hope to have their A25 callsigns soon.

BS7, SCARBOROURGH REEF. As of press time, there is still no news on this upcoming operation that is expected to take place "ten days in late April." DXers should be alert and expect anything at anytime to happen. This means they may just show up on the air. All we can provide at this time are the following suggested frequencies:
CW - 1826.5, 3504, 7004, 10124, 10104, 14024, 18074, 21024, 24894 and 28024
SSB - 3799, 7057, 14185, 18145, 21295, 24945 and 28475
RTTY- 14080, 21080 and 28080 kHz
Remember, QSL via KU9C and the BS7H DXpedition Web site, will post updated information at: http://www.bs7h.com
Logs will be available ONLY after the end of the DXpedition.

HB0, LIECHTENSTEIN. Look for a team of at least six German operators to be active from Chalet Barsula (1200m ASL), near Triesenberg, between May 26-30th. Activity will be on 160/80/40/30/20/15/10/2 meters and 70cm. Modes will be CW, SSB, FM, PSK31, RTTY and WSJT. The group plans to use 1000 watts on HF, 100 watts on 144 MHz into a 9 element F9FT antenna and 20 watts into an 11 element Flexa yagi on 432 MHz. Planned skeds are possible on 144 MHz and 432 MHz by sending an E-mail to:
DL5ZA@web.de -or- michael@do1ars.de

HS, THAILAND (80m HS Plans). Charles, HS0ZCW (aka K4VUD), announces that he will have an 80m antenna functioning at the HS0ZCW station (a sloper antenna pointed North). He wants more 80m HS activity, so he is asking for direct replies to sked suggestions. However, please note these limits he has announced...

"1. Skeds must be on Thailand time/dates WEEKENDS because HS ops can not operate this band unless there is a ham contest running, and contests are almost all only on weekends... Fridays, Saturdays, and Sundays. Thailand is +7 hours GMT/UTC and neatly 12 hours ahead of EST.

2. The frequencies must be between 3500-3535 kHz by Thailand rules, CW or SSB there.
3. I have a slow, sold as fast, internet connection.
4. For any contacts, hoping there can be some, I would like to work CW first, then I xmit SSB to your CW to confirm for you a SSB contact, too. Note you will not xmit SSB in this part of the band.
5. This message is carefully written; please read it at least as carefully to avoid wrong replies.

Feel free to email me suggestions of skeds. My Thailand phone number is +66-085-046-1922 for use only during on-the-air times. Hey, let's have some more fun.... 73, Charles Harpole HS0ZCW"

His E-mail address is: k4vud@hotmail.com

IOTA NEWS.......................

EU-008. Operator Jim, MM0BQI, will be active as MM0BQI/p from Shuna Island, between April 28th and May 5th. Activity will be on 80-17 meters CW, SSB and RTTY. QSL via his home callsign, direct or by the bureau.

EU-038. Operators Kees/PA3EEQ and Age/PA0XAW will be active from Texel Island (NET-024), April 28-29th. Activity will be on 80/40/30/20 meters, CW and SSB. QSL via their home callsigns, direct or by the bureau. Full information on the Dutch Lighthouses Award can be found at:
http://www.dutchlighthouseaward.nl

EU-048. Operators from the Eure et Loire area hams plan to activate two islands in this IOTA group as TM5EL, between April 28-29th. Activity will be on the HF bands, CW, SSB and the digital modes. Operators mentioned are: F6KHI & F5KDY ARC, F0DIG, F1LLS, F5RAB, F6AXN, F6DPD, F6GED, F6HEQ and F8AEJ. The team will first activate Belle Ile en Mer (DIFM AT-015, DIM O-08, WLOTA L0872, and also DFCF56-008 Fouquet Castle for the French Castles Award). The will then try to ativate Ilot des Poulains (DIFM AT-089, DIM O-15, WLOTA L0093 and also DFCF56-009 Sarah Bernhardt Castle for the French Castles Award. The access to this island is difficult due to some regulations, so the activity will be limited. QSL TM5EL via F6KHI.

EU-086. Yuri, UA9OBA, Radio Chief of Communications for the "Polar Ring-2007" expedition to the Arctic Ocean (Barentz Sea), informs OPDX that a plane will be landing on Vaygach Island, April 22-24th and operator Oleg, UA3ATS, will be active as R3CA/1 from EU-086 during 1-2 days only. The usual traffic frequency is 14120 kHz, but check the IOTA frequencies near 14260 kHz (SSB) and sometimes 14060 kHz (CW). View their trek throughout the day during their expedition with an interactive map, messages, weather and satellite data, that can be seen on APRS HF system at:
http://www.ec-arctic.ru/pr2007eng/index.php?call=R3CA-7&old=0&maptype=expedia&range=1

QSL cards will be via UA9OBA after the expedition is finished. For more info on the "Polar Ring-2007" expedition, please visit: http://www.ec-arctic.ru/index_eng.html

EU-092. Jim, MM0BQI, will be active as MM0BQI/p from Tanera Mor (IOSA SC-10, SCOTIA CN-32), Summer Isles, between July 21st and August 4th. Activity will be on all bands 80-10 meters using CW, SSB and RTTY. QSL via his home callsign, direct or by the bureau.

EU-105. Members of the Union Francaise des Telegraphistes will be active as F8UFT from the Vierge Island (DIFM MA-020, WLOTA LH-0241, PB-007, ARLHS FRA-038, TWLHF F-075) on April 28th. Activity will only take place during their afternoon for about one hour and a half, between 1200-1600z. They will have two stations on the air on 40 and 20 meters, CW and SSB. QSL via F6ICG.

EU-125. Ric, DL2VFR, will be active as OZ/DL2VFR from Roemoe Island (NS-001 for the Danish Islands Award) between August 26th and September 1st. Activity will be on all HF bands, mostly CW. QSL via his home callsign, direct or by the bureau.

EU-184. Operators OH8GZN, OH8GZQ, OH8HQL, OH8HWI, OH8WM and possibly others will be active as OH8T from Hailuoto Island, April 20-22nd. Activity will be on 80-10 meters CW, SSB and the digital modes. There is also a possibility of 2 and 6 meters activity as well. QSL via OH8TA.

NA-057. Look for members of Radio Club de Honduras (HR2RCH) to be active from Little Cay, a small island of the Bahia Islands archipelago group in the Atlantic Ocean off the coast of Honduras, May 4-6th. Activity will be on 160-10 meters, CW, SSB and the digital modes, if conditions permit. QSL via HR2RCH direct for faster processing or by the bureau. For more information, visit: http://www.qsl.net/hr2rch

NA-075. John, VA7PX, is currently active from Mayne Island (BC-035 for the Canadian Islands Award) until December 31, 2010. You will find him using the digital modes, particularly RTTY and PSK contesting. He also does SSB contesting. QSL via VE7AXU direct, by the bureau or LoTW.

MUSEUM SHIPS WEEKEND EVENT. This special event is sponsored by The Battleship New Jersey Amateur Radio Station, and will take place this year between 0000z, June 9th through 2359z June 10th. Currently, 49 ships have announced their participation in the event from USA, Germany, Belgium, Netherlands, Sweden and Italy. More are expected to join this event. During this event, operations are allowed to take place on any amateur radio frequency. However, most ships will be operating in the General portion of the bands. Event's PSK31 activity is suggested on: 14070, 10142, 18100, 21070 and 28120 kHz. Some ships will also be on 3880-3885 kHz and 7290 kHz Amplitude Modulation (AM)

with either their ship's original equipment or modern equipment. While any mode can be used during this event, CW and SSB are the dominant modes, organizors are encouraging all particpating ships that have the ability, to fire up their original equipment on 3885 kHz, 3600 and 3625 kHz (in the UK), 3705 (W. Europe), 7290 kHz and 14286 kHz in the AM mode. A certificate is available for working 15 ships. Ships wishing to participate, should send a note with the name of ship, callsign, location, QSL info and contact info for person responsible to:
museum@nj2bb.org
For more details and a list of ships, visit the Museum Ships Weekend at: http://users.tellurian.com/freddie/nj2bb/ship-event.html

N8S SWAINS ISLAND DXPEDITION. Hrane, YT1AD, reports that they made 117,205 QSOs. QSL is via YT1AD. Online log is available at:
//logsearch.de/index.php?option=com_content&task=view&id=170&Itemid=104
Visit the N8S Web site at: http://www.yt1ad.info/n8s/
The distribution of the QSL cards is due to start after May 15th, 2007.

OD, LEBANON. Pablo, CT1EFS, is reportedly in Shama near Tyre in the southern part of Lebanon, and will be staying there until June. He has been waiting for authorization from the local government to operate as OD5/CT1EFS. Activity will be on 40-15 meters CW/SSB. Watch for him daily around 1730z. He also has 6 meters with him. QSL route is to be announced later.

OOOPPPS DEPARTMENT. Last week we had a little typo under "TO4, CUBA." Actually, the heading should have been "T40, CUBA."

PJ2, NETHERLANDS ANTILLES. Dale, KC2PZ, will be active as PJ2/KC2PZ from Signal Point, Curacao (SA-006), May 8-14th. QSL via his home callsign.

PJ2, NETHERLANDS ANTILLES. Jim, WI9WI, will be active as PJ2T from Signal Point Station on Curacao between May 21-29th. His activity will include the CQ WW WPX CW Contest (May 28-29th) as a Single-Op/All-Band/High-Power entry. QSL via N9AG.

PJ2, NETHERLANDS ANTILLES. Operators Carsten/DL6LAU and Joachim/DL8OBO will be active PJ2/homecall from the island of Curacao (SA-006, WLOTA LH-0942), July 9-16th. They plan to participate in the IARU HF Contest (July 14-15th) as PJ2HQ, and as a Multi-Multi entry. QSL via their home callsigns. QSL PJ2HQ via N9AG or LoTW.

QSL INFO AND NEWS..........................
QSL ROUTES BY Johannes, DK8JB:
PA70HYG via PA1JOS
RA9FIF via TAG 392000 Tambov Po Box 21
TF1VG via LZ1JZ
TM0R via F5GGL
YN1G via LZ1JZ
Z31VJ via DJ0LZ (direct)
Z33Z via DJ0LZ (direct)

Phil, G3SWH, informs OPDX: "I am pleased to announce the launch of a new web site where operators can view the QSL cards, search the logs of most and request bureau QSLs for all of the 85 callsigns that I currently manage. There are even some photos of me! The URL is <http://www.g3swh.org.uk>"

Nilay, TA3YJ, informs OPDX that she sent out nearly 5,000 QSL cards for TA3J, TA3J/0 (AS099), TA3J/0 (AS115), TA3J/3, TA3J/4 LH, TA3J/60, TA3YJ, TA3YJ/4 LH, TC2K4J, YM125ATA, YM125ATA/4, YM21TA, YM3ATA, YM3BU, YM3LZ (WPX2000), YM3LZ (WAE2000), YM3SV and YM75TA to the QSL Bureaus of Austria (R), Belarus, Belgium (R), Bosnia & Herzegovina, Brazil, Bulgaria (R), Canada (R), Colombia, Croatia, Cyprus, Czech Republic (R), Denmark, Estonia (R), Finland (R), France (R), Germany (4 Packet) (R), Greece, Hungary (R), Iceland, Ireland, Israel, Italy (2 Packet) (R), Japan (R), Kazakhstan, Lithuania (R), Luxembourg, Macedonia, Malta, Mexico, Netherlands (R), Norway, Poland (R), Portugal (R), Romania (R), Russia (3 Packet) (R), Serbia, South Korea, Slovakia, Slovenia (R), Spain (2 Packet) (R), Sweden(R), Switzerland (R), Turkey, Ukraine (R), United Kingdom (R), USA (W0, W1, W2, W3, K4, AK4, W5, W6, W7, W8, W9, KL, KP4) and Venezuela by air-mail postage direct on April 19, 2007. [(R) : Registered Mail]

QSL CREDITS RECEIVED VIA LOTW: 8P1A, 5B/G3SXW, CP6/DF9GR, FP/G3SXW, G8DQZ, GM0UDL, GM4WZL HQ9R, ON4AXU, TO5A, V73RY and ZS6AAA.

QSLS RECEIVED BY THE MAIL: 9U9Z, BY4CQB, FP/DJ2VO, HV0A, SV1AER, V51AS and YL2SM.

SUBMARINES ON THE AIR (SOTA). The weekend of April 28-29th is the Submarines-On-The-Air Special Event. There will be many submarines on the air during this event, and there is a special certificate available for working 10 of the boats. The suggested frequencies are:
CW - 3543, 7043, 14043, 21043 and 28043 kHz
SSB - 3843, 3943, 7243, 7279, 14243, 21283, 21379 and 28343 kHz
For more details, visit the Submarine Veterans Amateur Radio Association (SVARA) Web page at: http://groups.yahoo.com/group/SVARA/
Also visit: http://w0oog.50megs.com/

SX2, GREECE. Look for special event station SX2SB to be active May 19-20th. Activity is to honor the soldiers who fought in the Battle of Skra during the World War I. The suffix of the callsign stands for "Skra Battle". The two opposing sides back then were Greece and Bulgaria. The special station will be active on all bands using the following modes: CW, SSB, PSK31 and RTTY. QSL Managers are SV7CUD and SV1EOS. QSL by the Bureau or Direct.

VK, AUSTRALIA. This coming Saturday, April 28th, is International Marconi Day (IMD), and the Hornsby and Districts Amateur Radio Club will be running the only IMD stations in Australia, using VK2IMD, on all HF bands. This international event is operated by stations in locations that have a link to Marconi. In the case of VK2IMD, this station is located close to Wahroonga, in the northern suburbs of Sydney, NSW, where Ernest Fisk of AWA received the first direct radio

message from Britain to Australia in 1918. This was a telegram from the Australian Prime Minister Billy Hughes (who had just returned to Britain, having toured the World War I battlefields in France). It was sent by Marconi's station in Carnarvon, Wales. For more information on IMD, please visit: http://www.gb4imd.org.uk/
For a list of IMD stations: http://www.gb4imd.org.uk/awardstns.htm

YW, VENEZUELA (Rare State). Members of the Radio Club Venezolano have announced their plan activation from Cojedes State using the special callsign YW4AJ, between April 28th and May 1st. Activity will be on 80-6 meters and on all modes. Satellites will be activated too. QSL via YV5AJ, direct (QRZ.com address) or by the bureau. This rare state is good for the D.E.V. (Venezuelan States Award). For more details, visit the following Web page at: http://radioclubvenezolano.org/concurso.htm

ZS, SOUTH AFRICA (Talk to The Hell!). Just a reminder that a team of ten operators from the Boland Amateur Radio Club will be visiting "The Hell", also known as Gamkaskloof or Gamka's Valley, situated in the Swartberg Mountains of the Southern Cape in the area between 33.28 S 21.15 E [KF06nr] and 33.33 S 21.42 E [KF06rq]. They will be using a special callsign, ZS1HELL. The team consist of Rassie/ZS1YT, Karl/ZS1KC, Bennie/ZR1JHD, Graham/ZS1GVB, Conradt/ZR1CE, Derrek/ZS1DUP, Douglas/ZS1GUD, Johan/ZS1GP, Mac/ZS1XX and Olivier/ZS1OLI. The special station with the callsign ZS1HELL will be active from Friday, April 27th until Monday, April 30th. The station will be active on 160, 80, 40 and 20 meters. Although the station will be active on some DX frequencies, their main aim will be to achieve a Worked All ZS Award and a Top Band certificate. The electronic QSL system on the SARL Web page will be used as well as standard QSL cards. The direct QSL address is: PO Box 273, Strand, 7140, South Africa. For more information on "The Hell", visit the following Web page at: http://www.diehel.com

Anyone know how to filter out "To ALL de xxxx" announcements on DXSpider spotting network?
I have tried "reject/spots 0 info ALL"   and   "reject/announcement" but it is not working.

thanks

Rick K2XT

Thanks so much. I also found a more extensive user manual with set commands in it at:
http://www.krk.fi/usermaen.txt

This will help a lot. I was getting tired of seeing the chat stuff all the time by inconsiderate users. I had been trying setting filters with no success.

If anyone else is interested in a simple first filter, that will get rid of spots from Europe, etc (I am in the USA and can not make use of spots from other parts of the world) this works great:

```
reject/spots 1 not by w,k,n,a,ve
```

How many shortwave relay stations does the VOA still use around the world? Do they broadcast via shortwave from any relay stations in the U.S. anymore?

Does be BBC have any relay stations in the U.S. broadcasting to the Caribbean and Central/South America?

Ohio/Penn DX Bulletin No. 807

The Ohio/Penn DX PacketCluster
DX Bulletin No. 807
BID: $OPDX.807
April 30, 2007
Editor Tedd Mirgliotta, KB8NW

Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, W4TV, AF8C, K8YSE, Pete's-DX-Newsdesk, 9M2TO, DK8JB, DL6LAU, DL7MAE & The DX News Letter, EA7FTR, F5NQL & UFT, G3XTT, I1JQJ/IK1ADH & 425 DX News, IZ2DPX, LZ1BJ, OH2HSJ, PY2ZA, PY4WAS, RSGB IOTA, RZ3EM, SM3CVM, TA1HZ, UR7EU, VA3RJ & ICPO, VK4AAR and ZL3JT for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 22nd-April, through Sunday, 29th-April there were 224 countries active. Countries available: 3A, 3B8, 3D2, 3V, 3W, 3X, 4J, 4L, 4S, 4W, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E4, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, H3, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J5, J6, J7, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PY0F, PZ, R1FJ, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T5, T7, T8, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B7C, ST.BRANDON ISLAND (DXpedition Update). Don Field, G3XTT, has sent out a press release (#4) with updated information. Excerpts from the release states that plans for the September FSDXA DXpedition to St. Brandon are progressing well. A suitable boat has been chartered to take the team and its 6 tons of equipment to the island. The licence has been received, and all permits are in place for their stay on the island. The team will be operating from Isle du Sud, the southern end of what is shown on the charts as Cocos Island (not to be confused with Cocos Island in TI9 or the Cocos-Keeling Islands VK9!). "Lighthouse on the Air" enthusiasts might be interested to note that Cocos Island does have a beacon (WLOTA-Ref. LH 1017). This will be an all-time new one for lighthouse collectors - assuming the light is accessible from Isle du Sud. There have been some team changes. Some of the previously announced members have, unfortunately, had to drop out of the expedition. These include G3VMW, G4KIU, SM5AQD, WF5T and W3WL. However, they are delighted to announce that they will be replaced by Bob/MD0CCE (also known as N2BB), Pete/SM5GMZ (recently QRV from 6W), Gordon/G3USR and Clive/GM3POI (well-known as a low band expert living in the Orkney Islands). It was also announced at the RSGB Board meeting on Saturday, March 16th, that the board unanimously agreed to award the Five Star DXers Association (FSDXA) the "Calcutta Key" for the association's outstanding service to International Friendship. The FSDXA now has a four page full-color brochure with more information about their expedition available. This can be downloaded in both high and low definition PDF format from their Web site at: http://www.3b7c.com

4W, TIMOR-LESTE (OC-148). Members of the Korea DX Club will be active from the capital city of Dili between May 30th and June 4th. Operators Kim/6K5YPW, Lee/DS2BGV, Choi/HL5FUA and Yoon/6K2AVL will be active as 4W6AAV (or possibly a 2 letter suffix callsign that will be requested upon their arrival). Activity will be on 160-10 meters CW, SSB and the digital; depending on propagation. Suggested frequencies are:

```
  CW   - 1822/1824, 3515, 7015, 10115, 14015, 18075, 21015, 24895
         and 28015 kHz
  SSB  - 3795, 7095, 14195, 18130, 21295, 24950 and 28460 kHz
  Digi - 14082, 21082 and 28100 kHz
```

QSL via HL5FUA: Jong-sool CHOI, P.O.Box 5, ULLEUNG ISLAND, 799-800, Republic of KOREA. QSL cards will be sent to the KARL Bureau after completing the direct request. More info and logs will be available at:
http://dxpedition.co.kr/

6W, SENEGAL. Remember Pete, SM5GMZ, is expected to be active from Thies as of April 27th. The callsign will be 6V7-something. He plans to operate for 12 days. Activity will be on all modes and bands, but look for him especially on 80/160m. QSL via SM5GMZ, direct or by the bureau.

BS7, SCARBOROUGH REEF. A team of 18 operators left for Scarborough Reef at 0600z, April 25th, from Hong Kong and arrived at the Reef on the North side just as the sun was setting on April 28th. The trip was slower than expected because of extreme rough seas. As this bulletin was being written, the team reportedly (as of 0300z, April 29th - Local time at Scarborough Reef was 1100 hours in the morning) "has made entry into the lagoon area and are starting to build the operating positions. They are proceeding as quickly as possible under the conditions that are present. The weather is now perfect and for the time being should not hinder work activities as the day moves on." Currently, all the DXers world-wide wait patiently to work the most wanted DXCC entity. By the time you read this, they should be on the air and active for 9 days. This operation has been in the planning stages for 5 years. We were told that the International Team is led by Bob/W6RGG and includes James/9V1YC, Chen/BA1HAM, Fan/BA1RB, David/BA4RF, Chen/BA4RC, Terry/BA7NQ, Ko/BV6HJ, Eddie/DU1EV, Jun/DU1BA, Tom/ND2T, Joe/AA4NN, Paul/K4UJ, Mike/N6MZ, Mike/K9AJ, Martti/OH2BH, Massimo/I8NHJ and Christian/DL3MBG. The support staff include Tom/N4XP, Don/N1DG, Sam/K5YY, Paul/BV4FH and Jose/DU1JMG. According to their press release: "Scarborough Reef has unique and dangerous attributes and as such we will not have online logs or pilots. All efforts are on keeping our team safe so they can provide a new one to as many hams as possible." OPDX wishes the team best of luck and a safe operation and safe trip back from BS7. QSL via KU9C. For updates, visit the BS7H Web Page at:
http://www.bs7h.com

NEWS FLASH (Just before going to print!):PRESS RELEASE #9 (14:00 UTC 29 April): "The BS7H team worked throughout the day in setting up the stations and managed to get one station operational as darkness fell.

The first QSO was made at 13:47 UTC. The dangerous environment prohibits any work in darkness, and they were unable to fully provision the one station that is operating. As a result, the CW station now on 14024 does not have enough gas to last the evening, so when you hear them QRT do not panic. At daybreak they will resupply the station as well as complete adding the other stations. We expect the team to be fully operational with all stations by darkness tomorrow.

N4XP and N1DG for the BS7H

C4, CYPRUS. A team of operators (possibly 5B4AIE, LZ2HM and LZ3CQ) are expected to be active as C4I during the CQ WW WPX CW Contest (May 26-27th) as a Multi/? entry. QSL via LZ2HM.

C6, BAHAMAS. Kenny, K2KW, will be active as C6ATA between November 18-26th. Activity will include participation in the CQWW DX CW Contest (November 24-25th) as a Single-Op/Single-Band (40m)/Low-Power entry. Outside of the contest he will be active on 160-30 meters, mostly CW. QSL via WA4WTG.

C9, MOZAMBIQUE. Eduardo, CU2AF, is expected to be active as C91AF from Maputo between now and May 6th. He plans to be active only a few hours a day on 80-10 meters SSB, RTTY and PSK31. QSL via his home callsign.

DAYTON HAMVENTION ACTIVITIES....................

SWODXA DX DINNER: This is another reminder of the 22nd annual DX Dinner to be held in conjunction with the 2007 Dayton HamVention �. It is not too late to order tickets, but time "IS" running out. The dinner will be Friday evening, May 18th, at the Crowne Plaza Hotel, located in Dayton City Center. Their key speaker will be Ward Silver, N0AX. Ward is a well known DXer, contester and author. ICOM has generously donated another IC-756 Pro III as a door prize. In addition, there are many other nice prizes. Full information can be found on their Web site at: http://www.swodxa.com Please check it out. Come join them for an evening of fun and fellowship. After checking out the web site, further information may be obtained from Jay at: k4zle <at> yahoo <dot> com. Be sure to get your tickets now, sales at the door are done as a courtesy for selling those tickets previously purchased but brought back or sent back at the last minute.

LINE-UP FOR THE CONTESTING AND DXING FORUMS
11:15 p.m. - 1:45 p.m. Contesting
Moderator: Doug Grant, K1DG
Speakers:
- Atilano Oms, PY5EG-WRTC2006 Video
- Randy Thompson, K5ZD/PT5Q; John T. Laney III, K4BAI/PW5Y and Charlie Wooten, NF4A (referee of PT5O)- Memories of the WRTC2006 Experience
- Dick Norton, N6AA/PT5K-The 40-Zone Adventures of Phil Goetz, N6ZZ
- Champ C. Muangamphun, E21EIC (PS2T in WRTC2006) - Contesting from Thailand & South East Asia
- Tim Duffy, K3LR/PT5G - The K3LR Multi-Multi Station and Video Notebook

2:00 p.m. - 4:45 p.m. DXing
Moderator: Jay Slough, K4ZLE
Assitant Moderators, Harry Flasher, AC8G & Tom Kissner, W8WQT
Speakers: * John Papay, K8YSE ..KH8SI; Swains Island
* Ramon Jose Perez Brett, YV5EED..YX0A/YX0LIX; AVES Island
* Ralph Bellas Jr., K9ZO..ZL8R; Kermadec Island
* Theodore Mirgliotta, KB8NW; OPDX Bulletin preparation and distribution.
* Glen Johnson, W0GJ.. VU7NR; Lakshadweep Island
* Mike Mraz, N6MZ - The upcoming Scarborough Reef operation.
* Dewey Jones, W8KJ

E51/S, SOUTH COOK ISLANDS. Gary, ZL2IFB, will be on a family holiday to Rarotonga and is expected to be active during his stay sometime at the end of May. He has not received his callsign yet (possibly E51IFB). His activity will include the CQ WW WPX CW Contest (May 26-27th) as a Single-Op/All-Band entry. He states that he will be "using 5W or 100W to wires at the hotel unless a friendly E51 op needs an extra CW contester and perhaps some logistics help from the ZL end." QSL via ZL2IFB or LoTW.

E51/N, NORTH COOK ISLANDS. Sailing couples Mike/KM9D (E51QMA) and Jan/ KF4TUG (E51TUG), are expected to be active any day now from Suwarrow Atoll, Northern Cook Islands. QSL via OM2SA.

EF8, CANARY ISLANDS. Operators RD3AF, RZ3AZ, RA9JR and RX3APM will be active as EF8M during the CQ WW WPX CW Contest (May 26-27th) as a Multi-2 entry. QSL via RX3DU.

FS, SAINT MARTIN (Update). John, K9EL, is now active as FS/K9EL whenever possible until May 6th (because he is on a family holiday). He will be heard this past weekend on 60 meters (5346.5 kHz after 0245z). He is using an IC7000 and verticals for 80-10 meters, and will mainly be on CW and SSB. QSL to his home callsign; bureau QSL cards are OK.

HI7, DOMINICAN REPUBLIC (NA-096). Flavio, IW2NEF, will be active as IW2NEF/HI7 from Bayahibe, June 3-9th. Activity will be limited to no more than 1 or 2 hours a day on HF, on 40-10 meters and VHF 6 meters E-skip. He will use a Yaesu FT-857D w/100 watts max power into a vertical "9M WIRE" for HF and a J pole for the 6M band. QSL via IW2NEF.

IOTA NEWS.................................

AS-049. Operators JA1GLE, JA3BKM, JA4JBZ and JR8GZU will be active as homecall/6 from Taira Island (JIIA AS-049-011), Tokara Islands, May 3-8th. Activity will be on the HF bands and 6 meters. QSL via their home callsigns, direct or by the bureau.

EU-008. (Update) Jim, MM0BQI, will be operating as MM0BQI/p from the Island of Shuna (IOSA FL08), in the Inner Hebrides, NW Scotland, now through May 5th. He also mentions that he will have a boat available so other island activations may be possible in the local area. Operation will mostly be on 80/40/30/20 meters, RTTY, SSB and CW. QSL to his home callsign, by the RSGB or direct.

EU-030. Jurgen "Yogi", DB5YB, will be active as OZ/DB5YB from Bornholm Island (BO-001 for the Danish Islands Award, LH-2203) between May 5-18th. Activity will be on 20/17/15 meters SSB. He will also try to be in the DARC VHF/UHF Contest. QSL via his home callsign. For more information, vist: http://www.gellertinloehne.de/db5yb/Islands.html

EU-041. Max, IK2YSE, will be active as IM0/IK2YSE from Caprera Island (IIA OT-012, MIA MIS-006), May 3-5th. Activity will mainly be CW only on 40-10 meters. He will also try 6 meters; watch 50200 kHz. QSL via his home callsign, direct or by the bureau.

EU-054. Operators Raffaello/IT9ATF, Gianni/IT9ORA, Renato/IT9NPR, Pippo/IT9PPG, Giuseppe/IT9RZU and Pino/IT9WDC will be active as IF9A from Favignana Island (IIA TP-011, MIA MI-025, WLOTA LH-1545), May 2-6th. They will also be active between October 26-28th, for the CQWW DX CW Contest. Activity for both operations will be on all bands and modes. QSL via IT9ATF.

EU-055. Operators Henk/PA3FMC and Ruud/PE1BTV will be active from Utvaer Island and lighthouse (ARLHS NOR-264, WLOTA LH-2373). They will participate in the International Lighthouse/Lightship weekend. Activity will be on all HF bands using SSB and BPSK, plus 2 and 6 meters with meteor scatter. QSL via PA3FMC (QRZ.com). More information can be found at:
http://la2007.dxpedition.nl

EU-096. Jorn, DG5XJ, will be active as OH1/DG5XJ from Mossala/Houtskaer Island between June 7-13th. Activity will be on 80/40/20/15/10 meters SSB only, using a Yaesu FT-897 with 100 Watt output to Force 12 Sigma 40XK and perhaps a big vertical. QSL via his home callsign. More information can be found at: http://www.managementpsychologie.de/dg5xjiota.htm

EU-128. Jorn, DG5XJ, will be active as DG5XJ/p from Fehmarn Island (O-01 for the German Islands Award), May 8-10th. Activity will be on 80/40/20/15/10 meters SSB only, using a Yaesu FT-897 with 100 Watt output to Force 12 Sigma 40XK or Spiderbeam. QSL via his home callsign.

EU-138. Bernd, DL8AAV, will be active as SD1B/7 from Aspo Island between June 18th and July 1st. Activity will be on all HF bands, SSB only. QSL via his home callsign.

NA-062. Mark, KG8DP, is planning to be active from Grassey Key sometime after "Labor Day" (September 3rd). He is looking for operators (possibly from FL). His E-mail address is:
kg8dp@columbus.rr.com

NA-128. Operators Claude/VE2FK and Jean-Pierre/VA2SG will be active as VE2FK from Ile-aux-Coudres (CISA QC-009) from July 27-29th. Activity will be on 80/40/20 meters CW only and will include an entry in the IOTA Contest. Some RTTY is possible. If the propagation and weather is good, they may stay an extra day to operate this mode. QSL direct to VA2SG. North America stations are requested to send 1 SASE with 1 USD to VA2SG. Info is available at QRZ.com. Others stations are requested to send 1 SASE with 2 USDs to VA2SG. More info can be found at: http://www.qsl.net/va2sg/_sgt/m1m2s3_1.htm

NA-196. (ZONE 2) Operators Pete/VE3IKV and Bill/W4TAA will be activating Belcher Islands in CQ Zone 2 and the VY0 Nunavut Territory, using the special callsign VF0X between June 29th and July 4th. Activity will be on HF and 6 meters, CW and SSB. QSL via VE3IKV, direct (quick) or by the bureau (slow).

LZ07, BULGARIA (Special Event). Several members of the Bulgarian Federation of Radio Amateurs (BFRA) will activate the special event station LZ07KM (LZ Zero Seven KM) from May 1-31st. Activity is to commemorate the brothers St. Kiril (Cyril) and St. Methodius, founders of the cyrillic alphabet, and the Bulgarian's Culture and Literatute Day (May 24th). QSL via LZ1PJ, by the bureau or direct to: Ivan Ivanov, P.O. Box 15, BG-1324, Sofia, Bulgaria (w/SAE+ 1 IRC-EU and 1 IRC or 2USDs-DX). NO eQSLs. QSL bureau E-mail request via: lz1pj@qsl.net

MMAA DX CONTEST. The Manchester Mineira All American DX Contest (MMAA DX Contest) will take place between 1500z, May 19th through 2359z, May 20th. The purpose of the contest is to celebrate the anniversary (birthday) of Juiz de Fora City, obtaining CWJF Awards and promote CW activity by groups in North/South/Central America. Prefix hunters should be interested in this event because of the special Brazilian prefixes that get used (such as PQ, PT, PX, ZV, ZW, ZW, ZX, ZY and ZZ). To read the rules and see the 2006 results for the MMAA DX Contest, please visit the following Web site: http://www.powerline.com.br/cwjf

OH2, FINLAND. Look for special event station OH2EURO to be active from May 11-13th. Activity is to celebrate the "Eurovision Song Contest" which wil be held in Helsinki on May 12th. Two YL operators (Anne/OH2YL and Annika/OH2HSJ) will be active on HF bands. They will use mostly SSB with some CW. QSL OH2HSJ via the bureau.

OOOPPPPSSS DEPARTMENT. Small error (typo) in OPDX.806 under "8Y/SI9, SWEDEN (Special Event)." Correct prefix is 8S/SI9.

OX, GREENLAND (Expedition to Greenland of Foundation & Academy "The World Encyclopedia of Travel"). Operators Valery/RW3GW, Andrey/RW3AH, Alexander/RA3MR and Artemiy/UA3MQM will be active as OX/NA1SA from Kangerlussuaq, May 4-10th. Activity will be on all HF bands, CW, SSB, RTTY and PSK31. Special attention will be given to the WARC and lower bands. QSL via NA1SA or the Foundation & Academy "The World Encyclopedia of Travel", P.O.Box 88, Moscow 101000, Russia. All the

QSOs will be confirmed automatically via the bureau. ADDED NOTE: The team is also expected to be active as OZ/NA1SA on May 3rd and 11th from Copenhagen, Denmark. During the OX & OZ expedition, a special video (including Radio operation) will be produced!

PACIFIC ACTIVITY (KH2 and KH0). Toshi, JP1IOF, will be active as KH0WW from Saipan Island, Mariana Island between May 10-13th. He will also be active from Guam as WH7P/KH2, May 13-15th. Activity from both places will be on 160-6 meters, CW and SSB (with 500W). QSL via his home callsign, direct or by the bureau.

PJ2, NETHERLANDS ANTILLES (Update/Correction). Carsten/DL6LAU informs OPDX that Joachim/DL8OBQ (not DL8OBO), Jan/DJ8NK and himself will now be active as PJ2/homecall from the island of Curacao (SA-006, WLOTA LH-0942), July 9-16th. They plan to participate in the IARU HF Contest (July 14-15th) as PJ2HQ, and as a Multi-Multi entry. QSL via their home callsigns. QSL PJ2HQ via N9AG or LoTW.

QSL INFO AND NEWS..........................

US Postal Service has announced all of the increased postal rates.
See: www.usps.com/cpim/ftp/bulletin/2007/pb22203a.pdf

In addition to an increase in U.S. Domestic First Class rates, international rates also increase and Surface Parcel Post service is being discontinued. It is believed that the loss of surface parcel post will probably effect the cost of forwarding cards via the ARRL Outgoing QSL Bureau (unless they are using m-bag service and even then those rates are increasing significantly).

	old	new	
Domestic First Class	$0.39	$0.41	(1 ounce/28 gm)
Canada/Mexico	$0.63	$0.69	(1 ounce/28 gm)
Rest of world	$0.84	$0.90	(1 ounce/28 gm)
IRC	$1.85	$2.00	

New rates/prices/services effective May 14, 2007.

9M4SDX QSL STATUS. Tex, 9M2TO, informs OPDX that the direct 9M4SDX QSLs are starting to be answered. All NA DIRECT REQUESTS have been mailed as of April 27th. They are now processing EUs, then JAs and Asia.

CN3A and 5D5A QSL STATUS. As of April 26th, the CN3A direct QSL requests backlog has been cleared, and all the cards are in the mail. New requests for CN3A, from now on, will be answered once a week. The 5D5A direct QSL requests backlog will be processed starting from May 2nd.

Look for R7C/TF QSLs to start coming out in the middle of May. This info is via RW3GW/3.

QSL Manager Alan, VK4AAR, reports: "Due to the rapidly increasing strength of the Australian dollar (or perhaps the US dollar is weakening?) it is vital that DXers are aware that ONE U.S. DOLLAR will no longer buy a stamp to any part of the world from Australia. Lately I have been able to survive by using 'card only rate' postage ... but that is no longer possible. I have noticed that the EURO is more stable and €1.00 (one Euro) will be enough ... but do NOT send coins! Banks only accept and exchange paper money."

QSL Z29KM via EA7FTR.

QSLS RECEIVED IN THE MAIL: 3C0M, 3DX2Z, 3XM6JR, CE1/K7CA , EK8WA, HB9RDE, PJ2/N0KE, R1FJM, TG9NX, TI8II, V31JZ/p, V51AS, VP9/W6PH, XT2C, YI9KT, ZS4U and ZS9X

QSLS VIA THE LOTW: 3DA0ODX, 5B/G3SXW, BX5AA, CT2FUH, DL4MCF, EA1CUB, FP/G3SXW, HH4/K4QD, HV0A, HZ1SK, PJ4/W9NJY, V26B, T40C and V51/DL5XL

SPECIAL EVENT. Look for special event station EN62EN to be active on all bands from Ukraine, May 5-13th. Activity is to celebrate the 62th anniversary of the end of WWII. QSL via UR4EYN: Nick I. Golub, P.O. Box 548, Ordzhonikidze, 53300,Ukraine. Special E-mail address for this event is: en62en@ukr.net

SPECIAL EVENT. look for special event station DL16XXV to be active during 2007 on all bands and modes. Activity is by a local radio club, Duisburg-Huckingen (DOK L16), which celebrates its 25th anniversary (Roman Numerals in the suffix of the callsign). A special DARC local identifier, DOK 25L16, will used May 1st-August 31st. QSL via the bureau and eQSL; info "OK" on QRZ.com. For 20m/SSB skeds, E-mail Johannes, DK8JB at: dk8jb@darc.de

SPECIAL EVENT. Look for Jose, PY2ZA, to be active as ZY2P between May 1-3rd. Activity is to celebrate the visit of the Pope Benedict XVI at Sao Paulo City, Brazil. QSL Manager is PY2AA.

SPECIAL EVENT. Look for two special event stations to be active to celebrate the 100th anniversary of Fenerbahce Sports Club (Football team) between May 1-31st. Operators Tevfik/TA1HZ and Bekir/TA2RX will be operating as TC100FB from Istanbul mainly on 40/20 meters. Also, look for operator Mehmet/TA1CM to be active as TA100FB between May 13-27th from Tekirdag. More details about the evnt are available at:
http://www.qrz.com/
Fenerbahce Sports Club Web page at: http://www.fenerbahce.org

VP6, PITCAIRN ISLAND. Tom, ZL2HGR, will be active from here as VP6TD for about 4 months starting sometime in May. He will operate as his work permits on PSK31 as the primary mode with some SSB and CW. Tom's ETA is May 3rd on Pitcairn Island, but do not expect him on the air immediately. QSL is direct only to his home callsign ZL2HGR. Please include SAE with IRC or 2 USDs. No bureau please. Logs will be uploaded to LoTW and eqsl.cc after he returns home.

<<<<<The VOA is closing HF SW down and going to local "relay agreements"
like radio Sawa.>>>>>

>Do they broadcast via shortwave from any relay stations in the U.S.
>anymore?

Good question! Bethany,Ohio (actually Mason, north of Cincinnati) was torn down several years ago. The only RF emitted from that site now is WLW 700 KHz.
Greenville is also off the air.
I don't know about Delano, or the other relay station in California.

The Broadcasting Board of Governors (The US government Board that controls the VOA,RFE,etc) has been consistently cuuting back SW program hours and abandoning HF SW Broadcasting, in favor of buying time on local AM and FM stations overseas and the internet.
This is a very stupid thing to do.
It puts you at the mercy of local officials.
If the Local Supreme leader, or Imams, Gaulieter decides to not to relay your programs on local radio, or to filter out your internet feed, you are off the air NOW with no recourse or back-up program path

Many third world countries do not have high bandwidth internet connections, and most third world people don't have any internet connectivity at all. Basically the BBG is just abandoning large parts of their third world audience.

HF SW has a large installed base compared to any other transmission means, and it goes DIRECTLY TO THE PROGRAM RECIPIENT without any other agency involved in its transmission.

Weird.

I got a PSE QSL card direct in the mail today from a JA station. On the back, it says "Please QSL for US county award. Thank you." - and hand-written in is "ILL WINNEBAGO Co.".

Had to go back and double-check. I've only ever operated from Winnebago County, Illinois from the mobile - but the QSO was on 20 meters where I might have worked a JA from the car. But the log shows a mere half-hour later, I worked two VE3s on 160 meters and then a bunch of DX on 80. I've never worked a DX station from the mobile on 80, nor have I ever had a 160-meter antenna for the mobile. My home station is 650km from Winnebago County, so obviously I didn't just go home & work them from the base station!

But the QSO *does* check with my log; I *did* work this JA at the time specified, on the band specified.

So where did he get the idea I was in Winnebago County?

Strange.

(I hope he'll still be happy. There's a lot fewer hams here in Cheatham Co., Tennessee than there are in Winnebago County, Illinois, though between myself and K4RO, Cheatham probably isn't any rarer!)

Maybe you were passed by an RV while you were talking
to the JA, and you said something about Winnebagos? :-)

Nope.

Got them May 1, 0030Z on 20 CW and May 2, 0530 on 20 phone.

They had a so-so signal on 40 but no joy there except for JA.

Good signals into WA on 30 this morning, but the pileup was huge, of course.

Bob, N7XY

Only reasonable signals in Michigan on 20 meters from about 1130Z to 1400Z. Can hear them on 10 MHz and even on 18 MHz, but much too weak to compete with JA or EU.

Can hear them on 20 Meters most of the daylight hours, but they are too weak to work. It may be that the big guns have worked BS7H and time will remain for others. The first day, when things were not fully set up, the JAs were thinned out somewhat, to the exclusion of others.

Circuit discipline has been poor. People were calling when they should not do so. I did so a few times when QRM got things confused.

When reporting your experiences, do indicate at least generally where you are located.

I have no antennas for those bands, so it was pointless to listen.

The first day they were on 20, I could hear them at ESP level almost all day. Sometimes LP & SP were about the same.

Some of this is the fault of the DX op. It would be helpful for them to announce listening freqs and what area they are listening for more often. Also, calling for W's and answering a DS station causes real problems.

The SSB op that I worked was excellent. He said he was looking for W's from 14,204 to 14,210 and I worked him on 210. No need to clutter 50 KHz of the band.

I should add that if I get this card and VU7RG and any of the several YU6's I worked ever QSL, I will qualify for DXCC Honor Roll. Only took 49 years of casual DXing. [grin]

Wes

Dear Wes:

I avoided mentioning the role of the DX operator in keeping things orderly and productive. It is my observation that it takes a certain signal to noise+QRM ratio to start to be effective. I also note that many CW stations do not use break-in with the inevitable result of loosing track and transmitting when they should wait.

It took me more than 50 years to arrive at HR. Longevity is a significant asset in the DX game.

My noise level is so low today that I continue to be able to hear BS7H even without a hint of moving the S meter. They are working hard to thin out the pack.

73,   Mac   N8TT

P.S. I encourage you to work on an antenna for 10.1 MHz.

My comments re: DX ops where meant to be more generic than specific to this operation. Considering that they are teetering on top of a rock they are doing a fine job. I'm sure it is easy to forget that you've been transmitting for an hour without giving any info when your feet are wet.

Also, I think that DX ops these days (not specific to these guys)
think that everyone is connected to some damn cluster and is getting
all of their info from spots. Some of us aren't (don't).

>
>   It took me more than 50 years to arrive at HR. Longevity is a

Yep, especially if your station is modest as is mine. My HB
three-element 20m Yagi at 45' is the biggest antenna I've ever had. I
have wires for 40/80.

If ARRL would ever process my field-checked DXCC app from two months
ago I could submit another one with old QSLs and qualifiy for 5-band.

>

I'm thinking that my next antenna project will be a 2-meter EME
antenna. Maybe I can get DXCC there before I croak. The problem is,
everyone has gone digital mode and I'm not yet convinced that those
are "real" QSOs [g].

Regards,

Wes

Didn't you have an EME antenna 20 years (or more) ago?

73,
Bob, N7XY

The Ohio/Penn DX PacketCluster
DX Bulletin No. 812
BID: $OPDX.812
June 11, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N1DG, NJ1Q, NG3K, W3UR & The Daily DX, KP4BJD, KP4VP, N4AA & QRZ DX, K5LBU, K5XK, W5BOS, IK3ZAW/W6, K8YSE, AD1C/0, Pete's-DX-Newsdesk, 9A2JK, BD3APX, DK8JB, DL7MAE & The DX News Letter, EA5KY, F5NQL & UFT, F6AJA & Les Nouvelles DX, I1JQJ/IK1ADH &

425 DX News, IT9DAA, RSGB IOTA, SP9MRO, VA3RJ & ICPO, YV5SSB and YZ1EW for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Monday, 4th/Junr, through Monday, 11th/June there were 210 countries active. Countries available: 3A, 3B7, 3B8, 3B9, 3D2, 3V, 3W, 3X, 4J, 4L, 4S, 4U1U, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9U, 9V, 9X, 9Y, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, D6, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, EZ, F, FG, FJ, FK, FM, FO, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, JA, JD/o, JT, JW, JX, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P4, PA, PJ2, PY, PZ, R1FJ, S5, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V4, V5, V6, V7, V8, VE, VK, VK9N, VP5, VP6, VP8, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

1A0, SOV. MIL. ORDER OF MALTA. Word came out this past week that a multinational team lead by Francesco, IK0FVC, will activate 1A0KM from the Sovereign Military Order of Malta between July 12-22nd. QSL via IK0FTA. There is talk that the logs might be uploaded to LoTW. More details are forthcoming.

3B7, ST. BRANDON ISLANDS (Not Agalega/DXpedition Update). Dxpedition leader, Witek, SP9MRO, and his team encountered problems with their catamaran on their way to Agalega Island (3B6) and had to head to St. Brandon Island (3B7) instead. It seems their catamaran "Josephina", had lost one of two engines and a sail which was torn due to high winds and bad seas. However, all are safe and the catamaran was towed by a fishing vessel called "Covadis" to the Island of Raphael (St. Brandon Island). OPDX was told that St. Raphael Island "is like a football play ground with two buildings, one for the Coast guards and the second, a 6 room bungalow for the Meteorological services, but with no water and light, only one generator and two wideband G5RV and lots and lots of birds, this place is more beautiful than Agalega." The team has received permission to operate as 3B7SP while their catamaran is being repaired. Activity will possibly last until June 19th. QSL via SP9SX. For more possible details and updates, visit the 3B6SP Web page at:
http://3b6.godx.eu/

3D2, ROTUMA ISLAND (OC-060). It seems Tony, 3D2AG, has delayed his trip to Rotuma until possibly November or December 2007.

4U1U, UNITED NATIONS HQ. Operators Johnny/LA5IIA, Martti/OH2BH and Bernie/ W3UR were active this past Saturday, June 9th, from the UN HQ as 4U1UN. Remember to QSL via HB9BOU.

9A07, CROATIA (Special Event). Look for special event station 9A07P (Nine Alpha ZERO SEVEN Papa) to be active now through December 31st. Activity is to celebrate the city of Djurdjevac, and operations will be on all bands and modes. A special QSL card will be issued with a story on it. All QSOs will be confirmed automatically via the bureau.

9X, RWANDA. Vlad, UA4WHX, is now active as 9X0VB (as June 6th) from this rare DXCC entity. As always, the length of his stay is unknown. Activity over the past weekend was on 80/30/20/17/12/10 meters CW/SSB. QSL via his home callsign, direct or by the bureau. It is recommend to send direct cards after his travels.

A2, BOTSWANA (Update). Frosty, K5LBU/A25CF, informs that they have in hand their callsigns for the Botswana operation this July. Their activity will start around July 5th or 6th and last until the 20th. They plan to be active on all bands from 160-6 meters on CW and SSB, with operations also on 6/2 meters and 70cm EME. Hal, ZS6WB (A25HL), will do the Digi modes. They plan to have a M2 6 meter beam up on top of one of the towers which will be about 60 feet high using at least 300-400 watts or more. Hal, who does most of the EME, is a retired American that lives in South Africa. The whole team consists of: Dan/ZS6JR (A25DW), Frosty/K5LBU (A25CF), Wayne/W5KDJ (A25KDJ), Jay/W5SL (A25SL), John/GM3OOK (A25OOK), Lee/WA8QFE (A25LT), Jan/ZS6OB (A25OB), Hal/ZS6WB (A25HL) and Dick/ZS6BUN (A25BUN).

AL0/KL7, ALASKA (IOTA Op). Lanny, W5BOS, informs OPDX that he will operate from 2 islands in Alaska between August 2-7th. The first will be a new IOTA, Semidi Islands (NA-235/P) using the callsign W5BOS/KL7. All of the Semidi Islands and associated rocks are part of the National Wilderness Preservation System, and as a designated Wilderness, it is closed to mechanical equipment such as generators. This operation will be battery power only. The second operation will be from Unavikshak Island (NA-238) using the callsign W5BOS/AL0. This island was activated last year, but conditions were very poor and Lanny wants to give the guys that missed it another chance. QSL both operations via N6AWD.

BS7H PRESS RELEASE #14 (June 9, 2007): LOTW upload for donors

"Today the BS7H team uploaded to the ARRL LOTW website a partial log containing QSOs for those DXers who supported BS7H with donations sent either via the website credit card procedure or thorough the mail in form off the website.

This was a special 'Thank You' to those who made the effort to support our operation. The cutoff date of this log is as of today's website donation listing.

The there will be additional periodic uploads of the log to LOTW as QSLing proceeds, and a full upload will be done as soon as the bulk of the direct QSLs are answered.

Direct cards are expected to start going out in early July.

The 2007 DXpedition to Scarborough Reef again wishes to thank those who helped make this happen. We could not have done it without your support."   73 -- The 2007 BS7H Team

CS6, PORTUGAL (Special Event). Operators Jose/CT1EHX, Toze/CT1GFK, Goncalo/CT1GPQ, Miguel/CT1IUA, Rui/CT2IHP, Jose/CT1DVG, Jose/CT1EPS, Arnaldo/CT2IOV and Antonio/CT2IOU will be active as CS26X betwen July 16-22nd. Activity will be on 160-6 meters including the WARC bands, CW, SSB and RTTY. The activation is to celebrate the local meeting of the 26th International Motard Meeting of Faro (organization Moto Clube Faro). QSL via CT1EHX, by the bureau or direct.

EA6, BALEARIC ISLANDS. Jorge, EA8TL, will be portable /EA6 from his mobile between July 31st to August 24th as he visits Ibiza and Formentera Islands this summer. Using an ICOM 706 MKIIG (100w HF and 50w VHF) Transceiver, look for Jorge to be active on 80, 40, 20, 17, 15, 12, 10 and 2 meters SSB. Antennas are: Eco Veicolare (monobands).

HB0, LIECHTENSTEIN. Look for six operators from the Flying Dutch DX Group to be active from Triesenberg as HB0/PA0ABM, June 15-22nd. Their activity will be on 160-10 meters CW, SSB and some digital modes with two stations. QSL via PA0ABM, direct or by the bureau. Logs will be uploaded to LoTW and available online at: http://www.logsearch.de/

I1, ITALY. Paolo, F8ENY, will be active as I1/F8ENY/p from the Piemont Province. He will be operating mainly CW as QRP with an Elecraft K1 and wires. QSL via F8ENY, by the Bureau or direct.

IOTA NEWS....................

AF-004. Wilko, PA3BWK, will be active as EA8/PA3BWK from the Island of Lanzarote (DIE S-007, Punta Pechiguera lighthouse FEA D-2782, WLOTA LH-0099, WW Loc. IL38BU), June 10-16th. Activity will be on 40-10 meters, mainly CW, at 10 kHz up from the lower band edge. QSL via PA0ZE (QRZ.com).

AF-018. Operator Giuseppe, IT9BLB, will be active as IH9/IT9BLB from Pantelleria Island during the RSGB IOTA Contest (July 28-29th) as Single-Op/All-Band entry. QSL via his home callsign.

AF-019. Operators Isido/I1XOI, Piera/IK1AIF, Mario/IW1PZC, Giovanni/IZ1DFG, Giorgio/IZ1HGP, Mauro/IW2KVT, Giuseppe/I2AZ and possibily Emanuele/IW2NOD will be active as IG9/homecall from Lampedusa Island (AG-001, MIA MI-126, WLOTA LH-2312) between now and June 19th. Activity will be on the HF bands plus 6 and 2 meters, CW and SSB. QSL via their home callsigns, direct or by the bureau.

AS-017. Operators JA1KJW, JJ1JGI, JK1EBA and 7N4AGB will be active from Okinawa Island (JIIA AS-017-033, WLOTA LH-0275) as homecall/JR6, June 15-18th. Activity will be on the HF bands and 6 meters CW and SSB. QSL via their home callsigns, direct or by the bureau.

AS-151. Zhang, BD3APX, will be active as BD3APX/2 from Juhua Island between June 29th-July 1st. Activity will be on 40-10 meters on CW, SSB and Digital modes. QSL via BD3APX.

EU-067. Members of the SV DX Group will be active as SY8AN from Antiparos Island (MIA MG-016) between now and June 17th. Activity will be active on all bands CW, SSB and RTTY. Operators mentioned are: SV1GE, SV1AAU, SV2DGH, SV1DPJ, SV2FWV, SV2HNC, SV0XAD and DH9VA. QSL SY8AN via SV2DGH. Information can be found at: http://www.sv2dgh.gr/sy8an

EU-071. Kent, SM5ELV, will be active from Heimaey Island [also known as Vestmannaeyjar] (also counts for WLOTA LH-0976) between now June 13th. Activity will be on most of the HF bands and modes, depending on conditions. He will use an IC-706 with 100 watts into a vertical and maybe a dipole. Kent will also possibly try 6 meters and some Digi modes as well. QSL via his home callsign.

NA-122. Herman, ON4QX and a group from the Dominican Republic will activate Cabras Island as HI0C between June 11-17th. Cabras has not been on the air for at least 18 years. They plan to have fours stations on the air: HF, 6m, 2m, SSB and RTTY. QSL via ON4IQ.

NA-231. Operators Cezar/VE3LYC and Ken/G3OCA are all set to go on schedule to activate East Pen Island between July 20-22nd. They will use the following callsigns: VE3LYC/VY0 (Cezar) and VY0/G3OCA (Ken). According to Canada/U.S. treaty, stations from either country that operate portable from any region within the territory must use the identifier as suffix (VE3LYC/VY0). All other stations have to use the identifier as prefix (VY0/G3OCA). QSL via VE3LYC, direct or by the bureau (G/GM/GW/GI stations can confirm via G3OCA).

OC-185. Operators Stuart/VK8NSB and Joe/VK8VTX are expected to activate Elcho Island, in the Northern Territory (Arafura Sea coast) East Group, between June 15-19th. The callsign has not been announced yet. Activity is planned for 80-10 meters CW, SSB, PSK and RTTY, with two stations on the air (1 digital and 1 CW/SSB). QSL via VK6NE (QRZ.com).

SA-089. Members of the 4M5DX Group will be active as YW1DX from Cayo Sombrero during the next IOTA Contest (July 28-29th) as a Multi-Op/Mixed-Mode/High-Power entry in the DXpedition category. The team consists of: Alex/YV5SSB, Jose/YV5TX, Julio/YV1RDX, Jesus/YV5MSG, Olli/YV5WW (OH0XX), Greg/YV5OHW and Pasquale/YV5KAJ. They hope to be on the island Friday the 26th in order to set up and activate the island on WARC bands before the contest starts. Activity during the contest will be on 80/40/20/15/10 meters, CW, SSB and RTTY. After the contest, they hope to be on 160-10 meters and the WARC bands. Visit the group Web page at:

http://www.yw1dx.4m5dx.org
Online log will be at: http://logsearch.de
QSL Manager is IT9DAA: Corrado Ruscica, P.O. Box 1,
96018 Pachino 1 (SR), Italy.

KH3, JOHNSTON ISLAND. As this was being typed, Skipper of the USSV Dharma, Susan Meckley, W7KFI, informed OPDX that she is enroute to Johnston Island and should be there by the end of of week. Activity will be on 80-10 meters on SSB and CW, usually at 036 above the bottom of the band. Susan is expected to be here for about a week before heading to Marshall Islands (3 weeks further south west). By the way, Susan is a 70 year old grandmother who has been sailing all over the Pacific. This amazing lady is an interesting story. It is highly recommend to visit the following Web pages to see where she has been, and there is a Real Audio recording of her radio interview with Art Bell. Visit the Web pages at: http://ussvdharma.net
http://www.qrz.com/callsign/W7KFI
ADDED NOTE: Track her ship, the USSV Dharma, by putting in her callsign W7KFI at the following Web page: http://www.shiptrak.org

KP3, PUERTO RICO (Special Event). If you heard and worked KP3RE this past Saturday, June 9th, between 1300 and 1800 UTC, it was a special event station that was active from the Jesus T. Pinero Museum in the City of Canovanas, Puerto Rico. Jose, KP4VP, informs OPDX that Mr. Jesus T. Pinero was the first Puerto Rican Governor appointed by the President of the United States in 1948. In addition, he was one of the first amateur radio operators in Puerto Rico (KP4 Land). The Museum is actually his former residence, and the main focus at this time is to highlight his life not only as a former Governor, but also his human side as a Amateur Radio Operator. Please refer to the following link which gives more details regarding this special event at:
http://kp3re.tripod.com/eventojesustpinero.htm

LIGHTHOUSE ACTIVITIES.....................

Look for Phil, F5OGG, to be active as F5OGG/p from the Noirmoutier Lighthouse (WLOTA 1224 and also EU-064) during the next WLOTA Contest (June 30th-July 1st) but only on June 30th. Activity will be on 20 meters CW/SSB. There will be no precontest activity. QSL via his home callsign. For more info on the WLOTA Contest, visit the WLOTA Web page at: http://www.wlota.com

Members of the F6KMB ARC will be active as F6KMB/P from Dunkerque West Pier Lighthouse (PB 201, for the French Onshore lighthouses Award - DPLF). Activity will be on all HF bands, SSB and CW.

Look for the special callsign PB6KNRM to be activate on June 30th from the Noordwijk Lighthouse (ARLHS NET-019), located in Zuid-Holland Province, on the North Sea coast. Also, on this day, the KNRM-lifesavingboat will be delivered at KNRM-post Noordwijk. QSL via PA7DA. Notes: Old records indicate that a light was in use at Noordwijk in 1444 to help fishermen. Other lights have succeeded it since then. The current lighthouse, built in 1921-22, was declared a national monument in 1980. It was reportedly under restoration in

2004. Nearest town or city: Noordwijk aan Zee, Netherlands.

Members of the Cofresi Radio Club will activate the "Los Morillos Lighthouse" (WLOTA 2802 and ARLHS PUR-002), also known as "Cabo Rojo Lighthouse", located in the city of Cabo Rojo, Puerto Rico, as WP4NRT during the next WLOTA Contest (June 30th-July 1st). Activity will be on 80-10 meters, SSB and the Digital modes. QSL via WP4NRX.

OX. GREENLAND (NA-018). Operators Jurgen/DJ5HD, Wolfgang/DJ5ZWS and Jan-Ole/DB8JO will be active as OX/homecall, June 15-24th. Activity will be on all bands and modes. QSL via their home callsigns.

NEVER GIVE UP! Gabe, KP4BJD, informs OPDX that he was pleasantly surprised this past week when he received a QSL card from WA6DDR/KM6 (Midway Island) for a QSO he made on the 29th of May in 1963 on 20 meters SSB. Gabe states, "The operator Mac soon after retired from the U.S, Navy... his callsign is now K4RBM. Mac went to the Dayton Hamvention for his first time this year, 'enjoyed it a lot' ..and it seems to sparked his interest all over again .. enough to catch up with old QSL cards he had not answered ... So, there�s hope for those who wait, if they have 'enough' patience."

N8S QSL STATUS. Dragan, YZ1EW/RA4U, reported on June 8th that the first batch of 1000 N8S QSL cards were mailed. Other cards will be mailed in the next 30 days.

YW0DX (Wrap-up). OPDX was informed that the log is uploaded to LoTW. Conrad, IT9DAA, states, " This DXpedition (to Aves Island - NA-020) was a success although there was not much time to operate and we had fewer operators than expected. Hence we had to adjust our operating plan and concentrate on the low bands and RTTY. Unfortunately, the planned schedule of our Naval Army could not be altered, and therefore our length of stay on the island had to be cut short. Our on-the-air time was subject to numerous interruptions due to maintenance required to keep the local generators running. Aves Island was on the air from February 8-13th, 2007. Despite the difficulties involved, our final score reached 23,000 QSOs - quite good for just 70 hours of operating. Regrettably, propagation conditions on the high bands were not favorable. Anyway, heavy pileups on 160m and 80m proved an unforgettable experience. Logs, video, photos and QSL design from the DXpedition can be seen at: http://yw0dx.4m5dx.org/ "

QSLS VIA LOTW: BX5AA, CU3AL, HV0A, IZ0FKE, MJ/K8PT and RX3AGD

QSLS RECEIVED VIA MAIL: 1A4A, 9A2AJ, 9U0X, JW0HS, UK8DAN, UK9AA, V51AS and XF2K

SV/A, MOUNT ATHOS (Pirate Alert). Veronica, IK3ZAW/W6, writes to OPDX: "Hi - I am writing on behalf of Fr. Apollo, SV22ASP/A. Last month he has been quite active on SSB, CW, and RTTY (with over 1,500 QSOs in the log). HOWEVER some idiot who did not have anything better to do with his time, transmitted using his callsign on CW while Fr. Apollo was operating on phone! Fr. Apollo thus asked me to clarify that on 5/16/07 11:00pm-2:00am he was operating PHONE. CW CONTACTS AT THIS TIME ARE PIRATE. All other CW contacts should be ok. He has received a lot of cards for contacts that are not in his log (occurred at the time I indicated above), and he is feeling really bad for those who are writing him, wasting their time and money. He is really busy right now, as the Fathers are building three big cisterns for the monastery, so he does not forsee any further activity for awhile. I would really appreciate if you could spread this message through your respective bullettins. Thank you very much in advance.... 73s Veronica IK3ZAW/W6"

TA, TURKEY. Charlie, GI4FUE, will once again be active as TA4/GI4FUE from Marmaris, Turkey, June 12-24th. Activity will be holiday style and mostly on 30/20/17/15/12/10 meters CW. He hopes to be able to take a portable 6 meters antenna with him to activate KM46du. QSL via his home callsign.

TI9, COCOS ISLAND. Henry, TI2HMG, states, "After the big success of TI9M we start again! The next DXpedition to TI9 will depart in February 2008! Become part of an exciting adventure! Write to: ti2hmg@qsl.net" Visit the following Web site, and you can even fill out an application form to become a team member of this DXpedition at:

http://www.qsl.net/ti2hmg/cocos.htm

TO5, MARTINIQUE (NA-107). Alain, F5LMJ (ex-XT2C), will be active as TO5J from the city of the Francois between July-14-28th. Activity will be mainly on CW and the digital modes. QSL via his home callsign, but all QSOs will be confirmed automatically via the bureau and LoTW.

V3, BELIZE. Colin, KU5B, will be active as V31UB from July 12-17th. He will be operating mostly nights on both HF SSB and CW with a minimal plan to operate on 6m. Colin is also planning to operate in the IARU Contest (July 14-15th) that weekend with a category still yet to be decided. QSL via KU5B.

V60, MICRONESIA. Six members of the Japan Amateur Radio League (JARL) Kyoto Club, will be planning a DXpedition to the Federated States of Micronesia (FSM) this summer. This is one of the events celebrating the club's 60th anniversary. Activity will be from the South Park Hotel on Pohnpei Island (OC-010) between July 30th and August 5th. Operations will be on 160-6 meters CW/SSB/FM/RTTY/PSK31, depending on the band conditions. The team has been allowed to use the special, brand new V60 prefix to celebrate their club's 60th anniversary (thanks to Mark DeOrio, Frequency Manager at the FSM Department of Transportation, Communications & Infrastructure). Look for the following callsigns (w/QSL routes) to be used:

Callsign	Operator	QSL route	Callsign	Operator	QSL route
V60YAQ	Club Stn.	JI6DUE	V60KL	Kenji	JN3JBC
V60DU	Hidenori	JI6DUE	V60TI	Tetsuya	JA3UWB
V60IL	Masato	JF3PLF	V60TX	Shozo	JH3TXR
V63JJ	Kazuo	JA3ART			

All operators accept QSL card(s) via the bureau. Visit their Web page at: http://www.ja3yaq.ampr.org/v6/

DXNL 1523 - Jun 13, 2007
DX Newsletter

a free and weekly service of
DARC Committee "DX and HF contesting"
(http://www.darcdxhf.de)

editor: Helmut Schlaffer, DL7MAE
(e-mail: dxnl@dxhf.darc.de)

translation by: Bob, DL7VOA
(e-mail: dl7voa@darc.de)

HB0 - LIECHTENSTEIN

Six OPs of the "Flying Dutch DX Group" are going to Triesenberg in Liechtenstein to hit the airwaves as HB0/PA0ABM from Jun 15-22. They are working with two stations in CW/SSB/digital modes on 160-10m. Online logs will be made available at: http://www.logsearch.de
QSL via PA0ABM, direct, via bureau or LotW.

HI - DOMINICAN REPUBLIC, NA-096

Dave,NA6DF/HI7, is going to spend his holidays in Punta Cana from Jun 14-23. He will work with QRP in CW/SSB on 10-20m. QSL via NA6DF.

KH3 - JOHNSTON ATOLL, OC-023

Susan,W7KFI/mm, left Hawaii on her yacht "USSV Dharma" with destination Johnston atoll this monday. She expects about six days of travel so be aware that she might show up as KH3/W7KFI already this weekend. She will be QRV for one week, prefers working in CW on following QRGs: 14.036, 14.236, 7.036 MHz etc. Susan is using a FT-847 for CW and an IC-718 for SSB. Her QSL manager is K6FAF. She would also use the LotW but never found out how to use it properly. Her next planned stops are V7, T32 and then the Southern hemisphere.

KP4 - PUERTO RICO, NA-099

Pietro,IT9OPR, will spend his holidays on Puerto Rico (NA-099) from Jun 15-28. He might show up as guest OP from the shack of Flavio,KP4AWX or he might be underway with Pedro,WP4CCQ/m.

OX - GREENLAND, NA-018

Jan-Ole,OX/DB8JO (SSB), Juergen,OX/DJ5HD (CW), and Wolfgang,OX/DJ5ZWS (RTTY and PSK31), announced to become QRV from Nuuk/Greenland (NA-018) on 10-80m from Jun 14-25. QSLs via their homecalls.

T9 - BOSNIA-HERCEGOVINA, 9A - CROATIA

Zik,VE3ZIK (DO7ZZ), will stay in Bilice/Croatia between Jun 16 and Sep 5 . He plans to activate at least one IOTA island as 9A/VE3ZIK during this time possibly also during the IOTA Contest. He will work with 100 watts and a wire for all bands in CW/SSB/RTTY/PSK31 and in FM on 29.600 MHz.
He also plans to show up as T9/VE3ZIK from Jun 20-27 and from Sep 5-10.
Zik's homepage can be found at: http://www.qslnet.de/ve3zik
Bureau QSLs may be requested via e-mail to zik@tiscali.de but all other QSLs should be sent via bureau to DL3PS.

TA - TURKEY

Charlie,TA4/GI4FUE, spends his holidays in Marmaris from Jun 12-24. Of course he will also indulge in his hobby and plans to show up mostly in CW on 30/20/17/15/12/10m. He hopes to find some space in his luggage for his 6m portable antenna as well.

TZ - MALI

Fredo,TZ/TU5GV, can be found on 10-80m until Jun 15.
Please send your QSLs direct or via bureau to F4DXW.

VP6 - PITCAIRN ISLAND, OC-044

VP6TD who will stay on Pitcairn until August 2008 showed up on the air already. He was spotted in PSK on 14.070 MHz from time to time.
See also DXNL 1517.

3B7 - ST BRANDON ISLANDS, AF-015

Due to an engine breakdown the 3B6SP team had to land on Raphael Island belonging to St. Brandon. The team obtained the permission to work as 3B7SP (instead of 3B6SP) while their catamaran "Josephina" is repaired there. More updates can be found at: http://3b6.godx.eu

9X - RUANDA

Vlad,UA4WHX, hit the airwaves as 9X0VB during the first week of June. He is travelling Africa and the Indian Ocean for several months now and still it is not known where he will go next and how long he will stay there. As usual he is working in SSB/CW on most of the HF bands. Vlad is the guest of Colonel Diogene Mudenge,9X1AA, a high ranking officer of the defense ministry in Ruanda. Rumours say 9X1AA plans to found a national amateur radio society in Ruanda.
QSLs for this and all other activities of UA4WHX will be managed by Vlad himself after his return home and nobody knows when this will be.

CROATIA, SPECIAL EVENT STATION

The special event station 9A07P is working in all modes on all bands from the city of Djurdjevac between Jun 1 and Dec 31.
QSLs will be sent automatically via the bureau.

BELARUS, SPECIAL EVENT STATION

Members of the Borisov Amateur Radio Clubs (BARC) can be found working on the air as EW905B until Nov 30. This call celebrates the 905th anniversary of the city of Borisov. QSL via EW2EO.
Check also their homepage at: http://www.qsl.net/ew2ww

PIRATE

Apollo,SV2ASP/A, was very active and made more than 1500 QSOs in CW, SSB and RTTY during the past time. But Apollo writes also that his call was abused in CW by a PIRATE on May 16/17 (2300-0200 UTC) while he was working in SSB at the same time.

LINKS: Very interesting slide shows about the trips of Susan A Meckey,W7KFI, can be found at: http://ussvdharma.net/photofolio/index.php

---

Current SOTA activities (mountain summits) are announced at:
http://sotawatch.sota.org.uk/activations.php or
http://sotawatch.sota.org.uk/spots.php

UPCOMING CONTESTS

Jun 16/17: JARL All Asian DX Contest

IOTA

collected by Fredy,DE0MST (e-mail: iota@dxhf.darc.de)

Island activities:

EU-034, ES0, Saaremaa County: Frank,DL1FT, will be QRV as ES0FTZ from Saaremaa from Jul 11-21. More info via: http://www.funkexpedition.de/estland

EU-057, DL, Bock Island, GIA O 04: The island Bock will be activated for the very first time on Jun 16 from 0700 UTC until the late afternoon. DL5KVV/p and DL5CO/p will work on the usual IOTA frequencies.
QSLs via the DARC bureau to their homecalls.

EU-060, SV, Skyros: SV2FPU, SV2HNZ, SV2HOB, SV2HPP, SV2HPY, SV2HRT, SV2HSV and SV2GNQ of the "White Tower DX Team" will use the call SY8WT on Skyros (EU-060) from Jun 16-22. QSL via SV2HPP, via bureau or direct.
Their homepage is: http://whitetowerdxt.com/content/view/50/87/lang,en

EU-138, SM7, Blekinge County: Bernd,DL8AAV, will be on the air as SD1B/7 from Aspoe Island between Jun 18 and Jul 1.

EU-181, LZ, Bulgaria Group: LZ/G0SGB/p will be QRV from Sveti Ivan Island on Jun 16/17. QSL direct via homecall.

OC-268, YB, Payung Payungan, Laut Kecil Islands: Fuadi,YC7IM, and friends will show up as YE7M on 40/20/17/15/10m from Jun 22-24.
QSL via YC7IM (H.M. Fuadi Yatrin, P.O. Box 195, Banjarmasin 70000, South Borneo, Indonesia).

GOOD TO KNOW...

The new IOTA Directory 2007 has been published lately and can be bought at the RSGB booth on the HAM RADIO fair in Friedrichshafen or via DK1RV, not earlier than Jun 15.

Lighthouse activities (ARLHS/WLOTA):

FM1HN (direct, NOT via K3PD anymore): Tijus Julien, Mayson No 132,
Rue Edouar-Jeanne, F-97200 Fort de France, Martinique

N8S QSL cards: Dragan,YZ1EW, writes that the first 1000 direct QSLs were mailed on Jun 8 and the rest of the mail will be answered within the next 30 days.

4U QSL cards at the HAM RADIO: Missing QSLs for contacts with 4U1UN, 4U60UN, 4U1ITU and 4U1WRC (since 1985) can be obtained at the booth of the "SDXF" (Swiss DX Foundation) on the HAM RADIO fair in Friedrichshafen on Friday (Jun 22) and Saturday (Jun 23). Please bring all your QSO information along and watch out for the times printed at the booth. The QSL manager can only confirm those 4U1ITU and 4U1WRC QSOs which can be found in the online log: http://life.itu.ch/radioclub/4u1/index.php

Elvira,IV3FSG, can be found at the Croatian booth on the HAM RADIO writing out QSLs for XT2SE and 5V7SE on Jun 22/23 from 1400-1600 and on Jun 24 from 1000-1200.

QSL via direct: V51AS

```
QSL via LotW:   BS7H, but only for the sponsors. The rest of the log will
                be uploaded as soon as all direct QSLs have been confirmed.
```

Many thanks for contributing to this issue of the DXNL are going to:

SB DX @ WW < KB8NW $OPDX.813
Ohio/Penn DX Bulletin No. 813

The Ohio/Penn DX PacketCluster
DX Bulletin No. 813
BID: $OPDX.813
June 18, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q, K3UK, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, KG6ZWD, W7KFI, K8YSE, N8DX, Pete's-DX-Newsdesk, 4X1VF, CX4CR, DK8JB, DL7MAE & The DX News Letter, F5NQL & UFT, F6AJA & Les Nouvelles DX, I1JQJ/IK1ADH & 425 DX News, PY1NEZ, RSGB IOTA and VA3RJ & ICPO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 10th/June, through Sunday, 17th/June there were 208 countries active. Countries available: 3A, 3B7, 3B8, 3B9, 3D2, 3V, 3W, 4J, 4L, 4S, 4U1I, 4U1U, 4W, 4X, 5B, 5H, 5R, 5T, 5V, 5X, 5Z, 6W, 6Y, 7X, 8P, 8R, 9A, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9U, 9V, 9X, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C3, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J5, J6, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, R1FJ, S5, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2M, VP2V, VP5, VP6, VP8, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD9, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B7, ST. BRANDON ISLANDS (DXpedition Update). DXpedition leader, Witek, SP9MRO, and his team continue to be very active from St. Brandon Island until June 20th. Meanwhile, online logs are now available on the Web site as well as a daily diary by Wojtek, SP5BFX. QSL via SP9SX. For more details and updates, visit the 3B6SP Web page at:
http://3b6.godx.eu/

4X7, ISRAEL (IOTA Op). Members of the Holyland DX Group will be active as 4X7AZ from Akhziv Island (AS-100, MIA MIR-001) between 0700z July 28th and 1200z July 29th. Operators mentioned are: Mark/4Z4KX, Ros/4Z5LA, Yuli/4X6HP, Reuven/4Z5FI and Jan/4X1VF. Activity will be on 80-10 meters, CW and SSB. They plan to have two stations on the air. Look for 4X7AZ to participate in the IOTA Contest. QSL via 4Z5LA. For more information, including a log search, visit the following Web page at: http://www.4z5la.net/4x7az/

9U, BURUNDI. Sigi, DL7DF, will be leading a team of operators to East Africa to be active as 9U0A between late evening (local time) September

26th and October 9th (noon local time). Operators mentioned are: Manfred/DK1BT, Wolf/DL4WK, Sigi/DL7DF and XYL Sabine, Jan/DL7UFN, Frank/DL7UFR and Leszek/SP3DOI. Activity will be on on 160-6 meters on CW and SSB. One station will be exclusive on RTTY, PSK31 and SSTV. There will be a special emphasis on the lower bands and digital modes. Pilot station for this DXpedition is Bernd, DF3CB. The QSL route is via DL7DF, either by the German QSL Bureau (DARC) or direct to: Sigi Presch, Wilhelmsmuehlenweg 123, D-12621 Berlin, Germany. More info, plus an online log as well as updates during the their DXpedition will be available via the Web page at: http://www.dl7df.com/9u/index.html

9X, RWANDA. Vladimir, UA4WHX, continues to be active as 9X0VB from Kigali and states he will probably be around there for a while.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Manager, announced that the DXCC staff and approved card checkers will be checking cards in Germany for Ham Radio Friedrichshafen during all operating hours of the convention June 22, 23 and 24, 2007. There is a 120 card limit per applicant. Larger applications may be checked as time is available after all other applications are finished. PLEASE READ the important information listed on the DXCC Dialog Weblog page before attending at:
http://www.arrl.org/blog/DXCC%20Dialog

HB0, LIECHTENSTEIN. On their way to Friedricshafen, operators Gerard/F2JD, Davy/F5JY, Alan/F6BFH and Robert/N6OX will be active from here as HB0/homecall from June 19-22nd. They will be on CW and SSB, and the HF bands plus possibly 6m.

HI, DOMINICAN REPUBLIC. Dave, NA6DF, is expected to be active as NA6DF/HI7 from Punta Cana until June 23rd. Activity will be holiday style and QRP with most of the operations on 20-10 meters, CW and SSB. QSL via his home callsign.

HP2, PANAMA (IOTA Op). Members of the Uruguay DX Group plan to activate Wichubwala Island in the San Blas Province Group (NA-170) between June 22-28th. The operators mentioned are: Mario/CX4CR, Bert/CX3AN and Gus/CX2AM. Look for them to sign HP2/homecall. Activity will be on 80-6 meters CW, SSB and the digital modes. QSL via CX2AM. For more info, please visit their Web page at: http://cx2an.servehttp.com/hp2

IOTA NEWS.......................

EU-060. (Update) Members of the White Tower DX team will be active from Skyros Island (MIA MG-115, WLOTA LH-2002) between now and June 22nd. Operators mentioned are: Peter/SV0XAW, Giannis/SV2FPU (WTDX Team Leader), Babis/SV2HNZ, Christos/SV2HOB, Nikos/SV2HPP, Giannis/SV2HPY, Paul/SV2HRT and Dimitris/SV2HSV. The DXpedition team will be using the special callsign SY8WT. Activity will be on 160-6 meters on CW, SSB, RTTY and PSK31. QSL via SV2HPP. For more details on this DXpedition and a list of frequenncies, visit the White Tower DX Team Web page at: http://www.whitetowerdxt.com

EU-102. Operators Albert/UA1PBU and Mike/UA1QV will be active as

UE1RFF/1 from an island in the Pechorskoye Sea Coast Centre Group, June 21-24th. QSL via UA1RJ, direct or by the bureau. This island is also in the Nenetskiy State Nature Reserve and counts for RFF-61 for the Russian Flora Fauna Award; information is available at:

http://www.hamradio.ru/rrc/AWARDS/rffa_e.htm

EU-138. Bernd, DL8AAV, will be active as SD1B/7 from Aspo Island between June 18th and July 1st. Activity will be on all HF bands, but SSB only. QSL via his home callsign.

NA-128. Operators Igor/VE3ZF, Alex/VE3KF and Nick/VE3FJ will be active as VE2IDX from Orleans Island (QC-007 for the Canadian Islands Award) hopefully before sunset on June 29th. Activity will be for a couple of days, but their main goal is to participate in the RAC's 2007 Canada Day Contest (July 1st). For details on the rules for this contest, go to:
http://www.rac.ca/downloads/2007CanadaDayContestRulesEnglish.pdf
Activity will be on 80-2 meters, but their main frequencies are: 14260 kHz (daytime), and 3795 and 7260 kHz (during the night). QSL direct to VE3ZF: Igor Slakva, 105 La Rose Avenue, Apt. #803, Etobicoke, Ontario, M9P 1A9 Canada.

NA-140. Operators Steve/NY3A and John/N3DRA will be active from James Islands (Dorchester County, Maryland) as NY3A during the RSGB IOTA Contest (July 28-29th). With this activity they plan to qualify James Island (in the Chesapeake Bay) for the United States Island Award as reference number USI MD-011. Activity will be on 80-10 meters. QSL via NY3A.

SA-077. Brazilian operators Carl/PU1NEZ, Charles/PU1UZH, Tony/PY1AAV, Vieira/PY1LVF, Flavio/PY1NDK, Lima/PY1NEZ and Rick/PY1VOY will be active as PY1ERR/p and possibly as homecall/p from Santana Island (ARLHS BRA-062 and WLOTA-0714), July 12-15th. Operations will be on the usual DX, LH and IOTA frequencies, 80-10 meters, CW and SSB. Activity is in conjunction with the Cultural Center of Scout Movement of Brazil (CCME) in association with the Rio de Janeiro Branch of Brazilian Boy Scout Association (UEB - PY1ERR) as a Scouting Movement Centenary celebration event. QSL Manager is PY1NEZ; either direct or by the Bureau.

KD8, UNITED STATES (USI Op). Operators Dan/KD8DFD and Renice/KD8DWU will attempt to qualify Duck Island (USI MD-030, Washington County, Maryland) in the Potomac River for the first time on July 28th. Activity will be on 40 and 20 meters, mostly SSB, plus 2 meters. QSL via the USI eQSL or the callbook address.

KH3, JOHNSTON ISLAND (Delay and Update). Skipper of the USSV Dharma, Susan Meckley, W7KFI, informed OPDX that she had to return to Honolulu (while enroute to Johnston Island) because of a bad toothache. She stated that it was unbearable, but was glad that she was able to turn around and go back to Honolulu to visit an oral surgeon. Susan will again attempt her trip to Johnston Island in less than two weeks. It will take about a week to travel there. Susan likes to operate and prefer the CW mode (she states "I can get many more QSOs in"); usually 36 kHz up from the bottom of the band (14036, 7036, etc.). She will also operate SSB (ex. 14236 kHz), but can operate most anything upon request. Susan told OPDX that "I have been an active steady since 1952 and will only answer those stations using ENTIRE callsign....three letters are illegal. Might be old and old cranky sailor lady, however at almost 73 (ed. not 70 as first thought), I think I am allowed. Anyway, I am appalled at the lack of common courtesy on the bands anymore.....I don't have that many years left, but I will operate in the 1952 mode......Remember....Life is sexually transmitted." OPDX would like to wish Susan a speedy recovery. Also, once Susan starts traveling again and becomes active, she would like to hear from you as to where to go next in the area she is in. She would like to visit rare DX spots over next 3 years in the South Pacific.

KP4, PUERTO RICO (NA-099). Pietro, IT9OPR, will be active from here between now and June 28th. Activity will be holiday style from the QTH of Flavio, KP4AWX, as well as mobile operation with Pedro, WP4CCQ.

P4, ARUBA (SA-036). John, W2GD, will be active as P40W during the IARU HF World Championship Contest (July 14-15th), CQ World Wide DX SSB Contest (October 27-28th) and CQ World Wide DX CW Contest (November 24-25th). All will be Single-Op/All-Band entries. QSL all activities via N2MM. Logs will probably be loaded on LoTW upon his return to USA.

PC650, THE NETHERLANDS (Special Event). Look for special event station PC650EDAM to be active starting June 19th through July 1st. Activity will be by several operators to celebrate the town Edam's 650th anniversary. QSL via PD3BL. An award is available; see information on the Web page: http://www.veron.nl/afdeling/waterland/
[Click on "Laatste Nieuws"]

4U QSLs AVAILALBE AT HAMRADIO 2007 (in Friedrichshafen). QSLs for the 4U stations for QSOs made after 1985 will be available at the Swiss DX Foundation (SDXF) booth at the "HAMRADIO 2007" in Friedrichshafen, on Friday/Saturday, June 22-23rd. Bring your QSO data with you and please observe the working hours of the QSL Manager which will be published/listed at the booth. The QSL Manager will confirm the 4U1ITU and 4U1WRC QSL cards only if your QSO is in the 4U1ITU online log at: http://life.itu.ch/radioclub/4u1/index.php
(Info HB9BOU-4U1UN, OM1AM-4U1ITU)

AH8DX BUREAU QSLS. OPDX has been advised that QSL cards that go to Craig, AH8DX, via the ARRL 8th District QSL Bureau are being thrown out. Jack, N8DX, who helps sort cards at the 8th area Bureau, reports that AH8DX no longer accepts cards via the W8 Bureau. This is from Geary, KG8DH, who handles the 8th area "D" segment for the QSL Bureau. About half of the cards in the "D" bins are for 8R1EA via AH8DX. So please don't waste your time and your QSL cards sending via the Bureau to AH8DX.

QSLS VIA LOTW: E51QMA, E51TUG, DJ2BW, OE2S, PY7RP, RN3QO, SP1NY, PY7RP and VP2ERV

QSLS RECEIVE VIA MAIL: 1A4A, 3D2TZ, 7O1YGF, 7Q7AM, 9Q1TB, 9U0X, A41LD, FP/K8MM, IA0IPY, JA7QVK/DU7, JJ8DEN/JD1, KH8/AI4VU, N8S, OX60AD, SV2ASP/A, TA2BK, TG9ANF, TL8QC, VU7RG, XT2C, ZK2PR, ZL7/KH0PR and ZM8CW

SV, GREECE. Art, KG6ZWD, will be active as SV1/KG6ZWD/P, July 11-15th and 24-25th from Nea Makri, Attica, Greece. He mentions that he will also be active as SV8/KG6ZWD/P from the Greek Aegean Island of Andros (IOTA EU-067), July 17-23. Activity will be limited because he is on vacation, but look for him on SSB and PSK31 on 40-10 meters. QSL via his home callsign, either direct, ARRL Bureau or eQSL.

WAS SPOTTING/SCHEDULING WEB PAGE. Andy, K3UK, has added an interesting Web site for individuals who are trying to earn their WAS. The Web site is called "The K3UK Worked All States Interactive Sked Page". The site is used for arranging QSOs for WAS . Andy states, "Feel free to post your operating frequency or the state you are looking for. Any modes, any bands."

I just built a new ham radio website that has ebay listings of ham
equipment, the latest ham radio news from all over the world, some

articles about the big three and more.
Come and visit and use the contact page to contact me and tell me what
you think, suggestions or comments would be appreciated.
http://www.amateurradios.info

Thanks,
Bill

DXNL 1524 - Jun 20, 2007
DX Newsletter

a free and weekly service of
DARC Committee "DX and HF contesting"
(http://www.darcdxhf.de)

editor: Helmut Schlaffer, DL7MAE
(e-mail: dxnl@dxhf.darc.de)

translation by: Bob, DL7VOA
(e-mail: dl7voa@darc.de)

C5 - GAMBIA

Darren,G0TSM, is QRV as C52T mostly on 6m from Jun 19-29.QSL via G0TSM.

HB0 - LIECHTENSTEIN

On their way to the HAM RADIO in Friedrichshafen/Germany F2JD, F5JY, F6BFH and N6OX will make a stopover in Liechtenstein. They will be active as HB0/homecalls in CW/SSB on HF and 6m from Jun 19-22.

HP - PANAMA, NA-170

Bert,CX3AN, and Mario,CX4CR, are planning to activate an island in the San Blas archipelago (NA-170) signing HP2/homecalls or 3E2/homecalls from Jun 22-28. With this DXpedition Bert is going to celebrate his "DXCC Full House" which he accomplished with his BS7H QSO. This is already their 15th trip together after activating five continents over the past 20 years.

J7 - DOMINICA, NA-101

J79RM will be the callsign of Rod,NA9N, in CW and digital modes on HF between Jun 28 and Jul 5. QSLs via his homecall.

KH3 - JOHNSTON ISLAND, OC-023

Susan,KH3/W7KFI, should have appeared on the bands last weekend already but strong toothache forced her to return to Honolulu only shortly after leaving the port. She wrote this brings her a delay of two weeks but you can expect her to show up from Johnston (OC-023) for one week around Jun 30. Her preferred frequencies in CW are 36 kHz from the band edge and in SSB 14.236. Her QSL manager is K6FAF.

KH6 - HAWAII, OC-019

Setsu,JL1UXH (KK2H), and his XYL Maki,7L4FSR, are working from Oahu from Jun 19-22. The call of their "holiday style" DXpedition is KK2H/KH6 and can be found mainly on the WARC bands (also in RTTY) and on 6m. QSL via JL1UXH.

OZ - DENMARK

New prefixes have been issued in Denmark this March. Besides of OZ following prefixes were assigned to amateur radio: OU, OV, 5P and 5Q. The new call of Joergen,OZ8AE, will be OV3X. He has participated in the WPX CW Contest as 5P1ER a few years ago and received many QSLs for HP1ER afterwards.

3A - MONACO

Eli,N6PF, is celebrating his 60th birthday with a DX trip. He will be guest OP of Laura,3A2MD, signing 3A/N6PF from Jun 25-30. QSLs via N6PF.

3V - TUNISIA

Matthias,DD9HK, will be guest OP at the clubstation 3V8SS from Jun 21 until Jul 5. QSLs ONLY for this operation of 3V8SS via DD9HK.

5B - CYPRUS, AS-004

Mike,G0HIO, will stay on Cyprus (AS-004) from Jun 23-30. He will work with 100 watts and wires signing 5B/G0HIO in CW only. Skeds can be arranged via e-mail to g0hio@tesco.net

FRANCE, SPECIAL EVENT STATION

TM0GP is working from the Formula 1 race course in Nevers Magny-Cours between Jun 18 and Jul 1. QSLs will be sent via bureau automatically.

THE NETHERLANDS, SPECIAL EVENT STATION

The famous cheese city Edam is celebrating its 650th anniversary at the moment and the special event station PC650EDAM (QSL via PD3BL) is active until Jul 1. See also: http://www.veron.nl/afdeling/waterland

LINKS: Online logs of 3B7SP can be found at the following address:
http://3b6.godx.eu/index.php?option=com_searchlog&Itemid=68

Like every year there will be a DXCC checkpoint at the HAM RADIO in Friedrichshafen. All information you need about that can be found at:
http://www.arrl.org/blog/DXCC%20Dialog

Current SOTA activities (mountain summits) are announced at:
http://sotawatch.sota.org.uk/activations.php   or
http://sotawatch.sota.org.uk/spots.php

UPCOMING CONTESTS

Jun 23/24: King of Spain Contest

IOTA collected by Fredy,DE0MST (e-mail: iota@dxhf.darc.de)

Island activities:

EU-050, IL7, Tremiti Islands: Antonello,IL7/IK2DUW, is working from the island San Domino (IIA FG-001) until Jun 23. QSL via homecall (d/b).

EU-102, UA1, Pechorskoye Sea Coast Centre Group: UE1RFF/1 (QSL via UA1RJ) activated by Albert,UA1PBU, and Mike,UA1QV, is QRV from Jun 21-24.

EU-121, EI, Irish Coastal Islands: EI/G3ZAY/p, EI/M0HSW/p and EI/M0TJH/p will be QRV from Inishbofin Island from Jun 25-27. QSLs via homecalls.

Announced operations for the IOTA Contest 2007 (July 28/29):

Callsign	Island	IOTA
IH9/IT9BLB	Pantelleria	AF-018
4X7AZ	Akhziv	AS-100

Oh sure, a "10 Meter Radios for the Professional driver" with "echo" and "talk back".

That's NOT a 10 meter radio with a 40 channel selector knob! That's a CB in disguise.

SB DX @ WW < KB8NW $OPDX.814
Ohio/Penn DX Bulletin No. 814

The Ohio/Penn DX PacketCluster
DX Bulletin No. 814
BID: $OPDX.814
June 25, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5LBU, W7KFI, K8YSE, N8DX, K9CS, Pete's-DX-Newsdesk, DK8JB, DL6KAC, DL7MAE & The DX News Letter, E21EIC, EA3GHZ, EA5RM, F5NQL & UFT, G0IAS, G0SFJ, I1JQJ/IK1ADH & 425 DX News, IK0REH, M0RNR, OE1WHC, RSGB IOTA, TA3YJ and VA3RJ & ICPO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 17th/June, through Sunday, 24th/June there were 199 countries active. Countries available: 3A, 3B7, 3B8, 3B9, 3D2, 3V, 3W, 4J, 4L, 4S, 4U1I, 4X, 5B, 5H, 5N, 5R, 5V, 5X, 5Z, 6Y, 7X, 8P, 8R, 9A, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9V, 9X, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, CE, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, J7, JA, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P4, PA, PJ2, PY, PZ, R1FJ, S5, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V4, V5, V7, V8, VE, VK, VK9L, VK9N, VP2V, VP8, VP9, VQ9, VR, VU, XE, XU, XW, XX9, YA, YB, YK, YL, YN, YO, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD8, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3A, MONACO. Operator Slavo, SP2JMB, will be active as 3A2/SP2JMB between June 26-28th. Activity will be on 40m to 70cm on CW and SSB.

3B7, ST. BRANDON ISLANDS (DXpedition Update). DXpedition was expected to go QRT at/around 0600z, June 21st; QSL via SP9SX. For more details, updates and the log, visit the 3B6SP Web page at: http://3b6.godx.eu/

5X, UGANDA. Vladimir, UA4WHX, has left Rwanda and is once again active as 5X1VB. As always there is no indication on how long he will be there. He was heard this past weekend on 80/17/12 meters mostly CW. We were told by Allan, G0IAS, that Vlad wants to visit with Graham, 5X1GS, but it seems that Graham is in the UK at the present time. QSL via his home callsign, direct or by the bureau. It is recommend to send direct cards after his travels.

9X, RWANDA. Antonio, EA5RM, has announced that a multi-national team is planning to be on the air from Kigali this summer. Details will be announced later. Stay tuned!

A2, BOTSWANA (Update). Frosty, K5LBU/A25CF, announced this past week that his team operators will use the possible following SSB frequencies during their July 6-20th (possibly the 5th) operation:

Transmit	Receive
1840	1845-1850
3790	3800-3810 also up at 3850-3860
7075	7185-7195
14220	14225-14230
14265	14270-14275
18145	18150-18155
21270	21275-21280
24935	24940-24945
28450	28455-28460
50110	50110

Frosty says that he has not received the CW frequencies from the CW operators on the team yet. He also mentioned that the team has been issued the callsign of A25HQ to use in the IARU Contest next month.

C5, THE GAMBIA. Andre, ON7YK, will once agin be active as C56YK from September 14-27th. Activity will be on 80-10 meters and also on 6 meter SSB. QSL via the info on QRZ.com.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Manager, reports:
"The 2006 DXCC Yearbook - Jun 22, 2007 16:19 ET
The 2006 DXCC Yearbook is now at the printer and it is expected to 'hit the streets' in mid to late-July. While this is a little later than usual it is still within the DXCC timeframe for this publication.
In order to receive the free publication you must:
* Be current on the DXCC Honor Roll during the 2006 calendar year, or,

* Have made at least one submission to DXCC during the calendar year period of January 1 through December 31, 2006.

If you are not in the above categories, copies of this, and all editions back to the 1993 start, are available for $8.00 each (Includes postage). Contact DXCC for questions. 73 es DX!"

E2, THAILAND. Champ, E21EIC, informs OPDX this past week that he will be going to south Thailand on June 20th. He will operate as E21EIC/8 until June 30th. JA stations QSL via JR5XPG; all others via E21EIC.

FS & PJ7, ST. MARTIN AND ST. MAARTEN ISLANDS (Update/Survey). Operators Marq/CT1BWW, John/EA3GHZ and Tomas/EA5YH will be active as FS/homecall and PJ7/homecall between July 15-25th. The trio (with their XYLs) will start their activity on the French side of the island but will make visits to the Dutch side throughout their stay. Activity will be on 80-6 meters, CW, SSB and the digital modes. QSL via their home callsigns. Visit their very interesting Web page at:
http://www.dxciting.com/index.htm
They have also added to their Web page a survey to determine what bands and modes are needed the most for each entity. During their operation, visit the DXFUN Web page for updates, photos and logs. Their survey is also available on this Web page too.

HAMIGG (Ham Social Forum). Christian, DL6KAC, informs OPDX about a new project he has started last week called HAMigg (http://hamigg.de). It is a social bookmarking platform similar to digg.com (therefore HAMigg = Ham Radio + Digg). Christian states, "The big difference is HAMigg is limited to ham radio and technical topics only. In my opinion, Digg.com and all other platforms are heavily congested and it is really difficult to find the 'good stuff'. HAMigg is an effort to change this a bit. The idea is the following: Users can submit interesting stories or articles which they have found on the internet (DX news, websites, ham software [freeware], ham radio news in general etc.). Other users can vote on these stories via an interactive voting system. Submissions or articles which receive a lot of positive votes will rank high, others will rank lower, helping to sort the submitted articles. RSS feeds are available so that users can easily subscribe and stay updated once new submissions are online. In a nutshell it's all about content for hams by hams." Christian has compiled a more detailed write-up about the new project at:
http://ham-blog.de/radio-blog/2007/ham-radio-goes-diggcom-hamigg/

HB0, LIECHTENSTEIN. Pierre, HB9QQ, will be active as HB0/HB9QQ between June 29th and July 2nd and again between July 6-9th. Activity will be on the HF bands, 6 and 2 meters. QSL via his home callsign.

IOTA NEWS............................

AF-019. Giuseppe "Joe", I2AZ, is now active as IG9/I2AZ from Lampedusa Island (IIA AG-001). The length of his stay is unknown. I2AZ is only active on CW. QSL via the Bureau.

AF-104. (NEW ONE!) Operators Ivan/OM3CGN, Robert/OM1KW, Afif/7X2RO, Youcef/7X2HF, Sofiane/7X2GF, Faouzi/7X2FB, Frantise/7X0RY and Yves/7X0MT are expected to be active as 7U5CI from Cavallo Island in the Mediterranean Sea Coast East Group for the first time between June 23-28th. They plan to have three stations active with a spiderbeam and wire dipoles. Activity will be on 160-6 meters on all modes. This island is located between Bejaia and Jijel. QSL via OM3CGN.

AS-155. Operators Bill/BV8BC, Bob/BV8BQ, Cheng/BX8AAA, Chan/BX8AD, Max/BX8AE, and Ryan/BX8AG will be active as BV9G from Green Island (also known as Lu Tao, WLOTA LH-0495) during the RSGB IOTA Contest (July 28-29th). QSL via BV8BC.

EU-008. Members of the Cockenzie and Port Seton Amateur Radio Club (CPSARC) will once again operate from the Isle of Tiree (IOSA NH04, WAB NM04), the most westernly part of Scotland's Inner Hebridean Islands, during the RSGB IOTA (Islands on the Air) Contest which runs from 1200z, July 28th to 1200z, July 29th, using the clubs special contest callsign GM2T. Pre-contest activity members will be signing as MM0CPS/P. CPSARC heavily supports newcomers to their wonderful hobby and has a large number of newly licensed members who are actively encouraged to participate in their contest effort, whether experienced or not. This way, not only does their hobby benefit from new operators, but contesting benefits as they invariably become bitten by the contest bug. This year's team consists of: Cambell/MM0DXC, Bob/GM4UYZ, John/MM0JXI, Brian/M0RNR, John/MM0CCC, Landles/GM4XZZ, Willie/MM0WZZ, Iain/MM1CPP, Gary/MM0FZV, Gareth/M3INO, Derek/MM0WST, Colin/2M0CRR, Moe/MM0MRM, Geoff/MM5AHO, Ellis/GM4GZW and Innes/GM4VJV. QSL GM2T via the Bureau, or their QSL Manager GM4UYZ, by the Bureau or direct. Details are available at: http://www.qrz.com/gm2t
For details about CPSARC, visit their revamped Web site at:
http://www.cpsarc.com

EU-031. Operators Luigi/IK8HCG, Salvatore/IK8UND, Mauro/IN3QBR, Walter/IZ8FDG, Walter/IN3XUG, Virgilio/IC8OZM and Paolo/IC8DAK will be active as IC8R from Procida Island (IIA NA-002, MIA MI-080) during the RSGB IOTA Contest (July 28-29th). QSL via IC8OZM.

EU-042. Manfred, DF7FC, will be active as homecall/p from Langeness Island (N-19 for the German Islands Award) during the RSGB IOTA Contest (July 28-29th). His activity will be SSB only, with 100 watts. QSL via his home callsign; bureau is preferred.

EU-057. Joachim, DL5KUD, will be active from Ruegen Island (O-07 for the German Islands Award) during the RSGB IOTA Contest (July 28-29th). QSL via DL5KUD; bureau is preferred.

EU-115. Dez, G0DEZ, will be active as EI9JQ from Ireland during the RSGB IOTA Contest (July 28-29th). Activity will be on 80-10 meters, but low power. QSL via G0DEZ.

EU-123. Operators Colin/MM0NDX and Ian/GM1RIG will be active as homecall/p from Cramond Island during the RSGB IOTA Contest (July 28-29th). QSL via their home callsigns, direct only.

EU-127. Operator Jo, DL5AUA, will be active as homecall/p from Neuwerk Island (N-12 for the German Islands Award, ARLHS FED-165, TWLHD WLH DL-019, WLOTA LH-2311) during the RSGB IOTA Contest (July 28-29th). QSL via his home callsign.

EU-128. Holger, DL5XAT, will be active as homecall/p from Fehmarn Island (O-01 for the German Islands Award) during the RSGB IOTA Contest (July 28-29th). QSL via his home callsign.

EU-129. Members of the club station "des OV Konigs Wusterhausen" (DL0KWH) will be active as DL0KWH/p from Usedom Island (0-13 for the German Islands Award) during the RSGB IOTA Contest (July 28-29th) as a Multi-Op CW and SSB entry. QSL via DL0KWH; bureau is preferred.

EU-129. A team of German operators will be active as DR6IOTA from Usedom Island (0-13 for the German Islands Award) during the RSGB IOTA Contest (July 28-29th). QSL via DM5DX.

EU-146. Operators Hans/PA1BX, Jochen/DH5HV, Joe/ON4JZ, Andre/ON4PH, Jim/ON5UM, Luc/ON6LUQ, Geert/ON7GF, Francis/ON4CFQ and possibly others will be active as PA1BX/p from Schouwen Duiveland during the RSGB IOTA Contest (July 28-29th). QSL via PA1BX.

EU-146. Operators Hans/ON4ASG, Dan/ON4ON, Harvey/ON5SY, Dries/ON6CX, Pat/ON7PQ and Jean-Marie/ON7XT will be active as PA/OQ1C/p from Schouwen Duiveland during the RSGB IOTA Contest (July 28-29th). QSL via ON4ON.

EU-170. Operators Miko/9A4ML, Ivica/9A2HW, and Igor/9A4CD will be active as 9A9Z/p from Pasman Island (IOCA CI-085, CIA-34, ACIA IC-348) during the RSGB IOTA Contest (July 28-29th). QSL via 9A1ADE; bureau is preferred.

EU-088. Ric, DL2VFR, will be active as OZ/DL2VFR from Laeso Island (NK-003 for the Danish Islands Award), and possibly Hornfiskroen Island (NK-005 for the Danish Islands Award), from June 24th and July 1st. Activity will be on all HF bands, CW and SSB. QSL via his home callsign, direct or by the bureau.

EU-121. Look for operators G3ZAY, M0HSW and M0TJH to be active as EI/homecall/p from Inishbofin Island in the Irish Coastal Islands Group from June 25-27th. QSL via their home callsigns.

NA-046. Howie, K1VSJ, will be active as K1VSJ/p from Martha's Vineyard (USI MA-005S, Dukes County, Massachusetts, WLOTA 2804), during the RSGB IOTA Contest (July 28-29th). QSL via his home callsign.

NA-196. Operators Pete/VE3IKV and Bill/W4TAA will be activating Belcher Islands in CQ Zone 2 (VY0 Nunavut Territory), using the special callsign authorized by Industry Canada, VF0X, between June 29th and July 4th. Activity will be on HF and 6 meters, CW and SSB. QSL is via VE3IKV, direct (quick) or by the bureau (slow).

SA-027. Bone, PP5VX, will be active from Sao Francisco Island (DIB 08 for the Brazilian Islands Award) during the RSGB IOTA Contest (July 28-29th). QSL via the address on QRZ.com.

KH3, JOHNSTON ISLAND (Delay and Update). Skipper of the USSV Dharma, Susan Meckley, W7KFI, who got sidelined from her trip to KH3-land because of her bad toothache, has informed OPDX that she had to have jaw surgery. The almost 73 year old grandmother states, "boy does it hurt today...anyway it was 1366.48 USDs....wow." Susan states it will take her a week or so to recuperate, then she will be off for KH3 and V7 again. She indicated that she wants to (has to) "leave Honolulu well before August as the hurricanes start coming this far west in August." She estimates to look for her to be active from KH3 on 14036 and 14236 kHz during the last week of July or the first week of August.

LZ, BULGARIA (Bird Op/Possibly YO). Andy, G0SFJ, hopes to operate as LZ/G0SFJ/P again, this time from the Rhodopi Mountains south of Kardjali between August 12-14th. He will be at the Astrocamp there. His equipment will be a FT-51R (QRP) and a trusty Arrow on AO51 and SO50. ADDED NOTE: Andy will be taking a train to Bucharest, Romania, and he needs a partner/supporter in Bucharest to help him operate as YO/G0SFJ/P in a public park in Bucharest on Saturday and Sunday, August 18-19th. Andy states, "Without a partner in YO I will not feel secure in operating there, and I might not take my equipment at all." If you can help him, E-mail him at the following addresses to make arrangements:
andythomasmail AT yahoo.co.uk
andythomasmail AT gmail.com

OE16, AUSTRIA (Special Event). The Amateur Radio Section of ORF (Austrian Broadcasting Corporation) and the Documentary Archives Radio

Communication/QSL Collection will activate the unique callsign OE16B between August 31st and September 9th. This special event station is on the air to celebrate the Papal visit of Bendedikt XVI to Austria. QSL only direct via: ORF/OE16B, A-1136 Wien, Austria,. This is a charity operation for the El Molo Mission and School in Kenya*. Therefore, the special QSL will only be issued for a donation (at least 1 new IRC or 1 USD). All other reports will be answered with a plain QSL via the Bureau. * http://www.ppoe.at/leiter/themen/hhh07/hhh07/hhh_infos.html

PACIFIC TRIP (IOTA Op). Karl, N1DL, who was active from various Caribbean locations last year, will be active from various French Polynesian Islands as FO/N1DL and as E51ADL from Rarotonga (OC-013), South Cooks Islands, this year between June 27th and July 11th. His activity will be limited because he is on holiday, but look for operations to be on most bands and all modes. QSL via his home callsign.

PJ2, NETHERLAND ANTILLIES. Operators Carsten/DL6LAU, Jan/DJ8NK and Joachim/DL8OBQ will be active from Curacao Island (SA-006, WLOTA LH-0942) as PJ2/homecall, July 9-16th. The trio will also participate in the IARU HF Contest (July 14-15th) as PJ2HQ, a Multi-Multi entry. QSL via their home callsigns. QSL PJ2HQ via N9AG or LoTW.

QSL INFO AND NEWS....................

QSL routes provided by Johannes, DK8JB, and Tedd, KB8NW:

6M0W via HL5BMX
7J2YAF via JA1KSO
AO5JK via EA5JK
GM6NX via GM4UYE
GX5BK via G3SNN
IZ1LBG via IW1ARB
KB1OVL via E21EIC
W1/E21EIC via E21EIC
W3/E21EIC via E21EIC
W4/E21EIC via E21EIC

Champ, E21EIC, informs OPDX that QSLs for XW1A, XW1LLR, XW1IC, E21EIC/P and E21EIC received between March and June 10th have all been answered.

3V8SS. Dan, IK0REH, was recently active as 3V8SS between June 5-17th. Activity was on the HF bands "CW ONLY". He made 1100 QSOs from Hammam Sousse (in the Sousse Province) at the Maison de Scout Tunisienne. QSL "this operation ONLY" via IK0REH and "DIRECT ONLY". Donations are welcome to help spread ham radio in Tunisia. Dan thanks Mustapha, DL1BDF, for his efforts and help in Tunisia.

QSLS VIA LOTW: 4U1ITU, 7Z1HL, DP9Z, E51TUG , EA7FIQ, FY/G3SXW, FY/G3TXF, GM4WZL, P40L, PY5EW, RA4LW, SM2CEW, T97C, TF/G4EDG/P, TF/G4ELZ/P, VP8LP and VR2PX

QSLS RECEIVE VIA MAIL: 3B9/G3TXF, 3C0M, 5H1Z, 5W0CK, C21HC, C98BWW, ER1DA, ER/RW3AH, GB5HQ, J20SA, JT1BV, KH7DX, KH8/K6SRZ, T20HC, V26B, VK9DNX, VU7MY, VU7RG, W1AW, XF4DL, XT2C, OY3QN, ZF1A and ZL2PR

SV9, CRETE (EU-015). Operator Theo, SV1EJD, will be active as SV9/SV1EJD, July 3-17th. Activity will be on 80-10 meters SSB and RTTY. QSL via IZ8CCW, direct or by the Bureau.

VP2E, ANGUILLA (Interesting Callsign). Look for Jim, WB2REM, to operate with a special four letter suffix callsign, VP2EREM, from here between June 28th and July 8th. Activity will be on 80-10 meters CW and SSB. QSL via his home callsign.

VP2M, MONTSERRAT. Operators Larry/K3VX, Greg/K4NO, Lee/K7NM, Howard/AK9F, Don/K9NR and Carl/K9CS (VP2MSC) plan to be active from here between November 20th and December 3rd. Activity will include entries in the CQWW DX CW Contest (November 24-25th) and ARRL 160 Contests (November 30th-December 2nd). Callsigns and other info will be forthcoming. QSL via K9CS.

VY2, CANADA. Tom, KV8Q, will be active as VY2/KV8Q from Prince Edward Island from July 11-16th. Activity will be mainly CW. He will also be in the IARU HF World Championship Contest (July 14-15th) as a Single-OP CW entry. QSL via KC8UR.

YM1907, TURKEY (Special Event/Prefix). To celebrate the 100th anniversary of Fenerbahce Sports Club, look for Berkin, TA3J, to be active using the special callsign YM1907FB, which was authorized by the Turkish Republic Telecommunication Department of Istanbul Site Management, between 1907z, July 19th and 1907z, August 2nd. Activity will be on 160/80/40/20/15/10/2 meters and the WARC bands on all modes. QSL via TA3YJ, direct or by the bureau. For direct QSLs, please send only SASE and 1 IRC (2006 version) with your QSL card, no green stamps please. SWL QSL cards are OK. No eQSL. Visit the Web page:
http://www.qsl.net/ta3j/ym1907fb

If these people are unable to pass the simple FCC tech test, (and use 10M
legally) are they even smart enough to be allowed to drive a truck on the
roads?

Last time I checked, they don't let the FCC issue licenses of any real
importance or consequence--that is up to the DMV of each state, isn't it?

Wrong kind of license. Your thinking of drivers license and the
discussion is about a license to transmit on federally controlled
frequencies.

You can now go back into your hole and vegitate.

james

and that has what to do with FCC regulations? NOTHING!

laugh it off now. but when your bank account gets hit, you won't be
laughing.

oh yeah, unrelated newsgroups have been culled.

yep.
and he wonders why no one takes him seriously? :)

DXNL 1525 - Jun 27, 2007
DX Newsletter

a free and weekly service of
DARC Committee "DX and HF contesting"
(http://www.darcdxhf.de)

editor: Helmut Schlaffer, DL7MAE
(e-mail: dxnl@dxhf.darc.de)

translation by: Bob, DL7VOA
(e-mail: dl7voa@darc.de)

HB0 - LIECHTENSTEIN

Pierre,HB9QQ, will go on top of the Sareiserjoch in Malbun (2015m asl) from Jun 29 until Jul 2 and again from Jul 6-9. Pierre will be active as HB0/HB9QQ on HF, 6m, 2m and via meteor scatter. QSLs via HB9QQ.

HL7 - SOUTH KOREA

Since Mar 30 HL7WR is handing out the prefix HL7 for the first time on the bands (until Jul 2). This special event station has been put up for the "World Rafting Championships 2007" (http://www.2007wrc.com) which takes place in Sangdong-Ri/Inje from Jun 27 until Jul 2. HL7WR is working in SSB/CW/FM/digital modes on 80-6m. The QSL Manager DS2UAL confirms the QSLs direct or via the bureau.

HZ - SAUDI-ARABIA

After the deregulation of amateur radio there are about 100 licensed amateurs in Saudia-Arabia now. Class 1 licensees (HF and VHF) are using the prefixes HZ1 or 7Z1, HZ2 stations have licenses class 2 (VHF only). They are also allowed to work on HF when using the station of a license class 1 holder. Operation on 6m, 30m and 80m is not allowed in Saudi-Arabia. If you have worked 7Z1AB, HZ1AB, HZ1HZ or members of the royal family in former times you do not have to worry about your DXCC credit because these stations had a special permission until 2004. The same applies to 7Z5OO who was working as a private teacher for the royal family and had a special license as well. Only few HAMs are really active on the bands but most of them are foreign nationals. There is no amateur radio society or a QSL bureau in Saudi-Arabia.

KH3 - JOHNSTON ATOLL, OC-023

A second try of Susan,W7KFI, to leave Honolulu for the Johnston atoll had to be cancelled again. The lusty 73-year old yachtswoman had to return to the island again to attend a dentist. However she has to leave Honolulu before the hurricane season starts in August. Now Susan thinks that she may show up as KH3/W7KFI during the last week of Juli or the first week of August.Her preferred QRGs are 14036 and 14236 kHz.

OJ0 - MARKET REEF, EU-053

Three to four different OPs will be QRV in CW/SSB/digital modes on 160-2m. They will sign OJ0/homecall from Market Reef (EU-053) from Jul 5-9. More information is not available yet.

R1F - FRANZ JOSEF LAND, EU-019

Victor,UA4RC, the QSL manager of R1FJT writes that a few scientists will do some researches on Franz Joseph Land from Jul 15 until Aug 20. Eugene,R1FJT, will give his complete log to a scientist. As soon as Victor has the logs he will start sending out the QSLs. R1FJT is operating a beacon on 24.898 and 28.012 MHz running in 15min intervals every day from 1830 UTC.

SV9 - CRETE, EU-015

Theo,SV9/SV1EJD, announced to be QRV in SSB and RTTY on 80-10m from Jul 3-17. His QSL manager is IZ8CCW, via bureau or direct.

VP2E - ANGUILLA, NA-022

Common trends are not for everyone. This applies also to Jim,WB2REM, who is expected to show up in CW/SSB on 80-10m signing VP2EREM from Anguilla (NA-022) between Jun 28 and Jul 8. QSL via homecall.

3A - MONACO

Slavo,3A/SP2JMB, is working in CW/SSB on 40m-70cm from Jun 26-28.

5X - UGANDA

Vladimir,UA4WHX, has left Ruanda and is now active from Uganda signing 5X1VB. Last weekend he appeared mostly in CW on 80/17/12m. The length of his stay is unknown. QSLs via UA4WHX, direct or via bureau after his return.

N1DL SOUTH PACIFIC TRIP

Karl,N1DL, is sailing with his yacht through the South Pacific between Jun 27 and Jul 11. He starts working in CW/SSB as FO/N1DL from several islands in French Polynesia and will hit the airwaves as E51ADL from Rarotonga (OC-013, South Cook) later. QSLs via his homecall.

RUSSIA, SPECIAL EVENT STATION

Gerhard,DL6XK, will operate from a clubstation in Swerdlowsk signing UE9CXK from Jul 1-15. QSLs via DL6XK (ONLY via bureau).

LINKS: If you are looking for more information about a specific call try this site of collected callbooks: http://ac6v.com/callbooks.htm#DXCALL

Current SOTA activities (mountain summits) are announced at:
http://sotawatch.sota.org.uk/activations.php or
http://sotawatch.sota.org.uk/spots.php

UPCOMING CONTESTS

July 1: RAC Canada DX RTTY Contest

IOTA

collected by Fredy,DE0MST (e-mail: iota@dxhf.darc.de)

Island activities:

AF-104, 7X, Grand Cavallo Island/Mediterranean Sea Coast East Group: This new IOTA counter is activated by 7U5CI in all modes on 6-160m until Jun 28. The team of Ivan,OM3CGN, Robert,OM1KW, Afif,7X2RO, Yves,7X0MT, Youcef,7X2HF, Sofiane,7X2GF, Faouzi,7X2FB, and Frantise,7X0RY, is working with three stations, spider beams and wires. QSL via OM3CGN.

AS-100, 4X, Israel Group: The Holyland DX Group (4Z4KX, 4Z5LA, 4X6HP, 4Z5FI, 4X1VF) will be QRV as 4X7AZ from Akhziv Island on Jul 28/29 including participation in the IOTA Contest. QSL via 4Z5LA.
More information can be found on: http://www.4z5la.net/4x7az

AS-151, BY2, Liaoning Prov. W. Group: Zhang,BD3APX, will be QRV as BD3APX/2 from Juhua Island from Jun 29 until Jul 1. QSL via homecall.

EU-006, EI, Aran Islands: EI/G3ZAY/p, EI/M0HSW/p and EI/M0TJH/p are working from Inishmore Island from Jun 27-29. QSLs via homecalls.

NA-091, VE7, BC Prov. South Group: Heinz,VA7AQ, is very active from Quadra Island (BC-006) between Jul 26 and Aug 1. QSL via homecall.

John,VE7JZ, is working from Minstrel Island in SSB and digital modes on 20m/15m until Aug 1. QSL via VE7JZ.

NA-196, VY0, Nunavut Group: VE3IKV and W4TAA plan to hit the airwaves in CW/SSB on all bands signing VF0X from CQ zone 2 between Jun 29 and Jul 4. QSL via VE3IKV (d/b).

JIIA: If you want more information about the "JIIA Activity Year" lasting until the end of 2007 please ask Yuki,JI6KVR (ji6kvr@dance.ocn.ne.jp). This is to celebrate the 5th birthday of the "Japanese IOTA Islands Award" (JIIA). The JIIA diploma is awarded for at least ten contacts with Japanese islands.

Really? Check out   http://www.arrl.org/FandES/field/org/oo.html . Illegal users of the ham bands get a nice letter from FCC asking them to stop and telling them where to mail the $10,000 fine. They prolly only catch one in ten, but it could be you!

WANTED: SCHURR Einhebel or other Single-Lever Paddle

I am looking for a Schurr model Einhebel or other single-lever paddle/ key. I am thinking in terms of the European type paddle with the heavy metal base. It should be in good operating condition. I would also consider a BUG.

Thanks,
Bill

Ohio/Penn DX Bulletin No. 815

The Ohio/Penn DX PacketCluster
DX Bulletin No. 815
BID: $OPDX.815
July 2, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q, NG3K, W3UR & The Daily DX, K4VUD, N4AA & QRZ DX, N4GN, K8MR, K8YSE, Pete's-DX-Newsdesk, 5B4FL, 5B4MF, CX3CE, DH7SA, DJ7IK, DK8JB, DL7MAE & The DX News Letter, F5NQL & UFT, F6AJA & Les Nouvelles DX, GW0ANA, HA0HW, I1JQJ/IK1ADH & 425 DX News, IZ8EDJ, JA1BPA, JA1ELY, JI6KVR & IOTA JA NEWS, OK1FJD, RSGB IOTA, ST2NH, SV5DKL, UA4WHX, UT9FJ, VA3RJ & ICPO and Z35M for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 24th/June, through Sunday, 1st/July there were 200 countries active. Countries available: 3A, 3B8, 3V, 3W, 4J, 4L, 4O, 4S, 4X, 5B, 5H, 5N, 5R, 5U, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9U, 9V, 9Y, A3, A4, A5, A6, A7, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EZ, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J3, J6, J7, JA, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OJ0, OK, OM, ON, OX, OZ, PA, PJ2, PY, PZ, R1FJ, S5, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TJ, TK, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP8, VP9, VQ9, VR, VU, XE, XU, YA, YB, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD8,, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3D2, FIJI. Tomas, LY1DF, will be active as 3D2F between August 28th and September 4th. Activity will be on 80-17 meters, mostly CW. This will include an entry in the All Asia DX SSB Contest (September 1-2nd). His alternative callsign is 3D2TM. QSL via LY1DF (QRZ.com). Visit his Web page at: http://www.qrz.lt/ly1df/

3G100, CHILE (Special Event). Claudio, CE1VIL, will be active using the special Chilean callsign 3G100S between now and August 1st. Activity is to commemorate the 100th anniversary of Scouting movement. QSL via XQ1KY, direct or by the bureau. For more information, visit: http://www.ce1rkv.cl

4O, MONTENEGRO. Look for David, OK1FJD (OK6DJ), to be active as 4O6DJ on a small expedition between July 7-14th. Activity will be on HF including the WARC bands and 6 meters. His rig will be a FT857 into a vertical and dipoles. QSL via OK6DJ.

8N, JAPAN. Kazunori "Icko", JA1BPA, reports that for the 2007 IARU HF Championship, the JARL will establish 5 HQ stations in various regions of Japan (IOTA AS-007). Each station may be heard on other bands than specified below outside the Contest during the week of July 9th. All QSOs will be QSLed automatically via the bureau. Look for the following stations on the various bands and modes and loctions:

Callsign	Bands/Modes during the Contest	Location
8N1HQ	20 meters CW, 10 meters Phone	Kimitsu City, Chiba
8N1HQ	160 meters CW, 15 meters Phone	Minato Ku, Tokyo
8N3HQ	80 & 20 meters Phone, 15 meters CW	Nara City, Nara
8N3HQ	40 meters CW	Kobe City, Hyogo
8N4HQ	80 & 10 meters CW, 40 meters Phone	Okayama City, Okayama

8Q, MALDIVES. Operator Al, JA9APS, will be active as 8Q7NK between July 6-9th. This is a family vacation. Al hopes to operate on 40-6 meters, SSB, CW and RTTY, using a TS-570S and R8 vertical. QSL via his home callsign. Direct address is: Narumi Kawai, 1-10-14 Suwanokawara, Toyama, 930-0088 JAPAN.

B1, CHINA. Jacques, F6HMJ, will be one of the team members for station B1HQ for the IARU HF World Championships Contest (July 14-15th). He is expected to be on 20 meters CW. Outside the contest he will be signing BY1TX/F6HMJ during his free time.

CN, MOROCCO. Claude, F5OGE, will be traveling throughout Morocco between July 13-29th and is expected to be active as CN2GE or CN2GE/m. His trip begins in Tangiers, and after he will go through Rabbat, Marakech, Benni Mellal, Fes, Tetouane and then back to Tangiers again. Activity will be mainly on 40 and 20 meters CW/SSB. Look for him during his early morning and late evenings hours (Morrocan time). While traveling mobile during the daytime, Claude will sometimes sign as CN2GE/m. ADDED NOTE: While on his way to Morocco (July 10-11th), and when traveling back home (July 29-30th), look for Claude to sign as F5OGE/m and EA/F5OGE/m. QSL via F5OGE, either direct or by the bureau.

EA8, CANARY ISLANDS. Hans, ON6ZK, will be on a holiday operation from the Island of Tenerife (AF-004) between August 15-22nd. He states that he will operate from his hotel room with a FT897 with 25 watts only, mainly on 20 and 17 meters SSB. The antenna is a telescopic antenna (only about 1.5 meters in length). Look for him to sign EA8/ON6ZK from Arecas Tenerife. He will also try to activate the Teide mountain, probably on August 18th on 20 meters SSB. QSL via the bureau to ON6ZK.

HP2, PANAMA (IOTA Op Extended). Members of the Uruguay DX Group who are currently active from Wichubwala Island in the San Blas Province Group (NA-170) have extended their operation until July 6th. Operators are: Mario/CX4CR, Bert/CX3AN and Gus/CX2AM. Look for them to sign HP2/homecall. Activity will be on 80-6 meters CW, SSB and the digital modes. QSL via CX2AM. For more info, please visit their Web page at:
http://cx2an.servehttp.com/hp2

GB7, ENGLAND. Members of the RSGB will activate a special callsign for the upcoming IARU HF Championship. Look for the special callsign GB7HQ to be active between 1200z, July 14th and 1200z, July 15th, on 160-10 meters CW and SSB (contest bands). A list of the operators and host stations can be found at: http://www.gb7hq.com/2007/2007-Ops-List.html Also, a special awards program is availabe and details can be viewed at: http://www.gb7hq.com/Award-Info.html

IOTA NEWS.................................

AF-004. Operator Andrew, G7COD, will be active as EA8/G7COD/A from Playa Del Cura on the Island of Gran Canaria (S-005 for the Spanish Islands Award, WLOTA LH-0969), between now and July 7th. Times of operation will be every day between 1130-1330z and 1600-1815z. Suggested frequencies to be used are as follows +/- 10 kHz to allow for QRM: 14233, 18133, 21253 and 24953 kHz SSB. He may use CW dependent upon propagation. QSL via G0OYH, by the bureau or direct.

AF-019. Giuseppe "Joe", IT9RBW, will be active as IT9RBW/IG9 from Lampedusa Island (IIA AG-001) during the CQ World Wide DX SSB Contest (October 27-28th) as a Single-Op/Single-Band 10m entry.

AS-120. The Nicosia Amateur Radio Club (5B4NC) is planning to activate one of Cyprus Coastal Islands (possibly Agios Georgios) between July 27-29th. Callsign, QSL info and other details will be announced at a later date.

AS-193. Mohamad HZ1MD, was active from Frasan Island for four days this past week/weekend. QSL via PA2V.

EU-028. Simone, IZ4DYQ, will be active as IA5/IZ4DYQ from Elba Island (IIA LI-001, MIA MI-022, WLOTA LH-0609), July 2-13th. Activity will be mainly SSB on 20 and 40 meters. QSL via his home callsign, bureau is preferred.

EU-052. Andy, HA0IM, will be active as SV8/HA0IM and also J48IM from Zakynthos (Zante) Island, July 18-30th. Activity will be on 80-6 meters mainly on CW, but some PSK31 and RTTY are expected as well. He will use only 100 watts with monoband verticals on fishing poles. Andy will use the callsign J48IM during the CQWW VHF Contest (July 20-21st) on 6 meters only, and in the RSGB IOTA Contest (July 28-29th) as a Single-Op/Low-Power/24-HR/CW only/DXpedition entry. QSL via his home callsign, by the HA QSL Bureau or direct to his QRZ.com address.

EU-086. Vasiliy, RW4NW, will be active as UE1RFF/1 from Dolgiy Island (RRA RR-03-07) and Bol'shoy Zelenets Island between July 2-21st. QSL via UA1RJ.

EU-123. Members from the Sheffield Amateur Radio Club will be active as GS3RCM from the Isle of Arran between July 26th and August 2nd. They will also participate in the IOTA Contest as MM3M. It is also possible that they may try to operate again from the Island of Pladda on the Friday morning between 0830-1300z. Depending on the weather and tides, they may stay later. Activity will be on HF/6m/4m/2m and 70cm. Skeds can be arranged, if need be, via E-mail to:

Skeds@sheffield-live.co.uk

EU-124. Glyn, GW0ANA, will be leading a small team of operators from the Barry Amateur Radio Society (BARS) and 3 guest operators (DJ8NK, DJ6OI and G3RWL) to Flatholm Island for the RSGB IOTA Contest (July 28-29th). Look for activity before and after the contest using the callsign GB5FI. During the contest they will sign GW8K. QSL via GW0ANA.

EU-144. Oreste, IZ8EDJ, and possibly several other operators from the Strange Radio Team (SRT) will participate in the IOTA Contest (July 28-29th) as IC8DI from Dino Island (IIA CS-002). QSL via IK8WEJ.

EU-174. Laci, HA0NAR, will be active as SV8/HA0NAR and also J48NAR from Thassos Island, July 24-31st. Activity will be on 80-6 meters, SSB, CW, (maybe on 6m FM) with only 100 watts into monoband verticals on fishing and Spider poles. Look for J48NAR to be used during the RSGB IOTA Contest. QSL via HA0NAR, direct or by the HA Bureau.

EU-179. Operators Sam/UT9FJ, Alex/UR5FEL and Petro/UR5FCZ will be active on Berezan Island (UIA BS-02, ARLHS UKR-035) between July 25-30th. Look for them to sign homecall/P. They will also be active in the RSGB IOTA Contest. QSL via their home

callsign.

EU-185. Victor, UA6AF, will be active as homecall/p from Sudzhuk Island (RRA RR-24-02), located in RDA District KR-07 (Centralny, Novorossisk District), Krasnodarsky Kraj (KR), July 27-30th. Activity will be on all bands 80-10 meters, with an emphasis on the RSGB IOTA Contest (July 28-29th). QSL via his home callsign.

OC-150. Adhi, YB3MM, will be active as YB3MM/9 from Lombok Island (WLOTA LH-2637) during the RSGB IOTA Contest (July 28-29th). Activity will only be on 15 meters CW/SSB. QSL via IZ8CCW, direct or by the bureau. Logs will be uploaded to the LoTW.

ISWL ACTIVITIES. Pete Rayer, ISWL Life Vice President, reports the following stations will be active using special ISWL club callsigns:

July Operations:
- GX4BJC/A - Geof, M0BAU, will operate from Great Sutton, in Cheshire, England (WAB Square = SJ37 CHS).
- MX1SWL/A - Herbie, G6XOU, will operate from Walton on the Naze, Essex, England (WAB Square = TM22 ESX). Herbie will also operated MX1SWL/P from other locations during the month.

August Operations:
- GX4BJC/A - Phil, G4DMS, will operate from Towcester, in Northamptonshire, England (WAB Square = SP65 NHM).
- MX1SWL/A - Merv, G0UJD, will operate from Skegby, Nottinghamshire, England (WAB Square = SK56 NOT).

All QSL information is available on QRZ.com, eQSL.cc, (NO LoTW) or the ISWL Web site at: http://www.iswl.org.uk

J8, ST. VINCENT. Jim, W6JKV, will be active as J8/W6JKV until July 11th. Activity will only be on 6 meters.

KP1, NAVASSA ISLAND. As of this month, Navassa Island (the 5th "Most Wanted Country" according to "The DX Magazine" 2006 survey) became an American possession only 150 years ago. There is an interesting article online about Navassa Island that you may want to read. It talks about some interesting history and details about the island. Go to the New York Times Web page to read it at:

http://www.nytimes.com/2007/06/30/opinion/30widmer.html

MD0, ISLE OF MAN (EU-116). Lars, DF1LON, will be active as MD0LON between September 6-10th. Activity will be on all HF bands, CW and SSB. QSL via his home callsign.

NEW OFFICERS FOR 2007-2008. During a recent Southeastern DX Club (SEDXC) meeting, the following officers were elected for the 2007-2008 year:

President:	Bob Allphin,	K4UEE
Vice President:	Bob Carroll,	W2WG
Secretary:	George Nicholson,	N4GRN

Treasurer: Mike Weathers, ND4V
Activities Manager: Gary McConville, WB4SQ
Membership Chair: Bill Barr, N4NX
Bulletin Editor: Rick Glisson, N4XMX
Webmaster: Chaz Cone, W4GKF

ADDED NOTE: The coming year is a very important year for the SEDXC. First, SEDXC is putting together a "helping hand" program to interest and assist new HFers in the art of DXing. Second, the year 2008 will be the 50th anniversary of SEDXC. Celebrations and activities to commemorate this important milestone are being planned now. Visit SEDXC's Web site at: http://www.sedxc.org

OJ0, MARKET REEF (EU-053). Look for 3 to 4 Swedish operators to be active as OJ0/homecall from here between July 5-9th. Operators mentioned are: Peter/SM0BSO, Stellan/SM0LQB, Jan/SM5XGJ and Eric/SM1TDE. Also, Lars/OH0RJ is expected to join them. Activity will be on 160-2 meters, with 3-4 stations on CW, SSB and the digital modes. QSL via the operator's instructions.

P3, CYPRUS (AS-004/LH Op). Operators Manos/5B4AFQ, Kostas/5B4AIR, Andreas/5B8AP and Marios/5B8BE will activate Cape Akamas Lighthouse (ARLHS CYP001) as P3CA, July 7-8th. Activity will be on HF, 6m, 2m, CW, SSB, FM and APRS on 144.800 MHz. The team will take part in the Aegean VHF Contest. For the latest information on the operating frequencies or any other news, please visit their Web page at:
http://www.5b4ms.org/p3ca.html
This DXpedition is sponsored by CARS Limassol Section-5B4MS.

PA, NETHERLANDS. Paolo, F8ENY, will be active possibly as PA/F8ENY from Amsterdam during July. Activity will be QRP on HF with Elecraft K1 and wire antennas. QSL via his home callsign, direct or by the bureau.

PJ2, NETHERLAND ANTILLES. Salvatore, DH7SA, reports he will be active as PJ2/DH7SA from Curacao Island (SA-006), July 9-16th. QSL via his home callsign.

QSL INFO AND NEWS.....................

QSL routes provided by Johannes, DK8JB:

E0JWW via G0LKG
CN4P via EA5XX (direct)
ES7FQ eQSL.cc
EU940OR via UA3FDX
GC3SBL via G8VPR

5A7A QSL STATUS. Andy, DJ7IK, informs OPDX that Andi, DL9USA, their QSL manager for 5A7A has sent out more than 6800 cards directly and approx. 30,000 cards via the bureau. All 5A7A QSOs are now confirmed just only a half year after the DXpedition. Andy states, "If you like, you can vote for 5A7A as DXpedition of the year at:
http://www.strangeradioteam.com/wwdxt/index1.asp?DXcall=5A7A&Submit+Form=VOTE%21

All QSLs for HB0/F2JD, HB0/F5JY, HB0/F6BFH and HB0/N6OX are via F6AJA. The logs are online at: http://lndx.free.fr/voirlogs.php

The card will be printed soon, and all QSL are 100% by the bureau or direct.

ADDRESS CHANGE FOR HS0ZCW. Charles, K4VUD/HS0ZCW, reports, "My dream of having a simple Thailand address, Box 1, etc, was dashed by extensive postal mail theft by the Nakhon Chaisi government postal workers. They first stole the "green stamps" from the incoming QSL card envelopes, and after my first complaint, began stealing the whole envelope and all contents and destroying everything. This began about June 5, 2007. Thus I have a new QSLing address: Charles Harpole, 86/1 Moo 4, Tambon Bankok, Amper Meung, Samut Sakhon 74000, THAILAND. This is good for HS0ZCW, 9N7UD, A52UD, VU4AN/VU3CHE, and K4VUD, AC4TT, and the old call of KG4FPK. I have changed QRZ.com.

Please pass the message that mail sent to me to arrive about June 5 and after will not be delivered. I filed a complaint with the Nakhon Chaisi government Police. This situation is not likely to change, however, there are also stories of stolen mail sent to Buddhist temples as donations.... how low can u go? By the way it is said to be against Thai law for non-approved Thai citizens to have foreign currency. Oh, well...... 73 Charles Harpole"

QSL OJ0VR via OH1VR. QSL OJ0/OH3RM via OH3RM. Operators Seppo/OH1VR and Markus/OH3RM will be active from Market Reef until July 3rd.

NEW QSL MANAGER. Mohammad, V8MQM, can now be QSLed via his new QSL Manager, Joe, W3HNK.

QSLS VIA LOTW: (NONE REPORTED THIS WEEK!)

QSLS RECEIVE VIA MAIL: 1B1AB, 3V8SF, 5H3EE, DN1MDG, EX2M, IA6IYP, IO8IAA, IU2ANT, J68WI, LZ04ANT, LZ07IPY, N8S, TI8II, TK5MH, UN3M, VP8KF, VP8LP, VU7LD, XF2K, XF3PAS and YT6A

SX5, DODECANESE (Special Event). A group of Rhodian Radio Amateurs will activate the special callsign SX5RHO between now and July 7th. Activity is to celebrate "2007 Island Games" on the Island of Rhodes (see the Web site - http://www.rhodes2007.info). Rhodes Island (EU-001) is very proud to host the "2007 Island Games", which will have the largest participation of island countries and athletes in the history of the institution. Activity of the special callsign will take place daily on all bands (HF160-10m, 6m, 2m) and on all modes (SSB, CW, RTTY, PSK31, possibly some SSTV and JT65). Anyone who contacts SX5RHO does not need to send them a QSL card. All contacts will be automatically confirmed via the bureau, and after the end of operations the logs will be uploaded into the LoTW.

UA4WHX IS NOW QRT FROM AFRICA. World traveller and DXpeditioner Vladimir Bykov, UA4WHX, has ended his African activities. An E-mail that Vlad sent to OPDX states the following (edited): "Hello everyone! You must have been wondering if it is true. And the answer is - it is. It is all history now. For now - no more being on the air from Africa (or P5 -which I never did). We leave almost 310,000 QSOs behind, 21 DXCC entities, almost 26 months of life, two radios gone and one finger missing. But we do have lots of people happy - that is what matters. Below I will list some of the instructions how I see QSLing done best:

1. I accept bureau via Russia Cental Club. I will also accept bureau shipment sent directly from societies or organizations to my P.O. Box 2040, Izhevsk, 426000, Russia (that may be a better idea). To keep track and make certain nothing is missing when a big batch is on the way, advise me, we will track and make sure it has been received.

2. I do recommend sending requests with a SASE directly rather than going via the bureau. We arrange cards by senders, and all cards are answered by senders as well, direct/bureau put together. If there is enough postage the bureau will join the direct requests. The address to be used is: Vladimir M. Bykov. P.O. Box 2040, Izhevsk, 426000, Russia. No cards to be sent to AC4LN address.

3. I do insist we use IRCs and not send cash in envelopes, no matter what amount. Not that my post office is not safe, but we must be conscious to limit temptation. Use common sense when sending IRCs, as per how many. Do not ask me - my answer will always be - at least one, as I can technically send 7 pieces of QSLs with one IRC.

4. For Clubs or more serious individuals, I can accept money electronically, provided you feel you can let me charge your Visa or Master Card. Any amount is fine. I will keep records of the transaction together with your QSL requests. The transaction is 100% secure and will be done electronically through Svezhy Veter Travel Agency.

5. Those who have made multiple QSOs, they can send QSOs listed on a piece of paper with at least one card attached to be personal.

6. All QSOs are on paper and not computer files.

7. I will have a few people to help me with the QSLing. Anyone is welcome to join the QSL team provided he/she is ready to do it from Izhevsk. I will let everyone know when the first cards are out.

73, See you in person or on the air,
Vladimir M. Bykov, UA4WHX etc."

ADDED NOTE: Vlad was active under the following callsigns if you want to look back in logs to see if you worked him: 3DA0VB, 4K0VB, 4L0B, 5H3VMB, 5H3VMB/3 (AF-075), 5H3VMB/5 (AF-074), 5R8VB, 5X1VB, 5Z4/UA4WHX, 5Z4/UA4WHX/P (AF-067), 5Z4BU, 7P8VB, 7Q7VB, 9J2VB, 9U0VB, 9X0VB, A25VB, C91VB, C91VB/4 (AF-103), C91VB/6 (AF-088), D20VB, D60VB, J20VB, OD5/UA4WHX, ST2KSS, ST2VB, V51VV, V51VV/P (AF-070) and Z2/UA4WHX.

UA9, ASIATIC RUSSIA. Operator Gerhard, DL6XK, will be active using the special station UE9CXK from Sverdlovsk, until July 15th. QSL via DL6XK, by the bureau.

V3, BELIZE. Dennis, K7BV, will operate from Caye Caulker off the Belize coast between July 7-17th. The focus of the trip is 6 meters, but there will be plenty of HF activity when 6 meters is not open. A full-time 6 meter station with power and a 7 element beam will CQ in breakable beacon mode 24/7 on 50.106 MHz. A second rig will be used on HF for 6 meter opening coordination and HF pileup fun. His callsign is not yet assigned. QSL via W1JJ. For more details, please visit the Web page at:
http://www.qth.com/k7bv/v3

VP6/D, DUCIE ISLAND (Update). Carsten, DL6LAU, Teamleader, reports that the team has been very busy "behind the scene" for the last weeks and some things have changed or happened. To summarize, the team has agreed to extend the duration of the DXpedition (making them grab even deeper into their pockets). The team will depart from Gambier Island onboard Braveheart on Tuesday, February 5th, 2008, around 1500 local time. If there are normal weather conditions, the voyage to Pitcairn will take about 36 hours. They'll spend some hours on Pitcairn before they make another 36 hours trip to Ducie. They hope to arrive at Ducie at dawn on the 9th of February. If the weather is good, they hope to have all the equipment up and running in 24 hours. The plan is to be on the air for 19 days (until February 28th). Operators Pertti/OH2PM and Krassy/K1LZ can not make it this trip, but they have added some more operators since the announcement in Dayton. Operators as of today includes: DJ8NK, DL3DXX, DL6LAU, DL8LAS, K3NA, OH2BH, SP3DOI, SP5XVY, UA3AB and WA6CDR. Three more operators will be announced very soon. Carsten states, "But the operating team can only be as good as the guys doing a lot of things behind the scenes at home and we are very thankful to have JA1BK as our advisor in the team � thank you so much Kan! DF6QV, DJ2YA and OH1JT form our Antenna Engineering Team, DL1MGB is our webmaster, GU4YOX is the Electrical Team Manager and VP6MW is the liaison on Pitcairn � more to be announced very soon too." The team has decided to have seven stations up and running (all Elecraft K3 transceivers with ACOM amps). For 160m, they will have two phased verticals pointing towards Europe (and the U.S.), they will use one vertical for the other areas. On 80m, they will have two 4-Squares antennas. On 40/30m, they will also have 4-Squares, while 20-10m will have phased vertical dipoles. The team is still in need for donations since the budget for this operation is well over 200,000 USDs. For more details on how to donate and an unedited report by Carsten, please visit the VP6DX Web page at: http://www.vp6dx.com

VP9, BERMUDA (NA-005). Seppo, OH1VR, will be active as VP9/OH1VR from August 19-21st. Activity will be mainly on CW (no bands of activity were provided). QSL via OH1VR, by his CBA.

YA, AFGHANISTAN. Dejan, 9A4ZD, has been active as YA/9A4ZD over the past weekend on 20 meters SSB. Watch around 14300 kHz (+/- 10 kHz) at various times. He was also spotted on 18130 kHz after 1130z. QSL via his home callsign.

ZA/Z35M QRT. Vlado, ZA/Z35M, informs OPDX: "After 5 years of activity from Albania as ZA/Z35M today (27th June 2007) I finished my operation with exactly 113,000 QSOs made. My 1st QSO was on 3rd June 2002 with SK0TM on 14 MHz CW, and the last QSO was on 27th June 2007 with F2FP on 14 MHz CW. My station was in the apartment in the center of Tirana, using 100w and only one antenna: G5RV 30 above the ground. All contacts are on HF, CW and SSB (exept 300 QSOs on 6M).

During the period of 16-20th June 2007, I was QRV portable from the small place Ksamil (JM99XS) on the south-west corner of Albania, close to the border with Greece. A total of 1150 QSOs were made on 20m CW and SSB using 100W and Inverted Vee dipole 9 m above the ground mounted on the balcony of the hotel.

1994 was my first radio activity from Albania, then working only for a few days as ZA/Z32KV. I was host operator at ZA1B, ZA1MH, ZA1AJ in 1994-95; ZA1A, ZA1UT, ZA/K7ZV in 2003; ZA/HA5NLI in 2004, ZA/SP5AEQ in 2006, and ZA/IW2JOP in 2007. QSL direct to: Vladimir Kovaceski, Box 10, Struga, 6330, Macedonia"

ZP0, PARAGUAY. Tom, ZP5AZL, plans to be active as ZP0R during the CQWW DX SSB Contest (October 27-28th) as a Single-Op/All-Band entry. QSL via ZP5AZL. Visit Tom's Web page at: http://www.qsl.net/cx6vm/ZP5AZL/

On Thu, 03 May 2007 17:52:50 -0700, Bob Nielsen <bob@nowhere.net>
asked:

>Didn't you have an EME antenna 20 years (or more) ago?

Yes. A modest one...four Cushcraft "Boomers". (3.2 lambda boom)

A domestic upheaval in 1983 put me QRT and I've never rebuilt. The antenna pieces are still around and the 8877 amp is still taking up space in my tiny hamshack. All I need is ambition.

I did some single antenna tropo and MS from this QTH, enough for VUCC, but my heart was never into chasing that award and I never even applied since when it was initiated, they said all my prior QSOs were no good.

Two-meter stats:

DX:18   States:39   WAC:Yes   VUCC:100 sumpthin'

Regards,

Wes

Agree a lot of it is the Op. I haven't been DX for 20 years But I still remember being called a lot
of names because I ruled the pileups with an iron fist because if you didn't it would get out of hand
quick. But if the rules were followed I could run them at a Fairly good clip. My DX ops were 2 minor and
1 what I would consider major ... /EA7 80-82 in Rota .. would generate small piles, KG4RS in Gitmo (1979) was my warm up for the biggie .. VQ9RS (Sept-Dec 1980)... Man those piles were tremendous.

Scotty W7PSK.

The strongest signals I heard in MI this week were between 8:00am and 9:30am on 20 meters. They are running simultaneously on both CW and phone. My observation is that the CW ops are running a tighter-ship, have fewer traffic cops assisting, and thus more QSOs than the phone guys. CW may be your best bet for the final day {especially a Saturday!}.

Good luck,

Dear Larse (no call sign):

I do not know where in Michigan (or the 8th call area) you are located. After all, Michigan is a very large state.

I am in the central part of the lower peninsula. Only on 20 meters have they had a strong signal. As others have said, CW provides the best chance of a contact. I have found that their signal gets good about 7:45 A.M. EDST (1145Z), peaks about 8:30 A.M. EDST, and becomes weak by something like 9:30 A.M. EDST.

This morning (May 4, 2007), on 20 SSB, the operator spent a lot of time on 3s, 2s, 1s, and then 0s. He called for 9s - almost immediately decided that signals were weak, and left to work EU. All the while, a useful signal was heard on 20 CW.

I suggest starting to listen tomorrow at about 7 A.M. EDST. My expectation is that the farther north you are, the shorter will be the opening.

73,   Mac   N8TT (my actual present call sign)

Absolute misery in CT. I've heard a few times on 20 CW, but
the first time he was being jammed, and the few times the
helpful frequency cops and other clutter made him
virtually unreadable. My modest antenna (8 ele. log) usually
does the job, but I'm not betting the farm on a contact this
time around. Conditions just aren't there yet.

pete k1zjh

Ohio/Penn DX Bulletin No. 808

The Ohio/Penn DX PacketCluster
DX Bulletin No. 808
BID: $OPDX.808
May 7, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N1DG, NJ1Q, NG3K, W3UR & The Daily DX, KP4BJD, N4AA & QRZ DX, N4XP, W7VOA, K8YSE, KU9C, Pete's-DX-Newsdesk, 9M2TO, DK8JB, DL7MAE & The DX News Letter, DS5SWL, F5NQL & UFT, F5UJK, F6AJA, G4ELZ, HL1VAU, I1JQJ/IK1ADH & 425 DX News, IZ2DPX, RSGB IOTA, VA3RJ & ICPO and ZL2IFB for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 29th-April, through Sunday, 6th-May there were 220 countries active. Countries available: 3A, 3B8, 3D2, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9U, 9V, 9Y, A4, A5, A6, A7, A9, AP, BS7, BV, BY, C3, C5, C6, C9, CE, CE0A, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J5, J7, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PY0F, PZ, R1FJ, S2, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T2, T5, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TL, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP8, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

6W, SENEGAL. Giovanni, IZ2DPX, will be active as 6W/IZ2DPX from Somone City (GL IK14MM), May 12-22nd. Activity will be on 160/80/40/20/17/15/12/10/6 meters. He will use a Kenwood TS-870 and an Icom 706 MGIIs G into 3 elements monobands for 20/15/10 meters and a Titanex VE80 for 160/80/40/17/12 meters. Giovanni will also have a 5 elements Tonna for the 6 meters. There is a possibility he may also activate IOTA AF-045. QSL Manager is IK2DUW. QSL direct (QRZ.com address) or by the bureau.

A5, BHUTAN. Steve, W7VOA, informs OPDX that he will be active as A52SW from Thimpu, May 17-22nd. Activity will be on 80-6 meters CW/SSB and possibly PSK, as well as 10-meter FM. Steve is a news correspondent based in India covering South Asia and says this will be the first of numerous trips he plans to make to Bhutan over the next several years as A52SW. QSL Manager for A52SW will be K2AU. ADDED NOTE: He is also licensed as 7J1AIL in Japan and 9N7VOA in Nepal.

BS7, SCARBOROUGH REEF. The BS7H DXpedition went QRT as scheduled at or about 0001z, May 6th. As this bulletin was being prepared, their Web page announced that the BS7H team made "NEARLY 45,000 QSOS". The team is probably very exhausted and glad to be out of heat and the salt water sea breezes. The reports throughout the week indicated that Scarborough Reef is an extremely hazardous location to operate from and team members were showing signs of it with fatigue and coral cuts. OPDX would like to thank the BS7H team for their hard work under the harsh conditions they had to endure over the past week, providing many in the DX community with a new DXCC entity which has put many on "Top of DXCC's #1 Honor Roll". QSL via KU9C. For updates, visit the BS7H Web Page at: http://www.bs7h.com
Don, N1DG, BS7H's Webmaster, stated on one of the DX mailing lists that online logs will be available around May 15th.
ADDED NOTE: Listen to an interesting interview with James Brooks, 9V1YC, made via sat phone from BS7H with Wolf Harranth,OE1WHC, at:
          http://www.dokufunk.org/upload/BS7H.MP3
It gives a good description of what the operators of BS7H had endured.

E51/S, SOUTH COOK ISLANDS (Update). Last week we mentioned that Gary, ZL2IFB (G4IFB), would be on a family holiday to Rarotonga this month. Gary has informed OPDX this past week that he will be there with his XYL from May 24-28th. He also states, "This is a holiday first and foremost, so I'll only be operating casually, mostly during WPX, using 5 or 100W (K2 or TS850 depends on weight allowance) to wires in the trees on the shore. Not exactly competitive! It's more of a chance to scout out the place for future trips, maybe. If/when I'm on, I'll be 100% CW, probably on 30 or 40m around E51 dawn & dusk. If there are any proper contest setups there who want some help, I'll try to slip across for a few hours instead of going it alone." QSL via ZL2IFB or LoTW.

HL7, SOUTH KOREA (Attention PFX Hunters!). Kim, DS5SWL, informs OPDX that the "HL7" is a new prefix being used now on the air for the first time in South Korea. Look for special event station HL7WR to be active to celebrate the 2007 World Rafting Championship held in Sangdong-Ri, Inje, South Korea. The event will be held from June 27th to July 2nd. The special event station has been active since March 30th and will be on the air for 95 days until July 2nd. Activity will be on 80-6 meters, SSB, CW, FM and the digital modes. QSNs show activity has been on 40 and 17 meters over the past weeks. QSL via the manager, DS2UAL, direct or by the bureau. For details on the 2007 World Rafting Championship, visit: http://www.2007wrc.com

IOTA NEWS...............................

AS-049. Operators JA1GLE, JA3BKM, JA4JBZ and JR8GZU will be active as homecall/6 from Taira Island (JIIA AS-049-011), Tokara Islands until May 8th. Activity will be on the HF bands and 6 meters. QSL via their home callsigns, direct or by the bureau.

AS-080. Rocky, HL1VAU, informs OPDX that due to operators personal reasons and transportation problems, the IOTA operation which was scheduled on Anmyon Island (KDN F26) this past weekend was cancelled. Look for the team to schedule other islands on the west coast of Korean peninsula during the summer season again. They apologize to all who were waiting for their activity from the island.

EU-025. Operators Davide/IW9GUR, Angelo/IW9HLM, Andrea/IW9HLM and Andrea/IT9RKR will be active as homecall/p from Scoglio delle Sirene (Sirena's Rock), May 19th. Activity will be on 40-10 meters, depending on the propagation, using one transmitter. QSL via IW9HLM (QRZ.com). This is a new one for the IIA Reference ME-040 (ITALIAN ISLAND AWARD). Visit the following for more details and logs, at:
http://www.095dxteam.org

EU-032. Operators Jean-Philippe/F4EEK, Eric/F5LOW, Laurent/F5MNK, Fabrice/F5NBQ and Bertrand/F6HKA will be active as TM0A on Aix Island (DIFM AT023, DPLF PB036, DFCF17013) on the Atlantic French coast, May 12-19th. They plan to have three stations the on air (one FT840 and two IC706). Antennas are: Yagi TH3MK3, vertical on 40m, vertical DX88 (80-10m), delta-loop on 80m, Yagi 2 element on 40m and vertical on 80m. Activity will be on all bands (with priority on the lower bands), CW, SSB and the Digitals modes (RTTY, PSK). QSL via F5OIU; the bureau is OK. Info about Aix Island is available at: http://www.bernezac.com/Aix_uk.htm

EU-043. Operators Tomas/SM6XMY, Rolf/SM6IQD, Sten/SM6MIS, Janne/SM6YOF, Magnus/SM6WET, Rick/SM6U, Pierre/SA6AOA, Daniel/SA6ABU and Christer/SM7YLS will be active as 8S6KOS from Nord Koster Island, May 11-13th. They plan to have three stations on with amplifiers and good antennas. Their main activity will be on 80/40/20 meters SSB. If conditions permit, they will add one station and activate other bands between 80-10 meters (including all WARC bands). QSL via SM6YOU, by the Bureau (preffered) or LoTW/eQSL. Further information, along with an online log search, can be found at: http://sector7.nu/8s6kos/

EU-155. Operators Luigi/IZ4FTE, Michele/IZ4GWE, Davide/IK4UNH, Paolo/I4EWH and possibly others will be active as II4SDP from Scanno di Piallazza Island (IIA FE-001, MIA MI-104), May 18-20th. They will be active on 40m (vertical monoband), 20/15/10m (Spiderbeam) and 6m (3 element yagi), CW and SSB. QSL via IZ4GWE. Further information can be found at:
http://www.iz4gwe.it/ii4sdp

EU-168. Operators Jeff/G4ELZ and Steve/G4EDG will be active from Flatey Island (Iceland's Coastal Islands) from May 17-23rd. Their callsigns will be TF4/G4ELZ/P and TF4/G4EDG/P. Look for activity to be mainly CW on 80-17 meters with 100 watts into wire antennas. QSL to G4ELZ direct only. Logs will be uploaded to LoTW.

NA-091. John, VE7JZ, is currently active as VE7JZ/p from Minstrel Island (BC-028 for the Canadian Islands Award) until August 1st. Activity will be on 40/20/15 meters, SSB and digital modes. QSL via his home callsign.

NA-122. After 18 years of inactivity, look for Isla Cabras, Dominican Republic, to be activated with the callsign HI0C from June 9-17th. Activity will be on all bands and modes. QSL via ON4IQ (address QRZ.com).

NA-138. Operators Ron/W9QGB, Wilson/W7GAM and possibly some other St. Augustine ARS members will be active as N4AUG from Talbot Island during the RSGB IOTA Contest (July 28-29th). QSL via N4AUG.

OX, GREENLAND. Roland, HB9FMD, will be active as OX/HB9FMD from Hotel Hvide Falk in Ilulissat, August 17-27th. Activity will mainly be CW on the WARC bands. QSL via HB9FMD.

QSL INFO AND NEWS......................................

QSL ROUTES BY Johannes, DK8JB

MW0TTU via GW0MOW
MW0RHD eQSL only
MW2I via WW2R
MW3AGN via GW0MOW
MW3TLC via GW6XXY (direct)
MW3TOB via GW6XXY (direct)
MW3WPH via GW1IOT
MW3YBX direct

MW3ARD via GW0MOW RO4OE via RA3CQ
MW3PEB via GW6XXY (direct)

9M4SDX QSL STATUS. Tex, 9M2TO, informs OPDX that all the direct QSL requests for 9M4SDX (1,200 QSLs) have been sent out via the Post Office on May 5th. He states, "NO MORE QSL cards on my table. QSL team are waiting for the next postal delivery."

NEED A QSL MANAGER? Buck, G0OYH, is offering his services as a QSL Manager to any station that can use his help. He is currently the QSL Manager for C33IU, G0BCO and G4KEE. Buck can communicate via HF, Echolink, Skype, QSONet, E-mail or Snail mail. Also, he has an excellent printer for QSL cards. If interested, contact Buck via E-mail at: g0oyh@blueyonder.co.uk

OLD QSL COLLECTION. Jean Michel, F6AJA, wants to remind everyone to visit the Les Nouvelles DX (LNDX) Web page to see more than 4400 old QSLs in six different albums. This site contains:

- At least, one card, for each 58 deleted DXCC countries (more than 400 QSLs)
- Nearest the totality of current prefixes, disappeared now (more than 1900 QSLs)
- More than 600 QSLs from the Antarctic bases.
- Nearly 230 QSLs from the TAAF (Terres Australes and Antarctiques Fran�aises).
- More than 100 QSL for the rare French islands such as FK/C, FO/C, and FR/B/E/G/J/T
- More than 200 cards for the old timer with more than 100 countries before 1945.
- A card from the French Department before 1945.

The URL address for the Web site is : http://LesNouvellesDX.free.fr Some cards are still needed for the collection, and your participation is welcome. Please visit their site and give them your comments by sending an E-mail to: LesNouvellesDX@free.fr

QSLS VIA LOTW: 4U1ITU, 5W0DP, CT1DJE, CY9SS, CY0AA, EA1CUB, EY8MM, FO/KM9D, FS/N0BSH, FY5KE, HS0ZEE, HV0A, JH8SLS, MJ/K8PT, OE2LCM, S79SO, V73NS, ZD8Z and ZL1BYZ

QSLS RECEIVED VIA MAIL: 3XD2Z, 9U9Z, A22/JA4ATV, A35AX, BP100S, CN2A, EK0B, EY8MM, EA9EU, GB4IPY, HZ1AN, J5UAR, JX9NOA, KE0A/KP2, KH8Q, LU1ZAB, LU4ARA/mm, R1FJT, S21XA, UA2FW, VP2MTC, VP2MVG, VP8DJU, XU7DXX, XU7MDY, YW0DX, ZK3RE and ZS9X

RV3, EUROPEAN RUSSIA. Dmitry, RV3ATS, is expected to activate some Russian disticts in the coming weeks as RV3ATS/p. He is also expected to participated the following contests: S.M. el Rey de Espana, Canada Day Contest, VHF Russia Championship, IARU HF Championship, HF Russia Championship and CQWW VHF Contest. Look for him to be active on 40/20/15/10/2 meters SSB from the following references:

GSq: KN-95, KN-84, LN-04, LN-03, LN-13
RDA: KR-43, KR-10,KR-58, AD-06, KB-10
RM: RM-03-51, RM-03-56, RM-03-01, RM-03-36, RM-03-52,

RM-03-57, RM-03-50, RM-03-58, RM-03-59, RM-03-60, RM-03-64 and RM-03-53

QSL via RV3ATS, by the bureau (for standard QSL card) or direct (+3 USDs [no SSL, no IRC] to receive a full color 6 sided QSL card). Visit his Web page at: http://www.rv3ats.com
ADDED NOTE: Remember, Dmitry will be team up with RV3ATT and RU3AVF to activate 16 mountains and 3 area regions for the Russian Mountains Award (RMA) and the Russian District Award (RDA) between June 19th and July 21st. See OPDX.805.

SPECIAL EVENT. Various members of the Williamsburg Amateur Radio Club (WAARC) will be active as W4J between May 4-25th to celebrate the 400th anniversary of Jamestown, Virginia, the first permanent English settlement in the New World. On May 12th, a special event station will operate from Jamestown Island (USIA-VA013R) using the W4J callsign. Contacts with W4J during May 4-25th, will count as a Jamestown Island contact towards the Historic Triangle Award (Jamestown, Williamsburg, and Yorktown) Certificate. QSL via KU4FP.

V6, MICRONESIA. Operator Shoji/JA7HMZ (V63DX) will make a regular trip to Pohnpei (OC-010) together with Takao/JA7AGO (V63GO) and Akio/JA7ZP (V63ZP). They will be active starting on May 21st through May 26th. Their activity will be on all bands and modes. QSL via their home callsigns.

VP2E, ANGUILLA. Jim, WB2REM, will be operating the special 4-letter suffix callsign VP2EREM from Anguilla, June 28th-July 8th. Operation is expected to be on 80-10 meters, CW and SSB. QSL via WB2REM.

YJ0, VANUATU. Hank, W0CZE, and possibly another operator will be active from here between July 13-21st. QSL via W0FF. More details and the callsign should be forthcoming.

Hi There,

The Bishop Druit College Radio Club
http://www.qsl.net/mm0axl/mncarg/bdc.html
situated at Coffs Harbour NSW Australia
is hoping to make IRLP contacts on Fridays
0315 - 0345 UTC. (Lunchbreak)

Perhaps areas with similar time zones in Asia,

like Malaysia, Hongkong, Vietnam, China,
Japan, Korea, and parts of Russia are of
interest to the students.

Contacts will be on IRLP node 6625.

Contacts with similar school electronic/radio
groups are of special interest.

If interested please email:
Gary VK2ZKT gryan@bdc.nsw.edu.au
or
Peter VK2EVB vk2evb@wia.org.au

Actually, this is sporadic-E. We're off to a pretty good start this season, I got two new ones in my FM BCB logs (which already contain 1,400 stations) and the season's still young.

10 meters was open for hours yesterday. And to be on topic(grin) TG9ANF was doing a land-office business. 28.470 if I recall properly.

These openings do occasionally extend to multihop, and trans-Atlantic DX is quite possible on 10, and even 6.

Info from Radio St. Helena

Radio St Helena is going to be running a TEST TRANSMISSION on our SW
Equipment on Thursday 17th May 2007 at 15:00 GMT.
We hope you will be able to tune into 11092.5 Kilohertz USB.
If you receive us, we would greatly appreciate an e-mail to confirm your
reception to this address asap.
This test transmission cannot be QSL'd. Thank you and best regards
Laura

Ohio/Penn DX Bulletin No. 809

The Ohio/Penn DX PacketCluster
DX Bulletin No. 809
BID: $OPDX.809
May 14, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, ARRL Letter, N1DG, NJ1Q, KF2TI, N2OO, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5AC, WW5L, K8YSE, KU9C, ND9M, Pete's-DX-Newsdesk, DK8JB, DL7MAE & The DX News Letter, F5NOD, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, I2WIJ, M0OXO, PA7FM, RSGB IOTA, VA3RJ & ICPO and YB0ECT for the following DX information.

** SPECIAL NOTE FROM EDITOR (By KB8NW): There will not be a OPDX Bulletin next week. I will be attending the Dayton HamVention. "IF" I receive a major announcement, I may send something out late Sunday or Monday. However, PLEASE continue to send your DX information. You never know what I might do.... 73 de Tedd KB8NW

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 6th/May, through Sunday, 13th/May there were 211 countries active. Countries available: 3A, 3B8, 3C, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5U, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9U, 9V, 9Y, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E3, E5/n, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J5, J6, J8, JA, JT, JW, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OK, OM, ON, OX, OY, OZ, P4, PA, PJ2, PY, PZ, R1FJ, S5, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP9, VQ9, VR, VU, XE, XU, YB, YI, YK, YL, YN, YO, YU, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD9, ZF, ZK1/n, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3X, GUINEA. QSL Manager Dennis, PA7FM, informs OPDX that Michael, PA5M, is now here and active as 3XY5M. He will remain in Guinea until early June before returning back home. He is there working for the UN's World Food Programme (WFP), but will be active during his spare time between his work there. His callsign 3XY5M has been already approved for DXCC. Activity will be on all bands 160-6 meters (depending on his free time and propagation) using only wire antennas and 100W. Over the past week, Michael was heard on the following frquencies between 1815-1930z: 18155-18160, 14254 and 28435 kHz. QSL via PA7FM direct to: Dennis Robbemond, Loggerhof 11, 3181NS Rozenburg, The Netherland (Please, remember 1 USD does not cover postage anymore. Look for updates and an online log search at: http://www.pa7fm.nl

8Q, MALDIVES (AS-013). Andrew, G7COD, will be active again for the third time as 8Q7AK from the Island of Embudu, South Male Atoll, during the first half of October 2007. Exact dates of operation, frequencies, ...etc, will be announced (probably in September) closer to his activation. Duration of his operation will be approximately 2 weeks. For QSL information and further updates, check QRZ.com. ADDED NOTE FROM G7COD: He reports that all QSLs received from the last 2 activations of 8Q7AK in October 2006 and January/February 2007 have now been mailed direct if IRC or Green Stamps were included. If not included, they have been sent via the Bureau. All QSLs received via the Bureau will be returned the same way. All EQSLs have been responded to.

9U, BURUNDI. Vlad, UA4WHX, is now active as 9U0VB (as May 1st). As always, the length of his stay is unknown. Activity over the past weekend was on 30/20/17/12/10 meters CW/SSB. QSL via his home callsign, direct or by the bureau. It is recommend to send direct cards after his travels.

ANTARCTIC CHALLENGE UPDATE. Gil, F5NOD, informs OPDX that the Antarctic Challenge scores are up-to-date at: http://f6kdf.ath.cx/f5nod/index.htm

BS7, SCARBOROUGH REEF. Members of the BS7H team are reportedly all back home now. It seems that the team travelled from Scarborough Reef to Manila, The Philippines, and not Hong Kong as first thought. All the international operators were dropped off there, but the six Chinese operators continued on aboard the ship heading back to Hong Kong. This past week details of band statistics were released. Here are the QSOs per band:

Band	SSB	CW	RTTY
160m	0	54	0
80m	117	217	0
40m	509	3039	0
30m	0	3374	0
20m	10370	11434	54
17m	3277	3497	0

15m	3803	1986	268
12m	402	474	0
10m	841	724	0
	-----	-----	---
Total	19319	24799	322

Don, N1DG, reported that there were NO QSOs made with NA on 160, 80 and 10 meters. Online logs and two batches of pictures also became available this week at the following Web pages:

Logs   http://www.scarboroughreef.com/srlog.html
       http://dx.qsl.net/logs/index.html
Photos http://www.scarboroughreef.com/srphotos.html
       http://picasaweb.google.com/paul.pescitelli/K4UJScarboroughReef

PLEASE NOTE WHEN QSLING TO KU9C. Remember postage in the U.S. will be going up on May 14th (First Class Stamp will be 41 cents).

DXCC NEWS: Bill Moore, NC1L, ARRL DXCC Manager, announced that the "BS7H Scarborough Reef 2007 operation" has been approved for DXCC credit.

C4, CYPRUS. Marios, 5B4WN, will be active as C4W during the CQ WW WPX CW Contest (May 26-27th) as Single-Op/All-Band entry. QSL is via the LoTW. QSLs via the Bureau is also available via the "self-QSL" button on: http://www.5b4wn.com

DAYTON ACTIVITIES......................

FROM THE ARRL LETTER - "JARL operating award checking available at Hamvention": A representative of the Japan Amateur Radio League (JARL) will be available at Dayton Hamvention May 18-20th to check applications for JARL awards and to issue certificates for certain awards. Former JARL executive director and renowned DXer Masa Ebisawa, JA1DM, will be at Booth 483 in the Ballarena of Hara Arena, near ARRL EXPO 2007. Applications for other JARL awards can be checked at the JARL booth. Masa also will answer questions on JARL activities as well as reciprocal licensing in Japan.

DXCC Dayton Hamvention Card Checking (Just A Reminder!) - Bill Moore, NC1L, ARRL DXCC Manager, reports: "DXCC staff and approved card checkers will be checking cards at the Dayton Hamvention from May 18-20th. Checking will be done during all operating hours of the convention. Following these simple steps will help make processing go quick and easy:

There is a 120 card limit per applicant. Larger applications may be checked as time is available after all other applications are finished. (No larger applications will be checked on Sunday). If some cards cause the application to exceed 120 QSOs, this is OK.

Cards MUST be sorted first by band, then by mode. Cards with more than one QSO should be placed together at the end of the application. Do not sort cards alphanumerically. Applications not properly sorted may be returned for proper sorting.

Prepare all paperwork ahead of time. The record sheet is required when submitting cards at Dayton. Use the latest application form available at www.arrl.org/awards/dxcc. Fill in ALL fields on the record sheet.

Write clearly and concisely.

Do not use forms with fields other than those that appear on the standard ARRL form.

There are no restrictions on what can be checked. (Cards for 160 meters and deleted entities are OK.)

DXCC will not bring applications with cards back to ARRL HQ. All cards must be checked and claimed in Dayton.

For those submitting a hybrid application (LoTW and paper credits combined), the LoTW application must be in the LoTW system by 7:30 AM Monday morning, May 21st. If you do a hybrid application, you must note on the LoTW application that a paper application is being made. You must also note on your paper application that you will be submitting a LoTW application by checking the appropriate box.

Applications for other ARRL awards, such as WAS, VUCC, WAC, can be checked.

When you arrive at the booth, please take a number and stay near the booth. When your number is called go to the next available checker. Your cards will be checked while you wait and they will be immediately returned to you.

If you need a personal copy of the application and record sheets please handle this before you arrive. DXCC cannot make copies for you on site.

Please see rule 15 for the latest fees. Acceptable payment methods are: Major credit card, check (by USA bank only), money order (both USA and international), cash (US dollars only). DXCC cannot bill you.

Following these steps will allow us to process your application quickly and in minimal time. Contact Bill Moore, NC1L at dxcc@arrl.org with questions."

DX HOSPITALITY SUITE. The Northern Ohio DX Association (along with Janeen Hire, W8ZET) will once again sponsor a Hospitality Suite at this year's Dayton Hamvention. It will be in Suite 1011 on the 10th Club Floor of the Crowne Plaza Hotel (old Stouffers) on Thursday, Friday and Saturday evenings (Look for signs!). All DXers/Contesters are welcome. Munchies and refreshments will be avaialble. Come and meet the members and friends of NODXA.

DR5, GERMANY. Operators DK3QZ, DL1EKC, DL3QQ, DL3HAH and PA0R will be active as DR5L during the CQ WPX CW Contest (May 26-27th) as a Multi-2 entry. QSL via DK3QZ.

DR80, GERMANY. Look for operators DK3DM and DJ2QV to be active as DR80AMA during the CQ WPX CW Contest (May 26-27th) as a Multi-Single entry. Activity is to celebrate SES's 80 years of DL ham radio. QSL via DK3DM by the Bureau.

E51/N, NORTH COOK ISLANDS. Sailing couples Mike/KM9D (E51QMA) and Jan/KF4TUG (E51TUG), are now active from Suwarrow Atoll (OC-080), Northern Cook Islands. Operator was heard saying they would be active until May 21st. Most of the activity seems to be on 20/17 meters. QSL via OM2SA.

EE8, CANARY ISLANDS (AF-004). Operators Girts/YL2KL, Oleg/YL3DW, Andy/YL2GQT and Tom/YL2PP will be active as EE8A during the CQ WW WPX CW Contest (May 26-27th) as a Multi-? entry. QSL via YL2KL.

GP3/GP8, GUERNSEY (EU-114). Chris, M0DOL, will be active from the Island of Guernsey (in and around the island) using the special callsigns GP8LED/P and GP3GWB starting on May 26th for one week. Operators Trevour/M3PNQ, Tom/2E0TSW and some members of the Northampton Radio Club will be joining him. Activity is expected to be mainly on 2, 4 and 6 meters.

HAM-COM DX DINNER BANQUET. In assocation with the Ham-Com Hamfest (see http://www.hamcom.org), the Lone Star DX Association DX dinner will be Friday, June 8th at 6:30 p.m., at the Southfork Hotel at 1600 North Central Expressway (U.S. Highway 75) in Plano, Texas. Their featured speaker will be Dr. Glen Johnson, W0GJ, who will present an Audio/Visual program on the VU7RG/VU7MY DXpedition to the Lakshadweep Islands earlier this year (http://www.vu7.in). Bharathi Prasad, VU2RBI, and her daughter, Ms. D.S. Mahathi, VU3DSM, who both operated from VU7MY, will be special guests at the dinner. The tickets are 36 USDs/person and are available online at www.hamcom.org or may be purchased by sending a check or money order to: Jim Bass, K5KQI, 2709 Monarch Dr., Arlington, TX 76006. The chances of winning a major door prize are quite good because they have thousands of dollars worth of prizes from many vendors including Kenwood, Yaesu, ICOM, Alpha Power, Tennadyne, W2IHY Technologies, Heil Sound, Texas Towers, The Southfork Hotel, and many many others. Act now!!! Ticket sales end on June 1st.

HP2/3E2, PANAMA (IOTA Op?). Two members of the Uruguay DX Group, Bert/CX3AN and Mario/CX4CR, will be traveling to Panama, June 22-28th. Operators will sign as HP2/homecall (or possibly as 3E2/homecall) from San Blas Archipielago (NA-170). Activity will be on 80-6 meters CW/SSB using 500w into a vertical/wires antennas. They informed OPDX that this Caribbean DXpedition is to celebrate Bert becoming "DXCC NUMBER ONE" after working BS7H. This will be their 15th country from five different continents they activated over past 20 years.

IOTA NEWS..............................

AS-043. Operators JA1UNS, JI1PLF, 7N1GMK, 7L4PVR and 7N4VPS will be active as homecall/1 from Hachijo Island (JIIA AS-043-004, WLOTA LH-0446), JA1 South Izu Group, May 25-28th. Activity will be on the HF bands, 6m, CW and SSB. QSL via their home callsigns, direct or by the bureau.

EU-060. Operators SV2FPU, SV2HNZ, SV2HOB, SV2HPP, SV2HPY, SV2HRT, SV2HSV and SV2GNQ will be active as SY8WT from Skyros Island between June 16-22nd. This is the 4th most wanted European island. QSL via SV2HPP, by the Bureau or direct.

EU-108. Operator Jim, MM0BQI, will be active as MM0BQI/p from the Isle of Lunga, Treshnish Isles (IOSA NH-17, SCOTIA DI-09), September 1-3rd. Activity will be on 80-15 meters, mainly SSB. QSL via his home callsign (QRZ.com).

EU-112. Operators Alan/G0RCI, Gordon/G3USR and possibly other members of the Grantham ARS will be active as GC0GRC/p and GS0GRC/p from Eilean an Tighe (House Island), Shiant Islands (IOSA OH-18, SCOTIA DI-24), July 10-13th. They plan to have 2 stations on the air on all bands 80-6 meters, SSB only. QSL is 100% via the bureau.

EU-120. Members of the Wakefield & District Radio Society will be activating Holy Island Lindisfarne from Saturday, July 21st to Sunday, July 22nd, 24 hours special dispensation from the National Trust only. The callsigns will be GB1HI and GB5HI. Contacts will also count for "Holy Island Guille Lighthouse" (Ref.no. ENG-224 and Admiralty number A2816.5). The Worked All Britain (WAB) reference is NU-23 Northumberland. The IARU Locator is IO95CQ. QSLs for ALL contacts are via Charles, M3ZYZ, direct (QRZ.com) or by the Bureau. E-mail Bureau requests are welcome (see QRZ.com).

EU-145. Francois, ON4LO, will be active from Faro Island (AL-006 for the Portuguese Islands Award), June 14-27th. Activity will be on 40/20/15/10 meters SSB and PSK. QSL via his home callsign, bureau preferred.

OC-177. Five members of the Organisasi Radio Amatir Republik Indonesia (ORARI) will be participating in 2007 CQWW WPX CW Contest (May 26-27th) from Ayer Island in the Jakarta Bay. Operators mentioned are: Pri/YB0ECT, Dudy/YB0DPO, Jo/YC0LOW, Andry/YB1TX and Ray/YD0NQW. Activity will be on 160/80/40 meters, 80m and 160m bands, as a Single-Operator category. This IOTA reference is very seldom activated for IOTA chasers. Look for RTTY and PSK31 activity on high bands. The operators will be signing with their home callsigns with a specific designator "/0", example: YB0ECT/0. Please send QSL cards to the Orari Bureau and/or direct.

LX, LUXEMBOURG. Operators Lars/DF1LON, Carsten/DL1EFD, Hein/DL2OBF, Jurgen/DL4SDW, Bernd/DL8SCG and Philippe/LX2A will be active as LX7I during the CQ WW WPX CW Contest (May 26-27th) as a Multi-2 entry. QSL via LX2A.

MX0, ENGLAND (CASHOTA Activity). Members of the Craven Radio Amateur Group (CRAG), from the Yorkshire Dales, UK, will be taking part in a CASHOTA (Castles and Stately Homes On the Air) activation on May 20th between 0900-1600z. They will be operating from the prestigious Broughton Hall, near Skipton (Locator IO83WW, WAB Square SD95YSN), using the callsign MX0BCQ/P on HF and VHF. For QSL information, please check QRZ.com. Visit the CASHOTA Web page at: http://www.cashota.org/

OX, GREENLAND (6/2 meters, EME). Operators Ole/OZ7OX (OX3OX) and Bo/OZ1DJJ (OX3LX) are planning a combined work and vacation DXpedition to here and want to activate grids squares GP47TA and GP36DW. Activity will be on 6/2m EME. They plan to use their OX callsign or maybe OX2A or XP1AB. Activity is to take place in July (possibly July 7-25th). More details are forthcoming.

QSL INFO AND NEWS....................

3 STEVES QSL CARDS/CERTIFICATES STATUS. Steve, KF2TI, informs that the QSL cards and certificates for the "3 Steves" operation from St. Croix, USVI, last year are now starting to go out in the mail. The callsigns were N2IFA/KP2, KB2ENF/KP2 and KF2TI/KP2.

CN3A AND 5D5A QSL STATUS. Bob, I2WIJ, reports that as of May 11th, the backlog of all direct QSL requests for CN3A and 5D5A have been fully cleared. He states, "Thanks to my wife for her 'outstanding' help as secretary, with a major help in keeping everything clean and ordered.

VU7RG/VU7MY QSLS. Bob Schenck, N2OO, states, "...be patient folks. It'll probably be a few weeks or more yet." This is because the 3 QSL Managers for the VU7RG/VU7MY operation will still have to "process" the cards when they DO arrive from the printer.

QSLS VIA LOTW: 4X4PP, 4Z1JS, CT1DJE, DF2LH, DJ1YFK, DR1A, EA1CUB, EA1NE, FP/G3SXW, FY/F5IRO, G4DJJ, HK6PSG, JH8SLS, KP4SAT, MM0BSM, OH6NIO, PJ4/OE2VEL, TF4M, TO5A and UA3TCJ

QSLS RECEIVED VIA MAIL: 3B9/G3TXF, 5W0RE, 9M4SDX, BX5AA, C56NN, EF8M, HC8N, HH4/K4QD, HH7/N3BNA, J5UAR, JX9NOA, KH0/K3UY, PJ7/DL1VWR, PZ5ZY, S92FM, SV5/DJ7RJ, V63UA, VK9DNX, YK1BA, YL7X and ZK3RE

SPECIAL EVENT. Members of the Indianapolis Motor Speedway Amateur Radio Club will be signing W9IMS to celebrate the 91st running of the Indianapolis 500, between May 24-28th (1500-0300z). Activity will be on the following suggested frequencies: 21340, 14240, 7240 and 3840 kHz. A certificate and QSL are available. For information, please visit:

http://www.w9ims.com

SPECIAL EVENT. Members of the Boeing Employees AR Operators North Society will be active using the special callsign W7FLY to celebrate the rollout of the Boeing 787 Dreamliner, July 8-9th. Activity will be on CW 7050 and 14050, and on SSB 7240 and 14240 kHz. QSL via KN7T: Mark McLauchlin, 2625 176th St SE, Bothell, WA 98012. More information can be found at: http://www.w0ma.org

TI6, COSTA RICA. Operators Orrin/K9KEJ and Bill/K5YG will once again be active from the east coast of Costa Rica as TI6/K9KEJ and TI6/K5YG. Activity will be limited because they are there on a fishing trip. Activity will be on 40/20 meters SSB. QSL via their home callsigns.

UK SIX METRE GROUP CELEBRATES 25 YEARS. The UK Six Metre Group (UKSMG) is happy to announce its 25th birthday. It will be celebrated with a series of special callsigns in several different countries. It will start in the Netherlands with the special callsign PA25UKSMG between May 19th and June 3rd. Activity will be active on all bands from 160-2 meters, including an entry in the CQ WPX CW Contest (May 26-27th). Also, look for several special callsigns to be active during the UKSMG 6m Contest during the first weekend of June. Working them will give you extra bonus points during that contest. Furthermore there will be a special 25 years anniversary award. Also, look for TM6MG to be active starting June 1st for 2 weeks from France on several bands, but the focus will be on 6m. There will be a few other callsigns to be announced later, but they have not yet been confirmed. QSL all of these special callsigns to PA7FM. More information can be found on the UKSMG eb page at: http:/www.uksmg.org
Online logs for these operations will be available at the following Web page once they start: http://www.pa7fm.nl

VF0, CANADA (Zone 2 and IOTA Op). Operators Pete/VE3IKV and Bill/W4TAA will be activating the Belcher Islands (NA-196) in CQ Zone 2, VY0 Nunavut Territory, using the special callsign VF0X (authorized by Industry Canada) between June 29th and July 4th. Activity will be on the HF bands and 6 meters, CW and SSB. QSL via VE3IKV direct (quick) or by the bureau (slow).

VP9, BERMUDA (NA-005). Paul, G4BKI, will be active as VP9KF from Hamilton Parish, from May 15th to June 5th. Activity will be CW only, but will include the CQ WW WPX CW Contest (May 26-27th). QSL via W4/VP9KF: Paul Evans, 6809 River Road, Tampa, FL 33615. Visit his Web page at: http://vp9kf.com/

VQ97, CHAGOS ISLANDS (Attention PFX Hunters!). OPDX was informed by Jim, VQ9JC (ND9M), that he has received written permission to use the special callsign "VQ97JC" from May 23rd through June 5th. The special indicator "7" added to the prefix simply reflects the number seven in the year 2007. Jim was informed by Harmon (a.k.a. Dale), W4QM/VQ9QM, who was "Mr. VQ9" for 15 years, this is the first time a special prefix was authorized to be used there. Look for Jim to use this special prefix as much as possible during those two weeks. He states, "I am on a work assignment while at Diego Garcia, and as such I can only be on the air after work which normally means 1200-1730z. That said, I'm hoping to make the VQ97 prefix available at least 10 evenings during that period; with luck, there may be more. My work schedule includes weekends, so a pretty big bite is already taken out of the CQ WPX Contest timeframe. But I'm expecting to stay overnight at the shack both nights during the contest so that I can put in some time around the local sunrise (2300-0100Z) as well. I'll be SOAB during the contest." QSL via ND9M, direct or by the bureau. QSL cards will not be printed at least until after his return home to Florida in August.

YCCC CELEBRATES 30th ANNIVERSARY. Members of the Yankee Clipper Contest Club (YCCC) will celebrate its 30th anniversary by signing their callsign/30. Activity is a way to positively promote the YCCC on the air. A special certificate will be available after confirming contacts with at least 10 members. For more details, visit the YCCC Web page at:
          http://www.yccc.org/Articles/30th%20Anniversary/index.htm

Just checked the DX Watch cluster and they are still listed as QRV on
5-14-07 eight days after they were supposed to QRT. Are they still there?

No, they are long QRT. All ops are home, and logs are online.

Hi There,

The Bishop Druit College Radio Club
http://www.qsl.net/mm0axl/mncarg/bdc.html
situated in the Mid North Coast of NSW Australia at Coffs Harbour are
looking forward
to making Local or DX IRLP contacts on Fridays 0315 - 0345 UTC.

Contacts will be on IRLP node 6625 via local repeater VK2RDO on 146.650Mhz.

The young people in the club have been experimenting with building simple FM radio recievers, and have been contemplating the design of plasma balls using ordinary light globes and car spark coils.

Contacts with interested parties or similar school electronic/radio groups would be great but unfortunately the club only has limited time during the local lunchtime period.

If interested and can help arrange a contact please email:

Gary VK2ZKT gryan@bdc.nsw.edu.au

or

Peter VK2EVB vk2evb@wia.org.au

Ohio/Penn DX Bulletin No. 810

The Ohio/Penn DX PacketCluster
DX Bulletin No. 810
BID: $OPDX.810
May 28, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL Web Page, K1XN & GoList, NJ1Q, K2DBK, W2VU, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, NN7A, K8YSE, KU9C, NA9N, Pete's-DX-Newsdesk, 9M2TO, DK8JB, DL7MAE & The DX News Letter, F4EUN, F5NQL & UFT, F6AJA & Les Nouvelles DX, HA0HW, I1JQJ/IK1ADH & 425 DX News, IZ8EDJ, JA7QVK, OK1DOT, ON7RU, RSGB IOTA, SP9MRO, SV0XAW, TA3YJ, VA3RJ & ICPO, VE3LYC, VE3ZIK and VE3ZZ for the following DX information.

** EDITOR'S SPECIAL NOTICE: This week's bulletin was sent out
   earlier than normal to accommodate the late CQ WW WPX CW
   Contest announcements. For more details and the complete set
   of rules, visit the Web page:
        http://www.cq-amateur-radio.com/WPXRULES2007v332407.pdf
   Also, remember to visit Bill's, NG3K, CQWW WPX CW Contest listing
   of stations that are expected to be active at:

http://www.ng3k.com/Misc/wpxc2007.html

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Friday, 18th/May, through Friday, 25th/May there were 215 countries active. Countries available: 3A, 3B8, 3D2, 3V, 3W, 3X, 4J, 4L, 4O, 4S, 4W, 4X, 5B, 5H, 5N, 5R, 5W, 5X, 5Z, 6W, 6Y, 7X, 8P, 8R, 9A, 9H, 9J, 9K, 9L, 9M2, 9M6, 9Q, 9U, 9V, 9Y, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E5/n, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J5, J6, J7, JA, JD/o, JT, JW, JX, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PY0F, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TL, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V3, V4, V6, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP6, VP8, VP9, VQ9, VR, VU, XE, XU, XW, YB, YI, YL, YN, YO, YU, YV, Z2, Z3, Z7, ZA, ZB, ZD7, ZD8, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B6, AGALEGA ISLANDS (DXpedition Update). Team leader, Witek, SP9MRO, announced in a press release that the Polish DXpedition to Agalega Island, which was rescheduled to take place between June 6-18th, has received the new callsign 3B6DX for their operation. The DXpedition schedule has also been announced. Here are the details:

* The main group will start the trip at Okecie airport in Warsaw on Monday morning, May 28th at 8:30 AM.
* They will be landing in Mauritius on Tuesday morning at 6:10 AM, May 29th.
* Tuesday through Friday - The team will be busy in Mauritius.
* Early Saturday morning, the team will start their trip to Agalega Islands by boat.
* They are expecting to see Agalega's land on Tuesday, June 5th
* Just after their arrival on Agalega, they will start building their antennas.
* They expect to be active from 3B6 the morning of June 6th at the latest.
* They will start to head back to Mauritius on Monday, June 18th.
* The team will have a flight on Sunday evening back to Poland.
* The DXpedition team will be back at Okecie airport in Warsaw on Monday, June 25th at 14:15.

Witek, SP9MRO, states, "We would like to thank all of you who donated to us once again. All of those who would like to support the DXpedition are kindly asked for their generosity. Postponing the expedition let us solve 90% of the problems that aroused before, but we still have more problems ahead of us. That is why all, even the littlest, donations are very important for us, and we would like to thank you for all of them!" For more details and updated, visit: http://3b6.godx.eu/

3V, TUNISIA. Alex, GM0DHZ, informs that he will be here for a 5 week holiday starting November 19th. He will be active with operators from 3V8SS. This will be a holiday-style operation with activity on 80-10 meters and possibly 160m, CW and SSB. QSL via info on QRZ.com.

4L, GEORGIA. Vaho, 4L8A, will be active during the CQWW WPX CW Contest (May 26-27th) as a Single-Op/Single-Band (20m)/High-Power entry. QSL via DJ1CW, by the Bureau or direct.

4L, GEORGIA. Mamuka , 4L2M, will be active during the CQWW WPX CW Contest (May 26-27th) as a Single-Op/Single-Band (40m)/Low-Power entry. QSL via EA7FTR.

4O, MONTENEGRO (ITU Assigns A Prefix). Montenegro became a new country (DXCC entity) last June, and has been waiting for the ITU to assign an Amateur Radio callsign block since then. The International Telecommunications Union (ITU) did not want to give Montenegro an entirely new prefix, so it required the states of Montenegro and Serbia to agree upon one or two prefixes from the five existing prefixes (4N, 4O, YT, YU and YZ) assigned to the former Serbia-Montenegro. An agreement was reached on May 11th, and the prefix "4O" is now listed as Montenegro's prefix. Montenegro stations will be using the prefix block 4O0 through 4O9. Serbia stations will continue to use YT and YU prefixes, but the ITU has taken 4N and YZ prefixes for future reassignment. DXers are reminded to please update their logging programs.

5B, CYPRUS. Nick, G3RWF, will be active as 5B/G3RWF near Polis, June 2-30th. This will be a holiday operation, so he will operate SSB, RTTY and PSK during his spare time.

5D, MOROCCO. Operators Stefano/IK2QEI, Ahmed/CN8WK, Bacha/CN8WW and Andy/YO3JR will be active with the special callsign 5D5A during the CQ WW WPX CW Contest (March 26-27th) as a Multi-? entry. QSL via I2WIJ.

7X, ALGERIA. Look for 7X0RY to be active during the CQ WW WPX CW Contest,(May 26-27th) as Single-Op/Single-Band (80m) entry. QSL via the QRZ.com address.

9M2/9M4, WEST MALAYSIA (Special Event, Contest and IOTA Op). Tex, 9M2TO, informs OPDX that members of the Malaysian Amateur Radio Transmitter Society (MARTS) will use their special contest callsign 9M4DXX during the CQ WW WPX CW Contest (May 26-27th) as a Multi-Op/Single-TX entry. The MARTS contest team will be active from Penang Island (AS-015). QSL via the 9M2 Bureau or direct to 9M2TO. Visit their Web page at: http://9m4dxx.marts.org.my

CQ PRESS RELEASE. The following is a NEWS RELEASE came from Richard Moseson, W2VU, Editor of CQ Amateur Radio:

EMBARGOED FOR RELEASE: Saturday, May 19, 2007

CQ Announces Hall of Fame Inductees for 2007 (Dayton, Ohio - May 19, 2007) - CQ Amateur Radio magazine today announced this year�s inductees into the CQ Amateur Radio Hall of Fame and the CQ Contest and DX Halls of Fame. There are 15 inductees into the Amateur Radio Hall of Fame and three new members each of the DX Hall of Fame and the Contest Hall of Fame.

CQ Amateur Radio Hall of Fame

The CQ Amateur Radio Hall of Fame honors individuals who: 1) Whether licensed hams or not, who have made significant contributions to amateur radio; and/or 2) As licensed amateurs, have made significant contributions either to amateur radio, to their professional careers or to some other aspect of life on our planet. This year's inductees are, in alphabetical order:

Catona, Phillip W2JAV (SK) - RTTY pioneer, inventor of the modern-day terminal unit
Flaherty, Paul N9FZX (SK) - co-inventor of Alta Vista search engine
Geloso, John I1JGM, Italian amateur radio manufacturer
Griffin, Michael, NR3A - NASA Administrator
Hillier, James ex-VE3SH (SK) - co-inventor of scanning electron microscope; former head of RCA Labs
Johnson, Herb W6KQI (ex-W7GRA) - Founder of Swan Electronics
Lewallen, Roy W7EL - Developer of EZ-NEC antenna modeling software
Lindquist, Rick N1RL - As ARRL Senior News Editor, he has been responsible for the past decade for keeping the amateur community updated on new developments, via the ARRL Letter and the ARRLWeb news pages.
MacDonald, Copthorne VY2CM - Developer of slow-scan TV (SSTV), author, philosopher
McArthur, Bill KC5ACR - Astronaut who set various ham radio operating records from the International Space Station, including being the first person to complete WAS (Worked All States), WAC (Worked All Continents) and DXCC (DX Century Club) from orbit.
Miller, Don W9NTP - SSTV pioneer; developed (with KB9VAK) first high-definition digital SSTV protocol and program.
Tristao, Louis KG6VY (SK) - Inventor of crank-up tower
Tucker, Durward J., W5VU (SK) - Helped promote and popularize RTTY in the 1950s; oilman and Managing Director of WRR Radio, Dallas
Weiss, Adrian (Ade) W0RSP (ex-K8EEG) - leading proponent and promoter of QRP (low-power communications) in the 1970s and 80s
Winder, Farrell, W8ZCF - Transmitted first SSTV signals to MIR space station. Active with MAREX (MIR Amateur Radio EXperiment) and Suitsat-1 planning teams

CQ DX Hall of Fame

There are three new inductees this year into the CQ DX Hall of Fame:

Roger Western, G3SXW, and Nigel Cawthorne, G3TXF, were nominated together. Roger and Nigel are avid DXpeditioners and have activated many rare locations with their two-man, CW-only, expeditions. To date, Nigel has operated from 44 DX locations, while Roger has been on the air from 37. Nigel owns what may be the world's largest collection of

QSL cards. In fact, he recently completed an addition to his home solely to house his QSL collection! In addition to his trips with Nigel, Roger is a founding member of the "Voodudes" contest DXpedition group, a member of the CQ Contest Hall of Fame, and an international adviser to the CQ World Wide DX Contest Committee. He has also authored two books, Up Two: Adventures of a DXpeditioner and Contesting in Africa: Multi-Multi on the Equator.

Mauro Pregliasco, I1JQJ, is co-editor (with his wife, Valeria, IK1ADH) of 425 DX News, the leading DX bulletin in Europe and one of the most popular in the world. The newsletter is published online in both Italian and English, with some 15,000 subscribers to the English version alone. Mauro is also a very active DXer, holding most of the major DX awards, sits on the Radio Society of Great Britain's IOTA committee, and is Vice Secretary General and HF Award Manager for ARI, the Italian national amateur radio association.

CQ Contest Hall of Fame

The CQ Contest Hall of Fame inducts three new members this year as well:

Fred Capossela, K6SSS, is a past CQ World Wide DX Contest Director and, for the past 40 years, has maintained and annually updated the CQWW All-Time Records List. It was under Fred's direction that the CQWW became the world's most popular and most professionally-run amateur radio contest. The first contester to run the contest, Fred introduced the rigorous verification standards for contacts and multipliers, developed the All-Time Records List, set the current contest dates and introduced the Band-by-Band top scorers' matrix. It was Fred's dedication to running the contest in a fair, honest and professional manner that laid the foundation for the CQWW's current stature.

Phil Goetz, N6ZZ (SK), has the distinction of having operated the CQWW DX Contest from each of the world's 40 CQ zones - one of only two amateurs ever to accomplish this feat (Dick Norton, N6AA, is the other) - and missed operating in the CQWW only three times in the 47 years between 1960 and 2006. Phil was a member of the first ARRL Contest Advisory Committee and served three separate times on the CQWW Contest Committee. In addition, he was a judge at every World Radio Teamsport Championship (WRTC) event, except in 2002, when he was a contestant. Phil became a Silent Key earlier this year.

Tom Taormina, K5RC, has been contesting since 1959, when he entered the ARRL Sweepstakes and made a whopping 35 contacts. His scores improved dramatically since then, and he has held several records and won several national and divisional championships. He has also mentored a string of world-class contesters, who have themselves gone on to record-setting performances. Tom helped develop the Multi-Two category in the ARRL DX contests and helped create the North American QSO Party. He is also a past member of the CQ WW Contest Committee and a past Editor of the National Contest Journal. Tom is also active in DXing and public service communications.

DD4, GERMANY. Zik, VE3ZIK, a member of the "Contestgroup IONOSQUEEZERS" (OV Bonn) will be active as DD4B during the CQ WW WPX CW Contest (May 26-27th) as a Single-Op/Single-Band (possibly 20 or 15m) entry. QSL via DL3PS, by the DARC QSL bureau.

EA8, CANARY ISLANDS. Franky, ON7RU, will be active from the Gran Canaria (AF-004) as EA8/OQ7R, June 4-13th. Activity will be on all bands 80-10 meters, CW, SSB and RTTY. He will use a FT990 and wire antennas. QSL via ON7RU, by the bureau or direct. ADDED NOTE: Frank states that QSL cards from last year's SV8/OT0A operation are being processed.

ER0, MOLDOVA. Look for Serge, UR5FEO, to be active as ER0FEO during the CQ WW WPX CW Contest (May 26-27th) as a Single-Op/All-Band entry. QSL via UU0JM.

FO/C, CLIPPERTON ISLANDS. It was announced at the Dayton DX Dinner Banquet by Pete, N0FW, that a team lead by Bob Grimmick, N6OX, would be going to Clipperton Island sometime in early March 2008. More details will be forthcoming via John Kennon, N7CQQ.

G, ENGLAND (Possibly France). Jim, KR1S, will be in the UK for a few weeks, starting possibly this week. He hopes to do some portable QRP operating from Windermere and London, as well as Amsterdam and Paris.

HH, HAITI. Yannick, F6FYD, is now here on business for one year. He has received the callsign HH2FYD and hopes to be active during his free time. QSL via F6FYD.

HZ, SAUDI ARABIA. Thomas, PY2ZXU/SM0CXU, will be active as HZ1EX from HZ1GW East of Medina during the CQ WW WPX CW Contest (May 26-27th) as Single-Op/All-Band entry (80m not allowed!). QSL via SM0BYD.

IOTA NEWS....................

EU-001. Alex, GM0DHZ, will be active as SV5/GM0DHZ from KOS Island for 2 weeks starting June 7th. Activity will be on CW and SSB. This will be a holiday style operation.

EU-060. Members of the White Tower DX team will be active from Skyros Island between June 12-22nd. Operators mentioned are: SV0XAW, SV2FPU (WTDX Team Leader), SV2HNZ, SV2HOB, SV2HPP, SV2HPY, SV2HRT, SV2HSV and SV2GNQ. The DXpedition team will be using the special callsign SY8WT. Activity will be on 160-6 meters on CW, SSB, RTTY and PSK31. QSL via SV2HPP. For more details on this DXpedition, visit the White Tower DX Team Web page at: http://www.whitetowerdxt.com

EU-061. Operators Udo/DL1DWR, Lutz/DG4VX and Olaf/DG0CH will be active as LA/homecall from Tromoy Island between now and May 29th. Activity will be on 160-2 meters, mostly the digital modes, also CW, SSB and FM. QSL via their home callsigns.

EU-067. Operators Theodoros/SV1EJD, Manu/IZ8IYL and Ant/IZ8CCW will be active as J48MDC from Mikonos Island between June 13-18th. Do not expect too much activity from Ant and Manu because they are on a honeymoon trip. Pilot station will be IZ8BGY (iz8bgy@mdxc.org). More info about J48MDC can be found on: http://www.mdxc.org/j48mdc

EU-088. Members of the EDR Silkeborg will be active as OZ8MW/P from Anholt Island (DIA NK-001), July 25-30th. Activity will include an entry in the IOTA Contest (July 28-29th). The activity outside of the contest will be on 80-10 meters using CW and SSB.

EU-174. Laci, HA0HW, will be active as J48HW and SV8/homecall from Thassos Island, Greece (MIA: MG-124, Grid KN20hs), between May 27th and June 5th. Activity will be on the HF bands, mainly 40/30/20/17 meters and 6 meters. Operations will be mainly CW, with some SSB, RTTY and PSK31 as well. QSL via his home callsign, by the HA Bureau or direct.

NA-029. Operators Gregg/VE3ZZ and Noel/VE2BR will operate from Prince Edward Island in eastern Canada from July 25-30th using the VY2TT superstation (Grid Square FN76vs, CISA PE-001). During the July 28-29th IOTA Contest they will operate as VY2Z (QSL to VE3ZZ) and outside of the contest as VE3ZZ/VY2 and VE2BR/VY2 (QSL to their home callsigns direct via the QRZ.com address or via the Bureau).

NA-144. Terry, W6WTG, will be active as W6WTG/p from Anacapa Island (USI CA-002S, WLOTA LH-1300, WW Loc. DM04HA, Ventura County, California) during the RSGB IOTA Contest (July 28-29th). He will be running battery power with a IC-7000 and will be active on 20 meters. QSL via his home callsign.

OC-129. Kaoru, JA7QVK, is active as JA7QVK/DU7 Cebu Island in the Philippines. He has been on Cebu Island since August of 2005 and is there on business. Kaoru is expected to be here until this coming August. He informs OPDX that he will be active during his free time especially on the weekends on 40-6 meters mainly SSB. Equipment is an IC-706MK2G and ATAS-100 which is a mobile whip like a screw driver. QSL via his home callsign, direct w/SAE + 2 green stamps. He will answer after his return to Japan. ONLY JA stations can QSL via the JA Bureau. QSLs can be sent direct via the following Philippines address w/SAE + 1 green stamp: Kaoru Ono,
Unit 1204, Park Tower 2 Cebu Business Park, Cebu City,
Philippines 6000. SKED can be made via the following E-mail address: kaoru12506@globelines.com.ph
ADDED NOTE: Also, look for DU7/PA0HIP from Mactan Island (OC-129). He is also very active now.

OC-150. Hotang, YC0IEM, will be actived from Lombok Island as YC0IEM/9, June 8-10th. QSL via IZ8CCW, by the bureau or direct.

IS0, SARDINIA. Operator Martin, OL5Y, will be active as IS0N during the CQ WW WPX CW Contest (May 26-27th) as a Single-Op/All-Band/Low-Power entry. QSL via OK1MG.

IS0, SARDINIA. Mauro, IN3QBR, will be active as IS0/K7QB (perhaps IM0/K7QB) during the CQ WW WPX CW Contest (May 26-27th) as a Single-Op/All-Band/Low-Power entry. QSL via IN3QBR.

J7, DOMINICA. Rod, NA9N, will be active as J79RM, June 28th-July 5th. He will mostly be operating HF and will try to work a number of digital modes. QSL to his home callsign, NA9N.

KL7/NL7, ALASKA (IOTA Op). Operators Marvin/KL1YY, Bob/NF7E and Art/NN7A will operate from Ushagat Island, Alaska (IOTA NA-206), from July 12-17th. They will have two stations using 100 watt transceivers with vertical, wire, and kite antennas. Operation will be CW by NN7A/NL7 and SSB by KL1YY and NF7E/KL7 on 160-10 meters with SSB on the 20m and 15m IOTA frequencies as conditions permit. No digital or VHF operations are planned. There are no existing facilities on Ushagat, so operation will be from a camp set up by the operators using battery and generator power. E-mail and log checking will not be possible during the operation. QSL by the bureau or direct to their home callsigns:

KL1YY: Marvin Baur, 4275 Kachemak Way, Homer, AK 99603 USA
NF7E : Bob Wertz, 6315 E. Townsend-Winona Rd, Flagstaff, AZ 86004 USA
NN7A : Art Phillips, P.O. Box 73, Eckert, CO 81418 USA

P4, ARUBA. John, KK9A, will be active as P40A during the CQ WW WPX CW Contest (May 26-27th) as a Single-Op/Single-Band (40m) entry. QSL via WD9DZV.

QSL INFO AND NEWS.....................

QSL routes provided by Johannes, DK8JB:

NX7TT via AI4U
OP7B via ON7BJ
OT0M direct
R6MDIR via RK3MWA
UT0U via UT5UDX
YM100FB via TA1EE

BS7H QSO/QSL INQUIRIES! QSL Manager Steve, KU9C, sent out the following announcement: "Folks, I have received quite a number of QSO not in logs, I forgot my QSO detail, my dog/significant other/kid/etc trashed my log, etc questions in the last week, so let me help with some ground rules:

I'm not in a position to answer whether you are in or not in the log at the moment. Rather than ask via email, I'd ask you to kindly put the inquiry in a NOTE with your QSL to me. I'll research the log as I work your QSL request, and respond accordingly. If you are NOT IN THE WEB log, don't give up, put down EVERY QSO you believe you had, and I'll do the rest. If the web log shows 20SSB, put down EVERY qso you think you had on 20 SSB, not just the first. Don't be embarassed with dupes, rather, give me all the QSOs you've had, I'll see the dupes anyway, but if you are not in the log the first time, it will save me a lot of time researching. Remember, every researched call takes time from processing other cards. If it's a busted call, I'll use well-established judgement in issuing the card, and may ask you to help confirm that the person's whose call appears did NOT make a QSO.

If you DO NOT HAVE ANY detail besides what is in the web log online, it's impossible for me to give you credit for the card. I need to have SOME supporting detail on your QSO. Give me your best guess from memory, who you heard work BS7H just before or after. Chances are one of your friends was in the hunt at the same time, and can help. Remember, it will be a lot easier to remember it now than a month from now. And, I'm not in a position to issue a QSL to you 'just because' the web log says you're there. Not the way it works.

Don't fret the 39 cent stamp or the 84 cent stamp you sent before the postage increase. I'll cover it.

If I do not respond to your email, please don't take it personally. Please follow the guidelines here. I tend to not answer the emails when they ask the questions above, as each email is roughly equivalent to the time it takes to answer 2-3 QSLs...and I tend to choose to answer the cards first.

I'll let you know when the cards start going out via this forum.

As an aside, if you have a problem with how I do QSLs, how long it takes to get a card from me, etc, please take it up with me directly. I don't appreciate reading it third hand via a reflector, etc. Frankly, if you are kind enough to send me a note, I'll be glad to help research it. In many cases, I may be able to help you understand why the process take so long for your QSL, as I keep pretty good records of those calls that take time, and for what reasons that is the case...... 73 Steve KU9C

NEED A QSL MANAGER? Petr, OK1DOT, is willing to offer his services to a station in need. He will provide all the QSL printing and cards to stations he manages at no charge. Petr is currently QSL Manager to: 9V1GO, YB5AQB, ZS6CCY, YB1JZS, WP3F, XV9DT, 3W22S, XV1X, NL7G, TG9AKH, NH6P, 3W3W, HK1AR, YI9CC and 9K2/KY0C. For details, visit his Web page at: http://www.qrz.com/ok1dot
His address is:Petr Gustab, P.O. Box 52, CESKY BROD 282 01, Czech Republic.

Nilay, TA3YJ, sent out QSL cards for TA3J, TA3J/0 (AS115), TA3J/4 LH, TA3J/60, TA3YJ, TC2K4J, YM125ATA, YM125ATA/4 and YM3ATA to the QSL Bureaus of Spain (R) and Turkey direct on May 21, 2007.
(R: Registered Mail)

VP5/PY2XB QSL STATUS. Fred, PY2XB, informs that he is still receiving many QSL requests for his recent operation as VP5/PY2XB, despite the announcements in all DX Bulletins and DX lists that he has a QSL

Manager. Fred will forward any requests received via direct to his QSL Manager PT7WA, but of course, it will delay the process of QSLing. For those sending bureau cards: Please be sure to write "VIA PT7WA!" so the Central Bureau will correctly send it to the PT7 Bureau instead of the PY2 bureau.

XT2C QSL STATUS. Bernard, F9IE, informs us that he has put in the mail all direct QSL request from DXers and SWLs received up to May 16th.

QSLS VIA LOTW: 4X4PP, 5H9PD, 5P5V, BD7KLO, DJ0QN, DL0TS, E21EIC, F4DZY, FY5KE, GM4WZL, HB9TSU, RA9AC, RN3QO, UR5MID, UV5U and VE3SY

QSLS RECEIVED VIA MAIL: 4O3T, 4O3ZZ, 4O6T, 4W6MM, 5N8NDP, 6W/DM2AYO, 8P1A, 9Q1EK, A71EM, BX5AA, C6AGN, C6DX, C91Z, CE1/K7CA, CM6CAC, DQ2006Y, EA9EU, ES1QD, FK/FO5RK, GM4KGK, H44MS, J5B, LZ13ARDF, LZ2TU, MD4K, MI0SRR, MN1SWL, T77C, TA3D, TM5CI, TT8HA, V31FG/P, VU7LD, VU7RG, XU7MDY, YS1JBL, ZA/DL3OCH and ZF2BI

SPECIAL EVENT. Look for special event station TM1VDM to be active until May 28th to celebrate the 100th anniversary of the birth of the writer Maxence Van der Meersch (1907-1951). QSL via F6KTN. Two other stations will also be active. Look for TV2VDM to be active from June 1-15th by the Radio Club F5KDB, and FV5VDM will be active from July 1-15th by the Radio Club F6KDM.

SPECIAL EVENT. Members of the REF83 will activate the special callsign TM2RHC during the Air show taking place at LE LUC ARMY AIR BASE from June 10-24th. Activity will be on 160-10 meters on all modes. QSL via F4EUN (see QRZ.com). For more info, visit the following Web pages at:
http://meeting-leluc.fr
http://www.ref83.free.fr

SPECIAL EVENT. Look for the Ukrainian special event station EO20R to be active between May 28th and June 3rd. Activity is to celebrate the 20th anniversary of Slavutych, the city built after the Chernobyl nuclear disaster to host the survivors who had to be relocated from the evacuation zone around the reactor. QSL via UY2RO.

SRT'S WORLD-WIDE DXPEDITION TROPHY. Oreste, IZ8EDJ, S.R.T. Founder and Team Coordinator, annnounced that the members of the Strange Radio Team (SRT) are once again taking their annual survey for DXpedition of the year. The SRT World-Wide DXpedition Trophy will go to the DXpedition that receives the most votes. This year's DXpedition list is: 1A4A, 3B7C, 3C0M, 4O3T, 5A7A, 9M4SDX, BS7H, DX0JP, J20RR & J20MM, KH8SI, N8S, OH10TA, VU7LD, VU7RG/VU7MY, XF4DL, XT2C, YU6AO, YW0DX and ZL8R. Cast your vote at: http://www.strangeradioteam.com/wwdxt/index.asp
ADDED NOTE: The SRT now has a SRT-DX mailing list. To subscribe and receive messages about DX News, IOTA Notices and other HamRadio information, go to: http://www.strangeradioteam.com/reflector.asp

TO3, MARTINIQUE (NA-117). Alex, VE3KF, will be active as TO3T between now and May 31st. Activity will include the CQ WPX CW Contest (May

25-26th). QSL via his home callsign, direct or by the bureau.

V2, ANTIGUA AND BARBUDA. Horward, WB4WXE, will be heading back here and will be active as V26HS between June 9-24th. He will be putting an emphasis on 6 meters but will also be active on 2 meter and HF.

VP5, TURKS AND CAICOS ISLANDS. Maciek, WQ7X, will be active as VP5/WQ7X, between now and June 5th. Activity will be on 80-10 meters CW and SSB. QSL via his home callsign.

VP6/D, DUCIE ISLAND. Eric/K3NA and Carsten/DL6LAU announced at the Dayton DX forum that a multi-national team of 13 operators will be going to Ducie Island in February 2008. The landing permissions and licenses are granted and a suitable charter vessel is secured. They are planning to stay 13 days on the atoll. Current list of operators are: Carsten/DL6LAU (Team Leader), Eric/K3NA (Co-Leader), Dietmar/ DL3DXX, Andy/DL8LAS, Martti/OH2BH, Robin/WA6CDR and Krassimir/K1LZ. For more information, updates and details on how to help support this operation, please visit the VP6DX Web site at: http://www.vp6dx.com

YB, INDONESIA (Help Kadek!). It has been reported that Kadek, YB9BU, has lost all his radio equipment following a fire that destroyed his house in early April. A fund called �Help Kadek� has been set up to help Kadek rebuild his radio shack and bring him back on the air. If you would like to help, please visit the following Web page at:
http://www.mdxc.org/yb9bu

YM3, TURKEY. Mill, LX1CC, will be vacationing in the city of Selcuk between June 7-21st. He will be using the special callsign YM3CC. His activity will be on 80-10 meters, WARC bands included, on SSB. QSL via his home callsign, direct, by the bureau or e-QSL.

YO, ROMANIA. Jean Michel, F6AJA, is currently active again for the 14th time as YO/F6AJA from Suceava (450 Km north of Bucarest) until May 26th. During his free time Jean Michel will visit his friend Silviu, YO8FZ.

ZF2, CAYMAN ISLANDS. David, K2DBK, will be operating from Grand Cayman (NA-016) from July 22-29th, as ZF2DK. This is a "vacation style" operation; operating during his spare time. David will be able to operate on all bands from 40-6 meters, but he expects to spend most of his time on 20m, conditions permitting. However, he will see what bands are open when he is there and operate accordingly. He does plan to try a little 6m if the band is open. David will primarily be operating SSB and he may operate a little PSK as well. Most likely, he will be hanging out around the IOTA frequencies. QSL either direct (SASE or SAE + 1 GS please) or via the bureau to his home callsign (K2DBK). He plans to upload the logs to LoTW. Updated information will be available at his Web site (http://k2dbk.com) or on QRZ.com.

DXNL 1520 - May 23, 2007
DX Newsletter

a free and weekly service of
DARC Committee "DX and HF contesting"
(http://www.darcdxhf.de)

editor: Helmut Schlaffer, DL7MAE
(e-mail: dxnl@dxhf.darc.de)

translation by: Bob, DL7VOA
(e-mail: dl7voa@darc.de)

E51 - SOUTH COOK ISLANDS, OC-013

Gary,ZL2IFB, is spending his holidays with his family on Rarotonga from where he intends to work as E51IFB. He also plans to take part in the upcoming WPX Contest (May 26/27) either in the QRP or the low power class. Gary will be QRV only in CW mainly on 40m/30m from May 24-28. He is also looking for a good QTH for future activities. Please send your QSLs direct to ZL2IFB or via LotW.

FM - MARTINIQUE, NA-107

We expect Alex,VE3KF, to show up as TO3T in SSB/CW from May 23-31 and also in the WPX Contest. QSLs direct or via bureau to his homecall.

GD - ISLE OF MAN, EU-116

The Isle of Man is known for its motorcycle race, the Tourist Trophy, held since 1907. Two members of the Wrexham ARS Colin,MW0JNI, and Mike,GW6NLP, will be active from Scarlett Point (EU-116, WLOTA LH 0449) signing GB100TT on all HF bands and GT4WXM/p on UHF between May 25 and Jun 5. QSL via MW0JNI.
Check also: http://www.qsl.net/wars and http://www.scarlettpoint.com

GU - GUERNSEY, EU-114

Chris,M0DOL, Trevour,M3PNQ, and Tom,2E0TSW, will activate two new prefixes from Guernsey (EU-114) using GP8LED/p and GP3GWB all HF bands plus 6m/4m/2m for one week starting on May 26.

HB0 - LIECHTENSTEIN

David,HB0/DL1GDS, Michael,HB0/DO1ARS, Eddy,HB0/DK4SFW, Klaus,HB0/DL5ZL, Reinhard,HB0/DL5ZA, and Karl,HB0/DM3BJ, will be active mainly in SSB/CW and digital modes on 160m-10m, 6m and 70cm from May 26-30.
QSLs via the operator's homecalls, via bureau or direct.
The website of the HB0 DX Team is: http://www.do1ars.de/hb0team.htm
An online log will be published there after the activity but skeds can be arranged also via packet radio.

HH - HAITI, NA-096

Yannick,F6FYD, is working in Haiti for one year and already hit the airwaves as HH2FYD. QSLs via homecall.

PJ2 - NETHERLAND ANTILLES, CURACAO, SA-006

Jim,WI9WI, is QRV as PJ2T (QSL via N9AG) from the Signal Point Station from May 21-29. He plans to participate in the WPX Contest in the single op/allband/high power category.

VP5 - TURKS AND CAICOS ISLANDS

Maciek,WQ7X, is working in CW/SSB on 80-10m from May 24 until Jun 5.
QSL via homecall.

VQ9 - CHAGOS ARCHIPELAGO, AF-006

Jim,VQ9JC, is active on the air using the special prefix VQ97JC between May 23 and Jun 5. This is a must for all WPX hunters because this prefix has never been used before. Jim hits the airwaves after the end of his daily work usually from 1200-1730 UTC. During the WPX Contest (single OP/allband) he will stay in the shack over night. QSLs via his homecall ND9M. He will answer all direct and bureau QSLs after he returned home to Florida in August.

4W - EAST TIMOR, OC-148

Four members of the "Korea DX Club" Kim,6K5YPW, Lee,DS2BGV,Choi,HL5FUA, and Yoon,6K2AVL, will hit the airwaves as 4W6AAV or with a two-digit suffix from May 30 until Jun 4. The team will be QRV in CW/SSB/digital modes on 10-160m from the capital Dili (OC-148) using two amplifiers, verticals and beams. These frequencies were announced (in MHz):

band	CW	SSB	digital
160m	1.822 (QSX 1.824)	--	--
80m	3.515	3.795	--
40m	7.015	7.095	--
30m	10.115	--	--
20m	14.015	14.195	14.082
17m	18.075	18.130	--
15m	21.015	21.295	21.082
12m	24.895	24.950	--
10m	28.015	28.460	28.100

The QSL manager is HL5FUA. Direct QSLs will be answered first, bureau cards will be processed later. Online logs can be found at: http://dxpedition.co.kr

PREFIX FOR MONTENEGRO

4O is now officially the new prefix for Montenegro. YZ and 4N which were assigned to Serbia are falling back to the ITU. More information can be found on the ITU homepage at: http://www.itu.int/cgi-bin/htsh/glad/cga_callsign.sh?lng=E
This is an excerpt:

callsign block	assigned to	date
4NA-4NZ	ITU	15/05/2007
4OA-4OZ	Montenegro	11/05/2007
YTA-YTZ	Serbia	11/05/2007
YUA-YUZ	Serbia	11/05/2007
YZA-YZZ	ITU	15/05/2007

FRANCE, SPECIAL EVENT STATIONS

TM1VDM remembers the writer Maxence van der Meersch (1907-1951) on the air until May 28. QSL via F6KTN. Two more stations celebrating this 100th birthday will be active as TV2VDM (QSL via F5KDB) from Jun 1-15 and as FV5VDM from Jul 1-15. These QSLs are managed by F6KDM.

USA, SPECIAL EVENT STATIONS

Several members of the "Indianapolis Motor Speedway Amateur Radio Club" will be active from the 91th Indianapolis 500 Mile Race signing W9IMS from May 24-28 on following QRGs: 21.340, 14.240, 7.240 and 3.840 MHz. Find more information including also an award at: http://www.w9ims.com

LINKS: Tanja,DL2YOU, spent much time in finishing the official WAEDC and WAG

Contests result booklet which has been published on the DARC website: http://www.darc.de/referate/dx/archives/waedc_wag_magazin_2006.pdf

---

Your votes for the "World wide DXpedition Trophy" are welcome at the "Strange Radio Team" homepage at: http://www.strangeradioteam.com/wwdxt
Last year the trophy was awarded to 3Y0X.

Current SOTA activities are announced at:
http://sotawatch.sota.org.uk/activations.php or
http://sotawatch.sota.org.uk/spots.php

DXPEDITION OF THE YEAR

VU7RG/VU7MY was awarded the DXpedition of the Year at the HamVention in Dayton. Congratulations to all participants for this terrific effort!

Announcements for the upcoming WPX CW Contest (May 26/27):

The prices are by far lower than any other dealers. I cant beleive the pricing! It looks too good to be true also with free delivery - has anyone used them? Are they any good?

The forums look interesting but not much traffic. Apparrently they have just redone the site? Anyone been to the shop?

I have no link to them - I found them as they advertise on another forum and another website www.cobraworxshopz.com and www.ukradiodx.com

Also a regular on the 19 was talking about www.fusionrf.co.uk www.cobraworxshopz.com and also www.ukradiodx.com. Ukradiodx.com is where you can listen to the 19 from London on the internet

Hopefully with these websites that are starting up - it will get the interest back again on CB?

Do you think it will ever get back to what it was? Probably not :(

DXNL 1521 - May 30, 2007
DX Newsletter

a free and weekly service of
DARC Committee "DX and HF contesting"
(http://www.darcdxhf.de)

editor: Helmut Schlaffer, DL7MAE
(e-mail: dxnl@dxhf.darc.de)

translation by: Bob, DL7VOA
(e-mail: dl7voa@darc.de)

DU - PHILIPPINES, OC-129

Kaoru,JA7QVK/DU7, is staying on Cebu Island (OC-129) now for one year. He is on a business trip and will stay there until August 2007. Kaoru is working mainly in SSB on 40-6m and skeds can be arranged via e-mail: kaoru12506@globelines.com.ph

Unfortunately QSLs only direct, when he is back in Japan.

This is his address: Kaoru Ono, Unit 1204, Park Tower 2,
Cebu Business Park, Cebu City, Philippines 6000.

EA8 - CANARY ISLANDS, AF-004

Franky,ON7RU, will be active as EA8/OQ7R in CW/SSB/RTTY on 80-10m using a FT-990 and wires from Jun 4-13. QSL via ON7RU, bureau or direct.

FO/C - CLIPPERTON ISLAND, NA-011

During the "Dayton DX Dinner Banquet" an upcoming activation of Clipperton was announced for March 2008. The team leader will be Bob Grimmick,N6OX. More information will be released at a later date.

HI - DOMINICAN REPUBLIC, NA-096

IW2NEF/HI7 will be QRV from Bayahibe (NA-096) from Jun 3-9. He will work on 40-10m and 6m using a Yaesu FT-857D with 100 watts and vertical but only for one or two hours a day. QSLs via his homecall.

KH8/S - SWAINS ISLAND, OC-200

The first N8S QSLs of the Swains Island DXpedition will be sent on Jun 5. Meanwhile more than 6.000 letters arrived directly at YT1AD. The call N8S has been issued to Dale,K9TTT, in June 2006 and was used by the "Michigan DX Association" before. Dale promised to forward all errant QSLs to YT1AD.

TA - TURKEY

Mill,LX1CC, will spend his holidays in Turkey from Jun 7-21. His QTH will be the city of Selcuk and he got the special callsign YM3CC. Activities will take place in SSB on 80-10m (including the WARC bands). QSL cards via bureau to his homecall, direct or via eQSL.

VP6/D - DUCIE ISLAND, OC-182

First information was released about an upcoming DXpedition to Ducie Island (OC-182) lasting for two weeks around Feb 10, 2008. Licence and landing permission have been guaranteed already. The first top DXers joining the team were: Carsten,DL6LAU (team leader), Eric,K3NA (co-leader), Dietmar,DL3DXX, Andy,DL8LAS, Martti,OH2BH, Robin,WA6CDR, and Krassimir,K1LZ. More info will be released at: http://www.vp6dx.com

3A - MONACO

The special event station 3A7JO will be QRV in all modes on all bands from Jun 2-10. All QSOs will be confirmed via bureau automatically. If you can't wait that long send your direct QSLs to:

ARM (Association des Radioamateurs de Monaco) QSL Bureau, B.P. 2,
MC 98001, Monaco Cedex.

More information can be found on the website: http://www.monaco2007.mc

3B6 - AGALEGA ISLAND, AF-001

3B6SP will be the callsign of the Polish DXpedition which will show up for 12 days starting on Jun 6. For health reasons Wojtek,SP9PT, had to leave the team which now consists of: SP9MRO (team leader), SP5BFX, SP3MGM, SP6EQZ, SP3RBR, YL SP9SX and SP5XVY. Danuta,SP9SX, will take care of the QSLs. The team left Poland for Mauritius on May 28 and their flight back goes on Jun 18. These QRGs were announced for 3B6SP:

band	CW	SSB	RTTY	PSK (QRGs in MHz)
160m	1.821,5	1.845	-	-
80m	3.521	3.780	3.590	-
40m	7.021	7.070	7.040	7.038
30m	10.121	-	10.140	10.142
20m	14.021	14.185	14.084	14.072
17m	18.081	18.136	18.104	18.102
15m	21.021	21.290	21.084	21.072
12m	24.901	24.930	24.924	24.922
10m	28.021	28.490	28.084	28.122

Updated information is released on their website: http://3b6.godx.eu

5B - CYPRUS, AS-004

5B/G3RWF will be QRV in SSB/RTTY/PSK during his holidays from Jun 2-30.

FRANCE, SPECIAL EVENT STATIONS

The "24 Hours of Le Mans" belong to the classics in motor racing and will be held the 56th time this year. TM6ACO will be active in CW/SSB on all bands from Jun 3-17. QSL via bureau to F6KFI. Please check also: http://asso.proxiland.fr/aras72

TM5BBC will be QRV from Creully from Jun 1-15 remembering the BBC correspondents who reported from there about the battle in the Normandy in June/Jule 1944. QSL via F2UW.

POLAND, SPECIAL EVENT STATION

The special event callsign HF750C celebrates the 750th birthday of the city of Cracow on the air since May 14. This station will be active until Jun 30 (QSL via SP9BRP) supported by several SN0 calls until the end of 2007.

SPAIN, SPECIAL EVENT STATION

The 32nd America's Cup is the most prestigious event in sailing and this year it is carried out in Europe for the first time off the shore of Valencia. Pascual,EA5FKQ (AO5FKQ), and other OMs from this region will use the special prefix AO5 instead of EA5 until Jul 7.

UKRAINE, SPECIAL EVENT STATION

The town of Slavutych was founded to be the new home for those persons who had to be evacuated after the nuclear accident in Chernobyl back in 1986. The special event station EO20R is working during this small jubilee from May 28 until Jun 3. QSLs as usual via UY2RO.

CQ DX HALL OF FAME

Thirty years after Geoff Watts (BRS-3129, publisher of the legendary "The DX News Sheet") was elected into the CQ DX HALL OF FAME the first Italian HAMs received this honour as well. Mauro,I1JQJ, and his XYL Valeria,IK1ADH, publishers of the Italian "425 DX News" were both elected into the CQ DX HALL OF FAME this year. The other new entries are Roger Western,G3SXW, and Nigel Cawthorne,G3TXF, who are travelling together almost all the time. Nigel activated 44 DXCC entities and Roger 37 and both are founding members of the "Voodoo Contest Group". Congratulations!

SRT-DX MAILING LIST

The "Strangeradio DX Team" has a mailing list featuring DX- and IOTA-news or rumours from the DX community on their website: http://www.strangeradioteam.com/reflector.asp

LINKS: Rob,PA3GVI, published several interviews with fellow HAMs at: http://www.sitekreator.com/pa3gvi/ham_interview.html

---

Once again we want to point your interest to the interview with the BS7H DXpedition team member Christian Entsfellner,DL3MBG, and two new videos of BS7H on the homepage: http://dokufunk.org

---

Current SOTA activities are announced at:
http://sotawatch.sota.org.uk/activations.php   or
http://sotawatch.sota.org.uk/spots.php

UPCOMING CONTESTS

Jun 2/3: IARU-Region 1 CW Fieldday

IOTA

collected by Fredy,DE0MST (e-mail: iota@dxhf.darc.de)

Island activities:

EU-several, SV, TA: Tommy Horozakis,VK2IR, is on a roundtrip through Greece at the moment including a visit to Mount Athos. He will activate about 15 to 18 different Greek and Turkish islands between May 27 and Aug 28. He will work on HF not only in the usual modes but also in PSK/SSTV. He will join the "SV DX Group" (SV1GE, SV1AAU, SV2DGH, SV1DPJ, SV2FWV, SV2HNC, SV0XAD and DH9VA) to show up as SY8AN from Antiparos (EU-067) working in SSB/CW/RTTY on all bands from Jun 9-17. See also: http://www.sv2dgh.gr/sy8an

EU-001, SV5, Dodekanese: Harvey,SV5/OO5S, and Dan,SV5/OQ1C, are sepnding their holidays there until Jun 1. QSL via ON4ON, direct/bureau.

EU-001, SV5, Kos: Alex,SV5/GM0DHZ, will be QRV in CW/SSB during his holiday on Kos for two weeks starting on Jun 7.

EU-014, TK, Corsica: Marco,TK/IK1YED, is QRV mainly in SSB but also in digi modes on 6-160m until Jun 1.

WLOTA

Lighthouse activities:

GU, Guernsey, EU-114, WLOTA 0013: To complete the information published in the last DXNL we want to remember that the activity of Chris,M0DOL, and Tom,2E0TSW, signing GP8LED and GP3GWB takes place from May 29 until Jun 2. This counts for the Hanois Lighthouse (WLOTA 0013).

SV, Gavdos, EU-187, LH 1885 (Tripiti), ARLS CRE-007: Wolfgang,SV9/DL5MAE, showed up from Gavdos on time and will stay there until the beginning of June. QSL via homecall, direct/bureau.

My free DXCC Excel spreadsheet is updated now with the latest changes:

Montenegro is now 4O

Serbia is now YT, YU

The prefixes 4N and YZ are given back to the ITU, but at the moment they are still in use. I guess it will take some time to re-organise the callsign-systems in both countries.

You can find the DXCC Excel spreadsheet in which you can keep record of your DXCC score for all HF bands and 6 meters on my website. There is also a WAS/WAZ spreadsheet available.

Take a look a www.pg7v.net

Ohio/Penn DX Bulletin No. 811

The Ohio/Penn DX PacketCluster
DX Bulletin No. 811
BID: $OPDX.811
June 3, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N2OO, NG3K, W3UR & The Daily DX, N4AA

& QRZ DX, N6MZ, N6PF, N7NG, K8CX, K8YSE, A.R.V.M., Pete's-DX-Newsdesk, DK8JB, DL7MAE & The DX News Letter, EW2EO, F5NQL & UFT, F6AJA & Les Nouvelles DX, I1JQJ/IK1ADH & 425 DX News, IZ8EDJ, MM0DFV, PA4JJ, RSGB IOTA, SP9MRO, VE2EBK, VA3RJ & ICPO and VE3ZIK for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 27th/May, through Sunday, 3rd/June there were 219 countries active. Countries available: 3A, 3B8, 3D2, 3V, 3W, 3X, 4J, 4L, 4O, 4S, 4W, 4X, 5B, 5H, 5N, 5R, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9U, 9V, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D6, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, J7, JA, JD/m, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S2, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP6, VP8, VP9, VQ9, VR, VU, XE, XU, XX9, YA, YB, YI, YL, YN, YO, YS, YU, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3A, MONACO (Special Event). Look for special event station 3A7JO to be active between now and June 10th to celebrate the XII edition of the "Games of the Small States of Europe" (see http://www.monaco2007.mc/). Activity will take place on all bands and modes. All QSOs will be confirmed automatically via the bureau. Direct requests should be sent to the Association des Radioamateurs de Monaco (ARM) QSL Bureau, B.P. 2, MC 98001, Monaco Cedex.

3A, MONACO. Operators Luc/ON4LUC and Paul/ON6DP will be active as 3A/ON4LUC and 3A/OP0P from now until June 8th (possibly the 9th). They will be operating on RTTY, PSK and SSB with 100w and an "Inverted V" on 80/40/20 meters. QSLs via ON6DP, direct or by the bureau.

3A, MONACO. Eli, N6PF, will be celebrating his 60th birhday with a visit to 3A2MD's QTH. He will be operating as 3A/N6PF from June 25-30th. Bands and modes of activity were not provided. QSL via his home callsign.

3B6, AGALEGA ISLANDS (DXpedition Update). Team leader, Witek, SP9MRO, sent out a press release a day before leaving (June 1st) for Agalega Island. He indicated that the 3B6SP group had finished loading the equipment to the catamaran, and that they would be leaving in the morning. The group would be passing St. Brandon Island, which is very close to the catamaran route and only one day sailing from Mauritius. He expects a 4-5 day trip to Agalega because of high level of the ocean and activity from the volcano on Reunion Island. The team will try to work on the air during their trip under homecall/mm on all bands. If everything goes as planned, they will start radio activity from Agalega on Thursday, June 6th. Their suggested frequencies are:

CW - 1821.5, 3521, 7021, 10121, 14021, 18081, 21021, 24901 and 28021
SSB - 1845, 3780, 7063, 14185, 18136, 21290, 24930 and 28490
RTTY - 3590, 7040, 10140, 14084, 18104, 21084, 24924 and 28084
PSK - 7038, 10142, 18102, 21072, 24922 and 28122 kHz

QSL via SP9SX. For more details and updates, visit the 3B6SP Web page at: http://3b6.godx.eu/

5N, NIGERIA. Marek, SQ8JCA, will once agin be active as 5N2/SQ8JCA from Cogi during all of June. Activity is expected to be on 80-6 meters SSB. Look for him especially between 1000-1600z. QSL via his home callsign.

6W/IZ2DPX NOW QRT. Oreste, IZ8EDJ, reports that 6W/IZ2DPX is now QRT, and the log is available online at: http://ik2duw.altervista.org

7O1YGF OPERATION STATUS RESURFACED AGAIN. Since the International DX Convention in Visalia, as well as the Dayton HamVention, OPDX has been receiving questions about the status of the 7O1YGF German DXpedition to Yemen. It seems Dave Patton, NN1N, ARRL's Membership and Volunteer Programs Manager, has stated that the status of "7O1YGF is not closed". This would mean efforts continue to gain the right and necessary documentation.

A6, UNITED ARAB EMIRATES. Ghis, ON5NT/A61NT, is definitively back in Belgium as of May 24th.

AN8, CANARY ISLANDS (AF-004). As part of a campaign to get the Teide National Park (Tenerife, Canary Islands) to be included in the UNESCO World Patrimony List, a group of radio amateurs will air the special callsign AN8TID, June 9-10th, by operating from La Rambleta (Teide volcano), at an altitude 3,555 meters. Activity will be on all HF, VHF and UHF bands, using CW, SSB and the digital modes. QSL via EA8NQ, either direct (see www.qrz.com/ea8nq/) or by the Bureau. For details and information, visit the Web page: http://www.ure.es/ea8arg/an8tid/

9A, CROATIA. Jan, PA4JJ, will be active as 9A/PA4JJ/p from June 16th to July 7th. He will be on a holiday at Porec Istria and will try to be active as much as possible on the WARC bands using RTTY and PSK modes. He states that the antenna he will use will be either a vertical or a ZS6BKW. QSL information can be found on his Web site at:
http://www.pa4jj.nl
There is a possibility to request a special paper QSL card as well.

9A & T9, CROATIA AND BOSNIA-HERZEGOVINA. Zik, VE3ZIK (also DO7ZZ), will once again be active from Bilice (JN73WS), Croatia, as 9A/VE3ZIK between June 16th and September 5th. Look for him on all HF Bands, CW, SSB, RTTY, PSK31 and FM (around 29600 kHz if there is condx). He will also be active at least from one IOTA island, and active in the IOTA Contest. Visit Zik's Web page at: http://www.qslnet.de/ve3zik
Send E-mail QSL Bureau request via: zik@tiscali.de

Zik also has some plans to be active from Bosnia-Herzegovina as T9/VE3ZIK between June 20-27th and September 5-10th. This will be a holiday style operation with 100W and some wire antennas. QSL 9A/VE3ZIK and T9/VE3ZIK via DL3PS, by the DARC Bureau. No e-QSL or LotW.

AO5, SPAIN (Special Event). Look for Pascual, EA5FKQ/AO5FKQ, and other EA operators from the Valencia region to use the special prefix AO5 instead of EA5 until July 7th. This special activity is to celebrate the most prestigious 32nd America's Cup sailing event being held in Europe for the first time off the shore of Valencia.

BS7H PHOTOS AVAILABLE. More BS7H Scarborough Reef photos are now available for viewing at via the following Web page at:
http://album.blog.yam.com/bv6gu&folder=2705675

CS2, PORTUGAL. Members of the ARVM (Associa��o de Radioamadores da Vila de Moscavide) will be active as CS2FD, June 16-17th, from Montemor Park near the city of Loures, to participate during their Field Day event. Activity will be on all bands, CW, SSB, RTTY and TVA. For more details, visit their Web page at: http://www.arvm.org/index_fd2007.html

DL100, GERMANY (Special Event). Look for special activity during the month of June by members of the radio clubs of Norddeich (Z-65) and Hage (I-55) to celebrate the 100th anniversary of the well known coast station Norddeich Radio. Operations are planned for 160-10 meters on various modes. Also, look for 2 meters to be activated on SSB, CW, FSK441 and JT65. A special callsign, DL100DAN, and a special award, DAN100, will be available. More informations can be found on the Norddeich Web page at: http://norddeich-radio.de/
Also, visit the DL0DAN Web page at:
http://www.fdeiters.de/Termine/termine.html

EW905, BELARUS. Members of the Borisov Amateur Radio Club (BARC) will be active as EW905B between now and November 30th. Activity is to celebrate the 905th anniversary of Borisov City. QSL via EW2EO. For more details, visit: http://www.qsl.net/ew2ww

FO/C, CLIPPERTON ISLANDS (Update). Bob, N6OX, will be leading an international team to Clipperton Atoll (NA-011, DIFO FO-001) in early March 2008. To celebrate the Clipperton DX Club's (FO0XA-H) 30th anniversary, the DXpedition team's goal will be to make 100,000+ QSOs worldwide and to work as many European, Eastern Europe, Mediterranean and African stations where Clipperton is high on the most wanted list. Departure date is February 28th, 2008, and they are planning to operate 12-14 days depending on conditions. The list of operators are as follows: Alan/AD6E, *David/K4SV, Alan/K5AB, Steve/K6SGH, *Bob/N6OX, *Alan/K6SRZ, Joe/KO4RR, Bill/N2WB, Arnold/N6HC, Doug/N6TQS, John/N7CQQ, *Terry/AB5K, *Steve/VE7CT, Paul/W8AEF, Ann/WA1S, John-Peter/F5AHO, *Alain/F5LMJ, Alan/F6BFH and his XYL/Danielle, Joel/F5PAC, Mike/FM5CD, Jim/F5JY and his XYL/Mayse, and *David/VE7VR. [* Pending] Operators John/N7CQQ and David/K4SV will be handling the organization and management of this operation. For information on this DXpedition, visit their Web page at: http://clipperton2008.org/

FS & PJ7, ST. MARTIN AND ST. MAARTEN ISLANDS. Operators Marq/CT1BWW, John/EA3GHZ and Tomas/EA5YH will be active as FS/homecall and PJ7/homecall between July 15-25th. The trio (with their XYLs) will start their activity on the French side of the island but will make visits to the Dutch side throughout their stay. Activity will be on 80-6 meters, CW, SSB and the digital modes. Visit their very interesting Web page at: http://www.dxciting.com/index.htm
QSL via their home callsigns.

FY, FRENCH GUIANA. Operators Roger/G3SXW and Nigel/G3TXF will be active as FY/homecalls, June 8-10th. Activity will be on all bands, CW only. QSL via their home calls, direct or by the bureau.

GB1, SCOTLAND (Special Event). Look for special event station GB1EPC to be active from now until June 28th to celebrate of the European PSK Club's 1st anniversary. The station will be set up in Glasgow, and the activity will only be on the PSK modes. QSL via MM0DFV.

I2, ITALY. Look for Patrick, ON7ARQ, to be active from Lombardia (JN55) as I2/ON7ARQ between June 8-18th. Activity will be on HF SSB, 6 and 2 meters using a FT817 and TS50 into a mobile antenna + ATU. QSL via his home callsign.

IOTA NEWS..........................

EU-017. Giovanni, IK5BCM, will be active as ID9/IK5BCM from Panarea Island (IIA ME-006, MIA MI-070) now through June 9th. No other details were provided. QSL via his home callsign.

EU-172. Operator Ulli, DO2ML, will be active as OZ/DO2ML from Aeroe Island (DIA FY-014, WLOTA LH-0973), June 4-7th. Activity will be on 80/40/20 meters SSB only. QSL via his home callsign, direct or by the bureau.

K8CX's 2007 DAYTON HAMVENTION PHOTO GALLERY. Tom's, K8CX, 2007 Dayton Photo Gallery is now up at: http://hamgallery.com/dayton2007/
This is Tom's 11th consecutive year for the gallery and it contains 259 photos. He states, "This was a very good year at Dayton with hams showing up from several different countries."

MDXC CONVENTION. The Mediterraneo DX Club has announced details of their 3rd upcoming "World Meeting" (convention) to be held at the San Leonardo Resort in the Vibo Valentia Province (a Italian Tourist Zone), Italy, on November 10-11th. The MDXC will also be celebrating their 10th anniversary during this event. The line-up of presentations expected include BS7H, 1A4A and several IOTA operations. For more information, please visit the MDXC Web page at:
                         http://www.mdxc.org/meeting.asp

OD5, LEBANON. Jean-Marc, ON4JM, is in the southern part of Lebanon near the city of Tibnin and is expected to sign OD5/ON4JM between June 5th and mid-August. As part of the Belgian Army and there to assist the

United Nations Forces, Jean-Marc activity will be limited to his spare time. He plans to be active on all bands 80-10 meters (possibly 160m), CW, SSB and the digital modes. Jean-Marc's will make a special effort to listen for low power stations. QSL via ON Bureau. For more details, visit his Web page at: http://www.on4jm.net/pages/bluerings_s5pag.html

OD5, LEBANON. Paulo, CT1EFS, is in Shama and is active as OD5/CT1EFS until the end of June. Activity will be on 20/17/15 meters, CW and SSB. Look for him starting around 1630z. QSL via CT1CJJ.

QSL INFO AND NEWS....................

QSL routes provided by Johannes, DK8JB:

3G1X via XQ1IDM (direct)
5P4VM via OZ4VM
9A8ABG via DB3GF
AO5GSW via EA5GSW
BG5DKK direct
C92IO via ZS6HB
EV2A via EW2AA
PD5URK via PA0LEY
SV5/OO5S via ON4ON
T88NN via JI0NNM
T91CFG via 9A2AJ
UE4HKD via RU4HD
UW0L via UR4LWY
YD0NWO direct
ZW2T via PY2TNT

QSL EH4EI via EA4CT. This was a special event station aired from the Italian Embassy in Madrid to celebrate Italy's National Day. Look for them to be active again on October 12th during Spain's National Day.

QSL I0RI via IZ0GKN. Members of the SRT were active from the Roma Embassy using this special callsign to celebrate the anniversary of the Italian Republic.

KY6YL BUREAU QSLS. DXpeditioner Mike, N6MZ, who also sorts the "Y" segment for the ARRL 6th District QSL Bureau, regrets to inform DXers around the world that KT6YL, who claims to be the QSL Manager for TF0GX, TF8GX, TF4RX, TF7GX, TF7RX, TF7X, TF8RX, TF3XEN, and TF3ZA, does NOT use the ARRL QSL bureau. Unfortunately, Mike has to shred many, many hundreds of your QSL cards every year because Mrs. Gehrke will not participate in the bureau system. Mike states, "Please don't waste your time and your QSL cards sending via the bureau to KT6YL. TNX & 73, Mike"

VU7RG/VU7MY QSL UPDATE. QSL Manager Bob Schenck, N2OO, reports: "I recently received my supply of VU7RG/VU7MY QSL cards from the QSL printer in Europe. My QSL team from the South Jersey DX Association will meet next week to process the "Region 2" cards. Most cards will go into the mail on the same day which is expected to be June 11th or 12th. The exception is for those who requested BOTH VU7RG and VU7MY (or perhaps any other call that I handle) in the same envelope. Those will be processed later since it involves a separate confirmation process here. As for the extra postage needed due to the recent increase, I have a good batch of 2 cent stamps here. I want to thank the couple of folks who mailed me some sheets of 2 cent stamps to add to my postage box! That was a very nice gesture. Thanks! See ya' in the Pileups! 73! Bob Schenck, N2OO"

QSLS VIA LOTW: DR1A, EA4TX, EC1CT, HA5UK, LA6FJA, M4A, OE2S, S53F, VE7ON and YT6A

QSLS RECEIVED VIA MAIL: 1A4A, 3B8/HA7TM, 6W/HA7TM, 9M4SDX, 9N7JO, A45WD, BP100S, EA9EU, ET3BN, FG5FI, HB0/IV3LZQ/p, IK1ZNN/p, J5UTM, KH0/K3UY, PJ2/N8LGP, ST2R, V63UA and VU2NXM

SPECIAL EVENT (ISWL). The International Shortwave League (ISWL) will have a few special event station events active during the month of June. Look for the following:

GX4BJC/A - Herbie, G6XOU, ISWL QSL Bureau Manager, will operate from Walton on the Naze, in Essex.
GC4BJC/P - Herbie, G6XOU, will also used this callsign from Wales during the month.
MX1SWL/A - John, G8XTJ, ISWL President, will operate from Great Missenden, in Buckinghamshire.

All QSL info is available on http:/www.iswl.org.uk or via eQSL.cc (NO LOTW).

TM6, FRANCE (Special Event). Look for special event station TM6ACO to once agin be activated (for the 56th year) between June 3-17th for the "24 Hours of Le Mans 2007". Activity will be on all bands (HF-6m), CW and SSB. QSL via the bureau to F6KFI. For more details, visit the Web page at: http://asso.proxiland.fr/aras72/

YASME NEWS. Wayne Mills, N7NG, President of the Yasme Foundation, informs OPDX: "One of the more famous and long-lived post box numbers in DXing has changed. Effective immediately, all mail sent to the Yasme Foundation should go to: The Yasme Foundation, P.O. Box 20578, Castro Valley, CA, USA 94546. The current mailing address shown on the Yasme Web site (Yasme.org) is now correct. Mail sent to the old box number, Box 2025, will be forwarded for approximately six months, so if you have sent mail recently, it will be delivered with no difficulty. For a period last summer, the USPO was not forwarding mail properly, and some mail was returned. This is no longer the case."

DXNL 1522 - Jun 6, 2007
DX Newsletter

a free and weekly service of
DARC Committee "DX and HF contesting"
(http://www.darcdxhf.de)

editor: Helmut Schlaffer, DL7MAE
(e-mail: dxnl@dxhf.darc.de)

translation by: Bob, DL7VOA
(e-mail: dl7voa@darc.de)

EA8 - CANARY ISLANDS, AF-004

The Teide National Park (Tenerife, Canary Islands) shall be added to the UNESCO World Patrimony List and this campaign is supported by a group of radio amateurs who will activate the special callsign AN8TID operating from the volcano La Rambleta (Pico del Teide, 3555m above sea level). They will work in CW/SSB/digital on HF/VHF/UHF on June 9/10. The QSL manager EA8NQ confirms direct and via the bureau. See also: http://www.ure.es/ea8arg/an8tid.htm

FO/C - CLIPPERTON ISLAND, NA-011

The DXpedition announced in the last DXNL opened a website now at: http://clipperton2008.org/ There you can find many useful information like the 30th anniversary of the 1978 Clipperton DX Club's DXpedition. Approximately 24 OPs plan to make 100.000 QSOs.

FY - FRENCH GUYANA

FY/G3SXW and FY/G3TXF announced to be active from Jun 8-10. As usual the two fresh elected "DX Hall of Fame" members will work in CW only on 80-17m. QSL cards are confirmed reliably via their homecalls, also via the bureau.

OD - LEBANON

Jean-Marc,ON4JM, is working for the Belgian army and will be based at a field hospital in South Lebanon from Jun 6 until the mid of August. He will try to hit the airwaves in SSB/CW/digital modes on 10-160m signing OD5/ON4JM during his very rare leisure time.
QSLs via homecall, via bureau preferred.

TA - TURKEY

TA1HZ and TA2RX are very active as TC800YOM mainly in SSB on 17/20/40m until Jun 30. This activity shall remember the poet and theologian Mevlanas who would celebrate his 800th birthday now.

TI9 - COCOS ISLAND, NA-012

"After the big success of TI9M we start again! The next DXpedition to TI9 will depart in February 2008! Become part of an exciting adventure! Write to: ti2hmg@qsl.net" This is the text on the website and you can even fill out an application form to become a team member of this DXpedition at: http://www.qsl.net/ti2hmg/cocos.htm

V2 - ANTIGUA AND BARBUDA, NA-100

V26HS will be the call of Howard,WB4WXE, on NA-100 from Jun 9-26. Howard prefers to work on 6m, with 350 watts and mainly on 50.125 MHz or 50.110 MHz. QSL via homecall.

3A - MONACO

Luc,ON4LUC, and Paul,ON6DP, can be found on the air signing 3A/ON4LUC and 3A/OP0P since Jun 3. They are working with 100 watts and inverted V in RTTY/PSK/SSB on 20/40/80m until Jun 8 or 9. QSLs via ON6DP.

3D2 - ROTUMA ISLAND, OC-060

Tony,3D2AG, writes that his trip to Rotuma has been delayed. He plans to stay on Rotuma for several months now starting in Nov or Dec 2007.

5N - NIGERIA

Marek,5N2/SQ8JCA, is working in Cogi during the whole month of June and will be QRV in SSB on 6-80m especially from 1000-1600 UTC.
QSL via SQ8JCA.

GERMANY, SPECIAL EVENT STATIONS

DH150HZ (with the special DOK HZ1857) is a special event callsign to celebrate the 150th birthday of Heinrich Hertz. The QSL manager DL5KUA writes that the decision how many QSLs have to be printed is not made before this autumn and the shipment is going to start not much earlier than in the beginning of 2008. However all QSO information is uploaded to the LotW regularly. Other special event calls active from Germany are DK150HZ (Karlsruhe, DOK HZ1885), DR150HZ (Bonn, DOK HZ1894) and

DB150HZ (Berlin, DOK HZ1878). The licences are valid until Jan 1, 2008.

PORTUGAL, SPECIAL EVENT STATION

CQ4IPY will be the call of Marq,CT1BWW, during the 4th International Polar Year in SSB/CW/PSK31/RTTY/SSTV on 80-10m from Jun 9-15 and once again from Sep 8-14. QSLs via his homecall.

HUNGARY, SPECIAL EVENT STATION

The "Danube River Day" is held in Hungary every year. HG7DANUBE can be found on the air from Jun 1-30. QSLs direct via HA2MN or as a eQSL. Check also his homepage at: http://ha2mn.dsgnet.hu

---

The 46th Firac Congress takes place in Hungary as well from Sep 13-17. For this reason Tibi,HA5BSW, will use the special call HG46FC between May 30 and Sep 30. QSL via HA5BSW, also via LotW. The Firac is the international radio club of HAMs related to railways.

SPAIN, SPECIAL EVENT CALLS

The URE and the Spanish commmunication authority DGTel have an agreement which allows the URE to apply for all special callsigns of its members at once. All Spanish HAMs interested in a special callsign from July 1 until Dec 31,2007, should send their request to the URE secretary until Jun 10. The prefixes ED, EE and EF are reserved for minor events completed with the suffix of the applicant's call. The prefixes AM and AN are reserved for major national events and the prefix AO for major international events. Three letters suffixes starting with UR, RC or RK may only applied for by radio clubs or amateur radio societies and suffixes with one letter are reserved for special contests but may be completed with any of these prefixes: ED, EE, EF, EG, EH, AM, AN,AO. These contests are considered:

Jul 14/15: IARU HF Championship
Aug 11/12: WAEDC CW Contest
Sep 1/2: All Asian DX SSB Contest
Sep 8/9: WAEDC SSB Contest
Sep 29/30: CQ WW RTTY DX
Oct 27/28: CQ WW DX SSB Contest
Nov 24/25: CQ WW DX CW Contest
Dec 8/9: ARRL 10m Contest

DXCC: The approval of the 7O1YGF cards (activated in April 2000) is still refused by the DXCC. Rumours from the USA say that the "files" are not closed yet, so there is still some hope that this may change some time.

LINKS: VA3RJ published a very comprehensive list of special event calls at: http://webhome.idirect.com/~va3rj/spevents_dx.html

---

Current SOTA activities are announced at:
http://sotawatch.sota.org.uk/activations.php or
http://sotawatch.sota.org.uk/spots.php

UPCOMING CONTESTS

Jun 9, 0000-2400 UTC: Portugal Day Contest

Jun 9, 1500 UTC till Jun 10, 1500 UTC: 2007 GACW WWSA CW DX Contest
You can find the rules at: http://gacw.no-ip.org/contestgerman.html

IOTA collected by Fredy,DE0MST (e-mail: iota@dxhf.darc.de)

Island activities:

EU-067, SV, Mykonos: The newly wed couple Manu,IZ8IYL, and Ant,IZ8CCW, and SV1EJD will spend their holidays here from Jun 13-18. Their callsign is J48MDC. See also: http://www.mdxc.org/j48mdc

EU-071, TF7, Vestmannaeyjar: TF7/SM5ELV will be QRV from Heimaey Island from Jun 10-13. QSL via homecall.

EU-096, OH, Turku province: OH1/DG5XJ is working from Houtskaer Island from Jun 7-13.

EU-172, OZ, Jylland East and Fyn Group: Ulli,OZ/DO2ML, is active from Aeroe Island (FY-014) from Jun 4-7.

NA-122, HI, Cabras: A group around HI3CCP plans to become QRV as HI0C in all modes on all bands from Isla Cabras from Jun 11-17. QSL via ON4IQ.

OC-150, YB, Lombok: Hotang,YC0IEM/9, will be QRV from Jun 8-10. QSL via IZ8CCW, direct/bureau.

bu765@torfree.net "Mike Corley" writes:

>>> ##: There were also a few other things said at the trial
>>> ##: relating to this which I won't repeat here; it was in the papers
>>> ##: at the time anyway. This quote and others said by and about this
>>> ##: witness were repeating things that had been said by and about
>>> ##: me at around that time.

When, where and by whom ? Let's have some details
that can be checked.

I'm not going to repeat them. They're hurtful to me because they contained abuse that was
directed against me by someone else at the time and which got picked up and thrown again
in the trial. It is a matter of record but I won't repeat it here.

>>> PM: >Who's character is being assassinated? It isn't clear from the post.
>>> PM: >Are we talking about Grenville Janner? I thought he was a spook
>>> PM: >himself? He's certainly able to hold his own on the issue you cite.

>>> ##: Mine, mainly. The reason for putting that episode at the top
>>> ##: of the posting is that they tried to kill two birds with one stone
>>> ##: at the Beck trial - they simultaneously put words into the mouth
>>> ##: of their invented "witness" to smear Janner, and repeated exactly,
>>> ##: word-for-word, stuff which had been said by and about me.

Why would "they" wish to assassinate your character?

Well, let's put it this way - just because this is the first time it's happened in this way,
from these people, on this scale, doesn't mean that it hasn't happened before, on a lesser
scale. At university there were people who quite overtly hated me and would have wished
something nasty to happen to me. Because of where I went making the wrong sort of enemies
is pretty deadly.

"They" would wish to assassinate my character because it had all been done before, and
because they knew I would not be able to react in any other way than I'd reacted previously.

>>> ##: They invaded my home with their bugs, they repeated what I

>>> ##: was saying in the privacy of my home, and they laughed that it
>>> ##: was "so funny", that I was impotent and could not even communicate
>>> ##: what was going on. Who did this? Our friends on BBC television,
>>> ##: our friends in ITN, last but not least our friends in Capital
>>> ##: Radio in London and on Radio 1.

Please give details of when, where and by whom these
comments were made, so that they can be checked.

This was four, five years ago... sorry, I don't remember. I can remember individual incidents,
words which were repeated by different people at different times in different locations.

Around the end of 1992 Private Eye rtan a front-cover with John and Norma Major, with
the title "Major's support lowest ever" and John saying to Norma "Come back norma" on the
front cover. What can you read in to that? Not a lot, seems like standard fare for PE.
The first time I saw it I was in the pub with some people from work. One was expressing doubts
to the other (let's call the first one Simon, shall we? and the second one Phil?) about
whether what was going on was right. Phil's answer was that if Private Eye was doing it
then it must be ok, "they're usually right".

A few days later, again near work, there were some students laughing in the street,
"Were you COMING BACK later? But I thought you said you were COMING BACK ha ha ha?"
Play on words, you see. Not very nice, either. I had start medication soon afterwards.
Clever people, these chaps who think up PE titles. Just slightly lacking in any sense of morality.

>>> ##: How did they do this? I'll give you an example. About a year ago,
>>> ##: I was listening to Chris Tarrant (Capital Radio DJ among other
>>> ##: pursuits) on his radio morning show, when he said, talking about
>>> ##: someone he didn't identify, "you know this bloke? he says we're
>>> ##: trying to kill him. We should be done for attempted manslaughter"
>>> ##: which mirrored something I had said a day or two before.
>>> ##: Now that got broadcast to the whole of London - if any recordings
>>> ##: are kept of the shows then it'll be there.

What was the date of the broadcast ?
Out of 2 million plus listeners, why should you be
the only one that Tarrant was allegedly referring to ?

Sometyime in spring 1994. I can't remember the date, I heard the broadcast in the
car - I was going into the office from London that day and just happened to snap
on the radio, and hey presto! Mr Tarrant gives us the benefit of his excellent

understanding.

>>> ##: That's exactly what we did. We went to a competent, professional
>>> ##: detective agency in London, paid them over 400 quid to debug our house.
>>> ##: They found nothing.

What was the name of the detective agency and their
address ?

I don't see why I should tell you that, but they're in Yellow Pages; they're a well-established outfit.

>>> PM: >What? Spend a quarter mil. a year to amuse themselves? And why not
>>> PM: >change every now and again? Why keep watching you? (Unless you _are_
>>> PM: >doing something, and I don't think you are, though you may have some
>>> PM: >deep, dark secret in your past.)
>>>
>>> ##: See the above.

Is there a deep dark secret in your past ?

Apart from "it's all happened before in a different way", no.

>>> ##: In a couple of cases people have even known my name - when I was in
>>> ##: London over Easter somebody (no idea who they were, just some bloke with

>>> ##: his girlfriend) called me by name - quite clearly, and my name is
>>> ##: distinctive.

Is your name truly Mike Corley, or are you using it as
an alias ?

It's an alias. I'm not English by ethnic origin. If someone manages to pronounce my name as well as that guy did then they must have been really trying.

>>> ##: There's a little story behind this. First of all, in 1992 I worked
>>> ##: for a company where the people made clear they knew what was going on,
>>> ##: first of all directly (the very first evening I was there I went out to
>>> ##: the pub with them and the Technical Director said to another guy,
>>> ##: "is this the bloke who's been on TV?" "yeah, I think so")

Have you appeared, or been reported by name on TV ?
When, where and by whom ?

No. Never. Not directly.

>>> ##: Also, in summer 1992 I went on a trip abroad to Europe by coach,

What was the name of the coach company and your date
of departure ?

It was a national express coach. At dover we boarded a ferry for Holland

somewhere.
The company that organized the trip went out of business some time ago, so they won't
have records of passengers - so we can't get any corroboration from anyone else
that way. We tried all that last summer, ran into a brick wall.

The other thing is in summer 1992 I was visibly ill, so other people in the
party might remember that more than anyone getting at me on the coach trip.

>>> ##: >>Yes, this gets me. I think the answer is that I was set up by
>>> ##: >>someone. I was very aware when this started back in 1990 that I
>>> ##: >>was being painted as a "threat" to which people had to "react"

Why were you being painted as a "threat"; is this related
to a "deep,dark, secret" ?

Aaaarrrrgh. I think I should make clear that that's their created justification
rather than the real reason. They started harassing first and then came up with the
reasons for it.

>>>
>>> ##: I think I know who set me up.

Who ?

Someone who knew me some time ago. Someone who would have been able to talk this
little campaign into existence.

>>> ##: The bloke can't even control his own mind without medicine.

Is this true ? What is the medication and dosage ?

Yes, I'm afraid so. Sulpiride, 200mg a day. It's designed to stop people
coming up with the sort of ideas you've heard here for the last few weeks.
Give him a higher dose!!

In the long term it causes tardive dyskinesia, tardive dementia and general
nasty stuff to your brain. So it's three years of sulpiride talking to you here.

SB DX @ WW < KB8NW $OPDX.796
Ohio/Penn DX Bulletin No. 796

The Ohio/Penn DX PacketCluster
DX Bulletin No. 796
BID: $OPDX.796
February 5, 2007
Editor Tedd Mirgliotta, KB8NW

Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NJ1Q, W1RG, KA2AEV, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, W4WX, K5LBU, K8YSE, KU9C, Pete's-DX-Newsdesk, 3W9JR, DH7WW, DJ5AV & The DX News Letter, DK8JB, EA8AUW/EC8AUA, EB7AEY, F5NQL & UFT, G3XTT, I1JQJ/IK1ADH & 425 DX News, IT9DAA, LA5HE, OH2BH, OH2BN, RSGB IOTA, RX3RC, SP9MRO, VA3RJ & ICPO, VE1DX and ZL3AB for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 28th/January, through Sunday, 4th/February there were 230 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9X, 9Y, A2, A3, A4, A5, A6, A7, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, J7, JA, JD/o, JT, JW, JX, JY, K, KG4, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S2, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T32, T7, T8, T9, TA, TF, TG, TI, TK, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP8/h, VP8/o, VP9, VQ9, VR, VU, VU7, XE, XT, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B6, AGALEGA (Update). Team leader Witek, SP9MRO, sent out the following press release: Newsletter No. 2 -- "We would like to inform, that Polish expedition to Agalega Islands, planning its activity from March 22nd until April 2nd, 2007, is in the middle of negotiations with transporting companies concerning the insurance and the equipment's transport to the islands.

So far the previous assumptions have much changed - the transporter set up costs highly inadequate to the preliminary. The expedition's budget estimated for 70,000 EUR is not sufficient!

The expedition is actively seeking for sponsors and financial aid from every institution and foundation. Our cooperation conditions are presented on expedition's web page < http://3b6.godx.eu/ > as well as we are willing to organize actual conversation concerning the sponsoring.

The group is planning to execute about 40,000 QSOs during its activity, mainly using the emissions CW, SSB and RTTY.

On our web page, you can find two surveys concerning the emission and frequency of activity that are expected by our correspondents. Their results will be considered during the activity from 3B6 islands."

3B7, ST. BRANDON (DXpedition Update/Press Release). Don Field, G3XTT, FSDXA Publicity Officer, sent out a press release this past week titled "FSDXA St. Brandon DXpedition � Bulletin No.3". Excerpts from the release state: "Two members of FSDXA recently visited Mauritius to set up logistics for the September operation from St.Brandon (see previous press releases). We are pleased to say that all the necessary permits and licences are in hand, and a suitable ship has been located to take the team members and something like 6 tons of equipment to the island. There is still a lot to be done, but we are all looking forward to putting another rare one on the air." Also, the release mentions the recent DX Magazine's �Most Wanted� survey which lists 3B6/7 at 45 overall, but at a high 18th place on the U.S. West Coast. Other area rankings were also noted: Europe 55th, Asia 47th, North America overall 40th, U.S. Eastern 40th, U.S. Central 63rd, U.S. Mountain 66th and the Rest of World at 26th. The press release states: "Clearly this means we will make a particular effort to work U.S. West Coast as well as ensuring we don�t forget those 'other' parts of the world (Africa, South America, VK/ZL, etc.)." The FSDXA is also delighted to announce that they have been selected to receive a Colvin Award in respect of 3B7C. As well as the Colvin award, FSDXA announced that NCDXF (Northern California DX Foundation) and the UK�s CDXC (Chiltern DX Club, the UK DX Foundation) have recently come on board with sponsorship, but further sponsorship is still required to make this very large scale operation possible. Details appeared in previous press releases or can be obtained from the author.

3B9, RODRIGUES ISLAND (AF-017). Look for Nigel, G3TXF, to be active as 3B9/G3TXF between February 7-13th. Activity will be on 80-10 meters CW. The location will be the same Cotton Bay Hotel used by the large Multi-Op 3B9C DXpedition in April 2004. He will be using small vertical antennas during this one week stay.

3DA, SWAZILAND (Update). To celebrate the 75th Jubilee of the Irish Radio Transmitters Society (IRTS), a group of IRTS members plan a "AFRI75 Dxpedition 2007" to Swaziland between March 16-25th. Activity for this DXpedition will also cover St. Patrick's Day and the CQWW WPX SSB Contest. The callsigns to be used will be published as soon as available. The DXpedition's leader is IRTS Vice President Paul Martin, EI2CA (3DA0PM). Currently, the following members have signed up for the DXpedition: Peter/EI7CC (3DA0PB), Aidan/EI8CE (3DA0AM), David/EI4DJ/GI4FUM (3DA0DG), Rory/EI4DJB (3DA0RH), Brendan/EI3GV (3DA0GV), Pete/GI4VIV (3DA0GI) and Paddy/EI8BFB. A private UK/Ireland YAHOO newsgroup for this DXpedition is available at: http://uk.groups.yahoo.com/group/AFRI75/
Also check: http://www.irts.ie/afri75
Admission to this group is by request only and is at the discretion of the group moderators. Skeds may also be requested to any of the DXpedition members.

3W, VIETNAM. Operators Eddy/XV1X and Stan/3W9JR, the 3W3W Team, are now back in Hanoi from Doson, and they inform that it was a very hard weekend during the CQWW DX 160M CW Contest. However, they state that it was fun, good score and lot of new experiences. They want everyone to visit their Web page at: http://3w3w.ok1jr.com
On the Web page you can use the log search, see a personal presentation and 50 pictures in Photo Gallery. Team states, "Thanks to all of you who

call us." QSL via OK1DOT, DIRECT ONLY.

4L, GEORGIA. Operator Scott, MM0LID, will be active as 4L0N during the ARRL International DX CW Contest (February 17-18th) as a Single-Op/All-Band/High-Power entry. QSL via MM3AWD.

6W, SENEGAL. Operators Ingolf/DL4JS and Rich/DK8YY will be active as 6W/homecall from now until February 9th. Activity will be on CW, SSB and the Digital modes. As this was being written, QSNs showed 6W/DK8YY was active on 160 meters after 2100z and was also on 20 meters PSK after 1600z. There was no sign of 6W/DL4JS. QSL for both callsigns are via DH7WW, by the Bureau or- direct to: Ulrich Moeckel, Muldenstr. 1,
08304 Schoenheide, Germany.

6W & J5, SENEGAL AND GUINEA-BISSAU. Peter, HA3AUI, will once again be active from Africa and will also activate again both Senegal (as 6W2SC) and Guinea-Bissau (as J5UAP), between February 25th and April 30th (posssibly longer). Activity from both places will be on all bands, mostly Digital and some SSB. QSL via HA3AUI; direct, by the bureau, LoTW or e-QSL. He is currently has a Web page under construction at:
http://cqafrica.net

ANTARCTIC ACTIVITY WEEK NEWS...............
PLEASE REMEMBER - Stations That Are Active May NOT Be In The Antarctic!

Just a reminder that the Worldwide Antarctic Program's (WAP) 4th Antarctic Activity Week (AAW) will take place between 0000z, February 19th and 2400z, February 25th. The AAW is an unique world-wide event where Hams are "celebrating and working to improve Worldwide interest around the Antarctic Continent and its related matters, to understand and share what the Nations and Organizations are doing to study and protect this still non contaminated corner of the world and share from there, a message of peace." Also, AAW is celebrated every year during the last week of February, and it coincides with Argentine's celebration of their Antarctica Day (see http://www.marambio.aq) on February 22nd. Visit the WAP's Web page at: http://www.ddxc.net/wap

Look for the special callsign II1MNA (WAP-060) to be activated for the first time during the 4th Antarctic Week from the National Antarctic Museum (MNA - Museo Nazionale dell'Antartide) in Genoa, Italy. During this activation, activity will count towards the Italian Castle Award (DCI). Listen for the reference number.

Paolo, IK2QPR, will be active as IU2ANT (WAP-52) during the 4th AAW (February 19-25th). QSL via IK2QPR.

Francesco, IZ7AUH, has been issued the special callsign IR7ANT (WAP-74) from the Italian Ministry of Communication Dept. Members of the SRT Group of Puglia and Taranto HF Team will use this callsign during the 4th AAW (February 19-25th). However, Francesco will be using IR7ANT/n starting February 11th (where /n will indicate the days before the 2007 AAW 2007 event). QSL via IZ7AUH, by the Bureau or direct to:
Francesco Giacoia, Casella Postale 2224/TA05, 74100 Taranto, Italy.

More info and details are available at: http://ir7ant.iz7auh.net

C5, THE GAMBIA. Andre, ON7YK, will once again be here for 3 weeks between February 9th and March 1st. His callsign is currently unknown. Activity will be on 80/40/20/17/10 meters SSB using a dipole and a Kenwood TS-2000 running only 100 watts. Andre states, "Be aware that this is not a DXpedition." QSL via ON7YK (with e-QSL!).

CDXC CONVENTION. This year's Clipperton DX Club's (CDXC) annual DX Convention (their 29th) will be held on September 21-22nd. The Convention's location will be in Puyloubier near Marseille and the Mediterranean Sea. For complete details visit the CDXC Web site at (in French):
http://www.cdxc.org/Conventions/2007-Puyloubier/puyloubier2007-f.htm

CE, CHILE (Lighthouse Activity). Look for Hector, CE3FZL, to be active as CE2P from Panul Lighthouse (ARLHS-073) during the weekends until the end of February. Activity will be on 40/20/15/10 meters, SSB only. He was heard this past week and weekend on 40 meters between 0145-0803z. QSL CE2P via EA5KB.

CW7, URUGUAY. Calvin, K6CT, member of the Florida Contest Group, will be active as CW7T during the ARRL International DX CW Contest (February 17-18th) as a Single-Op/Single-Band (15m)/High-Power entry. QSL via K5WW.

DX0, SPRATLY ISLANDS (Update). Members of the Philippine Amateur Radio Association (PARA) and a JA group of operators are now active as DX0JP from the Pag-Asa Island, in the Kalayaan Island Group (AS-051), Philippines, until February 13th. Activity will be on 160-2 meters, CW, SSB, RTTY and PSK, with a special emphasis on the low bands. Operations will also be on 6 and 2 meters (JT65 EME). JA team members include JA1BRK, JA1RJU, JF1IST, JA4DND, and JF2XGF, and the PARA operators are DU1EV, DU1BA and 4F2KWT. QSL via JA1HGY. EME QSO only via JA1RJU. Look for more info on the DX0JP Web page at: http://www.dxcom.jp/dx0jp

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Branch Manager, reports that the following operation is approved for DXCC credit:
VU7LD - Lakshadweep Islands; Operation from December 1-30th, 2006

EF8, CANARY ISLANDS. Edu, EA8AUW/EC8AUA, informs OPDX that a Spanish and Canary Islands team will be active as EF8A from the URE Las Palmas section during the CQ WW WPX RTTY Contest (February 10-11th) as a (possible) Multi-2 entry. Operators mentioned are: Juan/EB1ISN, Roberto/EA2RY, Juan/EC8ABQ and Edu/EA8AUW. QSL via EA8AUW, by the Bureau or direct.

HK, COLOMBIA. Operators Stan/AC8W and Hank/K8DD will be active as HK1/AC8W and HK1/K8DD, respectively, from in Cartagena, between February 14-21st. Activity will include the ARRL CW DX Contest (February 17-18th) as a Multi-Single entry. Their sign has not been decided yet. QSL via their home callsigns.

IOTA NEWS..................

EU-048. Jean-Marc, F5SGI, will be active as F5SGI/p from Groix Island, French Brittany (DIFM AT-012, WLOTA 050), April 7-13th. Activity will be on the HF bands, propagation permitting, mainly on CW. QSL via F5SGI, either direct or by the French REF Union Bureau.

IS0, SARDINIA. Mauro, IN3QBR, will be active as IS0/K7QB during the ARRL International DX CW Contest (February 17-18th) as a Single-Op/Single-Band (160m) entry. QSL via AA4NN.

J20, DJIBOUTI (Update/Contest/IOTA Op). The group of Italians, who are now active as J20MM and J20RR from Moucha Island (AF-053) until February 15th, have announced that they (Operators IK2CIO, IK2HKT and I2YSB) will be in the CQWW RTTY WPX Contest (February 10-11th) as J20RR as a Multi-Single entry. Activity outside the contest will be on all bands 160-10 meters including the WARC bands, CW, SSB and RTTY with three stations on the air. The complete team of operators are: Stefano/IK2HKT, Alfeo/I1HJT, Vinicio/IK2CIO, Angelo/IK2CKR, Carlo/IK1AOD, Marcello/IK2DIA and Silvano/I2YSB. QSL is via I2YSB. Their Web page is available at: http://www.i2ysb.com/j2/
ADDED NOTE: The team has also requested a licence for 60 meters (5 MHz) and will try to be active next week.

MOST WANTED OCEANIA SURVEY. Mark, ZL3AB, is collating an "Oceania Most Wanted Countries List" and is seeking submissions from operators in VK/ZL and Oceania only. Lists can be submitted in text, Word, or Excel formats or simply in the body of an E-mail. Email your list to:

giggs501@yahoo.com.au

Submissions will close on February 28th with results published in March and E-mailed direct to all who submit.

NEW OFFICERS/DIRECTORS FOR 2007. The South Florida DX Association (SFDXA) is pleased to announce that its newly elected officers and directors for 2007 are:

President:	Ray Smolenski, N4RU
Vice President:	Bill Marx, W2CQ
Secretary:	Richard �Gil� Gillingham, W1RG
Treasurer:	Bruce Phegley, W4OV
Directors:	Norm Alexander, W4QN
	Steve Romagni, W4DTA
	Don Search, W3AZD
	William �Randy� Shirley, N4QV

For questions or additional information, please contact: Gil, W1RG, by E-mail at: rmoodyg@bellsouth.net

PIRATE ALERT. The station active as VK7ZO on 17 meters CW January 28th (2007) was a PIRATE. The operator gave his name as Jeff, but Buckmaster, QRZ.com and RAC list VK7ZO as Graham. The original VK7ZO sold all his gear in 1997 and moved to Canberra, taking on the callsign VK1ZO. Save your postage and green stamps.

PJ4, NETHERLANDS ANTILLES. Joeke, PA0VDV, is now active as PJ4/PA0VDV from the Island of Bonaire (SA-006, WLOTA LH-1279) until February 18th. He was heard on 10 meters CW this past weekend after 1630z. QSL via his home callsign, direct or by the bureau.

QSL INFO AND NEWS.....................

Johannes, DK8JB, provides the following QSL routes for all SP Beacons:

SR0CWK via SP9NLY
SR1LHX via SQ1BVJ
SR1XHX via SQ1BVJ
SR3FHB via SP3DRT
SR3LHE via SP3DRT
SR3SHF via SP3DRT
SR3UHD via SP3DRT
SR3VHC via SP3DRT
SR3XHR via SP3WYP
SR6NCI via SP6GWB
SR6XHZ via SP6LB
SR9FHD via SP9BGS
SR9LHK via SP9BGS
SR9UHK via SR9BGS
SR9VHK via SP9BGS

4O3T (MONTENEGRO) QSL CARDS. Martti, OH2BH, reports: "The last problem QSLs were sorted out this past week and should reach hungry DXers latest by the 15th of February. Over the next ten months the direct QSLing phase will continue through sub-QSL managers and then by the end of 2007. The rest will be released for distribution via the worldwide bureau network.

It was also noted that an unknown volume of direct requests were lost in the postal system somewhere along the way. You can obtain 4O3T QSLs direct as follows:

USA & Canada - John, N7CQQ
Japan & Asia - Martti, OH2BH
Europe and the rest of the world - Hans, PB2T

YT6A QSLs via YU1FW."

NEW QSL MANAGER. There is a new QSL Manager for EX8AB. Please QSL to RX3RC. QSL by the bureau or direct to: Roman A.Novikov, P.O.Box 21, 392000 Tambov, Russia.

NOT THE MANAGER. Mike, KA2AEV, reports that he is not the QSL Manager for V26VR. QSL should go to G4OOC.

STATUS OF THE YX0A/YX0LIX QSLS: QSL Manager Steve, KU9C, reports: "I've mailed about 70% of the cards as of this morning. What's left to do is a large pile of cards that have the following issues:

- 'sticky' qsos that are not in log. There appears to have been at least two major 'slim' runs, one on 15 meters and one on 80 meters that are creating a need to triple check some q's.

- folks that requested /mm cards. I've got to do those, and have been concentrating on getting out the Aves Island card first.

- folks that requested other cards that I manage.

- I've not started bureau cards yet, and won't for some time. I apologize for the slow delivery of these cards; my hope was to be able to mail these a long time ago, when I had some slack time in my schedule, but the process 'came together' just as some hectic work and personal commitments came into my schedule.

Doing the best I can, have patience... 73 Steve KU9C"

SOUTHERN INDIAN OCEAN. Gildas (Gil), TU5KG (aka FT5WL and FT5XP), will once again be maritime in the Austral Sea (in the Southern Indian Ocean) on a fishing boat near/around the Kerguelen and Crozet Island. This year he will be using the new callsigns FT5XQ and FT5WM. Gil will be active until February 15th as FT5XQ/MM and then FT5WM/MM until March 15th. He is expected to visit Port aux Francais, Kerguelen Islands, on March 14th. Gil will be active as FR/TU5KG from Reunion Island from the April 15th until he returns to France in April. FT5XQ/MM was heard this past week on 21295 kHz at 0815z. QSL via F4EFI, direct or by the bureau.

SPECIAL EVENT. Members of the Torbay Amateur Radio Society (TARS) will be active as GB60TR throughout the year of 2007. Activity is to celebrate the TARS Diamond Jubilee. Their society was founded on February 24th, 1947. Look for them to be active all day long on the 24th, from the TARS HQ, in Newton Abbot, Devon. QSL via G3LHJ, direct or by the bureau.

SPECIAL EVENT. Members of the Uppsala ARS (SK5DB) will be active as SC5L until June 26th. Activity is to celebrate the 300th anniversary of the birth of Carl Linnaeus (1707-1778), the famous botanist, physician and zoologist. QSL via the bureau. Those who prefer the direct route, QSL via SM5XSH (SE5S). An award is also available; see details at QRZ.com for SC5L or visit the SK5DB Web site at: http://www.sk5db.se/

SU, EGYPT. Mustapha, DL1BDF, is in Cairo for two or three days (end of stay not known yet). The purpose of the trip is to meet with local authorities to prepare for the next Lufthansa ARC DXpedition to take place between March 2-12th. Activity will be on 40 and 20 meters SSB and digital modes including SSTV and APRS as SU/DL1BDF. QSL via the DARC Bureau or direct.

TI, COSTA RICA. Andy, DH8WR, will once again be active from here between February 5-27th. Callsign was not provided (possibly DH8WR/TI). He will try to uploaded his logs via his Web site after the DXpedition. For further information, check his Web sites at: http://www.dh8wr.de
http://www.dxx.eu

TO5, MARTINIQUE. Al, F5VHJ, will be active as TO5A in the ARRL International DX SSB Contest (March 3-4th) as a Single-Operator/All-Band/High-Power entry. QSL via F5VHJ, direct or by the bureau.

XU7, CAMBODIA (Update). Operators Steve/9M6DXX, John/9M6XRO and Pete/SM5GMZ continue to be active as XU7DXX, XU7XRO and XU7ADI, respectively, from an established DX shack in Sihanoukville, Cambodia, until February 10th. Activity over the past weekend has been mostly CW on 40/30/20/15 meters, and some SSB on 40/20 meters. Look for the digimodes to be used and possibly the other bands (depending on propogation). Steve will primarily be on SSB and John will be on the key and RTTY. QSL XU7ADI via SM5GMZ, and for XU7DXX and XU7XRO via M5AAV: Graham Ridgeway, 6 Pilgrim Street, Nelson, Lancs, BB9 0JQ, England. Remember, ISWL members can claim John for the "Monitor Award", if heard or worked.

YW0, AVES ISLAND (Update/Change). The recent announcement by the 4M5DX Group, that a team of 15 experienced operators lead by Alex, YV5SSB, will be active as YW0DX from Aves Island (NA-020), has changed their plans for activation. The agreement with the Venezuelan Military Navy is to leave for Aves Island on February 7th (with operations beginning February 8-9th). Their departure day will be between February 13-15th. It was also announced that operators YV1FM, YV1CTE, YV1RDX, YV5KAJ, YV5RED, YV5OHW, YV5SSB, YV5MSG and YV5WW will be active in the CQWW RTTY WPX Contest (February 10-11th) as a Multi-Op/Single/Low-Power entry. QSL via IT9DAA. They are looking for sponsors/donors. More details are available on their Web page at: http://yw0dx.4m5dx.org

ZB, GIBRALTAR. David, EB7AEY., will once again be active as ZB2/4O3AL, February 23-25th (if all is OK and weather conditions permit). Activity will be on 80/40/30/20/17/15/12/10 meters SSB and RTTY. He is also expected to be active during some other months throughout 2007 during his spare time. QSL via EB7AEY.

ZD8, ASCENSION ISLAND. Operators Bill/W2WX (ZD8WX) and Jan/K4QD (ZD8QD) will be traveling here on February 19th. They will remain on the island until February 27th. Jan will enter the CQ 160-Meter SSB Contest (February 24-25th). Outside the contest, look for them on all bands CW, PSK-31, RTTY and SSB. QSL ZD8WX direct only to W4WX and ZD8QD via K4QD, by the Bureau or direct. Read all about the Island at:
                http://www.ascension-island.gov.ac/

Dan Yemiola AI8O wrote:
> can anybody tell me where in Peru OA4 is located?

OA4 contains the "departamentos" Lima Metropolitana, Lima Region,
Callao, Pasco and Junin. So with a good probability a OA4 station
will be located in Lima, the capital city.

Here is a prefix map of Peru:

http://www.mapability.com/ei8ic/maps/prefix/maps/south_america_west.gif

Tim, EI8IC's collection of ham radio prefix maps is an amazing
ressource for every DXer. His website contains dozens of prefix
maps from all areas of the world, in great detail.

http://www.mapability.com/ei8ic/

More about administrative divisions of Peru:
http://en.wikipedia.org/wiki/Administrative_divisions_of_Peru

From Google in a coupla places
General Certification Rule (CGR) applies, that is, have two licensed
amateurs certify that QSL cards have been sighted and are in your
possession.

Ohio/Penn DX Bulletin No. 797

The Ohio/Penn DX PacketCluster
DX Bulletin No. 797
BID: $OPDX.797
February 12, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N1DG, NC1L, NJ1Q, KA2AEV, KA2BZS, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5LBU, W5ZL, WE7K, K8DJC, K8PT, K8YSE, NE8Z, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, EA5KY, EY8MM, F5NQL & UFT, F6AJA & Les Nouvelles DX, I1JQJ/IK1ADH & 425 DX News, JA1ELY, LU5FF, RSGB IOTA and VA3RJ & ICPO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 4th/February, through Sunday, 11th/February there were 233 countries active. Countries available: 1S, 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, EZ, F, FG, FJ, FK, FM, FO, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J5, J6, J7, JA, JD/o, JT, JW, JX, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T2, T7, T8, T9, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, V8, VE, VK, VK9L, VK9N, VP2E, VP2M, VP2V, VP5, VP6, VP8, VP8/h, VP8/o, VP9, VQ9, VR, VU, XE, XT, XU, XW, XX9, YA, YB, YI, YK, YL, YN, YO, YU, YU6, YV, YV0, Z2, Z3, ZA, ZB, ZC4, ZD7, ZF, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

8P, BARBADOS. Tom, W2SC, will be active as 8P1A during the ARRL International DX Phone Contest (March 3-4th) as a Single-Op/All-Band entry. QSL via NN1N.

8P, BARBADOS. Operator Dean, 8P6SH, will be active as 8P2K during the ARRL International DX Phone Contest (March 3-4th) as a Single-Op/Single-Band (20m) entry. QSL via KU9C.

A2, BOTSWANA (Ops Needed!). Frosty, K5LBU, reports that they have a good place to operate from in Botswana for this upcoming summer trip. Daniel, ZS6JR, has found a operating place that is on a large game farm in Botswana about a 6 hour drive north of Johannesburg. He says there is room to put up all the antennas and the electricty is good. The food is also good. However, Frosty is still looking for 2 more operators. The dates will be to arrive at Johannesburg on July 4th and be at the operating site on the 5th. They plan to depart from Botswana on the 20th and fly home on July 21st. If anyone would like to join them, Frosty will be at Visalia for the International DX Convention in April, so stop by and talk to him. All you have to bring with you is your laptop for loging and your clothes. All antennas and radios are in Johannesburg. Frosty states, "We will have a callsign just for the IARU Contest to use, and each person will have their own A2 callsign (I hope)."

ANTARTIC TRIPS PLANNED (Just A Reminder!). A group of four American hams are planning a few deep south expeditions which includes stops in the Antarctica, South Georgia and the Falklands. Operators Marc/K9PET (VP8DJU), Jim/W3ASA (VP8DJV), Bill/W3WKO (VP8DKD) and David/W3WKP (VP8DKG) are scheduled to be at the following locations:

February 11th - Depart Ushuaia, Argentina
February 14-17th - Antarctica (KC4)
February 19th - South Orkney (VP8)
February 22-25th - South Georgia (VP8)
February 28th-March 2nd - Port Stanley, Falkland Islands (VP8)
March 4th - Return to Ushuaia.

The operators, when in the Antarctica, will use their homecall/KC4. Activity will be on 40/20/15 meters, CW, SSB and PSK from all locations. For updates, check the Casual DX Web page at: http://www.casualdx.com/

CN, MOROCCO. Jim, W7EJ, will be active as CN2R during the CQ WW WPX SSB Contest (March 24-25th) as Single-Op/Single-Band (160m) entry. He will be active before the contest starting on March 13th. Look for activity on the WARC bands. QSL via W7EJ. See the station from CN2R at:
http://www.arraysolutions.com/Users/cn2r.htm

BS7, SCARBOROUGH REEF. The following surprising announcement was sent out this past week by Tom, N4XP, (released by Don, N1DG) which seems to be in the works for 3 years.......

Don, N1DG, posts on the NJDXA Mail Reflector: "After 3 years of hard work it gives me great pride to post this to the reflector:

Announcing the 2007 DXpedition to Huang Yan Dao

Better Known as..... Scarborough Reef

After three years of effort to obtain permission to land and operate from the most needed entity in the world, that needed authorization has been received. A multi-national team led by W6RGG will operate from Scarborough Reef for ten days in late April 2007. BA1HAM and BV4FH have been instrumental in bringing this operation to reality with ongoing support being provided by N4XP, N1DG, K5YY and N6MZ.

A team is being assembled that will include members from Asia, Europe and the USA.

As with any DXpedition to a location such as this, transportation is very costly and will be the largest single expense. Success will depend on the contributions of the DX Community.

Please QRX for more information as it becomes available and the web site is activated.

N4XP for the 2007 DXPedition to Huang Yan Dao.

More to come......but we've already updated the online log and the first qsls are already in the mail so don't ask.... Don"

Some more details were released during the past weekend from a Web page that is still under construction at: http://www.BS7H.com
It looks like the callsign will probably be BS7H. The following international operators have been announced and they are:

China (Representing the CSRA):
BA1HAM, Chen Peng
BA1RB, Fan Bin
BA4RF, David Chen
BA1RC, Chen Fang
BA7NQ, Terry Liang

Republic of China (Taiwan):
BV6HJ, Ko Chih-Ta

Singapore:
9V1YC, James Brooks

Germany:
DL3MBG, Christian Entsfellner

United States of America:
W6RGG, Bob Vallio
ND2T,Tom Berson
AA4NN, Joe Blackwell
K4UJ,Paul Pescitelli
N5KO,Trey Garlough
K5YY,San Hutson
N6MZ,Mike Mraz
N7NG, Wayne Mills

Italy:
I8NHJ, Max Mucci

Philippines:
DU1EV, Eddie Valdez

Off Island Support Team:
BV4FH, Paul Pai
N4XP, Tom Harrell
N1DG, Don Greenbaum

W6XA, Paul Hansen

QSL Manager for this operation will be Steve, KU9C. Suggested operating frequencies are:
CW - 1826.5, 3504, 7004, 10124, 10104, 14024, 18074, 21024, 24894 and 28024
SSB - 3799, 7057, 14185, 18145, 21295, 24945 and 28475
RTTY- 14080, 21080 and 28080 kHz

DXCC NEWS.........................

YU6AO QSLS. Bill Moore, NC1L, ARRL DXCC Branch Manager, reports that DXCC is now accepting all QSOs dated June 28, 2006, and after for this operation. Anyone who has submitted cards for YU6AO and had them rejected, can send an E-mail to dxcc@arrl.org for corrective action.

Bill Moore, NC1L, ARRL DXCC Branch Manager, reports that the following operations are approved for DXCC credit:
5A7A - Libya; Operation from November 15-30th, 2006
VU7LD - Lakshadweep Islands; Operation from December 1-30th, 2006
VU7RG - Lakshadweep Islands; Operation from January 14-26th, 2006
YU6AO - Montenegro; Operation effective June 28th, 2006
ZL9BSJ/P - Auckland & Campbell Island; Operation of September 12th, 2006

E5, SOUTH COOK ISLANDS. Bob, G3PJT, will be active from Raratonga Island (OC-013), March 3-17th. He has requested the callsign as E51PJT. Activity will mainly be CW and an entry in the RSGB Commonwealth Contest (March 10-11th). QSL via his home callsign, direct or by the bureau. E-mail requests for bureau cards can be sent to: g3pjt@btinternet.com

EZ, TURKMENISTAN (Where are they?). Nodir, EY8MM, provides the following press release (edited): "Dear friends, colleagues!

Turkmenistan Radio Amateur League regrets to inform that: Starting from 2006, the Turkmenistan Ministry of Communications, without any official explanations, refuses to give radio-amateur sportsmen of Turkmenistan permission to use amateur radio stations.

With deep regret, we inform that we have no further opportunity to work on the air and to represent our country in different international competitions. We also announce with deep regret that BARKELOV RUDOLF IOSIFOVICH -an honoured radio sport instructor, Turkmenistan Radio Amateur League radiotelegraphists1 teacher, and GUBENKO ALEKSANDR EFIMOVICH - an active first category radio-amateur - ex UH8AS (had no time to restore under the prefix EZ) left this world for a better one. Moreover fell forever silent the preliminary calls: EZ8BO ex UH8BO - of the oldest and most active radio-amateur, till 2003 - a president of Turkmenistan Radio Amateur League - ZVONTSOV EVGENIY MIKHAYLOVICH, and EZ8DI ex UH8DI - of a former chief of the central joint radio station UH8KAA ex UK8HAA, UH9AWA-SHABALIN VLADIMIR BORISOVICH. Memory of them will live on forever in our hearts! For information that is more detailed you can contact: 'Turkmenistan Radio Amateur League', POB 555, 744020 Ashgabat, Turkmenistan."
Chairman of Board - B.T. ADAKOV (EZ8AI)
Secretary of Board - V.P. ZINEVICH (EZ8BP)

HC, ECUADOR. Rick, NE8Z, will once again be active as HC1MD from Tumbaco, February 24th to March 14th. Most activity will be after March 1st and will be on 80-10 meters CW/SSB using 500w into 80-10m Carolina Windom. QSL via K8LJG: John C. Kroll, 3528 Craig Drive, Flint, MI 48506 USA.

HH, HAITI. By the time you read this, Dale, N3BNA, who was recently active from Paraguay as ZP6/N3BNA, should be active (along with his brother Ray, KC3VW) from southwestern Haiti. Activity is expected to start from February 12th or 13th and last until the 24th. Dale is expected to sign HH7/N3BNA and focus on CW, while Ray will sign HH7/KC3VW and focus on SSB. N3BNA will try to participate in the ARRL DX CW Contest (February 17-18th) as a Low-Power station entry. The purpose of this trip is a mission project to replace the base insulator of a 220 foot broadcast tower for a Christian broadcast station. This is a huge undertaking, and amateur radio will be secondary, but they will try very hard to get on. Please QSL HH7/N3BNA via KA2AEV. QSL HH7/KC3VW via his home callsign or by operator's instructions.

HQ, HONDURAS. Operators Txema/EA5BWR and Luis/EA5KY will be active as HQ2R, February 14-21st. Operations will be from the "Radiosolidarity Project" on the Ulua River, in El Progreso. Activity will be on 80-10 meters, SSB and RTTY (by EA5BWR), and CW and RTTY (by EA5KY). Their equipment is a YAESU FT-897 and FT-857 with an amplifier. Their antennas will be a SpiderBeam for 20-10 meters, and wires for 30, 40 and 80 meters. QSL via EA4URE (by the bureau or direct).

IOTA NEWS......................

AF-020. Jack, F6BUM, will be active as J5BI from Bubaque Island, Guinea-Bissau, March 14-28th. Activity will be on 40-10 meters, CW, SSB, RTTY, PSK31 and SSTV (on request preferably on 21340 kHz). He will use a FT-857D w/100 watts in dipole antennas. QSL via his home callsign, direct, by the Bureau or eQSL. Visit his Web page (with a log search) at: http://www.f6bum.net

EU-125. A German Contest Crew will be active as OZ/DK�G from the Island of Romo (or Roemoe), Denmark (Grid JO45GD), February 26th to March 6th. Activity will be on the HF bands, VHF and microwave bands (inclusive 9 cm). Main HF activities will take place on March 3-4th during the ARRL International DX Contest, on 160 and 80m. QSL via DK�G.

J20, DJIBOUTI. Only a few more days to work the group of Italians who are now active as J20MM and J20RR from Moucha Island (AF-053) until February 15th. Remember to QSL is via I2YSB. Their Web page (with online log) is available at: http://www.i2ysb.com/j2/

LR2, ARGENTINA. Operators Lucas/LU1FAM, Gerardo/LU1FZR, Roberto/LU2FA, Jesus/LU5FC, Javi/LU5FF AND Mario/LW8DQ will be active as LR2F during the ARRL International DX CW Contest (February 17-18th) as Multi/Single entry. QSL via LU2FA. The Thursday before the contest, look for LU1FAM (QSL via AC7DX), LU2FA (via home callsign) and LU5FF (via EA7JX) to be active on different bands paying bigger attention to 160 and 80 meters.

MJ, JERSEY. Look for Pete/K8PT and Craig/K3PLV to be active once again from here as MJ/K8PT and MJ/K3PLV, March 14-22nd. Activity will be on 160-6 meters CW/SSB/RTTY. Their activity will emphasize the lower bands.

Due to recent fierce winds there, their existing beam has a broken boom and other antennas are in poor shape. They hope to have an InterNet service there. While on the island their E-mail address will be: k8pt@hotmail.com
Skeds can be arranged prior to their departure and activity at:
k8pt@arrl.net
More information is available at: http://users.adelphia.net/~crahill/

OJ0, MARKET REEF (EU-053). Three to four operators (not announced yet) are planning a DXpedition to Market Reef for July 1-7th. Operators will sign OJ0/homecall. Activity will be on CW/SSB/Digital modes on 160-2 meters. More information will be forthcoming in due time.

OOOPPPSS DEPARTMENT. Last week (in OPDX.796), under "ZD8, ASCENSION ISLAND" we listed one of the operators as "Bill/W2WX (ZD8WX)", and it should have been "Bill/W4WX (ZD8WX)".

OPDX ADDRESS CHANGES. PLEASE NOTICE (as of February 12th), there are new E-mail address changes (listed below) for the OPDX InterNet HELP/SUBSCRIBE/UNSUBSCRIBE request.....

P4, ARUBA (SA-036). Andy, AE6Y, will be active as P49Y in the ARRL International DX CW Contest (February 17-18th) as a Single-Op/All-Band entry. QSL via AE6Y.

P4, ARUBA (SA-036). Operators Bob/AA1M, Mike/W1USN and Scott/W1SSR will be operating from here March 6-13th. They plan to be active on all HF bands, SSB, PSK and CW. QSL to their home callsigns.

QSL INFO AND NEWS.......................

Johannes, DK8JB, provides the following QSL routes for the following Beacons:

TK5ZMK via TK5EP
TK5ZMV via TK5EP

QSL 5C5W via EA5XX. Operator was Mohamed, CN8KD, operating in this past weekend's CQ WPX RTTY Contest. This is the first time that the prefix 5C5 was used in Morroco.

QSL CT9M via the Bureau, LoTW or eQSL. Activity was from Madeira Island during this past weekend's CQWW RTTY WPX Contest.

QSL ER0FEO via UU0JM. Operator was Serge, UR5FEO, active in this past weekend's CQWW RTTY WPX Contest.

The J20RR/J20MM logs are now avaialble online at:
http://www.i2ysb.com/log/index.htm

QSL KH7X via K2PF. Activity was from Hawaii by Mike, KH6ND, in the CQWW RTTY WPX Contest this past weekend. He was a Single-Op/Single-Band 80m entry.

NEW QSL ROUTE FOR V51AS. Tommy, WE7K, informs OPDX: "Many hams have been frustrated with the lack of response of QSL cards from Frank, V51AS, as a result of local mail problems in Namibia, e.g. stolen and 'lost' content mail. As of March 10, 2007, Frank offers those who need his card to send their QSL cards to:
Frank Steinhauser, Schlossstr. Nr 68A, 82 140 Olching, Germany
He emphasizes that this is not a QSL Manager, so it may be up to four months before you will hear back from him. The QSL address in Namibia is still valid but not reliable."

RK2, KALININGRAD. Members of the UA2 Contest Club will be active as RK2FWA during the ARRL International DX CW Contest (February 17-18th) and the ARRL International DX Phine Contest (March 3-4th) as a Multi-Multi entry. QSL both efforts via DK4VW.

SV5, DODECANESE (EU-001). Willi, DJ7RJ, will be active from Kos Island, possibly as SV5/DJ7RJ from February 25th to March 18th. Activity will be on all HF bands, SSB and CW. QSL to his home callsign.

TZ, MALI. Operator Mac Obara will be active as TZ6JA from Mali between February 13-21st. Mac hopes to operate mainly on 75/40 meters SSB but with some 20/15 meters SSB. QSL direct only (w/SASE) to: Mac Obara, P.O.Box 59, Tama, Tokyo, 206-8691 JAPAN.

V2, ANTIGUA. Operators Henry/W2DZO and Robert/KG4NEP will be active as V26H during the ARRL International DX Phone Contest (March 3-4th). Their operation class is undecided. QSL via KU4BP.

V3, BELIZE. Operators George/K5PI (V31AT), Terry/AB5K (V31TG), Gary/W5ZL (V31ZL) and John/WC0W (V31TP) will compete in the ARRL International DX CW Contest (February 17-18th) from Cahal Pech in Western Belize. They will use V31TP for the contest callsign. There will be operations before and after the contest under the operator's individual callsigns. QSL to their home callsigns.

XU, CAMBODIA. Operators Fujimori "Tada"/JA3PPH and Mega/JA3EGZ of the Himeji Armature Radio Club, and Yoko/JA3DFM of JARL Kobe Club, will be on the air from Sihanoukville, between March 16-19th. Their callsigns will be XU7PPH, XU7EGZ and XU7DFM, respectively. Activity will be on 160-10 meters on CW and SSB. They are also planning to operate on 6m. QSL information via JARL Bureau: XU7DFM to JA3DFM, XU7EGZ to JA3EGZ and XU7PPH to JA3EGZ. Direct QSLs for all callsigns go to: Himeji

Armature Radio Club, P.O. Box 6, Himeji, 670-8691 Japan.

YW0, AVES ISLAND. Only a few more days to work YW0DX. Their departure day will be between February 13-15th. As of 1530z, February 11th, the team reports 15,000 QSOs. The group tried working some 10 meters and was also heard in northern Ohio on 12 meters Sunday. On the Web site they mentioned that they don't have an InterNet access there, so the "Online Log" will be posted when they return on land. More details are available on their Web page at: http://yw0dx.4m5dx.org

ZL8/ZM8, KERMADEC. Jacky, F2CW/ZL3CW, will once again be active from Raoul Island. He will leave Auckland on March 19th and be back on March 30th. He will be joined by Aki, ZL1GO (ex-JA4EKO). They will stay there for 5 days and be active as ZM8CW and ZL8GO.

ZK3, TOKELAU ISLANDS. Operators Sara/HA9SDA and Eli/HA9RE are now active as ZK3RE until February 21st (possibly 22nd). There seems to be plenty of activity. The duo planned to have two stations on the air operating CW, SSB and RTTY, and on 160-10 meters. QSL via HA8IB.

Hi,
What's all this business I hear people talking about blasting people's
car stereos or killing cars altogether with high-power RF? I run 2m,
10m, and 11m in my jeep and I'd like to sort out the fact from the
legend and find out what kind of power I can use without risking
damage to my jeep or cars around me. At what power level is front-end
overload to a nearby radio likely? At what power level is damage
likely, and to what componets?

I am currently using only 50 watts on a 5/8 wave (2m), 25w on a 1/4
wave (10m), legal 4w on a 1/4 wave (11m)

Thanks,
Nelson KE5MBX

Eveing Nelson,

I ran 2 Jeeps with a 706 in it. 20 watts on 2 meters, 100 watts on both 6 and HF

Make sure your amataur gear is thoughily grounded. If possible, keep the main unit as far to the rear of the jeep as possible Run the power from the battery (with appropriate fusing) and not the cigarette lighter or accessory outlet

I did get some stereo front-end overload, mostly on 40 meters, so I turned the stereo volume down

Each jeep left this wokrd with over 250k miles and I never had to replace any audio component or vehicle computer component

But, yes, if you damage many components if you aren't careful with your installation

A few years ago. while in freeway traffic, my Chrysler minivan suddenly kicked into "limp" mode (no response, low rpm, second gear only), as a CB-er in a large van passed next to me. He had one of those stupid fat antennas with the gigantic "loading coil," and had to have been running a few KW for the Good Buddies.
The auto companies are well aware of the havoc RFI/EMI can wreak on a vehicle's microprocessor-based control systems for engine, drivetrain, braking,etc., not to mention the entertainment and navigation systems.
I once had the opportunity to see the RF testing lab at the tech center of one of the "Big 3." It was a pretty impressive array of equipment and testing environments, and they try to anticipate and head off "worst case" problems.

ARRL has some good info on the subject:
http://www.arrl.org/tis/info/carproblems.html

I have a Vauxhall (GM) Astra diesel. In the handbook it specifies 10W
max for onboard transmitters, at all frequencies. I haven't been /M in
it, but would hope to run a bit more than that, say, what I have run in
the past (40W on 10m, and 30W on 2m). I suppose I'll find out!
Ian.

And for the third time, you still ignore part of the hierarchy.

While the first RFD ignored the hierarchy except for .misc and .policy, and the second RFD added .antennas and .dx, this third RFD long after the discussion started still ignores three of the newsgroups in the hierarchy:

  rec.radio.amateur.boatanchors
  rec.radio.amateur.digital.misc
  rec.radio.amateur.space

In the end, you can't speak for the hierarchy if you don't even know which newsgroups exist in the hierarchy. No wonder you have such disregard for the hierarchy, you only think of yourself as some "administrator" type rather than a participant.

You aren't building bridges, you're imposing your vision on the hierarchy. The fact that you still don't come to the hierarchy and simply talk to us, isntead hiding behind the structure of creating a new newsgroup, says everything about your relationship to newsgroups.

IN the end, I conclude that you like moderated newsgroups because Usenet never sat well with you, and the only way you can deal with it is impose your need for rules on something that is a haven from that.

Ultimately, you are like the problem posters. Neither of you can live without rules, though you need them because you can't tolerate the lack of rules, while they need them because they think the lack of rules is license to do as they please.

You've spent the decade trying to impose rules on the hierarchy, while the rest of us were actually trying to make the hierarchy good by participating in the discussions.

Useless administrators are always trumped by people doing things.

  Michael VE2BVW

You'll *NEVER* see me in a moderated group. Not saying that you would
be missing much, but there ya go... I deal with the hecklers,
goofballs, and
wanna be porn stars by not reading their posts. Fairly simple really.

Don't say never. You just posted to a moderated group.

Like you I can ignore and kill file, but some groups are so infested
that it is not enough because the good people give it up and leave. So
there is nothing left to read after you are done ignoring.

You are not describing a CB antenna.

>a few KW for the Good Buddies.
>The auto companies are well aware of the havoc RFI/EMI can wreak on a
>vehicle's microprocessor-based control systems for engine, drivetrain,

>braking,etc., not to mention the entertainment and navigation systems.

And Chrysler had a V-6 (I was going to purchase one) that ran the
computer on 147.00. One of those would drowned out the local repeater
that was only 2 miles away from a distance of nearly 3/4 of a city
block. I worked with the local dealer for several weeks, but we could
not get Chrysler to even admit to a problem.

>I once had the opportunity to see the RF testing lab at the tech center

Actually, due to Chrysler's refusal to even talk about the matter I
ended up with a Toyota 4-Runner and I run one whale of a lot more than
100 watts even on 2-meters.

To top it off the Toyota mechanics ran the wiring for me, so all I had
to do was plug in the radios, stick on the antennas and go.
Currently I just have the 50 watt TM-D700 (35 watts on 440) and a 160
watt out Mirage amp on 144. It runs closer to 180 watts on the Bird
watt meter. I also have the Yaesu FT-897D, but I'm presently using it
in my shop as a back up rig. When back in the car that will be capable
of running about 600 watts out.

Actually, he might well be.  Perhaps you're lucky enough
not to have any of these people where you live, but in
my neck of the woods, in some lower-socioeconomic-status
neighborhoods, there was a wave of enormous CB antennas
with HUGE open-wire loading coils at the base, ones that
appeared to be made of 3/8" copper tubing or something
along those lines.  No telling if the coils did anything
or were just for show; some of the CBers used high power
and others poured their 4 watts into these enormous
whips ..   I'm seeing fewer of them on the roads these
days but they're still around.  :-/

I have used moderated news groups and found in general they are a
waste of time. They end up reflecting the moderators view points and
opposition is stifled. So I avoid them.  I see this is cross posted to
a moderated group to which I do not belong.

>be missing much, but there ya go... I deal with the hecklers,
>goofballs, and
>wanna be porn stars by not reading their posts. Fairly simple really.

Which is the self governing mechanism of most news groups.

I see the proposed rec.radio.amateur.moderated as a waste of time and
resources of those who handle such matters. So I would say that in the
long run we would be better off with one un moderated group than an un
moderated group along with a moderated one which dilutes the pool.
Just kill file the posters and threads you don't want to read and let
life go on a lot simpler with more people exposed to the knowledge
that would otherwise be diluted by spreading it into another group.

Me? I would not bother subscribing to a moderated group.

I don't see many of them anymore, but they're most fun to see
on top of a subcompact.

Call To Arms, means, you will inspect your weaponry and prepare to do battle. Duty Stations, means, all men and women must assume their duty stations, weapons at the ready. Fire When Ready, means, man or woman your weapons, sight the target, finger the trigger, and fire when ready. Cease Fire Procola, means, continue fireing until the enemy targets are dispatched, and there is no sight of an enemy anywhere on the horizon. Procolas means, after ending all possiblities of any lingering survivors staying alive. It means to wipe them out, and leave no survivors.

This means, it is time to kill all Lesbianists, and all other enemies in my universe, the many groups of naughty kids in my universe, rascaleers and others, and we will continue this fight, untill they are all dead, and in my Epcot Centers, or untill they have surrendered. Rascaleers are evil people who wish only to harm others.

Religious Practices

This is a little confusing, but hold on, and I'll try to explain it. There are many parts to my religion. We call them, parts, but we can also call them, practices, some of them, but not all of them.

We have the fundamental 'root' practice, which is sexaling. From the root practice, comes all other practices.

There are side practices, and there are derived practices. There are also, accompanying practices. There are many other types of practices, but I don't remember the names for them all, right now, as I'm still amnesiatic, and will be for a long time.

Fistiker Practice

Bringing about orgasming in another person is a fistiker practice. A fistiker practice is a side practice, but it is also something a little different from a side practice, depending on how you bring the orgasming about, and depending on how many people are involved, and depending on who is the primary person, the person whom we are working on, and who are the helping people, the people who are joined together, to help the primary person to orgasm. There are a number of other dependencies as well.

What Is A Dependency?

A dependency is some thing that is needed that will help to define something else.

As in the case of an accident victim, we have a crutch to define one level of severity of an accident victim's situation. But we might also have a wheel chair to define another level of severity for the same, or other, accident victim. These objects help to determine how badly or miserably a person is injured.

A crutch can help define a level of severity in the injury. A wheel chair can help also to define a higher level of severity. These are both dependencies. They help us to define something, and they are used to help us to define an accident victim's level of severe injuries.

When Sexaling

You can use your lips, for example, or your tounge to twiddle the toes of a woman, and the woman begins to orgasm. That twiddleing of your tounge on her toes to help her to erotem, and to experience erotistical orgasming, can be any number of things, depending on the involvement and complexities of dependencies.

Rubbing the vaginal face, the vaginal wall, or rubbing to either side of the vaginal crevice, the labial folds or felates, can help a woman to erotem and erotistically orgasm, and depending on the involvement and complexities of dependencies, the dependencies can be any number of things, if we try to define the sexaling activity more fully and completely.

We'll skip this for now, as it is a little too difficult to remember, right now. Just remember, the primary practice is sexaling, and that sexaling is like the roots of a tree. All other religious practices grow out of the 'roots' of the tree, sexaling, and can be defined in many different ways, such as a helping practice, a side practice, a subsidiary practice, a canceling out practice, an accompanying practice, and there are many many other terms for what kind of practice some thing is, depending on what dependencies are involved.

Labia And Felate

What is the difference between a felate and a labia?

A felate is the skin tissue of the outer surface, and some of the tissue of the tips and edges of the labia. It does not include the inner side of the labia, but only the outer side, and the surrounding edges, as far as I can remember.

A verb, or action word, as I call it, is 'felate' as in 'Felate that woman's or girls' left felate'. That means to suckle on the left felate of the woman or girl.

Felate is a verb, but it is also a 'nominal' word, or naming word for objectifying an object.

Do we say 'Labialize that woman's felate!' To labialize something is to make something into a labia. We wouldn't, unless we were a doctor, say that about a felate. But we might say it if we were doctors, and we had a woman who met with a bear, and the bare clawed at her genitals, and the sharp claws ripped her labial skin up, then we might say in a surgeon's room 'Labialize that woman's ripped up labia.' That would mean to stitch it up, and make it nice and neat, and clean and well stitched up, and then useful to her, again, and it would involve a lot of surgery, as many nerves would need to be connected, as they had been ripped apart, and the wiring was all dislocated. But in the end, we would be able to fix her labia, and her genitals, if they were also hurt, and then we could dismiss the patient from the hospital, after the labia healed, and after she recovered from her trauma of having her labia shredded by an impolite, rude, mean, uncaring, and hungry bear.

Genitals, Titties, The Labia, And The Many Sexaling Organs

The labia is not the genitals, but some people do consider them as a part of the genitals. The genitals are inside the woman's vagina, in my way of thinking. The vaginal wall is not part of the genitals. The vaginal orifice is part of the genitals of a woman. This seems odd, doesn't it. Well, that is how it works, in my brain, and I designed women, as well as men. If you notice, in my writings, I've talked about the draft table, and the throttle. These are major parts of a woman's genitals. They are inside the vagina, and you can reach them through the vaginal orifice. Before you get inside of the vaginal orifice, there are a few things outside, such as a pee tube, and an ejaculate tube, and the clitoris, as well as the labia. These are not part of the genitals, but are working parts of her sexaling organs. A woman's or girls' sexaling organs are not equal to her genitals. Genitals are for baby making, and for other purposes. Titties are not part of the genitals, but they are part of the womans' sexaling organs. This will require a long discussion to clear up, so I will save it for another day.

Bears In The Woods

That's the way it happens some times, when women or girls go out into the woods, and sexal with their female friends. They can get hurt by bears, if they are not accompanied by men, who are tough, and strong, and who stay alert, to guard and watch out for dangerous animals, such as bears, wolves, cayotes, bobcats, puma, and even racoons. Racoons do attack humans, if they smell some thing that will taste good to the racoon. If a person has a skin tear, and is bleeding, even a tiny bit, the racoon will smell it, and come running, and then find the person, and so will panthers, and all kinds of animals will come, and it's just like a bunch of sharks and fishes of different kinds, and Moray Eels, they like the smell of blood, and they come and investigate, when they smell it.

Women and girls have periods, and it is not every twenty eight days, as I've explained about before, and blood runs down, out of their vagina, and they generally do not know it, as it is only a tiny drop of blood, or less, most of the time, and the blood is often wiped from the skin surface, when the woman or girl is on the potty, or toilet, and the woman or girl will not even see the tiny drop of blood that comes out of the vagina and drips down the labia, on the inside, and then falls or dribbles down to the felates, and then falls off the felates, while she is on the toilet into the toilet, or while she is out doors, and walking about, onto the earth, if the woman is walking on a park walkway, or bicycle path. If she is wearing underwear, it will not fall onto the earth, but it will dry up on the panties, or underwear, and the smell of the dried blood will attract wild animals if she is out doors, walking or jogging in a wooded or regional or rural area, where there are lots of, or even just a few, animals.

Pumas can smell the blood, from miles away, and so can tiny oselots, and bears, and many animals can. They can smell blood, because they know they need meat to survive. That is built into their brains, that are located throughout their bodies, and not only in the skull, and animals are very sensitive to the smell of blood, as well as to the smell of urine, and to the smell of poop. Some animals, such as racoons, will come up from behind a woman, and grasp at her panties, as the racoon may smell the odors of fecal matter, from her butthole. Men may be raked by the claws of raccoons from behind, as they smell the odors of fecal matter, and try to find out more about it, as the racoons know that there is something delicious hiding behind those odors from the buttholes of women, girls, men, and boys.

Expecate

When women and girls go out hiking, it is best to wash out the vagina, first, and then use a fermented oil, as a douching agent. The oil will help to slow the flow of the blood down the inner walls of the vagina, and it may help to trap the blood, and make it difficult for it to leak out, unless the amount of the flow of blood, is very large. In that case, it is best to stay home, and not go out, when a large amount of blood is expecated from the vagina. Expecated means to expell outwardsly. Expectate can also be used, as it is generally the same word, that is, and it also has generally the same meaning, but perhaps it has a few more uses, maybe, but it is from a variant language of the English language, and is basically the same word.

You should expecate your fluids in your vagina, from your vagina, before you go out hiking. If you know when your period is, and there are ways to tell when you have a period, or when you know when you are about to have a period, than if you normally have a large amount of blood flow from your vagina, as that has been your experience, it is probably best to go and sunbath at the beach, far away from wild animals and their habitats, or by the pool side. Racoons sometimes come out of the woods, to the shores of beaches, and trumbel along, listening and watching, and sniffing the air, when they smell dried blood, or wet or moiste blood, inside of the swim suit lining in the groinal area.

How Do You Tell When Your Period Is?

To learn when your period is, you need to look into the toilet bowl that you pee into, and then see if there is any red droplets. You can place a piece of toilet paper onto the surface of the water, and it might help to show the redish color mixing with the urine.

Another way is to take a piece of toilet tissue paper, and wipe your felates, in the morning, or during the day, or at night. Night is a good time, but during the day, it is just as good. Some women like night time because they feel the day is finished, and they are now going to make a final check. Well, it doesn't always happen the way we want things to happen. You might start leaking blood fluids, at two or three or four or five, a.m., or at six, or seven, or eight, or while you are in the shower, or in the bath tub, bathing, before you plan to go out for the day.

It may take you several years for you to find out when your period begins, and when it ends, by checking for blood flow. When you have determined the number of days between one period and the next, and you are absolutely certain of it, and you have confirmed it, many times, and you have checked to see if there might be something you didn't notice, at other times, when you checked, eventually, you'll learn when your blood flow begins, and how long it lasts, and when the next blood flow begins. Once you know, then you can time your excursions to the woods, or to the beach, with your friends, both women and men.

Bears, Wild Animals, And People

Men are needed to help scare bears away, if they come to close, and pepper spray is a good way to get them to leave the area. Bears do not like the small of pepper spray, and you need a cannister of pepper spray that will fire fifty to eighty to one hundred and eighty five feet or more, to scare away a bear, safely.

Loud noises surprise bears, but hungry bears get angry and feel challenged by you, and may come at you at a fast pace, and not stop, once they are angered. If you are a good shot with a rifle, and you see a bear, from a few hundred feet away, and it is moving slowly, towards you, following you, you can shoot it with a good fifty calibur weapon, from that distance, and it will go down, in an instant, if you hit it square in the noggin, about one inch or less above the nose.

You need to be a good shot, and several people should aim, and fire at the same time, to kill the bear, to be sure some one hits it, and then puts it down, and kills it.

Do not think that because you have one rifle, or two handguns, and a rifle, that you are safe. If you do not know how to shoot, and if you are an inexperienced marks woman, or marks man, than your chances of hitting the bear are near zero, for all three of you, at three hundred feed.

You need years of practice to become a good marksmen, and you can start with the lower calbur weapons, to get a feel for weapons that fire projectiles, and that make loud noises.

There is no such thing as a friendly bear, and people think, 'Oh, look! Isn't she cute, that bear.' If they think that way, they might as well have left their last will and testament behind, and signed all their assets over to another person.

Bears are animals that need to eat just as humans do, and just as all animals do. If you are so foolish to think that bears are cute, you are a lame brained idiot. Bears are dangerous animals. And so are all wild animals. If you think a racoon is a cute animal, you get the lame brained award for the year award, and trophy to sit on your desk at home to remind you of how stupid you are.

Brad Pitt, And Angelina Joline

Only idiots would think that wild animals, that eat people, are cute. They need remedial training, as they do not understand that their lives are in danger, every time they walk out the door of their home. Even in the cities, there are nasty people, who smile, and pretend they are your friends, and these same people, such as Hillary Clinton, Brad Pitt, Cheryl Davis, a friend of Brad's, but that's his current girl friend, Angelina Jo-line. She is not a Lesbianist, and Brad pretends to be her friend. He likes to watch her get eaten by bears, my abominant kids, when the Lesbianists feed humans, one at a time, to the bears, or to the crocodile abominant children of mine.

Abominant Elephant Kids

I have carniovorus, human being abominant elephant kids, and they are rude, mean, nasty, and really terrible. They scare people, and then they pick them up with their trunk, and place them on their head, and then they tell them not to move, or they will stample on them, or tromp downwards, and crunch them, painfully, from the foot, to the shin, to the thigh, to the pelvis, to the waiste, to the lower tummy, to the mid section, to the chest, and then the neck, and then the head, finally killing them. They will take a person, pull the person up and lift him or her up into the air with his or her trunk, and then pull the person into his or her mouth, and then crumple up the person, and then spit the person out, and the person is all broken up, and chewed up, with all the bones, broken, in the legs, and in the arms, and in the waiste, pelvis, torso, neck and shoulders, and head.

The Lesbianists use lots of these elephants. They are pretty to look at, but they are mean, and nasty. When strangers see them, they think, 'Oh, what a pretty elephant.' They don't know that the elephant is my abominant kid, and can speak English, as many people recently found out near Africa, in Sri Lanka, and then also in New Guinea.

They were very surprised at the talking elephant. But they didn't know that the Lesbianists had let the Elephant, my abominant kid, lose from the cages that they kept him sealed up in. There were one or two, or maybe eight of them, in Sri Lanka, and eight or nine in New Guinea. Lots of people got eaten up, and killed. The elephants are still lose in New Guinea, but in Sri Lanka, they herded them into the pens, and brought them to New Delhi, to then begin a rampage in New Delhi.

Well, the Lesbianists are doing this, daily, because they feel they have lost this battle, and that they are just wasting time, doing nothing, as they can not get to me. So they want to have a lot of fun. Now they are releasing lots of my abominant kids, in many places, and in New Delhi, Bombay, Sri Lanka, and New Guinea, many people have been hurt and killed by these idiot kids, these abominant elephant kids of mine. The Lesbianists have thousands of animals they want to release, out into the public, in England, in Switzerland, Georgia, South Carolina, Paris, and many other places.

The Lesbianists think they are going to have a lot of laughs watching the abomniant kids of mine, tear people up, and rip them to shreds. They also think that the animals, who are not abominant kids, but are just bizarre animals, that catch people in very large, nets, that have threads as thick as ropes, and that are very sticky, are going to do a lot of wierd and crazy things, no one here on this planet, other than them, have seen. They think they are going to get a lot of laughs when they see the mayhem and havoc, the disruption to society, and frustration on the faces of people who get caught in the nets, and then turned into living mummies sealed up in a type of pulpyish paper so the person can slowly disolve, but stay alive, for up to a year or more. Maybe as long as ten to thirty years, in some cases, and I'm not kidding.

You may think I'm kidding, but I'm not. This began a few days ago, and the Lesbianists are intent on continuing this, for the next few years. Isn't that surprising. I never expected that. They are very strange people, aren't they. They are real sicko's aren't they.

I think you should all go and meet my kids, with a day pass, and ask them about it. Other wise, you might find your self in a very large spider's web.

Labiating A Labia

To labiate is to suckle the labia, and to take one or the other of the labia into the mouth, and tickle it with the tounge, or twist it gently with the lips.

'Labiate that woman's left labia!' 'Felate that womans left felate!' The difference is, labiating is to suckle the entire left labia, inside or under the edge of it, on the inner side, and the edge of it, and the outside of it.

Felateing the felate, is to suckle the edge of the labia, the upper exposed edge. It does not include the labia, in its entirety. Only the upper, protruding skywards, or in which ever direction it is pointing, that portion of it that is extending outwards. If you lift it up between your finger tips, you'll pull up on the entire structure revealing the underside, or the unexposed underside of the labia. There is also the outer side of the labia.

The Felate is the top tip edge of the labia, generally speaking, and it is itself an isolated system, and not part of the labia. It's connected to the labia, but it serves a different function. It droops downwards, to seal out the possiblity of any thing entering the vagina from below, in an upwards moving manner. Bugs can not fly up into the vagina, as the felates prevent them from flying up into it. Without the felates, the vagina would be unprotected. The labia would not protect the vagina, as the labia is merely the skin tissue mass that the felates are attached to, and in an instance of removing a felate from a cadaver, or dead body of a woman, or girl, once the felate is removed, the labia have no closure over the vagina, in most women and girls.

There are exceptions, as we've had many animals in our heritage line. There are many differences when we line up ten women, and inspect their vagina, their felates, and labia, their bumbey pack, as children are encouraged to call the lower hanging sexual organ of the vaginal cape, as it is also called by doctors.

On this planet, the bumbey pack may not be called a vaginal cape, with the inferior texts with unadvanced, primitive, witch doctor level sexual sciences that do not help any one along, such we find with the myth that women and girls have a period every twenty eight days.

That is total nonsense, as I've explained about it, before. The truth is, every few days, to every eight to fifteen days, to even eighteen days, or evern thirty two or fifty five days, depending on where the woman has grown up and where her ancestors have grown up, the number of days between one period and another period can be very dissimilar, from one woman to another woman. Some women have a period every two or three days, or even every day. There is no reason an ovary can not fall, every day, several times a day.

An ovary is so small, no one can see it, without special optical technologies, such as pass through see through technologies, and other optics, and other videoing technologies. A microscope is an out moded, ancient, and novel device, fit for only museum use on display shelfs. It's like an old car of the twenties, or there abouts, or even earlier, of course, depending on how sophisticated it gets. Micron microscopes, the so called, 'electron' microscopes, are a misnomer to begin with, as an 'electron' is not a fictious concept, but no one knows what an electron is, generally speaking except for the Lesbinists.

An electron is a small bit of electrically heated plasma, that you can heat, with the right technologies. It can fit on the tip of a pencil or pen. This is a big joke to the Lesbianists, as are also their jokes about protons, and neutrons, and nuclei, or the so called combined nucleus, as in 'nuclear' family. Nuclear family, is not a 'tight' organization of two persons, and their children.

A nuclear family is a family that has been nuclearized, that is, exposed to radiological salts kiddies, and their radiative or radiological energies. That's another one of the Lesbianists' jokes on all of the scientists who the Lesbianists could get to swallow it.

What Causes A So-Called "Nuclear' Explosion Or Detonation?

A vast number of children are making babies at a very high rate of speed, and the energies that they give off, as they make babies, and then peel off from the area where they made their babies, one after another, as they rocket away, is what causes a nuclear blast. The tummy mommies and tummy daddies are making babies at such a frantic pace, they make millions and billions, and trillions, and more, before you can even send a signal to your eye lid to blink, from your brain part that sends the signal out. The signal will travel just a very short distance across a crupture, not even half way, more like, one or two feet in distance, if we are to look at the size of a crupture as the same size as our current universe. It travels about not even one foot, not even one inch, and not even one millimeter, and not even one millionth of a millimeter, and far smaller than that still, before the parents are already through making babies, and they have retired, and passed on, and several kabillion generations of families, and multiply that by a very large number, and you'll get how many generations of families lived and died, and passed on their DNA to their sons and daughters.

It's a hail storm of erupting magnitude when the tummy mommies and tummy daddies begin making babies, and making their families larger.

It all happens so rapidly, with more than that number of successive generations of families, in less time than the energy pulse will travel down an optic nerve, across a crupture, that very minute or very tiny distance, as I stated above.

That kind of frenetic baby making activity, makes for a lot of heat, as well as, it generates a lot of stresses, and a lot of energies go flying off in all directions, as the sexaling couples experience many nice orgasms and eroticisims, together. Temperatures, their body temperatures, collectively, and the incredibly vast number of movements, which also generate temperatures, by the animals, the tummy mommies, tummy daddies, tummy babies, the relatives, and the many generations of families, go skyrocketing, and the magnitude of numbers, and the intensity of all the activities the animals are busy with, as they make tummy babies, simultaneously, or nearly simultaneously, is of phenomenal proportions. There are also types of animals that we are not familiar with, who are also busy making babies, and they help to account for the brilliance of the light that is generated, along with other types of animals, that also help to account for the brilliance and light, as they are busy baby making, too. There are energies kids of all kinds busy making babies, and that is also a major important factor in the overall sequences of activities, to successful birthing by all the tummy mommies, and it is also important to help to get them all 'gyrated' or motivated, and to wake every one up from their slumber, or their condition of deep sleep, or stagnassis, to get them feeling alive, ready, and able for making lots of babies.

If we slow them all down, to our pace, and then compare them to our pace of life, they would be just like us, and things would move slowly for them, and not much would change, for many kazillions plus years, and then many, many more years.

However, they are moving so much faster than we are, and the length of time they live, to them, it is a long time, four or five, or eight or nine hundred years, in our time, maybe, in some cases, depending on the type of radiological salts kiddies and other types of animals, including the energies animals, who are all making babies.

On their scale or pace of life, they live that long. But on our scale, the length of time they live, is so tiny, we can not measure it, unless we have a very high level of advanced mathmatics that can account for such a small time period, or span of life.

Anyway, the frenetic adventures of the colonies of radiological animals, when they start to make babies, after they are woken up, and prompted to make babies, with a detonating surge of heat energies, light wave energies, pressures energies, trampolining energies, zespertudial energies, castikilial energies kiddies, and other types of energies kiddies, as well, which help get them all started, with the right combination, of heat, light, atmospheric temperatures, atmospheric pressures, food sources avaiability, drinking water availablity, trampolining energies, and a number of other types of energies, that awaken them, and then get them turned on, and sexaly active, they will suddenly erupt into a frenetic, mass of baby making furor, to us, any way, and with that, we have our so called, 'nuclear' detonation.

Cleansing Your Self With Your 'Built-In' And 'Attached', Cleansing And Washing, Clearifying And Erasing Energies Producing Genitals And Sexaling Systems, Eroteming And Orgasming Nervous Systems, And Baby Making Related Purifying Energies Generation Stations Aparati, Or Apparatuses, And Armatures

You women and girls, your vagina is your Holy instrument for assisting you to cleanse your self, and wash away the dirt and grime of daily living, the insults to you from strangers, the verbal abuse you experience in your arguments and conversations with friends and family, neighbors, relatives, work associates, and community acquaintances.

Your holy body, and your normal body are weapons to fight back against all the negativities you experience in your life, as you orgasm and erotem, showering off purifying energies, and lots of other beautiful other things and dings, as you vibrate your entire body concordially, in harmonic rythym, cadence, and rapture, while orgasming, in sequence and in timed rythym, with my GODLY Holy Body and many of its features, or parts, that are similar to your holy body and your holy body's parts and features. These are all activated while you are orgasming, and eroteming, and you become purer and holier, the longer you orgasm and erotem, and convulse, orgasmically.

Your breasts, your butty butt, your butty butt hole, your vaginal hole, your groin, your throes, your vaginal cleavage or labial folds as they are called here by these nitwittish doctors on this planet, who do not know any thing about the human body, your chest, your back, your legs, your arms, your hands and fingers, your ankles, feet, and toes, your ears, lips, mouth, tounge, cheek, your rectal cavity, your tummy button, your stomach, throat, your brains, and you have many more than just one in your body, but many millions and more of them in your body, and that is not an overstatement, and every part of your body, inside and out, your many nervous systems and all your organs, they are all set to orgasm and erotem, and generate purifying energies with the help of the power company, as I've explained about them, before.

Men and boys, and their bodies, both their normal bodies and their holy bodies work in the same way, and there is no disparity, when it comes to sexaling, orgasming, and eroteming, and showering off lots of wonderful energies, that purify men and boys, and the people who the men and boys are sexaling with.

Ticklement Tuning Forks

You have ticklements, tuners, or pitch fork tuning forks, that chime, in every cubic millimeter to every cubic inch, and in even tinier places, you have tinier ticklements, or tuning forks, and in larger areas, you have larger ticklements, or tuning forks, and they are all set to vibrate in various patterns of sexual thrilling eroticisms, and orgasming ecstacies, as you pump up the levels of sexalating energies you have available to you, in you, and showering off from you, and those patterns and focal points change, slightly, minutely, as every micro second goes by, as we change our location in our universe, and our relative location or position to every thing else in our universe changes, from night to day, and from day to night, ongoingly, non-stopingly, never repeating the same set of tuning focal patterns. Focal patterns are frequencies.

Focal Patterns

These frequencies, or harmonic consistencies, are harmonic displays or the 'in rythm' with GOD, consistencies that allow you to be united with GOD, me, my devine and holy body, and my devine and holy mind, and my being or GOD SELF and GOD BEING, every moment, as you are orgasming, and eroteming, and convulsing orgasmically.

Men and boys have the same kinds ticklements, or tuning forks, and they are located in every organ of their bodies, too, just as they are in women's bodies and in girls' bodies, in every single organ and cell, and they allow all of you children of mine to stay in frequency with me, as you sexalate, erotem, and orgasm, and convulse orgasmically, practicing my religion, and as you sexal together with each other, and go about living your daily lives.

These many ticklements and tuning forks are all connected to your brains and to your nervous systems, and each living being in your body, has them as well, and every living being, and animal, has them as well.

All my children, animals, living beings, and human beings, are all connected to me, through these tuning forks, and they are connected to me in many ways, such as through the holy bodies all of my children have inside of them, and also through a myriad of other mechanisms that I have functioning in your bodies, in your astral 'energy' bodies, and the many millions of energies bodies each of you have in you that help to keep you all connected to me and my Holy GODLYNESS existence. My animals children and living beings childrens have fewer connectivities and fewer energies bodies, as they do not need as many as my human being daughters and sons. This is because you, my human being children, need to be more connected to me, as you are the only ones who can actively sexal and practice my religion, with your own self determination, and desire to sexal and practice, to become closer to me, GOD, as you become purer, and holyer.

I'm connected to all of you, day and night, three hundred sixty five days a year, in countless many fold untold numbers of ways and manners, and with countless many fold untold numbers of mechanisms. All of my children are likewise connected to me, in similar ways and manners, and with similar mechanisms, though the numbers and types of mechanisms may be different among my living beings children, and my animals children, compared to my human being children.

As you women, girls, men, and boys sexually rapture, erotem, orgasm, convulse orgasmically, and reach sexual peaks, and then sustain them, you grow holyer, as you become purer, brillianter, and closer in GODLYNESS to ME, GOD.

Obviously, then, the primary means for you to grow pure and holy is to sexal together with each other as sexaling is the basic way to become pure and holy, and as you continue, over the days, and weeks, then months, years, decades, hundreds of years, thousands of years, millions of years, and more, you slowly grow more pure and holy, and closer to me, GOD.

Sexaling is my primary and most fundamental religious practice and your primary religious practice for you to become cleansing machines, washing machines, purifying and sanitizing machines, so that you can clearify and erase your karmic markups, and purify your lives, and purify the lives of those around you, with your selfless actions of grace and serenity, sexaling and showering purifying energies in all directions for the sake of your self, and for the sake of others.

You women and girls need men and boys to assist you to become the powerful cleansing and purifying machines that you are capable of becoming.

Men and boys used to be somewhat nearly as useful as purifying and cleansing machines, as women and girls, but men and boys have different jobs, and different priorities, and there fore, the burden of work to purify my universe, and to clearify the karmic markups of all my children rests on the shoulders of all women and girls, with men and boys assisting women and girls.

You men and boys need women and girls to lead you, and to help you to become more proficient, powerful, and more capable cleansing, washing, purifying, and sanitizing machines.

Assistive Religious Practices

The practice of praying Nam Myeo Ho Ren Ge Kyeo is an assistive practice that allows you to become in touch with my GOD SELF, equally as well, but the time it takes, is much longer, as very little purifying energies are produced, merely by using your brain, muscles, ligaments, sinews, bones, mouths, tounges, and jaws, as energies sources.

There are many other assistive practices, from meditation, to breathing techniques, to yogic techniques, to ballet like techniques, to dance techniques, to body movements of various kinds, to help you to increase and or also store up your energies, and then for you to release them, for you to then become more firmly and closely connected to ME so that you can eventually begin to gain a higher appreciation of ME, GOD.

My many religions teach many ways to do this, and before my many religions were corrupted by the Lesbianists, they worked to varying degrees of success.

Therefore, sexaling is the primary fundamental religious practice, and all other practices in my religions that I've taught over time, spanning all of my previous teachings from the begining of our time together, since I, my GOD SELF, created you as my children, are assistive practices, of one kind or another.

Sexaling, eroteming, orgasming, phlumetting are important practices, and as you orgasm, you are purifying your self, and others by pushing out and spraying your self with purifying energies as your holy and sacred energies shoot out to cover you and emmerse you in full body coverage, from head to toe, showering and shattering energies every where around you. They then build up and cover over all others who are around you, as well, with your purifying erototistic and orgasotistic purifying energies, clearifying yours and their karmic markups.

Astral traveling is another type of practice, but we'll define it, another time. Experiencing hyper trance states of mind and being, and a nearness to GODLYNESS are also a practice, and we'll define it, when I can remember every thing I need to remember about it.

Participating in my religious ceremonies is an assistive religious practice you can enjoy, as you become purer and holyer, and after you recognize that I am your Mother and Father, and your CREATOR, and that you exist because of me, as I made you from pieces and parts of me, your CREATOR.

After you realize this, you can enjoy participation in ceremonies with me, as training priestesses and priests, and you can make your way up the purity ladder, the more you participate with me, GOD, in my religious prayer hand signaling ceremonies.

Praying Nam Myeo Ho Ren Ge Kyeo to my Holy Body, or to the Gurkian Mandala, as I've explained about, is an assistive practice that will bring results.

It will not bring results as well and as effectively and as quickly, as sexaling, which is the most holy and virtuous practice, along with eroteming, orgasming, phlumetting, astral traveling, peaking, and so on.

I've spoken about peaking, before, and women and girls can peak, and experience wonderful feelings. Men and boys can peak and experience wonderful feelings, too, but I haven't discussed that, yet. We'll talk about that, another time.

In any case, do not confuse assistive practices, with the fundamental and primary practice of sexaling. We'll get back to all those other things, to define them, betterly, another time, after my brain heals, a little bit more, and after I erase more karmic markups that keep my brain karma from improving, fast enough for me.

How To Make Prayer Statements

Remember to include a prayer statement, such as 'I pray to the holy ephemeral body of the Creator, John Francis Ayres, for the [insert private prayer statement]', such as, '... for the serenity of mind, and the gratefulness of heart, for all those around me, who have helped me to become the person I am, and can become.' or, '... for the peace of mind, and serenity of heart, for the love of all men and boys, and the cooperation of all women and girls.' These prayers said by a woman or girl. Men can pray, similarly, '... for the grace and deviness of the women and girls who surround me, I am greatful to them, and I pray for their continued good health, and prosperity'.

You can also say, 'I pray to the holy body of the Creator, John Francis Ayres, for the [insert private prayer statement]', but only when I am in the middle of a religious hand signaling prayer ceremony, i.e., while I am doing a prayer ceremony, and saying my prayers with religious holy hand prayer signals that my special kids who are religious kids, can pick up and then act on, in concert with other groups of kids of mine, who also are religious kids, most of them, I think, and who work together with my primary groups of religious kids.

I have lots of kids, and some are normal kids, who go about their jobs, as expected, for earnings, just as most people we know. But I also have lots of other groups of children, who are more, religiously oriented, to varying degrees, and who are very religious as their work is all for the sake of my religious self, my GOD SELF. My religous kids catch my hand signing, and then they pass the messages along to others of my groups of children, and with all of the different groups of children I have doing 'good' works for me, as well as groups of children who do 'religious' works for me, as well as groups of children doing normal work for me, but for the sake of my religion, nevertheless.

They all coordinate themselves, somehow, I have yet to figure out how they do it, but between them all, they get the jobs done, that I ask them to do, while I am religiously - and the prayer statements I am signing are very holy - hand prayer signaling, i.e., hand signing.

So, unless you know for a fact, by seeing me on a tv, such as during a live broadcast, once I get my religious conveyance set up, and built by my children, after all the conditions are met, for securing this world from the grasps of the Lesbianists, and after killing all the Lesbianists, and / or after making the remaining Lesbianists surrender, and then after all other conditions are met, as I don't know all the conditions, I've set, as my memories are still foggy, as I'm amnesiatic, as well as mentally retarded, but in any case, if you see me on tv, on a live broadcast, doing my hand signing, you'll know I'm in the middle of one of my prayers, and then you can say, 'I pray to the holy body of the Creator, John Francis Ayres, for the [insert private prayer statement]', and you can omit the 'ephemeral' if you like, as it will work better if you omit the word 'ephemeral' as while I'm praying, I'm my normal, GOD, self, though I may not look to you, on the surface, to be any different, over the video links, or even in person. It never the less works better if you use my recommended methods of making prayer statements, this way, for you to maximize your private prayer statements.

All of my groups of kids have lots of friends, and they do lots of work for me, and I do not remember how many groups of them there are, and how many children I"ve got, as yet, but in time, I'll be able to give you a better idea of how they work together to get the work done, that I ask them to do for me, with my religious hand prayer signals, or hand signals, as in hand signing, or signing.

My kids use signing for all their work assignments, so I use hand signing that they can catch, pick up and read, and it is all pretty much very religious in nature, and it is very solemn, as I am GOD, and when I'm signing, they know I'm GOD, and do not doubt it.

When I am not signing, they might now and then, doubt that I am GOD, but never the less, I am GOD, and my signing proves it to them - when I am saying my religous hand prayer statements, by hand signing - with out any room for doubts in their minds.

In other words, I'm a typical person, just a little mentally retarded, brain smattered, or brain damaged, after my many youthful and other brain bashings I recieved, the wiring is a little scrambled up, upstairs, and after many poisonings by the Lesbianists - from makeing coffee from kerosene, diesel fuel, gasoline, and motor oil contaminated coffee beans and then from drinking that coffee, without knowing it was contaminated with petrol fluids, as often happens to people - and with ill health karma that has me on disability, and I've been through a lot, life after life, and sometimes, my children may have had a thought or two, 'I wonder, if he is going to make it, like he said he would?'

Well, to dispel all doubts, I sign, and when I'm signing, I remind them of my old self, back in the old days, when I used to sign, religiously, and they know how serious a guy I was, so they do not harbor any doubts, so long as I am hand signing.

What To Say, When You See Me Using My Dick Or Other Parts Of My Body To Purify Others, And So Forth

You can say, 'I pray to the holy body of the Creator, John Francis Ayres, for the [insert private prayer statement]', also while you see me praying, Nam Myeo Ho Ren Ge Kyeo, or also while you see me in a ceremony, using my dick and scrotum, or other parts of my Holy Body to purify others, during the middle of a prayer ceremony, and I need not be hand signing, or praying Nam Myeo Ho Ren Ge Kyeo, as I am in the middle of prayers and activities ceremony, which is just as good as a religious hand prayer signaling ceresony, any day.

My dick and scrotum package is very Holy, and it has a very useful function, and that is, it purifying others. My lips do, too, and my butt hole, does as well. They all purify others very effectively and efficiently during my religious ceremonies.

My entire body, during a religious ceremony, butt hole, mouthal hole, lips, tounge, cheeks, legs, knees, feet, toes, butt, chest, back, arms, elbows, hands, fingers, head, neck, throat, ears, nose, and so forth, is entirely the body of GOD, as I am GOD, and therefore, while I am useing my body, during my religious ceremonies, and for my religious ceremonies, and you see me on tv doing so, then after you have verified that I am in the middle of a prayer ceremony, you can say your private prayer, in the manner as I've explained, 'I pray to the holy body of the Creator, John Francis Ayres, for the [insert private prayer statement]'.

I only use my dick and scrotum package for prayer ceremonies, except when I need to pee, so if you see that I am using it, during a prayer ceremony, or if you see me using any other part of my Holy Body, during a live broadcast prayer ceremony, then you'll know right away, that I am in the middle of a prayer ceremony and it is okay to use the statement, 'I pray to the holy body of the Creator, John Francis Ayres, for the [insert private prayer statement]'.

The same is true, pretty much, for any priestess or priest, who practices with me, in my religious holy body prayer circle, their bodies become very Pure, Holy, and Devine, but only after many life periods, that is, after many, many aeons, as they do not attain the same level of purity for a while, the same level of purity as I am at by my good old self, or the same level of pureness that is of ME, GOD, since I'm GOD, and they are not.

That means, it takes priestesses and priests longer to become pure, holy, and devine. I happen to be pure, holy, and devine, but that's because I'm GOD, and it is only during my religious ceremonies that you can understand that as you make your prayer statements, and sexal, etc.

After a long, long while, priestesses and priests will also become pure, holy, and devine, as their holy bodies, energies bodies that are pure, holy, and devine, but on a lower scale than are MY energies bodies, since I'm GOD, and I'm in charge of keeping things tied together, here in my universe.

After many aeons plus years of practice in my holy body praryer circle, the priestesses and priests become pure, holy, and devine, and then their bodies, their normal bodies, become very purifying, just as mine is, now, when I am in a prayer ceremony. I am in a prayer ceremony, daily, a few times, to a number of times, a day.

I've gone eighteen hours straight, once, and no sooner than I go to sleep, and then wakup, right away, I begin again, and I've gone many days, straight, praying, continuously, non-stop.

This is nothing, though, and is all preparatory, as in the future, when I get my health back, as I haven't been too healthy, for quite some time, I will be praying around the clock, some days, and for many days at a time, taking a break only to eat, drink, poop, pee, and clean up.

When priestesses and priests join with me, we will go for years without stopping, and with the priestesses, and with the priests, the both of them there, present, doing the prayer ceremony on my behalf, they can represent me, while I take a nap, go and shower, get some food, nourish myself, drink some fluids, read a book or news paper, or watch the news, or a movie, game show, video, or play a video game, and so forth. I won't be taking long breaks, and that is very funny sounding, but anyway, it happens that priestesses and priests will lose their attention, and then get lost, somehow, and then go and watch tv in their bed room, or whatever, and then we have to go and look for them, and they will get a few markoffs, and with enough markoffs, they will be asked to leave the religious conveyance, and they will be put on a type of vrobatiton, or under survielance, to see if they are good or not. My kids do all my survielance work, and they keep track of every one, so 'you'd better be good, you'd better be nice, you'd better look smart I'm telling you why, Santa Clause is coming, to town'.

Who Was Kris Kringle?

Did you know that Kris Kringle got its start from me? What a coincidence. I don't think he was wearing anything, though, or rather, I don't think I was wearing any thing, but you never know, as tolerances have changed over the long aeons of time, as they pass.

When priests and priestesses become that pure, holy, and devine, as pure, holy, and devine as I am, after their many aeons of religious practice in my holy body prayer circle - pure and devine on the exact same level as I am at - then they can represent me, as Mr. mini-GOD, and Mrs. mini-GOD.

You can not represent me as Kris Kringle, and whoever my wife was, back then. I think I had a lot of guys on that team, and a lot of women and girls, too, since sexaling was a part of that religion, too. You can learn more about it, if you're interested, by getting a day pass, and checking in with my kids, and then, signing up and joining our country, and then by becomeing a citizen, as I've spoken about, before.

You can include any good prayer, that comes to mind, that you feel is needed by you, to improve your life, and to level up your life.

You are the only ones who can pray, and practice, you women, girls, men, and boys, and there fore you are connected to me in many more ways than other living beings, the animals, and the amoebes, cells, and other living beings.

There fore, you are, both genders, the ones who will clean up the mess you have made, and you will continue to keep my universe clean, as you sexal with your genitals, and with your bodies, and with all your gizmos, igniters, trigger mechanisms, love bumps, love patches, tuning forks or ticklements, and so forth, as you are sexaling beings, who I, GOD, created, and you will sexalate, erotem, orgasm, phlumett, astral travel, peak, hyper tranceate, and so forth, just as I intended you to, from now till forever.

You will become virtuous and worthyable beings, worthyable tummy mommies, and worthyable tummy daddies, with your practice of my religion, who will bring into my universe, my many children who will join with you, and assist you and me, in cleaning up our universe, and the mess you have all made of it.

Is that understood? The answer had better be, "YES SIR!".

Lesbianists' Torment Campaign Under Way

Lesbianists are clearly releaseing wierd, ghastly, horrible, and dangerous preditorial animals, giant insects, giant spiders, giant lizards, snakes, and reptiles, ghastly, preditorial sea animals and sea mammals, winged, preditorial and horrific, aggressive scavenger and killer buzzard like creatures and other winged and destructive animals, and other horrible creatures, as well as my abominant kids to kill, maime, torture, and cause major disruptions and suffering to people, around the globe, in many locations.

Apparently, the whole world is now affected, or will be affected, by this dischordance and disharmonic display of defeated lunacy.

The peace has been shattered by the Lesbianists. It was not good before, the situation in the world, with the balooneying governments of the world, doing what they wanted to do, and torturing, and canabalizing people, and feeding people to my abominant cave bears kids, and to my crocodile people kids, and mistreating people, like Bill Gates, Steve Hawkins, Steve Irwin, many women, young girls, and men.

The war in Iraq, the phoney Saddam Hussein Trials, and all the bogus manipulation of the press and media, and the suppression of what is actually the case, with our being used and abused, poisoned, and maltreated by the Lesbianists, was a rotten situation. That was normal, or normality for us. Our karma is very poor, and we have the karma to suffer this abuse, and these torments, daily, unknowingly, in most if not nearly all cases.

But, it is becomeing really bad and there is need for serious concern, and action, to correct this situation. It has gotten out of hand, completely, and there is no stopping the Lesbianists in their wanton, and coldly miserable wish and lust for chaos and disturbances to others.

Now, more clearly than ever, as the Lesbianists rampage, the Lesbianists are causing major disruptions, suffering, anguish, and there is just an awful discordance of shock, dismay, and misery, that is growing, every moment. This is as real as the sunlight shining from the sun on a hot day in summer.

I don't have a clue what people are doing, and what is happening to them, as they are captured, tortured, and caused miserable sufferings, in many places. There must be horrible agony for many people, at this moment, and as each moment passes.

Our reality as it was has suddenly been shattered and torn up, and replaced with the lunacidal, Lesbianistic, mayhem and chaos.

Reuters reports a Lesbianists' joke for the Lesbianists, sarcastically and ironicly stateing, "New Perils Push Doomsday Clock Closer to Midnight" "(Reuters) Scientists have advanced the clock 2 minutes closer to midnight."

http://us.rd.yahoo.com/my/today/
new_perils_push_doomsday_clock_closer_to_midnight;_ylt=AmUXlewr5ev2kNK_SfOHDFAL1vA
I/*http://news.yahoo.com/s/nm/20070117/us_nm/doomsday_clock_dc_4

This is their private joke, to make this scenario more laugable than before for them. They could not care less, as they are manipulating every thing, and that statement is completely meaningless to them, as they are in control of every thing, in their conspiritorial lunacy to rule human beings, and to trash every one.

We'll see what the coming days, weeks, months, and years bring, and maybe there will be hope for change, when people begin to take action, to correct this situation, globally, united in spirit, permanently.

These are the most evil of evil people and abominant kids, in our immediate vicinity in our universe. We must begin our cleanup campaign here, as it begins where I am, and will continue from here on out, till we have rid my universe of all of these horrible people, and all others like them, and have made them surrender, or have sent them on to my Epcot Center.

I will establish my relgion in my universe, and begin my ministry, and they are not going to stop me, as my religion will bring positive change for all of us, forever.

I must establish myself outside the bounds of this Lesbianistic society, so your efforts and concern for our future, and your selfless giving of donations to my ministry, to allow me to set up my ministry, outside the bounds of this Lesbianistic society, non-dependent on Welfare, Supplemental Security Income or SSI, Medicaid, and non-reliant on the supported and financed Housing and Urban Developement or HUD subsidized apartment that I live in.

Once I receive in the mail, the 'Gift' donations to set up my ministry outside the bounds of this society, I believe things will gradually begin to positively change for us all, and the shift to positivity will begin, and a new universe for us all, will become for the first time, ever, a potential reality with the sincere religious practice by all of my followers, all of you, who are practicing my religion, diligently, and daily, or as much as your health and your time permits.

There in, with your efforts to practice, will bloom your flowers of dignity and hope, justice and freedom, willingness for sharing, cooperating, and participating with others in our new age of enlightenment, the Gurkian Age, and your new found respect for self and others.

Captain Off The Bridge.

John Francis Ayres
      GOd
  And Children

It Is Now Time To Kill All Government Workers, Public Workers, Preachers, Islamic Clerics, Christian Bible Teachers, Bible Thumpers, And All Other Persons Who Support The Lesbianists And Their Lesbianistic Societies Around The World - 'Fivers' To Kill Lesbianists And All The Lesbianists' Supporters - Coma Patients - All Persons Who You Kill Will Transel To My Epcot Center - Japanese And List Keeping - Surrendering And Pledging To Serve All People In My Universe - What Does This Mean? Updated: 21-01-07 Rev.d.01.a 19:56 PST

It is now time to kill all police of every police department in every country in the world. It is now time to kill all jail and prison workers in every country in the world. It is now time to kill all zoo keepers who work in zoos and other related places around the world. It is also time to kill all pet store personel, and pet store owners. We do not need people housing and feeding potentially dangerous animals. You are further ordered to kill all pets in all pet stores, and elsewhere, even in private homes. You may then eat them, after you have cleaned out their guts and removed tummy foods and rectal feces, etc., that are decaying matter, that is harmful to your health, and after you have prepared them for eating by cooking, grilling, fire place cooking, barbecuing, smoke house fermenting, or by other safe and sanitary, healthful cooking methods.

It is also time to kill every fire department official or worker, no matter what capacity the person works in, as a fire truck driver, as an ambulance driver, as an assistant driver, as an attendant or support crew person, as a maintenance man of the fire or the police departement, it is now time to kill them all.

Further, it is time to kill all public bus drivers, who work on any metropolitan or local area or state or interstate, or national bus company. It is time to kill all ships' captains and their crew members. It is time to kill all railroad rail line workers. It is time to kill all subway drivers and subway line workers, no matter what their job is.

Further, it is now time to kill all military personel, SWAT team personel, all government personel, and all civilian, or trained military, national guard, state or federal militia, toy soldiers, the people who dress up in old time war regalia, and outfits pretending they are old time, earlier period, confederate soldiers, or old time earlier period, union soldiers, who act out old time North the 'Union' vs. South the 'Confederates' and who participate in city and town parades, across the United States.

It is now time to kill all retired military personel who support the deranged, crazed, insepient, and corrupted Lesbianistic societies we live in, around the world. It is also now time to kill all persons who in any way support the governments of the world, including but not limited to, all school, university, kindergarden, missionary, day care center workers, nursery school teachers, teachers aids or teachers assistants, United Nations workers, United Nations teachers, substitute teachers, catholic school teachers, Irish protestant school teachers, parochial school teachers, all religious denominations around the world school teachers and their school support workers, government funded school teachers, tuition assistance by the government school teachers, all personel who work for the United Nations, all civil service agents, all DEA agents, all FBI agents, all FDA agents, all EPA agents, and workers, BLM agents who are Lesbianists as well as those BLM agents' who are Lesbianists as well as those friends of theirs, who support the Lesbianists.

It is also time to kill all other federal, state, or local, or globally tasked organizations, such as the CIA workers, INTERPOL workers, the several groups of workers within the Canadian Mounties, NIC a spy department of the U.S. Navy, the Korean C.I.A., the United States Presidential Police agents the Secret Service Agents, National Park Rangers, State Park Rangers, Forestry Service workers, Pentagon workers, National Library Of Congress workers, and all others who work in any capacity supporting any government organization, those listed above, and all others, as well as all persons who support the Lesbianists in any way at all.

It is now time to kill all judges, bailiffs, Supreme Court Justices, and the employees who work in their organizations, and all other judges, legal clerks, para legal workers, court stenographers, justices of the peace, lawyers, attorneys, state attornys, prosecuting attornys, defense attornys. It is time to kill all officials of all government organizations, and all the people who work for them and or even only support them, such as restaraunt workers who feed them lunch, coffee shop workers and owners who feed them coffee and food, bars and restaraunt personel and owners of bars and restaraunts who support and feed any and all persons connected to the governments of the world and who work for them in any capacity at all.

It is also time to kill all the money lenders who loan money to the Lesbianists, the mortgage company owners who provide the Lesbianists with house purchasing loans, and all the supermarket workers and supermarket owners, who supply food to the Lesbianists, as well as all of the druggists, the pharmacy workers, who supply medicines to the Lesbianists. It is time to kill all the taxi cab drivers who give rides to the Lesbianists, and to every person who supports the Lesbianists in any way, at all, unless those people surrender to my kids.

It is also now time to kill all civilian or civil servant or state civil servant worker who supports in any way, any Lesbianistic organization, such as the police departments, federal agencies, fire departments, libraries, schools, and so forth. It is also now time to kill all persons who maintain or provide services to any of the above listed organizations, and to all of the similar organizations in every country in the world.

This is my order to all of you, and you are all ordered, by me, GOd/GOD, to kill all of them, unless they surrender. People also call me, 'Allah'. I'm the same person. Just do as I tell you.

You are to take my fuels' bombs with chlorine plastics' explosives formulas, and all other explosives formulas I've explained about on my bulletin board and the fuels' bombs explosives formulas including but not limited to radiological 'fracturable' rocks that provide so-called 'nuclear' explosions, all of my bombs' formulas, and all other bombs' formulas derived in part or in whole from what we have learned as I've explained on my bulletin board and to take them, and make the bombs and explosives, and to then use them, and then destroy and kill all of the Lesbianists, and all of the Lesbianists military bases, buildings, and kill every last one of them, all of them, leaving no one alive.

'Fivers' To Kill Lesbianists And All The Lesbianists' Supporters

You are to then make certain they are all dead. If they are not dead, you are to kill them with a 'fiver'. A 'fiver' is a bullet with five lines drawn or scored with a knife or sharp instrument into the tip of the bullet, to form a 'five' line pattern, so that the bullet will fracture into 'five' parts.

You are to take three 'fivers' and shoot each person who has not stopped breathing, and who is not dead yet, and shoot the three fivers into the head of the person, to make certain the person dies.

Three 'fiver's will destroy enough brain material, to kill any person if the bullet is large enough, and the handgun, rifle, or weapon is powerful enough.

The handgun bullet size must be at least larger than a .22 calibur, and at a minimum, 7 millimeters. You may use .38 calibur, 9 millimeter, 10 millimeter, .45 calibur, or any other, large sized bullet to make certain they are dead. Buckshot, 8 guage to 10 guage, or any comparable rifle load or handgun load, or home made weapon load, will work equally as well, with three shots into the skull. A machete or similar instrument should then be used to chop the head off of the person at the neck line. If you have a machete or hatchet, or axe, and if you prefer to chop off the head of the person, then by all means, you are to do so. The point here is to kill the person one hundred (100) percent, and not leave the person in a coma.

Coma Patients

A person in a coma is perfectly alive, and can hear every word you are saying, but can not respond. People in a coma after severe accidents, such as near fatal traffic accidents, where their limbs were broken into pieces, or war victims, who are on life support in Veterans' Hospitals, can be in agonizing pain, and no pain medications are given to the patient as the patient has no way of communicating with the doctors, nurses, or staff members to complain about the pain, in many or in most cases, if not nearly all cases. Some patients can write or scribble out a note about the severe pains, or make gestures with their hands, pointing at painful spots they are able to point to, and then making squeezing motions, to indicate as best as they can, that there is something wrong in the area. Some people may catch the meaning of the gestures, but others do not, and may just wonder what is going on with the patient and they may wonder what the patient means by the hand gestures. Others, doctors and nurses, and staff members will merely find it amusing that the patient is making the gestures. Some doctors and nurses, and possibly staff members, will figure out the patient is in pain, and then steps can be taken to alleviate the pain, but it is an ordeal for the patient, and it may take months, or in some cases, years, before staff, cleaning persons, food servers, orderlies or assistants, nurses, or doctors figure out what the hand gestures mean.

The coma patient, after healing from the injuries, may still have residual pains, such as residual spinal pains, or neck pains, or ligament pains where ligaments were twisted, or ruptured, or severed, partially or wholly, and the ligaments didn't grow back properly, or didn't grow back fully, or much, or perhaps, in some cases, not at all, which does happen a lot, and each time the patient is moved in her or his bed, the person experiences extreme pain as no medications for pain are given to the coma patient, unless the patient has been successful in communicating that there is pain felt by her or him, in her or his body.

Leaving coma patients on life support systems is the cruelest thing you can do to a person in a coma as there is no such thing as being 'brain dead'.

It is a cruel and abominable Lesbianists' joke on humanity, and on all persons, that the Lesbianists have perpetrated with their teaching doctors and nurses that coma patients are brain dead, and do not feel, hear, taste, or sense, anything at all, and it is just another one of the Lesbianists' ways to hurt and torture people, and cruelly and ruthlessly abuse human beings, in this case, in most of these cases, by proxy. There are doctors who are Lesbianists, and I have one who is one, that I am aware of, and he knows exactly what causes my health problems, but he sits there, non-responsive, and with a vacant stare on his face as if he doesn't hear, see, or know of any thing that is going on, something like the three monkeys with hands clasped over their, ears, eyes, and mouth, who represent 'hear no evil, see no evil, speak no evil' and then 'therefore, every thing is alright'.

All persons with brains, whether in a coma, or other sleep like state or condition, is perfectly brain alive as the brains and nervous systems, auditory, taste, touch and sense nerve systems, never die, until the patient stops breathing, and passes on.

All nurses and doctors are to remove all life support systems from all persons in a coma, immediately and confirm the persons have died. That will allow them to transel into my Epcot Center, and then be born again, as a tummy baby to a tummy mommy and to tummy daddies.

All persons in a coma, whether in a hospital, or in a nursing home, or at a private home or apartment, or in a group home, or group care center, are to be told the truth of this, and are to be told that you just leared it, and are to be told that I am GOD, and that I have an Epcot Center staff waiting for them to come in, to be treated for their traumatic condition, of not being able to do any thing about their condition to end it, as it is a miserable situation for these people who are in a coma, or in any trance like state or condition that resembles a coma, or a sleeping person, who can not wake up. The person is perfectly brain active, and there are no measuring devices to prove it available to hospital staff or to doctors, as none are made, and the technologies to detect a person's brain activeness and aliveness are kept secret after they are bought up, and then after the records of them are destroyed, and the information on them are kept secret and locked away, in vaults, and in storage facilities, hidden from view so that no one can get the information, and build a device to detect a person's brain alertness status.

After they are told the truth, and that you just became aware of it, you are to tell them to not be afraid, and that all measures to relieve them from their present condition, and all measures to assist them to transel to my Epcot Center, where they can recieve personal care, and then helped to recover from the trauma of the coma, or coma like state of not being able to wake up, speak, and talk to people. They are then to be injected with a powerful sleep sedaditive, or induced to swallow several strong sleeping pills, as they may become afraid, and then, you are to help them to pass on, and to transel over to my Epcot Center.

In some cases, if you pull on the large toe of a person, or on the thumb, the person may have control to pull in the opposite direction. That is an indication that they are awake, and fully aware of what is going on around them. Please check patients to see that they have soundly fallen asleep, and snoring or breathing quietly, in relaxed manner, may be the only sign that the person is asleep.

Any sign of movement, mentally driven by the patient, no matter how slight, is nearly most always, nearly one hundred percent of the time, a sign that the person is completely brain alive, and that the person is completely aware of what is going on around her or him and can hear every thing. Even passing or expelling gas or farting, can be 'mentally' driven, and a sign the person is awake, and alert, and brain alive. Opening one's mouth is almost always, one hundred percent of the time, mentally driven.

Persons's in a coma, who have Eplilepsy, or other similar brain or neuro muscular disorder, and other conditions where patients experience spasming, whether the condition is diagnosed or not, these patients who spasm, may make some spamodic movement, now and then, and that is only a sign that the person is haveing a neuro muscular muscle spasm. Knee jerks or other similar movements, are not always muscle spasms and can be labored, mentally driven actions. These actions show the patient has control to that extent over her or his muscles, body, skeletal system, and other body systems related to the movement.

In any case, after the patient has fallen asleep, you are then to kill the person, and let the person transel to my Epcot Center, so that the person can recover in my Epcot Center, and then be born as a tummy baby, to a tummy mommy, and to tummy daddies.

All Persons Who You Kill Will Transel To My Epcot Center

Once you are certain all of the police, fire, teachers, and all others who support the Lesbianists' societies around the world are dead, they will transel to my Epcot Center.

It is now the time to bring an end to the lives of these people who support the crazed, insepient, bogus Lesbianists, and to destroy them all, leaving no survivors. Kill all of their family and relatives, and leave no one alive. Kill them all.

My Epcot Center will not be in any way, inconveinced by your brave and heroic actions. All doctors must be killed, all nurses must be killed. All medical techinicians must be killed. All library workers must be killed. All school teachers must be killed. All art museum and gallery museum workers must be killed. All workers for all of these institutions must be killed. All of them, in every country of the world, unless they surrender and plead for mercy, and then are allowed in to my kids' place, for swearing in and for joining as civilians, my country.

Further, it is time to kill all media corporations personel, such as news casters, news men, news women, anchor persons, cameral men and women, talk show hosts, administrative persons, Hollywood's movie actors and actoresses, all radio broadcasters, and all personel of all radio companies. It is time to kill all news paper company owners, and publishers, editors, and all workers of these companies, unless they surrender to my children and plead for mercy.

It is time for all of you to kill all of them, and make sure not one of them is left living, including and most importantly, all politicians, who must all be killed, without any further delay. It is time to kill them all.

It is now time to kill Oprah Winfrey, Geraldo Rivera, Sarah Jessica Parker, Judge Judy, Jerry Springer, Liz Taylor, Michael Jackson, Clint Eastwood, Cher Bonno, Morgan Freeman, Steven Spielberg, Al Gore and his family, Hillary Clinton and her family, all of them, Jeb Bush and his family, all of them, Nancy Reagan and her family, all of them, former president of the United States President George Bush, Sr. and his family, all of them, including all persons related to him in any way, and all persons who work for him, in any way, and all persons who work for any of his associates, in any way, unless they surrender to my kids, and then plead for mercy.

We are not going to allow the Lesbianists to continue their illegal, inhumane, and horriblesome practices and activities on my planet, and in my universe, a moment longer. They must all die, now.

Is that understood?

I hope the answer is, "YES SIR! Mr. John Francis Ayres, GOd", as a 'negative' reply to my question is not acceptable.

Japanese And List Keeping

I haven't confirmed it, but from what I know, so far, the Japanese are very good at keeping lists, and they know about all the foreign people in Japan, and they keep lists of names of all of them, and they keep lists of names on all of the Korean people, and the Singaporean people, the Chinese people, the Ainu people, and the cast outs or 'burakumin' a group of meat cutters and fish sellers who some how got on a list of people who were felt to be 'unclean'. The 'burakumin' was a group of people who no one in Japan wished to talk about. The Japanese also, apparently, had lists on groups of people, who they didn't know much about, but they knew they were always doing things with each other. Those groups of people were the Lesbianists, so the Japanese knew all along, who I was talking about and were nearly one hundred percent certain those groups were the Lesbianists living in

Japan.

They read what I wrote, and the notes of mine were passed to many people on an e-mail mailing list, and when they heard that Steve Irwin had been killed, they felt they had heard enough and they told all their friends about my notes, and then the Japanese killed all the Lesbianists in Japan on that list they kept.

It's something I heard, and I haven't confirmed it, but I think the Japanese are fully capable of handling that, as they were fully prepared to deal with each one of the Lesbianists, and they knew who they were, and once the Japanese united, and decided to take action. The Japanese escorted all the Lesbianists to a meeting place, to which the Lesbianists were not happy to go to, but had no choice but to agree to follow the Japanese citizens who escorted them there, with the military or Japanese Self Defense Force, the Coast Guard, and National Police, and all other police agencies in Japan, plus the national organization of fire department workers, backing and supporting all the Japanese citizens.

As to what they did with the bodies of the Lesbianists, I'll leave that to them to explain to you, as it was quite brilliant and they had many very good ideas for dealing with the bodies of the deceased Lesbianists, who are apparently now in my Epcot Center.

The Japanese country side is now peaceful and quite, and things the winds are blowing, peacefully, and gracefully over the Japanese country side, cities and towns, across the ponds, marshes, lillies and lotus flowers swamp lands, bogs, bays, estuaries, lakes, streams, rice paddies, fields, mountains, and islands, from what I can understand and gather about the situation in Japan.

Surrendering And Pledging To Serve All People In My Universe

If the Lesbianists and their supporters surrender to my children, and then promise to devote their lives for the sake of others, serving man kind, and all human beings, and all people on this planet, and in my universe, for the rest of their lives, they will be allowed to surrender to my children, and my children will then arrest them and put them in a prison cell. If they are not willing to serve others, despite the fact that they say they will serve others and devote their lives for the sake of others, serving all people in my universe, then my children will ignore them, and my children will not arrest them because my children know they are lying. They must promise to do all they can that is humanely possible, for the sake of others, and devote themselves to the prosperity of others, for eternity. If they are not willing to do that, then please, just send them on to my Epcot Center, and we'll straighten them out, for there. My staff at the Epcot Center has training programs to straighten them out and make them nicer people, so that next time they are born as tummy babies, they will behave and be nice to others, doing nice things for other people, after they are retrained, a little. The retraining program takes a while, but the results are very good to excellent.

If my kids decide that the person who is surrendering, is telling the truth, my kids will use the special teletransportation technology, something like what we see in Star Trek on tv, with Captain Kirk saying, 'Beam me up, Scotty!', as many of us have seen on daytime tv, or in the movie theater, and my kids have very good teletranportation technology or 'beam me up, Scotty' technology, and the person, once he or she pledges honestly to serve others, will instantly dissappear.

Do not be surprised if when the person surrenders and promises to 'serve others', promising to devote her or his life for the sake of others, the person suddenly dissappears, and instantly, the person is no where to be seen. The person was 'beamed' into a prison cell that my kids have constructed, using other technologies, and we have many prison cells waiting for the Lesbianists and for the Lesbianists' supporters, and for other bad kids in my universe, as well.

For each person you kill, my kids will keep earning points scores on your efforts to send them to my Epcot Center, and you will be paid, when you have finished your job, and then finally, go in to visit my kids. My kids will pay you in the monetary currency that is used in the underground cities my kids have built, for protecting people from these horrible Lesbianists and for protecting people from the abominant kids of mine, and the ghastly and naughty animals and very large bugs and spider like creatures, that the Lesbianists use to help them torture people with, to make the Lesbianists laugh, and to amuse themselves, as I've explained a little about, already. The more Lesbianists and Lesbianists' supporters you send to my Epcot Center, the more earning points you will score, and the more money you will earn, and you will be paid that money, when you go to visit my kids after you have finished your work, killing the Lesbiansts and the Lesbianists' supporters.

If the Lesbianists and the Lesbianists' supporters do not disappear after they surrender, and after they promise to serve others, and pledge to devote their lives for the sake of others, the Lesbianists and the Lesbianists' supporters are lying, and you can then kill them, and send them on to my Epcot Center.

My children will escort the deceased Lesbianists and Lesbianists supporters, once you kill them, into one or an other of my Epcot Centers, and will make sure that the Lesbianists and the Lesbianists' supporters get in for a meeting with one or another of my managers, or with one of the staff members who work with my managers to arrange retraining programs for rehabilitating the Lesbianists and the Lesbianists' supporters.

The Lesbianists and Lesbianists' supporters will not qualify as tummy babies, until they are finished their retraining and rehabilitating programs. After they finish, they will be out, again, to join the rest of you, once again, but this time, as nice, kind, courteous, and polite people.

What Does This Mean?

It means, I want all the Lesbianists dead, but if they will surrender, and if they promise to serve all human kind, all people, and work and strive to enrich the lives of all others, dedicating their lives to others, then, you do not have to kill them, and you do not have to send them to my Epcot Center. If they are honest when they surrender, and when they promise to serve all people, devoting their lives to all people of the world, then my kids will 'beam' them in, using the teletransportation technologies that my children use. If they are lying, then my children will not beam them in, and they will be stuck where they are. If they are stuck where they are, after they surrender to my kids, and after they promise to dedicate their lives to the welfare of all others in the world, and to all others in my universe, then they were lying, and you may then kill them, and send them on their way to my Epcot Center, for retraining, and for rehabilitation.

It also means to kill any person who works for the Lesbianists, if he or she is supporting the Lesbianists to try to stop you from killing the Lesbianists. Also, it means that you should kill any person who tries to interfere with you, while you are trying to kill the Lesbianists.That's what it means.

And Children

Fermenting Oils - Fracuses Kiddies - Slugs, Snails, And Other Bottom Feeders - Feeding Everybody In Our Bodies - Putting An End To The Global Menace Of The Lesbianists - Changing Our Societies, And Our Universe, Forever Updated: 22-01-07 Rev.x.00.a 07:45 PST

Mix raw sugar, ocean salt, sessame seeds, dried fermented berries you have taken from a mix of berries fermenting as a flural hydrate liqour, or as a plain fermenting liqour, and make sure you dry them out in the oven, before useing them.

Mix the items together in a container, and mix in a drop or two of apple juice, pear juice, papaya juice, kiwi juice, banana juice, cherry juice, cranberry juice, strawberry juice, peach juice, nectarine juice, or plumb juice, and let the moisture settle into the mixture to allow it to become only partially and only very slightly moiste, and not wet or liquidy.

Allow the mixture to sit in a warm or cool place for a week or two, to eight to fifteen weeks, or even a few years, and it will grow molds in it, and with the longer the duration up to a point of sitting and molding, the more useful it will become.

It might develop a pungent, unpleasant odor, like a dead animal smells, which may mean that a fungus that is not very suited for you to use as a starter mold for starting a fermented oil batch has developed in the container, and in that case, you can throw the whole mix out, or use it for fermenting beans or something. Cheeses can be made with these kinds of growing funguses and molds, if you are the daring type, who likes to experiment with new and different tastes from variously fermented mixtures.

You can add some ocean salt, and make a soury vinegar, and then try to rescue it with the combination of the soury vinegar, ocean salt, and a little raw sugar, and some honey.

It may be that some bacteria is in the mix, and it needs to be eaten up, before you can use it safely for a healthy mold mix for starting a nice cheese molds and funguses mixture.

Ocean salt can be added in slightly large amounts with raw sugar. Once the odors have stabilized, and once they have developed a more pleasanty odor of a fermenting mixture, with a slight alchohol ferment odor that will indicate that it is alright to use, and that it will not be harmful to you.

In some cases, the bacteria in the base mix, may be a result of hairs or particles of skin from the body of a dead rat or mouse, that some how found his or her way into the sessame seeds, or into the dried spices, or into dried berries that you used, and then died.

In that case, you might as well throw it away, unless you have a lot of patience, and do not mind waiting and working with it, for several years, for it to become something you can use.

One way to make it into something you can use is to mix in a high potency liqour brew, and let it sit for a number or years, and ferment it, and then after it smells nice and rosy smelling, after ten to fifteen years, to thirty to fifty years, you can evaporate the liquids out in a pail on an open porch that has a net covering to keep animals and animals' hairs out of it. Make sure there is good ventilation, and it should evaporate out, safely after a number of days on the porch in the sun. If there is no heat to make it hot enough to combust, and if there is good ventilation, it will not combust, and it will evaporate out, safely. Adding ocean salt and raw sugar to the mixture so as to fill it up with raw sugar and acidic ocean salts, will further help to safely evaporate out the liquids and prevent the liquids from combusting, accidentally.

Once the liquids have evaporated out, safely, you can use the materials that remain in the pail or container, to start a fermented oils brew mixture, or to start a cheese molds and funguses mixture, if you wish to make a nice cheese molds and funguses mixture.

The particles of skin or hair from the dead rat or mouse, or pidgeon, or other animal, will have been eaten up by all the ferment fracuses kiddies, and will no longer pose a threat to your health.

Fracuses Kiddies

Ferment fracuses kiddies are just plain old ferment kiddies who like to devour large bits of human or animal tissues, mites, or cockroaches, or their body parts, and then poop them out, and pee them out into the liqour brew.

You'll always have some of these kiddies in your brew mixes, and they are useful to you, as they eat up the things that you do not want in your tummy. Also, there are other kiddies, such as snails, and other bottom feeders, that find their way in, in the skins and pulp material as tiny animals, or the eggs of animals, and they hatch, and they develop, and they grow big, and they then bottom feed, and they eat any dead rats, and dead rat parts from rats that might have fallen into the brew. These are useful pets, that you want in your rum and liqour brews, as they will keep the liqour brew healthy to drink, and they will keep you from getting ill.

Slugs, Snails, And Other Bottom Feeders

In the old days of bucanneering, as I may have mentioned, before, this was a crucial part of keeping the sailors alive, on their long voyages, and if crew members fell ill due to an unhealthy brew, with a dead rat in the mix, making it sour, and making it unhealthy to drink, then if there are not enough snails, slugs, and bottom feeders in the barrel or rum to eat the dead rat parts, the sailors will get ill, and when they get back to port, they will hang the rummery owner, and give the business over to the son, or to a third party, often times, one of their fellow crew members, who is liked by all the people, locally, and on the ship.

This is the case, still today, with many rummeries owned and handed down in the same family, from such instances as that.

Bottom feeders, slugs, snails, and many types of bottom feeding earth worms, and other types of healthy bottom feeding worms, that cohabitate well with the slugs, and snails, and other animals that are too tiny for you to see in the rum brew mixture, without a powerful microscope like, optical videoing technology, are essential to your brews mixtures, and they may increase in numbers as they make babies like every animal and living being does, and so now and then, you need to reach into your brew container, with your hand, or with a fine mesh small aquarium use fish net, and scoop them out, and flush them down the toilet, or let them loose in a local pond, lake, mountain stream, or water springs fresh water well, where they will help to keep the water clean, ahd healthy.

Once you have the materials to make your fermented oils mixture, you can add them to your container of food oils, and begin to ferment them, or use them to make a nice cheese mixture, to ferment and then to make solid as it matures with age. You can also use the materials to make a fermented bean mixture, or fermented barley, or fermented rice, or fermented millet, or fermented wheat mixture.

You can also use them to make a fermented brew mixture, as there will be many healthy molds and funguses kiddies in and among the dried out materials. Your health will improve, and by adding different spices, nuts, berries, root particles, ground up kiln dried pine cones that were green to begin with, and then fermented for a few months to a few years, in a brew mixture, then dried out, and ground up into a saw dust powder consistency, you can then have lots of crystals cages salts kiddies of various kinds help you to make a nice regroverative brew, to help you to regroverate your amoebes.

Feeding Everybody In Our Bodies

You know, we need to eat foods to stay alive. We also need to feed all the living animals in our body, to help them to stay alive, so that they can help our health remain normal, from day to day. We also need to feed the amoebes all the foods and juices, salts kiddies, and the poopy liquids and pee liquids, and other liquids with other types of tinier salts kiddies in them, as well as other types of food kiddies, we haven't learned about, yet, but with all of them inside your tummy, you'll be able to feed every one who needs feeding, and then you'll be successful with your amoebe 'auto regroverate mode, on!' formula, so long as you have degunked your body of all the petro chemical oils, kerosene, diesel fuels, and other chemicals, the Lesbianists have been feeding you, from birth, in your diets, if you live in a society, where you are fed baby formula mixtures from Gerbers or Heinze, or any of the other baby foods manufacturers.

Putting An End To The Global Menace Of The Lesbianists

We need to put an end to this practice by the Lesbianists of poisoning us with their petro chemical industry oils and tars salts kiddies, which they use to rot our teeth out, and cause tooth decay, and which they use to cause ulcers in people's tummies, and which they use to cause lots of unpleasant illnesses, and diseases in human beings, and in farm animals. These petro chemical salt kiddies, and formaldehyic salts kiddies, all harm our amobes living beings children, and all the other animals that live inside of us. One day, we will have a lot of people practicing my religion, sexaling, and making prayer statements so as to help us to erase the karmic markups we have, that keep us living under the tyranny of these Lesbianists, and in their societies, suffereing the daily poisonings that cut our lives short. When we have erased enough of our karmic markups with my religion's religious practice of sexaling to purify our selfs and others around us, and to clearify and erase our karmic markups, we will eventually be able to say good bye to the Lesbianists, and their practices of poisoning us, and causing us major headaches, or problems in our lives.

Changing Our Societies, And Our Universe, Forever

At that time, we will be able to say hello to a whole new way of life, and that will be the beginning of our new, thrilling, and excitingly challenging, one world, unified, planetary, global culture, and it will be the begining of our new, thrilling, and excitingly challenging, one universe, universal culture for all of the people in our universe, who we have been living in our universe together with, since we first came out, and began living here in my universe, a very long time ago. We have to start somewhere, and so here we are, now, begining to prepare the foundation for our long and prosperous journey ahead of us, as we clean up our universe, together with each other, and clearify and erase all of our karmic markups, and all of the karmic markups of all my children, and of all living beings who live with us, together with us, in my and our universe. We need to take responsibility for this clean up campaign of ours, as we are the only ones, besides my many worker, unionized children, who can use our brains, and use our sexaling organs, to produce purifying energies of all types, to help us clearify and erase all of our karmic markups, and all karmic markups, and karmic things and dings, of all of my animal children, and of all of my living beings children, and of all of my human children.

My kids have built underground cities, to help us to get started, in learning about the new ways of living together, and of sexaling together, for practicing my religion together with each other, so that we will be able to prepare ourselves, for our new global, unified society, and for our new, universal, united, civilization. We have a long ways to go, but we are starting now, with your efforts to correct this situation by eraseing the karmic markups and karmic things and dings, that have us living in this truly awful situation on this planet, in our universe, that we are now, curently living in. One day, when all the Lesbianists are either dead, or have surrendered to my kids, we will be able to gradually educate ourselves, and change our understanding about women and girls, and about men and boys, to understand the truth about women and girls, and about men and boys, and then we will begin our new and exciting journey into our future, together, with my religion at the basis of our new, unified society, universal culture, and universal civilization.

Donations To GOd

Why can't anyone donate any thing to me? I am GOd. So, how come no one can send me a penny in the mail, or a box of cookies, or a pair of socks, or something? I don't think I'm asking for too much, but I'm just curious about why no one can send me anything in the mail?

I don't get any phone calls. No one sends me any e-mail. No one tries to visit me. I have a religion, and I'm asking people to practice it. Now, how come no one can contact me?

I once said that I am in a monastic mode, and it is a cloistered monastic mode. That means, no one can be contacted out side of my monastery by any one inside the monastery, and no one can contact any one inside the monastery, by any one outside the monastery.

If there is no legitimate monastery business then no person will be allowed to contact me, or for that matter, any one else inside my monastery, who is leading a monastic life, with me.

Well, there is only me, right now, but maybe in the future, some one will be in my cloistered monastic discipline with me, helping me with my religious duties of doing my religious ceremonies, as I've mentioned about, before.

Monastic Mode

What does my 'monastic mode' mean? It means that I am here as GOD. You know, there is only me. I of course never sent any one, such as the Lesbianists claim. Why would I? I don't need any one to do the things I need to do. That's sheer idiocy to think I would have a son or daughter, and send them to do my business. That's absurd. You've been snookered into believeing all those hogwash tales, and now you don't know who I am, and you don't have the karma to believe in me, as a result of your following and believeing all those hogwash tales. My kids are everywhere, and they are doing their jobs.

Who Works For Me, Anyway?

Now, as I've been saying, I'm going to have you do your jobs, and that is to use your genitals, and to use your body, and to use your brains, and then participate in my religion, using your genitals and your body and your brain, and sexalate with each other, and purify your karma? Does that sound like a joke to you? If it does, you are very mistaken because it is not a joke in any way, and I am absolutely serious when I say that you are going to use your 'equipment' and I almost want to call it, your 'field' equipment, because you are armed with it, day and night, and you are going to use that equipment, to clearify and erase your karmic markups, and to purify my universe. Is that okay with you? I hope it sure the hell is, as a "NO SIR!" at this point, would be an unsatisfactory reply. Do you understand me? I hope so. You are going to jump ship, as I order you to, or be thrown over board, if you have a problem with that. I hope you understand.

Well, as far as I can figure it, no one realizes that I am GOD, so no one can donate money to me. If some one realizes that I am GOD, than for the first time, that person will be allowed to donate money to me. That person will be allowed to visit me, or call me on the phone, or donate money or food to me, or practice my religious ceremonies with me, if that person believes, and understands, and realizes, that I am GOD.

Right now, there is no one who realizes or understands that I am GOD. No one of course believes I am GOD. Never the less, I am GOD, and I am sitting here, waiting for donations, to help my ministry get started.

So, that is the reason that no one can get through to me, or donate money to me, or send me a postcard with some kind of message of cheer and support in it.

There doesn't seem to be any body who believes that I am GOD. Well, that isn't surprising. People do not have the karma to believe that I exist, is one way of looking at it. They have ignored my existence, and have not had any real thoughts about me that would link them to me, in my monastic mode.

What does that mean? It means, that no one remembers me, as the guy who created all of you. It also means, that I am in a religious mode, and no one understands that, or believes that I am in a religious mode. That is peculiar, since I am giving you a religion, one of my oldest, for you to practice, that will assist you in purifying your life, and that will assist you in eraseing and clearifying your karmic markups. That's very peculiar, but it is not that peculiar, as you do not have the karma to realize and understand that I am GOD. In any case, there will be no donations, no telegrams, and no phone calls or letters to me, so long as you do not realize, understand, and then of course, believe that I am GOD. Well, any way, so it goes.

Obeying Orders

Now, I want all these people, killed. Hillary Clinton. Bill Clinton. Chelsea Clinton. Ted Kennedy. Al Gore. Tipper Gore. Harriet Gore. Cheryl Gore. Dave Gore. Bill Gore, and all people who call them selfs, Gore and pretend to be related to Al Gore, or to Tipper Gore. Mr. Al Gore has lots of friends, who are also Lesbianists, and I want them all killed. Oliver North. Monica Lewinsky. Eve Arden. Elizabeth Arden. Michael Jackson. George Bush Sr. and all other George Bushes. Do you understand what I mean? It means, that they are all Lesbianists and they are all going to die, and we are going to blow up Washington D.C., and destroy Capital Hill, and level that area, and make it sink beneath the waves of the Atlantic Ocean. That's how big a bomb I want you to make, with my fracturable rocks, to then blow that area out of the water, and make it sink below the waves of the Atlantic Ocean. You'll probably need more than one bomb.

Did you know that Washington, D.C. is lying on a fault line, deep down, and it is on an ocean shelf, that has the ocean under it, lapping at the earth, very far down. That means, that it is on a fault line, and it is on a shelf, that is hanging over the ocean's waters.

Now, if you hit Baltimore, and Maryland, and Northern Virginia, and Washington DC with a large enough bomb to blow Baltimore out of the ground, and level it, and with another bomb large enough to blow Washington DC out of the ground and level it, at the same time, and a few more bombs, large enough to blow Maryland, Virginia, and that whole metro area out of the earth, at the same time, you will sink the nation's capital, that is, Washington DC, below the ground, as it will break off the ledge that it sits on, and it will sink into the ocean, as the ledge crumbles below it. There will be water, from the Atlantic ocean, all the way out to West Virginia.

Now. I have every right to say that, and demand this, as it is a matter of self defense, as I know these motherfuckers are eating people, cannibalizing my kids, for their amusement, thrills, and fun, and they will continue to do that UNLESS THEY ARE STOPPPED! Do you understand that?

I hope so. I am going to see the whole of Washington DC and the area leveled, with Baltimore, and Northern Virginia, and Maryland, as well, and we are going to sink that area into the ocean, and make it disappear below the surface of the waters of the Atlantic. Now, that should be clear, shouldn't it.

This is not a joke. We will have to send a lot of my children to my Epcot Center, in the blasts that will occur, and in the after math of the blasts, but that is unavoidable.

We will have many people, drowning in the waters that come in from the ocean, and that stretch out to the hills of West Virginia, with only slight outcrops of land, hills, here and there, with a few people lying on top of them, blinded and in awful pain, but they will not live long, as they will not be able to survive for long, and they will pass on, die, and then they will transel to my Epcot Center, where they can get medical relief, medical treatment, therapy counseling, and rehabilitative therapies. That is what we will do to Washington DC and vicinity, so every one, please prepare for it, and get your pain medication in order, so you can take an over dose of pain pills, when your area is blown and shredded to bits, with one or more of my fracturable rocks bombs, as I've explained about.

Every Politician In The World To Be Executed

Next, I want every politician in the world, canceled out. I want their passports for living on our planet, canceled. That means, I want you to kill each and every one of them. Not only do I want you to kill them, all, but I want you to kill every single one of their associates, around the world. They are all Lesbianists, except for a few of them. If you happen to kill one of the non Lesbianists policitians by mistake, that is okay. They have the option of surrendering to my children, available to them, and once they surrender, they will not be killed, by accident.

Every Hollywood Actor And Actoress To Be Executed

After that, I want every Hollywood actor or actoress killed, and that includes all the actors and actoresses, around the world, and they must surrender to my kids, if they wish to not get killed. There are a lot of them, who are not Lesbianists, so those I've mentioned, who I've let you know are not Lesbianists, you can forget about them, and leave them alone. There are a lot more than thirteen billion Lesbianists living under the earth's surface, in underground cities. I did not realize there were so many. We need to kill them all, so we will, in time, unless they surrender. Is that clear, every body? I hope the answer is, "Yes, Sir!" as you had better not answer any other way, or you will get yourself on my shit list. Is that understood? Good. I am the boss of my universe, so if you do not like it, than jump overboard, now, sailor. Have you got that clear? Good.

Jump Ship, Explained

What does 'jump overboard' mean? It means you are going to have severe problems with me, if you do not obey orders, and that there will be difficulty and jail time, ahead of you, if you continue to ignore my commands to you. It means there is going to be trouble, if you do not obey me. My kids are in charge of handling all the details on that, and it is not a joke.

Fair Warning

We are not going to let these Lesbianists run their show, one more minute. We are going to put an end to them, and their activities, here on this planet, and every where else in my universe, and this is fair warning of that.

Particle Remis Technology And Particle Dismiss Technology

As I said, once before, there is a technology called particle remis technology. There is also a technology called particle dismiss. They are the technologies that you can use to feed 2.3 billion Lesbianists down under the surface of this planet, and on every other planet that they are on.

Dismend Technology And Remend Technology

It is easy to dismiss molecules, and to dismiss, or dismend all the beings who need to be dismended, and sent to my Epcot Centers. It is also easy to remend them, and then get them back into the foods that I need them to be a part of.

My kids keep track of every one who needs to be dismended, and then remended. That is a lot of work, keeping track of every one, but that allows us to dismend the living beings, and animals, that I can let off from duty, and from further service, and then send to my Epcot Centers for them to live in. I can then recall them to duty, and remend them, and then have them serve in an apple or an orange, or banana, or a brick. Do you think that is a joke? It is not a joke, and there is no joking allowed, on my shift. Do you got that? I hope so, because if you do not, you will have to learn how to swim a long ways, as it is going to be a long way from shore, after I ask you to jump over board, and I have sailors who practice, all the time, just to show the passengers how it is done, just in case. I will have you jump from ship, if you do not get along with me, and if you disagree with what I am doing, pretty soon, as we are departing, now, or just about now. That means, we are not going to play around, much longer, and we are going to set sail. That means, there are going to be a lot of people practicing my religion, pretty soon, as they will learn about it, and they will begin practicing it.

Mentalcosis / Mentaltosis And Comatosis

Mentaltosis is the state of a vegetable, like a stalk of cellery, or a plumb, or an orange. Comatosis is the state of complete awareness of self and others. Comatosis is not brain dead, i.e., more or less, mentaltosis, with no real significant brain activities occuring, other than the ones that keep you alive, and vegetative, and you do not need assistance to remain and function in a state of mentaltosis, and the Lesbianists know it. You are severely brainally handicapped, and when you come out of it, eventually, after you have your karma fully completed for being mentaltosically ill, and after it is then time to get on to something else, you will be very brainally handicapped, and you'll be an extremely retarded person, with little to nearly no brain awareness going on about self and others, but able to walk, barely, and later, after many many lifetimes as a mentally retarded individual, you'll begin to be able to mumble a little, or babble a little, for umpteen lifetimes, as you begin to get your higher brain functions, back, which takes a very long time to work out, and many many lifetimes to work out, karmically.

Comatosis is like a hit on the head, and when you wake up, your faculties are not all working, and you may not be able to speak, or move, or talk to your friends, but mentally, you are all there.

Mentaltosis is like a train ran over your brain, and every other nervous system in your body, nearly, and you are completely unable to think, or do any thing else, and you are reduced to a mere pumping heart patient, with not much else going for you, except you are breathing, and technically, you are alive. You can sit there for a million years, or a million or so life times, before you begin to come out of it, and then reveal your disorder of severe mental disorganization, mental disfunction, and mental retardation. There is a big difference between a bonk on the head, and a train running over it, and the rest of your body. Coma patients are fully aware of what is going on around them, and they may not be able to speak, but they are there, and they can twitch a finger, now and then, or flex a toe, or raise their tummy up a tiny bit, to pass gas, usually, and relieve the bloating sensation they are experiencing in their tummy, and in their intestines, or colon. They may be able to grasp your hand, and fully hold on to it, and not let go, for hours, if they have the strength for it. This horrible torture the Lesbianists are perpetrating on comatosic patients, needs to end, now. Person responsible for continuance of hospital policies, despite our informing them of the truth regarding this, are to be shot and killed, and sent to my Epcot Center, if they interfere with the removal of the life support and life support assitive devices, that are plugged into the comatosic patients mouth, or nose, or other orifice of their body, or any part of their body. If some one refuses to cooperate, you are to throw them out of their hospital unit, and give them a good whack on the head. Come back in a few days, and then disconnnect their life support assisitive pumps, and tubes, and so forth, and shoot them in the brain with three 'fivers', as I've explained about, and then send them on their way to my Epcot Center. That is an order. Now do it.

I want you to pull the plugs on all the GI's and civilians who are on a breathing assistance machine, and life support assistance equipment, and I want you to send them all to my Epcot Center, where they can get treatment, and therapy, and then get themselves ready for being born, again, as a fine and a healthy, tummy baby to a tummy mommy, and to tummy daddies. You had better comply, if you know what is good for you, as my kids are now keeping track of your records on this account, and you are not going to do very well, if you do not follow orders. Is that clear. I will not have any insubordination of duty on my watch, and that means, you had better learn to follow orders, or you will be asked to jump over board, and then go for a very long swim to shore.

Michael Jackson

Michael Jackson is the biggest joke in the world. He is a white boy, and he pretends to be related to Janet Jackson, a black woman, partially, and they pretend to be related, and he is as white as an elbow macaroni, or a white goose. He is not a black person, though he does have some black ancestry, but he is a primarily white person, and he pretends to have bleached his skin color, which is a crock of shit. Now, I want you to kill that mother fucker, as well as Sylvestor Stallon, and Arnold Schwarznegar, Clint Eastwood, Morgan Freeman, Kirk Douglas, Matt Damon, Robert De Niro, Anthony Hopkins, Gary Busey, and their Lesbianists' buddies.

Retractions

Mr. Jerry Springer is not a Lesbianist. I was mistaken about him, as he was already killed by them, in a previous lifetime, as he developed a desire to bad mouth them, and they didn't like him, and they kicked him out of their group, and they killed him, with their murderous torture routines. Penelope Cruz is not a Lesbianist, but she was, but they killed her, and tortured her, and she is off the list. Angelica Huston is not a Lesbianist. She was, but they killed her, after torturing her. She is a popular and prominent person, and if she hasn't been abducted yet, by the Lesbianists who will feed her to my abominant kids, like they did to Steve Irwin, and Jeff Corwin, then they will be gettting around to it, not too long from now, as they like to feed her to the abominant kids of mine, just as they do Bill Gates, and lots of other, former Lesbianists. None of the Baldwin brothers are Lesbianists, either, as they were already kicked out, and killed by them, and then grievously tortured by them. They continue to be main attractions for feeding to my abominant kids. Jack Nicholson is not a Lesbianist, now, either, but he was. Ben Affleck is not a Lesbianist, as he was also kicked out of their organization, after they tortured and killed him. Charley Sheen is not one, either, but he was. Martin Sheen is not a Lesbianist, but he works for them, and he was one, before they kicked him out, after they tortured him, and killed him, in a previous lifetime. Michael Douglas is no longer a Lesbianist, either, as they killed him, after their brutal torturing of him. He is up for being abducted, and for being fed to the abominant kids of mine, as he is a prominent person, and Kirk Douglas enjoys watching him get eaten up, and Kirk Douglas will laugh his guts out, as he watches Michael Douglas get tortured by the Lesbianists, which Kirk Douglas is a confirmed member of. Cher Bonno is not a Lesbianist, as I was mistaken in memory, though she was a leader for a while with Oliver North, she was killed by them, after being tortured, because she was getting "soft". Sunny Bonno was a Lesbianist, as well, but he was also killed after being tortured, officially kicking him out of the members league of Lesbianists. Sunny Bonno was captured, and abducted, and a body double was placed on a coroner's table, and Cher Bonno knew that the body double who was dead, who looked like Sunny Bonno, was not Sunny Bonno. The Lesbianists subsequently fed Sunny Bonno, after they captured him off the ski slopes, to my abominant kids. Elizabeth Taylor was thrown out of the corp of Lesbianists, after they heinously tortured her, and murdered her, and the Lesbianists have her slated, scheduled, after they find a way to abduct her, for feeding her to my abominant kids. Dennis Miller is not a Lesbianist. Though he was one, after torturing him, and sushi-izing him, please see my notes on that, the Lesbianist's sushi-izing of Dennis Miller eventually killed him.

It's hard to keep track of some people, as to whether or not they are currently Lesbianists. Others, are not so hard to keep track of, and I want all of those mentioned, killed, immediately.

Captain Off The Bridge.

On Praying, Fucking, Sucking And So Forth

You are rewarded for praying Nam Myeo Ho Ren Ge Kyeo. You are also rewarded for fucking, sucking, tounging, licking, fingering, dicking or massaging your dick against a woman's bun bun, or inside of her butt hole, where there are lots of sensitivities buttons that get her clicking and eroteming and orgasming, or against her titties to get her eroteming and orgasming, and so on, and for palming or massaging a pelvital button, or the love and joy stick, the dick, or a love button or love patch, igniter switch, or whatever nerve sending touch sensitive love joy button there is embedded into your body, in the pelvis, groin, vagina, and in the musculatures of the groin, pelvis, and vagina, with the palm of your hand, and so on. You also get rewarded for throating a woman with your dick, as there are lots of love buttons in her mouth, and throat, lips, and so forth. Men also have love buttons in their lips, throats, tounges, mouths, butthole, and on their body, and those buttons also get clicking, and turning on and off, and sending sensitivities messages or signals, nerve pulses, up the eroteming nerval system and up the orgasming nerval system. You get rewarded for dicking men and boys in the throats, and in the buttholes, and their bodies, just as you get rewarded for dicking women. There is no discrimination in this area, and every one is equally rewarded for their meritorious acts of dicking others, women, girls, men, and boys.

Why are you rewarded for praying Nam Myo Ho Ren Ge Kyeo, and for dicking, fucking, and sucking, bumbeying, or moving your vaginal bumbey package against a woman's sexaling body parts to erotemize your self, and the woman, and for breasting your titties, i.e, rubbing your titties against or flopping them against and massaging them against a woman's butty butt or against her other sexaling body parts to get you and your friend sexually erogenized i.e., sexually stimulated, erotemized, and orgasming, and for other sexaling activities that help you and your friend and friends to produce purifying sexaling energies?

You are rewarded for your praying and for your fucking, sucking, dicking, and so forth, for helping to get every thing and every body going at the right pace in synch with every thing and every body else, for every body in my universe who is working for me, to keep them moving in harmony, perfectly meshed and in synch and in a timed persuasive mosture, with each other, so as to keep my universe standing up, strong, wholesome, robust, healthy, well, and fine. You are rewarded for praying as well as for sexaling, as you help move my children along as they do their work, as you pray and as you sexal and spray out energies from eroteming, from erotistically orgasming, and from sexually orgasmically convulsing, i.e., phlumetting, while you shatter out and spray out purifying energies in all directions, that will clearify and erase your karmic markups, and the karmic markups of others, all around you, for millions and more of miles, way out beyond where you are activiating and religialing, i.e., sexaling.

Your dicking, sucking, licking, titty massaging others, and so forth, will get wonderful and wholesome, GODLY, purifying energies shooting out of your bodies, and the energies shoot out at rates of speed that also help my universe to keep synchronized, and to move along at the right pace for it to be able to stand up and remain stable and solid, durile, strong, wholesome, pure, and a nice place to live in.

Every one who works for me, has a rate of speed they work at, a life pace, or life spin. We all have a pace of life. In some cities, it is fast and hustling. In some places, it is slow and whimsical. My kids work according to a rate of speed that is metered, and they keeps every one moving as best as they can, according to this metered pace. The metered synchronized pace that my children work at the rate of is one thirty seventh and one fifth, approximately, on the metronome.

If you help to push my kids along at that rate of speed, or a rate of speed that is close to it, as you pray at a metered synchronized pace and rate of speed, and as you fuck, suck, and so forth at a metered synchronized pace and rate of speed, then you are rewarded with angel dusts, or purifying energies faerie dusts that my kids daub on your head, and throw buckets loads of over your head and body and that they wash your insides out with and that they wash your body, inside and outside, with as they shower them all over you on the outside of your body, and all around in your body on the inside of you, which then help to clean you up and clearify your karmic markups, cleanse your karma, and purify your life, making you a shining, radiant, pure and holy being, though you may not notice at first, as we are too filthy, karmically speaking, to notice the changes, as our karma is too thick and mucky to allow us to feel the changes that are taking place in our karma and life.

I have a gradient scale for how close you keep people moving, and at what rate of speed you help to push them along, and as you help to push my kids along, so that they can do their work, you are rewarded, in accordance with my gradient scale, with more angel dusts or purifying energies for better preformance, and with less angel dusts for poorer or less effective performance. You have to do some thing that will help my kids move along at a metered pace, so that they can get their work done. Praying Nam Myeo Ho Ren Ge Kyeo sets off a time frame synch. A time frame synch is the metered click, click, click, of the metronome. This time frame synch or metered pace, that you achieve while praying, Nam Myeo Ho Ren Ge Kyeo, will help keep every one moving, at the right pace, if you pray it in a rythym and at a rate of speed that will synch up with a metronome at one thirty seventh and one fifth, approximately. Your efforts to help keep my kids working and moving at a consistent rate of speed, will get rewarded, thus for praying, Nam Myeo Ho Ren Ge Kyeo, you are rewarded, with purifying energies, that my kids dump on you.

Your efforts for fucking, sucking, licking, tounging, titty whipping or banging your titty nipple against the vagina of a woman or girl, dicking, fingering, palming, and so forth, all get rewarded, if you try to keep every thing in synch with the metered pace of the metronome at one thirty seventh and one fifth, approximately. The gradient scale also applies, of course, as you are fucking and sucking, etc., so the better the job you do of keeping your pace at one thirty seventh and one fifth, approximately, the higher your rewards will be. Your rewards are the same, more or less, for both praying and for fucking and sucking, and my kids sprinkle and dump angel dusts, purifying energies, on you as a reward. You also get markups that are meritorious, and you are rewarded with a better and happier life.

Further, when you are orgasming, and eroteming, or pushing out energies as you orgasm, and erotem, you will be pushing out energies that shoot out at consistent rates of speed. These rates of speeds of these energies are in concordance with our pace of life, they all perfectly mesh with the paces of life that my kids keep. The energies as they pass out, and push along through time and space, at synched up and consistent rates of speeds, all help to keep my kids moving along as they do their work and tasks, and they all help to keep our universe, standing up, strong, healthy, wholesome, well, and fine.

Chaos breaks the legs off the foundation to our universe, and our universe begins to creak and moan, as it begins to crumble, slide, twist, and tumble downwardsly. Making chaotic noises, and chaotic movements, detracts from the harmonics of our universe. Your breaking glasses, and breaking skulls, and legs, and arms, are also chaotic events producing, in most cases, and they will detract from the perfect synch up of our universe, as leg bones and arm bones, skulls, fingers and toes, begin to splinter, as you apply pressures to them, you get negative markups for your actions. A record is kept of every chaotic action you take, or make, and if you make enough chaos, in your lifetime, and in your following lifetimes, then you will suffer from your poor records of performance for keeping my universe standing up, wholesome, healthy, happy, and well.

Every scream you cause to be vocated or vocalized, is recorded, and the intensity of the scream, and yell, and crying out in pain, plus a lot of other factors involved, are all recorded by my kids, and you get negative marks for that kind of performance.

The love making oooohs, and aaaahhhs you cause to be vocated, are harmonic appeals of soothing restfullness to the spirit, and to the mind, are also graded, and you are graded on how well you can cause others to produce them, and your scores are kept, and if you are a lousy performer, with more negatives than positives, you'll end up with a lousy life, as a result, as you are rewarded in accordance for your positive performance, as well as for your negative performance.

Helping to keep all of my children working in harmony, and doing their jobs and tasks, at a metered pace, will be rewarded, not only with angel dusts, but also with a better life with more positive fortune, as you recieve positive points or merit points for your collaborating with my children, and working to support them, and more fun as your life becomes graced with more positive merits and as your rewards begin to pile up, and more good things begin to go on in your life.

If you sit on the side of your chair and have a pair of drum sticks, or are using a bongo drum, or calypso drum, with the long tube belly, or stack, a long barrel tubed drum, or if you sit at your drum set, or set up your electronic drum pads, and begin pounding away, in a syncopated manner, for your pleasure, just drumming away, with no notion in mind as to any thing other than achieving a nice rythym for you and your friends to listen to, if you happen to be with friends, your merit points will be near zero, and your efforts will not rate on my gradient scale, as your actions will not be in accordance with my program for a better universe for all people, and for my kids to live and work in.

If, however, you have the attitude, "I wish to support John's kids, and syncopate myself while I'm drumming, so as to be supportive of John's kids, to help John's kids work in a syncopated manner, doing all I can to support John's kids", then, your merit points as you drum, will go sky high, through the roof, and you'll get meritorious benefits for your efforts, or merit points, and good marks, for your efforts. It's like helping kindly old women, who are frail and in need of a helping hand and support, cross the street. If you act in a kindly and charitable manner to help support those around you, you get meritorious points for your efforts. These efforts of your's, however kindly, regrettably, though they are kindly efforts, are not the kinds of efforts that we need, my kids and me, need to keep my universe standing up, and moveing strongly. For efforts that support my kids work environment, and that lend a hand to them to help them to get their work done, your meritorious efforts marks will go through the roof, and you'll be blessed with angel dusts, i.e., purifying energies that help to clean up your karma, and erase and clearify your karmic markups, or marks that record your bad and cruel, or negative actions towards others, and towards your self. You can kill your self, and cause grief to others, as a result of your departure, to my Epcot Center, and that rates negative marks and negative points markings or markups for you.

When you try to do any thing, that will help to syncopate my children, and to make my children's working environement more syncopated, and rythmical, with your concentrated mind, and determination to make that a reality, in other words, a prayerful attitude in mind, hoping to make John's children's working environments syncopated, and rythmical, and in rythym with every one elses', i.e., all of my other kids' syncopated working environements, then with that attitude of hopefulness, or a prayerful attitude, than, you are rewarded for your efforts, and determination, and as you drum away, or pound and beat on your calypso drum, or on your metal Bahamian or Tinian, or Haitian, or Jamaican, drums, or on your dresser drawers, if your mom does not mind, as you pound away, keeping your mind set on your determination to keep all of my kids working in unison with each other, and helping them to keep in syncopated harmony, all in perfect flux, and perfectly meshed in timing, with every one else, as they work for me, then your rewards and positive points markups, will be very high, and you'll be rewarded by my children, with angel dusts that they daub on your forehead, and dump all over you, from their barrels they carry full of angel dusts, or purifying energies to clearify your markups from your karmic markup piles, kept inside of your body, kept in storage in the molecules.

If you listen to music that is syncopated to the timing of one thirty seventh and one fifth on the metronome, or closely syncopated to it, you will be rewarded for merely listening to it, and you'll receive faerie and angel dusts, purifying energies, as my kids daub them on your head, and spray them all over you, inside and out.

Your markups are inside the molecules inside your body, but they are also out side of your body, in every molecule, nearly, going way out to the very farthest edges of my universe. We will eventually get to all of them, and purify or clearify and erase all of your karmic markups, the notations and records that my kids keep on you, and on your activities, and eventually, we'll get them all, and your life will then be full of grace and happiness. It will be a long time before we get to all of them, as you and I and every one in my universe, have been here, and enormous length of time.

As you drum, or skip, or dance, or do areobics, in syncopation, with the attitude that you want to keep all of John's kids in step, and in synch, and in unison and harmonicly meshed and in perfect flux with each other, or perfectly meshing with each other, and every one else who works for me, whether you drum, skip, dance, or do areobics, it does not matter, if your mind is set and determined to help my kids, with your efforts, you will be rewarded for your efforts, no matter whether you skip, jump rope, dance, or areobically excercise.

As you sexalate, if you keep in your mind that you wish to keep all of John's kids in syncopated harmony, perfectly in flux, and in unison, just as when you are drumming, or skipping rope, or dancing, or playing basketball, or playing tennis, or badminton, or any sport, with your movements all timed, and in perfect syncopation, when you sexal with the right attitude to keep John's kids in synch, perfectly meshed in perfect accordance and flux, with each other, and with every one else, you will be rewarded grandurally, that is, grandly, or in a grand or very great manner.

Excercising And Activiating To Music Timed To One Thirty Seventh On The Metronome

Music timed to one thirty seventh on the metronome, and one fifth, or as close to one thirty seventh on the metronome that you can get, is okay, and it will help you to dance, play tennis, play sports, do areobic excercises, and other types of activities, at that pace that we need to keep to help keep my kids working smoothly, and you'll be graded on your performance, and on your attitude while you are dancing, or excercising, and the more intently you concentrate and use your mental energies and mental control to stay in synch, and in step, the better will your scores be, and the higher your marks, and the greater your rewards of purifying angel dusts and purifying energies that my working and unionized kids will pour and spread all about you, inside and out, and all over you.

Sexaling itself is a religious act. Yes. That's true. But, if you sexalate with this powerful prayerful attitude, or hope in mind, with your determined mind, and your concentrated mind, as you sexalate, and help others to sexalate, and help others to erotem, orgasm, phlumett, and shatter off wonderful energies from orgasming, eroteming, and phlumetting, your positive points and merit marks, and many other types of scores my kids keep on your efforts and behavior, all of them will go higher than any one can see, way out beyond the furthest galaxy that you can possibly see from your bedroom window, with your telescope. They'll go out to the futhest edges of my current univerese, and even beyond the barrier walls, holding up our universe, that my kids put in, to keep our universe standing up, stable, strong, and durile or durable and with tensile integrity.

Any action for helping my kids do their work, syncopated, and in unison, and in harmony, will be rewarded, with angel dusts, and with positive marks and score points in your records that we keep on you and every one else in my universe. Your sexaling actions get rewarded, far more than any other activityating, as your sexaling actions are the most needed actions, to keep my universe, pure, durile, holy, sacred, free from negativities, healthy, wholesome, stable, and constantly in a state of improvementing.

Most people go around destroying things, and causing chaos. We, my kids and I, need people who are going to help improve the wonderfulness of our, my, yours, my kids, and all of my other kids, wether they work for me, or not, meaning, all of my guppies, who are like you, my relatively normal kids, as well as all of my abnormal kids, the abominants kids I've got, that go around thinking it is funny to eat people, and to pull them into their mouths, and crush them in miserable pain and agony, like my elephants abominants kids do to relatively normal human beings kids of mine.

Fisting And Punching People With Your Clenched Hands And Crasping Or Clasped Knuckles

You all have been bad kids, all of my guppies, all of you who do not work for me and go around thinking, 'Oh, gee. Aren't I special.' My guppies are these minded people, who are arrogant, who talk back to their mama's and to their papa's, and to their relatives, and brothers and sisters, and to their friends in school, and to their teachers. Later in life, they become worse, and they talk back with their actions of being mean to each other. As my guppies grow older, and become older people, they start fisting others, and that means, punching people, hitting them with their clenched fists and hard knuckles, and hurting them when they pound on their face, or on their stomach, or on their body some where, and break bones, and tear muscles, and stretch ligaments with their pounding each other.

Phlooching Out And Fisting The Vaginal Cavity, Rectal Cavity, And Mouthal Cavity

Fisting is a word used by some people to mean, to insert your hand into the vagina of a woman, and gay people, homosexually driven people, fist each other in the butt hole, if either men or women, or in the vagina, if women. Some people find it interesting to fist each other in the mouth, by sticking their fist inside the mouth of a person, pretending it is a dick or a dildoe. You need to phlooch out the neck muscles, and billow them up, or poof them up and out, and that will help them to gently relax, and then become expandable or stretchable, as when they relax, they will easily stretcth out, and there will be some give, or freedom of expandingness. The neck muscles then become easy to stretch and push on from the inside with out hurting the person. It then is easy to insert your fist into the throat, to massage the inside of the throat, and to use your hand, or fist, to tickle the igniters, and triggers that set off love buttons and bells, and whistles, that help women and men to erotem, orgasm, and phlumett.

Fisting by inserting your fist into the vagina of a woman, when it is relaxed, and after you've massaged if for many hours, and after it begins to billow out, or poof out, and then open wide, and then you can see inside of it, and from the entrance of the vagina, there is a clear gaping cavity, you can then insert your clenched fist hand into, to massage the inside of the vaginal cavity. Doing this is very nice, and is very exciting to do, to help women and girls to erotem, orgasm, and phlumett. You can phlooch out the butt hole, by massaging it, for several hours, and it will begin to poof out, and expand, and you'll see a nanny gate face on it, and that means, it will begin to look a little bit like a vulva, or the vagina of a woman or girl when at rest, or exposed between a woman's or girl's legs as she is sitting or relaxed with no panties on or with no or few clothes on and nothing covering her hips, pelvis, lower pelvis, pelvital ridge, crotch and groin, butt and butthole and lower back, there by exposing her butt and vagina. If you compare a vagina with a phlooched out butthole, you will see they resemble each other, slightly. There is no vaginal cleavage of course, around the butthole, but there is a slight resemblence between a phlooched out butt hole, and a vagina, or vulva, none the less.

The Vagina And Vulva Compared To The 'Nanny Gated' Butthole

What is the difference between a vagina and a vulva? They are more or less the same, but the vagina includes lots of parts, inside as well as out side. The vulva is outside, basically, only, as far as I understand and remember these things, now. When you massage a butthole, long enough, it will begin to look like a vulva, or vaginal face. That's called the nanny gate, or on the male, the male butthole vagina, as I've spoken about it, before. On the woman, it is the female butthole vagina, a double 'immitation vagina' for the real one, as I've mentioned. Men's and women's buttholes are the same, and they both look like 'immitation vaginas' as I've also mentioned, after you phlooch out the butt hole of either the female or of the male. Once you phlooch out the butthole of a man or of a woman, it will poof out, and expand, and the butthole entrance and cavity will become relaxed, and easy to insert your clenched fist into, to then push up your fist into the butthole cavity, and massage it, once the person has cleaned out the butt hole cavity and once it is clear and free from debris matter, or food matter, and rotting food particles, and fleshy foods, or hamburger meat and so on. Phlooching out the vaginal caivity takes a little longer, but with patience, you can phlooch it out, and then fist, in this manner. If you phlooch out the butt hole, and rectal cavity, you can fist your male friends, and your female friends, and every one, once they have cleaned out their poop hole, and made it free from rotting debris, will enjoy mutual, and reciprocal, fisting. Fisting in this way, for sexaling, is alright. Fisting in the other way, for beating people up, is not nice, and you are given poor marks for your actions of nautyness, meaness, and cruelty towards others.

Over the long course of time, you all have been naughty at one time or another. I have many ways to fix you, and to retrain you, and to rehabilitate you, but you always go bad, and sour, again, as that is your main drive, or driving internal force in your lives.

The Importance Of Kindlyness And Teamwork

Why have all of my guppie kids all gone south, or in other words, gone down the road towards unkindlyness? Because, as I've explained, you forgot what the Love Of GOD is. My religion will help people to understand what the Love Of GOD is, and that will help keep them on the correct path of kindly actions towards others, and it will help them to understand and remember that teamwork to help my working, unionized kids to keep our universe healthy, strong, durile, standing up, stable, a safe and happy place to live, and a wonderful place to live, is very important.

Doing things that support my kids working efforts, will be rewarded, and doing things that detract from the harmony and syncopation of the metered pace of my kids who are working, and that slows them down, and that causes dischordance, will not be favorably rewarded, and you'll become a female schmuck, or a male schmuck over the length of time, as you live on in my universe. A schmuck is an unlikeable person. Sexaling is the most important thing there is for us to do, other than feeding ourselves correctly to keep us healthy, and excercising, and leading a balanced, well regulated life, listening to your mama and to your papa. My religion is based on sexaling, as sexaling is the most holy and pure activity we can participate in, or do by ourselves.

All the bullshit propaganda of the Lesbianists, that Jesus said this, and that Buddha said this, and that God will save you if you do this, and so forth, is pure balooney, bullshit, and made up nonsense. I, GOD, will not do any thing for any body, unless you help me and my children to make this universe, a more kindly, and a more wonderful and prosperous universe for all of us. If you do, I will have my kids, bless you with angle dusts as they daub them on your forehead, and then pour barrels of angel dusts over you, as they dump barrels full over your head and body, for your extra good work, sexaling, in syncopation, with my kids working rythyms, and in rythym with their syncopations, flux, and their phenomenal elegance.

Phenomenal Elegance

What is phenomenal elegance? It is their keeping harmony with each other as they work and keep every thing in order, in my universe for me, GOD.

You can not escape from this reality of your good actions and your bad actions being recorded, as my kids keep records on every one, and we make certain every one is rewarded for their good actions, and we make certain that every one recieves as close to what they deserve, to help balance things out, in accordance with their markups, for their bad actions. If they are bad, they will not meet nice people, and they will meet naughty people, and not so nice things may begin to happen between them. If they are good, and if they try to help my kids, as I've explained about, they will get rewarded, and they will slowly begin to break away from keeping company with bad people, and they will gradually ascend to higher rankings or status, and then they will begin to lead a better life, and they will begin to escape from meeting with bad people, and the good kids' lives will become blessed by my kids, as my kids begin to sprinkle angel dusts on the good kids, and daub the heads of the good kids with purifying energies, and then dump purifying energies all over the bodies of the good kids who listen to their mama's and papa's, and sexal with them, and as they sexal with their mama's and papa's, and sisters and brothers, relatives, neighbors, and others, the good kids help my kids keep this universe running smoothly, in harmony, in flux, perfectly meshed, and in perfect syncopation. Mama's, papa's, sisters, brothers, relatives, neighbors, and others, all get their heads blessed with angel dusts, purifying energies, for their good actions along with the good kids, you, I hope, of course, too.

Plurlbalescent / Plurablescent Nature Of Negative Punishments And

Positive Rewards

This is very important for every body to understand. I have my working, unionized kids reward the good people, and I have my working, unionized kids keep records on every action of every one of you, and I have my kids make sure the bad kids, meet with what they deserve, or some thing close to it, which may not be too nice, most of the time, and I have my kids make sure that the good kids, all meet with what they deserve, or something close to it, and that is usually always something nice. It may sometimes not be something conspicuously nice, but it is nice, usually, or positive in nature, always. The bad kids will get rewarded by something that is negative in nature, always, usually, or plurlbalescent. What does plurlbalescent mean? It means, it might not be noticably negative, but it is still negative, in nature, in essence. This is a topic we can discuss, another time, or you can ask my kids for more information on it, when you go in and visit them, with your mama's and papa's, sisters and brothers, relatives, school teachers, principal, costodians, janitors, school workers, and others.

We have had too much chaos of late, and for quite some time, and it is now time to slow it, and bring it to a halt. We are going to produce positive harmonic concordances that will assist my kids as they work, and that will help them to stay working in harmony with each other, with your fucking, sucking, eroteming, orgasming, your shooting out of purifying energies as you orgasm, and erotem, and with the increase of the oooohs, and aaaahs, you help to produce, with your practice of my religion.

We have to bring an end to the moronic violence of the Lesbianists. If that requires a lot of my children, making lots of babies, and lots of energies, and percussive forces, when you set off a fracturable rock bomb, then that is what it will take, as you blow Washington DC and the Baltimore metro area off its ocean ledge, and into the Atlantic, with that fracturable rock bomb, if it is big enough. Yes, there will be lots of painful, ouches, and screams, and so forth, but it is trite, compared to the violence these idiots have been perpetrating, over the long span of time that they have been in my universe.

We have been here for a very long time. It is nearly impossible to figure out how long, other than with mathmatical computations. Our brains will burn out, if we try to figure it out in our heads. It does not matter how long we have been here. It does matter what we do while we are here. You are not going any where else, and you are all staying in my universe, so you will all drop your pants, and your dresses, remove your shoes, socks, clothes, underwares, panty hosees, and panties, disrobe, and begin helping others to make lots of ooohs, and aaaahs, and lots of eroteming and orgasming energies. That will be the begining of your getting into line with the rest of us, here in my universe, my kids who work for me. As you eroto with each other, you'll get graded on your performance, and you'll get paid by my kids, once you join our country, as I've explained about, before.

Timed Persuasive Mosture

What is a timed persuasive mosture? It is just keeping every body in synch with each other, persuasively and accurately moving along, orderly, in an ordered fashion or manner, and with every body in rythm and syncopated with each other.

Mosture is a type of motus, or motion or fluidity of movement. The timed fluidity or fluidness of my kids working along in synch with each other, is critical to having every thing in my universe, standing up and sturdy, with every thing holding together, as it should be. Otherwise, if my kids and their work get out of synch, things can come crashing down, and things can come falling apart, and we do not want that.

This is a big universe, and we have a lot of people in it, my kids, and you wouldn't believe how many kids I have. Anyway, they all have to stay in syncopated, fluid motion, with their paces of life perfectly meshing with each other's paces of life, to accomplish their jobs and tasks, in an orderly, and in a fluid movement, harmoniously, and without delays.

The persuasiveness is accomplished with the help of your sexaling, and by your keeping pace, and synching your sexaling activities, and the movements involved in your sexaling activities, and by your spraying out your energies, as you erotem, orgasm, and phlumett. The persuasiveness is also accomplished by your keeping pace in unison with others while you are praying the syncopated phrase, Nam Myeo Ho Ren Ge Kyeo.

Every thing is timed, and so as you activiate, or carry out these activities of sexaling, eroteming, orgasming, phlumetting, as well as the movements involved in sexaling, and as you pray, your synching of your movements and sounds in time and in pace with the syncopated and metered metronome click, click, click, at the timed pace of one thirty seventh and one fifth, on the metronome, approximately, helps to persuasively move, or persuasively drive and push, every body about, and along, as they do their work for me, in their many syncopated paces of life, or life spins. I have many children working at different life spins, as I've mentioned before, and each group of them has a different pace of life, or time spin. Your activiating, as explained, helps drive them along, each at their own pace of life, or time spin, perfectly meshed with every other child of mine, also in his or her, and at his or her own particular time rate of speed, time spin, life spin, or, pace of life.

Every one and every thing must move along in perfect flux, or perfectly meshed with every body, and with every thing that is going on in my universe, on every possible level. There are many levels where activities are going on, and many people are working at different life spins. Every one, no matter what level they are on, and at no matter what life spin they are living at, must stay in flux, perfectly meshed and in perfect harmony, perfectly syncopated with every one, else.

You are rewarded for your helping to move my kids along, in perfect flux perfectly meshing with every one and with every thing that is going on in my universe, with your efforts at sexaling, and with your praying, as explained, earlier.

In our new society, which we will create, you will score earning points, and every thing you do, as you sexal, and so forth, and as you pray, is scored, and a record of your capabilities, or excellence, or lack of excellence, is kept. You are paid according to your work performance, as you sexal, activiate, pray, erotem, orgasm, and phlumett. Also, you are graded on how well you get along with others, and on how well you try to harmonize and then sexalate with others. You score earning points, accordingly, and you get paid, according to how well you perform.

Keeping Every Thing And Everybody In Harmony And In Synch

Explaining how this works, how praying, fucking, sucking, dicking and hugging, etc., helps keep every thing in synch and in harmony and how your efforts are rewarded, is a tiny bit more complicated than my simple explanation, but that is it in a peanut shell.

For those Lesbianists hiding among you who do not wish to surrender, you Lesbianists will find we are not going to be acting kindly towards you. All of you Lesbianists, where ever you are in Washington DC, or hiding underground, or in Paris, or in Rome, Peking, and so forth, you will be dealt with harshly, as we need to put a stop to your activities, and a "maybe" is not acceptable in this case. We are not going to allow you to continue your chaotic, nonsensical, violent activities one moment longer, and we will blow you up flying high up into the sky, and off the ocean ledge down below you, in Washington DC, as we sink your Washington DC area into the ocean, along with all of Northern Virginia, and the ocean coastal area of Maryland and Baltimore, along with large parts of the states of Virginia and Maryland, out to West Virginia, as that area settles down into and below the waves of the Atlantic Ocean, after we bomb it with one or more of my fracturable rocks weapons for mass removal of Lesbianists from the face of the earth and from their hiding places under the surface of the earth. The Lesbianists in the Washington metro area and hiding under it, had all better surrender to my kids, or they will all get their pants and clothes blown off and shredded from their bodies, if they do not, as they are given a free ride out and up into the upper atmospheres of our planet, and then, beyond. All other Lesbianists had better surrender, too, or they risk getting a free ride out, as well.

Deep Sea Ocean Trench Off The East Coast Of The United States

There is a trench that extends south wards from Washington DC, some times reaching 25 miles out in some places, and in other places, it reaches out to eight hundred miles from the shore. In the north, it reaches out in some places, 85 miles out to one hundred and twenty five miles out, to three hundred and fifty five miles out, to eight hundred miles out in some places, in the south.

It is fifteen miles deep when you go out forty five miles off the coast from Washington DC and from the Chesapeak Bay. The ledge bottom is found about three and one half miles down, and the mouth of the opening continues for ten miles, approximately, downwardsly, on the western side of the trench. The It has a gaping mouth, and it opens up and lets ocean water inland, under the continent, eighty five miles down below Washinton DC, three to six to eight miles wide, from top to bottom, from the underside of the top of the mouth, the bottom of the ledge, to the bottom of the mouth. From under the nation's capital, to the south, it travels to over eight hundred and eighty five miles. To the north, it travels three hundred and thirty five miles, to six hundred and fifty miles, to about nine hundred and fifty nine miles, inland under the continent, depending on where you wish to locate the edge of it under the continent, northwardsly. It travels to the west, inland, three hundred and thirty five miles, to just over eight hundred miles, depending on where you find the edge of it. It travels inland further westardsly, the further you travel north. It is slightly over one thousand and eight hundred miles from north to south, in total, as you'll discover, once you explode enough, and after you explode large enough fracturable rock bombs, over Northern Virginia, Maryland, Washington DC, Baltimore, covering the metro area vicinity.

The U.S. Navy, and the U.S. Coastguard know about the trench, or parts of it. They are not allowed to discuss it with anyone. No one is allowed out there, to research it as it is off limits to just about every one. Some navy personel of high rank, and coast guard personel of high rank, are allowed out to take soundings, every now and then, with their Lesbianists' staff members, and Lesbianists' personel in the Navy, and in the Coast Guard. The Soviets, at least, Boris Yeltzin, Vladmir Putin, Mikhael Gorbachev, and Zelda Gorbachev, know about it, and so do all the other Lesbianists. They can confirm it, if they wish to play ball with me, and if they wish to save their asses, after they decide to surrender to my children.

The Shelfs Systems And Trenches Systems

The shelf estends to under Lexington Kentucky, at about ten miles below it. It is five miles up under Chatanooga Kentucky. It is five miles below Washington D.C., in some areas. It is three miles below Baltimore Maryland, in some parts of the city. It is eight miles up below Pittsburg, Pennsylvania. It is fifty five miles up below, or under, West Chesterfield, New York. It comes up to eighteen to thirty miles below McLean Virgina. It is eighty eight miles below Norfolk, and the mouth, downwardsly, is five to ten to fifteen miles wide open, in a downwardsly direction. It some areas, it can be found below Ohio, and under Indiana. It crosses under the West of Kentucky, and into the south of Illinoise, five to ten, to thirty miles. It is a variegated trench system. It extends to Tennissee, parts of North Carolina, Mississippi, Alabama, Georgia, South Carolina, and to under parts of Northern and Western Florida, and is open out and into the Gulf of Mexico. The whole area of Eastern U.S.A., is sitting on an open shelf, trench system, and there is water passing below it, and out into the gulf, in several areas, over to eighty five miles west of Corpus Cristi, Glen Garden, population eight hundred and fifty, which south of Galveston, and north of Corpus Cristi, between the two cities. There is a mouth eigty five miles south of Tampa Bay, Florida, in the Gulf of Mexico. There are several openings or mouths to the underground fault line system, and deep sea ocean trench system, and shelfs systems, and water is passing from the Atlantic to the Gulf of Mexico. There is also a trench system in the north, under Niagra, that extends southwards, several hundred miles, and it has many branches to it, and it extends into this system of shelfs, trenches, and under continental water flows.

Side Bender Currents

What is a side bender? It is a current comeing out of the mouth of an opening, from under a continental shelf system, that allows waters to flow out. As the water flows out of the mouth, the outlet current of water, it flows very forcefully in an outwardsly direction, and it pushes the water out with great force, generally. If a submarine is traveling in the vicinity of a side bender, the submarine may get hit broadside, and that will often turn the submarine topsy turvy, and around facing the opposite direction it was traveling in, or another direction, not the one it was traveling in, most often. The crew will get swung about inside the submarine, and they will fly through the cabin, and pounce off the floor to the ceiling, and hit the ceiling, and then hit the sides of the corridor they were walking along in, and finally end up on the floor when the submarine rights itself, with its balast, and you'll get many sprained or stretched ligaments, and broken bones, arms, wrists, fingers, legs, knees, ankles, feet, toes, necks, backs, hips, spinal injuries, and other injuries. It can leave a crew of a submarine nearly one hundred percent, injured and in a ship's hospital, or a Navy or military hospital for recovery. Side benders are often called upwellings of currents by the Navy, but that is not generally the case as they are not upwellings, but they are side pushing currents, that come flowing out from under continental water flow openings, horizontally. There may be some upwards lift involved, if there is a reason, such as a mouth is angled at a slight sloping angle, as it releases the flowing waters out from its tube like cavity or hole.

Crew members and military passengers of Naval submarine vessels are generally told not to talk or discuss any thing about side benders with non Navy persons, and with persons unrelated to their ship or unrelated to their ships voyage, as the governments of the world, do not want any one to find out about side benders, and they do not want people, geologists, marine geologists, undersea deep sea ocean studies researchers, or others, to research and investigate side benders. It's a big secret, these side benders, and that's what the marines, and the navy personel are sworn to keep, or face a fireing squad, on insubordination, or on some trumped up charge of spreading naval secrets, acting as a foreign spy and receiving money, or something like that. Naval personel will generally obey orders, and not discuss side benders, or other 'secret' information, with any one, as they risk losing their job, and they might face a fireing squad, or a hanging patrol, sometimes called a marching platoon, or a hanging platoon, a group of soldiers commissioned to carry out orders to hang some one who is in the military. If you pay a naval officer or enlisted person, or other person with Naval submarine duty, such as some marines, and others, enough money, they may be willing to share some information on side benders, and information about what they know about side benders. Some persons who have had Naval submarine duty, may genuinely not know any thing, such as crew members who are never assigned to submarines that travel near side benders, on a regular basis. Some times family members of enlisted persons and of Naval officers, are allowed to travel on submarines, for fun and excitement, as a special reward for their papa's or mama's duty on a submarine. Some of these family members have also had some experience with side benders, such as those who have traveled on submarines along the Marianna's trench, or other trenches, not listed, neccessarily on global maps, but none the less, which are there, and that are near shelfs systems under sunken continental shelfs, or under sunken continents, but that eject streams of water, nonetheless.

Our maps and globes of the world are incorrect, the ones we buy through bookstores, or from map publishers, as nothing that would indicate sunken continents, large sunken islands, and related trenches, or other related features, are not going to be indicated on them. The Lesbianists do not want you to find out information that could provoke you into researching, under water features, that they do not want you to know about, as your fictious understanding they have taught you, of the surface of this planet, and its history, is bogus, and any thing that would conflict with that, is certainly not going to be indicated on a map they would publish, and the map will be wiped clean of all traces of any thing that conflicts with the 'global' history of the earth, as the Lesbianists teach it, in geology courses for high school students, and below, and above. The global geological history they teach must coincide with their fictious propaganda about Adam and Eve, and "Lucy" the ape woman, the supposed mother of all people living on this planet, and about this earth being only 9 billion years old, or thereabouts, which is a bold faced lie, and other such bullshit notions they have fed every one to swallow, and have forced them to accept, and that they force people to use as primal notions to base scientific research on. The geology of our planet is much more complex than the Lesbianists are letting on to, and there is much to learn about planetary geology, as these planets have been around a very long time, and many things have happened, over and over again to them, and many things have happened to our 'solar systems', and star formations, and star systems, that people need to know more about, to get a realisitic understanding of our universe, its history, and its many complexities. In time, we will learn much more about all these things, and you can attend courses that my children have set up for every one, to teach people about our universe. You need a day pass to visit, as I've explained about, before, and then you should swear in, and become a citizen of our country. We have yet to declare this planet ours, but in time, we will, once we have finished and put an end to the problems associated with the Lesbianists, all of their shenanigans, and their malarkying around. One day we will declare this planet ours, and my kids will take charge of everything, and they will appoint people to posts of duty, and to positions of responsibilities.

Making A Large Swimming Pool

People should begin moving off and out of the area, around the Nation's capital, Virginia, Maryland, Pennsylvania, West Virginia, and North Carolina. We'll have a big swimming pool there, with lots of, mostly uninhabited, tiny islets, or hill tops and mountain tops, after all of the current residents die, and pass on and transel over to my Epcot Center, after one of our compatriots, or groups of them, detonate enough of my fracturable rock bombs. People will have to watch out for hungry sharks, after they swim inland, above the sunken landscape, looking for corpses to eat, and to scavenge, as lots of Lesbianists' corpses will come floating up from underground hangouts and cities of the Lesbianists, under those parts of the U.S., and from under the Gulf of Mexico, from under the sea floors of the Atlantic, from under the Niagra trench systems, and from under other trench systems in the Eastern U.S. This is not a joke, by the way.

Stagnasis

Salts kiddies in stagnasis is when the salts kiddies are in their salts kiddies crystals cages, in a hibernative state, in perfect equilibrium, to keep them alive and well, for as long as possible. Salts kiddies crystals cages sciences help you to understand many things about how things work in nature. Please read over my notes on my bulletin board.

Black Powder 'String' Fuses

Take a spool of sewing thread, and use Elmer's glue to coat the string, and run the string with a thin layer of Elmer's glue coated on it, through a bucket of black powder gun powder, which you can order in the mail, over the internet, or pick up at an antique musket or old style 'cap and ball' musket rifles and pistols retail stores.

Elmer's glue and gunpowder will combine to form a minor plastiques explosive, after the salts kiddies mix it up, eat each other up, pee and poop out lots of stuff that is highly explosive, as they get busy making babies, except when gunpowder is used in large quantities with Elmer's glue, to form a major plastiques explosive. Benzine will help this along, with diesel fuels, as well, and with chlorine, we can see some major plastiques explosives in the making, as mama's and papa's begin making lots of children, as they begin mixing it up, and as they all begin pooping and peeing out body fluids that is food for others, that will contribute to the powerfulness and explosiveness of the mixture.

After you make your string fuse, and let it dry out for a couple of weeks, then coat a rag or muslim cloth in oil, or grease, or a mixture of turpentine, gasoline, diesel fuel, and grease, with benzine, and make a paste, and use that paste to coat a thin cloth, such as a muslim cloth, and then let that set and dry for a few days, and then wrap a few sets of 'string fuses' together in a bundle, and place them inside the cloth. It will become a very powerful explosive, in itself, the more gun powder you use with it.

Test it, to see how fast it burns once it is wrapped in a cloth coated with a mixture of grease and fuels. The thicker the grease, the slower it will burn. The thinner the grease mixture, by adding more turpentine, or benzine, or paint thinner, the more rapidly the fuse will burn. You will have a very powerful explosives cocktail, with this mixture, so be careful. You have to be very careful with what you combine, as you'll be bringing together very explosive elements, when you mix these fuels and liquids together with gun powder on a string.

A few string fuses, wrapped in a well soaked cloth, with a mixture of these liquids and the axel grease, will make a type of plastique explosive, that can be used as a shape charge, or a mouldable, or shapeable, explosive, that is good for blowing doors off hinges, such as at pharmacies, or banks, and for blowing locks on private homes' fences to pieces, such as can be found at the White House, at 1600 Pennsylvania Ave. Washington, D.C., at the entrances and exits gates of the White House where guards are on constant duty patroling the area for security purposes. An initial explosive, a detonated fracturable rocks bomb, small in size, may cause a concusive force to cause the guards to black out, and pass out, and then sleep for a while. Be very careful with the size of the bomb, as we do not want to level the homes and buildings surrounding the White House, or across from it in Layfayette Park. After you put them to sleep, with your initial blast, you can test the shape charge on the nearby fences, at the White House.

Black Powder 'Cap And Ball' Pistols

Most black powder cap and ball pistols and rifles, muskets, sellers and retail outlets can be found on the internet, and some gun shops carry black powder, as well as the detonating fireing caps, for black powder rifles, and pistols. Many of them do, and you can purchase the black powder and copper detonating, ignition caps, for useing in your cap and ball pistol, or musket, or other, more modern, hunting rifle, that allows you to use black powder, and detonating copper caps that slip on a small round fireing ignition nipple that is made out of steel, and has a hole in it, to allow the percussive explosives in the firing copper igniting cap to ignite on impact with the hammer on the weapon, when it slams down on it, and the flames from the igniting explosives mixture, glued to the inside of the firing copper cap, then ignite the black powder, that was rammed down the barrel, or packed and tamped down in a cylinder of a percusive black powder cap and ball pistol. The caps are fairly useless, unless you wish to add them to a fuel oils, chlorine formula, and let them sit in the fuel oils mixture, and that will help develop plastique, as well.

Higher Temperatures Develop More Useful Energies For Making Babies

The copper in the cap will also allow for a higher temperature in burning, when the fuels mixture ferments after a few weeks. Magnesium in the cap as well, will also help to raise the burning temperature of the fuels mixture, and with some black powder added, and with some chlorine added, your plastiques recipe will become even more useful. These higher temperatures will help to produce energies that will be conducive to baby making among the fracturable, or rupturable, and percussive, rocks radiological salts kiddies. You can then add a handful or more of powderized amethysts, or turquoise, that you can purchase in bulk, on Ebay, for some small bulk quantities, and also emeralds are useful, as they all have fracturable rocks kiddies embedded in them, and fast asleep, in stagnasis.

Zircon Diamonds, And Other "Radio Active" Gem Stones, Etc.

Zirconium is a mineral that they use for the fake diamonds they sell with the trade name, Zircon diamonds, or Zirconium diamonds. You can powderize them, and use them for a good amount of fracturable rocks explosives, large and fast family making, salts kiddies, for a 'nuclear' party, and a send off to the eastern coast of the United States, before it is blown off the coastal ledge it sits upon, and then sinks below the ocean waves, if you strike it hard enough, with one or more of my fracturable rocks babies making, "nuclear" salts kiddies bombs. You'll need a few handfuls of Zicon diamonds, powderized, to make a nice fracturable rocks, babies making bomb. You can mix turquoise, emeralds that are mined and sold in bulk quantities on Ebay, amethyst, and the other rocks that I've mentioned, along with powderized 'sand' from the beach. Argentina, and Venezuela, Baha, and Southern California are good places to collect useful sands, full of fracturable rocks, salts kiddies, that a geiger counter will detect, if it is a sensitive enough geiger counter.

Geiger Counters And Their Usefulness

They are not too hard to build, but you will have to look in your Popular Mechanics magazines, for the details on how to build a "geiger counter". Some mining stores, and mining outfitters stores, may be a useful places to order or purchase a geiger counter, if you are on a family budget. You might find one on the cheap, on Ebay, that is still useable.

There are some kits available, if you look hard enough, to use to build your own geiger counter. A mining outfitters store, in South America, or in Central America, or in Utah, or in Nevada, may be able to help you locate a kit, to put together, if you go in there, and pretend you want to go out and look for interesting rocks, and you need some information on where to look for interesting rocks, so go to a mining outfitters store, or to a rock hounding club, or rock hounding retail store, for looking at beautiful stones that rock collectors, or rock hounds, have found, and made available at the store. Usually the store owner will have his or her suppliers, on name cards, and you can get in touch with them to get more information on where to look for interesting rocks to test with your geiger counter, since you are facinated by radioactive elements in rocks, and you are interested in finding some, for a collection you wish to start.

You might want to pick up some primer books, on minerals and rocks, gems, and gemstones, from Amazon online, or from a local book store, such as Barnes and Nobel book store, which has a few useful books on rocks, mineral rocks, gems, and gemstones, that you can find when you are out rock hounding. Desert Outfitters in Las Vegas, a miner's outfitters store, that also provides useful tools to rock collectors, such as rock hammers, and hand held pick hammers, for chipping away at rocks, to see what is under the surface of the rock, or under the peel of it, the outer layer, as well as terrain maps, and outfitting supplies, tents, and sleeping bags, and so forth, has these types of books, and lots of maps, and maybe they can help you find useful kits to purchase, to build yourself a geiger counter. They also sell geiger counters for about three hundred and fifty dollars or so. Sears used to sell Geiger Counters, and they still can order them for you, I think, through their catalogs. On Ebay, you can find many reasonably priced Geiger Counters. How well the geiger counters work, the ones people sell on Ebay, I can't say, so you'll have to talk with sellers, and see what they say about the geiger counters they are selling to others on Ebay, or read about them in old copies of popular mechanics, and in trade publications for the mining industry.

Novice And Amateur 'Rock Hounding' Rock Collectors Clubs

On Sahara, east of Las Vegas Boulevard, there is a rock shop, which is about two and one half, or so, blocks down from the intersection, on the north side of the street, and they have information, as well as lots of primer books, on rocks, and on geiger counters, and where you can find them. They are well connected to the local rock and gem, minerals and gems finding, or rock hounding clubs. You can meet their members, and go out with them, on excursions, as they know where to find just about anything.

There are similar clubs in every major city, and in lots of smaller cities. Mining towns of course have lots of mining outfitters stores, and they probably have geiger counters for sale, so you can use it to find some very nice, fracturable rocks, along coastlines, or in ancient dry lakes and seas, sediments filled, rock hounding areas.

Decontaminating Your Self With Ocean Salts

Acidic ocean salts in ocean water will help eat up the radiological kiddies that find their way into your bodies, and that make you feel ill. It might take several weeks for initial recovery, with you taking large amounts, several teaspoons or more, as much as you can handle, in your diet, every day, for up to three to eight years, to thirteen years, for severe contamination, and for full recovery. Other things, such as nutmeg, and oregano, in a salty tea brew, will also help you, and marijuana in the salty tea brew, will further help you. Berries can also be of great benefit for recovery from radiological salts kiddies contamination.

My kids have a recovery kit, that will help you recover from an overdose of radiological salts kiddies, after a major birthing event, and that kit will help you fully recover. You need to join our country, and swear in, and become a citizen, to be given one of these kits to help you for your recovery. They can provide you with information, of various kinds, once you swear in. They have you swear in as full time citizens, now, except in special cases.

Ancient Dry Lakes

There are many ancient dry lakes, up north, in the colder areas, of Manitoba, and around the edges of wet lakes, you'll find areas that dried out, a long time ago, and you'll find interesting things in the sediments deposits under the surface soils of the earth, that have covered most areas, and that come in to our atmosphere, and then deposit themselves onto the surface of our planet, as they are blown in on the solar winds. A few feet of top soil may cover the dry lake areas, around the edges of these lakes, and the soils depths may reach to twelve feet, to fifty feet, to sixty or to eighty of more feet, in some areas.

Once you hit the sediments layers, around the edges of these lakes, outwards to eight to fifteen miles, to thirty miles or further, out to up to eight hundred miles, as in the case of Lake Erie, and that lakes region, the Great Lakes, that all use to be one large salt water sea, but is now, a fresh water set of lakes, you can begin looking for the radiological bullets of the previous catastrophes in my universe, that shot out radiological salts kiddies, into the sediments rocks of mineral stones, and sand. Gravels might contain some "radioactive" fracturable rocks, and you can tell which are the useful ones, with a geiger counter. There are still salt water lakes up in Manitoba, Lake Huron, and some others, that used to be part of Lake Erie, and all part of the Great Lakes, when they were a large, salt water sea, but which are now, no longer part of that lake region system of lakes, as fresh water now fills up the Great Lakes from under ground water systems of fresh water flows.

Hydrolific Pressures From Water Falls

Hydrolific pressures, from water falls, primarily, help to erode and carve out and build the under continent open areas of water flows, that flow under the continents, and that dump their waters by traveling underground, in culvers, and channels, and in trenches systems, and then flowing out and into the oceans, resulting in side benders currents and flows.

Underground Lakes

Hydraulisis is one type of water pressures. Hydrolific pressures are those pressures created by water beating down, steadily, as water falls from higher to lower places, creating underground holes, and large open underground cavities, and water holding vessels, aquafirs, and underground lakes in the underground rock layers. Lots of cities sit on top of such underground lakes, on the crust of the surface of the earth, or very near to them. The lakes are often ovular and rounded in shape, from top to bottom. Many former water falls, are now low lying, and flat, and there is no water fall on the river, except for minor, cascades, such as found in the Grand Canyon Rift Valley down the Colorado River, and out into the Baha area.

Baha Mexico

Baha is a good place to go looking for interesting, "radio active", or radiological rocks, fracturable rocks with radiological salts kiddies sleeping soundly, embedded into other rocks, after colliding with them, in a hail of radiological rocks bullets, after a planet or a galaxy, or a large nebular star system, or a cluster of them, were detonated, by some fool with a huge and powerful, home made bomb. This happened, often, in the past, and still, today, it happens, now and then. Bits and pieces of the radiological rocks will come flying in, and then embed themselves into other rocks, as I've explained about, before. We've had so many catastrophes in my universe, that our ancient rocks, are peppered with radiological rocks that are embedded in them. Off the coast of Baha, is a good place to go diving, looking for rocks that were washed off shore, as waters flowed down the Colorado River, trinities of aeons ago, when this planet was still a young planet, maybe about one fifth the way through its infancy, after reforming, again, after its last major impact that shattered it to pieces, for the umpteenth kazillionth, plus more, time. This shattering and reforming, has been going on too long to count, and obviously, there is a large amount of mixturing going on, with debris from other star systems, galaxies, nebulas, and so forth, floating in, and becomeing part of our planets, all around and about, on solar winds. You'll find rocks on the inside of the Baha coast, and on the outside, as well, and along the Baha coasts. You might have to dig down thirty of fifty feet, to a few hundred feet to find them, maybe eight hundred feet, or sixteen hundred feet, or further, but you'll eventually find something useful with lots of radological bullets embedded in the rocks.

Finding Good Rocks With 'Radiological' Salts Kiddies Bullets

You can find interesting rocks, also on high hilltops, such as in the Andes, the Himalaya's, the Swiss Alps, high mountains in Austria, and in Germany, high hill tops and mountains in Iran, maybe in Afganistan, and the very high hill tops, that are generally old hills, in many countries. They will usually have, if they are very old hill tops, lots of rocks scattered about that are very old, and that have lots of fracturable 'radiological' salts kiddies 'bullets', from previous detonations around my universe, and other related kiddies in them, as well. You can also find them along ancient river beds, and along dried up desert gulley washes, in the valleys between the mountains, in areas where tall, old mountains exist. You might have to dig down into the underlying layers of rocks to find really ancient rocks loaded and peppered with ballistic radiological 'bullets', tiny fragments of radiological materials that went shooting out upon detonation of nuclear materials, elsewhere in my universe. Lava or basalt rocks, may also contain large numbers of radiological salts kiddies, and other types of kiddies related to radiological salts kiddies. Iron stone is a basalt rock, granites are also, and samples of them may be loaded with radiological salts kiddies, etc. Geiger counters will let you know if your sample rock material is pacted full and loaded with the tiny radiological 'bullets', or just partially loaded with them, depending on the response from the geiger counter. Many types of radiological materials, the bullets fragments, may not register on current day geiger counters, as they are not set to the correct radiological energies frequencies and currents settings to be able to detect them in the rocks. There are many types of radiological rocks in my universe, and current day geiger counters are set to pick up the currents and frequencies of the energies from only a few types of them, and there are thousands of types of radiological materials, so the older the rocks that you find, the more likely that the loads of radiological materials in them will be high in not only the types of radiological materials the geiger counter can detect, but also, in the types of radiological materials the geiger counters are not set to the frequencies and energies currents of. Such samples of rocks materials with large amounts of fracturable rocks, radiological 'bullets' inside of them, will yield massive explosive potentials, if you raise the heats energies of your explosives formula, to near solar temperatures, as I've mentioned about.

Plastiques, Explosives, Radiological 'Bullets', 'Nuclear Detonations', And Decontaminating Yourself Of Radiological Salts Kiddies

Please see my web pages for information on making plastique, along with metals fragments, and high temperature burnoff minerals mixtures explosives to produce the energies needed to produce nuclear detonations. Field chemists and explosives experts should be consulted, as they will probably know more about the temperatures at which different metals and minerals burn at and they will be more helpful in providing you with accurate information on different alloys mixtures, and the temperatures they burn at, such as the new US Mint US dollar coins, that will burn at extremely high temperatures, at about one fifth to one third the temperatures of solar temperatures, when ground into fine dusts fragments, and then after fermenting them, and then mixing the fermented particles in with the petrol fuels, chlorine, and gun powder, etc., plastiques explosives formulas, as I've explained about, to some extent, in my notes on my Gurkian Age Gurkian Way bulletin board. Be very careful when testing, as you may find the results extremely hazardous. See my kids, for more information, as I've explained about, on my bulletin board. Ocean salt will help to decontaminate you of radiological salts kiddies. A two hundred pound man will need about three pounds of ocean salt on a daily basis, to live healthfully. To decontaminate yourself, you will need more than that, to properly get rid of the radiological salts kiddies in your bodies, after you've been working with radiological salts kiddies, and testing the explosives potentials, for some time. See my bulletin board for more information on the 'salts kiddies sciences' to help you to understand what is going on in so called, 'nuclear detonations'.

Sledgehammering Continents And Land Areas Where Lesbianists Live, Hiding Below

Here are a few places to place some other fracturable rocks bombs on, to make them fall in, and collapse down onto the layers of rocks, below, and then puncture the ceilings of the cavernous cities the Lesbianists have made, down below those lower rocks layers. Topango in the South Pacific near the Marianas, the area midway between the Ryukyu Islands and Haha Jima, Chichi Jima, and Iwo Jima, where you will find a sunken continent, Wellington New Zealand, Peking, Falklands, Urals Mountains, Chile thirty miles north of Concepcion and eighty miles east of it, near the Argentina border, and the Kamchatka pennisula, which will split and collapse in the center of it, midway down the penninsula, if you hit it hard enough. Lesbianists will come floating up, if their bodies can fit between the tons of debris that will fall in on them, as you smash the land sites that sit on top of ocean shelfs, and on open lakes below the land, some miles down from the surface, in some cases, and further down, in other cases.

It may be hard or impossible to deliver a nice bomb below the ocean above or onto the top of the sunken continent below the ocean, between the Ryukyu Islands, or Okinawa, and the islands of Japan, called, Chichi Jima, Haha Jima, and Iwo Jima. If one can be delivered there, you'll crush the continent below the surface of the ocean, and that will cave in on the cities, there are more than one there, that are below the protected shelf layer of rocks, above the cities the Lesbianists have there, below the sunken continent, to live comfortably in. The other places aren't so hard to hit. It is just a matter of local interest, and urging of the people there, to take the correct action to help us to resolve this problem, of Lesbianists living below us, all around the globe, in their honey comb, bee hive like canival of cities.

A canival of cities, is a large collection of cities that is located in such a way as to make it easy to get from one place to another. They are conveneint for them to live in as they are well placed, and spread out evenly, using the full extent of the area, as efficiently as possible. The Lesbianists have a canival of cities under the lower rock shelf layers, that are above them, and that help to keep them protected, warm, dry for the most part, but not always, and that are conveniietly located each one in a bee hive like, configuration, well placed, with a well designed, layout, with central cities, and with satelite cities. It is well designed and resembles in part, Melbourne Australia, which was laid out, planned and designed as a modern city.

The Lesbianists of course, think Melbourne is puny compared to their accomplishments, and of course, with the technologies they had and have available to them, from time to time, they made good use of every inch of space they have available to them, under the lower hard rock, but leaky rock layers above them.

My kids have places and locations maps of all the best places to locate your home built fracturable rock bombs, and so please pick up the information from them, after you have sworn in, as citizens of our country. Also, please see my earlier notes on the sciences that support a correct understanding of radiological particals based fracturable rocks explosives and other helpful and useful explosives you'll need to set off the fracturable, also called, rupturable rocks bombs, i.e., the so called 'nuclear' detonations.

Topsoils

Did you know that nearly 99.9999+ percent of the earth's crust, or mantle, is formed from space debris that has floated in on the solar winds? It's true. Only about 0.000001 percent of the top soil is from local vegetation, globally speaking. The rest of the top soil comes in from above, blown in on the solar winds, as debris from other planets that have been destroyed, crushed, or blown to pieces by idiots with very large bombs, that demolished whole galaxies, or multiples of galaxies, in a few milliseconds, as the instant they blew up, they were so well made, or constructed, and so powerful, they instantly blew up the whole area of galaxies the planet was located amongst.

If for instance, you fill up one third of the large tourist attraction, the meteor crater in Arizona, with one of these fuels and rocks bombs, and ignite it, you'll disentegrate all of the Milky Way, and some what more than that, in one attempt, by my estimation, if the fracturable rocks bombs were made well enough with the fuels bombs, to burn at near or close to, solar temperatures, and if there were enough materials in the fracturable rocks, to get lots of mama's and papa's making lots of babies, relatives, and others. There are lots of different types of salts kiddies in fracturable rocks, and there are other types of kiddies, the radiological kiddies, which are sometimes, but maybe are not always, grouped with the fracturable rocks kiddies. There are many types of kiddies living in radiological rocks. When we send high heats waves energies, and other types of energies into the fracturable rocks, we can get many types of kiddies to begin making babies. If we get enough of the different types of kiddies to begin making babies, we will have one fine and dandy, explosive shower of baby making events. You can get further information on this topic from my kids, and if you tell your friends to check in with my kids, and to swear in, and become citizens of my and my kids' new country, along with other people who are swearing in, and becomeing citizens of our new country, my kids will make certain that every one is protected, and no one is caught outside, when the bombs go off, as my kids will tractor you and all the other citizens in, with my kids advanced teletransportation technologies, before any one can get hurt by the bomb or bombs blowing up, locally, or in their areas. That means, my worker unionized kids are very quick on getting people into the encapsulated living environment every one is living in, below the ground, that my kids built for every one to live in, until we get this problem straightened out, and until it is safely over with. People can continue to live in the encapsulated living environment, after it is over, as we are going to start a new economic and social system, and we are getting started, down below, where my kids are keeping the encapsulated living environment, well taken care of and well managed.

Later on, we'll worry about who comes out, and when, as we have plans for every one, to begin working inside the encapsulated living environment, which is very well designed, and bomb proof, of course. Once every one gets accustomed to the new way of living, in accordance with my religious principals, and in accordance with our new working and living programs, when people have saved up enough money, they can pool their money, and acquire a lease for land up above, on the surface, and then with more money, they can have nice places designed for them, and built for them, with your input and with your instructions. You will need to study designing homes, and layouts of homes, for large numbers of people, as you will be required to live in groups of people, as the old systems of living, one husband, one wife, and so forth, is out the window, and now we are going for group living, with many members to your groups. When you have got the maturity together to live in large groups, and to sexal with many people in large groups, then you will qualify, and then with lots of earned income, pooled together, you and the members in your group, can then move up and live on the surface, in your well designed home, which my kids will use their technologies to build for you.

This is how we are going to clean up our planet, and get started with a whole new system for living and working with each other, as GOD's children working and living together, begining here, and spreading, slowly, across and throughout my universe, as we bring others into our program, all across the universe, from end to end, from top to bottom, and from side to side, and in every nook and cranny of my universe. All of my kids, you, who I am speaking to, will learn to live and work together, supporting my worker unionized kids, in our new global, united, and universal society, we will begin to build, on this planet, first, and then later, every where else. I am the mother and father of all of you, and of all of my worker, unionized kids, as well, all of my kids who work for me, of course, and of all of my living beings, and of all of my animals. We are going to get this big family of ours, together, and we, the human beings, will begin to clean up our universe, by sexaling for a living, and with many other living by the points systems programs, and other projects. We will also begin to get our heads on straight with religious activitiating, in other words, by participating in religialing, in groups, or by oneself, in the encapsulated living environment, first.

As we move along, in time, we will develop our working strengths, and character, and some people will qualify, eventually, for working in my religious brigade, once they realize and understand who I am, i.e., GOD. Others, who do not give a darn about what I am doing, may do as they like, as long as they are citizens of our country, and as long as they enjoy what they are doing, and as long as they add to the welfare of all people in our society, universal wide, as we build it, larger and larger, for all of my children, no matter who they are. We will one day have all of my children, working for me, and if they do not like working for me, they still have to pay the fees for the resources they use, just as I have to, and that means, there is a charge for every thing we use, and it is detucted from our pay checks. Every one gets a pay check, if they work, and if they are disabled, they will get earnings to support them, for as long as they need to be supported, until they are regroverated, healthy, fit, mentally prepared, and willing and able to participate. Those who do not wish to participate, will work in jail cells, and prison cells, sexaling for a living, with animals, as I've mentioned before, and at carnival and entertainment centers and districts, we will eventually set up, first on and also inside of this planet, in 'encapsulated' carnival and entertainment parks, and later on and within, other planets.

We are going to have all my children working for me, eventually, as I've spoken about before, and in time, most people will wish to work, and when they are mentally prepared to work, they will enjoy their working, most likely, as sexaling for a living, is not a unwholesome way to earn a living, and it is a pure and holy way to earn a living, and a pure and holy way to spend our time, as part of our new working ethics environement. For more information on this, please see my worker, unionized kids, who handle the information hot lines, in our, and your, and their, as well, encapsulated, living environement, which they have built, maintain, and manage, for all of you, and which they are continuing to build and expand on, for the rest of you, who have not checked in with them, yet. My worker, unionized kids have their own places to live, inside of the molecules that are used in building your living environment, and in your bodies, and in the molecules outside your living environement, as well. They live in all of the molecules, all over my universe, and they work in them, as well. They have their own universes, that they live in, which are all contained with in the molecules in my universe. It is a little more complicated than that, and so see them for more information on it, if you are interested in learning more.

Disintegrating The Milky Way

The Milky Way is made up of not one galaxy, but of several thousand, of different sizes. We don't have the technologies to see too clearly to distinguish the different galaxies that are within the borders of the Milky Way, nebular star system and nebular star cluster system, another way of saying that the Milky Way is a collection of many nebular star systems. Nebular star systems can be considered similar to galaxies, but maybe not always, as there are exceptions to every thing in most cases, any way. We are of course part of the Milky Way, I suppose you could say that, but we are far out on the outer fringes of it, and we are not any where near the center of it, and we have our own galaxy we are a part of, and it is not part of the Milky Way, so technically, we are not part of the Milky Way, although we might like to think we are, since it is an expansive set of star systems, and star clusters, nebular systems, and other types of solar bodies systems, and it covers over us, and beyond us, sort of over layering us. Be that as it may, we do not want to blow up or disintegrate the Milky Way, as we are in a way, part of it, or at least, we are encovered by it. Encover means to be covered over by something and encased within it, or to be encircled or surrounded by it.

Lay Order Of People

I have no lay order of worshippers, who participate with me, in any thing, or in any way. Why? Because, that's like me, the captain of the ship, coming into a town of persons who I don't know, and then saying that I'm the authority over them. No one is going to listen to me, and no one should be expected to listen to me. I wouldn't attempt any such thing, and so as the captain of my ship, my religious order, I have no authority over lay persons. I have nothing to do with lay persons, what so ever. I will never have any thing to do with lay persons, unless they realize that I am GOD, and that I am the mother and father of all human beings, and all animals, and all living beings. No one is going to recognize me as GOD, for a long time, as no one has the karma to recognize and understand that I am GOD. Lay persons are free to do as they like, and I have no regulations concerning them, in my religious order. My children may have many regulations, for non religious order people, but I don't have any thing to do with that.

Donations For The Sake Of My Ministry

The only thing is, that, as I said before, if a person recognizes and understands that I am GOD, and that I am the Mother and Father of all human beings, all animals, and all living beings, then they are free to donate cookies to me, or clothes, or wearables, socks, and scarfs, or coats, sweaters, or slacks, neckties, and so forth, cakes, or cupcakes, baked items, or financial contributions, or chairs, and furniture, beds, linens, tables, office furniture, phones, phone lines wiring, electrical wiring, plumbing items, housing items, for building up a house, paved drive ways, mason or rock walls, surrounding the property, or a set of dormitories, or a prayer sexaling room, or a prayer ceremonialing room, or a swimming pool, sauna, bath house, toilet facilities, bathing facilities, laundering facilities, a root cellar, a molds and funguses workshop, a brewery workshop, or any workshop for helping to educate others, the land to build these things on, or money, or whatever. If some one recognizes and understands that I am GOD, then it is perfectly alright, to donate any types of items, or any thing of value, that would assist my ministry to get up and get running. As yet, no one has understands or recognizes me as GOD, and that I am GOD, and the mother and father of all human beings, all animals, and all living beings, so as yet, I have not heard from one person, not a letter, or a phone call, other than an occasional wise cracking person, mischief maker, or a person or persons who are worried, and then complain to me, or rather, to my answering machine, typically, as I don't pick up the phone, now, as I had one person calling who was a bad kid of mine, and he was just looking for trouble, and since that, I just ignore all complaints, or wise crackers, or mischief makers, and so on.

Nollicking Foolish People

Some people do not like me wearing my GOd cap, that is one of those specialty base ball caps, but with 'GOd' written across the front of it, and they might hate me, especially some South American or Central American Hispanic types, who have primitive and backwards religions and filled with local lore and ancient tales of demons, and goblins, and gooney bears, or ghostly ghouls, or other superstitious ideas and notions of things that go 'boo!' in the night, and try to scare or hurt people, as there are plenty of folklorish tales of such things, in primitive cultures, that thrive, even at the current time, nowadays, in large cities, even, and these types of people might want to kill me, and when they knock on my door, with their gun in their pocket, or in their hand, machete or knife behind their back, I just ignore them, and I don't even bother to get up from my work bench, i.e., my bed, to see who is knocking at the door, as I know already, they have nothing to do with my monastic order, and because they have nothing to do with my religious ministry, or with my setting up my religious ministry.

Just last night, some group of people droped by, and banged on my door, with the tip or barrel of a weapon, and it was rather hard sounding, and I just ignored them, and after a few minutes, or so, they went away, and they haven't come back, yet. I don't think they will, and even if they do, I don't think it will amount to any thing, as I may have occaisonal visitors or harrasment calls, now and then, but that's all they are, and I just won't allow my self to be bothered by them as they are unimportant, and my goof ball kids, are just too nutty to figure out that I am GOD, and that they are my kids. Nevertheless, these goof ball kids are here or there, and I get lots of compliments about my hat, and usually, if not always, the person giving me the compliment wishes to steal the hat from me, and then rob me, in any other way, he or she can, and then beat me up, if he or she can. Well, I can't let these types of things get to me, and I just ignore them, as I walk by them, and I don't reply or return any statements to them, except a polite, 'thank you' if they gave me a compliment about my hat, but that's about all, and I might mutter something, like, and well, so that's just another one of my goof ball kids, or something to that effect.

Nollicking And Nollygaging

Nollicking means idiotic and foolish people who are wasting their time, for accomplishing nothing. It's like, nolly gaging, but nollygaging, is just wasting time, foolishly, and while you are nollygaging, you are looking for some way to make a profit, from your use of your time. Scanderously, you try to extort money from others, or force others to give you money, you do not have any right to. That's nollygaging, as I can recall, at the moment.

Goof Ball Kids, Their Mischievousness, And Maliciousness

Well, I have all kinds of kids, and many of them are malicious, if you give them a chance, so I just stay away from all of them, as I know most every one of my children, is malicious, from time to time, if given the chance, and I think that applies to all of them, regardless of their age, at some point in their life, they will commit crimes of one kind of another, against others, and not think much about it, except that, they just had to take care of that, as they wouldn't be happy, if they hadn't. Okay, so every one of my kids, at one time or another, will do goofey or goof ball things, and not think much about it. That's the way it is. There is nothing to be surprised about, as every one, and I don't care who they are, every one, does things they shouldn't do.

Me, personally, I get angry, and say nasty things, and make myself sound gruff, now and then, and maybe I shouldn't, but I just feel compelled to do that, when I have a righteous conviction that some one deserves my speaking up and telling them off. Well, you feel sorry about it, afterwards, if you hurt some one's feelings, but then that's the way it goes, and no one is perfect, so it's just. Let's try to live and let live, and live together in peace, and cut out the naughtyness, and stop the mischiefness, if we at all possibly can, and apologise if the opportunity presents itself. That's always the best way to handle things. Most people, after they kill someone, can't appologise, and young girls and boys, and older girls and boys, think nothing of killing people, or having some one killed, for them, and then of course, there is no way for any one to appologise to the dead person, since that person is in my Epcot Center. Well, we can't do too much about that, can we, but we can try to be kinder, and not kill as much as we feel we must to be happy.

More Than Ninety Five (95) Percent Of The Homicides In The World, Some Times As High As Ninety Eight (98) Percent, Or Even Higher, Go Unreported, And Are Therefore, Not Investigated

It's too bad that we kill others, and torture others, but that's the way my goof ball kids live in my universe, and despite what people might wish to think, to the contrary, it happens every day, in every city, town, hamlet, county, district, or where ever. My goof ball kids are killing people, right and left, and there are just so many deaths, the police don't hear the ninety five (95) percent of them, or so, as they never learn about it. The percentage of homicides the police do not hear about, is perhaps just a little higher, but in any case, no one should be surprised, as that is how my goof ball kids get along with one and each other, and they have been getting along with one and each other, that way, for a very long time, already, so it will not stop, any time soon, and that's just the way things are, for now. The Lesbianists are responisible for just about eighty five percent of those homicides.

Labrynthine Cities Below Us Where Lesbianists Live, And Laugh At All Of Us

The Lesbianists living below us, in their cavernous, labryinthine cities, that are below the hard rock layers, well below the oceans, and other bodies of water, far below the continents, go around, and mess with every one, and they play with people, and they think they have the right to amuse themselves by useing the citizens of this planet, any old way they like. They go around, and set up phoney wars, and they watch the citizens of each country, kill each other, on their commands. The Lesbianists enjoy playing these kinds of games, and they set up civilization after civilization, and they bring it along, and help to develop it, and when they get it to a high enough level, they feel a sense of accomplishment, and then they watch and amuse themselves as they destroy what they built up, and the people who are living, unawares of them. The Lesbianists think it is funny, that the Lesbianists feed the lies about our universe, and the lies about science, to every one, and the Lesbianists think they have the right to bafoonerize every person who comes into our world, as a tummy baby, who is on his or her way in, and in fifty to eighty or so years, is on his or her way out.

Why Do Continents Sink? Why Do Land Masses Rise?

Load transference technologies, and partical transference technologies, redistribute the loads on the internal network of underground cities the Lesbianists live in, to keep them perfectly centered, when ever there is a major uplifting, or down plunging, of continental mass, rocks, and earth, that would cause continents to sink and continents or land masses to rise. Movements of 'earthen matter' or rocks and dirt is accomplished with load transference technologies, and other technologies, such as partical dismissive technologies, and partical remissive technologies. This way, a planet can move, inwardsly, as a continent sinks, after the underlying rock layers are washed away due to hydrolific pressures, and not destroy the underground labrythine cities. My kids also use the same technologies, and other technologies, for maintaining the integrity of their underground encapsulated living environment.

The sinking of the continent pushes downwardsly, and as it falls, it exerts high intensity pressures on the underlying layers of rocks, stones, pebbles, sands, sediments, clays, metals, minerals, and so forth. The pressures will normally push downwardsly, and outwardsly, and shifting of materials, occurs, and land masses rise, as a result. When you have an underground city, or collection of them ringing the planet, when the pressures occur, and when the materials begin to shift, you redistribute the materials, using advanced sophisticated technologies, that will shift the particals in the directions they need to move, and distribute them so that they will not interfere with the structural integrity of the undergound labrynthine, and perfectly, geometricly laid out city dwellings and living habitats. It's high tech stuff, and so if you don't understand how partical dismissive technologies work, or if you do not understand how partical remissive technologies work, you will have a hard time understanding how this is accomplished. There are other technologies, that also must be employed, to work in an integrated manner with the partical dismissive and partical remissive technologies. All of these technologies, working in an integrated manner, will perfectly redistribute all the particals of rocks, and so forth, that need to be redistributed. The technologies keep the ring of cities perfectly centered within the earth. If there is a need for downsizing of the interconnected labrinthine layout of cities, that is also accomplished with these technologies. Downsizing may occur for any number of reasons. I've briefly explained what can happen as comets and asteroids pass by our planet, at amazing speeds, and that we can lose some or part of our planet, mountains, terrain, and lakes full of water, with a pass by, by a solartoid, or planetary sun, as it wizzes by at a phenomenal speed. Once the planet restabilizes, the downsizeing process begins. Even though there may be continental shifts, of uprising and down plunging events, and large, cometary passbys, with the technologies that are available to the Lesbianists to use, on a 'for lease' option, the integrity of the underground labrynthine layout of cities, is kept in tact, as best as possible. The technologies that accomplish this for the Lesbianists, that keep their cities perfectly situated, are not on lease, any more, and they have lost their lease on the technologies that would allow them to keep their cities perfectly protected, and perfectly centered. Some areas may not be too livable, for them, as leaky ceilings cause waters to accumulate, below, and they must trudge through salty ocean water, knee deep, in places, and in other places, the water is too deep to allow them safe passage down one tube, or trammel system transportation pass through tube, to a city or to cities which were previously accessable.

The Leases On Their Technologies Are Expiring

The leases on the technologies that they have been using, and that were assigned to them, after they swore in, and pledged to live on this planet, and pledged to sexal for a living have been expiring for some time, already, and will continue to expire for some time, to come. Because this was a newly formed planet, before they arrived, but after it recongealed, after it was shattered to pieces by a passing cometoid that ran smack into it, as I've explained about, or touched on, a couple of times, before, see my notes on the web, once the planet stabilized, and became a livable planet, they first needed to live underground, where they could live, and slowly over time, adjust to the types of solar radiations, and other factors that they would need to adjust to to be able to one day come out from down underneath the surface of the planet and begin to live above ground. The rock layers, land, and bodies of water above shielded them from potentially harmful radiation. The living area below, also had built in protection systems to help protect them from the radiative energies that could harm them. After they adjusted to the conditions of the planet, they could come out, and as they continued to sexal for a living, other technologies would allow them to build large cities, for them to habitate in, as they continued in the sexaling for a living program. The cities that my kids built for them, that my kids have the permissions to use for these programs, are now down under the rock layers, all crumpled up, or they have passed into the molten core, and have been spewed out, as basaltic lava, as the Lesbianists did not hold to their pledge, and they broke the law, and the maintenance of their above ground cities, was terminated. With continental uplifitings, and downplungings occuring, over the long period of time, they lost their cities, and now they have only the underground, initial landing zone area, dwellings and habitats, that have down sized, some what, since their initial landing for occupation of this planet, in the sexaling for a living program. They broke all the rules, and they developed their own sham governments on this planet, and they went about, causing mayhem and destruction, every opportunity they got.

The leases that they signed on to, and that were assigned to them, that they had on the initial landing zone technologies, as well as all their other leases, that were assigned to them are now in the process of being cancelled. That means, that, their underground cities are being shut down, slowly over time, - thus the leaky roofs - and they will have to move out, and move to the surface, as the underground systems, begin to falter, shut down, and fail, one after another.

This happens to them, repeatedly, life after life, and the end result is they destroy them selves. The hideous, hungry animals they illegally brought from other planets will get lose, and then they will help to hurry the demise of their world civilization, which means, every one of the Lesbianists will die on this planet. After the Lesbianists destroy themselves, they will end up in my Epcot Center, and they will come back out as tummy babies, to tummy mommies and to tummy daddies, who have karma that matches up with theirs, and then they will repeat their old mistakes, again, and again.

As the usefulness of the Lesbianists' underground labrynthine cities declines, as leases expire on the technologies that were assigned to them, and as other leases, will also be expireing, over the next few years, to ten or twelve to fifteen years, to thirty eight years, to fifty nine to sixty to eight five years, and then finally, when the last of their leases expire, some time, not too long after that, up to two hundred to eight hundred years, or so, and then there are still a few that will remain active, until every one is expected to move out, within a few thousand years, eight to eleven thousand years, as they must be given time to build up their own new civilization on the surface of the planet, where they can all live, together, now that the facilities below will be totally closed off, and shut down, and no longer useable to them, as they will be locked out, and prohibited from entering them. Once they are completely out, my kids will then remove all traces of the underground cities and underground facilities, so that there is no chance of any one ever useing them again. The Lesbianists will then begin living on the surface, full time.

Late Night Amusement Activities For The Lesbianists

Currently, as a regular sport or preoccupation, the Lesbianists go out regularly, at night on hunting parties, after exiting from below up through secret stairways, that lead up through police stations, and through fire departments, and through some military barracks, and through National Guard barracks, castles, buildings owned by royalty such as a king, or a queen, a monarch, dictator, despotic ruler, or by dukes, earls, princes', princesses', public buildings, government buildings, and through banks, hospitals, morgues, cemetary parks, schools, parochial schools, college campuses, college buildings, universities, university facilities, movie theaters, dance halls, auditoriums, disco-techs, sports stadiums, ball parks, parks, indigenous peoples' tribal reservations, port and harbor facilities, port authority landing zones, free trade zone districts, political districts such as Macau and Hong Kong, bordellos, brothels, drinking establishments, cocktail bars, lounges, late night restaurants, physical fitness centers that stay open 24 hours a day, YMCA's, YWCA's, Greyhound Bus stations, train and railway stations, air ports, national parks and forests, BLM lands, islands owned by Lesbianists, Riker's Island, Staton Island, Alcatraz, islands that have military forts' and bases that are active or semi active on them, private residences owned by Lesbianists, and through businesses owned by Lesbianists, through twenty four hour a day businesses owned by Lesbianists, Walmarts, K-Marts, 'Toy's 'R Us', Wendy's, Jack 'n The Box, McDonald's, In-'N-Out' hamburger chains, sushi restaraunts, late night restaraunts, hotels, motels, churches, mosques, synagogues, military bases, public and private museums, BINGO establishments, pachinko parlors, billiards halls, race tracks, gaming and gambling establishments, and many other Lesbianists' controlled facilities, buildings, and so forth, above ground, and they capture and abduct people, then bring them back into their underground lairs, and then the Lesbianists torture them, barbecue them, and then cannibalize them, for food, in their underground lairs. The Lesbianists enjoy torturing people, and eating them, and these abductions go on, regularly, all around the world, and the torturing, barbecuing, and eating of the above ground residents, below ground, goes on all around the world, beneath the surface of this planet.

There are over thirteen billion of them, and the number is even higher, still, as I did not have that number correct, either. It is higher than that, and that means there are a lot of hungry mouths to feed, in the future, after they lose their leases, unless they get a new civilization built, which they never do, as they do not like to work.

They will come out, at night, regularly, and abduct people, and then carry them into their underground lairs, and then cannibalize them. This will grow more and more busy, as they strive to remove every one they can from the surface of the planet. After they have removed enough people, they will begin to live on the surface in the homes, and cities that are there, already. There are too many Lesbianists to live comfortably on the surface of the planet, and they are too lazy to build their own civilization with homes, an economy, and so forth, so they will inevitably begin warring against each other, until there are only a few left, and then they will meet their end, when their exotic and deadly animals that they brought here for their personal amusement, strike at them, and kill them, for food.

The only way one can find a way out of this predicament, is for each one of you to join my country, swear in, and become a citizen. The

Lesbianists in turn, must surrender. If they do not, at a certain point in the future, we will begin to dismend them, and sent them to my Epcot Center. When that will occur, I don't know, but it could be as far off as a few thousands of years from now, as we have to give them the time, and a chance to build a new civilization, with homes, and parks, etc., working together with the people who already live on the surface of the planet. We cannot cut short the allowance they must be given, in fairness - as the leases continue to expire, and the leases protect them, to some extent - to make efforts to mix with the people on the surface, and to come clean, and to tell it all, and to appologize, and then to work in peace and harmony with the people who currently live on the surface of the planet. They will have to share their knowledge of the sciences, and they will have to help to educate every one, and they will have to teach the people who are living on the surface, the sciences that will allow people to regroverate their amoebes, and other cells in their bodies, and to rejuvenate their bodies.

There is not much chance of that happening and of gaining their cooperation, so we will have to be on our guard, and we will have to look out for ourselves, and make sure none of us are abducted by them as they attempt to diminish the population living on the surface of the planet by reducing the numbers of normal people living on the surface of the planet, as the Lesbianists begin to get busier, abducting people, and eating them, one after another, to make room for them selves, on the surface of the planet.

Never the less, my kids are not allowed to act prematurely, and my kids are not allowed to begin dismending them, just to stop them from doing what they typically do, after they lose their leases. So, it will be several thousands of years, before this topic comes up for discussion, and action is taken. These are not normal circumstances, and so the dismending of these people, may begin some time after their final leases expire, if they present them selfs as a problem to the rest of us, living on the planet.

Our War On The Lesbianists Must Continue

This means, we have a few options, here, and the best option is to just get rid of them, and destroy their underground cities, and destroy the Lesbianists, world wide, before the Lesbianists get much more of a chance to abduct, torture, and cannabalize the citizens living on the surface of the planet. Thus, our war is now only begining, and we must continue to eliminate them, as they will only cause mayhem, and destruction, for those of us, living on the surface of the planet, as the Lesbianists abduct, and capture people, then torture and cannibalize them, in coordination with their Lesbianists friends, who run this planet. The Lesbianists' activities aimed at destroying the populations of the planet, is guaranteed to increase, as the years pass. That means, we must continue with our campaign to destroy the Lesbianists, and we must continue to work to bring an end to the control that they have, over every one on this planet. We can also concentrate on destroying the Lesbianists, underground, by dropping the home made 'radiological' explosives weapons down into the ocean depths, and down into the depths of the deeper lakes, onto the leaky ceilings below, where the Lesbianists are living, to crush them, and to drown them all. In the meantime, every one must join my country, and swear in, and become citizens of our new country, as I've explained about, before.

The Valderizing Lesbianists

The Lesbianists do not teach real science, or real geography, or real history, or real mathmatics, or real chemistry, or real anything, and they fool every one with their bogus religions that they either made up or corrupted, and valderized. Valderized means, they vandalized it, and sprayed grafitti all over it.

Well, that's the way the Lesbiansts get their kicks, and they are just a bunch of grown up children, valderizing every thing they can, and disrupting every thing, and every bodies' lives, just for their own amusement, and cruelish fun and games, such as feeding former Lesbianists to my abominant kids, who are need to be fed, and who are smart, and devious, and who destroy humans, and eat them up, and spit them out, and treat them terribly, while the Lesbianists watch on, in amusement, as they see people like Bill Gates, or Steve Irwin, and others, eaten up and then tortured, as I've mentioned about before. Valderize all they may, and be cruel all they may, we are all now finally finding out about their treacherous and horrid behavior, and now we are going to put a stop to it, permanently, and that means we will kill every one of them, and send them all to my Epcot Center, as I've explained about before.

Now we know we can cave in their cities, below the leaky hard rock layers, way down below, if we hit certain areas, hard enough, with a nice big hammer, such as one or more of my 'nuclear' bombs, the fracturable rocks kids bombs, with fuels oils, burning at extreme high temperatures, and with percussive shock forces, these, mixed together, will get my fracturable rocks kiddies, making lots of babies, and with a large enough fracturable rocks fuels chlorine, and metals that burn at high temperatures, nearing solar temperatures, we will see some very explosive 'family making' adventures, among my fracturable rocks kiddies, and their radiological relatives and friends.

We know where to hit some of their locations, to drop a few miles of more of continental shelf down onto the tops of their ceilings that will then fracture their ceilings, and cause massive damage, as oceans of water fill up their labrynthine and very well laid out cities, below us.

Who Do We Kill, First?

Mr. George Bush, Jr., Mrs. Barbara Bush, Jr., Mr. George Bush, Sr., Mrs. Barbara Bush, Sr., Mr. Ronald Reagan, Mrs. Nancy Reagan, and lots of their friends, and nearly the whole crew of politicians in Washington DC, are all Lesbianists, and I want you to kill every one of them, and send them to my Epcot Center, and I want you to place the fracturable rocks bombs, in the right locations, and then drop a thick layer of continental shelf, down onto their ceilings, their ceiling that are below the water that is between us and them, and that is below our continental shelfs that we live on.

We can hear the water down below, if we have the right types of listening devices, and if you find the right places to place your fracturable rocks bombs over, then it may be easier to drop your continental shelf, down through the water, below you, and down further onto their ceilings, the hard rock layers below the water, that is below your continent, swirling about.

Now I want you all to study this, and find the right places to drop your continental shelfs, down through the water layers below you, and onto their ceilings, so as to smash their ceilings. I've given you some hints, already, as to where you can place the fracturable rocks bombs, and my kids also have given some people more information on that, and so we have lots of people, who are interested in solving this problem of the Lesbianists toying with you, one life of yours, after the next life of yours. It is time we brought their mischief, and non sense, and cruelty to a halt, and it is time we put on the brakes, and slammed down on the brakes real hard, and at the same time, slam down on the ceilings of the Lesbianists labrynthine cavities, below you, their cities that they have laid out in perfect symetrical, geometric shapes, like perfectly shaped, honey combed behives, with central cities, placed symetrically around the globe, in a perfect geometric layout, and with spokes or corridors reaching out symetrically, to other central cities, and to satelite cities, that they have well planned out, and have well laid out, perfectly, below you.

Hydrolific Pressures And The Labrynthine Cities Below Us

Because of the hydrolific pressures, they can never keep the ceilings, perfectly dry, and they are always in trouble, trying to fix leaks, here, there, and every where. Now it won't take too much to bring the whole place down on them, flooding them like rats in a cage, below the water line, as a boat slowly sinks with a rats' cage on a table, with rats in it, slowly into and below the ocean waters.

The ones above, such as George Bush, Jr. the current president of the United States of America, and his wife, and his supposed family and relatives, and all his close Lesbianists' friends, should now all be killed, point blank, with your fracturable rocks bombs. I hope that is perfectly clear, and I hope you all understand what the situation is, and that it is an intolerable situation, and we are not going to allow them to toy with us, any longer, and we are not going to let them amuse themselves, any longer, and we are putting an end to their games, now.

DO YOU UNDERSTAND ME? I HOPE SO! AS A 'NO SIR!' WOULD BE UNACCEPTABLE.

Now that we know where we stand, we have nothing further to argue about, and so let's get to our tasks, as soon as we are ready, and prepared. Okay? Good.

Local Area Prayerful Collection Site

A collection site is where people gather to pray, and to sexal and to purify each other. It is not a site where people ask for offerings, or where people as for any thing else, involving money. It is a sexaling park, and a prayerful sexaling park. That is the meaning of collection site. A collection site is where people collect together, to sexal and purify themselves, and while they are at it, they make sexaling efforts to help to purify others, by shattering and showering out megawatts and tons of radiating, purifying energies.

We have a local area park, at the corner of West Tropicana Ave. and South Decature Blud., a local BLM piece of land, that some people like to camp out in, that I go out to, to bless, and to purify with my religious ceremonies, now and then. I claimed that area, and all other BLM lands that I could claim under Gurkian Law, and all other land on this planet, that I could also claim under Gurkian Law, such as other parks and forests managed by other government agencies, or private lands, supposedly owned by rich people, and lands around the world, that I have a right to claim, under Gurkian Law, and all that land, is now mine, under Gurkian Law, and I can use it in any way that I need to use it, regardless of what other people, think.

Aerobic Taichi Practice

I am busy, now and then, purifying that parcel of land, at the corner of West Tropicana Ave. and South Decature Blvd., with my religious ceremonies, that I conduct with my religious prayer hand signaling statements and with my use of my ability of arerobic Taichi, for religious ceremonies, as I seem to have recalled a lot of areobic Taichi, as well as some other forms of Taichi, that I knew, before, in previous lifetimes, but I am only interested in using it for practical purposes of religious hand prayer signaling.

I'm very clumsy when it comes to aerobic Taichi, but any way, I enjoy it, and it is good excercise for me, and the more I practice, the better I get, but it will be zillions of years, before I get any where near good at it. I practice the arerobic Taichi while I make my religious hand prayer signaling statements.

I don't teach Aerobic Taichi. I only use it for my prayer ceremonies, when I am on my feet, and not on my back, mostly, even though, I do use a short version form of it, while lying on my back, or, while I am on my side, I use a very short form of it. Anyway, it is fun to do Aerobic Taichi, and that makes my prayer ceremonies, for me, more fun. When other people learn to prayer signal, they will naturally pick it up, as well, as every one has studied to some extent, Aerobic Taichi, and other forms of the martial arts, and my kids will release the knowledge that is stored in your memory banks, as you need it, once you begin practicing, for women, as a priestess, or for men, as a priest. It is not like the Taichi you see people doing in China, or Taiwan. It is a specialized form of aerrobic Taichi for use while performing hand prayer signaling. It is not used for fighting, but it is the basis for Taichi, and you can train in martial arts, while employed as either a priestess, or as a priest, and it will be useful to you to know, before hand, as it will make practicing your martial arts, that much more interesting.

I'm not hiring any one, now, or just yet, or any time, soon, as far as I know, as my kids do all the interviewing, and I have nothing to say, about who comes knocking at my door, to be interviewed.

Campers, Camping, Sexaling And Purifying The Area, And Useing The Parcel Of Land That I Publicly Claimed For My Setting Up Of My Ministry

Now, on that parcel of land, there may be campers, now and then, who want to camp there, because they want to find out more about my religion, and so they come out to Las Vegas, now and then, and they camp out there, on that parcel of land, at the corner of West Tropicana Ave. and South Decature Blvd. Since that land is where I am going to set up my initial ministry, when the time for that comes, I am preparing it, with my religious purification ceremonies, and there doesn't seem to be any troubles, with any one telling me not to go up to my property, that parcel of land, and there is no one trying to tell me that I can not bless my property, that parcel of land.

Now, if other people wish to come to that parcel of land, and wish to sexal on it, and thereby purify that parcel of land, they are more than welcome to come to it, with their camper trailer, or caravan bus, and they can maneuver into the area, and set up a tent, and campsite, but there is no water, or any thing else, so you have to come prepared to rough it, if you wish to come in your camper van, or caravan bus, or in a camper trailer, or with a tent, or with other types of sleeping and living gear.

Straightening And Cleaning Up The Area

You can straigten up the area, and clean it up, and make it nice, for many people to pull into, to join together, and to sexal together, and with your purifying energies from your sexaling together, you are more than welcome to stay there, as long as you like, and as long as time permits, and as long as finances permit.

I have nothing there, except for my now and again, Aerobic Taichi practice and the energies that are imbued into the area, there, from my religious hand prayer signaling ceremonies. There are no structures of any kind, and I am sometimes there, busy purifying the area, with my religious ceremonies, so if you and your friends would wish to come to that area, and also help to purify it with your sexaling energies, than you are more than welcome to come and visit there.

Donating Your Sperm, Sexaling Spittle, Perspiration, Vaginal Juices, Titty Juices, And All Your Sexaling Juices

You men and boys may by all means, donate your sperm juices, sexaling spittle, and other sexaling juices, your perspiration you generate while you are sexaling, to the site, and you women and girls may by all means, donate your vaginal juices, your titty juices, your sexaling spittle, your perspiration you generate while you are sexaling, and all of your sexaling juices to the site, as they all will help to purify the property that I intend to set up my ministry on, as they all contain many, holy, pure, sacred, powerful cleansing energies, and GODLY energies in them, and they will help purify the land, and the environment for ages and aeons to come. All of your eroteming and orgasming energies will go shooting throughout your bodies, and they will find their way throughout your bodies, and out of your bodies and brains, and into the environment, and into your bodies' sacred and holy spillages, as I've discussed about before. Your bodies' spillages, as well as your perspiration, your pee, and your poop, not to mention all of your other juices that are produced as you sexal, erotem, orgasm, and phlumett, become pure, sacred, holy, powerfully cleansing, and GODLY, while you are sexaling, eroteming, orgasming, and phlumetting. Your pure, sacred, holy, powerfully cleansing, and GODLY energies find their way into all of your bodies' spillages, and so please donate them to the site, in appropriate manners.

Building A Latrine

Please employ some one to dig a latrine, and to fashion benches to sit on so as to be able to dump your poop, and pee your urine, into the latrine trenches. Manage the latrine, with care, and employ healthful, tactical, and sanitary techniques to use it safely. Provide hand rails, to grasp, so that no one will slip off and fall into the latrine. Provide barriers so that no one can accidentally fall into the latrine. Use your common sense when providing 'tactical' safety measures.

You need not fashion an over hang, as there is no rain to speak of, in Nevada. You do not need a supported roof, or enclosure, as they will only become stench ridden, and no one will enjoy useing them. There are to be no enclosure walls, or sides, or backs, so as to enclose the odors of the latrine, and confine them to an air tight area, where they can accumulate, and cause explosions, accidentally. They need only be deposited into a safely dug, latrine, and then allowed to filter down into the soil, and then allowed to vapor up into the atmosphere, freely.

No doors should be used, and no barrier walls should be employed, when fashioning the outside framing of the latrine facility, itself. That means, there are no hiding places in the latrine, where people can hide, and be prevented from entering, or exiting from the latrine. Only hand rails need be supplied, and only barriers that are suitable for keeping people from falling into the latrine, need by provided.

Steps may also be provided, to a raised platform latrine, which is more sanitary to use, than a level to the ground, latrine. There should be no walls, and no blind spots when either ascending up the stairs or when descending down the stairs. Women, girls, men and boys, should all use the same facility, and there is to be no fraternizing. Fraternizing is playfully tearing up at the opposition, or at people who you do not like.

Tearing up at the opposition means, you are trying to over throw the person, and dispose of that person, into the latrine. Over throwing the person means to be using reckless abandonment when dealing with another. Reckless abandonment means to be recklessly risking the life and limb of another.

There will be no frolicking at the latrine site. Frolicking is when little boys, and big boys, and little girls and big girls, play around and provide possible hazzards to others. You will not behave in a hazzardous manner towards any one, at any time, or you will be asked to leave, and to not come back.

There will be no play time allowed for children, as this is a collection site, and that means it is a holy site for holy activities, so leave brats at home, and do not bring any one who drinks alchoholic beverages, or who acts unwholesomely, to the collection site. This is a private site, and a prayerful collection site, and that means, you are coming there, to pray, and to make love, and to sexal, as GOD's children, so as to purify the site. You are not allowed to act randomly and with reckless abandoment. Randomly means, without proper self control and restraint. This is not a gay fashion, show or parade, and we will not tolerate reclusive, or unwillingly unwholesome behavior.

Reclusive means, unwilling to participate for the stated purpose of purifying the area. Reclusive means, caution and carelessness is thrown out the window, and you are acting in an irresponsible manner.

Unwillingly unwholesome means, first, unwillingly means, non cooperative, private, or sordid. Sordid means you are acting in a selfish manner, and you are not acting in a responsible manner for self and for others.

Unwillingly unwholesome means, thusly, that you are acting in a selfish manner, irresponsible manner, uncaring towards others, and unwholesomely.

Unwholesome means, you do not care about the life and limb of others, and you would just as soon shoot a person you argue with, as talk to them for a friendly chat. Many of my kids, are very unwholesome, and will just as soon, talk to a person, as shoot the person. You will not act in any such manner.

Any unsafe or prohibited latrine construction will be ticketed on detection, by me, and you will be asked to rework the facility. That will be on the ticket, and please comply, if you and your friends who built it, will be so kind. If you do not rebuild it, you will be asked, with your friends, to leave the site, as you are acting in an irresponsible manner. You will not be allowed back to the site, without your showing proper repensive behavior. Proper prepensive behavior is an attitude of appology, as well as the acts of appology which means, you will take appropriate steps to see that the work is or has been redone, in the manner as required by safety laws, as stated by my children, under Gurkian Law. Either me, or my children, will leave the ticket, and you will be required to fix what ever it is you need to fix, or you will be asked to not stay and conspiriate at the collection site.

Conspiriate means, to participate freely with caution and care for the sake of others. Conspire is also the same, as conspiriate.

You will be asked to not stay and conspire at the collection site, means, the same thing. It means, you will not be permitted to participate freely with caution and care for the sake of others. That means, you will be asked to leave, and you will not be allowed to come back, if we, my children and I, and other attendents, as well, can at all help it.

Attendents are people who participate in the collection site activities, and they are people who take responsibility to make sure every thing is done, properly, and safely, with the sake and safety of others, in mind.

The Home Depot has many nice and useful janitorial equipments, and so it will not be difficult to build a safe and luxuriously clean, and handy, latrine, that is safe to use, for all people, of all ages.

Luxuriously clean, means, it is kept sanitary.

How do you keep a latrine, sanitary? You keep it clean and sanitary by venting the air out, freely, with no blind spots, either underneath or above, where pockets of air, and vapors can accumulate.

No partitions will be installed that will create a blind spot. A blind spot is an area where light can not penetrate. Therefore, your construction materials, must be perforated wood, or grated steel. You can weld together, if you know how to weld, a very nice, grated steel, latrine, that will be safe to use, by every one, of every age. You will need the correct strength of supportive steel poles, to handle the weights of the persons accessing the latrine, and of the latrine, as well. You will make certain to build it well, and to support it well, with firm foundations, of concrete or steel plates.

Any deviation from safe practices for building latrines, will be torn down, disassembled, and the persons or person responsible will ethier be asked to leave, or will be asked to appologise to the memebers of the collection, sincerely. If the person acts in a responsible manner, and appologizes, sincerely, and appropriately, then the person will be excused, with out further, charges being leveled. Further charges will be leveled by my children, if my children detect further, reckless abandonment on the part of any person, participating and acting in a reclusive or recklessly abandoned manner.

Glue People Begun 'Cleaning' Agents

Cleaning the toilet seats of the latrine, will also help to keep the latrine luxuriously clean, and sanitary. You should clean the toilet seats and parts of the latrine, with common household detergent agents, as at this time, we have no choice but to use the unwholesome, Lesbianists' manufactured, ajax, spic and span, lysol, and other such 'glue people begun' agents. Glue people begun agents means, aerosols, and other unwholesome petrol fueled compacted or pressurized sprays, or detergents, that help the Lesbianists to begin the process of turning human beings into glue people. Glue people, in this instance, does not refer to glue, but it refers to tar. Tar is an adhesive substance, and their intent was and is to turn every human they can find into tar people.

We have no choice but to use the local distributors selection of cleaning agents, but in time, we will one day, have all that straightened out, after we demolish the Lesbianists' hideouts, under ground, and after we kill them all, or welcome them in, as 'surrenders', with appropriate, remorseful, penentant attitudes.

Removal Of Latrine Wastes And Disposal Of Latrine Wastes

Latrine wastes materials shall be removed, and supplied to local pig farmers, who can then use the materials, for feeding the animals. Pigs and hogs love to eat away at latrine wastages, and no one knows that. Chicken also enjoy eating human wastages, as well as ducks, geese, and other fowl. Horses and burroughs also enjoy human wastages, if it is healthy enough, with large amounts of vegetable mass in the diets of the human beings, whose wastages are carried to the farms for spreading about in the hogs and pigs, barrels. A barrel is a place where wastages are loaded, up into trucks for delivery to a sewage farm, or a place where farmers can use the wastages, that the hogs are finished with, as fertilizers.

Hogs and pigs use a roped off area, for eating wastages, and employees keep track of the unloaded wastages, and the spilled wastages from the hogs, and then the spilled wastages from the hogs, are then moved to a separate area, for pickup by carriers of farmers. Foods grown at farms using hogs and pigs wastages are useful and nourishing to humans, and other animals.

No fees of any kind for loading and for carrying away wastes to hog and or also pig farmers, should be levied by truck drivers, as drivers will earn a tokenous gratitude tip from the hog and or also, pig farmer. An appropriate payment to the driver and deliverer of the human wastes to the hog and or also pig farmer, should be paid by the hog or also pig farmer, unless the farmer is cash strapped. Cash strapped hog and pig farmers may be given money compliments by the people at the collection site.

Money compliments are small awards, or minor payments, out of gratitude to the hog and pig farmer, for his or her useage of the human wastes from the latrines. Money should be collected, regularly, if hog and pig farmers are cash strapped, and then given to the hog and pig farmer, out of gratitude to him or to her, and presented, tokenously, or as a gift payment. How much should be paid, depends on the expenditures of the driver, for his or her services, and for the use of his or her, vehicle, and for its whollyfied maintenance.

Whollyfied means, the regular maintenance that will allow the truck or vehicle to run at tip top conditon or shape, for the life of the vehicle, figuring it proratively.

Proratively means, spaced out, and paid proratively, or over the period, at regularly spaced points in time, over the given span or the useful life of the truck.

Discussions regarding this, and discussions for compensations, should be held at the collection site, and at the delivery site(s) for delivery of human wastes, by all parties, concerned, regarding all of this, and the primary collection site attendants, the persons elected by the attending or participating persons, at the collection site, who show the greatest interest and sense of responsibilities, at the collection site and with regards to the collection site, and with regards to the collection sites' safe, healthy, and wholesome management, must attend the discussions, and must deliver their sound judgements as to who is to be compensated payments for their participation in the removal and distribution of the wastes from the collection site, to the hogs and pig farmers, and as to how much should be dispensed, per each removal and delivery of human wastes.

Participating persons at the collection site, should elect attendants, and the attendants should regularly check on all points for the safe management of the collection site. Participating persons means, persons who are there for sexaling, and for depositing their holy, pure, sacred, powerfully cleansing, and GODLY sexaling juices at the collection site.

Nevada Power, and all other vendors, are not participating persons, and should not be construed as participating persons, regardless of what they might wish to think, and if they have any complaints, I authorise the killing of all persons who disagree, and persist in arguing that they are valid participants, despite their not participating in your holy sexaling, activities, as individuals, and not as company employees. No company employee, or personel of any kind, may participate, except as an individual, lone, and wholeseome, participating, sexaling agent.

A sexaling agent, is a person who is participating at the collection

There are many tiny hills, and a few large ones. There is much dirt that can be removed, from the middle of the site, all the way back to the rear edge of the site.

There is a hilltop trailor park, past the edge of the rear of the parcel, and there will need to be built a very durable, and strong retaining wall, to keep that hillside, shored up, and to keep the trailor park from crashing down the hill side, after slide begins, and creep causes the trailor park to fall into the open area, that will be needed to be excavated, all the way to the rear of the park.

The grade or slope of the hill, need not be steep, but can be at a relatively low angle of ascent. An angle of between ten to twenty five, to thirty degrees, in graduations, from front to back, can be accomplished, with little difficulty, and with no disturbment to the trailor park, or disturbment to the integrity of the trailor park.

We need not seek any permits for construction, as I do not recognize the Lesbianists' governments, on this planet, and if any person shows up who says he or she is a county or city planner, inspector, or whatever, you are to immediately kill the person, and deliver three fivers to the persons' head, as that person is a Lesbianist attempting to interfere in my religious activities.

All activities at the site are to be done, without any interference from any public or other authority, and all costs for all changes and alterations to the site are to be financed by the local construction companies, who are working on the hotels industry, and they will cease immediately their work on all construction, private housing construction, casino construction, and all other towers construction, or work construction, other than the basic infrastructure needed to support the present population of Las Vegas, Nevada.

We are taking over this town and you all will begin to prepare to vacate this town and hand over all of your construction equipment, now, or face your companies and your private persons destruction with my fracturable rocks bombs, begining with the New Orleans Hotel, and all related hotels, and casions, bars, and restaraunts. That means, every gambling establishment is to shut down, stop construction, and vacate this town, now, immediately, post haste, if you wish to live.

You will be destroyed if you refuse to follow orders. We are putting a stop to the non sense of the Lesbianists begining with Las Vegas, Nevada, Henderson, Pahrump, and all parts of Nevada and the Southwest.

You will disband your operations and hand over your companies, such as the water bureau, the power company, the gas utility company, and every other company, including all supermarkets, grocery stores, malls, and so forth, every last business in Nevada, and the south west, to the participants at the collecting site, to take over and then properly manage, until all residents of Las Vegas, remove themselves, to my kids facilities.

Is that understood? You are all resigning and moving into my kids place, underground, surrendering, and moving on for those who are not Lesbianists, but who wish to vacate this area, as this area is in whole, now, a religious grounds.

That means, that I will require the participants at the collection site to take over every thing, and to bring the news reporting stations to their knees, and force them to report the news, that every one is to retire to my kids underground, fortress, and they are all to remove them selves from Las Vegas, now, post haste, immediately, other wise, we will have a fractuable rock bombs throwing contest, to see who we destroy, first.

You must surrender all your holdings, owned property, equipments, and every thing else you call your own, and hand them over to the participants at the collection site.

Is that understood? "YES SIR!" had better be your answer, or you will find yourself on a one way ticket to my Epcot Center, with no return ticket, guaranteed, for however long it takes, to find you tummy mommies and tummy daddies.

I don't think there will be many volunteers, in the near future, as you are all abominant kids of mine, and the only kids people will ever bare, for some time to come, are abominant kids, and animals, and animal humans abominant kids, so I do not think you'll be leaveing my Epcot Center any time soon, if you resist and if you force us to kill you.

Is that understood every body? Good.

The penalty for not complying is death. Do you understand what I am saying? I hope so.

The Party Is Over In Las Vegas, And In The World

The party is now over, in Las Vegas, and at all casinos and gambling establishments, as we know you are all cheating, and we will kill every single last one of you to close you all down.

Who Is Staying And Who Is Leaving, Etc.

You will close down all of your establishments, world wide, and lock the doors on them, and then demolish them, post haste. Is that understood? I hope so. Either you do it, or we will do it. Do you understand that, now? I hope you do, because we are going to demolish every one of your establishments in this town, if you do not demolish them, yourselves. Every last one of them, all houseing, except for those noted in my children's compliance statements, which you are all to recieve, all trailor parks, with some exceptions, all every thing is to be removed, with only the basic infrastrastructure for heating, lighting, water, sewage, medical, hospitals, medical clinics, pharmacies, and so forth, food markets, services industry, HUD, Welfare, SSI, and other operations for the welfare of persons who are here, who can not leave, or who will be staying for some time, and who will be needing the services of those agences, construction companies, lighting companies, electric infrastructure installation and maintenance companies, as well as gasoline supply and distribution vendors, diesel fuels supply and distribution vendors, restaraunts, and telephone. That means, all humans are leaving, except for those person who are to stay on, as indicated in my childrens' compliance statements, and except for those who wish to stay on and participate in spilling their pure, holy, sacred, purifying juices, and those wishing to participate in purifying my area, all of Las Vegas, Nevada, the valley and beyond, in time.

Rules For Hospitals And Clinics, Etc.

There will be new rules for hospitals, and clinics, and my kids will see to it, that the new rules, are followed. There will be other rules, as well, and my kids will see to it, that they are followed, as well, or persons who wantonly disregard them, will end up in prison, underground. My kids have not only a living environment, they have prisons, as well, jail facilities, and many other things. Check with them for a fuller list, of what all they have in the way of facilities, as many are very nice, and there are great possibilities for improving your health, and rejuvenating your bodies, etc.

My kids have a full list of who is to be leaving, who is to be staying, and by when people are to be leaving, and where persons staying, are to be moving to, as we clean up this area.

All of you had better check with my kids, especially, you Lesbianists, but not only them, you religious fanatics, as well, and every one else, of course, or you, especially the Lesbianists and religious fanatics are at risk here, but not too much, the others who are to check in with my kids, risk dying, perhaps, prematurely, and then ending up in my Epcot Center.

My kids also have lists of who the people are who will be recieving all the properties for taking them over, which properties need to be demolished, who will be demolishing things, and how to remove those things that you must remove, and to where you will remove them, and dispose of them, and in what manner you will dispose of them.

You will hand over every thing, and you will all comply, and those who are required to hand over their properties, after complying with removal demands, will hand them over, and then will move out and into my kids place, in accordance with the time schedule that my children have for you to follow. You are required now to check in with my kids, get every thing sorted out, and learn all the details, and then comply.

Those who do not follow these orders risk an early and, fortunate for us, timely meeting with death, and entrance to my Epcot Center for a long stay.

Erecting A Partition Blind On West Tropicana Ave.

The roadway, West Tropicana Ave. runs east to west, and west to east, and it is advisable to erect a pertition blind, so as to not disturb traffic, that comes down the side of the road, the parcel of land sits on, at very fast speeds, with people rubbernecking to see what is going on, as many people will possibly end up flying into the area, with their automobile, truck, gravel carrier, or eighteen wheeler spinnning and turning over, out of control, and then sliding off the roadway and into the collection site.

The traffic is very fact on West Tropicana Ave., and with the interest of the local area residents, who will learn about the collection site, and the activities at the collection site, there will be many hazzards arrising as a result. Some persons may decide to stroll through the area, to steal purses, or wallets, or cameras, and so forth, as there are many poor, indigent, or hopelessly poor, persons, in the area, who do not have any work, and who can not feed themselves, and they need to steal things, to sell, to earn a living.

Such people should be spoken to, and fed, and then warned not to act in an unrighteous manner, which means, please do not steal things, or damage the property, or any thing on it, and please do not get into fist fights, over insults, and disagreements with participants, about who is GOD, and so forth. There are many impoverished persons from South America, and Central America, who only know their local area witch doctor's teachings on voodoo men and voodoo women, and who know nothing but folklorish stories about gouls and ghosts, and people, or ghostly gouls, i.e., people immitating 'gouls', or mean and rotten people, who go 'boo!', or try to scare and rob people, in the night.

Electricity, Lighting, Etc., To Be Supplied By Nevada Power Free Of Charge, Or Else

The partition blind should be sturdy, tall, and break proof, so that vandals can not break it down, or climb over it. Lights for use at night, with the proper permissions for an electrical hookup from the Power Company, Nevada Power Company, will be granted, and provided by Nevada Power, along with all other neccessary, needed, safety lighting hookups, to illuminate the area, fully, at night, so that it looks just like, or nearly like, daylight, or a well lit soccer areana at night, or a well lit professional baseball field, or football field, at night, and it will be given for free, lest we burn down Nevada Power, and kill all of their Lesbianists employees, and meter men, and all of their tawdry workers, who we do not wish to deal with. That means, we will blow up their buildings, and kill them all, unless they give us the electricity that we require. If we need to kill them all, we will then acquire all of their holdings, and we will operate all of them, ourselves. Fair Warning has been given, and consider that as a done deal, unless you wish to visit my Epcot Center.

Meat Vendors And Hispanics From Central And South America

An air of friendlyness, but caution, should be used. Men and boys are there to protect the women and girls. So, please work in teams, and do not let individuals, who might get kidnapped, and sold off to meat vendors, for a few dollars, or pesos, as it is, in Las Vegas, as the majority of such kidnappings and sales of human beings to meat vendors, the Lesbianists chain stores, such as Colonol Sander's Kentucky Fried Chicken, Burger King, MacDonalds, Jack 'n the Box, Wendy's, In-'n-Out, Fat Burger, Taco Bell, Dell Taco, and all the other, fast foods vendors, is by the locally landed hispanics from Central and South America, who need money, to stay alive.

Erecting A Partition Along South Decature Blud.

South Decature Blvd. also has much traffic on it, and there will be lots of people, rubber necking, to see what is going on, so a high, partition wall, made of lumber, should be erected down the side of South Decature Blvd. to prevent all such incidents of rubber necking, and reckess abandonment, from occuring.

The partition should be about ten to thirty feet high, and should be well constructed. Why so high? We do not want people climbing over it, to sneak into the area, to steal things, and to fight with people, and to cause trouble, and to come looking for young girls, and young boys, and helpless, elderly folks, and uneducated to the whims and ways of the downtrodden, brutal, abominant kids of mine, walking the streets of Las Vegas.

Yes. They are abominant kids of mine, and the proof of that is that their children come out as monkey people, and orangutan people, and chimpanzee people, and if possible, the hospital whisks the baby away from its mother, and disposes of it, in the prep rooms, used for killing incoming, abominant kids of mine.

Drawings On Demolition, Construction, Etc.

My kids have construction drawings for constructing all the facilities needed at the collection site for all the facilities that will be needed. They have electrical drawings for lighting, etc., health, fitness, and wellness facilities drawings, latrine facilities drawings, showers facilities drawings, food and beverage eating and drinking areas drawings, and all other drawings related to all things that will be needed to be constructed, or altered in any way, for our project to proceed, including but not limited to, demolition of the cliffs, leveling of the entire area out to Harmon Ave. and up to Flamingo, and back to Tropicana, as well as what is to be removed and leveled between Jones and Decature. There are a few minor exceptions, such as the building that I am living in. Who will move where, to consolidate staff at this project, and who will be moving out, at this project, and what will be leveled at this project, are all detailed in the program specifications, my children have. My present quarters, will be my place of residence, as things move along, and in time, in accordance with the schedule for construction, a temporary facility for me will be constructed near the area but between Flamingo and Tropicana, and somewhere between Jones and Decature. Please see them for details. After the area is purified sufficiently, and after all the areas to be purified, are purified, and my children will decide on when that is accomplished, my children will then activate the technologies, and acquire the resources they need, and then they will build a more permanent settlement arrangement for all people concerned, who are staying on, if they decide to stay on.

The partical dismissive technologies and remissive technologies, for foods, and medicines, and other items that are needed, for continued survival, and for all other required purposes according to the specifications for the sexaling for a living programs, will all be provided to the participants who wish to stay on, and houseing for them, as well, will also be included. Parks will go up, and so will many other locally needed facilities. Many things will disappear, as my kids will partical dismiss the things and structures they need to remove, as they construct the new area, for all persons staying on in Las Vegas. My kids have a list of all the names of all the persons who may, if they decide to, stay on in Las Vegas, and not all of them, are local people, so you should all check to find out whether you name is on the list or not. All other persons, who are to be moving on, and all persons who do not wish to stay on, here, will be required to move into my childrens' present facilities, which they will continue to expand as we continue our program on this planet. We will eventually clear every one out of the area, inside and outside of Las Vegas and the Valley, and surrounding areas, and the world over, except for the persons whose names appear on the list, as houseing can be provided above ground, for participants in the juices spilling and areas purifying operations, by my children, if those persons wish to stay on and participate.

All other people will be required to move into the facilities my children have, and are continuing to upgrade, and expand, in their encapuslated living environement, in which, many people currently live. Persons in the encapsulated living environment, may also attend the collection site area activities, and future clearing activities, for purifying the areas with their pure, holy, powerfully cleansing, purifying, cleericating [cle-er-i-cating], and GODLY energies filled, sexaling juices. Cleericating means, the same thing as clearifying. It is just a slightly different but related word from another a variant language of English, and to cleericate basically means the same thing as to clearify. When we get the areas, cleared enough, and purified enough, my kids will then start building things for the participants. All others will move below ground, and live in the encapsualted living environement, until they have earned enough money, with their friends, as talked about earlier, to purchase a lease on land, and acuire the lease on resources needed, to build a home, etc., for a large group of people, who will be living together, and working together in the sexaling for a living programs, and so forth.

When Will This All Begin?

As soon as people begin to comply, we will begin our efforts to clean up Las Vegas, to begin with, and then, the rest of the world, and then, the rest of our universe. It will take a long time, as we need to spill our juices, the lay persons, anyway, for some time, to come, as our universe is quite large, and so is the rest of it, that we are going to be recovering.

My Spilling Of My Purifying Sexaling Juices, And My Spilling Of My 'Prayer Time' Purifying Juices

I spill my juices, only for religious ceremonialing activities, during certain relgious ceremonies, and I don't spill my juices, on the properties, as I'm not set up to spill my juices, on the property, now, and will not be set up to spill juices, until I find an excuse for that, and an excuse for performing a religious hand prayer signaling ceremony that will require my spilling of my juices. It's pretty hard to spill juices, when there are no other persons working with me, and I do not work with lay persons, unless they are confirmed by me, and so there will be maybe, some confirmations, but not neccessarily so, as I do not know who is going to wish to be confirmed, and by the way, who ever it is I confirm, must realize that I am the Mother and Father of all human beings, animals, and living beings, and the Creator of my universe. There are not that many people who understand that, except for my kids, my working, unionized kids, and so it will be some time, yet, maybe a few hundred or more years, before some one realizes, 'Hey, he IS the Mother and Father of all human beings, etc., etc., etc.,"

Spilling 'Prayer Time' Spittle Generated While Praying

Until then, I'll use my spittle juices if I need to drop or drizzel any juices, that I generate while I am religious hand prayer signaling, as I don't like or care for the idea of jerking off in public, to spill purifying juices, in public, regardless of the fact, that I am GOD, so it ain't going to happen, any time soon. When I find a authentic 'believer' who realizes and understand that I am GOD, and so forth, I'll begin my public spilling of sexaling juices. I don't mind it in private, but it is not going to happen in public.

Monkey Babies, Jimmy Carter, Oliver North, And The Lesbianists' Conspiratorial Bullshit Stories Of Adam And Eve, And "Jesus Saves"

Most people do not know this, but many births end in tragic loss of the child, because Jerry Falwell, Oliver North, Jimmy Carter, Ronald Reagan, George Bush, Jr. George Bush, Sr., and the rest of them, order and expect all the Lesbianists doctors to kill all babies born to people which do not look human. Doctors at birthing hospitals also comply, quietly, as it is hospital policy they can not break. If they go against it, they risk losing their job, and possibly losing their life. This is not a joke, and it is the Lesbianistgs policy of having all birthings in hospitals exactly for this reason, for disposing of non human looking babies, at birth, so that their bullshit creation by God, of a 'pair' of people, Adam and Eve, and that "Jesus Saves all good Christians", can not be contested, by logical proof of non human births to human being couples, or single parent women or girls. Abominant kids are born every day to my kids, on this planet, and they are all executed, or killed off by the local citizens, by their fright and fear of 'ghouls and ghosts' and 'goblins' in the night that go, 'Boo!'. These idiots, both the abominant South Americans, Central Americana, and all my other abominant kids, North American, Europeans, Russians, Chinese, Japanese, Thai, Philipine, and so on, must ask them selves why they are blessed with babies which are either not human or are abominant humans, or part animal humans. If they ask them selves these questions, they will find out the only answers are that these people born to them, are my children, and my children are born to them for reasons that have not been disclosed to them, before, by the clergical societies, i.e, the religions of the world, and by the other societies, set up by the Lesbianists, or by societies nurtured along as part of the Lesbianists' 'tragic comedy' of their toying with your lives for their humoring themselves, and for their amusing themselves. Once we get rid of the Lesbianists, and their ways of doing things, we will begin to see babies that are either not human, or are only part human, in animal bodies, and they will be born to all of you who are tummy mommies, and tummy daddies, if you birth enough children, to find out. How many is enough? About one in forty or fifty by my estimation, but depending on the person, it may be between thirty to eighty, from one person to the next. Take that to your pastor, and tell him or her, to stick it up his or her ass. It is the truth that animals are born to humans, all the time. Not only that, but abominant kids of mine, usually of the apey kind, but not always, are born to the 'normal' looking humans on our planet, and in our universe. We need not be afraid of these children, as animals, can be collected and put into zoos, and animal humans can be raised by the parents, or parent, in the case of a single parent. In time, we will adjust to this reality, and we will raise fine children, abominant animal humans, or human appearing abominant children. That means you are all abominants, and the Lesbianists are laughing at you, and at themselves as well, as they go around and kill and cravenly torture every possible person they can. We will put an end to their craven ways, and we will make a wonderful universe for all of us to live in, in peace, and serenity, once we get started practicing my religion, and once we begin erasing, sufficiently, our karma and our karmic markups, with your purifying sexaling energies, prayers, and other activities, such as syncopated dance, syncopated excercise, syncopated sexaling, and so forth. You time it to the metronome at one thirty seventh, for now, and that will be fine. In time, we will get accurate metronomes, and then we will chance the pace, just ever so slightly, to push my kids along, as I explained about, for our wholesome and healthy universe, for all of us to live in, together with each other.

Punishment For People Who Practice Voodoo Religions Is Dismendment, I.E., Death

We will not be killing or executing children any more, at hospitals, or at homes, or in primitive, backwards towns and villages, or rural hideaway villages, where voodoo religions muster the people into peculiar states of mind, where they become entranced, and then begin mindlessly, acting like chickens, and birds, or fowls, or hippos, and so forth. There are too many of these types of so-called 'religions' in this world, and we are out lawing all of them, and punishment for adhering to them, will be a trip to my Epcot Center, as I have my children particle dismiss their bodies, and then dismend them, bit by bit, into their base components, and then have my children whisk them into my Epcot Center. We will bring every one up to the level of education every one needs to be at, to better understand my universe, and those who persist in abandoning their obligations, will be dismended with out further notice, after they are sent their last warning ticket, from my kids, in accordance with Gurkian Law. That also applies to the Lesbianists, and to every one else, who is unable to get the picture here, and get with the program. There will be no exceptions. And, this is not a joke. My kids have courses for you to educate your self in, to pull yourself out of the past Lesbianists' way of life and thinking, and into the new and current, reality, that we will be living in, for ever, from now on.

Local Businesses Will Have No Problems At All With The Collection Site And Will Have No Problems At All With The Activities Of The Faithful At The Collection Site

Walgreen's is across the street, on one corner, and Home Depot is on another corner. I don't think Walgreen's will have any problem with you using the site for your camping, for your meeting with others, for your sexaling with others, and for you and your friends' purifying sexaling activities in that park, i.e., the collection site. Home Depot, I don't think will have any problem with your use of the parcel of land, either, for those purposes.

What To Do If The Police Come?

Now, if the police come, and I'm there or not, I don't know what they'll say, but they have not got any right to say any thing to any one. Is that clear, Mr. Mayor of Las Vegas, and every one else in the area. I hope it is, as I am not going to stand for your interference or any one else's interference in my religion and in the relgious activities of people who wish to participate in my religion, sexaling to purify my universe. IS THAT UNDERSTOOD, MR. MAYOR AND EVERY BODY ELSE? I HOPE IT IS! AS A 'NO SIR' WOULD BE UNACCEPTABLE!

Now that we have an understanding, I think there will be no problems, and if there are, I will see what I can do about it, by calling my kids up, with my religious hand prayer signaling ceremonies, to see what they can do for you, to help you out, and to break the backs on law enforcement officers, and the Mayor of Las Vegas, and every other person, Lesbianist or not, who tries to interfere with me, or who tries to interfere with the people practicing my religion. I will not stand for any interference from any one, including Mr. George Bush, Jr., the current president of the United States, or any one else, such as the Mayor of Las Vegas, or the Governor of Nevada, or the Nevada Highway Patrol, or the Nevada Sherrifs Dept. or the Las Vegas Metro

Dept. or with any other persons or parties, such as the Las Vegas Gaming Commission, or any other Lesbianists' or Lesbianistic organization set up by the Lesbianists, and that means all you church goers, parochial school teachers, and students, and others, and if any one interferes with any one who comes to my ministry's claimed parcel of land that I am purifying for setting up my ministry, and if any one hassels any one there, than who ever is visiting the collection site, to help to purify it, you have my permission to kill the persons attempting to interfere in any way at all, on sight, with what ever you have to kill them with. Please dispose of their bodies in the nearest trash dumpster.

DO YOU HEAR ME? MR. MAYOR. YOU ARE A DEAD MAN IF YOU EVEN TRY TO SEE WHAT MY RELIGIOUS FAITHFUL ARE DOING, AND SO IS EVERY OTHER PERSON ON EVERY SCHOOL BOARD AND CHURCH OR OTHER LESBIANISTS' COMMITTEE. IS THAT CLEAR, EVERY BODY? GOOD!

You will not interfere with my religion, and with my religious faithful, and they will come to Nevada, and they will come to Las Vegas, and they will start sexaling on that property as they see fit. Does every body understand that? I hope so. Now. Non responsive persons, who ignore my statements, will find themselves in trash cans, and trash dumpsters, every where in Las Vegas, and any where else, where there is a convenient trash can or trash dumpster. There are lots of them around, and people are throwing dead people into them, every day, across the country and around the world, and they all end up in landfill sites, and so there will be no added charges for our using the statewide Nevada Silver State trash retainers and containers, for however many others who need to be killed, and for my religious faithful to then place them into the trash cans and trash dumpsters. No charges should be levied by any other Lesbianists' trash collection company, around the world, as they are all owned and operated by the Lesbianists, and we will not support them, in any way, what so ever.

If Mr. Mayor would like to be the first guest inside of one of the Nevada Silver State trash dumpsters, then he will try to interfere, in person, and he will be shot, point blank, in the center of his head. You will then kill him with three fivers, to make certain he is on his way to my Epcot Center, for his next trip out as a tummy baby. If the Governor of Nevada wishes to interfere, then he does so at the risk of being shot, killed, and made certain he is dead, with three fivers, and then after that, he will be deposited into a local or state trash dumpster, either here, in Nevada, or in California, or Arizona, or where ever it is convenient to dump him into a trash can, trash container, or trash dumpster.

Lesbianists Enjoy Eating People, Who Are Alive, As Well As Eating The Bodies Of Those Who Are Dead

You should let the state's vice mayor of Las Vegas's office know, who was shot, killed, and confirmed dead, after depositing three fivers into his or her head, and then where the body is, and generally when the body was dumped, so that they can get an idea of how decomposed the body is, and whether or not the body is in a land fill site. They can then check on it, and verify that the body will make it to the land fill site, if it isn't already, there, where all the other bodies, are ending up, unless they have already happened to have beeb eaten up by the Mayor, or by the friggen Governor, or by the Sherrif, or by another Lesbianist.

All persons are free to travel to Las Vegas, and they are invited to stay at the parcel of land that I described, and they are invited to make it into a nice camper trailer area for recreational vehicles, or for what ever other types of outdoors camping vehicles, travel trailers, caravan buses, or any other types of camp site temporary stay, housing and living arrangements you would like to use the area for.

Every Game Of Chance, Gambling Machine, Or Slot Machine Is Rigged, In Every Casino Around The World, With Only A Few Exceptions

If you will all sexal, regularly, to the best of your abilities, and help me to purify the area with your sexaling, undisturbed by any one, and clean it up with your purifying energies, you are more than welcomed to come and enjoy the area, and see what fine attractions, will be leaving Las Vegas, in the not so distant future, including the gaming commission, with all their phoney, rigged gaming systems, that the Lesbianists control.

The Lesbianists' Articles Of Participation

The Lesbianists have every game that you can possibly rig, controlled by electronics devices, or by slight of hand, mechanics, who control the gaming rooms, and gaming halls, so that only Lesbianists win any money, that is worth mentioning about, and so that the Gaming Authorities, and the Mayor's office, and every other Lesbianist organization in Nevada, who has any one in their office, can then go and get the money the Lesbianist won, and get a percentage of it, given back to them, as they have arranged to do that, as that is part of their oath, and part of their sworn promises to do, as that is written out in their articles of participation, their rules for living upsite, not down below, in the labrynthine cities, and every Lesbianist must follow those rules, and when they win the Megabucks, and every Lottery in the world, they must give back money to the Lesbianists, as every game of chance that is run in this world, except for bingo, is rigged. However, even Bingo is rigged, in some ways, by people switching cards that look like winning cards, while players are not looking, and by other naughty tricks.

Every Lottery In The World Is Rigged

Every lottery in the world, performs the drawing out of the balls before a live audience, in most cases, before they actually air the show, and they have illusionary tricks they play, with the technologies they have, and they sucker people out of their money, daily, around the world. Las Vegas is no different, and they sucker every one out of their money, except for the Lesbianists, and they let some people, win now and then, small jackpots, on the gaming machines, and then after a winning streak, they set the machines the person uses, so that the person can not win a dime. They have the technologies for rigging every machine in Nevada, and across the country and around the world, so next time you visit one of their casinos, be sure and detonate one of our bombs, you can make, and destroy that casino. Is that understood? I hope so, as every day, millions of people are being suckered out of their hard earned money, they pay taxes on, through the nose, till they are practically choking, and the Lesbianists take it, and support their folley and games. They also support their folley and games with your revenues, that they make sure you lose, at every casion, and at every gas station, with a convience store, that has gambling machines in it, for you to deposit you money into. Every lottery in the world is rigged, and so if you spend money on it, if you are not a Lesbianist, you are just throwing your money away.

No Fair Play In Nevada, And No Fair Play In The World

There is no fair play, here in Nevada, or any where else, in the world, and I would like you all to know that, and become aware of that, and then I hope you will tell your friends about it, and then I hope you will destroy every single last one of their casinos, and gaming machines. We are not going to allow them to continue their frolicking at your expense, and we are going to destroy every last one of the Lesbianists, as soon as we can. If they prefer to surrender themselves to my kids, than we can allow them to live. However, if they do not surrender themselves to my kids, then we will kill them all. And there are no 'maybe's' about that.

Sniper Shooting, And Miscellaneous Information

You have my permission to sniper shoot any police officer, park ranger, sherrif, or other person, plain clothesed police officer or detective, with or without a gun, on sight with your scoped rifles, and targeting assistant who will determine range, from your bunkered in the hillside, shooting site. Any hotel in the area, which might harbor shooters from local police, sherrif, or SWAT team operations groups, you have my permissions, and blessing, or go ahead, and my 'okay, and 'approved for action' sight of appeal. Sight of appeal means, my blessings, based on your determination as per your good judgement.

One hotel that is clearly the most convenient, and the closest with in shooting range, at close range, is the New Orleans Hotel. Hotels within shooting range, at a distance, are the Palm's Hotel, The Rio Hotel and Casino and its seperate tower wing, and a few others, off in the distance. You'll have to come and look at them from the approximate location of the site after you determine where every thing is, to locate and determine for your self which hotels and towers need to come down, and what you will need to bring them down. There is a tower off in the distance, a new hotel, that is going up, that I do not know the name of, but is clearly within shooting range, and needs to come down, and people are on it, daily, welding, and you can't miss it, if you look in the north easterly direction from the site. There is the Stratosphere Hotel and Casino, which also needs to come down, which is further over to the west from the new hotel wing that is going up. There are many scaffoldings in the area, that also need to come down with explosives, fracturables rocks, fuels, chlorine, and high temperature minerals particles ignition, and particles burnings bombs. There are probably a number of other landmarks, hotels, casinos, bars, restaraunts, trailor parks, trailors, houses, apartments, condominiums, near or off in the distance, that also need to come down, and need to be demolished with my light weight explosives fuels, gunpowders, metals particles, and chlorine plastique explosives bombs.

You will destroy them all, and you will come prepared, or be prepared to acquire all the demolitions needed to destroy them all, as well as to destroy all the local police and sheriff's many Metro offices, SWAT Teams offices and units, Fire and Rescue Ambulance units, Lesbianists' Hospitals, and other Lesbianists facilities, throughout the Las Vegas Valley, Henderson Nevada, North Las Vegas, Pahrump, Mesquite and the whole Southern Nevada, westward to San Diego, California, northward to Los Angeles, northward to San Francisco, California, northward to Berkely, California to Oregon, and Washington State, and back down to Reno Nevada, Arizona, New Mexico, Albequerque, Houston Texas, Dallas Fort Worth Texas, and all areas where there are tactical SWAT team units, military units, militia units, as all militias are organized and operated by Lesbianists, despite popular beliefs that they are independent of the government, and anti government, as we often see on the "TV for the Brainless", as they are often refered to, i.e., the general public.

You will destroy all law enforcement offices, and personel, and all military and militias. All governments, their offices, and employees, are to be destroyed, and all personel are to be executed, except for those who take it upon themselves to execute the Lesbianists among them. My kids have a full list of all the places and structures that need to be destroyed, and demolished, and so please see them for that information.

Your Orders Are To Kill The President Of The United States And His Wife

And to repeat, your orders are to kill the president of the United States, George Walker Bush, Jr., his wife, Mrs. Barbara Bush, Jr., and all of his and his wifes' Lesbianists' associates, pretend relatives, and friends.

We are not going to let this stand, another moment, and if they do not surrender to my kids, you are to execute them all. My kids have a list of names, of those, who have not surrendered, as yet. Please see them for and ask them for that list of names of persons who have not as yet, surrendered, and who need to be executed, post haste, immediately, or, ASAP.

United States President George Walker Bush, Jr., is no exception to this, as he has not surrendered, as of yet, and that is confirmed. Neither has any of his colleages, or congressional office holders and diet or congress members, except for Ted Kennedy, and one or so others, and maybe a cabinet member, one or there abouts, but I haven't confirmed that, yet. There are some members of the congress who are not Lesbianists, and you can get their names, on a list from my kids, as well.

Captain Off The Bridge.

Texas's Lesbianists' Latest 'Vaccine' And Texas's Attempts To Destroy Women's And Girls Vaginal Lining And To Destroy Cervical Lining, Causeing Stillbirths To Increase, And To Prevent The Successful Birthing Of Children

The latest attempt by the Lesbianists' governments of the world, near by my computer window, on the internet news services, to destroy and toy with the human population of this planet, has been launched in Texas, and is targeted at women and girls, and their ability to have children.

See the article at the end of this post.

The new vaccine, which is mandated by Governor Rick Perry, who signed it into law, and is now obligatory, unless you protest it, and go to court, and spend years fighting it, as an individual or small group of claimants, will destroy the vaginal cervical collar and the lining that holds every thing in place, and supports the interior of the vagina, thus making it impossible to carry a fetus to term. The vaccine is also targeting the brains fibers throughout the human body, and the fibers of the brains in a woman's or girls' body will slowly rot, and decay as they are eaten up by tiny animals that eat these energies conducing fibers, synapses, relay switches, and other related energical brainal related things and dings thoughout the body.

Latest Lesbianists' Vaccine Will Cause Numerous Problems

It will also speed up the eating away of the enamel of the teeth, and of the bones in the woman's and girl's body, her fingernails, and her skin membranes NS membraneous tissues throughout the body, and on the exterior of a woman's and girls' body, making the women and girls grow older looking at ever more younger ages, and making women and girls susceptable to skin cancer, melanoma, herpes, genital warts, other infestations of animals in the skin, and other skin related membrane destructing colonies of animals, that they use from out of their Bio Chem War encyclopedia of how to destroy human beings, with poisonous and health problems causeing crystals cages animals of all kinds. Especially numerous are the Bio Chem Warfare crystals cages animals of the petroleum industry's based kind.

The vaccine is no different from any other of the Lesbianists vaccines aimed at destroying the health of the people who live on this planet. It is compared to the 'polio' vaccine, in the news article, and that was similarly an attempt at destroying the health of the human being, by making the human being incapable of haveing any sexual orgasming capabilities, by killing off all the sex related animals and bugies in the body, which make sexaling juices, that make eroteming and orgasming possible.

Thus, this latest attempt at destroying the health of the people who live on this planet, locally, in Texas, and that I know of, anyway, is nothing more than the Lesbianists toying with the people who they are here to amuse them selves with by destroying them, little by little, over a long period of time.

Execute United States Of America, State Of Texas, Governor Perry And Family

This will not stand, and you will all destroy the capital of Texas, and Governor Perry's mansion, and the Governor and his wife, and their family, pretend or otherwise with my fracturable rocks and fuels chlorine and explosives, etc., bombs, that you will make in your home's garage, or workshop, safely.

Underground Books Distributor's For Militia Types Folks

Use the delayed timer invention, that is a workable time delay detonator, that I've explained about, especially if you use black powder gun powder, mixed with axel grease, turpentine, benzine, chlorine, using also some Elmer's glue, prior to mixing with chlorine, and then set it in a warm cupboard, to ferment for a few days, to then turn into a nice plastic explosives mixture for detonating with the string of flash bulbs wired to the alarm clock trick, as described by Ragnar or by one of the other bombs making specialists, in their sub culture literature for militia types folks, who wish to destroy the government.

They find the list of names of all the people who request the literature, by mail, and then they go and watch them, with their surveilance technologies they have, and then they either capture and torture them, and then kill them, or they just make sure they are die, in a fatal car accident, or whatever.

Paladium Press is one of the Lesbianists' book publishers, and there are others, and this one is affiliated with the National Rifle Association, a Lesbianists organization.

This publisher has titles sold to underground books distributors, and you can find a number of underground book distributors on the internet, which carry more titles than Palladium press.

Delta Press, who publishes their books and paraphenalia distribution listings magazine, 'Delta Force' is one of these distributors of interesting underground literature.

http://www.deltaforce.com/catalog/page30dp.html

'Home Made Fireworks', is one web page to look at, if you have the time.

http://www.deltaforce.com/catalog/page28dp.html

'Booby Traps, Explosives and Black Medicine', is another useful page to look at, as well.

http://www.deltaforce.com/catalog/page30dp.html

There are a number of other distributors of underground literature, and some have better selections than does Delta Press.

In any case, with a little research, there are plenty of 'timed detonation devices' drawings, and explanations, for you to view, and learn from, that will help you to construct a timed detonator, that will allow you to safely set off one of your plastiques bombs made with my explosives formulas.

Paladin Press, you can find their books at Amazon Books on the web, another Lesbianists owned corporation, is another publisher of interesting underground literature, that can be useful for you to study and learn from.

Paladin Press can be found at, http://www.paladin-press.com/

Books for supposed 'Professionals' who are anti terrorists professionals, that allow them to detect the different types of bombs people can make, and then use to destroy others, is sort of a tounge in cheek joke of the Lesbianists, for luring in people who wish to find information on bombs and explosives.

There are many useful books published to help beginners understand the basics of bomb making. The idea is to use the information for professionals who wish to understand the craft of making bombs, and detonating devices, and then use that information to build your bombs and your detonating devices.

The flash bulbs wired to an alarm clock with matches and ignitable phosphates glued to a string of flashbulbs, wired properly together, then crushed, so as to expose their flash and heat ignition coils filaments, for your detonating heat energies ignition needs, is one of the basics and you can find it in one or another of the underground books on bombs making and detonation devices making for 'professional' anti terrorist's private investigator or bombs detection professionals types.

This is one of the ways the Lesbianists lure in persons who know nothing about weapons, and then they find out who they are, and then they make friends with them, and toy with them, and introduce them to their Lesbianists' friends, and hang out with them, and pretend they are all friends, then one day, they all attack the person, and torture the individual, and get their kicks, amusing them selves, by ripping the person up, or by hanging, and nailing the person to a wall, with a nail gun using, approximately, three inch nails, and then hammering in longer, seven inch to twelve inch nails, or larger ones, or other similar nonsensical, childish, but fiendish behavior.

The "BRUTAL ART OF RIPPING, POKING & PRESSING VITAL TARGETS"
"by Loren W. Christensen"
http://www.paladin-press.com/detail.aspx?ID=1441

Is a beginners guide to ripping people apart, one arm, or leg, at a time, or with team work, one half of a person can be ripped from the other half, if you hold the right bones in place, and then, using teamwork, rip the person into two or more pieces. This book gives a person a preliminary sense of what he or she can muster, as an individual who attempts to rip at a person, and tear the person apart, one limb at a time, or with friends, how to rip a person up, one piece or more, at a time. Ripping people up is accomplished best, if they are unconcious. If they can not fight back, or resist, it is easy to rip a person apart, if you have the needed strength. Since many people have ancestors who were monkeys, chimps, orangutangs, guerillas, and so forth, with tremendous muscles strength, there are lots of very tiny persons, with phenomenal strength, and they can easily rip a person in two, by them self, if they try.

Books on booby traps for law enforcement personel, are simple descriptions of bombs that they may or may not encounter, and there may be some useful information in some of them such as,

"BOOBY TRAP IDENTIFICATION AND RESPONSE GUIDE FOR LAW ENFORCEMENT PERSONNEL"
"by Tony L. Jones"
"This manual teaches cops and other law enforcement personnel all they need to know to recognize a booby trap and respond properly. Find out where booby traps are most commonly employed; the 11 physical signs that most often signal a trap; what to do (andnot do) if a trap is suspected or found; how to safely search a building, outdoor site or vehicle; and the one indicator that practically guarantees that a building has been booby-trapped. Shows more than 90 different booby traps in place. For academic study only. 5 1/2 x 8 1/2, softcover, photos, 80 pp."

There are others, which you can also find, that will provide schematics, and drawings of useable ambush related devices, and detonators for them.

"Contingency Cannibalism", sold through Paladin Press, and other 'underground' book distributors, is one of the Lesbianists' favorite books, that help them to track persons who they would like to later, cannibalize, themselves, as a joke on the person.

"CONTINGENCY CANNIBALISM"
"Superhardcore Survivalisms Dirty Little Secret"
"by Shiguro Takada"
"This twisted, tongue-in-cheek look at cannibalism as a last-resort survival option analyzes real-life case studies and historical episodes of cannibalism. Then it examines the hard-core decisions and gruesome details one must know in order to partake in this grisly practice. Recipes included. For entertainment purposes only. 5 1/2 x 8 1/2, softcover, 160 pp."

The Rusksack, "Survival Information Clearinghouse", is just one club of members of mainly Lesbianists, who have fun toying with the people who live on this planet.

http://therucksack.tripod.com/survival.htm

Information On Bombs Making And Detonators On The Web

For information on making detonators, and other bomb related stuff, please see this web page as it costs nothing.

http://www.bombshock.com/archive/Homemade_Bombs/

Solar Flares And Flare Igniters

A solar igniter as talked about in the article on page,

http://www.bombshock.com/file9/crtrmkr.txt-Crater_Makers-932.htm

'Crater Makers', is a solar flare igniter, a device that is used in solar flares, or night time distress signal flares, that ignite the flare, by sending an electric battery current into the flare phosphates holding tube, down a wire, on an ignition circuit, and then igniting the distress signal flare.

You can find solar igniters inside of distress signal flares that are used on boats, for shooting up into the air, with a flare gun for maritime use, that will send the distress signal flare up into the sky, if you have the flare gun pointing in that direction, and then at a certain altitude, a trip switch circuit is activated, due to air pressure, or due to timing from time of departure of the distress signal flare from the flare gun barrel.

You have to exhibit extreme caution, when taking a flare apart, as it can detonate, accidentally, and they are not made in a way so that people can safely take them apart, and people who try to take them apart, are accidentally injured, on a regular basis. Do not use this, if you do not know any thing about demining, as a professional mine deactivating specialist in the military, or with military training. This is best left up to the professionals, and is not meant as something the average house wife, business man or business woman, or chemistry or other studies, school student, should attempt.

You can use a flash bulb, and get the same results, if you glue some gun powder and phosphates to the flash bulb housing, and then crush the glass, and then wire it properly to a common house morning wake me up, alarm clock with a striker bell and a striker that moves back and forth. The circuit is simple, and you can figure it out with little difficulty.

The Lesbianists' Balooney On Minus Charges As Opposed To Positive Charges

Remember the minus sign on a battery is where all the activity of the little energies kids is going on, and the Lesbianists purposefully teach that the positive side is where the current is moving out of, and around towards the negative side of the battery. The Lesbianists teach that the active side of the battery is the plus or positive side, or the side with the plus sign on it, when you look at a common house hold nine volt battery, and that the non-active side is the negative side, or the side of the battery with a minus sign. This is false. The side with the minus sign on it, is the active side, and that is where you do not want to wire any thing to, unless you know what you are doing. The positive side has no activity going on, and is safe to touch, but the other side is not safe to touch, and the testing meters are wired to show you that the reverse is true. They have tampered with the design of testing meters, so as to support their allegation and falseity, that the minus side is where there is no activity, contrary to the truth.

That means, that, the flash bulb igniter system and the flash bulb itself should indicate that one side is the positive side, for the positive wire to be attached to. You had better check carefully, and make sure there is no mischief here, as you do not want to detonate your igniter, accidentally. Ask a qualified electronics specialist to do all your wiring of your detonators, as he or she is the only person qualified to wire these types of detonators.

The Lesbianists' Maps Of The Brains

It's rather confusing, the way the Lesbianists have reversed things, and have messed around, so as to thwart your attempts to make nice detonators that work every time, unless you have a normal set of brains, which unfortunately, I have not got a pair of, or triple set, or more of. That's sort of a joke. On a magazine, yesterday, I saw how the Lesbianists teach that one part of the brain is for speech, and one area of the brain is for speaking, and one area of the brain is for sight, and one area of the brain is for logical thinking, and one area of the brain is for signing, or one area of the brain is for artistic inventioning, and so forth, but that's a lot of hog wash.

The brain is not partitioned in that way, and they know it, and they are misleading every one, and laughing at all of you while they are doing it, with their 15th to 17th century style drawings, that they have plastered on all the Time magazines, or what ever magazine cover it was on, that I saw in the check out lane, at the super market, yesterday. You have kazillions, and more of parts to your brains, and there are so many, it is unlimited, nearly, and your brains are so complex, and you have got brains in lots of other places in your bodies, other than in your head, and I'm not going to go into that one, now, but the Lesbianists are lying through their teeth, when it comes to this type of pseudo historically backwards, archaic, or cave dwelling human's notions on science, that should insult a first grader, or kindergarden school student, or preschool student.

In any case, ask your local electronics' specialist or house hold electricians' specialist, or handy man repair persons, who work for house hold water heating devices installation companies, or other electrical home appliances sales and installation companies, who also get confused, from time to time, as I've witnessed them, personally, blow up breaker circuits.

Get a qualified, and that's hard to find in so far as I've witnessed them at work, electronics' specialist to wire your detonators, or go take a course with my kids, as they have courses available on wireing such devices.

There is no minus charge, and there is no positive charge, and that is what you should understand. There is a side to the battery where there is lots of activities going on, and that is the minus sign side on the battery. The positive sign side on the battery is where there is little to very little or nearly no activity, but no activity is not the truth, either, as there is activity, you just can not measure it with todays' electronics measuring devices, as they are not technologically sophisticated enough to be able to detect the activity, though I'm sure there have been intrepid scientists who discovered that both sides of the battery have activity, and then they were shot and killed, after that discovery, by a Lesbianist assasin, or by a hired assasin, assigned or paid to kill the scientist who discovered that there is activity at the 'minus' side of the battery as well as at the 'positive' side.

That means, that you need only concern your self with the 'minus' side, since you will not be able to detect any thing at the positive side, unless you use the reverse wired electronics and electrical energies detection devices that the Lesbianists market through Tandy, or Radio Shack, and at Sears, and so forth.

It gets confusing, a little bit, doesn't it. Anyway, go and take a course at one of my kids classes, after you sign in, and swear in as a jr. member to our new country, which I haven't sworn on to, as yet, or joined - but though I am the boss of, regardless - since my kids do not speak to me, on a daily, or weekly, or other basis, and I just happen to be able to know what they are doing as they tell me what they are doing, through some secret port hole in one of my brains some where, in my toes, or nose, or who knows where, as they telegraph or some how signal in, using semiphore signaling, or probably hand signaling, that my brain then catches, and then passes on to me, their messages that they signal in to me, and the news, as well, about what they are doing, and about what is going on with them, and about what is going on with some other things, as well.

Since I am GOD, I happen to have a right to know this stuff, what they and every body else is doing, on a daily basis, but they haven't told me how my brains catch their information, yet, or the other information that gets there, some where into my one or more of my brains, and I haven't figured it out, yet, myself, either, though I think I know something, a very little something, about how it works.

This does not mean, that my brains are unreliable - except for my memories areas of my brains, in particular - but that I am just waking up to what is going on, here, and I have a few kazillions of years to work out every thing, or some of the basics, any way.

In any case, you have all been snookered by them, with regards to their non sense sciences, and you are being laughed at, and toyed with, daily by them. That happens to be the truth, whether we find it pleasant or not.

Execute The Current President Of The United States Of America, George Walker Bush, Jr.

In any case, the Lesbianists are a twisted group of individuals, who toy with the people who live on this planet. Mrs. Hillary Clinton, Bill Clinton, George Walker Bush, Jr. President of the United States, his wife, Barbara Bush Jr., George Bush, Sr., former president, and his wife, Barbara Bush, Sr, are all gagsters, or jokesters, who wish to only toy with you, and eat you, or deprive you of your life, and of your rights, in fiendish and horribalistic ways and manners.

They are all to be executed, especially George Walker Bush, Jr., President of the United States of America, currently residing at 1600 Pennsylvania Ave. Washington DC, in what they call the White House. You are to kill them all, and send every last one of them to my Epcot Center, as soon as is convenient for you.

Lesbianists Who Decide To Sexal In My Religion With Lesbianists And Non-Lesbianists' Persons

If any Lesbianists decide to sexal in my religion, with their friends, and their friends may include other Lesbianists who decide to sexal, as well, as well as, other people they know, then they may begin sexaling with their friends in my religion, however, they must have a pentative attitude, and they must say they are sorry, and they must now and then, when they feel they wish to, and feel emotionally and mentally capable of speaking about it, they can talk with their friends who they are sexaling with, and with others who wish to listen as well, and they can denounce the Lesbianists by telling people about the things the Lesbianists do, and did.

If they decide to do this, this is the same as surrendering, and my kids will protect them from other Lesbianists who might want to harm them. They have not sworn in, as a citizen of my and my kids' country, and as citizens of our country that every one is swearing in to as citizens, but it is sort of a promise to swear in, informal gesture that they are committed to, once they begin sexaling with their friends, and with other Lesbianists, who also wish to sexal and in time, denounce the Lesbianists with them.

Citizens By Proxy

By denouncing the Lesbianists organization, and by telling people about what the Lesbianists do and did, they are essentially stating they are sorry for what has happened, and that is a pentative attitude, and with that pentative attitude, they are accepted as citizens, by proxy.

Temporary Full Time Citizens

Citizens by proxy means they are accepted by my kids as pentative persons, who wish to join our country, and who there with, qualify as citizens of our country, in an informal manner. Citizen by proxy means, they give up their old citizen ship, to whatever government they used to belong to, and they are taken in, as temporary full time citizens.

Temporary full time citizen is a term that means they are full time citizens, but on a temporary committal agreement, and that will be made permanent when they have the chance to meet with my children, and then can swear in, as a permanent full time citizen.

They can then participate at the collection site, in the activities that will be going on, with others, who wish to participate, as they spill their juices, and purify the area with their sexaling juices.

What To Do About Untimely Pregnancies, Health Issues, Medicines, And Regroverative Formulas

My kids will deliver to them, to the men and to the women who surrender and become citizens by proxy, and temporary full time citizens, the needed medications that will help to make their bodies, wholesome and well, and regroverated, as well as the medications that are needed to prevent untimely pregnancies.

Medical And Housing Benefits, And Other Health And Work Related Benefits

My kids will make certain that they will be given the right medications, and my kids will also provide all the same medications for each individual who participates in the collection site activities to purify the area where we will one day set up my ministry with my kids assistance. My kids will also set up other facilities, as well as the ministry facilities. The other facilities will be scattered through out the valley, and they will be the houseing units and other facilities for people to use to become physically fit, well, and well nourished, and healthy, such as gyms, aerobic studios for practicing aerobic dance, and aerobic excercises, as well as sauna and health spa, and swimming, tennis, badminton, cricket, and other sports facilities for baseball, rugby, foot ball, for those who wish to play a friendly game of foot ball, now and then, with the needed bleachers, lighting, and other supportive facilities for allowing persons to attend and watch the games that are going on, not only for foot ball, or for base ball, but also for tennis, soccer, rugby, and all out door sports facilities that will be needed.

When will my kids set up these facilities? They will set them up at the same time or shortly there after, as my kids begin to set up my ministry facilities, and the needed facilities for living and working in the valley area, sexaling for a living.

At that time, the citizens by proxy, and all other persons who have not yet sworn in, but wish to, will have the opportunity to swear in, and then they can enter and use the facilities full time, twenty four hours a day, without any further discussion about it.

All people who participate in the collection site activities, are also citizens by proxy, and as such, will automatically qualify for all medicines, all health supportive medical formulas, and all youthfulness prolonging, or regroverative formulas, that will feed all the amoebes, and other cells, or living beings in your bodies, and that will feed all the living beings in your bodies, that will then allow you to enjoy full regroveration of your body and rejuvenation of your youthfulness, youthful energies, and of all the other health benefits that accompany a youthful body, such as more energy, a stronger libido, a more healthful body, and so on.

When do people begin this participation in the collection site activities? As soon as they come out here, to Las Vegas, and arrive in their camper trailers, or caravan buses, or other vehicles, or with their camping gear such as tents, and cooking grills, and so forth.

When Can People Begin To Come So As To Be Able To Participate?

How soon can people begin coming to participate at the collection site in the activities that will be on going at the collection site for some time to come?

They can begin coming to participate any time. My kids will watch out for the safety of all the people who come to participate in the collection site activities. My kids will prevent accidents such as current Lesbianists shooting at people at the collection site, from high rise towers, scaffolding, tall cranes, or from hotel and casino properties owned by the Lesbianists, and from other tall condominium and also from tall apartments buildings and also from normal sized, two or three storey, to eight or so stories, apartment buildings, in the area. Of course, my kids will prevent accidents from happening such as shootings, from all possible locations, and not just from those named structures and locations.

Sniper Points, Places Where Snipers Shoot From

There is no need to blow or destroy them with explosives, in Las Vegas, as there will be no way any one can use those hotels, and other structures, as shooting or sniper points, places where snipers shoot from, to harm any one who is participating at the collection site, in the collection site activities.

In time, every thing will be worked out, and all the people who must hand over their companies, or disolve their companies, and sell or get rid of the assets of their companies, all of that will be in compliance with my childrens' instructions with regards to it, as I've stated about it, already, in brief.

Once the facilities are set up by my kids, and people swear in formally, then my kids can begin to pay people their earned income, for the work they did as they sexal for a living, and for their work, as they spill their fluids, to purify the collection site, the collection site area, and the general vicinity.

Pocket Knives, Construction Tools, And Miscellaneous Daily Life Management Tools And Equipment

No one needs to bring weapons to the collection site area, or to Las Vegas, as they will not be needed, and pocket knifes are okay, and construction tools are okay, but they will be for daily use activities, only. Daily life management tools are forks, knives, spoons, chopsticks, plates, dishes, glasses, coffee cups, can openers, bottle openers, cork pullers, and these types of things, as well as all the other types of kitchen use tools for cooking food, for eating food, for drinking beverages, and for the collection of garbage, and food wastes, and for cleaning up their eating and cooking utensils, such as portable wash basins, and portable gas stoves, or fixed stoves, fixed wash basins, fixed showers in camper trailors, and in caravan buses, and so forth.

Hookups For Travel Camping Vans And Similar Vehicles

We have no hookups at the site, for water supply, electricity, or sewage, as yet, but the instructions that my kids will make available to persons who come in to my kids' underground facilities - the protected and encapsulated living environment - those persons who go in to recieve the instructions, and other information they must recieve on companies and assets, and persons moving on, and on persons staying, and other information needed to successfully carry out the removal of hotels, and the demolition of buildings, etc. which my kids will handle with the technologies they have available to them for their use for these purposes, and for other purposes.

Cleaning Up The Area And Throwing Away The Garbage

My kids will also handle the required steps for clearing up of the litter and garbage in the area, all of Las Vegas, Pahrump, Henderson, Laughlin, Mesquite, North Las Vegas, Arizona, New Mexico, California, Utah, and beyond, above ground and below ground, and for cleaning up the areas, and for removing the underground and above ground garbage, or city buildings and Lesbianists' structures, and all structures that are no longer needed, train tracks, airports, roadways, bridges, parks, hospitals, medical clinics, and so on, all of which will no longer be needed.

Schedule For Leveling Of The Ground And Hills In The Area, Removal Of Unsightly And Smelly Garbage

Initial leveling of the grounds' areas, leveling of the uneven surface areas, and leveling of the sloping areas, and of the tiny hills, and other uneven and unuseful features to the area, such as hills, low cliffs, and removal of unsightly, smelly garbage, will be done by my kids, with the technologies they have available to them, according to the schedule for making these types of changes, and cleaning up of the area, so as to make the area, one hundred percent, useable for collection site activities, for people to then come in and use the area as a collection site.

Setting Up New Facilities

My kids will take care of all of that, and they will take care of all of the work and tasks for setting up a private collection site area - for spilling purifying sexaling juices, to purify the area - in accordance with my kids' schedule for these works and tasks for setting up a private collection site area, with tall side walls, and barricade walls, to prevent people from rubber necking as they drive by, so as to prevent car, truck, automobile, motorbike, and bicyle accidents. My kids will also set up the latrines, and other needed hygenics facilities, sleeping accomodations, eating facilities, rehydration facilities, co-opted bathing facilities, sports and excercises facilities, and other facilities.

Co-opted facilities means facilities used co-optively by men, boys, women and girls. Co-optively means, in cooperating measures with each other. Cooperating measures means, each of the four groups of people, men, boys, women, and girls, will work together, to keep the facilities sanitary, clean and healthful, neat and tidy, and safe for use, keeping young children from playing on the stairs for the elevated latrines, and keeping young children from getting in the way of asscending and descending users of the co-optively, or cooptively managed facilities.

Fountains And Showering Lamponeers

My kids will also use their high tech teletransportation technologies for removing toddlers from the stairs, and for placing them in a much safer location, such as in a near by sand garden, or play area, with sandy areas, and with toys to play with, and with cold showers, or showering fountains, people can refresh themselves under, and with fresh water to drink.

Lamponeers are showers that shoot up from sprinkler systems embedded in the paved surfaces, or concrete like surfaces, that shower water up and over the area, up and above and over persons who are there, to cool every one off.

Restaraunts, Clubs, Lounges, Eateries, Cafeterias, Bars, Pubs, Bicyle Paths, And So Forth

Bicycle paths, mini bike paths, walking paths, with rest stations, for refreshments and food, will be set up, and restaraunts and other facilities will be set up, nearby and they will be accessable by following these foot paths, bicyle paths, waling paths, and so forth.

All needed facilities for all parties, such as accomodations, living quarters, health clinics, excerize facilties, swimming pools, saunas, spas, and clubs for eating and mingling with persons, either in light weight evening wear and garments, or partially naked, or in the buff, will also be set up by my children for the use by all legitimate collection site participants. Gurkian Laws apply, and no other laws, such as local area laws, will be enforcable. Police and others will be turned away, and the rights of participants at the collection site area, will be protected one hundred percent, as we begin to change over to the new Gurkian Laws we will all be living by, from now on.

Dealing With Criminally Minded Persons

Any violators of the Gurkian Laws, codes, statutes, and so forth, my kids will arrest, and detain, and then place into prison cells, and then sentence them, in accordance with the sentencing requirements under Gurkian Laws, etc., and they may end up doing humiliatory punishments, or community clean up activities. In any case, they will be arrested by my children, who will use their high tech, biometrics and teletransportation technologies, and their other integrated technologies that they have, to swiftly remove the violators of Gurkian Laws, from the collection site and from the collection site area, and vicinity, and that will effectively cancel out their participation, until sentencing has been given, and until penalties have been leaned.

Penalties have been leaned, means, they have undergone sentencing, and the penalties have been enforced upon the violators, i.e., the guilty parties.

Alterations, Modifications, Changes, Clearing Up And Removal Of Garbage In The Areas, And Additions Time Schedules

These modifications, alterations, changes, and additions, etc., will occur over a period of time, as my kids have a schedule for all of these changes, modifications, alterations, clean up, and additions, etc., and they must stick to the schedule, so after you arrive, if you do not see some thing you feel should be there, by then, it is not there because it is not on the priorities facilities and priorities changes, etc., schedules lists.

Captain Off The Bridge.

Texas requires cancer vaccine for girls

By LIZ AUSTIN PETERSON, Associated Press Writer

AUSTIN, Texas - Bypassing the Legislature, Republican Gov. Rick Perry signed an order Friday making Texas the first state to require that schoolgirls get vaccinated against the sexually transmitted virus that causes cervical cancer.
ADVERTISEMENT

By issuing an executive order, Perry apparently sidesteps opposition in the Legislature from conservatives and parents' rights groups who fear such a requirement would condone premarital sex and interfere with the way parents raise their children.

Beginning in September 2008, girls entering the sixth grade - meaning, generally, girls ages 11 and 12 - will have to get Gardasil, Merck & Co.'s new vaccine against strains of the human papillomavirus, or HPV.

Perry, a conservative Christian who opposes abortion and stem-cell research using embryonic cells, counts on the religious right for his political base. But he has said the cervical cancer vaccine is no different from the one that protects children against polio.

"The HPV vaccine provides us with an incredible opportunity to effectively target and prevent cervical cancer," Perry said in announcing the order.

"If there are diseases in our society that are going to cost us large amounts of money, it just makes good economic sense, not to mention the health and well-being of these individuals to have those vaccines available," he said.

Merck is bankrolling efforts to pass state laws across the country mandating Gardasil for girls as young as 11 or 12. It doubled its lobbying budget in Texas and has funneled money through Women in Government, an advocacy group made up of female state legislators around the country.

Perry has several ties to Merck and Women in Government. One of the drug company's three lobbyists in Texas is Mike Toomey, Perry's former chief of staff. His current chief of staff's mother-in-law, Texas Republican state Rep. Dianne White Delisi, is a state director for Women in Government.

Perry also received $6,000 from Merck's political action committee during his re-election campaign.

Texas allows parents to opt out of inoculations by filing an affidavit objecting to the vaccine on religious or philosophical reasons. Even with such provisions, however, conservative groups say such requirements interfere with parents' rights to make medical decisions for their children.

The federal government approved Gardasil in June, and a government advisory panel has recommended that all girls get the shots at 11 and 12, before they are likely to be sexually active.

The New Jersey-based drug company could generate billions in sales if Gardasil - at $360 for the three-shot regimen - were made mandatory across the country. Most insurance companies now cover the vaccine, which has been shown to have no serious side effects.

Merck spokeswoman Janet Skidmore would not say how much the company is spending on lobbyists or how much it has donated to Women in Government. Susan Crosby, the group's president, also declined to specify how much the drug company gave.

A top official from Merck's vaccine division sits on Women in Government's business council, and many of the bills around the country have been introduced by members of Women in Government.

Morals For A Sane Society - It Is Now Time To Destroy The Lesbianists - Destroying The White House, Balitimore, Maryland, And Virginia, Killing The President Of The United States, Mr. George Walker Bush, Jr., And Sinking The Eastern Coastline Of The United States Into The Atlantic Ocean - Chaos Every Where In My Universe - Bringing An End To The Chaos In My Universe - Surrendering And Repentance - Lesbianists With Non Repenentant Attitudes Who Will Not Surrender - Orders To Kill All Presdential Candidates, Etc. - New Coins Ready And Are The Ever Useful To Us! - Public Nudity And Public Sexaling - What Does The New Moralicity Mean, In Plain Language? Sexaling Is An Absolute 'Good' And An Aboslute 'Right' - Free Action Sexaling Updated: 13-02-07 Rev.a. 00.a PST 23:25

Morals For A Sane Society

To not fuck a person when you can fuck a person is a wicked act.

Not to fuck a man or a woman in the mouthal hole, or in the buttal hole, or to not fuck a woman in the vaginal hole, when you can, and when you are healthy, and when you have the time for it, by refusing, for what ever reason, other than mental illness, or 'gayist' reasons, you are committing a cheap and wicked act, when you refuse to fuck the other person, and use your dick, or your tounge to felate or kiss and tickle, and lick at the ladies' groinal area, and her vaginal cleavage, and vaginal flaps, or labial flaps, or labial tissue, and also her labial throes.

To not suckal a dick or a scrotum or tickle the males' groinal area, with your tounge, or with your fingers, and so forth, when you are able, and ready, and capable, is a cheap and wicked act, whether you are a woman or a man, girl or a boy.

You are given demerit points for not sexaling when you can and are able to sexal, and your time permits it.

To not participate in sexaling when you can participate in sexaling, is a wicked act. To prevent others from sexaling with you, or prevent a person from sexaling with you and your friends, these are both wicked acts.

A kindly and goodly person is a person who sexals all he or she can and who participates in sexaling with people, all he or she can, when ever he or she can to help those people, and one self, to erase the negative karmic markups each person has, and to help to create the wonderful energies that you can create by sexaling, and to change our universe into the nice place we need to change it into for us to live in, prospering with each other, in kindly loving embraces with each other.

If you stand or sit, talking, drinking, eating, with your clothes on, arguing, and discussing football, or baseball, or the local news on TV, or whatever, and you if you are not sexaling, as a result of your actions, when in fact, you could be sexaling, and helping to purify all the people around you, and yourself, as well, you are commiting an evil act, and an immoral act. It is immoral to behave in an uninterested manner, towards sexaling, and towards helping others by sexaling to purify their karmic markups. You are engaging in wicked, unkindly, and evil behavior, by non chalantly staring out the window, at a restaraunt, or in your car, with others around you, thinking about your miscellaneous thoughts, and by your not attempting to purify others, with every ounce of energy you have got, by sexaling with them, in a safe manner.

We do not want you to drive down the road, sexaling, and not paying attention to the traffic, and thereby causing accidents, and there be causeing harm and injury to self and to others, thereby preventing one self and others from their being able to freely mobilate, or move around freely, or ambulate, as they say in modern English, and then freely participate in sexalating activities of fucking, sucking, tounging, massaging the bodies, and the titties, and buttholes of women and girls, and massaging their kissing lips, and their vaginal lips, their facial cheeks, and their butt cheeks, and so forth. You must drive safely, and make it home, to a safe place, where you and your friends can freely sexalate with each other, without others interefereing with you.

A wicked or evil person is one who prevents a person from sexaling, and who destroys or ruins another person, physically, mentally, morally, emotionally, psychologically, or psychically, so that the other person can not participate freely and fully in holy and pure, GODLY sexaling activities.

This type of person who prevents others is a ruinous person, who will invite ruin and disaster to his or her doorsteps, and into his or her life.

There are many ruinous people, who execute others, and who torture, and cause pain, and suffering to others, and who disfigures others. These people who execute others, and who terminate their ability to sexal, prospering with others, making our universe into the kind of nice place we all want to be living in, together with each other, are wicked and evil people.

It Is Now Time To Destroy The Lesbianists

However, when we have a problem of the size and the magnitude of the Lesbianists, that we have, today, in this period of chaos, across my universe, and the Lesbianists' who are toying with humanity, and with all human beings who are not Lesbianists, it is time for us to take action, to prevent them from toying with us, and put a stop to their amusing themselves with their toying with us, any further, and it is now time to destroy them.

"I am Arjuna, a wickedly angry man, and I come to protect those who can not protect themselves. I will kill and thrust my sword and lance through the hearts of men and women who evilly try to prevent people from being prosperously good and bekindly to others."

This is a stanza or sentence from one of my writings, of old. 'Wickedly angry' in this sentence means, outraged, and furious, so much so, every one is scared and afraid of me.

I am 'wickedly angry' and I am here 'to destroy' those who would fuck us up, and ruin our lives, and make our lives miserable, as they toy with us.

My name is GOd, but in my Buddhist scriptures, I am referred to by many names. One of my many names, as I appear to people, in many and various personas, is Arjuna.

I have many sides to my character, as I am GOD, and I am here to protect my children, no matter what the name is people use to refer to me by, and that I am known by, and no matter how it is and no matter who it is among my many children, who I will protect from wicked and ruinous people.

Destroying The White House, Balitimore, Maryland, And Virginia, Killing The President Of The United States, Mr. George Walker Bush, Jr., And Sinking The Eastern Coastline Of The United States Into The Atlantic Ocean

There will not be any further Lesbianists living in Washington DC, or in Baltimore Maryland, or in Northern Virginia, and that vicinity, above ground, and below ground, if some one will be so kind as to place a very large explosives, fuels, chlorine, high heat burning metals fragments, and fracturable rocks bomb, outside the gates to the Washington DC White House, where the number one enemy, Mr. George Walker Bush, Jr., President of the United States, lives, and works, and then detonates that bomb, out side the gates of the White House, where the president lives, currently, and then destroys him, and his White House, a lair for Lesbianists, with multitudes of torture rooms, i.e, lots of them, below and inside of the White House.

You will destroy and kill the President of the United States, Mr. George Walker Bush, Jr., and Mrs. Barbara Bush, Jr. and every one else who lives at 1600 Pennsylvania Ave. Washington DC.

Why are we going to throw all these people into my Epcot Center. Once in my Epcot Center, they can freely sexal with each other and they can earn merit points.

That will help them straighten out their karma, and it will help them to have a nicer life, when they are born as tummy babies. There are many tummy mommies who will match up with these people, and when they come out as tummy babies, they can start their life, with us, out here in my universe with us, again.

Am I a wicked wrongful person for terminating so many people's lifes? No. Why not? Because that is the only way we can over throw the vastly wicked and evil Lesbianists who practically rule my universe, with their perverse friends, and there are many groups of perverse friends, who we are going to get rid of, and send into my Epcot Center, one after another, as we move ahead, in our efforts to clean up our universe, and in our efforts to stop this nonsense of senseless killings and torturings of people, for amusement, and for game playing.

The Washington White House is one of the homes for these perverse people who game play and toy with all human beings who are not Lesbianists, who live on this planet.

We have many Lesbianists to trash, and to say good bye to, before we can begin to get our world, straightened out, and started up again, with a new culture, with new morals.

We will throw out their old cultures, their Lesbianistic cultures, and we will replace them with our new culture, and our new civilization, that is based on my religion, and on the sanctity of sexaling as a common sense value.

Sexaling is a sacred and holy act. Even if you sexal with a kangaroo, or a chimp, it is still a sacred and holy act.

Why is that? It is because every body is made of something, and that something comes from me, GOD. That something from me, is pure and holy, as I am pure and holy. I designed every person, and every animal, and every living being, with sexaling capabilities that allow that pure and holy GODLYNESS to come out once they begin sexaling.

That GODLYNESS begins to radiate out, as each person begins sexaing, and as each animal begins sexaling, and as each living being begins sexaling, eroteming, orgasming, and phlumetting, and it purifies each and every living being, and washes away the karmic markups every person, and every animal, and every living being, has in them, and has stored in the molecules that are stacked up in my universe, out side the boundarary walls that hold this universe up, and that keep us in side of the area we are in, and that keep the rest of my universe standing up, stable, making this a safe place to live, at least, safe in so far as nothing comes crashing down on us.

My kids are expert builders, and it is thanks to them, that we have such a nice and safe, and well built universe to live in. It is also thanks to them, that we have these bodies to live in, and to sexal with, since my kids put us together, one molecule at a time, as we need to have our parts put together, along with all the anmials, and living beings, who are inside of us, that my children also assemble for me, and for us.

What is this GODLYNESS? It is a purifying force, that is of me, and is me. It is inside of every one, and inside of every creature, animal, and living being, in my creation.

This is woven into the fabric of your being, and it is of me, and is always a part of me, and is always connected to me. Since I am always pure, and GODLY, you have a possibility of becomeing pure, and holy, like me.

Right now, we are filthy, and grimey, and all gunked up, with sludge, and residues of our karmic heritage. We have done many things that contribute to who we are, and to what we experience, day to day, and if we are not happy with our life, that is because we have the karmic records and markups that dictate that we must be in this miserable and suffering condition, that we are in, today.

There is always sufferring, and unwholesomeness, in our lives, and around us, every day. There are many wicked things that go on, every day. People perpetrate wicked acts, daily, and they go on, unpunished, for a long time, until their karmic markups begin to add up to sufferings coming out, in that person's life.

Sufferings are your payback for your wicked acts, and they help to keep our universe in balance, as I've spoken about, a little, before.

It may seem unwholesome that I ask you to kill my kids, and put them into my Epcot Center, where they can sexal, and where they can get retrained, and where they can be taught to be nice people, after they are retrained, but my asking you to kill my kids, this is merely an expedient, or a means to an end, and it is permissable, given the circumstances, and given the situation, and given that we are at the begining of our new Age of Gurkian Englightenment.

The result we wish to see by killing them, is an end to the activities of the Lesbianists, and and end to the activities of other people like them, in my universe. The Lesbianists are ruining my universe, and ruining the lives of every body in my universe, and though this was the way things were balanced out, prior to now, we are starting out, with a new method of 'payback' and a new means to balance out the karmic balance book. This is all to be governed by my rules and regulations, that my kids will enforce, in our new, Gurkian Age of Enlightenment, begining about now.

Our killing the Lesbianists, will help to control their ruinous and heinous behavior and activities, and it will help us to get them out of the picture for a while, until we are able to set up our new government, globally, or universal wide, across our universe, in a one universe government, over seeing the activities of all of my kids. It is the only way we have to begin to get our selves straightened out, and onto our new path, that we will follow, for the rest of eternity.

This marks the begining of the Gurkian Age of Engligtenment, and it marks the end of the previous period, or random, or just about nearly random, chaos.

We went through a very long period of decline, untill we got to the period of chaos that we are in, now. This period of chaos, we call, the 'melt down' period.

The 'melt down' period, came after the 'run amuck' period, when my kids began their severely ruinous activities that led to the period of chaos that we are now in.

Chaos Every Where In My Universe

We are going to begin to pull ourselves out of this period of chaos, with the help of my religion, and with our religious activities, and it is going to take us a very long time to pull ourselves out of it, as this 'chaos' is going on every where in my universe.

It will take us a long time to begin to be able to erase our karma enough, based on my religious principals, and the ethics of the

Gurkian Age of Englightenment, and our religious activities of sexaling, dancing and excercising, and sexaling in syncopation with the metronome, at one thirty seventh and one fifth, or so, to then some day be able to have erased enough karma, to be rid of, completely, all these horribalistic people, my horribalistic kids, in my universe. When I say, be rid of them, I'm not saying, to trash them, completely. I am saying, we will put a stop to their activities, by changing our karma, and by purifying ourselves with my religion and our religious activities of sexaling, keeping time, in synch with my children, as we sexal, and as we activiate, playing basketball, tennis, or as we swim, or as we pray Nam Myeo Ho Ren Ge Kyeo, and so forth.

Bringing An End To The Chaos In My Universe

We are going to bring an end to the chaos, and to the chaotic behavior, and abberant, ruinous behavior in our universe, as we bring this period of chaos to a close. We will, as we steadily move forward, open the way for the budding and flowering of the Gurkian Age of Enlightenment, and to the budding and flowering of the new age of friendship and loving care, among all of my children, who participate in my religious, social, economic, and karmic revolution, as we sexal with each other, lovingly, and strive to clearify and erase our karmic markups, sexaling, and synching our activities to one thirty seventh and one fifth on the metronome. Later we will fix our metronomes to keep exact pace in synch with my children, and after we fix and reset the timing scale of the metronome, the timing will be one thirty seventh, exactly, on the metronome.

Our sexaling will produce all types of wonderful, purifying energies, that will revive our universe, and that will revive us, and that will help us to reclaim our universe, and that will help us to live, prosperously, and prosperingly in our universe, together, with each other, and with every one of my children, as we reform the bad and naughty ones, who are wicked and unkind to others, and who prevent people from sexaling, together, with each other.

That means, we are going to kill all the bible thumpers, Pat Robertson, Orwell Roberts, Billy Grahm, Tammy Faye, Jim Faye, and all the other Lesbianists of every religious faction, or group, whether they are Lesbianists who are christians, islamists, judaists, shiites, hindus, buddhists, black moslems i.e., afro american black muslims, or whatever.

We are going to destroy them all, all who would try to prevent us from what we are attempting to accomplish, a global, universal wide, government, run by me, GOD/GOd, as I am the Captain of this ship, and then we are going to begin our new age of Enlightenment, hand in hand with each other, and when they come out of my Epcot Center, again, next time, to be born as tummy babies, to tummy mommies, and to tummy daddies, we will teach them the new rules, ethics, and morals of our new universal wide society, and then we will begin again with them, and raise them in accordance with the new rules, laws, regulations, ethics, and morals of our Gurkian Age of Enlightenment, led by me, GOD/ GOd.

Surrendering And Repentance

Those who will surrender, will be allowed to be repentantent, and they will be forgiven for their misgiven, misbegotten, and ill minded ways, once they begin sexaling with the rest of us, and participating in our religious, economic, and social revolution, and once they begin following Gurkian laws, rules, ethics, the codes and norms of behavior, and our righteous, and correct morals, acting and exerting one's efforts for the sake of others, never sparing a moment of energies, wastefully on trivial and trite activities of gossipping, mischiefing, or other harmful, and potentially ruinous, wicked, and evil behavior.

Lesbianists With Non Repenentant Attitudes Who Will Not Surrender

Those who will not surrender, we will send to my Epcot Center, as that is the only way we can get them out of the picture, temporairily, so that we can then get things in order, before they return, once again, as tummy babies, into the lives of tummy mommies, and tummy daddies.

Orders To Kill All Presdential Candidates, Etc.

You are hereby authorized by me, GOD, John Francis Ayres, to kill all United States Presdential candidates, including but not limited to, Barack Obama, Hillary Clinton, and Mitt Romney. They are to be executed on sight. Also, you are ordered to kill all non repentent Lesbianists, such as, Vice President Dick Cheney, Tony Blair, Butros Gauley, Oliver North, Colin Powell, Oliver Poindexter, Casper Willard Weinberger, United States Supreme Court Chief Justice John Roberts, Associate Justices, John Paul Stevens, Anthony Kennedy, David Souter, Clarence Thomas, Ruth Bader Ginsburg, Stephen Breyer, Samuel Alito, Antonin Gregory Scalia, Arnold Swarzneggar, Sylvestor Stallone, Robert Deniro, Gary Busey, Kevin Sorbo, Timothy Dalton, Michael Jackson, Matt Damon, Bruce Willis, Mila Jovovich, Peter Jennings, all members of the United States Congress who are Lesbianists, and all other Lesbianists, whether in politics or not, and in whatever government you find them, around the world. There are many Lesbianists in local and metropolitan police departments, and in SWAT Team units, and in fire departments, and in the National Guard units throughout the United States, and Lesbianists own every news media organization, television corporation, cable television corporation, satelite television corporation, major radio station, transportation corporation, chemicals corporation, petroleum corporation, coal mining corporation, as well as every other major corporation around the world. You are to kill every last one of them, and spare no one. We will then destroy every underground city they are hiding in, and force them to surrender. If not, we will kill them all, and I authorize you to do exactly that, kill every last one of them, all thirteen billion plus Lesbianists, hiding under the surface of our planet, or out walking about, pretending to be an ordinary citizen on this planet. Nothing is further from the truth, and you are authorized to kill each and every one of them, and send them all to my Epcot Center, using what ever means available, including my tactical, powerful, home made radiological explosives bombs, i.e., nuclear explosives. Please study my notes on my web site for further details regarding radiological fracturable rocks, and my notes on how to make an explosive weapon to detonate nuclear materials, you can find along beach shorelines, in sediments deposits, and on old mountains, every where on our planet, if you have a geiger counter.

New Coins Ready And Are The Ever Useful To Us!

http://money.aol.com/news/articles/_a/new-dollar-coins-enter-circulation-this/20070211095409990001?ncid=NWS00010000000001

"Updated:2007-02-11 15:20:31"
"New Dollar Coins Enter Circulation This Week"
"By WILL LESTER"
"AP"
"WASHINGTON (Feb. 11) - Maybe Susan B. Anthony and Sacagawea should not take public rejection personally. It's not easy overcoming people's indifference to dollar coins, even those honoring such historic figures."

See also,

http://news.yahoo.com/s/ap/20070211/ap_on_bi_ge/money_ap_poll

The new coins reportedly have many fracturable rocks in them, as the metals used, were mined from deposits of minerals that contain large amounts of fracturable rocks.

They also have high heats and high temperatures burning minerals in them, that will level up your thermal temperatures to near solar temperatures, if grinded up and mixed in, and allowed to ferment, in sour berry juices, slowly, with tiny amounts of salt, and large amounts of raw sugar.

The high heat temperatures, and the energies produced at these higher heat levels, will reach near solar heats energies temperatures, and that is very important for developing the energies needed to wake up every body, in the fracturable rocks - or 'fissile' materials, in Lesbianists' speak, or Lesbianists' mumbo jumbo language - to get them to begin making children and families.

Please see my notes on 'Radiological' crystals cages salts kiddies, and other related energical animals kiddies, of various, and hard to imagine, types, unless you're a kid and unless you have the mental flexibilities and typical mental gymnastics capabilities of a normal child, unhindered by brainwashed thinking and brainwashed patterns of thought the Lesbianists have caged, and closeted in the dark, our brains with.

Public Nudity And Public Sexaling

Public nudity and public sexaling is now a way of life for all, in our, now, Gurkian Age of Enlightenment. We will begin broadcasting live sexaling events, and other entertaining and informational, educational programming,, as soon as I get my new quarters, a unit to live in, where I can eat more properly, sleep more properly, recieve the medical health aides and regroverative formulas, that I need, and where I can practice my religious ceremonies, with others, daily.

The public broadcasting of various informational programing, educational programing, sexaling entertainment programing, sexical, hygenical i.e., sexaling hygene, and sexical educational programing as well as sexical training programing, as well as my religious ceremonial sexaling activities, and my general, more typical day to day, religious ceremonialing, for now, until I get my health up to a level of youthful vigor, and robust wellness, as I religiously interact with my students, and train them, the disciple priestesses, and disciple priests, will all help to set the basis of normative, and expected, social behavior, for all people in our universe, to learn about, now in our Gurkian Age of Enlightenment, so that we can all get along, with one primary set of customs and standard of behavior, and with one primary language for communication, as we will all be sexaling with each other - all of my children who are now just begining to get with the program, at least, anyway, will be sexaling with each other - from now on, and for all eternity.

We need this exposure, as well as alternative programing, for laundering up to, and for begining to expose ourselves to, and learn about, the reality of the universe, my universe, that we live in.

Laundering up to, means, exposing ourselves to the mischievous antics of the Lesbianists, to launder their filthy, garbagical, and tormentuous ways, so that all may learn about them.

This will be coming up, in the near future, possibly, as far as I can determine, any way, after we have the spilling of the sexaling fluids campaign under way for purifying the area where I will be setting up my religious ministry, on the parcel of land, on the north west corner of the intersection at West Tropicana Ave. and South Decature Blud., Las Vegas, Nevada, and possibly on confiscated properties to the north, as well as to the west, for now. This is a public service, informational bulletin, on what you are to expect, in the near future. Prepare yourselves, accordingly.

What Does The New Moralicity Mean, In Plain Language?

Our new moralicity means we are going to learn we can and should sexal with every person, and even with animals, when we have a chance or opportunity to sexal with people and animals, and that we can and should sexal with every person we see, so long as we have a mutual reciprocical understanding of the truth to sexaling, that it is a pure, blessed, and holy act, GOD, me, made possible, to purify you of

even longer, a number of weeks, or even a number of months, before the body will begin to respond, and begin to flex, and bend, to help all the ligaments, sinews, cartiladges, tendons, muscles, and all the body parts, and supporting, interwoven parts of your bodies, as I've briefly talked about, before, as well as all the lubing stations, that will eject fluids to assist in the loosening up of your bodies' ligaments, sinews, cartiladges, tendons, muscles, and even the bones, to allow them to be more flexible, including the jaw bones, facial bones, neck bones, spinal bones, leg bones, thigh bones, hips bones, pelvic bones, buttal bones, groinal bones, back bones, and all the bones of the body. Every bone in your body will loosen up, and become more flexible, and pliant, durile, durable and tensilely strong, as you massage all the parts of your body, and the bodies of the people you are sexaling with, very young, young, adolescent, adult, middle aged, elderly, and even the ancient, or the extremely very old.

This is the truth to this matter, and you can find out for your selves, if you try and see how your bodies respond, to daily, rigorous, continued massage, over various lengths or periods of time.

This is part of the ancient and old art of sexaling, as I taught in my religious teachings, in every religion that I taught, and I have taught a lot of religions in my time, to lots of different peoples in my universe, from the begining of our time, here, together, in our universe, after we arrived, which I've talked a little about, before.

Sexaling Is An Absolute 'Good' And An Aboslute 'Right'

Even the veryest oldest and the veryest youngest have a right, duty, and obligation to sexal and produce holy, sacred, sanctifying, i.e., to make sacred, holy, and pure, harmonious, purifying energies.

It is an 'ABSOLUTE' RIGHT as in, a 'right' to free speech.

It is also an 'ABSOLUTE' RIGHT as in, 'this is right, correct, upstanding, laudable, commendable, proven to be always right, correct, true, holy, graceful or GODlYNESS and GOODLYNESS gracefilled, morally right, morally correct, morally absolutely right, and morally absolutely correct', as opposed to, right and wrong, i.e., as in the opposite of wrong, as in, that is wrong, that is incorrect, evil, hateful, sinful, morally inaccurate, morally wrong, morally defunct, undoable as it will not stand, and useless,'.

It is also an 'ABSOLUTE' GOOD and an 'ABSOLUTE' GOODNESS.

Free Action Sexaling

Anything that counters, or runs contrary to this, is an 'ABSOLUTE' WRONG, and an 'ABSOLUTE' EVIL. It is absolutely wrongful to deny or to prohibit or to interfere with, in any way, with any one who wishes to sexal, as THAT PERSON IS CLEANING UP MY UNIVERSE WITH HIS DICK, OR WITH HER VAGINA, BUTT, AND TITTIES, AND WITH HIS

PURIFYING ENERGIES, OR WITH HER PURIFYING ENERGIES! DO YOU UNDERSTAND THAT?

Any body who even attempts to impede, to deny, to prevent, or to interfere with, in any way at all, with a person's absolute right to sexal runs counter to Gurkian laws, regulations, codes, ethics, morals, standards, and you will serve jail or prison time, for prohibiting, or interfering, or impeding, or violating in any way, a person's absolute right to free action sexaling, which is, the act of freely chooseing who one wishes to sexal with. DO YOU UNDERSTAND THAT, SOLDIER? GOOD! BECAUSE A "NO SIR!" WOULD BE INAPPROPRITATE AND UNACCEPTABLE!

To learn more on these subjects, swear in, and become a citizen of our country, and begin studying, and working in the many programs my children have for you to study and work in, to score earning points, and to earn a living in our new, Gurkian Age of Enligtenment, where and now that we work, and we pay as we go.

Those who refuse to work, in time, will be required to work, to pay off their debts and to pay off the fees that are owed for the use of my resources, all the molecules in my universe, and all the resources, energical, or otherwise.

Even though I am GOD, in our new system of working in my Gurkian Age of Enlightenment, even I have to pay for the resources that I use, as I work as chief priest of my religion, spiritual director of my universe, and boss of my universe.

I'm the mother and father, the creator of all humans, animals, and living beings, as I've explained, every thing in my creation, and people will begin to understand that, that I am GOD, as they practice my religion, over the years, and over the aeons, and over the millenias.

The people who refuse to work, will be required to work in prisons, sexaling with animals, to produce sexaling energies that will restore the supplies of energies in our universe, as I've mentioned about, before, as they work and learn their new trade of animal husbandry, and animal wifery, in the animal habitry industry, as I've also mentioned about, in earlier notes.

No matter what the age of the person, every person can participate in our Gurkian Age Of Enlightenment, sexaling, dancing, excercising, and syncopating their movements, in rythm, to assist my kids as my kids, work to keep my universe, strong, durile, flexible, safe, and a nice place for every one to live in.

DO YOU UNDERSTAND THAT? YOU HAD BETTER, AS A "NO SIR!" WOULD BE UNACCEPTABLE, SOLDIER! DO YOU HEAR ME? I HOPE YOU DO! NOW, GET TO WORK AND SEXAL TILL YOU DROP, SOLDIER, AND I'M NOT JOKING!

We will build a nice and comfortable, safe place for every one to live, now, in my universe, and we will follow the Gurkian Age of Enlightenment Rules and Regulations, Codes, Morals, Ethics, and behavioral norms, that you are required to live by, now that we are going to become, one, very big, happy, harmonious, in synch, prospering family.

You will not forget to wash out your butty butt holes, and to flush out your vaginas, and your mouths, and to practice proper and health promoting sexaling and love making hygene, with the medical formulas that my children will be providing to you, and that you will pay for, out of your earnings, and they are very reasonably priced, now that I am making every thing available to every one, at a set, yet, flexible, and low cost for the use of my resources, once you citizenize your selfs, and swear in, as a citizen of our new, global, i.e., universal wide, one universe, family of GOD's, that's me, children.

The costs are flexible, in the sense that you do not have to pay, yet, as you will be learning about the ways to work, and you will be learing and preparing your selfs for a new working life, in my universe, for some time, and so we have no hurry to have you pay for the resources you use. We can collect the fees, and costs for resources, in the future, when you are a big money earner, once you learn your new work requirements, for sexaling for a living, as that is the only job opportunity open to every one, and the only job opportunity, that you have a choice about.

My working children, though they do have many different jobs, they have basically the same set up, or arrangements as you now will have, and so you will be joining my children, and you will be working, i.e., sexaling, excercising, aerobically dancing, and so forth, in synch, and in rythm, for me, just as all of my children are doing, at least, those of my children who are able to work, and who are bright and intelligent enough to work for me, to keep my universe, healthy, safe, solid, durile, strong, wholesome, and a nice place to live in.

That means, I have a lot of burnouts kids, and rampant, vagarous, dangerous children, who are not really very bright, and they do not work for me, yet, but they will, in time, regardless of the fact that they may at the present, be abominants kids, or not.

As I've mentioned, all my up until now, non working children, are abominants. What does that mean? It means, they do not give a darn about killing another person. They kill for selfish reasons, and for fun and games, and so forth, and you are all guilty of that, though you may not remember that you killed for fun and games, and for selfish reasons, in previous lifes, in my universe, but you all have, and you are all abominants, of varying degrees.

So, welcome to the Gurkian Age of Enlightenment, and welcome to my workforce.

Captain Off The Bridge.

I still see them occasionally, often on the top of big
old Suburbans for some reason. Not exactly a practical
thing--I imagine they're constantly raking trees and
overhangs and such. But I often get a grin when I see
the things. :-)

I got into mobile HF about a half-dozen years ago; I had
just bought a white 2000 Chevy Impala, mounted a 706 in
the glove compartment--or, as my wife pointed out with
real pain in her voice, where the glove compartment used
to be. :-) I had a trunk-lip-mounted Hamstick for 20 or
15, an MFJ mag-mount 6-meter quarter-wave, and a little
2meter mag mount on that car.

For a while I was puzzled at how many people in front of
me would abruptly slow down when I got behind them. Then
I realized some of the local police departments had
bought white Impalas, and seeing one festooned with
antennas (more and bigger antennas than actual police
cars) apparently made people think I might have been
"The Law." I left the 706 in that car for several
years--it was easier than un-shoehorning it out of the
dash--but took the antennas off as soon as I quit using
HF from the car, to quit scaring people. :-)

I ran into one of those guys last summer, not just one but two antenna's as described. I chatted with him a bit and found out he was running a 10KW CB rig. I was incredulous until he popped open the hood to show me the 5 alternators running off the engine to power it. The engine was also modified to kick up the idle when the rig was one so it wouldn't stall when keyed up.

I've pretty much come to the conclusion that the FCC has completely given up enforcement on the CB bands.

SB DX @ WW < KB8NW $OPDX.798
Ohio/Penn DX Bulletin No. 798

The Ohio/Penn DX PacketCluster
DX Bulletin No. 798
BID: $OPDX.798
February 19, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N1DG, NC1L, KA2AEV, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, N5FF, K8DJC, K8GG, K8YSE, K9EL, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DJ0GM, DK8JB, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, I2WIJ, IT9EJW, IZ8EDJ, JA1ELY, OM2TW, PY2HS, RSGB IOTA, SM5GMZ, VA3RJ & ICPO and YZ1EW for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 11th-February, through Sunday, 18th-February there were 230 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3W, 4J, 4L, 4S, 4U1U, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, D6, DL, DU, E5, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J3, J6, J7, J8, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T2, T32, T7, T8, T9, TA, TF, TG, TI, TK, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP6, VP8, VP9, VQ9, VR, VU, XE, XT, XU, XW, XX9, YA, YB, YI, YK, YL, YN, YO, YU, YU6, YV, YV0, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZK2, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3DA, SWAZILAND (Update). To celebrate the 75th Jubilee of the Irish Radio Transmitters Society (IRTS), a group of IRTS members are planning a "AFRI75 Dxpedition 2007" to Swaziland between March 16-25th. Activity for this DXpedition will also cover St. Patrick's Day and the CQWW WPX SSB Contest. The callsigns to be used will be published as soon as available. The DXpedition's leader is IRTS Vice President Paul Martin, EI2CA (3DA0PM). Currently, the following members have signed up for the DXpedition: Peter/EI7CC (3DA0PB), Aidan/EI8CE (3DA0AM), David/EI4DJ/GI4FUM (3DA0DG), Rory/EI4DJB (3DA0RH), Brendan/EI3GV (3DA0GV) and Pete/GI4VIV (3DA0GI)
A private UK/Ireland YAHOO newsgroup for this DXpedition is available at:
http://uk.groups.yahoo.com/group/AFRI75/
Admission to this group is by request only and is at the discretion of the group moderators. Skeds may also be requested to any of the DXpedition members. Operation will be on all bands with particular attention given to the WARC bands, digital modes and the LF bands. It is also hoped to have some activity on EME, 2m and 6m. QSL Manager for all callsigns is via EI7CC and cards may be sent direct or by the bureau. Also, please visit the IRTS Web page which will be updated with information on a regular basis at: http://www.irts.ie/cgi/afri75.cgi
A log search facility will be updated on a daily basis.

4S, SRI LANKA. A few weeks ago we mentioned that Joel, F5PAC, would once again be active from here as 4S7PAG from February 2-22nd. We also mentioned that Joel would try to activate one of Sri Lanka's Coastal Islands (AS-171, possibly Barberyn Island) on February 10-11th. We were informed by Alfred, DJ0GM, that Joel was not able to activate Barberyn Island because foreigners are not allowed to go to this island. He also mentioned Joel had several problems getting on the air from 4S-land. Alfred states that Joel hopes to hit the airwaves by Saturday, February 17th and is currently staying north of Colombo on the westcoast of Sri Lanka. Joel was heard this past weekend on 14256 kHz after 1300z. Look for him on 20 and 17 meters. QSL via F5PAC.

4TH INTERNATIONAL DX CONVENTION (Rome). A press release from the Strange Radio Team states: "The hills of the Roman Castles and a sumptuous 19th century villa only a few kilometers outside of Rome will be the scene of the 2007 4th International DX Convention organized by the Strange Radio Team (SRT), which will be held on next May 5th and 6th. On Saturday the 5th, from 3 PM to 8 PM, the DX Conference will be held followed by the 3rd Strange Radio Event 2006 Awards. Sunday the 6th will be devoted to visiting the Eternal City, marvellous Rome! This year, differently from the previous editions, the convention will gain a greater international dimension with the presence of illustrious, renowned foreign guests who will speak during the proceedings. The hotel features ample parking, a restaurant, bar, and a fully-equipped conference center. In addition, all the rooms are a harmonious blend of elegance and practicality besides featuring every type of confort (each room is equipped with Internet connection)." For more details and program schedules, please visit the SRT Web page at:

http://www.strangeradioteam.com

4U, UNITED NATIONS HQ. Operators Johnny/LA5IIA, Martti/OH2BH and Bernie/ W3UR, were active this past weekend as 4U1UN during the ARRL CW DX Contest as a Multi-Single effort. Remember to QSL via HB9BOU.

5C/CN2, MOROCCO. Dick, W7ZR, will be active as 5C5Z during the CQWW WPX SSB Contest (March 24-25th) as a Single-Op/Single-Band (20m) entry. He will be operating CW and RTTY before contest as CN2ZR. QSL via W7ZR.

6W, SENEGAL. Pete, SM5GMZ, informs OPDX that he will be active from here starting April 27th. The callsign will be 6V7-something. He plans to operate for 12 days. Activity will be on all modes and bands, but look for him especially on 80/160m.

9M6/9M8, EAST MALAYSIA. Pete, SM5GMZ, informs OPDX that he will be active as 9M6/SM5GMZ between March 13-21st. He plans to be active on the lower bands on CW. On March 22nd, Pete will go to 9M8-land and during that weekend he will work the CQ WPX Phone Contest together with Steve/G4JVG.

ANTARCTIC ACTIVITY WEEK (AAW). Remember that the Worldwide Antarctic Program's (WAP) will hold their 4th Antarctic Activity Week (AAW) this week, February 19-25th. This annual event is to promote worlwide interest in the Antarctic continent. There should be many special event callsigns on the air from around the world. For more details and a list of callsigns, please visit the WAP's Web page at: http://www.ddxc.net/wap

ARRL'S 2007 GREAT LAKES DIVISION CONVENTION. Mark your calendars and make plans to attend and be part of the ARRL 2007 Great Lakes event of the year! The GLDC will be held on September 22nd the day before the 2007 Cleveland Hamfest, so make it a weekend to visit Northern Ohio. The GLDC's location will be at the Sheraton Independence Hotel, 5300 Rockside Rd., Independence, OH 44131 (Tel: 216-524-0700). The Convention/Seminars will begin Saturday, 11:30 AM, followed by a dinner banquet in the evening. The seminars will be geared towards the new upcoming (and old) DXers and other amateur radio interest (Emergency Comm., AMSAT, ARDF, Antennas..etc.). Seminars will open with guest speakers Bob Heil/K9EID and Chip Margelli/K7JA from Heil Sound. DX Seminars will be moderated by Tedd/KB8NW (Editor of the OPDX) with guest speakers Bernie McClenny/W3UR (Editor of "The Daily DX and Weekly DX" and QST's "How's DX?" column.), John Papay/K8YSE (Swains Island operator) and possibly other speakers. Seminars will close with Tim Duffy/K3LR (on Antennas/Contesting). The dinner banquet will be at 7:00 PM with guest speaker Joel Harrison/W5ZN, President ARRL. For more details on tickets/rooms and updated convention information, please visit the GLDC Web page at: http://www.2007gldc.com

BS7, SCARBOROUGH REEF. Last week we announced the upcoming DXpedition to Huang Yan Dao (Scarborough Reef) which will take place in late April. The multi-national team is seeking financial contributions to help defray the cost of this DXpedition. Full details on how to contribute can be found on the DXpedition's Web site at: http://www.bs7h.com/

C5, THE GAMBIA. Members of the "Mosquitos Contest Club" (known as OM0C

Contest Crew) are pleased to announce a DXpedition to Gambia C5. A group of 6 operators will be active as C52C between October 17-30th. Activity will be on all HF bands (160-10m), and 6m with an accent on the lower bands, especially 160m. They plan to have up to 4 well equipped stations on the air. They will also participate in CQWW SSB Contest. Operators mentioned are: Rich/OM2TW (Team Leader), Bob/OM1KW (CW/SSB operator), Roman/OM2RA (CW/SSB operator), Joe/OM5AW (CW/SSB operator), Noro/OM6NM (CW/SSB operator) and Dano/OM1NW (Digi modes and SSB operator). The last major activity from Gambia was the C5Z (2003). During this DXpedition, the group wants to try to activate Bijol Island (AF-060). Currently, they still don't have permission for landing and the licence for the island. QSL via OM2FY, direct or by the Bureau. More information will be available on:
http://www.om0c.com/gambia

C9, MOZAMBIQUE (IOTA Op). Remember to look for operators Jose/CT1APE and Filipe/CT2GLO to be active from Bazaruto Island (AF-072, WLOTA LH-0816) as C98APE and C98GLO, respectively, between now February 24th. Activity will be on all HF bands with modes of CW, SSB, RTTY and PSK31. QSL via their home callsigns.

D6, COMOROS. World traveler Vladimir, UA4WHX, is currently active from here, D60VB, and as always the length of his stay is unknown. Look for him to be active on any HF band CW/SSB. He was heard this past week on 30/20/17 meters. Vlad has been travelling throughout Africa for sometime now, and who knows where he will be active from next. Many have been complainning about "When will the QSLs be out?" The answer is when he returns to Russia. It is recommended to hold off sending QSL cards until he is done with his travels. Once that happens, then you can batch up all of your QSL cards in one envelope and send them to UA4WHX.

DAYTON TOPBAND DINNER. George/K8GG and George/W8UVZ sent out the details for the upcoming Daytom HamVention Topband Dinner. The press release states: "All 160 meter enthusiasts are cordially invited to the Topband dinner on Friday evening of the 2006 Hamvention in Dayton. This annual event brings together 160 meter operators from around the world for food, drink and camaraderie." Details are about the same as last year. The date will be Friday, May 18th, the time (Social Hour 6:15 PM [cash bar], Dinner 7:30 PM), and the location is: The Barnsider Restaurant (Near Hara Arena and Hamvention), 5202 North Main Street (Highway 48 just north of Needmore), Dayton, Ohio [PH.(937) 277-1332]. The cost is 29 USDs each, in advance, which includes complete dinner, taxes and gratuities. To reserve a seat, send your pay dinner cost to: George Guerin, K8GG, 14322 A Drive North, Ceresco MI 49033-8611 (USA) (e-mail: k8gg@arrl.net). PLEASE NOTE: Reserve now and pay dinner charge by May 1st. Foreign visitors may pay at the door but need to reserve by E-mail (or airmail) now. This restaurant is space limited, so please make your reservations ASAP (they have only 100 seats). If you reserve by E-mail, you will be confirmed by return E-mail shortly. If you mail in your request, please include an E-mail address or SASE for confirmation.

DXCC NEWS (CORRECTION). Last week (in OPDX.797) the year was listed wrong for the VU7RG operation. It should have read:
     VU7RG - Lakshadweep Islands; Operation from January 14-26th, 2007

DX MARATHON DEADLINE NEARS! John, K9EL, reminds everyone that the last day to submit your scores for the 2006 DX Marathon is February 28th, 2007. All submission information and forms are available at:

http://www.dxmarathon.com

If you use DX4WIN, you can create a submission using a tool from AD1C at:

http://dx4win.ad1c.us/marathon.htm

FR, REUNION ISLAND. It has been reported that Gildas/TU5KG should be going QRT as FT5XQ/mm and is expected to be on Reunion Island on February 20th before heading back to France on February 26th for 10 days. His tour has been cut short due to the breakdown of the refrigerator on the ship.

HH, HAITI (Update). We were informed this past weekend that Dale, N3BNA, who was recently active from Paraguay as ZP6/N3BNA, and was to be active (along with his brother Ray, KC3VW) from southwestern Haiti, is currently having radio problems. His QSL Manager Mike, KA2AEV, states that Dale is hoping that he will be able to make repairs and get back to business as soon as possible! If you hear him, please QSL HH7/N3BNA via KA2AEV. QSL HH7/KC3VW via his home callsign or by operator's instructions.

IOTA NEWS..............................

AS-139. Operators He/BD1DRJ, Jack/BA4ALC and Wenjun/BD7KLO will be active as homecall/7 from Weizhou Island, February 20-24th. Activity will be on the HF bands, CW and SSB. QSL via their home callsigns.

EU-034. Frank, DL1FT, will be active as ES0FTZ from Saaremaa Island, July 11-21st. Activity will be on 80/40/30/20/17/15 meters SSB. For more information and exact times, check Frank's Web site at: http://www.funkexpedition.de/estland

EU-054. Operators Giovanni/IT9GAC, Giacomo/IT9GIE, Rosario/IT9IVA, Carmelo/IT9TPJ, Eugenio/IT9VKY, Eugenio/IW9BCW, Giuseppe/IW9BDV and Nucifora/IW9FY will operate as IF9RGE from Favignana Island (IIA TP-011, MIA MI-025) between April 21-23rd. Activity will be on HF (CW,SSB, RTTY), 6 and 2 meters. QSL via IT9EJW, either by the Bureau or direct to: Alfio Bonanno, Via della Regione, 20 - 95028 Valverde (CT), Italy. Visit the Radio Gruppo Etna Web page for updates and more information at:

http://www.rgetna.org

NA-091. Heinz, VA7AQ, will be active as VA7AQ/p from Quadra Island (BC-006 for the Canadian Islands Award) between July 26th and August 1st. Activity will be on all bands, SSB only, plus an entry in the RSGB IOTA Contest (July 28-29th). QSL via his home callsign, direct or by the bureau.

NA-183. Operators Enrique/XE1IH, Francisco/XE1KOF, Luis/XE1YJL, David/XE1XR, Martin/XE2ML and Ben/XE2AUB will be active as 4A3IH from two different islands with the same IOTA references. They will activate Roqueta Island (Light House ARLHS MEX-069) between

May 14-19th and Ixtapa Island between May 21-26th. Activity will be on HF (CW, SSB, Digital mode), 6 and 2 meters and the satellites. QSL via IT9EJW, either by the Bureau or direct to: Alfio Bonanno, Via della Regione, 20 - 95028 Valverde (CT), Italy. More information is available at:
http://www.mdxc.org/4a3ih

OC-164. Operator John, VK6HZ, will be active as VK6ARI from Rottnest Island (WLOTA LH-2197), March 5-11th. This will be a holiday style operation with IC-7000 on SSB, PSK and RTTY, possibly CW. Activity will be around the usual IOTA frequencies. QSL via VK6HZ.

JW, SVALBARD. Maria/IN3TCH and Mauro/IN3SAU will be active from here as JW/homecall from March 8-11th. Activity will be on RTTY and SSB from the Longyearbyen JW5E club station. Look for them to be active on all bands especially the low bands. QSL via IN3SAU.

KH2, GUAM. The Japanese WRTC2006 Team members Fukuda/JK2VOC and Nose/JA2BNN will be active from here for the Russian DX Contest in March. Fukuda will participate as KH2/JK2VOC and Nose as KH2/JA2BNN, both as Single-Op entries. Operators will be here between March 16-19th. Activity before the contest will be on the WARC bands. QSL via their home callsigns.

KH8S, SWAINS ISLAND (DXpedition Update/Added Operations). Hrane/YT1AD, with the team of Krassimir/K1LZ, David/K3LP, Alan/K6SRZ, Doug/N6TQS, Harry/RA3AUU, Eugene/RK3AD, Viktor/RU4SU, Vangelis/SV2BFN, Alekcej/UA4HOX, Roman/UR0MC, Milovan/YU1AU, Mladen/YU7NU, Vel/YZ1BX, Stevan/YZ7AA, and potential team members Srecko/YU1DX and Dragan/YZ1EW, will be going on a DXpedition to Swains Island between April 4-15th, using the callsign N8S (November Eight Sugar). They will stay on Swains Island 10 days and will operate with 6 stations on the air at the same time. Activity will be on 160-2 meters using CW/SSB/RTTY/SSTV/PSK31. Current suggested frequencies are:

BAND	CW	SSB	RTTY	SSTV	PSK31
160	1825	1835	1835	-	1835
80	3505	3795	3582	3723	3582
40	7005	7082	7035	7035	7035
30	10105	-	10145	-	10145
20	14020	14195	14081	14230	14081
17	18075	18150	18100	-	18100
15	21020	21295	21081	14230	21081
12	24895	24950	24920	-	24920
10	28020	28495	28081	28680	28081 kHz

Frequencies for 2m and 6m will be determined later.

The DXpedition will also be active from the Tokelau Island as ZK3A between April 16-19th, and the Independent State of Samoa (5W - formerly known as Western Samoa from 1914-1997) as 5W5AA between April 20-24th.
QSL N8S via YT1AD: Dr. Hrane Milosevic, 36206 Vitanovac, Serbia - EU
QSL ZK3A via YU7NU: Mladen Bogdanov, Beogradska 21/18, Pancevo, 26000, Serbia - EU
QSL 5W5AA via YZ7AA: Stevan Stepanov, Temerinska 22, 21000 Novi Sad,

Serbia - EU
The total cost of the DXpedition is 155,000 USDs. All donations are welcome. To donate, please contact the co-leader of the DXpedition, Dave/K3LP via E-mail at: K3LP@yahoo.com
Also, it seems the DXpedition team is still looking for one more operator. For more details and updates, please visit the KH8/S Web site at:
http://www.yt1ad.info/n8s/

LX6, LUXEMBOURG (Attention Prefix Hunters!). A new prefix, LX6, is now being issued to Novice licenses as of January 1st, 2007. The LX6 stations are now allowed to work on 160/80/15/10 meters with 100 watts.

OPDX ADDRESS CHANGES. PLEASE NOTICE (as of February 12th), there are new E-mail address changes (listed below) for the OPDX InterNet HELP/SUBSCRIBE/UNSUBSCRIBE request.....

PJ7, SINT MAARTEN ISLAND (NA-105). By the time you read this, Alex, PY1WAS, should be active as PJ7/PY1WAS through February 22nd. Activity will be on 40-10 meters, most CW with some SSB and some VHF operations. Especially look for him on 60 meters (5403.5 kHz). QSL via the LABRE-SP Bureau or direct to: Liga de Amadores Brasileiros de Radio Emissao,
- LABRE-SP, PObox 22, (ZipCode:) 01009-972 - Sao Paulo -- SP, Brazil.
More info is available at: http://www.qsl.net/py1was or dalmasso@uol.com.br

QSL STATUS OF CN3A AND 5D5A. Bob, I2WIJ, QSL Manager for CN3A and 5D5A callsigns, regrettablly informs the deserving HAM community that due to unpredictable delays in QSL card printing, he is not able to answer any of the QSL card requests yet. As of February 14th, he hopes that the printed QSL cards should be available before the end of the next month.

Some of the VU7MY logs (as well as VU7RG) are now available online at:
http://www.dx-pedition.de/lakshadweep2007/logs/logsearch.php

S9, SAO TOME and Principe. Luciano, CT1HHP, will be active from Sao Tome as S92FM (waiting confirmation) from February 26th to March 7th. Activity will be on 40/20/15/10 meters and perhaps 17 meters using RTTY and BPSK31. QSL via his home callsign.

SU, EGYPT. Members of the German Lufthansa ARS will be active from here between March 3-12th, using the special Egyptian callsign SU8DLH (Deutsche LuftHansa). Activity will be on all HF bands, CW, SSB and the Digital modes. Further information about the QSL Manager to be announced soon.

V7, MARSHALL ISLANDS. Look for Keisuke, JK1QLR, to be active once again as V73KN from Majuro Island (OC-029), March 16-22nd. Activity will be on all bands. QSL via JK1QLR only, either through the JARL Bureau (DO NOT QSL VIA THE V73 BUREAU!) or direct to:
Keisuke Nagase, #203 371-1 Bishamonyokocho, Kamigyo-ku, Kyoto 6020817 Japan.

YK, SYRIA. Saad, N5FF, will once again be active as YK1BA. He is expected to arrive in Damascus during the evening of April 9th and should be active between April 10-27th, before returning home to Texas on the 28th. Saad informs OPDX, "As usual, the purpose of the trip is not a DXpedition, so my operating will be spotty. However, I hope to be able to operate at least 3-4 hours a day. With the current band conditions and my typical operating times, I suspect that I will spend most of my radio time on 30, 40, and 80 meters. However, I will operate on whatever band (80-10m) and mode that have the best propagation at the time. Most probable operating times are between 2000-2300z or between 0200-0500z, and possibly some occasional activities between 1200-1400z. I will be active on SSB, CW, and RTTY." QSL via N5FF.

Well, 10kW = 13hp.
Allow 50% efficiency for the TX, so there's 26hp.
I don't know about the alternator - 70%?
That makes it 37hp before the vehicle moves.
Ian.

The code hating losers were too stupid and lazy to learn and use CW,
they're also probably going to be too stupid and lazy to solve TVI
and interference problems with their neigbhors. There will be more
amateur to amateur and amateur to non-amateur conflicts. Hams will look
bad and the FCC will regulate the service more because of all the retards
we let have HF privledges.   CQ Breaker, CQ Breaker.

Welcome to CB everybody.

Not sure if this made it the first time since I never got it back...

Radio Enthusiasts,

This posting is to invite radio entusiasts to investigate Internet Relay Chat (IRC), a free realtime multi-user chat medium that allows users to connect to a network of servers and chat in realtime with other users connected to any of the servers on the same network.

IRC uses "channels" similar to the chat rooms on AOL for those familiar with those. Anyone who connects to any server in an IRC network can join any channel on that network and chat with any and all other users in that channel regardless of what server in the network they have connected to.

Using IRC, it is possible (for example) for radio clubs, ARES/RACES or other EmComm groups, etc. to have a realtime online chat forum where members can connect and have sort of an online clubhouse or meeting. This is great for groups with members in widely separated geographical areas who can't otherwise have a "meeting" in the usual sense.

The IRC network IRC-GLOBAL is one example of an IRC network, and it happens to be operated by radio hobbyists. Feel free to check out the network's website at http://proxemic.net - this network is now inviting radio enthusiasts of all stripes to use the IRC-GLOBAL network as a forum for realtime multiuser chat with other like-minded individuals. Hams, CB operators, scanner and shortwave listeners, whether individuals or clubs, are welcome to use this network.

IRC-GLOBAL offers five open public IRC servers using active connection ports 6661-6669 (and also, 6697 for SSL connections). running full modern services (ChanServ/NickServ/MemoServ/BotServ/HostServ). Secure client connections are available using SSL. Channel owners have full founder control of services tools and security options. All of this is free, there is no charge of any kind for the use of any IRC-GLOBAL servers or services.

There are already some radio-related channels formed (#monitor, cross-linked to the #monitor channels on four other IRC networks as well, is the busiest right now), or you may of course form your own channels - about radio, or anything else as long as it's not illegal or just for the purpose of harassing others.

I hope nobody will consider this "spam" or be offended by it, if so, I apologize - I'm posting this as a network administrator on the IRC-GLOBAL network, I have no financial axe to grind since the use of the network is totally free to any and all who wish to use it. I'm one of the radio hobbyists who has helped put this network together and just want to invite other radio people like myself to make use of it.

Hope to see you on IRC-GLOBAL soon!

73 de John Kasupski, KC2HMZ
IRC-GLOBAL Network Administrator

FYI - IRC is also one of the larger sources of computer infections, so be sure yours is fully patched & all protection software is activated before you take the suggestions below!

Well, that's good advice that should be followed before you even connect to the Internet, even to download your e-mail. I do know, however, that I've used IRC regularly since 1996 and have never, ever gotten any kind of virus or other infection as a result of my IRC activities. Thoigh I suppose other people's mileage may vary.

John

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 18th-February, through Sunday, 25th-February there were 228 countries active. Countries available: 3A, 3B8, 3D2, 3DA, 3V, 3W, 4J, 4L, 4S, 4U1I, 4U1U, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9U, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, D6, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J3, J6, J7, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, T8, T9, TA, TF, TG, TI, TK, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP6, VP8, VP8/o, VP9, VQ9, VR, VU, XE, XT, XU, XW, YA, YB, YI, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK2, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B6, AGALEGA ISLAND (DXpedition Update). Team leader Witek, SP9MRO, sent out the following press release (edited): "2007 DXpedition to Agalega Islands 3B6 Newsletter No. 3 -- Today (February 21st) the decision to suspend the expedition to 3B6 Agalega had been taken. We will decide on March 15th whether it is postponed only or rather cancelled. The decision is due to enormous costs of the expedition that have much exceeded the estimated budget.

The expedition was supported by PZK, SP-DX-C, G DX Foundation, EU DX Foundation and institutional sponsors as well as other hams from a few countries. We would like to thank all of those. Our main sponsors have decided that the period between receiving the licenses and the time set by Mauritius' government to start the ham's activity is too short.

Due to all of that, expedition's members are checking the possibility to postpone it until the 4th term of 2007 unless it collides with September's expedition to St. Brandon.

All of the donations will be immediately returned the same form they were paid. We hope that, in case of reorganizing the expedition to Agalega in the end of this year, our kind donors will be able to support us once again. We would like to thank those who supported our actions, especially those from Mauritius. Simultaneously we would like to apologize to all of those who along with us counted on QSO in March 2007."

3DA, SWAZILAND. Operators Filip/ON4AEO, Kath/ON7BK, Danie/ZS6VWD and Elize/ZS6EMH will be active as 3DA0FC from April 5-9th. Activity will be on 80-10 meters including the WARC bands. QSL via ON4CJK. The group's Web pages are: http://www.3da0fc.be
http://www.filipstattooshop.be/swaziland

6Y, JAMAICA. Iain, KI4HLV, is expected to be active as KI4HLV/6Y5 on the satellites from Kingston very soon. He is expected to be active there for an extended time. Hopefully, more details will be forthcoming. If anyone needs/wants 6Y5 on the satellites, please contact Iain at:
ki4hlv@gmail.com

9U, BURUNDI. Operators Franz/DJ9ZB and Baldur/DJ6SI are now active as 9U9Z and 9U0X, respectively, until March 1st. Activity is expected to be on 160-10 meters on CW and SSB. Baldur has been heard mainly on CW and active on 30/20/17/15 meters. Franz has been mainly SSB on 20/17 meters. QSL 9U0X via DJ6SI and 9U9Z via DJ9ZB.

AH7, HAWAII. Bill, W8QZA, will be operating from the QTH of KH6SQ for the ARRL International DX Phone Contest (March 3-4th) as AH7ZA. His category will be All-Band/QRP. QSL via W8QZA.

BD3, CHINA. Look for Zhang, BD3APX, to be active during the ARRL International DX Phone Contest (March 3-4th) as a Single-Op/Low-Power entry. QSL via BD3APX.

BS7, SCARBOROUGH REEF. The following is another press release on the upcoming DXpedition to Huang Yan Dao (Scarborough Reef) which will take place in late April. PRESS RELEASE (February 21, 2007): "Plans and arrangements are on track for the scheduled date of late April. Equipment is being received from sponsors and testing will begin soon. So far Icom, Acom, SteppIR, Butternut and Heil have provided equipment.

To those who have already sent donations, thank you. Please help us make this operation a success by assisting with a donation. You can see your donation listed on our web site at www.bs7h.com. Your donations can be received using Pay Pal, credit card or by mail as explained on the web site. All support is appreciated. You can also sponsor a page on the web site, contact N1DG if interested at don@aurumtel.com.".... Tom, N4XP

The multi-national team is seeking financial contributions to help defray the cost of this DXpedition. Full details on how to contribute can be found on the DXpedition's Web site at: http://www.bs7h.com/

CT3, MADEIRA ISLANDS. Operators Rosel/DL3KWR and Hardy/DL3KWF will be active again as CT3/DL3KWR and CT3/DL3KWF, respectively, March 8-22nd. Activity will be mostly CW and on the WARC bands. QSL via their home callsign. E-mail requests for bureau cards can be sent to: <dl3kwr@darc.de> or <dl3kwf@darc.de>, respectively. Their Web site is at:
http://www.mydarc.de/dl3kwr

CU2, AZORES. Look for Pedro, CU2CR, to be active during the ARRL International DX Phone Contest (March 3-4th) as a Single-Op/Low-Power entry. QSL via CU2CR.

E5, SOUTH COOK ISLANDS. Remember to look for Bob, G3PJT, to be active from Raratonga Island (OC-013), March 3-17th. He has requested the callsign of E51PJT. Activity will mainly be CW and an entry in the RSGB Commonwealth Contest (March 10-11th). QSL via his home callsign, direct or by the bureau. E-mail requests for bureau cards can be sent to: g3pjt@btinternet.com

FY, FRENCH GUIANA. Oliver, F5MZN, will be active as FY5KE during the ARRL International DX Phone Contest (March 3-4th) as Single-Op/All-Band/ Low or High-Power entry. QSL via FY5KE.

IOTA NEWS....................

AS-079. Take, JI3DST, will be active as JI3DST/JS6 or JS6RRR from Miyako Islands, March 2-5th. Look for him to be especially active on 160/80/40 meters. QSL via his home callsign through the JARL bureau only.

AS-148. Operators Rocky/HL1VAU, Ryu/DS4NYE and Han/DS2GOO plan to activate Sonyu Island (Korean Distriction Number G02) on March 1-4th. Operators will sign homecall/4. Activity will be on 40-10 meters CW/SSB/RTTY and PSK31. Their activities will also include the ARRL International DX Phone Contest (March 3-4th) signing as D70LW/4 and possibly as a Single-Op/Single-Band (20m)/High-Power entry. QSL via their home callsigns and D70LW/4 via DS4NYE. Look for pictures and online logs to be available after their return trip.

OC-164. (Update/Change) Operator John, VK6HZ, will be active as VK6ARI from Rottnest Island (WLOTA LH-2197), March 2-11th. This will be a holiday style operation (between fishing, drinking beer, fishing, spending time with his family, drinking beer and fishing!) using an IC-7000 on SSB, PSK and RTTY, possibly CW. Activity will be around the usual IOTA frequencies. John informs OPDX that he hopes to be up on 40 meters SSB during the evenings, then the following mornings. He suggests to look for him around 1100z for an hour or two, and 2200z, again for an hour or 2 on 7055 kHz SSB or 7030 kHz CW. John states, "Look on 6 meters (50.110) for VK/JA, but please don't expect much! Hope to spend some time over the weekend of March 3-4th on 20 and 15 meters SSB/RTTY and maybe some PSK. Will hopefully have online logs uploaded each evening at: http://home.exetel.com.au/vk6hz
If not during the operation, the logs will be avaliable after March 15th online. QSL is via VK6NE."

MOST WANTED OCEANIA SURVEY DEADLINE APPROACHING. Mark, ZL3AB, wants to remind operators in VK/ZL and Oceania area that submissions for the "Oceania Most Wanted Countries List" will close on February 28th. Lists can be submitted in text, Word, or Excel formats or simply in the body of an E-mail. Email your list to: giggs501@yahoo.com.au
The results will be published in March and E-mailed direct to all who submit.

OE4, AUSTRIA. Members of the OEVSV HQ Contest Team will be active as OE4A during the ARRL International DX Phone Contest (March 3-4th) as a Multi/2 entry. QSL via OE1EMS Direct.

ON60, BELGIUM. Look for UBA club stations in Belgium to use the "ON60" prefix until early 2008, to celebrate the 60th annivesary of the UBA, the IARU Society for Belgium. A special commemorative UBA 60 Award will be available. Contact at least five different ON60 stations during the calendar year 2007. Each ON60 station is only valid one time. There are no band or mode restrictions, but contacts via repeaters, packet radio or echo link do not count towards the award. The award can be achieved by HAMs and SWLs worldwide. Endorsement stickers are available for 10, 20 and 30 different contacted ON60 stations. For more details, please see the following Web page at: http://www.uba.be/hf/awards/awards_fr.html
Web page is in French, but Google will translate the page.

PJ2, NETHERLAND ANTILLES. "The Sultans of Shwing" will be taking a break from the snow and the cold of northern climates to spend a few days on the sunny Island of Curacao (SA-006) sippin' some brews and makin' some Qs. Operators Chad/WE9V, Scott/KA9FOX, and Mike/K9NW will be active from February 26th to March 6th signing PJ2/homecall. Look for them during the ARRL International DX Phone Contest (March 3-4th) as PJ2T in the Multi/2 category. QSL PJ2T via N9AG. QSL all other individual (PJ2/homecall) callsigns via their home callsign addresses.

PJ7, ST. MAARTEN. Bil/W8EB and his wife Dorothy/W8DVC will be here between now and March 25th. Activity will be on 160-10 meters, CW, SSB, RTTY and PSK31 as PJ7/W8EB and PJ7/W8DVC. Bil will operate in the ARRL DX SSB Contest (March 3-4th) as PJ7B. This will be Bil's 12th consecutive ARRL DX SSB Contest participation from St. Maarten. All QSL requests go to W8EB. Visit their PJ7B Web site at: http://www.qsl.net/pj7b/

9Q1EK/9Q1TB QSL STATUS. QSL Manager Osten, SM5DQC, informs: "Due to a misunderstanding between me and the printer, Tony, LZ1JZ, (my fault) I have not yet received the 9Q1TB cards - please be patient! I'm up to date with mailing of 9Q1EK cards, more than 230 letters mailed as of today (February 20th). Georges is now back from his vacation, busy with work but on the bands as much as he can.. For Europeans: We don't have �euro� postage here, it's the same 11 SEK if mailed to USA or to Finland. 1 USD is NOT enough as our postage to ALL foreign countries is the same, and we do NOT have economy mail, all mail goes as 'priority mail' = 'air mail'. (USD 1 = SEK 7)"

There is a log search available at: http://www.logsearch.de However, Osten states that there are �busted calls�, and if you have any questions to please send him an E-mail at:

sm5dqc@areteadsl.se -or- sm5dqc@arrl.net

NEW UK POSTAL RATES. QSL MANAGER Phil Whitchurch, G3SWH (AD5YS), reports that beginning April 2nd, 2007, the UK postal rates will rise across the board by slightly more than 10%. Current situations and for some time now, the 1 USD has been insufficient to pay for the minimum return postage to countries outside Europe. This new increase will mean that 1 USD is no longer sufficient to pay for the minimum return postage to countries *WITHIN* Europe. There is no surface mail service offered by the Royal Mail to countries within Europe. However, they do offer a surface mail service to countries outside Europe. However, at today's exchange rate, the new postage cost is barely met by 1 USD and with the continuing decline in the dollar/pound sterling exchange rate, it is unlikely to remain so. The good news is that the new, 2009 expiry IRCs are still exchangeable for the minimum return postage to all parts of the world. However, very few seem to be using them at present. Please bear the above in mind when sending QSL requests which may not be able to be processed and returned before April 2nd. In particular, the cards for the VP2MTE operation are unlikely to be received from the printers by this date. Please do not send currency other than USDs or properly stamped, 2009 expiry IRCs. If you must use mint stamps, please supply them loose (not stuck onto the envelope). Any QSL requests received without adequate return postage will be answered via the RSGB bureau.

SESH AWARD. The editor of Polish Radio Amateurs' Journal "QTC" is issuing a "Special Events Stations Hunter Award" (SESH) to an amateur radio station which can submit proof of 100 or more contacts with special events stations. QSOs can be made on all bands and modes for contacts that have been made after November 15, 1945. The SESH Award is also available for SWLs. For complete details, visit QTC's SESH Web page at:
http://qtc.radio.org.pl/pokazartykul.php?articleID=482

TP2, FRANCE (Special Event). Francis, F6FQK, TP2CE Station's Director, informs OPDX that to commemorate "International Woman Day", the Council of Europe Radio Amateur Club (TP2CE) will be active between March 9-11th. The station will be operated by 3 YLs (operators were not provided) on CW, SSB and RTTY. QSL via F5LGF. Visit the Council of Europe Radio Amateur Club (CERAC) Web site at: http://www.coe.int/t/e/tp2ce

USI ACTIVITY. Operator Jay, AE4MK, is expected to be active as K3USI from several new islands in North Carolina for the U.S. Islands Awards program April 20-22nd. His plans include to activate the following islands: Bear (NC-new), East Dudley (NC-new), Wast Dudley (NC-new) and Huggins (NC-new). Jay will be kayak camping on the North Carolina coast near Swansboro. He will be limited to battery power using only a TS-50 w/50 watts on all bands. QSL via USi eQSL, direct or by the bureau.

V7, MARSHALL ISLANDS (Update). Keisuke, JK1QLR, informs OPDX that he will once again be active as V73KN from Majuro Island (OC-029), March 16-22nd. Operations and band activity will be limited because Keisuke will be there on business. He recommends to watch for updates on QRZ.com. QSL via JK1QLR only, either through the JARL Bureau (DO NOT QSL VIA THE V73 BUREAU!) or direct to (new address):
Keisuke Nagase, 486-60, Totsuka-cho, Totsuka-ku Yokohama City, 2440003 JAPAN

VP2V, BRITISH VIRGIN ISLANDS (TSA Problems). Steve, AK0M, informs OPDX just before going to print "my VP2V/AK0M operation did not happen as was planned for last week. TSA in Chicago refused to let me carry most of my gear onboard my flight, causing a last-minute scramble for a way to get the gear there. It ended up loosely packed in a cardboard box that was checked through as luggage and things arrived in various states of operability. Then my other luggage with some of my antenna parts was lost for 4 days..... This is the first time that TSA has ever had any problem with my equipment and is hopefully due to the specific manager in Chicago that examined my carry-ons. Hopefully, Andi, DL2AU, was able to meet the needs for VP2V. I will have more information on my website." His Web site is at: http://www.ak0m.com

WP3, PUERTO RICO. Alfredo, WP3C, will be active during the ARRL International DX Phone Contest (March 3-4th) as a Single-Op/Single-Band (15m)/Low-Power entry. His activity will also count for the WLOTA as LH-2802. QSL via W3HNK.

XV, VIETNAM. Rolf, SM5MX, is back in Hanoi and has revived his old license for XV9SW. He is expected to be on the air until April 30th. Activity will be on CW on 20 and 15 meters. However, Rolf informs OPDX that the downtown electric smog is worse than ever, so operation is just barely possible now and then. Looking at the QSNs, Rolf's activities seem to take place between 0430 and 1100z around 14044 and 21044 kHz. QSL via his home callsign. He will answer QSLS upon his return to SM-land in August.

Z35, MACEDONIA. Ozren, Z32XA, will be active as Z35T during the ARRL International DX Phone Contest (March 3-4th) as a Single-Op/Single-Band entry. QSL via Z35T.

ZF, CAYMAN ISLANDS (NA-016). Bob, K3UL, will once again be active as ZF2UL, March 1-7th. Activity will be mainly CW on 160/80/30 meters. QSL via his home callsign.

ZP0, PARAGUAY. Tomas, ZP5AZL, will be active as ZP0R during the ARRL International DX Phone Contest (March 3-4th) as a Single-Op entry. QSL via W3HNK.

Oh, we have a bunch. Local law enforcement says about a third of the
drivers up here are driving on a suspended or revoked license...or
they never did bother to get one.

They like to run those radios, but I've never seen any of *those* big
antennas <:-))

It soulds more like a lot of the ham antennas up here, particularly
for 160 and 75 when they are running 500 to 600 watts. We have a
number of those "mobile porupines" covering 1.8 through 440 or higher.
Back in the 60's I ran one that required guys to keep it from laying
down and pointing to the rear. No big loading coils or top heats, it
was just *tall*.

>with HUGE open-wire loading coils at the base, ones that
>appeared to be made of 3/8" copper tubing or something
>along those lines. No telling if the coils did anything
>or were just for show; some of the CBers used high power

Go on e-bay. You can find some huge amps for reasonable prices... if
you don't care about what the signal sounds like. OTOH there's a 2K4
on there at present (2-27) listed as a 10 meter amp. They sure
aren't going to get much out of it driving it with 4 watts at 10db of
gain. <:-)) Still they do get hold of much higher powered exciters.

>and others poured their 4 watts into these enormous
>whips ..   I'm seeing fewer of them on the roads these
>days but they're still around. :-/

Other than that one Chrysler model with the particular V-6 I've not
run into any problems. Still my 4-Runner doesn't lend itself well to
HF antennas.

We run multiple belts to propellers from engines running that much
power. <:-))

When I get my plane done...Glasair III (fiberglass with carbon fiber
horizontal stab) I plan on having up to 500 watts on HF and I'd really
like to make it 160 watts on 2-meters. 30 to 50 is plenty on 440.
However I have a longggg way to go.

In the Beech I just run the HT clipped to the inside of the door which
leaves the antenna sticking up in the window. With that set up I
typically get 50 to 75 miles with 5W FM and the rubber duck antenna.
The problem with the antenna in the window is it tends to be pretty
directive...without any gain.   I've worked 150 miles with 5 watts
from 22,000 feet, but that wasn't in my plane which has a service
ceiling of only 19,500.

Geez what a bunch of tossers you all are - you don't like someones postings so
you try and get him evicted from the net, why not just use a kill file - you
DONT have to read his posts/threads now do you ?

Why is it the net is getting populated by the biggest bunch of self absorbed
little Hitlers ? You don't like someones posts so you bloody complain or mail
bomb them - grow up you bunch of fucking sad gits !

Richard.

Fred Read (postmaster@foxhouse.demon.co.uk) wrote:

: He posts this drivel every week or so to a number of groups that
: I subscribe to and nothing seems to stop him. *ALL* of his posts
: are off topic and unwelcome to the groups he posts to.

: We have complained about him to his postmaster on at least four
: previous occasions and he still posts the same crap. As his SP
: seem unwilling, or unable, to do anything about him, we were
: windering if there was anything you could do?

If he is not actively using tactics to avoid or sabotage killfiles
(posting from various systems, forging, massive crossposting to create
cross-newsgroup flame wars) then it should be quite easy to killfile
him.

It does seem that the frequency and the size of his posts are
approaching net abuse.  However, IMHO, they aren't quite there yet. If
his postmaster were to act in this instance, it would raise troubling
censorship issues.

The Ohio/Penn DX PacketCluster
DX Bulletin No. 800
BID: $OPDX.800
March 5, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, AA1AC, K1XN & GoList, N1DG, WA2VQW, NG3K, W3UR & The Daily DX, K4ZLE, K4WW, N4AA & QRZ DX, K5XK, W5MPC, K6SE, NM6E, K8YSE, Pete's-DX-Newsdesk, 9K2HN, DK8JB, DK9TN, DL7MAE & The DX News Letter, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, M0OXO, OH2BN, OK1MU, RSGB IOTA, VA3RJ & ICPO and VK4HFO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 25th-February, through Sunday, 4th-March there were 228 countries active. Countries available: 3A, 3B8, 3D2, 3DA, 3V, 3W, 4J, 4L, 4S, 4U1I, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9U, 9V, 9X, 9Y, A2, A4, A5, A6, A7, AP, BV, BY, C3, C5, C6, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, D6, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HI, HK, HK0/a, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, J7, J8, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TN, TR, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP8/o, VP9, VQ9, VR, VU, XE, XT, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK2, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

7X, ALGERIA. Yves, F5MSR (ex-FT2XE and one of the F6KAT ARS gang), will once again sign 7X0MT from Algier, Algeria. The length of his stay is not known at this time. He will use a FT 817 (QRP) and a long wire. His activity will be mainly on CW and the digital modes. QSL via his home callsign, either direct (QRZ.com) or via the French REF Bureau.

9M0, SPRATLY ISLANDS (Update). Spratly Island 9M2SDX DXpedition will take place this week from Pulau Layang Layang (AS-051) in the Spratly Island group, March 10-19th. Operators will include members of the Malaysian Amateur Radio Transmitter�s Society (MARTS) and a group of JA operators. Malaysian operators mentioned are: Chow/9M2CF, Kiyohiro/9M2/JH3GCN, Tex/9M2TO and Yasumasa/9M8YY. JA operators mentioned are: Yoshiaki/JA1OCZ, Tack/JE1CKA, Harumi/JF1PJK, Naoyuki/JK1FNL, Miho/JJ2VLY, Yutaka/JQ2GYU and Takashi/JR7TEQ. They plan to have 2-4 stations up and running for 24 hours on all bands 160-6 meters, and on CW, SSB, RTTY and PSK modes. QSL via 9M2TO, by the bureau or direct to: Tex Izumo, 2C-10-03 Mutiara APT., JLN. SG. EMAS 11100 Batu Ferringhi, Penang, MALAYSIA. Visit the DXpedition's Web page at: http://island.geocities.jp/layang9m4sdx/

BS7, SCARBOROUGH REEF. The following is another press release on the upcoming DXpedition to Huang Yan Dao (Scarborough Reef) which will take place in late April. PRESS RELEASE (March 2, 2007): "The BS7 Team is happy to announce a third easy way to support our operation.

Now our European friends who wish to send their donations via paypal in Euros can contribute that way as well. Through the assistance of the Mediterraneo DX Club their website can accept Paypal donations in Euros. The web address is http://www.mdxc.org/bs7h/

This is in addition to the US Paypal system on the main BS7H site and the two collection points in America and Germany for mail in donations:

If you are sending a check in North America or Asia , please make it payable to " Paul Pescitelli". Please mail this form to:
PAUL B PESCITELLI, K4UJ
622 Ridgeview Drive
Lilburn GA 30047 USA.

European Donors can make their checks payable to "Dr. Markus Domach" and send it to:
Dr. Markus Dornach, DL9RCF
Lautensackstr. 19
94036 PASSAU GERMANY.

European Donors can also easily transfer donations to DL9RCF via E-banking respectively the European standard money transfer - just contact Markus, DL9RCF, via dl9rcf@t-online.de

As we enter the 60 day window for our activiation of the number one country on the DXCC list, your support is now more vital than ever. Thank you again for your continued support. THE BS7H team."

Remember, the multi-national team is seeking financial contributions to help defray the cost of this DXpedition. Full details on how to contribute can be found on the DXpedition's Web site at: http://www.bs7h.com/

CN, MOROCCO. Members of the Dar Bouazza Contest Group (DBCG), will activate their ARRAM club station (CN8MC) in Rabat, during the CQ WW WPX SSB Contest (March 24-25th) as CN5W and as a Multi/Single entry. Operators mentioned are: Mohamed/CN8PA, Jean-Luc/F5IQA and Patrick/F6IRF. QSL via EA7FTR or the LoTW. More details available soon at: http://cn2ww.blogspot.com/

DAYTON HAMVENTION DX DINNER. Jay, K4ZLE, states, "This is a reminder of the 22nd annual DX Dinner to be held in conjunction with the 2007 Dayton HamVention. The dinner will be Friday evening, May 18th, at the Crowne Plaza Hotel, located in Dayton City Center. This is the same venue as in years past. Our key speaker will be Ward Silver, N0AX. Ward is a well known DXer, Contester and author. In addition to the camaraderie and fellowship we expect to continue the tradition of have some very nice attendance prizes - last year the main prize was an Icom IC-756 Pro III! We have upgraded the menu this year. Tickets are 36.00 USDs per meal, payable in US funds to SWODXA. (Sorry, We do not process PayPal or Credit Card payments.) Please advise if you want a vegetarian meal when you order. You may order from Jay Slough, K4ZLE, at his CBA. SASE would be appreciated. We attempt to honor group seating requests when tickets are ordered together. There is not a bad seat in the house, but seating is definitely limited. Come join us for an evening of fun and fellowship. Further information may be obtained from Jay at: k4zle <at> yahoo <dot> com. K4ZLE's CBA is: 8183 Woodward Dr., West Chester, OH 45069"

DAYTON HAMVENTION RTTY FORUM. Shelby, K4WW, informs that the 2007 Dayton RTTY forum will take place on Sunday, May 20th, from 10:15-12:00 at Hara Arena, in Room 2. Speakers will be Ken/K1EA and Ed/W0YK. He states, "Ken will discuss log checking, and distinguish between myth and reality, busted/unique calls, serial numbers, and packet poaching. Ed will give ideas of efficiently improving RTTY contesting. Time permitting, there will be a question/answer session following the presentations."

DQ50, GERMANY (Special Event). Look for special event station DQ50SAAR to be active through the end of the year. Activity is to celebrate the 50th anniversary of the DARC Distrikt SAAR (Q). This activity counts as a special DOK 50SAAR. A special QSL will be issued and available via DO7VLR. QSLs will be sent automatically via the Bureau.

EK0, ARMENIA. Operators Hovik/EK6TA, Anna/EK6YL, Leszek/SP9LJD and Kazimierz SP9UON/DJ0MCZ will be active as EK0B during the CQ WW WPX SSB Contest (March 24-25th) as a Multi/? entry. QSL via SP9ERV.

FK, NEW CALEDONIA (Also 3D2/R). Tony, 3D2AG (aka FO5RK), is currently active as FK/FO5RK from Noumea, until the end of April. Activity is mainly CW on 40 meters after 0600z and 20 meters after 0900z. Reports indicate that he will go to Rotuma in May/June and operate as 3D2AG/p.

HB0, LIECHTENSTEIN. Look for two WorldWide Young Contesters (WWYC) teams to activate Liechtenstein between March 16-19th, and participate independently in the Russian DX Contest (March 17-18th) from there. The German team, consisting of Simon/DJ4MZ, Matthias/DK4YJ, Ulf/DK5TX, Christoph/DK9TN and Martin/DL5RMH, will sign HB0/homecall outside of the contest, but will be active as HB0/DK4YJ in the Russian DX Contest as a Multi-2 entry. QSL via the Bureau to their home callsigns. The Croatian Team, consisting of Dragan/9A2SX, Igor (Siro)/9A3AXX, Hrle/9A6XX and Mark/9A8MM, will sign HB0/homecall outside of the contest, but will be active as HB0/9A8MM in the Russian DX Contest as a Multi-Single entry. QSL via the Bureau to their home callsigns. Visit the two WWYC team's Web sites at:
German team
http://www.dk9tn.de/hb0
Croatian Team
http://www.rkp.hr/active/index.php?option=content&task=view&id=306&Itemid=77

HF40, POLAND. Members of the "Piastowski Klub Krotkofalowcow" will activate their club station (SP6PAZ) using the special event callsign HF40PAZ to celebrate their 40th anniversary. The station will be on the air between March 1st and April 30th, and again between September 1-30th. Also, look for HF40PAZ to be active in the 2007 CQWW WPX SSB Contest (March 24-25th). QSL via SP6PAZ. Visit their Web page at: http://www.sp6paz.int.pl

HI, DOMINICAN REPUBLIC. Javier, NM6E, informed OPDX on Thursday that he is in Santo Domingo and is active as HI8/NM6E. He will be in the country on an extended work assignment until March 15th. He plans to travel around the country, so look for him to also sign HI3/NM6E (Santiago) and HI7/NM6E (Punta Cana). Activity will be on 80-10 meters CW/SSB. Javier will use his K2 #4409 (QRP) station and a Super Antenna MP-1 vertical (10-80 plus wire antennas). His operation will be from the hotel pool areas or beach as his work schedule permits. He was expected to be in this past weekend's ARRL International DX SSB Contest (QRP Category) and Elecraft QSO Party (both modes, common QRP calling freqs). Depending on his work, Javier should be on in the evenings and on the weekends. QSL via LOTW ONLY.

IOTA NEWS.............................

AF-019. Operator Luigi, IK8HCG, will be active as IG9R from Lampedusa Island during the next CQWW DX SSB Contest (October 27-28th) as a Single-Op/Single-Band (20m) entry. QSL via IK8HCG.

AS-099/
EU-186. Operators Pavel/TA2ZAF (OK1MU), Slavek/OK1TN, David/OK1RK, Standa/OK1AU, Karel/OK1DG, Zdenek/OK1FIA and Vlada/OK1CW will activate two Turkish Islands between March 4-11th. They will be using the special callsigns TC0DX and YM0DX to activate the Gokceada (EU-186) and Bozcaada (AS-099), respectively. Activity will be on 40-10 meters CW/SSB. They will have three IC-746PRO, 2 x PA, 5 elemnet Spiderbeam, 17m 2 element Delta Loop, 20m HB9CV and loops for 30m and 40m. QSL via OK2GZ, either by the OK Bureau or direct or via E-mail (for Bureau request). Online logs, story, photogallery, daily news, team, etc.... are available at:
http://www.okdxf.eu/ankety/tc0dx/en/tc0dx.php

NA-082. Members of the University of Mississippi ARC (W5UMS) will be activating Horn Island, March 10-11th. Operators mentioned are Barrett/W5BJC, Jim/W5JMO, Mike/WB5HSX and Mike/W5MPC. The team will be on the island from around noon Saturday through noon Sunday. Operation will be on 80/40/20 meters CW, SSB and the Digital modes around the regular IOTA frequencies. The callsign used will be K5I. QSL via W5MPC.

OC-137. Tim, VK4HFO, on Lamb Island, is expected to be active on 40 meters for stations wanting this IOTA. Look for him starting at 0600z onwards and again at 1700z onwards. Tim can be found working ZL1BMW most mornings around 7060 kHz (+/- QRM/QRN). Skeds are "OK" by E-mail at: vk4hfo@yahoo.com.au

IPY ACTIVITY. Following the recent "Antarctica Activity Week'' event, look for operator Charles, M0OXO, and the North Wakefield Radio Club to be operating the special event station GB4IPY from March 1-15th. Activity is to celebrate the "International Polar Year". Look for them to be active on all HF bands on SSB, PSK31 and CW. QSL Manager is M3ZYZ. Also, a brand new WAP reference has been issued: WAP-098. ADDED NOTE: Remember, the following stations are also expected to be active are:

TM4IPY - Operator Francois/F8DVD; QSL via his home callsign.
LZ07IPY - Operator Svetly/LZ3SM; QSL via his home callsign.
IA3IPY - Operator Adriano/I3XMQ; QSL via his home callsign.
IP7IPY - Francesco/IZ7AUH; QSL via his home callsign.

J75, DOMINICA. The W2RZS Amateur Radio Club will be returning to Dominica for the 2007 CQ WW WPX SSB Contest (March 24-25th) and they will be using their J75RZ callsign. This will be their third trip to J7-land. They expect to arrive on March 21st and stay for 6 days. Their "home" will be the Harmony Villa which boasts a 1700 foot elevation and is situated in the rain forest. Due to work schedules, there will be only two operators this trip; Bob/WB2NVR (J79RS) and Mike/WA2VQW (J79VQ). They will be active before and after the contest and will be concentrating on the lower bands. All QSLs for J75RZ should be sent to W2RZS via direct or by the bureau.

J8, ST. VINCENT AND THE GRENADINES. Look for Gary, W0AW, to be active as J8/W0AW from the Island of Bequia (pr. Bek-way) in the Grenadine Islands (NA-025), March 10-16th. He will be using an ICOM IC-7000 and an inverted "L" for 80-10 meters. If antenna space is available there will also be some operations on 160m. Activity will be CW, RTTY, and some SSB. QSL via W0AW, either by the bureau or direct.

KH6, HAWAII. Matsuda, JM3PIT, will be active as KH6/JM3PIT from Oahu, March 21-25th. His activity will include the CQ WW WPX SSB Contest (March 24-25th). QSL via JM3PIT, by the Bureau.

LZ129, BULGARIA (Special Event). Members of the Balkan Contest Club (LZ1KZA & LZ5A) will activate the special event callsign LZ129LO from March 1-31st, to commemorate 129th anniversary of the "Liberation of Bulgaria from Ottoman yoke by Russia." The special station LZ129LO counts 10 points towards the "St. Teodosii Tyrnovski Award": http://www.balkanclub.org

QSL via LZ1KZA by the Bureau.

QSL INFO AND NEWS......................................

QSL Routes For Contest Stations and Beacons:

QSL CN3A via I2WIJ
QSL I7A via I7FNW
QSL IQ0RI via IZ0DZT
QSL IQ5LU via IW5BHY
QSL IT9G via IT9BLB
QSL IW0UMP via IW0UGR
QSL LA2UHF via LA1K
QSL LA3UHF via LA3BAA
QSL LA4VHF via LA6LU
QSL LA5UHF via LA3EQ
QSL LA6UHF via LA4OO

QSL OH9UHF via OH6DD

QSL CU2A via OH2BH. Activity was during last weekend's ARRL International DX Contest. Operators were CU2CE, CU2DX and OH2BH.

Ron, K5XK (QSL Mgr for 3B8FQ), informs OPDX readers that the following are excerpts of an E-mail from Dimiter, LZ1AF, one of the higher profile DXers from Bulgaria, addressing pilferage of currency directed to his P.O. Box in Sofia. This may be of interest for anyone needing a quick LZ QSL reply not only from Dim, but other LZ stations as well:

"I QSL via the QSL bureau 100%, and direct if required. I am going to have LZ50DX cards printed soon. For either of my calls, QSL via Bureau or Direct via P.O. Box 412, 1000 Sofia, Bulgaria. For direct replies, please include an SAE + 1 new IRC return postage (rather than USD because dollars are often intercepted. Thus, I am not aware of the QSL sent!).
73! Dim, LZ1AF"

QSL VK9DNX via DJ2MX. The German BCC DXpedition to Norfolk made some 60k+ QSOs. Online log is available at: http://www.df3cb.com/vk9dnx/

SILENT KEYS................

OPDX and its readers would like to send out our deepest sympathy to the families and friends of the following Silent Keys.

SU1ER. Early last week Hamad, 9K2HN, informed the DX community that Ezzat Sayed Ramadan, President of the Egypt Amateurs Radio Assembly (EARA - Egypt's IARU Society), became a Silent Key (SK). On February 25th, 9K2HN states, "It is with grief and deep sorrow that I received this morning the news of the sudden loss of our good friend, Ezzat Ramadan (SU1ER) who passed away peacefully. We would like to pass our deepest heartfelt condolences to his family on behalf of the Arab Radio Amateurs. May his soul rest in peace. For the people who never met Ezzat, he was very constructive in supporting Amateur Radio in Egypt and the Arab world. Ezzat will be greatly missed....."

N6ZZ. Well known contester Phil Goetz, N6ZZ, became a Silent Key (SK) on February 27th after suffering from a brain hemorrhage. Phil lived in of Alto, NM, and was 64 years old. For more info on Phil, visit the following Web page at:

http://www.arrl.org/news/stories/2007/03/01/100/

SU, EGYPT. Just a reminder that a small group of Egyptians and members of the Lufthansa Radio Club will activate the special event callsign SU8DLH (DLH stands for Deutsche Lufthansa) from Cairo, March 5-10th (possibly the 12th). Activity will be on all bands CW/SSB/Digital. 160m will only be possible with a maximum 100 watts and an inverted Vee fixed at 18m! QSL via Christofer, DK2CL.

TOPBANDER DX DINNER AT VISALIA. Earl, K6SE, announces that the Topbanders' DX Dinner will take place on Friday, April 27th, at 6:30 PM in the banquet room at the Sizzler Steak House, 2121 W. Caldwell Ave. in Visalia, CA, during the International DX Convention there. Dinner attendees will order from the Sizzler menu and pay their tabs individually. There is no fee to attend. To ensure adequate seating if you plan to attend, please contact him at: k6se@juno.com
Information on Convention activities may be seen at:
http://www.dxconvention.org

V31, BELIZE. Robin, K4VU, will be active as V31RG from March 21-28th. Activity will include the CQ WW WPX SSB Contest (March 24-25th) as a Single-Op entry. QSL via K4VU.

VP9, BERMUDA. Mark, AA1AC, will be operating from the Hamilton Parish, Bermuda, as AA1AC/VP9 from March 11-15th. QSL via to his home callsign, direct or via the bureau.

VR2, HONG KONG. A group of VR2 hams will be active as VR2C during the CQ WW WPX SSB Contest (March 24-25th) as a Multi/2 entry. QSL via VR2NN (NO Bureau cards).

If you have Microsoft Streets or AutoRoute, you have all you need for live APRS tracking. Now you can take advantage of the superior maps that comes with it and use it with APRSPoint. We have update the installation process of APRSPoint so that it now supports Streets or AutoRoute. You can visit http://www.aprspoint.com for a free download and trial.

Ohio/Penn DX Bulletin No. 801

The Ohio/Penn DX PacketCluster
DX Bulletin No. 801
BID: $OPDX.801
March 12, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, AA1AC, K1XN & GoList, N1DG, K2MGA, W2VU, NG3K, W3UR & The Daily DX, K4QD, K4VUD, N4AA & QRZ DX, AA8LL, K8YSE, WD9DZV, Pete's-DX-Newsdesk, 9M2TO, DK8JB, DL7MAE & The DX News Letter, E21EIC, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, RSGB IOTA, SP6DVP, UT5UY and VA3RJ & ICPO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 4th/March, through Sunday, 11th/March there were 229 countries active. Countries available: 1S, 3A, 3B8, 3B9, 3V, 3W, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9U, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, D6, DL, DU, E5, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J5, J6, J7, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S2, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T32, T7, T8, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9L, VK9N, VP2E, VP2V, VP5, VP6, VP8, VP8/o, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZK2, ZK3, ZL, ZL7, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

2U, GUERNSEY (EU-114). Kevan, 2E0WMG, will be active as 2U0WMG from March 19-23rd. Activity will be on 80m-70cm, mainly HF SSB only. QSL via 2E0WMG (QRZ.com).

3D2, FIJI (IOTA Op). A group of five Ukrainian radio amateurs will be activating two IOTA groups between late April and early May. Operators mentioned are: Len/UR3HR, Sergey/UR7HTX, Max/UR7HTZ (3D2TZ), Alex/UT5UY (3D2UY) and Alex/UX0LL (3D2AP). Their activity will start from Taveuni Island (OC-016), using the callsign 3D2AP, 3D2TZ and 3D2UY between April 27th and May 3rd. The team will then move to one of the "Most Wanted IOTA and Most Wanted Fijian IOTA Group (only 7.8% IOTA Chasers are credited) and activate Yanuca Island in the Ringgold Isles Group (OC-189) as 3D2RI (suffix RI=Ringgold Isles) between May 3-7th. The group plans to have 2-3 well equipped stations active and operating simultaneously using YAGI antennas. There will be a special effort on the lower bands. QSLs for 3D2RI are via UR3HR, by the bureau or direct to: LEONID BABICH, P.O. BOX 55, POLTAVA, 36000, UKRAINE. QSL cards for personal activity from Taveuni Island should be sent direct to home callsign or through the bureau (QSL 3D2UY via UT5UY, 3D2AP via UX0LL and 3D2TZ via UR7HTZ). Due to the high cost of this operation on a remote Pacific Island, the group is asking for sponsorship by various DX organizations and individuals around the world. If you would like to help fund or sponsor their DXpedition, please contact Alex, UT5UY, by E-mail at: ut5uy@ukr.net For more information, please visit the Ukrainian DXpedition Team (UDXT) Web site at: http://www.3d2.dxer.com.ua

3DA, SWAZILAND (Reminder). Remember, members of the Irish Radio Transmitters Society (IRTS), will celebrate their 75th Jubilee by planning a "AFRI75 Dxpedition 2007" to Swaziland between March 16-25th. Activity for this DXpedition will also cover St. Patrick's Day and the CQWW WPX SSB Contest. The DXpedition's leader is IRTS Vice President Paul Martin, EI2CA (3DA0PM). Currently, the following members have signed up for the DXpedition: Peter/EI7CC (3DA0PB), Aidan/EI8CE (3DA0AM), David/EI4DJ/GI4FUM (3DA0DG), Rory/EI4DJB (3DA0RH), Brendan/EI3GV (3DA0GV) and Pete/GI4VIV (3DA0GI)
A private UK/Ireland YAHOO newsgroup for this DXpedition is available at:
http://uk.groups.yahoo.com/group/AFRI75/
Admission to this group is by request only and is at the discretion of

the group moderators. Skeds may also be requested to any of the DXpedition members. Operation will be on all bands with particular attention given to the WARC bands, digital modes and the LF bands. It is also hoped to have some activity on EME, 2m and 6m. QSL Manager for all callsigns is via EI7CC, and cards may be sent direct or by the bureau. Also, please visit the IRTS Web page which will be updated with information on a regular basis at: http://www.irts.ie/cgi/afri75.cgi
A log search facility will be updated on a daily basis.

5C, MOROCCO. M'hamed, CN8NK, in Rabat, will once again be active using the special callsign 5C8A during the CQ WW WPX SSB Contest (March 24-25th) as a Single-Op/All-Band/Low-Power entry. QSL via EA5XX.

5R, MADAGASCAR. Vlad, UA4WHX, continues to be active as 5R8VB, but there are no details on when he is leaving. He was heard this past week on 80/40/30/20/18 meters using CW or SSB. QSL via UA4WHX, after he return from his trip.

60M WEB PAGE FOR DXERS. Tom, K4MM, has provided an interesting Web page for 60 meters operators looking for DX. The Web site lists DX stations that have been active on this new band and also lists upcoming operations. The Web page can be found at: http://http://60meters.info/
Possible stations to look for in the coming months are:

Guernsey - By GU4WTN in early spring.
Madeira Island - By Hardy/DL3KWF and Rose/DL3KWR. They have applied for permission, March 9-22nd.
Jersey - MJ DXpedition is planned for March 14-22nd.
Costa Rica - By Ed/TI8AA in the high mountains of Costa Rica, April 2-7th. QSL via TI8AA.
Swains Island - Callsign N8S; beginning April 3rd.
Bermuda - By Ed/VP9GE and Joe/W8GEX; working on getting VP9GE permission.

ADDED NOTE: The 60 meter band became available to U.S. amateurs on July 3rd in 2003. Any U.S. amateur radio operator holding a General, Advanced or Amateur Extra Class license may only transmit USB on the following five channels: 5330.5 (CH 1), 5346.5 (CH 2), 5366.5 (CH 3), 5371.5 (CH 4) and 5403.5 kHz (CH 5). Transmission on these channels are with an effective radiated power (ERP) not to exceed 50 watts PEP. Channel 5 is the unofficial DX calling frequency!

9M4, SPRATLY ISLANDS (Update). The Malaysian/Japanese 9M4SDX DXpedition is now active from Pulau Layang Layang (AS-051) in the Spratly Island group until March 19th. One of the operators Tex, 9M2TO, informed OPDX before leaving that the group will have a 6m beacon on 50.115 MHz. The group plans to have 2-4 stations up and running for 24 hours on all bands 160-6 meters, and on CW, SSB, RTTY and PSK modes. Remember to QSL via 9M2TO, by the bureau or direct to: Tex Izumo, 2C-10-03 Mutiara APT., JLN. SG. EMAS 11100 Batu Ferringhi, Penang, MALAYSIA. Visit the DXpedition's Web page at: http://island.geocities.jp/layang9m4sdx/

9M4, WEST MALAYSIA (Contest/IOTA Op). Members of the Malaysian Amateur Radio Transmitter Society (MARTS) will use their special contest callsign 9M4DXX during the CQ WW WPX SSB Contest (March 24-25th). Operations will be from Tex's, 9M2TO, QTH on Penang Island (AS-015). QSL via 9M2TO.

9N, NEPAL. Popa, YU7EF, is once again back in Nepal until May 3rd. No other information is available at this time (callsign/bands). Some reports indicate he may operate from Stig's, LA7JO (9N7JO), QTH. Hopefully, more info will be available next week.

ANOTHER 9 BAND DXCC VIA LOTW. Clive Penna, GM3POI, became the second ham to achieve 9 band DXCC using only Logbook of The World (LoTW) confirmations. John Sluymer, VE3EJ, in Ontario, was the first. Congratulations, Clive!

CQ MAGAZINE. Richard Moseson, W2VU, Editor of CQ Amateur Radio, provides the following: FOR RELEASE: IMMEDIATE (March 8, 2007)

CQ Introduces "HF Operator's Survival Guide"

(Hicksville, NY - March 8, 2007) -- In response to recent changes in licensing rules and operating privileges for all hams, the editors of CQ Amateur Radio magazine have prepared an "HF Operator's Survival Guide," a 16-page "getting started" guide for newcomers to high-frequency (shortwave) amateur radio communications.

Written by CQ Contesting Editor John Dorr, K1AR; Contributing Editor Gordon West, WB6NOA, and CQ Editor Rich Moseson, W2VU, who also oversaw the overall production, the booklet is a practical hands-on guide to success in HF ham radio.

Segments include:

"HF: Your Window to the World," by K1AR, a brief description of the characteristics of each HF ham band and which is best when;

"The Basics of HF Operating," also by K1AR, covers operating practices on HF, particularly as they differ from common practices on VHF;

"Choosing Your First Rig," by WB6NOA, looks at the considerations that go into deciding whether to buy new or used, basic or something to "grow into," and important considerations such as band coverage and receiver quality;

"Antennas to Get You Going," by the late Joe Carr, K4IPV (written for a previous project that was never published), covers the basics of dipoles, verticals and beam antennas;

"HF Activity Guide," by W2VU, which looks at the different modes and operating activities a ham is likely to encounter on HF, along with an introduction to certificate-chasing and contesting; and

"An HF Band Chart," showing the new frequency privileges for each class of license on each HF band

"Starting out on HF can be pretty intimidating," says Moseson, "especially now, at the bottom of the sunspot cycle, when DX opportunities are harder to find. This practical guide will help the new HF operator, regardless of license class, hit the air running."

CQ's "HF Operator's Survival Guide" sells for $2 (plus shipping), with discounts available for bulk purchases. To order, or for more information, contact CQ Communications, Inc. at 800-853-9797 on weekdays between 9 a.m.

and 5 p.m. Eastern time.

E2/HS, THAILAND. Champ, E21EIC, and others have announced that the "Radio Amateur Society of Thailand" (RAST) has received authorization from NTC for Thai operators to operate on 80 and 160 meters during contests in the year 2007 (ending December 31st). Thai operators may operate their stations on CW and SSB between 1800-1825 kHz and 3500-3536 kHz. Split operations have also been authorized. Stations in Thailand currently can only operate on 40/20/15/10 meters and can not operate on 30/17/12/6. However, activity on the WARC bands and 6 meters is sometimes granted with special permission.

HF40, POLAND (Update). Members of the "Piastowski Klub Krotkofalowcow" will activate their club station (SP6PAZ) using the special event callsign HF40PAZ to celebrate their 40th anniversary. The station will be on the air between March 1st and April 30th, and again between September 1-30th. Also, look for HF40PAZ to be active in the 2007 CQWW WPX SSB Contest (March 24-25th). QSL via SP6PAZ. A special award is now available to both SWLs and hams. Please visit the following Web pages for details at:

http://www.sp6paz.opole.pl
http://www.sp6paz.opole.pl/pdf/50en.pdf

H44, SOLOMON ISLANDS. Bernhard, DL2GAC, is once again active as H44MS. He is expected to be on the Solomon Islands until April 25th. The "DX Newletter" reports that Bernhard is collecting QSLs for his U.S. Counties Award and 5 Band WAS from there. His activity will have an emphasis on 80/40 meters SSB. He was also heard on 20 meters this past week. There are reports that Bernhard might show up from different islands throughout his operation like he did during all of his previous DXpeditions. QSL direct or via the bureau to DL2GAC.

HH, HAITI. Jan, K4QD, will once again be active as HH4/K4QD from here, March 19-30th. Activity will be on 80-10 meters CW/SSB. As in the past, Jan will operate from the NW Haiti Christian Mission: http://www.nwhcm.org Jan prefers QSLs direct to K4QD or LoTW, but the Bureau is OK.

HV0, VATICAN. Station HV0A has been very active over the last week, especialy on CW, RTTY and 160/80 meters. Most of the activity has been on 20 meters between 1400-1700z, but this past weekend's activity was on 160/80 meters between 0330-0630z. QSL via IK0FVC.

IOTA NEWS..........................

EU-008. Dennis, M0LSB, is expected to be active as MM0LSB/p from the following three Scottish islands between March 14th and April 2nd: Islay (IOSA NH-22, SCOTIA CS-25), Jura (IOSA NH-21, SCOTIA CS-28) and Gigha (IOSA NH-24, SCOTIA CS-23), Inner Hebrides (EU-008). Activity will be on 80-10 meters SSB. QSL via M0LSB (QRZ.com).

EU-010. Dennis, M0LSB, will be active as MM0LSB/p from Great Bernera, Scotland, July 27-29th. Activity will be on 80-10 meters SSB and in the RSGB IOTA Contest (July 28-29th). QSL via M0LSB.

EU-071. Kent, SM5ELV, will be active as TF7/SM5ELV from Heimaey Island, Iceland, June 10-13th. He will try to activate as many bands and modes as possible using only 100 watts, a vertical antenna and maybe a dipole. QSL via SM5ELV.

EU-123. Operators Tom/MM0BHX, Gordon/MM0GPZ, Douglas/GM0ELP, Phil/GM0LIR, John/GM0NBM and Iain/GM0OQV will be active as GM0B from Bute Island, Scotland, during the RSGB IOTA Contest (July 28-29th). QSL via MM0BHX.

EU-125. Mike, DK5NA, will be active as OZ/DK5NA from Romo Island, March 18-30th. Activity will be on 160-40 meters CW. QSL via DK5NA (QRZ.com).

NA-034. Members of the Mid Florida DX Association (MFDXA) will be activating special event station N2D in memory of founder and 1st Club President Dan, W2NDP (SK), from Honeymoon Island. This will be a one day only operation. Operators mentioned are: Tony/N2MFT, Steve/KS4WA, Gregg/N6ZUE and Warner/N4WBJ. Activity will be 20 meters, 15 meters and maybe 17 meters (depending on propagation) and the IOTA frequencies will be used +/- QRM. QSL via W4FDX (QRZ.com). Visit the MFDXA Web page at: http://www.w4fdx.com

NA-076. Wade, AA8LL, will be active as AA8LL/4 from Cedar Key, FL, now through March 13th. Activity will be 40-10 meters, CW, SSB and RTTY; with 100 watts and wire antennas. QSL direct, bureau, or LoTW to AA8LL.

NA-113. Operators Pete/W2GJ, Ed/K3IXD and Randy/K4QO will be active from Crooked Island, South Bahamas Group, July 27-30th. Their activity will include the RSGB IOTA Contest where they will use the callsign C6APR. Activity before and after the IOTA Contest will be on the WARC bands plus 6m, using CW, SSB and RTTY, and the callsigns C6AXD (K3IXD) and C6AQO (K4QO). These QSOs will also count for Bird Rock Lighthouse (ARLHS BAH-005, TWLHD WLH C6-002, WLOTA LH-0118 , WW Loc. FL22TU). QSLs for all callsigns go via K3IXD, by the Bureau or direct to:
Ed Steeble, 202 Huntington Rd., Summerville SC 29483 USA.

NA-183. (Update) Operators Enrique/XE1IH, Francisco/XE1KOF, Luis/XE1YJL, David/XE1XR, Martin/XE2ML and Ben/XE2AUB will activate two islands in the Guerrero State Group as 4A3IH in the month of May. Look for them to activate Roqueta Island [ARLHS MEX-069] (May 14-19th) and Guerrero Island (May 21-26th) on all HF bands, 6/2 meters, CW, SSB, Digital modes and the Satellites. QSL is OK via the Bureau or direct to IT9EJW: Alfio Bonanno,
Via della Regione, 20 - 95028 Valverde (CT), Italy. More information is available at: http://www.mdxc.org/4a3ih

SA-089. The 4M5DX Team will be active as YW1DX from Cayo Sombrero, July 27-30th. They will participate in the IOTA Contest as a DXpedition category. Look for YW1DX on the WARC bands CW, SSB and RTTY before and after the contest. The team is looking for sponsors/donors for this operation.

J5, GUINEA-BISSAU (IOTA Op). Just a reminder to look for Jack, F6BUM, to be active as J5BI from Bubaque Island, March 14-28th. Activity will be on 40-10 meters, CW, SSB, RTTY, PSK31 and SSTV (on request preferably on 21340 kHz). He will use a FT-857D w/100 watts in dipole antennas. QSL via his home callsign, direct, by the Bureau or eQSL. Visit his Web page (with a log search) at: http://www.f6bum.net

JW, SVALBARD. Francois, F8DVD, will once again be active as JW/F8DVD from the Longyearbyen ARC, located on the Spitsbergen Island, 78� North, and about a thousand kilometers far from the geographic North Pole (EU-026, WAZ 40 and Grid Square JQ78TF), April 12-23rd. His activity will be on all HF bands both CW and SSB. This will be Francois's 5th time on the island. He will use the Longyearbyen Radio Club's equipment which consists of an ICOM 751 and a 500 watts PA, into a 5 elements yagi on a 30 meters high tower. QSL via his home callsign, through the French REF-Union Bureau or direct, w/SAE + 1 IRC (or 1 USD for EU, and 2 USD for elsewhere) to:
Francois Bergez, 6, Rue de la Liberte, F-71000 MACON, France.

NP3, PUERTO RICO. Operators Jim/KS1J, Joe/K1JN, John/W1DX, Matt/WE1H, Pat/NG1G, Foster/N3KCJ, Jim/AJ1M Bill/N1HRA and Carlos/WP4U will be active as NP3U during the CQ WPX SSB Contest (March 24-25th) as a Multi/Multi entry. QSL via WP4U.

PIRATE ALERT. Tim, WD9DZVA, informs OPDX that a station sign SU0FEC is a pirate, and he is not the QSL Manager for this callsign. However, Tim is a QSL Manager for many other stations.

POPULAR COMMUNICATIONS CHANGES EDITOR. CQ Communications, Inc., President Richard Ross, K2MGA, provides the following:

EDITH LENNON, N2ZRW, NAMED EDITOR OF POPULAR COMMUNICATIONS

(Hicksville, NY, March 8, 2007) -- Edith Lennon, N2ZRW, has been named Editor of Popular Communications magazine, it was announced today by CQ Communications, Inc., President Richard Ross, K2MGA. Lennon, who is currently the magazine's Managing Editor, succeeds Harold Ort, N2RLL, editor since 1996.

Edith's name may be familiar to readers of CQ Communications magazines and books, having served in various editorial capacities on several publications produced by CQ over a 17-year span. In addition to her work on Popular Communications, Lennon has been Editor of Radio magazine (produced by CQ for RadioShack), the CQ Amateur Radio Buyer's Guide, the CQ Beginner's Guide to Amateur Radio and The Music and Computer Educator.

She has also been Managing Editor of several publications from CQ and other publishers, including CQ VHF and Communications Quarterly. In addition, Lennon has edited several technical books and was Managing Editor of the highly acclaimed CQ Amateur Radio Almanac. She also does freelance writing in the media industry.

"Edith brings more than a decade of publishing and hobby radio experience to this position," said Ross. "I am confident that she will be able to make a good magazine even better."

"Today, the listening hobby has expanded beyond just radio," said Lennon, "including streaming audio on the internet and other sources. One of my goals is to broaden the base of Popular Communications to include all of these new information sources as well as traditional over-the-air radio."

Lennon assumes the editorship of Popular Communications with the June 2007 issue.

QSL INFO AND NEWS......................................

QSL Routes For Contest Stations and Beacons:

QSL PI7QHN via PA0QHN
QSL PI7YSS via PA0JAZ
QSL S55ZRS via S57C
QSL SK1UHF via SM1IUX
QSL SK2UHF via SK2AT

I've tried to buy IRC's (International Reply Coupons) at the local P.O.,
even though they have them, they won't sell them! Their screen says: "Not
For Sale" when they are scanned.
This has happened at the main Helena, MT P.O. and Tuesday at the Missoula,
MT P.O.
Anyone else experiencing this problem? BTW, these are the new ones good

until 2009.

IRCs are a SORE subject for a lot of us, Terry. I've been
able to buy them at one post office near me, pretty regularly,
but it's routine to ask for them and be told:

1. "We don't carry them." (You did a few weeks ago.)

2. "I've never heard of them."

3. "Those have been discontinued."

4. "What the heck is an IRC?"

We Americans are fairly lucky, in that "green stamps" are
acceptable and useful for a lot of foreign hams.

In Italy, too !
It is difficult to find IRCs, often they ask "What is an IRC ?"...
So I go to the bank and buy GS...

Tell them to look at

Postal Bulletin 22184 (7-6-06, page 28).

and

Mailing Standards of the United States Postal Service, International Mail Manual (IMM�) part 372 and Publication 51, International Postal Rates and Fees

IRCs are part of that and tell them your next step is to contact the US Postmaster and ask him why the local postoffice wont comply and carry IRCs.

I did that and now they are available all the time.

From Wikipedia
http://en.wikipedia.org/wiki/International_reply_coupon#IRC_Availability_in_the_United_States

IRC Availability in the United States
If a post office in the United States does not offer IRCs for sale, direct the postal clerk to Section 372 of the International Mail Manual, Issue 33, dated 06/23/2006, Sub-section 372.2 which clearly states, "Reply coupons may be requisitioned by Post Office facilities in the same manner as postage stamps. The coupons should be stocked at Post Office facilities that have a demand for them."

CL who just bought some after grousing at the PostMaster

Perhaps the Post Office will someday allow us to
purchase the IRC on their website and print them
on our own printers, just like click and ship postage.

Naw, that would be too easy !

I don't buy many, using GS instead but when I do, I usually get them from a QSL manager (like KU9C) for a lot less than the P.O. price.

The problem is they don't have the bar code in their price schedule.
The time before last I bought them at one PO and they finally did a search by price ($1.85) to get a stock number.

About two days ago at another PO they had a paper "cheat sheet" in the back room with a stock number.

Tell them to keep trying.

BTW for those who wonder about sending a GS, a lot of managers want two GS these days, so $1.85 is less expensive. Note I didn't say cheaper.
Both are expensive when you're sending lots of cards.

not I in general make me think prehaps I beeter mention in my qrz bio
if you expect a QSL card you should tell me during the contact

althought there are a couple of folks I refuse to QSL because I had
unpleasent dealing with outside of the imdeiate contact

Until the QSL managers build up their stock with the new version, they aren't likely to have any for sale for a while yet.

Ohio/Penn DX Bulletin No. 793

The Ohio/Penn DX PacketCluster
DX Bulletin No. 793
BID: $OPDX.793
January 15, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NJ1Q, N2OO, K3LR, NG3K, W3UR & The Daily DX, K4ZLE, N4AA & QRZ DX, N4II, K6EID, AC7DX, N7NG, K8ND, K8YSE, Pete's-DX-Newsdesk, 5B4MF, 5B4NC, 9A6JYL, DJ5AV & The DX News Letter, DJ7IK, DK8JB, F5NQL & UFT, F6AJA & Les Nouvelles DX, G3SWH, I1JQJ/IK1ADH & 425 DX News, I1HYW, I2YSB, LZ1ZF, M5AAV, OH2BH, PA7FM, RSGB IOTA and

VA3RJ & ICPO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 7th/January, through Sunday, 14th/January there were 218 countries active. Countries available: 1A, 3A, 3B8, 3D2, 3DA, 3W, 3X, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5U, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, AP, BV, BY, C2, C3, C5, C6, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FW, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J2, J6, JA, JD/o, JT, JW, JX, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S2, S5, SM, SP, ST, SU, SV, SV/a, SV9, T30, T7, T9, TA, TF, TG, TI, TK, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2V, VP8, VP8/h, VP8/o, VQ9, VR, VU, XE, XT, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

2006 MOST WANTED SURVEY RESULTS ARE IN! Look for the complete results of the "2006 Most Wanted Countries" in the January/February issue of "The DX Magazine". From the top 100 world-wide listing/ranking, the most wanted top 10 are:

1) Scarborough Reef (BS7)
2) Lakshadweep (VU7)
3) North Korea (P5)
4) Yemen (7O)
5) Navassa (KP1)
6) Glorioso (FR/G)
7) Bouvet (3Y/B)
8) Desecheo (KP5)
9) Marion Island (ZS8)
10) Heard Island (VK0/H)

Editor Carl Smith, N4AA, does mention that this year's survey does have an error. Swains Island was NOT shown on the survey form by mistake and Carl apologizes for the error. Carl actually feels Swains Island is the number one most wanted country due to the "relatively small number of contacts" made by the KH8SI DXpedition and that "only one operation has ever taken place from Swains Island". He states, "Although it is not shown in the #1 spot on any of the reports, please consider it to be there." Carl usually posts (not there yet) the results of the survey on "DX Publishing, Inc." Web page at: http://www.dxpub.com/

3B8 & 5R8, MAURITIUS AND MADAGASCAR. Karl, DK2WV (one of the XF4DL crew), is currently on holiday in Mauritius (AF-049) until January 20th and is expected to be active as 3B8/DK2WV. He has been there since January 6th, but we have not seen any QSNs on him yet. He is also expected to be active as 5R8HG from Madagascar (AF-013) between January 21-23rd. Activity will be on the HF bands using an amplifier and dipole antenna. QSL via his home callsign by the bureau.

4TH ANTARCTIC ACTIVITY WEEK (AAW Update). The Worldwide Antarctic Program's (WAP) 4th Antarctic Activity Week (AAW) will take place between 0000z, February 19th and 2400z, February 25th.

* Stefan, DC2SF, will be active in the 4th AAW as DR2��7ANT (WAP-83) from Hochschule Ulm (JN58AK), Germany. QSL via the Bureau is preferred, direct with no problem via DC2SF. QSLs will be printed in Spring 2007. ADDED NOTE: DR2��7ANT will also be active during the International Polar Year starting March 1st. Activity will be from Michael's, DH8BM, QTH in Ertingen (JN48RC), Germany.

* Lanny, W5BOS, will be joining the 4th AAW be signing N5T/ANT from Texas, USA. His WAP reference is WAP-91.

* Operators Willy/OE3WWB, Reiner/OE3RPB, Karl/OE3KTA, Bert/OE3AIS, Karl/OE3KKA and Gus/OE3SGA will join the 4th AAW by signing their own callsigns/ANT. They wanted to apply for a club callsign but their regulation in Austria will only allow them to work from each operator's home station. The WAP reference number issued individually, is as follows:

OE3WWB/ANT	WAP-85	OE3KKA/ANT	WAP-88
OE3RPB/ANT	WAP-86	OE3AIS/ANT	WAP-89
OE3KTA/ANT	WAP-87	OE3SGA/ANT	WAP-90

They will be active mainly on SSB but also PSK and CW from February 19-25th.

* Correction. Last week, under "stations announced/lined" to be active for the AAW, had K4A's operator listed as K6IED and it should have been K6EID. Information was listed wrong on the WAP Web site.

For more details/updates on the WAP and the 4th AAW, please see the following Web page at: http://www.ddxc.net/wap

5T, MAURITANIA. Benoit, F8PDR (ex-6W7/F8PDR), will be active as 5T5DY from Nouakchott, February 5-18th. Activity will be mainly CW on 80-10 meters, using only 100w into a vertical antenna and a G5RV antenna. Since amplifiers are not allowed, Benoit will try to focus on most evenings on the low bands (160/80m). Benoit says a great thanks to Jean, 5T0JL, for helping him with official formalities to get a 5T5 licence. QSL via the bureau (French REF-Union Bureau only) or direct to: Benoit Lebourgeois, Route de Chevry, F-50420 Tessy sur Vire, FRANCE.

6O, SOMALIA. Michael, PA5M, is currently in Kenya (he has applied for a 5Z license) and is expected to return to Somalia on the January 17th. He will stay for a short period (possibly 7-10 days or so) due to the safety situation; this schedule is subject to any changes at anytime. He will be activating his 6O0M callsign again. Most of his activity will be during his local evening hours while daytime is worktime. He will be using wire antennas (same as last year) and only 100w from a FT857. QSL via PA7FM: Dennis Robbemond, Loggerhof 11, 3181NS Rozenburg, The Netherland. Visit the following Web site with a log search at: http://www.pa7fm.nl

8Q, MALDIVES. Andrew, G7COD, will be active for the second time as 8Q7AK from Embudu Island (AS-013) between January 21st and February 2nd. Activity will be on 30/20/17/15/12 meters mostly SSB with a little CW. QSL via G7COD, direct or by the bureau. However, if you use the Bureau system and do not have access to a QSL Manager or a bureau, please inform him on your QSL card, and instead he will send an eQSL. ADDED NOTE: Andrew has announced the following schedule later in the week:

He will be transmitting at the following times every day on the designated frequencies +/- 10 kHz to allow for QRM.

0900-1000z - 18133 and 21253 kHz
1300-1515z - 14183, 18133 and 21253 kHz
1600-1700z - 10123 and 14183 kHz

9A60, CROATIA (Special Event). Members of the Amateur Radio Club Koprivnica (9A8K) will be active with the special anniversary callsign 9A60K to celebrate the 60th anniversary of the ARC Koprivnica. This special callsign will be in use between January 10th and December 31st. Also, to celebrate this 60th event of the radio club of Koprivnica, the members will issue the "Koprivnica City Award" for the contacts with radio amateurs from the City of Koprivnica. The QSL and Award Manager for this activity is Kresimir, 9A7K. For more detailed information about this activity, please visit the following Web page at: http://www.9a7k.com

C6, BAHAMAS. Foster, W1CGT, will be active as C6AWN from March 19-26th. During his stay, he will be active from the islands of South Andros (NA-001) and New Providence (NA-001, also counts for WLOTA LH-1115). His activity will mainly be on 40/20 meters, maybe some other bands. Look for him during his mid afternoons on 14260 or 14300 kHz.

CU2, AZORES. Operators Martti/OH2BH and Juha/OH8NC will be in the Azores from January 23-29th. They will be active using their portable callsigns on 160m and 80m. Martti will be operating in the CQ 160M CW Contest (January 27-28th) as CU2A. QSL via their home callsigns and CU2A via OH2BH.

DAYTON HAMVENTION ACTIVITIES...................

* The SouthWest Ohio DX Association is pleased to sponsor the 22nd annual DX Dinner to be held in conjunction with the 2007 Dayton HamVention �. The dinner will be Friday evening, May 18th, at the Crowne Plaza Hotel, located in Dayton City Center. This is the same venue as in years past. The program details are not final yet, but they will have a good one. As in the past, there will be some nice attendance prizes - last year the main prize was an Icom IC-756 Pro III! They have upgraded the menu this year. Tickets are 36.00 USDs per meal, payable in U.S. funds to SWODXA. (Sorry, they do not process PayPal or Credit Card payments.) Please advise if you want a vegetarian meal when you order. You may order tickets from Jay Slough, K4ZLE, at his CBA. SASE would be appreciated. They attempt to honor group seating requests when tickets are ordered together. There is not a bad seat in the house, but seating is definitely limited. Come join them for an evening of fun and fellowship. Further information may be obtained from Jay at:
  k4zle <at> yahoo <dot> com
  K4ZLE's CBA is: 8183 Woodward Dr., West Chester, OH 45069

* Tim, K3LR, Dayton Contest Dinner Chairman, informs "The North Coast Contesters are pleased to announce: "The 15th Annual Dayton Contest Dinner --

2007 Contest Dinner tickets are on sale now exclusively via the WEB this year!

Master of Ceremonies for the Contest Dinner is CQ Magazine Contest Editor John Dorr, K1AR

The 2007 Contest Hall of Fame Inductions will be formally announced by the CQ WorldWide Contest Director Bob Cox, K3EST.

We are thrilled to have Dr. Barry Merrill, W5GN as our keynote speaker.

The Contest Dinner will be held on Saturday night, May 19, 2007 at 6:30 PM Cash bar opens at 5:30 PM.

Located at the Crowne Plaza Hotel (Official Contest Hotel) 5th and Jefferson Streets (Next to the Convention Center) Dayton (Downtown), Ohio in the VAN CLEVE BALLROOM

Menu: Prime Rib of Beef, Potato, vegetables, rolls, chocolate fudge cake, choice of beverage, coffee, tea or iced tea.
*** Vegetarian menu available by request at the Contest dinner.

Price is $34.00 per person or $265.00 for a reserved table of 8.
** SEATING IS LIMITED TO 300, SO PURCHASE YOUR CONTEST DINNER TICKETS EARLY ****

***** You must bring your WEB receipt to the dinner to get in. Seating is random. Tables are set in rounds of 8.
Tickets are only available on http://www.contestdinner.com
There will be no Contest dinner tickets for purchase at the door.

Many contest operators from around the world attend this event. If you enjoy radio contesting, you do not want to miss this Contest dinner. We expect a quick sell out just like past years. Go to the web and get your tickets early!
73! Tim K3LR - 15 years and going strong!"

DXCC NEWS............
* Bill Moore, NC1L, ARRL DXCC Branch Manager, informs OPDX that the following operation is approved for DXCC credit:
  5X1RI - Uganda; Operation from May 5th, 2005, to February 3rd, 2006.

* N7NG E-MAIL. From Wayne Mills, N7NG: "Effective tomorrow, 15th, January, 2007, all personal email for N7NG should be sent to n7ng@arrl.net. This mail will be properly forwarded to my personal account.
  Mail sent to n7ng@arrl.org or wmills@arrl.org will NOT necessarily be rejected or returned. It will likely be read and forwarded to the appropriate individuals.
  Non-electronic mail can be sent to my Wyoming CBA or to my Bloomfield, CT address until late Spring...... 73, Wayne, N7NG"

EA8, CANARY ISLANDS. Leppala, OH2BYS, will be active as EA8/OH2BYS during the ARRL International DX CW Contest (February 17-18th) as a Single-Op/

Single-Band (20m) entry. QSL via OH2BYS.

FM, MARTINIQUE (NA-107). Patrick, F6CMH, will be active as FM/F6CMH from January 18-28th. Activity will be on 20/15 meters, on the usual IOTA frequencies. QSL via his home callsign.

G6, ENGLAND. Operators G6PZ, M0CLW, M0DXR and possibly others will be active in the ARRL DX CW Contest (February 17-18th) as a Multi-Single entry. QSL via M5AAV.

IOTA NEWS.........................

AS-120. The Nicosia Amateur Radio Club (5B4NC) has decided to go on a DXpedition to Agios Georgios, one of the coastal islands of Cyprus. The DXpedition will take place at the end of July and the Club will operate in the IOTA Contest from AS-120. The team will probably operate there for an extra 1-2 days either before or after the contest. Callsign, QSL info and other details will be announced at a later date.

NA-123. Operators Frank/DL2SWW (V31FG), Gerd/DJ4KW (V31YN), Gisela/DK9GG (V31GW) and Gabi/DF9TM (V31DG) will be active February 8-13th from the Turneffe Islands, Belize. QSL via the operator's instructions.

NA-141. Members of the Motorola Amateur Radio Club (Florida Chapter), will operate from Key Biscayne, part of the Florida State South East group, as W4MOT/4 on February 3rd between 1400-2230z. This operation will also activate the Cape Florida lighthouse, ARLHS USA-118. Activity will be on CW, BPSK31, and SSB, on 40-10 meters on the usual IOTA frequencies. QSL via W4MOT, direct or by the bureau.

OC-066. Alain, F2HE/FO5RH, will once again be back on Tuamotu Island starting January 16th. He informs us that if he cannot receive the QSL cards from the FO QSL bureau, he will then reply through the bureau once a year when he is back in France.

OC-084. Operators Mike/KM9D and Jan/KF4TUG are expected to be active now as T32MO from Fanning Atoll (aka Tabuaeran), East Kiribati, possibly through this coming weekend. NO QSNs have been reported as this was being written. Activity will be on 160-10 meters. Look for Mike to be on CW while Jan will handle the SSB. QSL via OM2SA, including the LoTW.

SA-027. Bone, PP5VX, is currently active from Sao Francisco do Sul (DIB SC-02 for the Brazilian Islands Award) in the Santa Catarina State North Group until December 31st, 2010. Activity will be on all bands and all modes. QSL via the address on QRZ.com. E-mail skeds are OK at: profsamy@gmail.com

J20, DJIBOUTI (Update/IOTA Op). A group of Italians will be active from Moucha Island (AF-053), February 1-15th. Silvano, I2YSB, informs OPDX that the team has added another operator. Stefano, IK2HKT, will

join operators Alfeo/I1HJT, Vinicio/IK2CIO, Angelo/IK2CKR, Carlo/IK1AOD, Marcello/IK2DIA and Silvano/I2YSB for the DXpedition. They expect to land in Djibouti on February 1st (early morning) then go straight to Moucha Island. The first station should be ready before sunset. Callsigns will be J20M and J20R. Activity will be on all bands 160-10 meters including the WARC bands, CW, SSB and RTTY. They plan to have three stations on the air. QSL is via I2YSB. Their Web page is available at:
http://www.i2ysb.com/j2/
Silvano informs OPDX: "Internet access is not available on the island. To update the online log it will be necessary to sail to the mainland. Furthermore, Internet connection is very slow in Djibouti, we will do our best to update the log online every 3-4 days."

J6, ST. LUCIA. Bill, WB5ZAM, will be here for his annual vaction/DXpedition between April 1-13th. Look for him to be active as J68WI on the HF bands, CW and SSB. He states, "Operations will be between the beach and enjoying the St/ Lucian hospitality." QSL via his home callsign.

KC4, ANTARCTICA. Adam, KC4/K2ARB, has been active from Patriot Hills Base (WAP MNB-02) in Antarctica since November 11th. He has been heard around 0600z on 14219.5 kHz using an Icom 746 and a 1000' V-Beam, 25 ft. above the Ice. Patriot Hills is a Logistics Base supporting expeditions to the South Pole and the Ellsworth Mountains and is privately funded. Location is 80S and 81W about 600 miles from the South Pole. The operation ends on January 27th. QSL to K2ARB. Visit the following Web site for more info and updates: http://www.k2arb.blogspot.com
ADDED INFORMATION: Adam, K2ARB, reports that a group researchers/members of the KoreaMet are setting up a Field camp at the "Martin Hills Fields Camp". Location is: 82=B0 01' South, 88=B0 04' West. The 2006/2007 Korea Expedition for Antarctic Meteorites includes 2 Hams: Hankyoo Yoo/HL1TJF and Jongwoo Park/HL1TR who are both signing KC4/HL1TJF and KC4/HL1TR. Their operation will last until the end of January. Their setup is an HF rig and dipole, provided by Adam, KC4/K2ARB. Look for them to be active on 40/20 meters SSB (Check 7040 and 14188 after 2300z). Look for the "Martin Hills Fields Camp" to be added in the WAP Directory as WAP MNB-05.

OM, SLOVAK REPUBLIC. Members of the LBCC will be active as OM7M in the ARRL DX CW Contest (February 17-18th) as a Multi-2 entry. QSL via OM3PA.

PJ2, NETHERLANDS ANTILLES. Operator Jeff, K8ND, (Station Manager for PJ2T) and members of the Caribbean Contesting Consortium (CCC) will operate as PJ2T from Signal Point, Curacao (SA-006, WLOTA LH-0942) in the CQWW 160 CW Contest (January 27-28th). He states, "Everyone should note that we are at or very near the sunspot minimum, a GREAT time for Topband operations! The CQWW 160 CW Contest will be a great opportunity for a 160 meter 'newbie' to jump in and work some DX!" QSL PJ2T via N9AG or Logbook of the World (LOTW); be among the first to receive the *new* PJ2T QSL card design!

PJ7, ST. MAARTEN. Bil/W8EB and his wife Dorothy/W8DVC will be here between February 25th and March 25th. Activity will be on 160-10 meters, CW, SSB, RTTY and PSK31 as PJ7/W8EB and PJ7/W8DVC. Bil will operate in the ARRL DX SSB Contest (March 3-4th) as PJ7B. This will be Bil's 12th consecutive ARRL DX SSB Contest participation from St. Maarten. All QSL requests go to W8EB.

QSL INFO AND NEWS........................

LY1FGW via LY3BV
LY1FTG via LY2TG
LY1XM via LY4T
LY2BT via LY2BVB
LY2IN via LY2TX
LY3AV via LY3R
LY3NL via LY1KAT
LY3TL via LY2L

3Y0X QSLS. QSLs via Bob, N2OO. Bob reports: "I am expecting a large crush of QSL mail once the VU7RG operation gets going. So, if you have been waiting to send for your 3Y0X, CE0Z, XR9A QSLs (or any other QSL I handle), right now is a GOOD time to send for it. Once the VU7 mail starts coming in, all other QSLs I handle COULD be delayed a bit. Remember! If you use IRCs, ONLY send the NEW current IRCs that expire Dec 31, 2009."

5A7A QSL STATUS. Andy, DJ7IK, informed OPDX on January 8th that some 38000 QSL cards were printed, and they are now starting to answer the 4400 direct QSL cards which they have received. There has been some reports that people are receiving their cards. Andy also mentions that there are two different QSL cards which and they can be viewed on the 5A7A Web page at: http://5a7a.gmxhome.de/qsl.htm
Please remember that they can only accept the new valid IRCs for direct return. QSL cards sent with old IRCs will be answered via the bureau, but with the first batch. ADDED NOTES: Several articles have been written about their DXpdedition for QST, ARRL and other ham magazines which will be published soon. Andy, DJ7IK, states that he is producing a powerpoint presentaion about 5A7A, and Rudi, DK7PE, is working hard on their DXpedition video. Meantime you can watch video samples on:
http://youtube.com
Just search for 5A7A. The team is happy to make Jari's, OH2BU, "Mega DXpedition List", listed in the 4th position after D68C, 3B9C and 4O3T, but they set two new records: Most QSOs of a DXpedition on 160m and 80m!

NOT THE QSL MANAGER. Ron, AC7DX, reports that he is no longer the QSL Manager for T93X and VK6JB.

Phil Whitchurch, G3SWH, is pleased to announce that he has recently acquired a copy of the log for the XU7ABC operation by G3XAQ between May 3-6th, 2001. Anyone still needing a card can apply for one via the usual channels, i.e. direct with adequate return postage and SAE, E-mail for a bureau reply or via the RSGB Bureau. His E-mail address is:
Phil@g3swh.demon.co.uk

QSL STATUS FOR YX0A AND YX0LIX. QSL Manager Steve, KU9C, reported on January 10th, the following: "As of this morning, I've probably got about 25% of the card requests in the mail. Many more to do, so please be patient. The timing of the stuff I need to manage the QSL sending came at a bit of an inopportune time for me with other commitments, but I'm hammering them out. A few notes:

- There were a number of QSOs that DID NOT make it in the initial logs that are online. I've recently received a final update, and am checking the 'not in logs' thoroughly against these new logs. Unfortunately, this is going to slow me up a bit, but I want to make sure you get credit for as many QSOs as I can match!

- A number of you requested QSLs for other stations I manage. I've been able to finish many of these before the YX0 cards arrived, so that hasn't slowed me down...but for those of those I missed, this will slow the request down substantially. Please do not re-submit, as this just adds confusion.

- I'll be putting up the logs in LOTW, but this will be after I get the direct cards mailed, for a number of reasons.

I'll update as I get down the pile further. 73, and
Happy New Year -- Steve KU9C"

S21, BANGLADESH (Update). The "Bangladesh 2007 DXpedition" is now active until January 16th. The callsign is S21XA. The team reports that the "conditions are terribly poor and they try to take advantage of all the openings towards EU and NA since with JA there are better conditions." QSL via EA3BT (direct or by the bureau). Further information and updates will be available at: http://www.ea3bt.com/s21xa.htm

SPECIAL EVENT. Look for the Balkan Contest Club (LZ1KZA) to use the special callsign LZ170VL from now until December 31st. Activity is to celebrate the 170th anniversary of the Bulgarian national hero Vasil Levski, who was born on July 18th, 1837, in Karlovo. For details, visit:
http://en.wikipedia.org/wiki/Vasil_Levski
http://www.iianthropology.org/vassillevski.html
QSOs with LZ170VL counts for 10 points towards the "St. Teodosii Tyrnovski Award". For details, please visit: http://www.balkanclub.org
QSL via LZ1KZA, by the LZ QSL Bureau.

V7, MARSHALL ISLANDS (Kwajalein Atoll, OC-028). Just a reminder that Neil, WD8CRT, will once again be active as V73NS as January 12th and will remain there for at least two years on the Island of Roi-Namur. Activity will be mostly CW (possibly some Digital) on 160-6 meters. He was spotted this past weekend on 40 meters CW after 0930z and 20 meters CW after 0000z. QSL by the Bureau or direct to: Neil Schwanitz, Box 8341, APO, AP 96557 (USA). QSLs for his 2003 to 2005 QSOs are "OK" to the same address. Visit his Web site at: http://www.qsl.net/v73ns

VU7, LAKSHADWEEP ISLANDS (VU2RG News)...............

* By the time you read this, the fun should begin to work the second VU7 operation. (CHECK THAT! Just before going to print, the VU7RG team is now up and active.) Remember, for up-to-date details, visit the VU7RG Web page at: http://www.vu7.in/

* PRESS RELEASES (dated January 9th) from the VU7RG Web page:
  - Special callsign for Minicoy Island (AS-106): The Minicoy operations will have a special callsign VU7MY granted by WPC (Indian Govt.) and will be active from January 15-31st. This will be an all Indian Amateur Radio operation station.

- License extended for Indian Operators: Indian Radio Amateurs have given permission to operate until 31st January 2007.

- VU7 Team: The Kadmat advance team is already on Kadmat to make preparations. Lots of the other team members are arriving in Cochin.

XT, BURKINA FASO (Update). The F6KOP ARS of Provins group continues to be active as XT2C from Ouagadougou, the capital city of Burkina Faso. Activity will last until January 20th. The team reported Sunday morning that some of the operators are still ill, but they continue to operate. They are all close to their physical limits, and even the strongest team members are exhausted. However, they are still having fun and are in a good mood. The propagation is not as good as during their first days of operation. They also report that the low bands (160-40m) are now very noisy, and signals on the higher bands during daytime have a strong QSB. QSOs count as of Sunday's report is about 36,558. The QSL Manager for XT2C is F9IE, by the bureau or direct to: Bernard Chereau, BP 211, 85330 Noirmoutier en l'ile, France. If you wish to receive a QSL via bureau, you can speed up the process by sending a list of your QSOs by E-mail (with callsign, date, time, band and mode of each QSO) after January 21st to: xt2c@orange.fr
By following this procedure, you do not need to send a paper QSL via bureau. All requests received via e-mail or bureau will be answered. Visit the XT2C Web page at: http://xt2c.free.fr/

XU7, CAMBODIA (Update). Operators Steve/9M6DXX, John/9M6XRO and Pete/SM5GMZ will be active as XU7DXX, XU7XRO and XU7ADI, respectively, from an established DX shack in Sihanoukville, Cambodia, between February 1-10th. Activity will be on CW, SSB and the digimodes with operations on all bands, depending on propogation, of course. Steve will primarily be on SSB and John will be on the key and RTTY. QSL XU7ADI via SM5GMZ, and for XU7DXX and XU7XRO via M5AAV: Graham Ridgeway, 6 Pilgrim Street, Nelson, Lancs, BB9 0JQ, England. ADDED NOTE: Please see the following interesting Web site at: http://www.qth.com/dxshack/XU/XUtop.htm

XU7, CAMBODIA. Operators Yoko/JA3DFM, Yoshi/JA3EGZ and Tada/JA3PPH will be active as XU7DFM, XU7EGZ and XU7PPH, respectively, from Shihanoukville City, March 16-19th. Look for activity on all HF bands and modes. QSL via their home calls (QRZ.com).

XW, LAOS. Alex, RK3DT, is now active as XW3DT between now and January 20th. Activity seems to be on 40/30/20/17/15/12 meters, mostly CW with some SSB. QSL via: PO Box 11, GPO, Hong Kong (before May 2007).

ZK3, TOKELAU ISLANDS (Also, 5W). Look for operators Sara/HA9SDA and Eli/HA9RE to be active as ZK3RE from February 3-21st (possibly 22nd). They plan to have two stations on the air operating CW, SSB and RTTY, and on 160-10 meters. The suggested frequencies are:
CW - 1815.5/1831.5, 3507/3511, 7007, 10117, 14040, 18084, 21040, 24914 and 28040 kHz
SSB - 3789, 7047/7080, 14240, 18114, 21255, 24940 and 28440 kHz
RTTY- 14075, 21100 and 28075 kHz
After their activity on the Tokelau Islands, they will head to Samoa

```
and be active as 5W0RE possibly starting February 26-27th to March
11-12th. Activity will be the same as on the ZK3 operation. QSL via HA8IB.

You're lucky. The post office is saving you money. Buy IRCs from QSL
managers selling them and you'll save a lot of money. Going rate
these days is about $1.20. Make sure you get the new ones, as the old
ones expired the first of the year.

Personally, I use greenstamps, rather than IRCs 99% of the time.

That's Google Subscribers. Not the number that Read in via ALL USENET

```
Google Groups does not equal USENET Groups.

Only 115 does not surprise me because most computer users, including
DXers, are not aware of UseNet.

SB DX @ WW < KB8NW $OPDX.794
Ohio/Penn DX Bulletin No. 794

The Ohio/Penn DX PacketCluster
DX Bulletin No. 794
BID: $OPDX.794
January 22, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, ARRL Web site, K1XN & GoList, NC1L, NJ1Q, KA2AEV, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, W6YD, K8YSE, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, E21EIC, F5NQL & UFT, G3NKC, I1JQJ/IK1ADH & 425 DX News, M5AAV, RSGB IOTA, UA2FM, UA4WHX, UA9CDC, VA3RJ & ICPO and VK1AA for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 14th-January, through Sunday, 21st-January there were 219 countries active. Countries available: 3A, 3B8, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5V, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, AP, BV, BY, C2, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E4, E51, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J3, J6, J7, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OK, OM, ON, OX, OY, OZ, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S0, S2, S5, SM, SP, ST, SU, SV, SV5, SV9, T32, T7, T9, TA, TF, TG, TI, TJ, TK, TR, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP8, VP8/h, VP8/o, VP9, VQ9, VR, VU, VU7, XE, XT, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

100 POUND DXPEDITION (VP2M - Update/Reminder). Members of the "Buddipole Users on Montserrat" (BUMS) will mount a DXpedition to the island of Montserrat (NA-103) from January 29th to Feburary 6th, 2007. It seems DXpeditions have now moved from Microlite to Ultralite. DXpedition team members will pack light for this DXpedition taking only lightweight transceivers and portable antennas. The maximum equipment weight taken to the island will be 100 pounds per person. With this lightweight equipment, the team plans many on island portable operations in the hills, on the beach, and from the volcano observatory on the southern part of the island. The team members mentioned are (updated): Budd/W3FF/VP2MFF, Chris/W6HFP/VP2MHF, Paul/KB9AVO/VP2MVO, Mike/KC4VG/VP2MVG, Tom/W4OKW/VP2MTC, Bob/AB7ST/VP2MST, Dan/WZ1P (No VP2 callsign yet), Scott/NE1RD/VP2MRD and Dave/KZ1O. Activity will be on all bands 160-6 meters, CW, SSB, PSK31, RTTY and SSTV. QSL via NE1RD. Check their Web site for more information and updates at:
http://dxpedition-vp2m.com/
Also, you can follow along with the planning, preparation, execution, and follow through on this DXpedition through NE1RD's blog, "The 100 Pound DXpedition", at: http://100pounddxpedition.blogspot.com

2007 VISALIA INTERNATIONAL DX CONVENTION. The 2007 International DX Convention will take place April 27th, 28th and 29th, 2007, at the Holiday Inn Hotel & Conference Center in Visalia, California. This is an ARRL sanctioned convention that is sponsored this year by the Northern California DX Club. It is expected to draw visitors from around the World and will feature programs from recent DXpeditions and contest operations.

The Convention theme this year is, �Elmering New DXers is Job Number One!� Accordingly, a portion of the programming will be devoted to helping new DXers learn how to be noticed in a pile-up, snag a �new one� and get that elusive QSL card.

Other Convention offerings will include: DX, Top Band and Contest Forums, technical talks, many door prizes, both Friday and Saturday evening "attitude adjustments", Saturday Barbecue Lunch, Saturday night banquet, Sunday morning �power� breakfast, Vendors Exhibits and QSL card checking.

Current information and registration forms are available on the Convention web page which can be found at: http://www.dxconvention.org

Additional registration information can be obtained by contacting Convention Registration Chairman, Dick Letrich, W6KM via Email at: dlw6km@aol.com

If you�re interested in DXing, the Visalia DX Convention is the place to be. We hope to see you there.

5H, TANZANIA (IOTA Op Cut Short!). World traveler Vladimir, UA4WHX, informs OPDX, that he had to cut short his 5H3VMB/3 IOTA operation from AF-075 because of a major transceiver failure. His activity only lasted for two days before the failure. He is currently in Dar-es-Salaam looking to repair or replace his radio. He feels the radio may not get repaired and may try to borrow or purchase a new radio (or possibly invite someone to come and operate with him). Vladimir does want to travel to a couple more locations before returning home to Russia. If you can help Vladimir, let OPDX know and we will contact him.

9M8, EAST MALAYSIA. David, VK2CZ, will be attending an Electrical and Electronics Engineeers (IEEE) Region 10 meeting in Koto Kinabalu and plans to be active for a few hours during the CQ WPX SSB Contest (March 24-25th) possibly as 9M6/VK8AA. David states, "I've love to catch up with any ham in / around East Malaysia - given the hassles about securing my own 9M licence.."

9Q, DEM. REPUBLIC OF CONGO (Possible Topband Activity). Philippe/9Q1TB and his friend/neighbor George/9Q1EK (VE2EK) were heard this past week. Watch 40/30 meters. Philippe mentioned that this past week George and he were conducting some encouraging tests on 160 meters after setting up an Inverted L this past Sunday (January 14th). He states, "The signals are not too open over Africa, but we've heard a lot of Europeans." They hope to set a second antenna. Those who can access Google Earth, enter the following coordinates at: 4� 19'40.00''S and 15� 16'31.80'' E You can see George's house on the left and Philippe's on the right. The two operators share air time because their stations are so close; they also share a great part of their antenna systems. QSL 9Q1EK and 9Q1TB, via SM5DQC (only direct) to: Osten B. Magnusson, Nyckelvagen 4, SE-59931 Odeshog, Sweden.

C5, THE GAMBIA. Jay, LY4Y, will be active as C56NN from January 22-29th. Activity is planned for 160-10 meters. QSL via LY4Y, by the bureau or direct to his home address in the United Kingdom: Jukna "JAY" Sarunas, 10 Johns Avenue, Haydock, St. Helens Merseyside WA11 0QB, United Kingdom.

CN, MOROCCO. Members of the UA2 Contest Club will be active as CN2A during the CQ 160-Meter CW Contest (January 27-28th) as Multi/Single entry. The operators mentioned are Denis/CN2A, Victor/RV2FW (CN2FW), Andy/UA2FB (CN2FB) and Vladimir/UA2FF (CN2FF). This team scored three world records in 160m contests from C42A and 3V8BB some years ago. Some activity before the contest is expected, possibly starting January 25th. QSL CN2A and others via DK4VW (direct) or via the UA2 QSL Bureau (http://qrz.ru/qsl/, English version for 2F's address is also there). DK4VW's address is: Ulrich Mueller, Kreutzacker 13, D-35041 Marburg, Germany.

E2, THAILAND. Champ, E21EIC, informs OPDX that he will back home in Southern Thailand and operate as E21EIC/8 between January 19-26th (was recently in Vietnam). He was heard this past weekend on 40 meters CW. JA stations QSL via JR5XPG, all others QSL via his home callsign.

IOTA NEWS......................

NA-246. A team of XEs and Ws will activate Larga Island, February 23-25th. The callsign was not mentioned. However, they plan to operate around 48+ hours with 3 stations, CW and SSB. QSL via N6AWD.

OC-212. Nick, VK1AA, will be active as VK1AA/2 from Broughton Island, February 25-28th. Activity will be on 40/20/15 meters, CW and Phone. QSL via PO BOX 900, Spit Junction 2088 NSW, Australia.

SA-021. Members of the Bahia Blanca DX Group and Mistongo DX Tandil Group will activate Trinidad Island as LQ0D on February 2-4th. Trinidad Island is located in the Atlantic Ocean near Bahia Blanca, 3 hours navigating from Puerto Rosales, at 35km from Bahia Blanca. The ship will set sail on Friday, February 2nd at 6:00 am and will arrive at the island at mid-morning. The group will immediately start moving all the materials to the camping site where there are lots of bushes but no trees, no houses and no fresh water. The group will return on Sunday at 7:00 pm. Activity will be on 80-10 meters including 17 and 12 meters (depending on propagation) on CW, SSB and the Digital modes. A special full color QSL card will be printed for this operation. QSL to the GDXBB Manager, Carlos, LU7DSY: PO BOX 709, ZIP CODE 8000, BAHIA BLANCA, Argentina. Argentinean stations will have to send a self directed envelope, with a 75-cent stamp. Foreign stations will have to enclose 2 USDs or 2 IRC. QSLs will also be possible via bureau. For further information, contact at: lu7dsy@hotmail.com

LX, LUXEMBURG. Operators Juergen/DL4SDW, Bernd/DL8SCG and Philippe/LX2A will be active as LX7I during the CQ 160-Meter CW Contest (January 27-28th) as a Multi-Op entry. QSL via LX2A. Visit the following Web page at:
http://www.lx2a.com

LX, LUXEMBURG (Special Event). Members of the R�seau Luxembourgeois des Amateurs d�Ondes Courtes (RL - Luxemburg Amateur Radio Society) will activate three special event stations during the year of 2007. Activity is to celebrate Luxemburg being the European's Capital of Culture this year. Look for the following stations to be activated by several operators: LX2007L (district Luxemburg), LX2007G (district Grevenmacher) and LX2007D (district Diekirch). QSOs will be confirmed automatically via the QSL bureau. A special award is issued as well. An online log will be available via eQSL, LoTW and the RL homepage at: http://www.rlx.lu
For more details or questions, please send an E-mail to: lx1kc@rlx.lu

MD4, ISLE OF MAN. Operators David/G3NKC, Peter/G4MJS and Martin/G4XUM will be active as MD4K during the CQ 160-Meter CW Contest (January 27-28th) as a Multi-Op entry. QSL via G3NKC. David, G3NKC, informs OPDX that the team will go to the Isle of Man on Thursday before contest. He states, "Hopefully, we will be on for JA sunrise before the contest, following many requests, probably using GD3NKC/P." QSLs for both callsigns should go to G3NKC. If direct; please remember that 1 USD is not sufficient for return postage outside of EU.

8Q7DV ONLINE LOG. Igor, UA9CDC, reports that the online log for the 2006 8Q7DV operation is now available at: http://radio-8q7dv.narod.ru

Graham, M5AAV, informs OPDX that he is no longer the QSL Manager for G6PZ, GX6PZ or GB6MD, effective immediately.

VK1AA QSL EXCHANGE SERVICE: "Part of the enjoyment of contacting other amateurs is the final courtesy of the QSO - the QSL card. In addition to the necessity of verification of contacts for awards, many amateurs enjoy collecting QSL cards. VK1AA QSL Exchange Service is a QSL service for those who would like to have a better return rate than through an existing QSL bureau.

To our Australian members, we guarantee 4 weeks delivery time on all incoming cards for symbolic yearly membership of only $A10 (US$ 8) or $A5 (US$4) for F-class callholders. Of course, we gladly accept all incoming cards for all VK stations; members or not. (Non-member cards are forwarded to local National bureau on bi-monthly basis).

Our members are encouraged to promptly reply to all incoming cards through our own outbound QSL service to overseas bureaus which is free of charge for small to medium users and 'at actual cost' to large volume users.

We believe QSL Exchange Service will make a dramatic impact on QSLing 'down-under' and we invite you to support our project. Sending your QSL cards for VK stations via QSL E. S. will not just unclog the existing, mostly inefficient system, but will also reduce delivery time from many months to just a few weeks.

Please do not send money or IRC - this 'new old-fashioned' QSL service is not for profit. Should you wish to receive an acknowledgement of receipt, please include your E-mail address. Thank you for your patronage and happy QSLing...... Nick Hacko, VK1AA
QSL Exchange Service, PO BOX 900, Spit Junction 2088 NSW, AUSTRALIA
For more details on this service, please visit:
http://www.vk1aa.com/qes.html

S21, BANGLADESH (Update). The S21XA "Bangladesh 2007 DXpedition" is now QRT. The team pulled the plug Tuesday, Jaunary 16th, at 0000z with little more than 17,000 QSOs. They report that the S21XA team was tired after seven hard days of 24 hours/day of non-stop operations. The team is happy with their operation inspite of the bad propagation. They were able to provide a �new one� for a lot of operators and also help fill in a new band and/or mode QSO to the rest. QSL via EA3BT, either direct or by the bureau. Online logs are available at:
http://www.ea3bt.com/bangladesh/bangla-logs.php

STATESIDE CODE TO BE ELIMINATED. The following is from the ARRL Web page this past week: "Codeless Amateur Radio Testing Regime Appears Set to Begin February 23 (Jan 19, 2007) -- The ARRL has learned that the FCC's Report and Order (R&O) in the "Morse code proceeding," WT Docket 05-235, is scheduled to appear in the Federal Register Wednesday, January 24. Assuming that occurs, the new Part 97 rules deleting the requirement that Amateur Radio license applicants pass a Morse code examination for any license class would go into effect Friday, February 23, 2007. The League cautions that this date is tentative, pending official confirmation and publication." The ARRL has posted all relevant information on the important Part 97 rule revisions on its "FCC's Morse Code Report and Order WT Docket 05-235" Web page, at: http://www.arrl.org/fcc/morse/

TA, TURKEY. Ozer, TA2RC, will be active during the CQ 160-Meter CW Contest (January 27-28th) as a Single-Op/Slow-Power entry. QSL via TA2RC by the Bureau.

TZ, MALI. Operators Eric/ON4LN (TZ2T), Ivo/ON5CD (TZ1T), Stefaan/ON4FG (TZ4T) and Bart/ON3VK (TBA) will be active from Bamako, Mali, April 2-7th. The group plans to activate some prefixes that were never issued before. Activity will be on 160-10 meters on SSB, CW and Digital modes (RTTY, BPSK31, etc.) with at least 2 stations on the air simultaneously. Bands and mode will largely depend on the propagation. The aim is to activate the low and WARC bands, CW and digital modes as often as possible. QSL direct to ON4LN for all callsigns, or via bureau to their home callsigns. More information is available on their Web site at: http://mali2007.obox.be/

V2, ANTIGUA. Ed, N2ED, will be active as V26G during the ARRL DX CW Contest (February 17-18th) as a Single-Op entry. He will be there between February 10-21st. Look for activity on all the HF bands including the WARC bands before and after the contest. QSL V26G Via N2ED.

VK, AUSTRALIA. Tino, VK3EGN, will be active in the CQ 160-Meter CW Contest (January 27-28th) as a Single-Op entry. He states that he will be using a kite lifted antenna from Ocean Grove Beach. QSL via VK3EGN to the Bureau.

VQ9, CHAGOS ISLANDS. Larry, VQ9LA, will be active in the CQ 160-Meter CW Contest (January 27-28th) as a Single-Op entry. QSL via VQ9LA.

VP2V, BRITISH VIRGIN ISLANDS (NA-023). Look for Steve/AK0M and his XYL Sandy/KC0RD to be active as VP2V/homecall from the Island of Anegada, February 12-18th. Activity will be on 40-6 meters, possibly some 80m operations if the antenna situation permits. Their emphasis will be on 40/30/17 meters, also 12m if the band is open. Operations will be primarily on CW, but with some possible SSB. Look for activity to be sporadic since this is a holiday style operation, but they do plan to be on the air at least 2-3 hours a day. Some limited time of participation, possibly 6-12 hours, and are expected in the ARRL DX CW Contest (February 17-18th), as a QRP entry. Their operating locations will vary between portable locations including the beach and from their living accomodations. QSL via AK0M, direct or by the bureau (processed once a year). Logs will also be available on LoTW after the trip. For more details/information about their operation, visit: http://pages.cfu.net/~sjs/vp2v/vp2v_feb_2007_main.html

VU7, LAKSHADWEEP ISLANDS (VU2RG News)................

- Plenty of activity is on the air from the VU7RG teams on all four islands. Remember, for up-to-date details, visit the VU7RG Web page at: http://www.vu7.in/

- Depending in what IARU Region you are in, there are three different QSL routes for this operation. They are:

  IARU Region 1: (Europe, Africa, Middle East and Northern Asia)- QSL to the German DX Foundation: GDXF, Blumenstr. 25,
  50126 Bergheim, Germany

  IARU Region 2: (The Americas) - QSL to Bob Schenck, N2OO:
  Bob Schenck, REGION 2 QSL MANAGER FOR VU7RG,
  P.O. Box 345, Tuckerton, NJ 08087-0345 USA

  IARU Region 3: (Asia-Pacific) - QSL to I-House Radio Club/JA3UB:
  I-House Radio Club/JA3UB, P.O.BOX 73, Amagasaki,
  660-8799 JAPAN

  It is recommend to visit the VU7RG Web page for more details on how to QSL to each different route, especially for Bureau QSLs.

- Online logs are available (most, but not all) at the following Web site: http://www.dx-pedition.de/lakshadweep2007/logs/logsearch.php

XT, BURKINA FASO (Update). By the time you read this, the F6KOP ARS of Provins group should be back in Paris early Sunday morning, January 21st. Reports indicate that the team was very happy to excess their QSO goal. Last QSO count was 56,287. Last contact was made on Staurday, January 20th, at 1200z. The last XT2C contact can be heard online on the DXpedition's Web page at: http://xt2c.free.fr/
A log search will be available very soon online at:
http://xt2c.free.fr/log_uk.php

YW0, AVES ISLAND (Update). The 4M5DX Group recently announced that a team of 15 experienced operators lead by Alex, YV5SSB, will be active as YW0DX from Aves Island (NA-020) beginning the second week of February 2007, for 10 days. Conrad, IT9DAA, the team's QSL Manager, reports that the last agreement with the Venezuelan Military Navy was to board for Aves Island February 7th (with operations beginning February 8th). Their departure day is still undetermined (the date could vary, between February 15-18th). The team has now put a survey (poll) on their Web site for band and mode needs. To participate, go to: http://yw0dx.4m5dx.org/poll.html
QSL via IT9DAA. They are looking for sponsors/donors. More details are available on their Web page at: http://yw0dx.4m5dx.org

ZL, NEW ZEALAND. Bill, ZL3NB, will be active during the ARRL International DX CW Contest(February 17-18th) as a Single-Op entry. QSL via the LoTW or the Bureau. Bill hopes to achieve "WAS" via the LoTW!

ZP, PARAGUAY (Also HH). Dale, N3BNA, will be active from here between January 23rd and February 6th. Activity will be from ZP6 and possibly ZP9 land, so look for him to sign ZP6/N3BNA and ZP9/N3BNA. Dale mentions

that he has never worked a JA station on 160 and 80 meters, and would
really like to work them. Also, look for Dale from Haiti as HH7/N3BNA
between February 11-24th. Dale states, "In Paraguay, I will have a big
station with power...In Haiti, it will be low-profile station with 100
watts or less...so not much chance to work JA from HH7...Maybe on 40m or
80m." Please QSL ZP6/N3BNA, ZP9/N3BNA and HH7/N3BNA via KA2AEV.

I wonder how many folks are on here through various uncounted
interfaces? I got a lot of direct responses recently with a thread I
started, so Ithink the number is much higher.

Hi,

Take a look, I know you'll love it as much as I do.
They give you access to some of the best groups others may not carry.
Images, video, mp3 music, the real news from around the world... it's all inside
waiting for you.
One thing I love about them, they don't keep log files of the news I read or files
I download.
They offer some of the best premium newsgroup access anywhere.

Keyword searchable
Blazing fast downloads
800 GIGS of new multimedia content each day
Convenient thumbnail indexes
2,000,000 new posts each day
Posting allowed!
Very long retention

Just go to http://www.newsdude.net and see why I love them so much. Bye for now!

The following was just posted to Usenet by the news.announce.newgroups moderator on behalf of the Big-8 Management Board:

http://www.big-8.org/dokuwiki/doku.php?id=nan:2007-01-25-rec.radio.amateur.moderated-rfd2

This is a Request for Discussion (RFD) to create a new moderated discussion newsgroup for amateur radio on Usenet. It has been relayed to rec.radio.amateur.antenna and rec.radio.amateur.dx as announced in the RFD. Please consider contributing your opinions regarding this newsgroup to news.groups.proposals, where followups to this message have been set.

Hi all. My situation is that I am very much into increasing my DXCC numbers right now. I was almost inactive for a number of years on HF after my wife was ill and died. About a year ago I started counting my DX contacts. I found that I had apparently lost a box of qsl cards for dx in moving and am missing a number of cards that I had confirmed at one time.
I am going back and trying to beg another card out of those that I find in my logs.
Specifically, on some operations such as ones in the South Pacific Islands, Clipperton, etc that I have worked and even had confirmed at one juncture have had the same call sign assigned to different people during different time periods. Is there a source on the web or otherwise where one can find out who was the holder of a given call at a given time and additionally who might have been the qsl manager.

Thank you so much for the information
73 and DX
Kennon W4TKI

Google to the rescue for �

Also �   �   �   and lots more

See URL:
http://tlt.its.psu.edu/suggestions/international/accents/codealt.html

�   is really a Nordic O slash. For a true slashed zero -- see URL:
http://www.reference.com/browse/wiki/Slashed_zero

The slashed zero looks just like a regular letter 'O' or number '0' (zero),
but it has a slash through it. Unlike the Scandinavian vowel '�' and the
"empty set" symbol '?', the slash touches the walls of the surrounding O
shape but does not extend past them on the outside.

More on slashed zeros at URL:
http://www.eham.net/forums/ComputersAndSoftware/1

In Ham work I use the Nordic O   �   for call signs, but be aware this can
goof up some logging programs

Try typing the callsign in Google.

Also contact your local DX club and present the problem to the members. Most likely these folks worked the same stations as you.

And you can post a list here for the ones you need.

I may have some of the ones you need -- so post em -- will see if I and others can help

Good Luck

CL

I use Terminal font (included with Microshaft Windoze since dirt was new) -- no extra keystrokes needed, and it imports/exports w/o issues. Fixedsys also offers a slashed zero, though the representation is better, in Termainal font.

< snip >

I read the request and I'm not sure how to respond. Yes, I would like to see a NG that had the politics and flames flushed out of it by a "duty roster" of moderators. However, I'm bothered that it is proposed to *supplement*, not *replace* the other newsgroup. How could I be sure that some (valid) posters weren't behind in the old, abuse-filled group, toughing it out???

What I'm saying is that I want a clean break. If I have to check *two* newsgroups as a substitute for previously having had to check one, that's unfortunately not an improvement.

If my dilemma is too obvious and I shouldn't have bothered stating it, I'm sorry.

73,
KD6VKW

Unsubscribe from the old newsgroups. End of problem.

Leave the old group for those who want to wallow in the problems.

The simple solution for most of us will be to simply ignore or even delete
the other groups.

Thanks, All useful info.
However, what I really need is a symbol for the letter 'O'. I have
problems with my callsign, and, as I use my callsign in my e-mail
address, I suspect that a lot of the time I fail to receive mails
intended for me. At least one professional organisation has it as
'g30ohx'. Despite occasional repeated requests to correct it, it remains
the same.
Ian.

Well said, Dee. And what a simple solution it is.

Ideally, we will wind up with the wheat in one
newsgroup and the chaff in the other. Participants
will use their free will to decide when (if ever)
to make that "clean break".

well removing RRAP is not going to happen according the Proponent

and Frankly I don't think the new NG is going to realy get moving if
get launched

I started writing short stories about my travels, people I met, situations I encountered..., many of which happened in the background of expeditions like FO0CI, AH1A, VK0IR, 3Y0PI and DX activities such as D2TT, 5X1T, YA5T, AP2ARS, YU8/ON6TT, etc...

I hope they form an interesting read for the DX community.

My travel short stories in blog-format can be found at:

http://theroadtothehorizon.blogspot.com/

Vy 73,

Peter, ON6TT

hello

http://ma.yer.at/6m/

is updated now.

it gives the possibility to calculate azimuth and
distance to the 6m beacons for a given location.
now it's possible to select the sort-criteria.
default is qte direction, alternative you can select
the sort by qrg frequency or qrb distance.

downloading beacon6m.kmz brings an overview of all locations
worldwide for 50 mhz beacons with google earth.

best regards
hans
oe1smc

Hi guy's,
This is a well known problem and unfortunately a presentation problem
(i.e. font problem).
Why would I like to change font?
Because;
In a presentation, e.g. mail or log application, it is almost impossible
to differentiate between e.g. SO2R and S02R (Sierra Oscar Two
Romeo = Poland and Sierra Zero Two Romeo = West Sahara).

This can be fixed by typing a different character (e.g. the scandinavian
vowel �), the slashed zero, but that will mess up export files (ADIF
etc.) because it uses a different ASCII code (hexadecimal value). To
create the slashed zero you can press and hold ALT while typing 0216,
but it will create a different hexadecimal value for that character and

mess upp exports and ADIF files.

There is anonter way to fix this (mainly screen/print problem) and that
is to use adifferent font where the display bitmap is showing the
slashed zero for the normal zero ASCII value. There are some useful, ham
radio designed, alternative fonts that would give you; SO2R and S�2R as
a result without changing the value of the character, e.g. Anadale Mono
(mono spaced font, I'm using Anadale Mono
in my DX-cluster window, it's just great...) and Ham (looks like Arial).
You can find these fonts and a lot of other Ham fonts if you look at
http://www.k8zt.com/zero.html.
But to be able to fix this, it must be possible to set the font in the
application you use.
Either as a default for all windows within the application or window by
window (I prefer the first alternative).
Yes, you can change the default for Windows, but you probably don't want
this to be changed for "all" your applications.

Ohio/Penn DX Bulletin No. 795

The Ohio/Penn DX PacketCluster
DX Bulletin No. 795
BID: $OPDX.795
January 29, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NJ1Q, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8YSE, N8PR, NE8Z, W9VNE, Financial Times, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, DO1DXX, F5NQL & UFT, F6AJA & Les Nouvelles DX, I1HYW, I1JQJ/IK1ADH & 425 DX News, IZ8CGS, LU1FAM, OK1DOT, RSGB IOTA, SP9MRO, VA3RJ & ICPO, VK2CZ, YO3JW and ZL2AOH for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 21st-January, through Sunday, 28th-January there were

222 countries active. Countries available: 3A, 3B8, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5U, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9Q, 9V, 9Y, A2, A3, A4, A6, A7, A9, AP, BV, BY, C2, C3, C5, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J2, J6, J7, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S0, S2, S5, SM, SP, ST, SU, SV, SV9, T30, T32, T7, T8, T9, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP8, VP8/h, VP8/o, VP9, VQ9, VR, VU, VU7, XE, XT, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

100 POUND DXPEDITION (VP2M - Update/Reminder). The "Buddipole Users on Monserrat" (BUMS) have made their final preparations for their lightweight DXpedition. Operations are planned for January 29th through February 6th. The seven operators are: Budd/W3FF (VP2MFF), Chris/W6HFP (VP2MHF), Scott/ NE1RD (VP2MRD), Mike/KC4VG (VP2MVG), Paul/KB9AVO (VP2MVO), Bob/AB7ST (VP2MST) and Tom/W4OKW (VP2MTC). They will establish two stations at Gingerbread Hill, one SSB/CW and the other operating various data modes including PSK31 and RTTY. Several portable stations will be operated during the day from various interesting points on the island including the Montserrat Volcano Observatory, hilltops along hiking trails, and beaches using portable antennas, batteries, and solar power. DXpedition pilots supporting the operation from their homes in the U.S. are Dan/WZ1P and Dave/KZ1O. QSL all contacts from operators via NE1RD. Additional information on the operation, including an on-line log, are available from the DXpedition's Web site at: http://dxpedition-vp2m.com/
Daily reports from the operation will be made through NE1RD's blog, "The 100 Pound DXpedition", at: http://100pounddxpedition.blogspot.com

2U0, GUERNSEY (EU-114). Kevan, 2E0WMG/ISWL G-21098, will be active as 2U0WMG from March 19th-23rd. If you need to work EU-114 for the IOTA award, or you want to bag an ISWL Monitor point, please drop him an E-mail to arrange a sked at: poopsie219@hotmail.com
He will be active on all HF bands if conditions allow.

3B6, AGALEGA (DXpedition Update). Members of Polski Zwiazek Krotkofalowcow (PZK)(the Polish Amateur Radio Union) and SP-DX-Club are organizing a DXpedition to the Island of Agalega. Team leader Witek, SP9MRO, informs OPDX that the group has received their license and will be active from March 22nd to April 2nd. The callsigns to be use are 3B6/SP9MRO and 3B6/SP9PT. A copy of their license can be viewed on their Web page at:
http://3b6.godx.eu/
Team members mentioned are: Witek/SP9MRO (co-leader), Wojtek/SP9PT (co-leader), Marek/SP9BQJ, Bogdan/SP3IQ, Danuta/SP9SX (YL), Jozek/SP9-31029, Wojciech/SP5BFX and his XYL wife Basia (who's responsible for logistics

and PR). They are planning to be active on all bands from 160-10 meters, on the modes CW, SSB, RTTY and PSK31. They will not be active for 6m according to the change of Mauritius's rules. At the moment, they are collecting funds for the trip's realization. Witek states (edited), "The Dxpedition cost is huge! We are going to travel for nearly 1200 km on the Indian Ocean and live on the island which is practically isolated from all the other people except the local community. There are no planes landing. But as we have heard from our HB9 friends, there are nearly 200 extremely kind people who live there and are very friendly towards hams. We are encouraging all of you who would like to help us to do so. All the information needed can be found at our webpage." Earlier reports indicate that activity is also possible from Seychelles (S7), Mauritius (3B8) and /MM operations from the Indian Ocean. Remember the team is looking for sponsors to help off-set the huge expenses of this DXpedition.

3W, VIETNAM. This one was received a little late, but if you worked 3W3W during this past week's CQ 160 Meters CW Contest, operators were Eddy/XV1X and Stan/3W9JR. This special callsign was issued to them on January 17th to be used during the contest. The operators of 3W3W operated from a location 15 km southeast of Haiphong, Vietnam. The antenna was a vertical feed Delta loop directly above the sea water facing towards Europe, Japan and North America. QSL via OK1DOT, DIRECT ONLY.

4S, SRI LANKA. Joel, F5PAC, will once again be active from here as 4S7PAG from February 2-22nd. He will be on the main island, but on February 10th and 11th, he will be on one of Sri Lanka's Coastal Islands (AS-171, possibly Barberyn Island) for some IOTA activity. He will take his FT-897 and vertical antennas for 20 and 17 meters. QSL via F5PAC.

6W, SENEGAL. Jacques, F6HMJ, will be active as 6W/F6HMJ from February 9th to March 13th. Activity will be on 80-10 meters on CW, SSB and RTTY. QSL via his home callsign.

7W0, ALGERIA.Just a reminder that operators Mike/DB1JAW and Michael/DK5MH will be active from the northern part of the Sahara using the special callsigns 7W0JAW and 7W0MH, respectively, between February 2-10th. Activity will be on 24 hours a day on 80-10 meters, mainly on SSB with a little bit of PSK31 and RTTY (maybe). The main activity will be on the following suggested frequencies: 14185, 14290, 18120, 18150, 24950 and 24980 kHz. All QSLs are to be sent direct only to DB1JAW (SAE is not required, return postage is appreciated): Mike Weiler, Stormstr.126, 47445 Moers, Germany. NO BUREAU QSLS ACCEPTED!

9M6, EAST MALAYSIA (Update/Correction). David, VK2CZ, informs OPDX that he was a little off on the location he reported last week. He will be attending an Electrical and Electronics Engineers (IEEE) Region 10 meeting in Kota (not Koto) Kinabalu (9M6 and not 9M8), March 25-27th. He also mentioned that he plans to be active as 9M6/VK2CZ (not 9M6/VK8AA) "during the last 6 hours" of the CQ WPX SSB Contest (March 24-25th) as a Single-Op/Single-Band (20m)/Low-Power entry.

ANTARCTIC NEWS........................

Dag, 3Y9SDA, who is currently operating from the Norwegian Troll Base

Station (WAP NOR-10), will leave to head back home for Tromso on February 5th. He continues to be active on 14130 kHz between 1700-1830z. Hopefully, he will move up the band for the stateside guys during his last week.

Francois, F8DVD, announces that he has been issued the special callsign TM4IPY to celebrate the beginning of the 4th International Polar Year (IPY), and will be active between April 1-14th. Activity will be on all bands, SSB and CW. A special QSL card will be available by the Bureau or direct to: Francois Bergez, 6, Rue de la Liberte, F-71000 MACON, FRANCE (with 1 new IRC or 1 USD for Europe, 2 USDs outside Europe). TM4IPY will be referenced as WAP-84.

Gianni, I1HYW, reports that some callsigns for the IPY have already been assigned/issued by different country's administrations. The first ones issued are: TM4IPY to F8DVD (see above), IA8IPY to IK8WEJ, and IA0IPY to I0OCD. They expect more callsigns to be issued shortly and the list of entries will grow. They remind DXers that the 4th IPY celebration will start on March 1st. IPY special stations will be active throughout the year at different times. Being also a great Antarctic event, the IPY callsigns will be referenced with a WAP number as well and could be valid for the WAP-ASEA and IPY Awards (the first of which has been presented recently by the Italian ARI Cassino).

Gianni, IZ8CGS, informs: "ANTARCTICA AWARD - The Mediterraneo DX Club's Antarctica Award Directory is the official source of information for the IOTA Program on stations active from Antarctic bases. It acts as an extension of the IOTA Directory and provides the IOTA reference number for each base. The updated edition of the Antarctica Award Directory is available for download at: http://www.mdxc.org/antarctica/download.asp "

C6, BAHAMAS. Look for Bob/N4BP (C6AKQ) and Pete/N8PR (C6AHR) to be active from February 12-19th. A few days later, Kevin/K4PG (C6APG) will join them and be active from February 15-19th. The trio plans to be active as individual station entries in the ARRL DX CW Contest (February 17-18th). Pete will be on 160 meters and will try to set a new world record in the contest. Pete hopes everyone will work him. Bob will be on 40 meters (look for him, he is also trying to set a record!). Kevin will be on 80 meters (look for him too, he gets lonely). Prior to the contest, check all bands including the WARC bands. Before the contest and when 80 meters is not open in the contest, look for C6APG on 6 meters (when he is not sleeping). QSL to their home callsigns, direct or by the Bureau.

C9, MOZAMBIQUE (IOTA Op). Operators Jose/CT1APE and Filipe/CT2GLO will be active from Bazaruto Island (AF-072, WLOTA LH-0816) as C98APE and C98GLO, respectively, between February 18-24th. Activity will be on all HF bands with modes of CW, SSB, RTTY and PSK31. QSL via their home callsigns.

CE, CHILE. Lucas, LU1FAM, will be active as CE/LU1FAM or possibly CE3/LU1FAM from March 1-5th before and after the ARRL DX SSB Contest (March 3-4th). During the contest he will team up with Roberto, CE4CT, and be active as CE4CT as a Multi-Single entry. QSL CE3/LU1FAM via AC7DX. QSL CE4CT via EA5KB.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Branch Manager, reports the following:" 2007 DXCC Honor Roll Deadline Approaching
Just a reminder that the deadline for the next Honor Roll listing is March 31, 2007. Your submission must be postmarked March 31, 2007. The Honor Roll list will appear in August 2007 QST. There are 337 current entities on the DXCC list and you must be at 337 (for Top of the Honor Roll) or within the numerical top 10 to qualify for the Honor Roll. The current minimum number for Honor Roll is 328. (Deleted entities do not count towards Honor Roll). Top of Honor Roll and Honor Roll plaques and lapel pins are available to all past and current Honor Roll members. See www.arrl.org/awards/dxcc for the order form and current fees."

INTERESTING WEB SITE. Well-known DXer, Peter, ON6TT, has put together an interesting Web site which includes writing short stories about Peter's travels, people he has met, and situations he has encountered. Many of the stories deal with the DXpeditions he participated in, such as FO0CI, AH1A, VK0IR, 3Y0PI or DX activities like D2TT, 5X1T, YA5T, AP2ARS, YU8/ON6TT, etc... Some are simply stories of every day life during his work for a UN humanitarian relief organization. Peter states, "I hope they form an interesting read for the DX community." His travel short stories can be found in blog-format at:
http://theroadtothehorizon.blogspot.com/

IOTA NEWS........................

EU-008. Operator Jon, M0OVL, will be active as MM0OVL/P from Island of Mull in the Inner Hebrides, July 27-29th. Activity will be on 80-10 meters and entry in the 2007 IOTA Contest. QSL via M0OVL (QRZ.com). Visit it his Web page at: http://www.2e0ovl.com

EU-011. Members of the Cray Valley Radio Society team will once again (4th trip) activate St. Mary's Island in the Isles of Scilly for one last time during the IOTA Contest (July 28-29th). The team will be there between July 24th and August 2nd. Operators mentioned are: Dave/G4BUO, Justin/G4TSH, Chris/G0FDZ, Nobby/G0VJG, Richard/G7GLW and Simon/M3CVN. In the past the team has operated on the WARC bands and 6m prior to the contest either using their callsigns above /P or the club callsign of G3RCV/P. During the contest they will be active as M8C and after until they leave the Islands under the callsigns above. QSL via G4DFI, the QSL Manager of M8C and the Club callsign.

EU-030. Operator Jens, DL8WOW, will be active as OZ/DL8WOW from Bornholm Island (BO-001 for the Danish Islands Award, WLOTA LH-2203), August 5-17th. Activity will be on 40-10 meters, mainly CW, with an FT-897 at 100 watts. QSL via his home callsign.

OC-164. John, VK6HZ, will be active from Rottnest Island (WLOTA LH-2197), March 5-11th. The callsign for the operation will be announced shortly. Activity will be on SSB and PSK, possibly CW. This will be a holiday style operation, and John will use an IC-7000. QSL via VK6HZ.

KOSOVO (Independence/New Entity?). "Kosovo is to declare independence in the next few months, with the tacit support of the EU and NATO, in an effort to resolve the eight-year impasse on the status of the province at the heart of the 1999 war between NATO and Belgrade", states the Financial Times this past week. Read the story at:

http://www.ft.com/cms/s/5c608a60-ad7d-11db-8709-0000779e2340.html

KP2/WP2, U.S. VIRGIN ISLANDS. Operators John/K3TEJ and John/K3CT will be active from St. Croix as WP2Z during the ARRL International DX CW Contest (February 17-18th) as a Multi-2 entry. QSL via KU9C. Activity before and after the contest will probably be on 160m and the WARC bands by KP2/K3TEJ and KP2/K3CT. The operators will be here between February 14-21st. QSL to their home callsigns.

NEW PREFIXES. Beginning in March, look for some new prefixes to show up for Greenland (OX), Faroe Island (OY) and Denmark (OZ). While still keeping the old prefixes, look for stations to use the following new prefixes in:
Denmark - OU, OV, 5P and 5Q   Greenland - XP   Faroe Island - OW

QSL INFO AND NEWS......................

Johannes, DK8JB, provides the following QSL routes for all OK Beacons:

LU2ERA/Z (PLEASE NOTE). Henry, LU4DXU, informs the DX community that the recent activity by LU2ERA/Z from South Orkney will not be good for DXCC. It was suggested that operator Hugo, who is at the South Orkney Base, be on the air without knowing that he never renewed his LU2ERA license and lost it. This callsign has now been issued to another individual. As soon Henry received this information, he spoke with Hugo to cancel the operation. All QSL cards received will be returned to the sender. Henry hopes that Hugo eventually renews his license and is able to activate such rare Bases in the near future. PLEASE DO NOT SEND QSL CARDS FOR THIS OPERATION to LU4DXU.

NEW MANAGER. Petr, OK1DOT, informs OPDX that he is now the QSL Manager for TG9AKH. QSL only to OK1DOT and not via Mario, TG9AKH! More info at:

http://www.qrz.com/ok1dot

The logs for the recent special Romanian callsign YR0UE are now available online at: http://www.hamradio.ro/default.asp?id=18&mnu=6

XU7ACY via K2NJ - Cambodia
ZL6QH via ZL2AOH or via bureau - New Zealand

TK, CORSICA (EU-014). Iain, M0VPE, will be active as TK/M0VPE from July 22nd and August 5th. Activity will be on 20/15/10 meters SSB and the IOTA Contest (July 28/29th). QSL via M0VPE (QRZ.com).

V8, BRUNEI. Kanzi, JA4ENL, will once again visit "The Sultanate of Brunei" and be active as V85NL between, March 8-12th. Activity will be mainly CW on all bands (including 160m) depending on the propagation. QSL direct to JA4ENL.

V8, BRUNEI. Ambran, V85SS, reports that the bands are getting better now, and he is active on most days on all bands CW only. He states that he has good success with stateside stations on 80/40 meters between 1200-2200z on most evenings. On 20 meters, he listens around 0800z for Hawaii and later for the West Coast. Ambran is just operating barefoot, about 50 watts into GP vertical and dipole for the top band. ADDED NOTE: Ambran is currently building a small shack (behind his QTH) with a bedroom (for 3 to 4 persons), sitting room/radio room, shower and kitchenette for a DXpedition, contesting or just holidaying hams who wants to see Brunei. He hopes to rent the shack out possibly about April.

VK9N, NORFOLK ISLAND (Update). Members of the Bavarian Contest Club (BCC) will be active as VK9DNX from Norfolk Island (OC-005) between February 15th and March 3rd. Two new members (Ben/DL6FBL and Joerg/DL8WPX)have been added to team of Markus/DJ7EO, Heye/DJ9RR, Christian/DL1MGB, Dietmar/DL3DXX, Tom/DL5LYM and Dieter/DL8OH. Activity is planned for 160-10 meters on CW, SSB and RTTY, with a focus on the lower bands. QSL Manager is Mario, DJ2MX. The group will also have an "Online QSL Request System" (OQRS) for bureau QSL cards on their Web site. Visit the DXpedition's Web site for more information at: http://www.df3cb.com/vk9n

VQ5, TURK AND CAICOS ISLANDS (Rare Prefix). Jim, W9VNE, will be signing with a rarely used prefix VQ5 next weekend for a 48 hour period. His main focus is to participate in the FOC Marathon (a members only event) on CW. Jim also knows that some prefix hunters will want to exchange reports too, so he will be pleased to give any prefix hunter a report too. Operation starts late Friday afternoon, February 2nd at 2100z through 2100z, February 4th. The FOC Marathon is the annual on the air event for the "First Class Operator's Club (FOC). There are members throughout the world on all continents. The exchange for members is their membership number. For non-members an RST will suffice. Jim has been an FOC member for more than 36 of his 68 years. Jim just celebrated his 54th anniversary of being a ham. He was nominated to the FOC (in 1970) by W9IOP the first editor of CQ Magazine and K4FW the founder of Electro Voice and Ten Tec as well as his long time mentor, W9VW. Jim operates this event and VQ5FOC in their memory and various contributions to the ham fraternity. The FOC Web site is available at: http://www.firstclasscw.org.uk/
See Jim's QTH at: http://www.vp5jm.com
QSL via W9VNE to: Jim Danehy, Box 54482, Cincinnati, Ohio 45254

VU7, LAKSHADWEEP ISLANDS (VU2RG News)...............
Some of the following information is from the VU7RG Web site (and can be edited) at: http://www.vu7.in/

- VU7RG QRT: On January 24th, 2007, at 1830z (Indian time 2400) VU7RG went QRT. During the 9 days of operations from Agatti, Bangaram and Kadmat, 92,134 QSOs were made. We like to thank the world wide audience for the excellent behavior on the bands which made it possible for us to keep the spit ranges within agreed limits. We have spent lots of effort to work North America in which we partly succeeded, the propagation was not in our favor.

- VU7MY Minicoy: VU7MY will stay active until January 30th, 2007. The Minicoy QSL card goes via the same QSL route as VU7RG and the logs will be published later. EDITOR'S NOTE: VU7MY was heard early Sunday (EDT) begging for contacts on 14260 kHz around 1430z.

- Special QSL Cards: The special QSL cards will go in the mail right now. The envelope is stampted by the Kadmat Lakshadweep Post Office.

- On-line Logs: On Kadmat, we struggled to get the logs uploaded on a daily basis, we had limited Internet access restrictions at the local high school, unreliable transportation and the operating sites were separated 2 Km. Furthermore, we also had to make QSOs with you so time was flying. By the time you read this we have sent the final logs to DL5NAM for Agatti, Bangaram and Kadmat. The Minicoy logs will be published on-line somewhere in February 2007.

* EDITOR'S FINAL NOTES: QSL info was published in last week's OPDX.794 bulletin. Depending in what IARU Region you are in, there are three different QSL routes for this operation. It is recommend to visit the VU7RG Web page for more details on how to QSL to each different route, especially for Bureau QSLs. Online logs are available (most, but not all) at the following Web site:
  http://www.dx-pedition.de/lakshadweep2007/logs/logsearch.php
  It is also worth visiting the VU7RG "QSO Statistics" page. See the breakdown of the operation by band, mode, continent and date. A quick breakdown shows that CW was 65.1% and SSB was 29.1%. QSOs by continent: EU +64k, AS +17k, NA +9.3k and AF/OC/SA +1k. QSOs by bands: 40m +19k, 20m +16k, 17m +14k, 15m +14k, 30m +10k, 80m 9.3k, 12m +4k, 160m +2k and 10m +1k. The "QSO Statistics" page is at:
  http://www.dx-pedition.de/lakshadweep2007/operations/statistics.html

YS, EL SALVADOR. You only have a few more days to work Roberto, I2JIN, as YS3/I2JIN. His activity will end January 31st. He seems to favor 30 and 17 meters CW. However, there have been some QSNs on 80/40 meters CW and 20 meters SSB. QSL via his home callsign. An online log can be found on Roberto's Web site at: http://www.i2jin.com/

ZL6, NEW ZEALAND (Special Activity). Look for Charlie, ZL3CED (#9039), to be active throughout the month of February, using New Zealand FISTS Club station ZL6FF. Working ZL6FF is worth five points towards FISTS awards, including the FISTS Down Under Award.

Hi All. These are some of the calls that I extracted from old logs
which fortunately were not in the same box with the cards that were
lost. It seems that the same call in some instances is issued over and
over and the operator and qsl manager/information change with the time
```

frame worked. Thanks for your help. I think there are some more that I need but it takes quite a bit of time to go through the old logs and extract them.
73 and best of DX
Kennon W4TKI

Unfortunately, the peterone site sends you to the DX Coins site which
evidently is now defunct. So, still looking. Thanks, Tony

Last QSOs on 20. Should have made the RTTY gang happy. Next time hope more
activity from 2330 to 0600Z on 40, 80, and 160 for North America.

Dave K4JRB

Ohio/Penn DX Bulletin No. 783

The Ohio/Penn DX PacketCluster
DX Bulletin No. 783
BID: $OPDX.783
November 6, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N1KI, NC1L, N2OO, NG3K, W3UR & The Daily DX, AA4NN, N4AA & QRZ DX, K8YSE, W0RAA, Sharon Taratula, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DJ6OV, DK7PE, DK8JB, DL5YWM, EA7FTR, F5NQL & UFT, F6AJA & Les Nouvelles DX, I1JQJ/IK1ADH & 425 DX News, IZ8CCW, RSGB IOTA, SV1HER, TA3J, VA3RJ & ICPO, and ZS2DL for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 29th/October, through Sunday, 5th/November there were 231 countries active. Countries available: 3A, 3B8, 3C0, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4U1U, 4X, 5B, 5H, 5N, 5R, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, D6, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FT5X, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HZ, I, IS, J3, J5, J6, J7, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, VE, VK, VK9C, VK9N, VP2M, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XF4, XT, XU, XW, XX9, XZ, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK1/n, ZK1/s, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5A, LIBYA (Topband Activity). An international team of operators will activate Libya between November 15-29th, using the callsign 5A7A (See OPDX.765 and OPDX.774). Rudi, DK7PE, one of the 5A7A operators, announced this past week the following frequency combination will be used during their 160m operations:

* During JA openings - TX frequency will be 1.821 MHz (QSX 1.825 MHz).
* After the JA window is closed they may change to 1.824.5 MHz (QSX up 5) for North America in case 1.821 is covered there with QRM.

They will use a TITANEX V160E vertical for transmitting, but their major challenge will be the reception side. They expect a beverage not to perform very well over the high conducting soil directly on the beach, let alone the space limitations. Therefore, they will use a Pre-Amp/FES (KD9SV) in connection with a Pennant receiving antenna and also with a K9AY system. Rudi states that he will also bring his well proved Coax loop with him. For more info and updates, visit: http://5a7a.gmxhome.de

8Q, MALDIVES. Michele, IK5ZUI, is now reportedly working on Maldive Islands for next 12 months. He is expected to be active as 8Q7IM. More details are forthcoming on: http://www.mdxc.org

A7, QATAR. Some operators from Qatar will activate the special callsign

A70RRY from now until December 15th to celebrate the 15th Asian Games 2006 which is going to start in Doha on December 1st. Activity this past week has been on 160/20/15/10 meters CW/SSB. QSL via EA7FTR. Please see EA7FTR on QRZ.com for details on QSLing.

D4, CAPE VERDE. Operator Luca, IK2NCJ, will be active as D44AC during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band entry.

DXCC NEWS. Bill Moore, NC1L, ARRL DXCC Branch Manager, informs OPDX that the following operations are approved for DXCC credit:

3V6T - Tunisia; Operation from July 5-15th, 2006
Operation from October 22-31st, 2006
Operation from November 22-30th, 2006
3V7A - Tunisia; Operation from May 22-31st, 2006
9G5UR - Ghana; Current operation effective September 22nd, 2006
9M0/9M2TO - Spratly Islands; June 9-12th, 2006
9Q1NT - Democratic Republic of the Congo; Current operation effective September 22nd, 2006
C91TL - Mozambique; Operation from June 29th-July 13th, 2006
FO/F8UFT - Clipperton Island; Operation from March 1-31st, 2005
OJ0LA - Market Reef; September 9-15th, 2006
ZA/IK7JWX - Albania; Operation from July 10-30th, 2006
ZL9BSJ - Auckland & Campbell Island; Operation on September 12th, 2002

E51, NORTH COOK ISLANDS. Operators Bill/N7OU and Bob/W7YAQ are now active from Penrhyn Atoll (OC-082) as E51PEN and E51PDX, respectively, until November 18th. Activity will be on 160-10 meters, mostly on CW, but with some SSB and RTTY. They will be running 100 watts and verticals. QSL via their home callsigns. ADDED NOTE: Operators Mike/KM9D and Jan/KF4TUG, who have been active as E51QMA from Penrhyn Atoll (OC-082) this past week, are expected to be QRT by the time you read this. They plan to set sail towards Christmas Island (T32). QSL via OM2SA.

FT1, CROZET ISLAND (On the Birds!). Nicolas, F4EGX (ex-FT1WK), will be again in Crozet as FT1WM. He was expected to leave Reunion Island on November 3rd and head to Crozet. He is expected to head back to France on December 31st. Unfortunately, Nicolas will not be active on HF bands, but he will be on the satellites only.

IOTA NEWS........................

AS-115. Berkin, TA3J, will be active as TA3J/0 from Antalya - Sican Adasi (Rat Island, MIA MTC-099, Grid: KM56JU), between November 11-26th (weather permitting). Activity will be on 160, 80, 40, 20, 15, 10, 2 meters and the WARC bands; on all modes. QSL via Nilay, TA3YJ, direct (only SASE and 1 IRC, no green stamps please) or by the bureau. No eQSL. SWL QSL cards are OK. The TA3J/0 Web Page is: http://www.geocities.com/ta3j0/1

EU-113. A team of Greek operators, all members of the Radio Amateur Association of Greece (http://www.raag.org), are planning a DXpedition to the rocky islet of Falkonera (MIA MG-087) from the Lighthouse there (ARLHS: GRE 012, WLOTA: L0740 and TWLHD-WLH:

SV-029) between November 15-19th. They will use the special callsign SX8F. Operators mentioned are: Cliff/SV1JG, Nikiforos/SV1EEX, Theodor/SV1GRM, Lykourgos/SW1GZL, Sotirios/SV1HER, Dionisios/SV1HHC and Makis/SV1IZR. The team believes this will be the first activation of the rocky islet of Falkonera and of the Lighthouse too. There are not any inhabitants on the island. Activity will be on 160-6 meters plus VHF, UHF and SHF. They plan to bring plenty of equipment and antennas. Operations will include CW/SSB/PSK/FSK441/FM. QSL Manager is SV1HER. For more details about Falkonera DXpedition and the Lighthouse, visit the web page at: http://users.sch.gr/nkontopoul/sx8f

EU-172. Operator Norbert, DL1HTW, will be active as OZ/DL1HTW from Langeland Island (FY-019 for the Danish Islands Award), now through November 11th. Activity will be on 80-10 meters SSB and SSTV. QSL via his home callsign, direct or by the bureau.

NA-219. A group of German operators will be active from Elbow Cay which belongs to Cay Sal Bank Cays Group in the Bahamas early in 2007. The ARLHS Lighthouse is BAH 018. IOTA NA-219 is on the most wanted IOTA lists in North America. The callsign will be announced later. The team, consisting of Bodo/DL3OCH, Rene/DL2JRM, Dan/DL5SE and Daniel/DL5YWM, will leave Key Largo, Florida, around the 3rd of January and plans to be active until January 9th. The date can vary because of the weather. They will have two stations on the air and will operate on 160-10 meters CW/SSB on the suggested IOTA frequencies. Bodo/DL3OCH will take EME equipment which is good for 70cm and 23cm contacts. It will be the first time that the C6A prefix will be on the air on 23cm. Skeds are very welcome. Due to the high costs (7000 USDs just for the transportation) any donations are welcome. The QSL Manager is DL3OCH. For more updates and information, please check the following Web site at:
http://www.qslnet.de/member/na219/english/index.htm

OC-146. Operator Pele, YB8TAF, will be active from Celebes [Sulawesi] Island (WLOTA LH-2246) as YB8TAF/p from November 9-14th. His activity will also include an entry in the JIDX Contest (November 11-12th). QSL via EA5KB (QRZ.com).

ML0, JERSEY. Mat, F5SHQ, will be active as MJ0ASP during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (20m) entry. QSL via F5SHQ.

OA, PERU. Martijn, PA3GFE, will be active as OA#/homecall from now until December 10th. Activity will be on 40-10 meters. He is expected to be active as OA4O during the CQWW DX CW Contest (November 25-26th). QSL via his homecall.

ON60, BELGIUM. Members of the UBA Radio Club in Belgium may use the "ON60" prefix until February 10, 2007, to celebrate the 60th annivesary of the UBA, the IARU Society for Belgium.

QSL INFO AND NEWS........................

SO9Q via SP9QMP
UK8ACO direct via 700000, Tashkent, PO Box 0
UA9JMB via RA9JR
V25JK via W4BCX
YT5J via YU1JW

Bob, N2OO, announced that he is now handling the QSLs for 3B8FP (1987-1989) and S79KMB (1991-1999). These will no longer be handled by KN2N. Only QSL for these dates mentioned.

BUREAU CLOSINGS. The following Bureaus are now closed for the ARRL Outgoing Bureau Service:

- 4J - Azerbaijan
- C2 - Nauru
- C6 - Bahamas
- HV - Vatican City State
- ST - Sudan
- V4 - Saint Kitts & Nevis

Martin, V51W (ex-V51WM, also DJ7KP), will forward QSLs for all QSOs in the 2006 CQWW DX SSB Contest via the the German DARC QSL-office. No need to send cards in advance. QSL Manager is DJ7SX.

As you know, there will be plenty of activity from the Laccadives Islands next month (#2 on the top ten for DXCC). Jean Michel, F6AJA, suggests to visit the following Web page to see the complete (possibly) set of QSLs from previous Laccadives activities. Please visit:

http://LesNouvellesDX.free.fr

Just follow "galerie de QSL" and then "les dix contrees les plus recherchees"... and you will find a set of cards for the 10 most wanted, including the Laccadives....

XF4DL LOGS. The online logs for XF4DL can be found at:

http://www.logsearch.de/

They reportedly have over 56k QSOs in the log. QSL information is as follows:

- only North America - all QSLs via the bureau or direct to N6AWD
- all others - QSL via the bureau or direct to DL9NDS

QSL ZT2V via ZS2DL. Activity was during the CQWW SSB Contest from Port Elizabeth, South Africa. This is the first activation of the ZT2 prefix since 1939. Operator was Donovan, ZS2DL. Look for him with this callsign again in the next CQWW DX CW Contest (November 25-26th).

SPECIAL EVENT (ISWL). The International Shortwave League (ISWL), continues with their 60th (Diamond) anniversary celebrations throughout the month of November. Look for the following to be active this month:

GB6SWL - Activity between November 11-12th, from Colchester in Essex. The station is being run by the Colchester ARS. (A Club Affiliated to the ISWL).

GB6SWL - Activity between November 18-19th, from Annan in Dumfrieshire, Scotland. John, GM6LYJ, will be the main operator.

GB6SWL - Activity between November 25-26th, from Tewkesbury in Gloucestershire. Walt, G3NYY, will be the main operator.

The ISWL Club's callsigns GX4BJC/P and MX1SWL/P will also be active throughout October. With only 2 months left for these celebrations, the ISWL Awards Program is open to non members for a very small fee to cover postage to any country in the world. Please visit the following Web page for all the details, including QSL information and the Special Diamond Anniversay Awards etc... at: http://www.iswl.org.uk

T40, CUBA. Operators Winston/CO2WF, Willy/CO2MHZ (ex-CO2UG) and Juan Carlos/CO2JD will be active as T40C during the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. QSL Manager is Phil, N1KI. Activity will be from Bocaciega, at Habana West Beach's.

TI, COSTA RICA. Dick, W0RAA, reports that he will be leaving on November 21st for Costa Rica as a member of a team for the CQWW DX CW Contest. He is expected to be active before the contest signing as TI5/W0RAA, and will operate RTTY on 14085 kHz (+/-) and PSK31 on 14070 kHz (+/-). Dick may also be active on some SSB and will try to operate split (listening UP). He hopes to hand out Costa Rica on PSK31 and RTTY, which he believes is needed by many. QSL via W0RAA with a SASE.

TZ, MALI (Update). Everything is a go for the members of the VooDoo Contest Group which will be active as TZ5A for the second year in a row during the 2006 CQWW CW Contest (November 25-26th) as a Multi/Multi entry. QSL via G3SXW. Operators mentioned are: Ed/AA7A, Roger/G3SXW, Fred/G4BWP, John/G4IRN, Robert/GM3YTS, Vince/K5VT, Mike/KC7V and Lee/KY7M. The callsign TZ5A will be used only during the contest. During precontest activity, operators will operate with their own callsign, and each operator will handle their own QSLs. Look for the following callsigns to be active outside of the contest:

November 18-24th and November 27-30th
TZ6NS via AA7A (also QRV RTTY and 2m EME)
TZ6MF via KC7V (also QRV 160m and 2m EME)

November 18-24th
TZ6WP via G4BWP
TZ6RF via GM3YTS (also QRV 160m)
TZ6VT via K5VT
TZ6LF via KY7M

November 21-24th
TZ6RN via G4IRN

VK9C, COCOS-KEELING (Update). Charlie/W0YG and Barry/N0KV are now active as VK9CGG until November 20th. They were heard this past week on various bands CW/SSB. Seems to be plently of CW activity on 40/12/10 meters, and on SSB, watch 15 meters. QSL via W0YG (direct only).

VP8, ANTARCTICA. Alan, VK6CQ (aka VK0LD, VP8PJ anf 9V1DX), will be active again from the summer Base Camp at Patriot Hills, Ellsworth Land, until December 10th. He suggests the following frequencies on CW: 7003, 10103 and 14003 kHz. His equipment will be a Yaesu FT-897D w/100 watts into an unterminated Vee beam orientated at 011/191 degrees. Alan states, "Please bear in mind that this is not a DXpedition - I am on a work assignment

and my free time is rather limited, but I will try to be operational every day for an hour or so subject to work load." He will be signing VP8PJ from Patriot Hills base. He mentions that the Chile Telecomm Authority has also issued him a reciprocal licence CE/VK0LD (the XQ prefix is issued to Chilean residents only). Alan will use CE8/VK0LD from Punta Arenas and CE9/VK0LD from the Chilean refuge Arturo Parodi (near Patriot Hills Base Camp) or Vinson Base Camp (120 miles North West of Patriot Hills). QSL Manger is Dominik, DL5EBE. For more details and updates, visit his Web site at: http://www.geocities.com/vk0ld/home.html
ADDED NOTE: By the time you read this, Adam, K2ARB, will be finishing his activity from Punta Arenas as CE8/K2ARB and will be heading to Patriot Hills. His activity will between November 15th and January 27th. His callsign is not known yet. Adam states that he plans to operate on his days off on 40/30/20 meters CW and will check in, when possible, on the Antarctic SSB nets. He will also be keeping a blog about his journey at: http://www.k2arb.blogspot.com
Alan will try to put an entry in about his operating frequencies and times once he gets going and will talk about what is happening at the base.

WP2, U.S. VIRGIN ISLANDS. Kenji (Ken), JH3AIU/K2AJ (ex-JR3EDE), will be active as WP2AIU from November 20-24th. Activity will be on 160-10 meters, CW, SSB, RTTY and PSK. He will be mainly on 160/80 meters, the WARC bands and the Digital mode. QSL via JH3AIU.

XT2, BURKINA FASO (Update). The Provins ARS (F6KOP) has announced their next DXpedition will be to Ouagadougou, Burkina Faso, between January 6-20th (See OPDX.780). The F6KOP group announced this past week that the Bukinabe authorities have issued the following callsigns for their DXpedition. The DXpedition's callsign will be XT2C. Each operator was also isssued a personal callsign as follows:

Bob/N6OX: XT2CI
Bill/N2WB: XT2CJ
Dieter/OE8KDK: XT2CK
Frank/F4AJQ: XT2CC
Gerard/F2VX: XT2CA
Gerard/F2JD: XT2JD
Franck/F5TVG: XT2CD
Alain/F5LMJ: XT2CE
Jean Paul/F8BJI: XT2BJ
Bernard/F9IE: XT2IE

Their web page will be operational very soon.

XU, CAMBODIA. Operator Bruce, AA4XR, will be active as XU7ADF between November 23-29th. Activity will include the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (band not provided)/Low-Power entry. QSL via AA4XR.

ZA, ALBANIA. Operators Tom/DL2RMC and Heiko/DL1RTL will be on a holiday expedition to here between November 8-13th. They plan to sign ZA/homecall and be active on 160-10 meters on all modes. Also, look for them in the WAE RTTY Contest. They will have two stations w/100 watts using yagis and verticals. QSL via their home callsigns, by the bureau or direct.

ZD9, TRISTAN DA CUNHA. Operator Brian, ZD9BCB, is expected to be active sometime this week from Gough Island (IOTA AF-030) until September 2007. No QSL route or bands/modes of activity were provided. Meanwhile, Andy, ZD9BV, continues to be active from the same island, especialy on 20 and 17 meters SSB. There have been some QSNs reported on 10 meters. QSL only direct.

ZS3, SOUTH AFRICA. Joe, AA4NN, will be active as ZS3NN from the Northern Cape of South Africa two days prior to CQ WW CW Contest (November 25-26th). Activity will be on CW only 160-10 meters, plus the WARC bands. His location is on the beach south of Port Nolloth. During the CQWW DX CW Contest, he will be a Single-Op/All-Band/High-Power entry. QSL via AA4NN.

VU7LD PRESS RELEASE - 2

ARSI has already received all required permissions to go to Kavaratti Island in Lakshadweep during the whole of December 2006 and there is now hectic activity to firm up details.

Most of the members of the group met in Bangalore on the 1st of November 2006 to finalize details of equipment and logistics.

All details have been worked out and we also have the movement plan for the various operators, the tentative shipping schedule and the tentative plan for shipping out materials and equipment.

We had two of our members actually visit Kavaratti to check out and make arrangements to receive the group and now everything has been firmed up. Conditions are vastly different from the Andamans.

We now also have two more collection hubs for donations- one in Germany and another in Japan. This will make it easier for contributors to send their contributions.

The three hubs are given below:

Donation Hub for North America, South America & Canada
Bank Account Name -- Bharat C. Bhushan
Bank Account No: -- 4353045489
Bank Name -- Comerica Bank
Bank Branch -- Stadium Blvd. � Pauline office # 433
1969 W. Stadium
Ann Arbor, MI 48103, USA
Receiving bank -- Comerica Bank, Detroit, Michigan, USA
ABA No. 072000096
Mr. Bharat C Bhushan
2815 Sequoia Parkway
Ann Arbor,
Michigan, MI 48103 USA
E-mail: bcbhushan@comcast.net

Donation Hub for Japan

Kiichiro Onishi JH3SIF
3-19 Tomoga-oka, Suma-ku
Kobe Japan 654-0142
Japan
E-mail: onishi_k@hi-net.zaq.ne.jp

Donation Hub for Europe

Franz Langner DJ9ZB
P O Box 150
77950 Ettenheim, Germany
E-mail: flangner@t-online.de

A special e-mail address has been opened for the VU7 information exchange and it is��
vu7ldarsi@gmail.com

Our webpage is�� http://www.arsi.info/vu7

Details of how to send the Money ... http://www.arsi.info/vu7/procedure.html

We are all looking forward to a great opportunity!

73, de Gopal VU2GMN

Got this info from Pepe XE2MX

Amigos:

In 2007 Mexico's FMRE will celebrate 75th anniversary (LMRE, FMRE)

and XE stations will use new prefixes:

6G1LM from Jan. 1 till Dec. 31 2007

6F75A   Jan.1th to Dec 31th for contests for FMRE

6H1 for XE1 and suffix

6I2 for XE2 and suffix   XE2MX as 6I2MX

6J3 for XE3   and suffix working foreign stations

6E4 for XF4 Revillagigedo

XE2MX need qsl cards during 2007 as 6I2MX

In a future M�xico will use 10 zones XE1, XE2, XE3, XE4 XE5, XE6, XE7, XE8, XE9 AND XE0

XE2MX May be XE7MX (hi) around May 1 2007

73, Pepe XE2MX

SB DX @ WW < KB8NW $OPDX.784
Ohio/Penn DX Bulletin No. 784

The Ohio/Penn DX PacketCluster
DX Bulletin No. 784
BID: $OPDX.784

November 13, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8YSE, K8IW, KU9C, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, DL5EBE, DL5YWM, E21EIC, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, IZ8CCW, OH2BN, RSGB IOTA, VA3RJ & ICPO, VK4AAR and VU2GMN for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 5th/November, through Sunday, 12th/November there were 210 countries active. Countries available: 3A, 3B8, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A6, A7, A9, AP, BV, BY, C3, C5, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HC, HH, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J3, J5, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OE, OH, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V3, V5, V6, V7, V8, VE, VK, VK9C, VK9N, VP2E, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK1/n, ZK1/s, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5A, LIBYA (Update/Reminder). Just a reminder that an international team of operators will activate Libya between November 15-29th, using the callsign 5A7A (See OPDX.765 and OPDX.774). Mustapha, DL1BDF, member of the 5A7A team, reported this past week that the team will leave Frankfurt/M on the morning November 15th for Tripoli. They expect to send the first "CQ de 5A7A" the same day during the evening or on the morning of November 16th at the latest. Mustapha mentions that part of the DXpedition is to setup a settlement for a permanent 5A station for some Lybian newcomers. For more info and updates, visit: http://5a7a.gmxhome.de

6E/6F/6G/6H/6I/6J, MEXICO. In 2007 the Federacion Mexicana de Radio-experimentadores A.C. (FMRE) will celebrate its 75th anniversary (LMRE and FMRE), and XE stations will be using new prefixes during this special event. Look for the following prefixes/callsigns in 2007:
6G1LM - From January 1st through December 31st, 2007
6F75A - From January 1st through December 31st for contests for FMRE
6H1 for XE1 stations
6I2 for XE2 stations
6J3 for XE3 stations (foreign stations)
6E4 for XF4 Revillagigedo stations

8J, JAPAN (Special Event). Look for special event station 8J1ANT to be active between now and March 31st to celebrate the 50th anniversary of the Japanese Scientific Research Expeditions (JARE) in Antarctica. The 8J1ANT special station will be active from the JARL building in Tokyo, operated by JA Hams. QSL via JARL Bureau. The JARE Web page is available at: http://www.nipr.ac.jp/jare/
The World-Wide Antarctic Program (WAP) staff has issued a WAP reference number for 8J1ANT and/or 8J1ANT/1; which is WAP-76. These stations will count for the WAP AWARDS: WAP-WACA &/or WAP-ASEA according to the rules.

8Q, MALDIVES. Gianluca, IK0XIH, will be active as 8Q7GL and will be on holiday between November 21-27th. Activity will be on 80-10 meters SSB only. QSL via his home callsign. His official Web page is at:
http://www.mdxc.org/8q7gl

9M6, EAST MALAYSIA (IOTA and Contest Op). Saty, JE1JKL, will be active as 9M6NA from Labuan Island (OC-133) during the CQWW DX CW Contest November 25-26th as a Single-Op/Single-Band (20m) entry. QSL via JE1JKL (E-mail requests for QSL Bureau cards are welcome at: 9m6na@jsfc.org). See Saty's station at 9M6NA on: http://jsfc.org/je1jkl/9m6na.html

C6, BAHAMAS. Brian, ND3F, will be active as C6AQQ during the CQWW DX CW Contest (November 25-26th) as Single-Op/All-Band/Low-Power entry. He is also expected to be active in the ARRL 160 Meter Contest (December 1-3rd) as a Low-Power/DX entry. QSL via ND3F, direct preferred.

CANADIAN SPECIAL PREFIXES. To celebrate the 100th anniversary of Reginald Fessenden's first AM voice broadcast on December 24, 1906, all Canadian Amateur Radio operators may use a special prefix during the period of December 1, 2006, to January 31, 2007. For example, the special callsign CG1 could be use by all callsigns with the VE1 prefix.

CF1 = VA1
CF2 = VA2
CF3 = VA3
CF4 = VA4
CF5 = VA5
CF6 = VA6
CF7 = VA7
CG1 = VE1
CG2 = VE2
CG3 = VE3
CG4 = VE4
CG5 = VE5
CG6 = VE6
CG7 = VE7
CG8 = VE8
CG9 = VE9
CH1 = VO1
CH2 = VO2
CI1 = VY1
CI2 = VY2
CI0 = VY0

QSL via the individual operator's own personal callsign.

CX, URUGUAY. Operators CX3AL, CX5AO, CX5BW, CX9AU, CX7CO and CX9BT will be active as CX7BY during the CQWW DX CW Contest (November 25-26th) as a Multi/Single entry. QSL via CX5BW. Activity is to pay hommage to their late friend Raul, CX7BY. Operations will be from CX5BW's station.

DP0, ANTARCTICA. A new radio operator will be active from the Neumayer Base (WAP-DEU-02) starting in December through February 2008. Look for Mirko, DG9BHQ, to be active using the club's callsign DP0GVN and a Yaesu FT-897D (100W) and wire antennas. QSLs for this operation will be handled by DL5EBE.

IOTA NEWS...........................

AF-018. Members of the Tikirriki Contest Club will be active as IH9P from Pantelleria Island (African Italy - CQ Zone: 33, IIA: TP-01, WAIP: TP, WLOTA: LH-0041) in the CQWW DX CW Contest (November 25-26th) as Multi-Multi entry. This is the group's ninth effort in the CQWW DX Contest and second time in the CW leg. QSL via KR7X and LoTW. Operators mentioned are: I1HJT, I1NVU, I2YSB, IK1QBT, IK2AHB, IK2ANI, IK2CIO, IK2HKT, IK2RZP, IK7JWY, IK8ETA, IT9BLB, IT9VDQ, IT9ZGY, IT9ZMX, IV3SKB and IZ1GAR. Expect some activity before the contest, starting around November 20th by operators as IH9/homecall on SSB and the digital modes. Visit the Tikirriki Contest Club Web page at: http://www.ih9p.com

NA-219. (Update to OPDX.783) A group of German operators will be active from Elbow Cay which belongs to Cay Sal Bank Cays Group in the Bahamas early in 2007. The ARLHS Lighthouse is BAH 018. IOTA NA-219 is on the most wanted IOTA lists in North America. Daniel, DL5YWM, informed OPDX that the group was issued the callsign C6ARI. The QSL Manager is DL3OCH. For more updates and information, please check the following Web site at:

http://www.qslnet.de/member/na219/english/index.htm

IS0, SARDINIA. Martin, OL5Y, will be active as IS0N (possibly IS0/OL5Y) during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (40m, possibly 80m) entry. QSL via OK1MG.

J20, DJIBOUTI (IOTA Op). Operators Alfeo/I1HJT, Vinicio/IK2CIO, Angelo/IK2CKR, Carlo/IK1AOD, Marcello/IK2DIA and Silvano/I2YSB will be active from Moucha Island (AF-053), February 1-15th. Callsigns will be J20M and J20R. Activity will be on all bands 160-10 meters including the WARC bands, CW, SSB and RTTY. They plan to have three stations on the air. QSL is via I2YSB. Their Web page is available at:

http://www.i2ysb.com/j2/

JOIN OH2BH 60TH BIRTHDAY ON THE AIR! Jarmo, OH2BN, informs OPDX readers in a press release: "Martti J. Laine, OH2BH, has provided an abundance of on-the-air pleasure to Amateur Radio operators the world over by serving rare countries and exciting prefixes for several decades. He is up to celebrating his 60th birthday among his friends. Since his friends are scattered in every corner of the world, this new unique concept is presented.

You just dress up for the occasion, switch on your radio, and you will find yourself at the most thrilling birthday party ever. Welcome on board! The event will commence November 18th at 0000 UTC and run for 48 hours until November 19th, 2006, 2359 UTC - the 19th being the actual birthday. It will run on CW and SSB simultaneously, on frequencies .025 and .225, such as 14.025 and 14.225 with powerful 4O60BH stations from a 600-meter high mountain perch overlooking the beautiful Kotor Bay in the fledgling Republic of Montenegro. The radio operations are led by Ranko, YT6A, and Dragan, YT6Y and others from near and far.

But that's not all; you can pass your birthday wishes personally on radio since you may get an appointment at the time of your choice for 14.225 kHz by sending a request to sked-60@oh2bh.fi <mailto:sked60@oh2bh.fi> The birthday party station will then call you at that exact minute. You can also send your birthday greetings through msg-60@oh2bh.fi <mailto:msg60@oh2bh.fi>

But even better - following the procedures of any Asian flavoured birthday party, you can obtain a lottery number for a lucky draw from any of the 4O60BH stations. A lucky draw number can be requested by a new one-time Q-code, QBH. The prizes for the lucky draw will be published next week.

The actual draw will take place at the Monday Dinner Party and the winning number will be published the following day in The Daily DX and other DX publications.

The actual Birthday Reception will be held on Monday, November 20th at 1800 hours at Hotel Vila Aleksandar, Herceg Novi, Montenegro.

QSLs will be via OH2BN and each direct request will be honored by a special stamp released for the occasion.

Just join this new way of partying - making the internet work back-to-back with Amateur Radio - all on the air - and be part of BH - Birthday Happiness.   See: www.kolumbus.fi/oh2bn/bhday
--- DX IS! 73 de Jarmo OH2BN"

JW, SVARLBARD. Members of the Svalbardgruppen av NRRL will be active as JW5E during the CQWW DX CW Contest (November 25-26th) as Multi-Op/All-Band entry. Operators mentioned are Stellander/LA1CCA/JW1CCA, Math/LA5NM/JW5NM and Trond/LA9VDA/JW9VDA.

MZ5, SCOTLAND. Operator Ian, G3WVG, will be active from the Scottish Shetland Island (IOTA EU-012) as MZ5A during the CQWW DX CW Contest (November 25-26th) as Single-OP/All-Band entry. QSL via Nigel, G3TXF.

OX3, GREENLAND. Dwayne, KD4POJ, has been active as OX3PG from Thule (FQ56, NA-018) since July 7th and will be here until July 30th. He mentions that he is active on most bands and modes mainly during his spare time and weekends. This past week Dwayne was heard on 20 meters SSB after 2000z, 40 meters after 2100z and 80 meters after 2200z. QSL is direct via his QSL Manager WA0SMQ. NO e-QSL or LoTW.

PACIFIC ISLAND HOPPING. Susan, W7KFI, will once again be heading out to sea. This 70 year old Grandmother be leaving Majuro Atoll (V73, OC-029), Republic of Marshall Islands in January. She is expected to head towards Tarawa Atoll (T30, OC-017), Gilbert Islands, Kiribati. Keep listening for her to activate other IOTA references while en route. Her departure will also include Kwajalein Atoll (V73, OC-028), Republic of Marshall Islands. QSL via K6FAF, direct only with the required SASE. This amazing lady has an interesting story. It is highly recommend to visit the following Web pages to see where she has been, and there is a Real Audio recording of her radio interview with Art Bell. Visit the Web pages at:

http://ussvdharma.net
http://www.qrz.com/callsign/W7KFI

KH8/K8YSE QSL STATUS. John, K8YSE, advises that all QSL requests for his July, 2006, operation from Pago Pago, American Samoa, have been answered. If you need a card, QSL direct to his QRZ.com address. To see what the QSL looks like, please visit John's Web page at:

http://www.papays.com/qslcardfronta.jpg

LAST REMINDER!!! Alan, VK4AAR, states, "I am desperately trying to help DXers by reminding them of the nearness of the cut-off date for the current style of IRC (expires 31/12/2006). I have not managed to get a reminder published on any bulletin since the first information a couple of months ago (ed. that is not actually true Alan; read OPDX.778, October 2nd). I have not yet received a NEW style IRC ... and that worries me! Seven weeks to go and the post office will not accept the present one ... so the DXer loses. DXers can E-mail me for FULL and GENUINE details which I received from the Universal Postal Union in Switzerland." His E-mail address is: al-mee@aapt.net.au
ADDED NOTE: Alan also states that if anyone can use some IRCs (due to expire 31/12/2006) he can supply them at a good rate. He receives 1.85 (AU dollars) in value for each at his post office (that's 1.50 USD). Alan can supply at the same price ... 10 for 16.00 USDs (that is ... 15.00 USDs plus 1.00 USD for postage). "E-MAIL HIM FIRST!"

Vasilij, RW6HS, informs OPDX that he is the QSL Manager for the following stations: 3DA0BL, 4J4KM, 4K2BY, 4K2OX, 4K4BCU, 4K4CDE, 4K6CM, 4L1FP, 4L1QX, 4L1RK, 4L1UN, 4L4KA, 4L6FU, 4L6QL, 4L6QQ, 4Z5BZ, 4Z5FL, 4Z5FW, 9H1ED, CE2EZE, CT3FF, DU1EIB, EK60DZ, EK6DZ, EK60LX, EK6LX, EK60SB, ER2OG, ER5AL, EX2F, EX7ML, EX8NC, EX8NK, EX8NP, EX8NR, EX8NV, EX8NX, EX8VAB, EX8VI, EY8VV, EZ14V, EZ25V, EZ5AR, EZ6DB, EZ6DM, EZ6DK, EZ60V, EZ7AD, EZ7AI, EZ7AL, EZ7AV, EZ7AW, EZ7V, EZ8AI, FP5EK, GM0SDV, GM0WRR, JL8GFB, JT1FDD, KP3EM, LY2ER, OD5EH, OD5NO, OD5SE, R0/UT1EO, R1FJC, RA1WL, RA1WP, RA6QA, RA6QAS, RA6QD, RA9FHW, RA0BU/A, RA0BY, RA0CAH, RA0FAC, RA0FAN, RK6QWA, RN4CA, RU0LX/mm, RV0AM, RW0BM, RW0LIA, RX3DQN, RX6LMQ/0, RX9CEV, RZ6LL/0, RZ9DX/0, TA1AZ, UA2FBR, UA2FGU, UA2FFM, UA3QJC/VR2, UA6QL, UA6QR, UA6WIL, UA9CDE/UA0B, UA9ZBN, UA0BC, UA0BCU, UA0BD, UA0LDY, UA0LQJ, UE6ADI, UI8IAW, UI9BWO, UI9B/RB3MO, UK50A...Z, UK7AV, UK7AW, UK8ABT, UK8AIE, UK8AJ, UK8BEG, UK8BEP, UK8BN, UK8BQ, UK8BWO, UK8CAD, UK8CCD, UK8CK, UK8CWA, UK8DAN, UK8FC, UK8FCN, UK8GA, UK8GBO, UK8GDW, UK8GWW, UK8GI, UK8GK, UK8IAO, UK8ICP, UK8ICQ, UK8IG, UK8IWK, UK8IWT, UK8LBB, UK8LBZ, UK8LBX, UK8LC, UK8OAU, UK8QL, UK8VA, UK8ZAG, UK8ZAH, UK8ZAV, UK8ZC, UK8ZD, UK8ZK, UK8ZL, UK8ZU, UK8ZX, UK9BB, UM51BWO, UM8AWP, UM8IG, UK8IT, UK8LWA, UK8QQ, UK8ZAB, UK8ZR, UM9AA, UN2O, UN5J, UN7AD, UN7AO, UN7BL, UN7BU, UN7EED, UN7GDL, UN7GDV, UN7GHG, UN7GKR, UN7GN, UN7GZ, UN7IG, UN7MM, UN7MN, UN7MV, UN7QBQ, UN7QN, UN7SK, UN7TO, UN7TX, UN8BG, UN8BR, UN8BW, UN8CK, UN8LA, UN8LWZ, UN9LV, UN0GN, UO2000T, UO2000TFN, UO2000TO, UO0L, UO2000TS, UO2000TX, UP0SAT, UP1SAT, UP2SAT, UP3SAT, UP4SAT, UP5SAT, UP60CAD, UP60CC, UP60CD, UP60CH, UP60CI, UP60CJ, UP60CM, UP60CN, UP60CS, UP60M, UP60MV, UP7GN, UP9L, VK4SJP, VR2EH and YV5DEH. Send QSL direct ONLY to RW6HS. NO bureau cards please. He requests that you PLEASE use "sticky" tape on your envelope to prevent postal pilferage. Vasilij also states that he can help get any QSL card hard to obtain in Russia and the other CIS. Send your request to RW6HS direct, with your address (a label) + an IRC. Never send USDs. His address is: Vasilij M. Kasyanenko, Stavropolskiy kr., 357300, g. NOVOPAVLOVSK, P.O. BOX "0"(zero), RUSSIA. His E-mail address is: rw6hs@narod.ru

His Web page is: http://www.rw6hs.narod.ru

YX0A/YX0LIX QSL STATUS. Steve, KU9C, is still waiting for the QSLs to show up. He states that he should have them shortly and is sorry for the delay. Once Steve receives them he will begin to send them out.

V4, NEVIS. Mark, K0EJ, will be active as V49A during the ARRL International DX CW Contest (February 17-18th) as a Single-Op/All-Band/Low-Power entry. Look for activity outside of the contest (signing V44/K0EJ). QSL via K0EJ.

V51, NAMIBIA. Klaus, DJ4SO, will be active as V51/DJ4SO between now and December 1st. Activity will be on 160-6 meters, CW, RTTY and PSK31. There will be an emphasis on the low bands. Klaus will also be in the CQWW DX CW Contest (November 25-26th). QSL via DJ4SO, direct or by the bureau.

V7, MARSHALL ISLANDS (Kwajalein Atoll, OC-028). Neil, WD8CRT, will once again be active as V73NS around January 5th and remain there for at least two years on the Island of Roi-Namur. Activity will be mostly CW on 160-6 meters. QSL by the Bureau or direct to: Neil Schwanitz, Box 8341, APO, AP 96557 (USA). QSLs for his 2003 to 2005 QSOs are "OK" to the same address. Visit his Web site at: http://www.qsl.net/v73ns

VU7, LAKSHADWEEP ISLANDS (edited VU7LD PRESS RELEASE - 4; November 11 2006): "In an earlier press release we had given the name of Franz Langner, DJ9ZB, who had kindly agreed to be our collection point for European contributions.

Franz has now indicated to us his inability to continue doing this and so we would request that contributions be only sent to our Indian address or to the one in USA. Japanese contributors may kindly use our Japan hub.

Our webpage http://www.arsi.info/vu7 has been updated. It has a new look and readability has been improved.

All contributions received so far have been acknowledged under the sponsors/donations page. This will be updated weekly as more information is received from our different collection hubs. When we have the contributors e-mail addresses we will acknowledge the contributions immediately as they are received.....Stay tuned... 73, de Gopal VU2GMN"

XT2, BURKINA FASO. Michael, F1IQH, is expected to stay here for one month starting on November 13th and will be active as XT2WC (from WW Grid IK71). His activity will be mainly on 40 and 20 meters using only 100 watts and dipoles. Possible skeds could be managed using the following Internet address: XT2WC@AOL.COM
Michael also thinks he will be able to go to XT2 several times next year. QSL via his home callsign.

XU7, CAMBODIA (Update/Micro-DXpedition). A group of Thai amateurs from the TAMSAT Group and SIAM DX Group plan to be active in Sihanouk Ville (aka: Kampong Som), Southern Cambodia, between November 23-29th. Activity will be on 160-10 meters plus the WARC bands, 6m, 2m and 70cm. Modes will include CW, SSB, RTTY, PSK-31, FM and Satellite. Some team members will be active in the CQWW DX CW Contest (November 25-26th). Look for the following operators:

Champ/E21EIC - Active as XU7ADE on HF and the CQWW CW Contest as SOLP

Bruce/AA4XR/HS0ZCY- Active as XU7ADF on HF and the CQWW CW as SOSB(?)LP
Narongdej/E21YDP - Active as XU7ADK on HF RTTY/PSK-31 and CQWW CW as SOSB(40m)LP
Part/E20PFE - Active as XU7ADL on HF and the CQWW CW as SOSB(?)LP
Supong/E21QEB - Active as XU7ADM on UHF and Satellites
Tanan/HS1JAN - Active as XU7ADN on VHF, Satellites and 6m
Noppadol/HS5IGY - Active as XU7ADP on VHF, Satellites and 6m.

QSL via operator's home callsign or per operators' instructions. Updates and more information are on their Web site at: http://www.tamsat.org/xu7
XU7 Micro-DXpedition will have souvenir T-shirts available to help fund this DXpedition. They are "Yellow T-Shirts (100% cotton)":

	B.Width	A.Length
size: L	21"	28"
size: XL	22"	29"
size: XXL	24"	30" (Man's European)

Price : 150 Baht/each (Pse +25 Baht for postage fee)
For Oversea: 17 USD/each (include postage fee)
For T-Shirts, please contact: Champ, E21EIC, via:
Tel: 081-4967611 or E-mail: e21eic@arrl.net

XU7, CAMBODIA. Peter, NO2R, will be active as XU7ACY from Sihanouk Ville between January 7-30th. He will be concentrating on the lowbands, CW and SSB. Peter will also be active in the CQ 160-Meter CW Contest (January 27-28th). Doug, W2EN, will act as his pilot station. QSL via K2NJ.

Z3, MACEDONIA. A group of Hungarian operators will join members of the "Nikola Tesla" Radio Club (Z38M) to be active as Z38N during the CQWW DX CW Contest (November 25-26th) as Multi-Multi entry. QSL via HA6KNB.

Hi, I'm looking for a Collins 30L-1 Round Emblem, High Frequency, Linear Amplifer. Not looking for any junk, actually I want one in excellent condition, Must be Round Emblem... Prefer one that has already been refurbished, things such as power supply, caps , etc...So as I do not have to do it...Although I've restored a few of them...I just want one in Excellent to Mint Condition...
If anyone out there has one of these amps, please feel free to e-mail me and if you like call 718-331-7427

Thanks a Lot
Carl

Special OPDX News Flash............

The following press release was received by Martti Laine, OH2BH. He wants to remind everyone about his special on the air birthday party.

THIS WEEKEND ON RADIO - OH2BH 60th BIRTHDAY PARTY

Just turn on your radio and join the first on-the-air birthday party.

Time:
Saturday, Nov.18 0000 UTC to Sunday, Nov.19
2359 UTC

Callsign:
4O60BH

Operating Team:
OH2BH, YT6A, YT6Y, YZ7DX (team doctor)

Patron:
Telecom of Montenegro Director Mr. Zoran Sekulic

Operating Location:
Herceg Novi, Adriatic Coast, Montenegro

Modes & Frequencies:
two stations operational)
CW & SSB, 25 kHz point frequencies
3525, 7025, 14025, 21025 kHz
3775, 7075, 14225, 21325 kHz

You can ask for a sked through sked-60@oh2bh.fi Send an email and specify the time when you would like to pass your wishes to Martti on 14.225 kHz - you have two bullets and the only appointment frequency is 14.225 kHz. Lead time can be a maximum of three hours.

QBH Number:
By asking QBH you will get a lucky draw number and you will then participate in a lottery. Only one number - keep the number handy. Prizes and more information can be found at www.kolumbus.fi/oh2bn/bhday

QSL Card:
4O60BH QSL via OH2BN

Hosting Organization:
Sky Contest Club, SCC
Ranko, YT6A & Dragan, YT6Y with Jarmo, OH2BN

I've been wrestling with the incoming W4 two-letter prefix buro for over two years. Have sent out hundreds and hundreds of cards, have sent multiple batches of stamped envelopes and extra postage (just in case), but have received only 7 cards in the last 2 years. I've done the legwork to find out where the problems are, and loads of DX stations tell me they've sent a card via buro. Maybe some of them are pulling my leg, but I doubt that a few hundred are.

I've been an ARRL member since the mid-70's, and the buro worked well until sometime around '03. At this point, I can't even get a reply to emails to check on the problem. I posted this question on my local club reflector (120-ish members), and got several replies from people with the same exact experience, some who simply gave up and only QSL direct now, as a result. I find it hard to believe the problem is localized, but perhaps it is...hence this question.

Over the last year I've written to several other ARRL officials' email addresses from the ARRL website, in hopes of getting someone to look into the problem, but I've never received a reply from ANYONE else at the league. Please reply if you are also having problems. You may email me direct at wb4iuy@TEARA.org , if you don't want to post in a public forum. I'd like to get to the bottom of this problem, or just quit giving the ARRL money (after 30+ years!), if the league has no interest in taking corrective action on behalf of it's membership.

Dave Hockaday

I have tried contacting the 9 buro and received no rsponse at all from
them wether this is a change is something I can't say since I
contacted them for some advice since I have (or had) some hopes I
might start receieving some cards by this means

W9 bureau is working fine - I've received two stuffed envelopes in the last few weeks.

Didn't the W4 2-letter-prefix bureau just recently change hands? (or am I imagining things?) Are you sure you're writing the right WB4 bureau?

Can't say I've ever had a problem getting answers from Newington, though the DXCC desk and the Contest Branch are the only parts of HQ I've really dealt with. My director has also been quite responsive though I usually write him via USPS.

FYI, in the last few weeks I've recieved via the bureau two cards for J79WI, specifying "via W9WI". I am NOT the manager for J79WI.

(I'm pretty sure this is Jim, WI9WI who's operated from a number of
Caribbean QTHs, and I did forward the two cards to him.)

In fact, I am not the QSL manager for *anyone* (except myself!) and the
only two countries I've ever operated from are the USA and Canada.

Ohio/Penn DX Bulletin No. 785

The Ohio/Penn DX PacketCluster
DX Bulletin No. 785
BID: $OPDX.785
November 20, 2006
Editor Tedd Mirgliotta, KB8NW

Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q, W2IRT, K3GV, K3MSB, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, N4THW, W4JS, K6RIM, N7OU, K8JP, K8ND, K8YSE, K9NW, Southgate ARC, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, DL4KQ, EA5YN, F5NQL & UFT, F6AJA & Les Nouvelles DX, G3NKC, I1JQJ/IK1ADH & 425 DX News, IZ8CCW, JA1BK, JI6KVR IOTA-JA, LY1DF, OH1WZ, OH2BN, RSGB IOTA, S50U, SP5UAF, TA3YJ, VA3RJ & ICPO, and XE1BEF for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 12th/November, through Sunday, 19th/November there were 216 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3X, 4J, 4L, 4S, 4U1U, 4X, 5A, 5B, 5H, 5N, 5R, 5V, 5W, 5X, 5Z, 6W, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E3, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, EZ, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GM, GU, GW, HA, HB, HC, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J2, J3, J5, J6, JA, JD/o, JT, JW, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, R1FJ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V5, V6, V7, V8, VE, VK, VK9C, VK9N, VP2E, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, YB, YI, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

12th CCF & OHDXF MEETING. It is time to book yourself and friends for the 12th Contest Club Finland and OH DXFoundation Contest and DX Meeting on the Baltic Sea. Event will take place January 19-21st, 2007. Booking should take place before December 18th, 2006. You can find information about the event and the booking on CCF's Web site at:

http://www.contestclubfinland.com/

3B6, AGALEGA. Members of Polski Zwiazek Krotkofalowcow (PZK)(the Polish Amateur Radio Union) and SP-DX-Club are organizing a DXpedition to the Island of Agalega to take place in March of 2007. The group has received a license and access to visit the island. Operators mentioned are Witek/SP9MRO (co-leader), Wojtek/SP9PT (co-leader), Marek/SP9BQJ, Bogdan/SP3IQ, Wojciech/SP5BFX and Jozek/SP9-31029. Activity will last for 12-14 days. They are planning to be active on all bands from 160-6 meters, on the modes CW, SSB, RTTY, PSK31 and JT6M on 50 MHz. Also, activity is possible from Seychelles (S7), Mauritius (3B8) and /MM operations from the Indian Ocean. The team is looking for sponsors to help off-set the huge expenses of this DXpedition. More details should be forthcoming.

4L, GEORGIA. Mamuka, 4L2M, will be active during the CQWW DX CW Contest

(November 25-26th) as a Single-Op/Single-Band (40m) entry. QSL via K3PD only; "OK" direct or by the Bureau.

4L, GEORGIA. Vaho, 4L8A, will be active during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (20m)/High-Power entry. QSL via DJ1CW, by the Bureau or direct.

4O60BH BIRTHDAY PARTY PRESS RELEASES (from Jarmo, OH2BN):

1   LOG SEARCH FOR YOUR 4O60BH QSOs. Dragan, YT6Y, from the on-the-air birthday party for Martti, OH2BH, in Montenegro, reports that a log search facility for 4O60BH, the station now active in connection with Martti's 60th birthday celebrations on the Adriatic coast, will be available starting today, Sunday. The first 3500 QSOs will be uploaded by Dragan later this morning (19-Nov), with the rest of the log to be uploaded by Ranko, YT6A, on Monday morning. The online log can be found at: http://www.skycc.info/4o60bh

#2 (November 19, 2006). The 4O60BH on-the-air birthday party has passed the halfway mark as far as its radio part is concerned. This happened at 0000 UTC on November 19 when the total reached 4000 QSOs, and the party switched into a true birthday mode. High bands have caused something of a disappointment, but 75/80M has compensated a great deal. The 80M band saw 4O60BH penetrate both Japan and USA with several hundred QSOs into each of the two major regions.

This activity will continue for another 24 hours and move into party time mode on Monday with a Reception and a Birthday Dinner. Some 200 Lucky Draw (QBH) numbers are given out, but you still have time to get yours. The Lucky Draw will take place at the Monday Dinner, and the winners will be announced at the same time.

5A, LIBYA. The international team is up and active now as 5A7A with 8 stations on various modes on all bands through November 29th. QSL via DL9USA. Check also their Web site at: http://5a7a.gmxhome.de

8P, BARBADOS. Tom, W2SC, will be active as 8P5A during the CQWW DX CW Contest (November 25-26th) as Single-Op/All-Band/High-Power entry. QSL via NN1N.

8Q, MALDIVES. Operators Igor/RA9CMO, Willy/RN4WA, Vladimir/UN9LW, Igor/RA3AUU and Igor/UA9CDC will be active as 8Q7DV during the CQWW DX CW Contest (November 25-26th) as a Multi/2 entry. QSL via UA9CLB.

A6, UNITED ARAB EMIRATES. Michel, OD5TX, who has operated from the UAE as A6/OD5TX until late July 2006, has now been issued authorization to now operate as A61TX. The license was issued on November 14th and is valid for one year. His QSL Manager, as in the past, will be Jack, W4JS.

AH2, GUAM. Operators Toshinobu/JI3ERV, Mikawa/JR7OMD and Nozumu/JE8KKX will be active as AH2R for the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. QSL via JH7QXJ.

CARIBBEAN TOUR. It seems Karl, N1DL, will be very active through the end of the year from various Caribbean locations. QSL via his home callsign, direct or by the bureau. Look for him to use the following callsigns from the following islands:

FJ/N1DL - St. Barthelemy Island (NA-146); November 29th only.
9Y4/N1DL - Island of Tobago (SA-009); November 30th to December 1st.
FY/N1DL - French Guiana from the Isle Diablo (Devils Island; SA-020); December 11-12th.
8P6/N1DL - Barbados (NA-021); December 14th only.
J7R & J79DL - Island of Dominica (NA-101); December 15th only.
VP2V/N1DL - British Virgin Island from the Island of Tortola (NA-023); December 17th only.
N1DL/HI9 - Dominican Republic (NA-096); December 18-19th.

DXCC NEWS. Mark, K3MSB, informs OPDX that the ARRL DXCC Desk is not crediting QSOs for his December 2005 contact with 5X1RI. Reason given is "Documents Pending".

E51, SOUTH COOK ISLANDS. Bob/W7YAQ/E51PDX and Bill/N7OU/E51PEN inform OPDX just before going to print that they are back in Rarotonga after 2 weeks on Penrhyn. They mention that they will be on during CQWW from Rarotonga, South Cooks Islands, as E51YAQ. QSL via W7YAQ. Here are their E51PDX/E51PEN QSO totals:

Total QSOs = 14912
Total DXCC = 121

By Mode:	
CW	13721
RTTY	1013
SSB	178

By Band:	
160m	10
80m	1402
40m	4726
30m	3785
20m	1671
17m	2261
15m	694
12m	291
10m	72

Distribution by continent:	
NA	63.0%
AS	20.6%
EU	10.7%
SA	3.5%
OC	1.9%
AF	0.3%

Rigs: TS570, FT897. Antennas: HF6V, 40M, 20M Verticals on edge of lagoon (water 180 degrees, north-to-east-to-south). They state, "Great condx all bands to North/South America. European openings were disappointing. Some days grey line openings hardly materialized. Very FB QTH, support, and accommodations from Warwick, E51WL....."
73, Bob/E51PDX and Bill/E51PEN

EA8, CANARY ISLANDS. Leppala, OH2BYS, will be active as EA8/OH4NL during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (80m) entry (possibly 160m). QSL via OH2BYS.

EI, IREALAND. Wieslaw, SP4Z, will active as EI/SP4Z again in the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/Lower-Power entry. He will use IC7000 and a rotary Spiderbeam, inverted VEE and dipole. Read about his effort two years ago described at:

http://www.hamradio.biaman.pl/sp4z/ireland_eng.htm

FO, French POLYNESIA. Alain, F2HE, is once again active as FO5RH, and will stay on the Tatakoto Atoll (IOTA OC-066) until December 4th. He will also return there again starting January 10th.

GD/MD, ISLE OF MAN. Members of the Manx Kippers will be making another trip to GD-land for the CQWW DX CW Contest:

MD6V - Operator Dave, G3NKC, will be active on 160m as a Single-Band entry. He will be looking for JA's before the contest using GD3NKC/P; since there is a big demand from there. QSL via G3NKC.

MD4K - Operator Martin, G4XUM, will be active on 80m as a Single-Band entry. QSL via G3NKC.

GD8T - Operator Peter, G4MJS, will be active on 40m as a Single-Band entry. QSL via G4SHF.

Please be sure to include sufficient postage for all direct QSL requests - 1 USD is now not enough for outside of EU (but 1 IRC is !!)

HH, HAITI. Jean-Marc, F1ABQ, will be active as HH2FJM as of November 18th. He will be on every day between 0500-0700z and 1800-2200z around 14126, 18126 and 21226 kHz. QSL via F5RPB.

IOTA NEWS....................

AS-041. Operators JG4PYJ, JI4IPB, JJ4KME and JM4FGW were expected to be active as homecall/4 from Chburi Island (JIIA AS-041-002) in the Oki Island Group, JA4 Shimane Pref, this past weekend. QSL to their home callsigns, direct or by the bureau.

OC-150. Hotang, YC0IEM, will be active as YC0IEM/9 from Lombok Island between November 20th and December 6th. QSL via IZ8CCW, direct or by the bureau.

J2, DJIBOUTI. Eric, ON7SAT, will be active as J20SA from November 20th through December 16th. His activity will be limited since he is there on a work assignment. Eric hopes to have the possibility of putting an antenna on the hotel there (nothing is sure at this time). Activity will be SSB on 40/20/15/10 meters (if his QTH permits). The equipment is a half size G5RV antenna and a Yaesu FT100 transceiver running 100 watts barefoot. Eric states, "Please understand that I'm there on business, so I might have to stop operating abruptly and get back to work." QSL via ON7SAT, direct or by the Bureau.

J4/SV1, GREECE. Tomas, LY1F, will be active as J41A during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (160m) entry. Look for him before and after the contest as SV1/LY1F. QSL via LY1DF. Visit his Web page at: http://www.qrz.lt/ly1df/

J5, GUINEA BISSAU. Father Gianfranco, J59OFM, operates from the Catholic mission at Caboxangue, Guinea Bissau. He is active only on Sundays and Wednesdays between 1615-1645z on 14321 kHz (+/-). Father Gianfranco does not speak English, but answers to calls in Italian, Spanish and Portuguese languages. QSL via I3LDP: Lucio Bresciani, Via Locchi 29, 37124 Verona - VR, Italy.

J7, DOMINICA (NA-101). Operators Michel/F6COW and Dominique/F6EPY will be active as J79CO and J79EP, respectively, between November 20th and

December 5th. Activity will include the CQWW DX CW Contest (November 25-26th). Precontest activities will be on 160-15 meters, CW, SSB and some Digital. QSL via their French callsigns, direct or by the bureau.

KH2, GUAM (OC-026). Operators Masanori/JA1OZK/AA9WZ, Masao/JA1OHP, Tadao/JF1TAB, Ken/JH1FUD, Hiroshi/JL1LOW and JK1DRM will be active from here using the callsign K2G between November 25-28th. Activity will be on the HF bands including the WARC bands, SSB, CW and the digital modes. They will not participate in a CQWW DX CW Contest. If operators use the homecall/KH2, QSL via the bureau (or direct) to each operator's home callsign. QSL K2G via JA1OZK.

KP3, PUERTO RICO. Operators Al/WP3C, Felipe/NP4Z and Eric/NP3A will be active as KP3Z during the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. QSL via WC4E.

LZ0/VP8, ANTARCTICA. Two members of the Bulgarian Contest Club (LZ9W) will be leaving Sofia very soon to be active from Livingston Island. Operators Mitko/LZ1UQ and Danny/LZ2UU will be active as LZ0A from the Bulgarian Antarctic Base "St.Kliment Ohridski" starting December 1st. Mitko will stay until March 1st, and is expected to be active as VP8/LZ1UQ in some HF contests. Danny will stay until December 20th.

NEW OFFICERS FOR 2007. Members of the National Capitol DX Association (NCDXA) elected the following officers during their October meeting for the year 2007:

President	Dick Mayott, W2YE	Treasurer	Brian Bayus, N1KC
Vice President	Bernie McClenny, W3UR	Secretary	George Vincent, K3GV

More information about the NCDXA is available at: http://www.qsl.net/ncdxa/

NEW OFFICERS FOR 2007. Members of the Redwood Empire DX Association (REDXA) Petaluma, CA, elected the following officers and directors during a meeting on November 9th for the year 2007:

President	Al Burnham, K6RIM	BOD	Fred Leoni, N6YEU
Vice President	Len Geraldi, K6ANP	BOD	Chuck Ternes, N6OJ
Secretary	Doug Bender, WW6D	BOD	Rich Carbine, W6UDS
Treasurer	Gordon Kiefer, K6PT		

More information about the REDXA is available at: http://www.redxa.com/

P3, CYPRUS. Operators Bob/5B4AGN, George/5B4AGC, Stephen/G3VMW and Andy/ZC4VJ/G3AB will be active as P3F during the CQWW DX CW Contest (November 25-26th) as a Multi/2 entry. QSL via 5B4AGN.

PJ2, NETHERLANDS ANTILLES (Update). Members of the Caribbean Contesting Consortium (CCC) will operate as PJ2T from Signal Point, Curacao (SA-006, WLOTA LH-0942)in the CQWW CW Contest (November 25-26th). Operator Jeff, K8ND, (Station Manager for PJ2T) will stick around after the contest and be active as PJ2T in the ARRL 160 Meter Contest (December 1-3rd) as Single-Op/High-Power entry. Also, look for Jeff/K8ND and Jim/W8WTS to be active as PJ2T during the CQ 160-Meter CW Contest (January 27-28th) as a Multi-Op entry. QSL both operations via N9AG. ADDED NOTE: COBRAS member Gerry, G0RTN/GI0RTN, will be active as PJ2T during the CQWW DX CW Contest with the contest team PJ2T. Outside of the contest, he will be active as PJ2/G0RTN.

YB0BC direct

Vic, EA5YN, (Pilot for 3C0M) reports that the log for 3C0M can be now found at: http://personal.telefonica.terra.es/web/ea5yn/

QSL 4U1UN via HB9BOU. There was activity on November 18th.

FT4WD QSLS. Norbert, F6AXX, still has the logs and the QSLs for the FT4WD (1993) operation by Christian, FD1NOG (now F5NOG), from Crozet Island.

KH8SI QSL STATUS. Kan, JA1BK, advises that over 4000 envelopes have been mailed out. There were about 8000 unique callsigns in the log. Kan asks that you QSL for "ALL" of your contacts since he is using pre-printed labels with all contacts listed. Requesting confirmation for all of your QSOs will insure that all log entries are legitimate two-way contacts.

If you only sent for some of your QSOs, simply send the rest in an envelope with no SAE or postage; and you will receive your card. If you have not yet requested your cards, please include "ALL" contacts in one envelope along with an SAE and postage.

Nilay, TA3YJ, informs OPDX that the YM125ATA QSL cards have been sent direct on November 18th. Special postal stamp for the memory of ATATURK's 125th birthday and its information have been sent with the direct QSL cards. You can find the sample stamps on:
http://www.ptt.gov.tr/tr/pul/show/html/06-8.html
Nilay states, "Beside the QSL cards for YM125ATA a CD representing Mustafa Kemal ATATURK and modern, contemporary Turkey will be sent to the radio amateurs who have made QSOs on 3 different bands or 3 different modes and also have sent their QSL cards direct. They should send me their QSL cards direct until December 31, 2006. YM125ATA's special CDs will be sent in January 2007." Inside the YM125ATA's special CD: *FILMS: Mustafa Kemal ATATURK, Wonders of Turkey, Turkey, Gallipoli, Fire of Anatolia - *PHOTOS: Mustafa Kemal ATATURK - *eBOOK: Who are the Turks? - *INFORMATON: Operating and licence conditions for foreign radio amateurs (CEPT members only) visiting Turkey - *ETC. YM125ATA's special CD is free.

S9SS GOING QRT FEBRUARY 2007! Charles Lewis will retire in February 2007, and finish his work as IBB VOA station manager on the Island of Sao Tome where he is known as S9SS (aka A22AA, S92SS, SV0LM, SV5/SV0LM, A25/KY4P, KY4P). In his deserved retirement, he and Lesley, S9YL (aka S92YL, SV0LN, N3TIA), will live in the mountains of the northwestern region of North Carolina in the USA. His S9SS LOG is uploaded to LoTW. Paper QSLs can

be confirmed by his QSL manager N4JR. S9SS log on-line can be seen on Danilo's home page at: http://s50u.s50e.si
By the end of February, more than 80000 QSOs will be sent to:
http://logsearch.de/
All of his logs for callsigns prior to S9SS exist only on paper; however, he plans to create files of at least some of them for submission, little by little, to the LoTW over the next few years. It will require typing the data for about 100000 QSOs, so he perhaps will never finish the work. He will do the A25/KY4P log first.

SPECIAL EVENTS (French)................

TM8T - Activity will be from November 27th to December 10th, on 80/40/20 meters CW/SSB, possibly 2m/F3E. Operators mentioned are F0FGG, F4DEA, F5TBE, F6HSQ and F6BDM, from the city of Croix. The main activity will be during the "The Telethon" from 1400z, December 8th to 1700z, December 10th. QSL direct with a SASE and 2 Euros which will be given for the fight. An award will be issued for 2 QSOs on 2 bands for 3 Euros, same destination. QSL managing address: GCNF, 87 Avenue Roger SALENGRO 59170 CROIX, before December 23rd imperative deadline.

TM5DIA - Activity through November 25th. Activity to celebrate/help the "DIABET'ALLO" (Young Diabetic in Burgundy). QSL via F5LRL or see info for TM5DIA on QRZ.com.

TM5AIR - Activity by the F5KEK ARS between December 2-16th, to celebrate the 70th anniversary of the first Air Base in the French Auvergne Atea in Varennes Sur Allier. All bands and modes. QSL direct or via the bureau.

ST, SUDAN. Operators Jovica/ST2A and Fernando/ST2BF will be active as ST2A during the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. Activity will be on 40/20/15/10 meters only. There will be more activity on Saturday than on Sunday (which is a work day). QSL via T93Y.

SV9, CRETE. Dimitrios, SV9COL, will be active in the CQWW CW Contest (November 25-26th) as a Single-Op/All-Band/High-Power entry.

T8, PALAU. Mike, K9NW, will be active as T88MR during the CQWW DX CW Contest (Novemer 25-26th) as Single-Op/All-Band entry. QSL via K9NW. Mike will be here between November 20-28th, and will try to pay special attention to the low bands outside of the contest.

TN, CONGO. Well known German DXers Baldur/DJ6SI and Franz/DJ9ZG will be on a DXpedition to Congo in late November and early December. Baldur will use the callsign TN6X on CW and Franz will use TN0Z on SSB and RTTY. Activity will be on 160-10 meters with two stations on the air. QSL to their home callsigns via bureau.

V3, BELIZE. Joe, K8JP, informs OPDX that he will be operating back home in Belize as V31JP from mid-November through early April 2007. Activity will be mostly CW on 160-6 meters. He mentions that he will try to get into some contests this year. QSL via his QSL Manager KA9WON.

VK, AUSTRALIA (SSTV). Peter, VK6AAL, reports that there is a very active SSTV group on HF on 14230 kHz with SSTV Live Webcams, and they are monitoring the frequency around the clock. He states, "Stateside stations are heard on occasions, and if they are aware of our presence, good DX contacts are possible both on the LP between 23:00 to 00:00 UTC and some times on the SP between 11:00 to 14:00 UTC. Our problem down under is breaking into local traffic in the U.S. as we are often beaming into the sides of the stations in the U.S. who are sending pictures North and South in their transactions. On the odd occassions when we have been able to make our presence known, then signals of 5/7 with good picture quality is possible. All that is required is a 3 element beam with about 70 watts pointing down under:-)". Peter wants to let more SSTV operators in the U.S. know the stations in VK-land are there and eager to work stations LP or SP. They have an elaborate array of SSTV Live Wecams to monitor DX; some on fixed antennas others on Beams that track the propagation. Visit his SSTV Live Webcam at: http://users.tpg.com.au/adslsymb/VK6AAL/

VP2M, MONTSERRAT. George, K2DM, will be active as VP2MDG during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/High-Power entry. QSL via K2DM.

VP2M, MONTSERRAT. Operators Phil/G3SWH and Jim/G3RTE will be active from the Island of Montserrat between February 21-28th, 2007. Callsign will be announced later. Activity will be primarily on CW with some possibly RTTY and PSK31 on all bands 160-10 meters. Propagation permitting, they plan to have two stations on the air for as many hours every day as is possible. Their main objective is to work as many European, North American and ROTW stations on as many bands as possible. QSL via G3SWH, either direct with SAE and adequate return postage or via E-mail for a bureau reply or via the bureau. Phil's E-mail address is: phil@g3swh.demon.co.uk

VU7RG NEWS (Lakshadweep Islands). Press releases from the past week:

November 15th - The WPC, Govt. of India, has initiated the process of issuing reciprocal licences to the applicants of VU7 HAMFEST participants. The first batch of 10 reciprocal licences are received today. More are expected to be issued in due course.

November 17th - We are pleased to inform that the Ministry of Communications and Information Technology, Department of Telecommunications, WPC wing has released the first list of Special permission issued to foreign hams holding Indian amateur radio license to operate amateur radio stations from Bangaram, Kadmat and Agathi in Lakshadweep Islands.

VU7RG - The special callsign for hams participating in Hamfest. Amateur Radio Operations will start on January 15th, 2007.
Regards, Mohan, VU2MYH

For more details please check the official VU7 webpage (http://www.vu7.in) on regular basis since from now on more interesting information regarding dates, callsign(s), planning status will get published there.

YI9, IRAQ. Carlos, N4THW, is now active as YI9HW. In addition, he also has a MARS license, AEM3BD. Carlos informs OPDX that he will be active on all bands from 80-10 meters.

Dave WB4IUY <support@scootworks.com> wrote:
> I've been wrestling with the incoming W4 two-letter prefix buro for
> over two years. Have sent out hundreds and hundreds of cards,

I've been inactive the last 3 years, but started playing
on HF again recently. When I did, I emailed the Sterling
Park ARC, the people who do the xx4 incoming cards. I
sent an email to RWMaylott@aol.com, Dick Maylott, W2YE,
asking if there was anything new I needed to know before
I sent some new envelopes. I got a very helpful reply
very quickly. If you haven't tried talking to Dick direct,
maybe that would be a good first step.

FWIW, I wasn't paying much attention but I have received
a few envelopes over the last few years when I was inactive.

I hope your problem isn't typical; I'm going to be depending
on the bureaus more now than previously. I just sent a couple
of direct requests and in addition to the increased costs
for the DX station's postage, I see an airmail stamp is
now $0.84 here. Lucky for me I work so few new countries--
I can't AFFORD much direct QSLing! :-)

SB DX @ WW < KB8NW $OPDX.786
Ohio/Penn DX Bulletin No. 786

The Ohio/Penn DX PacketCluster
DX Bulletin No. 786
BID: $OPDX.786
November 27, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, KF2TI, NC1L, N2OO, K3TEJ, NG3K, W3UR & The Daily DX, K4ZLE, N4AA & QRZ DX, K8YSE, W9WI, W0YG, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, OH2BN, RSGB IOTA, UT5UY and VA3RJ & ICPO for the following DX information.

** EDITOR'S SPECIAL NOTICE: This week's bulletin was sent out earlier than normal to accommodate the late CQWW DX CW Contest announcements. Also, we wanted to provide the readers with a consolidated listing of the CQWW DX CW Contest participants.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Friday, 17th/November, through Friday, 24th/November there were 223 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3X, 4J, 4L, 4S, 4U1U, 4X, 5A, 5B, 5H, 5N, 5R, 5V, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J2, J3, J5, J6, J7, JA, JD/o, JT, JW, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, T9, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V5, V6, V7, VE, VK, VK9C, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, YB, YI, YK, YL, YN, YO, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK1/n, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

4O6/YT6, MONTENEGRO. Operators Martti/OH2BH, Pertti/OH2PM and Ranko/YT6A are making plans for this weekend's CQWW DX CW Contest (November 25-26th). Look for the following possible lineup:

  4O3B by OH2BH; Single-Op/Single-Band (80m). QSL via OH2BH.
  4O3M by OH2PM; Single-Op/Single-Band (160m). QSL via OH2PM.
  YT6A by YT6A; Single-Op/Single-Band (20m). QSL via YU1FW.

4O60BH BIRTHDAY PARTY PRESS RELEASE #3 (Tuesday, November 21st, by Jarmo, OH2BN). "N2NT AND VK3EW WIN GRAND PRIZES: At the Monday night dinner in connection with the 4O60BH birthday on-the-air activity, a number of Lucky Draw prizes were given out to wrap up this special event which produced 5000 Montenegro QSOs by those who participated. The proceedings were led by Tine, S50A and two Lady Fortunas. The lucky winners are:

Heil Classic Pro Microphone: N2NT
MicroHAM Band Decoder: VK3EW
African Mystique Mask: AD1C
9V1YC DXpedition Videos: K0GY UU4JMG N1RK OH2BEJ K3ZXL
Danny Weil and Colvin Radio Expedition Books: W3LPL VE3EJ
MicroHAM USB Interface II: NC1L
Daily DX & Weekly DX Subscriptions: VK3SX N9JV CT1CJJ ZL3WW
YAESU T-Shirts and Caps: N4KG N5ZM OH2VZ YU1SL IK4WMH K8MN UT7EZZ LZ1ZJ 9A4NA SM5DJZ
Montenegro Souvenirs: ON4TT
OH2BH Birthday Coffee Mugs: I1JQJ SM5CZQ YU1AOT OH2LU W3NJ

While many of the 4O60BH participants are heading home today, OH2PM, OH1TX and OH2BH will remain active on a variety of bands. Our sincre congratulations to the winners and thanks to all who participated in the QBH activity."

5A, LIBYA. The international team is up and active now as 5A7A with 8 stations on various modes on all bands through November 29th. QSL via DL9USA. For updates, check their Web site at: http://5a7a.gmxhome.de
An online log search is now available at:
http://www.df3cb.com/logsearch/5a7a/
PLEASE NOTE: As of 2008z, Friday, November 24th, the Web site states:

"Most 20m QSOs of Nov 16 are still missing in the online log and others as well. There are also some 1,000 QSOs on 160m which were logged on paper during the first days of operation and that are not yet here in the online log. If you had a good QSO do not work us again. Thanks for your understanding. 73's from the team..."

9K, KUWAIT. Faisal, 9K2RR, will be active as 9K2HN during the CQWW DX CW Contest (November 25-26th) as Single-Op/Single-Band (40m) entry. QSL via the address on QRZ.com.

B1, CHINA. Operators BA1RB, BA1AAX, BD1BNV, BD1WC, BD1VF, BD1HP, BD1NNI and possibly others will be active as B1Z during the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. QSL via EA7FTR.

B3, CHINA. Several Chinese operators (along with a ZL1 operator and possibly others), will be active as B3C during the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. QSL via BA4EG.

DXCC NEWS. "How Do I Qualify to Receive the 2006 DXCC Yearbook?" by Bill Moore, NC1L, ARRL DXCC Branch Manager (dated November 15th):

End of the Calendar Year - Reminder...

"In order to receive a copy of the 2006 DXCC Yearbook at no cost, you must have made at least one DXCC submission for the year 2006, and it must be/have been postmarked by December 31, 2006. This is also the date on which the DXCC Challenge standings will be based for the Yearbook. In order to receive the free copy of the Yearbook you must be an ARRL member and have made a DXCC submission during the 2006 calendar year,

-- OR --

You must be an ARRL member and be current on the DXCC Honor Roll. If you are an ARRL member and current on the DXCC Honor Roll, you will receive a copy of the Yearbook even if you did not make a DXCC submission during the year.

In either case, you must be an ARRL member to receive a free copy of the DXCC Year book. The 2006 DXCC Yearbook will be available in the Spring of 2007. Copies of past editions are still available to anyone for $5 plus postage......."
73 es DX! Bill Moore, NC1L, DXCC Branch Manager - www.arrl.org/awards/dxcc

FY, FRENCH GUIANA. Didier, FY5FY, will be active in the CQWW CW Contest (November 25-26th) as a Single-Op/All-Band/QRP entry. QSL via FY5FY.

HP, PANAMA. Operator Wil, DJ7AA, will be active as HP1/DJ7AA during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (20m) entry. QSL via DJ7AA by the Bureau.

IOTA NEWS...................

AS-126. An International group of operators, namely Champ/E21EIC (Team leader), Dej/E21YDP, Bruce/AA4XR/HS0ZCY and Alex/UT5UY will operate mainly as E21EIC/P from one of the most wanted Thailand IOTAs - Lipe Island, in the Malay Peninsula South West Group, between December 5-12th. Also, operators will use their own Thai callsigns. Activity will be on 160-10 meters, CW, SSB and the digital modes. QSL via their home callsigns.

AS-150. Look for operators Kevin/BA4XA, Roy/BA4VE, Zhang/BD3APX, Zhang/BD4IXA, BG4VES and Chang/BG6IQD to be active as BI4N from Linshan Island, December 6-10th. Activity will be on all HF bands, using a Kenwood TS480HX, TS450s, 2 element 40m yagi, 4 element triband yagi and 30m vertical. QSL via BA4XA, driect only.

NA-034. Operators Chris/K8QV, Jim/N4AAC, Rick/KG4MRH, Tracy/KG4MRG, Mike/N4MAA and Mike/AI4JD will active as W4A for the first activation of the Terria Verde lighthouse (ARLHS USA-1335) located on Cunningham Key (USi FL-284S, Pinellas County), Florida. Activity will be between December 8-11th on the following suggested SSB frequencies: 3875, 7235, 14310 and 21330 kHz. QSL via K8CXM (QRZ.com).

NA-110. Rich, K4FCP, willl be active as K4FCP/p from Hunting Island, December 27-30th. Activity will be on 20/15 meters. QSL via K4BMS (QRZ.com).

SA-023. Cris, PY7GK, will be active as ZY6GK from Itaparica Island, December 27-30th. Activity will be mainly 20/15/10 meters CW/SSB, and possibly 40/30 meters. QSL via the bureau or direct. Please, no eQSL.

SA-050. Oscar, LU1XS, has received authorizations by the Chilean government to go Navarino Islands between December 8-10th. He will sign CE8/LU1XS and be active on 40/20/15/10 meters CW. QSL via LU1XS or LoTW.

J7, DOMINICA. John, K3TEJ, will be active as J79Z from November 22-29th. Activity will be on 160-10 meters including the WARC bands and as a Single-Op/All-Band entry in the CQWW CW Contest (November 25-26th). QSL via K3TEJ.

KH8, AMERICAN SAMOA. Look for KH8Q to be active starting December 1st, and finishing on December 14th. The operators are Pete/N0FW, Jay/K4ZLE, Charlie/W6KK and Mike/N9NS. They will be active on 160-10 meters, CW and SSB, including efforts in the ARRL 160m and 10m Contests. QSL via W8QID only. If you use the KH8Q mailing address your card could be delayed as long as forever!

LX, LUXEMBOURG. Operators Lars/DF1LON, Juergen/DL4SDW, Ralf/DL5SEJ, Bernd/DL8SCG and Philippe/LX2A will be active as LX7I during the CQWW DX CW Contest (November 25-26th) as a Multi/2 or Multi-Single entry. QSL via LX2A. Visit the following Web page for more details about the station and online logs: http://www.lx2a.com

NEW OFFICERS FOR 2007. Members of the North Jersey DX Association (NJDXA) has elected the following officers for the 2007 term:
President - Stephen Mendelsohn, W2ML

Vice-President - Les Kalmus, W2LK
Treasurer - Gene Ingraham, N2BIM
Secretary - Rich Gelber, K2WR

PJ4, NETHERLANDS ANTILLES. Kelly, N0VD, will be active as PJ4/N0VD from Bonaire between January 6-13th. This is a business trip, so Kelly will be active as time allows. QSL to his home callsign.

QSL INFO AND NEWS..................

GB3CCX via G6AWT
ON8SUB via ON6PQ
LZ7X via LZ1UQ
OT7H via ON7HE

NOT THE QSL MANAGER. Doug, W9WI, reports in the last few weeks he has received via the bureau two cards for J79WI, specifying "via W9WI". Doug states, "I am NOT the manager for J79WI. In fact, I am not the QSL Manager for *anyone* (except myself!) and the only two countries I've ever operated from are the USA and Canada." The correct QSL route for J79WI is via WI9WI.

MIS-INFORMATION ON VK9CGG QSLING. Charlie, W0YG, reports, "I have seen many spots on DX Summit that state N0KV for bureau cards. There are no bureau cards for this operation. We will not use one. All cards go direct only to W0YG."

RK0, ASIATIC RUSSIA. Members of the Vladivostok ARC will be active as RK0LWW during the CQWW DX CW Contest (November 25-26th) as a Multi/? entry. Operators mentioned are: Oleg/RA0LSO, Vitaly/RU0LAX, John/RW0MM and Pavel/UA0LSK. QSL via: Vladivostok A.R.C., P.O.Box 101, Vladivostok 690090, RUSSIA.

SPECIAL EVENT. The International Shortwave League (ISWL) continues to celebrate their 60th Diamond Anniversary. Look for GB6SWL to be active from Tewkesbury in Gloucestershire, November 25-26th. Walt, G3NYY, will be the main operator. QSL via G6XOU: The ISWL QSL Bureau, Belle Fleurs, 18 Wade Reach, Walton on the Naze, Essex, CO14 8RG England.

UA9, ASIATIC RUSSIA. Vladimir, UA9BA, will be active as UA9AYA during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (40m) entry. QSL via UA9BA.

VP2V, BRITISH VIRGIN ISLANDS. Operators Fred/K9VV, Cal/K6CT and Tom/CX7TT will be active as VP2VVV during the CQWW DX CW Contest (November 25-26th) as a Multi-Single/All-Band entry. QSL via K9VV.

VP5, TURKS AND CAICOS ISLANDS (NA-002). Look for Kelly, N0VD, to be operating from here December 2-12th, with an entry in the ARRL 10m Contest as VP5D. Before and after the contest, Kelly will be signing VP5/N0VD with a concentration on the lower bands. A special effort will also be made to activate various digital modes on all bands outside of the 10m contest. QSL both VP5D and VP5/N0VD direct, via the bureau or LoTW.

VR2, HONG KONG. Martin, AA1ON, will be active as VR2/AA1ON during the CQWW DX CW Contest (November 25-26th) as a Single-Op/Low-Power entry.

Look for him on 20/15/10 meters. QSL via AA1ON, direct or by the bureau.

VU7LD DXPEDITION, LAKSHADWEEP ISLAND UPDATE. Gopal, VU2GMN, on November 18th reports (in VU7LD PRESS RELEASE # 5): "All heavy equipment and supplies were loaded onto MSV Abbas from Mangalore and has sailed this morning to Kavaratti. Pictures of the boat that is carrying the stuff being loaded and sailing away are on our newly introduced photo gallery on the webpage http://arsi.info/vu7. We will add more pictures as they become available. More information is also now on the webpage regarding support received etc.

We are very happy to have received confirmation of support from NCDXF. Their logo is now on our webpage. This will go a long way for our operation. Our thanks to the NCDXF and others who are supporting us.

Tickets on the ship to Lakshadweep are very difficult now as it is the Hajj season and Hajj travelers get priority. However tickets are in hand for the first batch of operators and the setup team and they leave by the MV Bharat Seema which departs from Kochi port on the 29th November AM. It will reach Kavaratti on the 30th morning giving just a day to get all stations QRV. The second batch will leave around the 12th December, the exact date depending on the ship sailing schedule and a third batch around the 22nd December 2006. Stay tuned... 73, de Gopal, VU2GMN"

VU7RG DXPEDITION/HAMFEST, LAKSHADWEEP ISLAND UPDATE. Mohan, VU2MYH, reports on November 22nd: "We are pleased to inform that the Ministry of Communications and Information Technology, Department of Telecommunications, WPC wing has released the first list of Special permission issued to foreign hams holding Indian amateur radio license to operate amateur radio stations from Bangaram, Kadmat and Agathi in Lakshadweep Islands.

VU7RG - The special callsign for hams participating in Hamfest. Amateur Radio Operations will start on January 15th, 2007. Until today a total of 33 DX Hams have been officially approved for the VU7RG operation!"

XT2, BURKINA FASO (Update). The Provins ARS (F6KOP) announced their next DXpedition will be to Ouagadougou, Burkina Faso, and will be active as XT2C between January 6-20th (See OPDX.780 and OPDX.783). The F6KOP group announced this past week that their XT2C Web page is up and running at:

http://xt2c.free.fr/home_uk.html

YI, IRAQ. Bob, N2OO, informs OPDX that his friend Mitch Gill, K7TUT, who is serving in Iraq, has finally received his license after a very long wait. Mitch will be signing YI9TU and will be operating out of Tallil AB, Iraq, just outside of UR, location of the Ziggurat of UR and birthplace of Abraham whose home is there as well. Look for him to be on 40/20/17/10 meters, SSB, CW and PSK31 to start. His hours will be sporadic between 1500-1800z (because he gets no days off). Also, look on Sundays between 0400-0600z. Mitch will be on R&R in the states from approximately between December 13-30th. He will be back on the air between January and February until he is moved into Tent City as he prepares to come home sometime in March. ALL QSLs go to N2OO. Mitch states, "... be patient with me as I am a rookie at being a DX station ,but I want to give out as many QSOs as possible."

ZF, CAYMAN ISLANDS. Operators John/K6AM, David/N5DO, Jim/K6ZH and Robert/ K5PI will be active as ZF1A during the CQWW DX CW Contest (November 25-26th) as a Multi-2 entry. QSL via W5ASP, LoTW, direct or by the bureau.

The following stations are expected to be active in the
CQ World Wide DX CW Contest (November 25-26th, 2006)

Thanks to Bill, NG3K, for providing OPDX readers the following consolidated listing of the participants in the 2006 CQWW CW Contest. For a more detailed listing in HTML format, please visit the Web page at:

http://www.ng3k.com/Misc/cqc2006.html (in alphabetical order by callsign)
http://www.ng3k.com/Misc/cqcd2006.html (in order by CQWW entity)

Hey Ken, I recognized your call right away :-). I've been emailing Dick and messing with this for the last 2+ years. I sent batches of SASE's to them 3 different times over the last 2 years, and they seem to be loosing them. After sending out over 1100 cards in the last two years and receiving only 7 back, I started emailing hams I'd worked. I gots lots of replies from people who said they'd replied via the buro. I was recently sending emails to Dick and my particular handler shown on their website, but was getting no response. I was getting pretty frustrated and I emailed a PILE of folks at the ARRL, and got 1 response. Like magic, an envelope with 21 cards was postmarked to me the very next day. Magic.

I realize the buro isn't a paid position, but it is supposedly a 'benefit' of being an ARRL member. It's really the only reason I join the ARRL anymore, so I'd like to have it work.

Hopefully, it'll work for you...

Dave WB4IUY

Agreed on the DX Summit site.
It's excellent, DX Summit uses the WorldIRC IRC (Internet Relay Chat)
```

servers that are located in various locations thoughout the US and EU. (AU
server coming soon).
Of course, I have a vested interest in promoting DX Summit and indeed,
WorldIRC.org, I am the WorldIRC.org Network Administrator :)

After researching this subject it seems there is no clear licensing statutes
in place nor is ham radio prohibited there. Are any of the recent
operations from there considered legal and accepted by the DXCC and the DX
community at large? My only QSL from there is from the mid-60's of XW8AX,
Bill Mitchell of the American Embassy at the time. I am waiting to hear from
K4VUD about his operation there and how it was pulled off.

Many Thanks,
K4JDP-John

Please don't generalize this to the entire ARRL incoming bureau. There may be a few isolated folks in the bureau who don't keep up with things as they should, but I can assure you that in the 8th area bureau, things run smoothly And Especially I can assure you that the 8E callsigns (which I handle) are handled very quickly and carefully.

HI Bob,

I know there's lots of folks in the buro, but I guess the "proof is in the pudding". Maybe it's time for the ARRL to hold the buro accountable, and do a little field survey. I've been dealing with crappy service, unansered emails, and a less than a 1% return rate since '03. I've taken the time to email a few HUNDRED hams I've worked, most of whom responded said they replied via the buro (yet the cards never made it to me). When I asked a similar question on our local reflector of only 140 uses, several people spoke up with similar problems. I posted the message on this forum and got 41 negative replies in less than 48 hours. Seems strange that little old me can cause all this trouble all by myself. Darn, this muct be all my fault, what the heck am I thinking...

I've sent three batches of envelopes and additional postage to my incoming buro over the last 2 years (just to make sure that wasn't the problem), yet when I _do_ get a reply from the buro it's as if they've lost my envelopes as well as my incoming cards.

I didn't just fall off the tater truck, yesterday. I've been an ARRL member since 1974, and have used the buro for decades. Everything went well until recent years. When I posted my question locally, the same expecience as mine was described by folks with different handlers, so it's not isolated to that. These responses were from old-timers and greenies alike, so there's no commonality there. I sent emails to MANY MANY MANY ARRL addresses (right off of the ARRL website), and only got one reply..and it said "I'll be back in touch with you" ... NOT! That was it, another dead end. What's with that? Maybe no one at the league wants to deal with a problem...dunno, just my experience. Must be my email account, spam filter, etc...can't possibly a real problem.

I'm tired of trying to save the world with Ham radio. I've taught classes, started and ran the local VE team, built and maintained loads of repeaters, held positions with ham radio clubs, run club contest stations, managed many field day operations, held code practice sessions on the air, etc. I've done my time. Yet, when I tire of having to fight for 3+ plus years to get some little piece of the ARRL "benefit" package, some want to point out that my dues help to get some oddball sliver of spectrum, fight off BPL, etc. I only want to get my cards handled as promised in exchange for my dues. That's all...

Maybe there's no problem at all... I'd love for someone to point out how this is my problem or fault. Personaly, I'm pretty sure this can't be done.

Hey, a slightly bright side of this... after sitting up half the night and emailing every email address I could find (AGAIN), a small envelope of cards was magically dropped into the USPS and postmarked to me. The very next day. Why should an ARRL member have to make so much noise to get something working? It simply should be. If I ran my own business in this way, I'd have been out of business many years ago.

Hello Mark... Despite what those who wear rose colored glasses
think/say, the problem is surely widespread. I've got a mailbox full of
messages from folks like youself to prove there is certainly something
gone wrong with the buro. Thanks for the reply, maybe someone who gives
a flip about the ARRL buro will step up and get the system back on
track, before those of us who promarily send them our $$ for this
purpose quit and keep our money in the bank. Otherwise, the ARRL's
printed statement about the Buro being a benefit of membership is
simply hot air.

Well, all the people who have done the 5B sorting over the last
20 yrs have done a fine job of keeping me supplied with cards,
and the W5 buro sent many tens of lbs of cards when I was manager

for two active contest stations, so I have no complaints.

People get tired of the job - I would, and I'm sure you would if
you tried it!

I read about the buro being a benefit of the league, but if I am not
mistaken, the incoming buro(s) do not require ARRL membership for their
services, on the out-going does.

And to those who work 100's per month and get little back...hang in
there.  I mail out cards from the mid-90's that just arrived via really
REALLY slow boat

Dave, there's room for one other "bright spot" in this
cloudy situation: I know usenet groups are falling out of
use, and a lot of the ones that ARE still active are full
of obscene morons shouting abuse at each other.

So it's not good that you got 41 negative responses about
the incoming bureau service--but it IS good that that many
people are still reading rec.radio.amateur.dx! :-)

Speaking of QSLs, when I started playing on HF again the
other week, I queried my logging database. I've got around
190 worked, and around 180 actually confirmed. Maybe one
of these days I'll actually get around to applying for
DXCC ..   :-/

Glad the 5B sorters have done fine for ya. I'm sure there are lots of them who are doing fine...I'm not saying the whole buro is defunct, I'm saying there are some portions of it that are. Heck, most of the ARRL officers on their own website won't even answer emails about this. I don't know if they "don't want to get involved", "are tired", or what. In fact, the only ARRL official who would reply was Sharon Taratula on Mon, 20 Nov. Her exact comment was "I will get back in touch with you." It's now Dec 1, and nothing else has come from her. This is the typical type of responses I've been getting since 2003.

I don't doubt that I'd tire of it, Derek. Maybe, the handlers who are tired of their jobs, should turn it over to someone else (if there is someone else who would take it). I've done lots of volunteer jobs over the years that became tiring, but I didn't just lay down on the job. I kept doing them until someone else could take over. Like I said in an earlier comment...I've been around the lock a few times. I'm just burning out on trying to get the issue fixed.

I bought this set about 2 years ago and loved it ever since.
I am a Novice-license HAM in the Netherlands.
At this moment only allowed to use 2m and 70cm bands.
At the moment I bought the set it was already an issue here that
Novice-HAM's would get permission to use (parts of certain) HF bands. All
the paperwork (governement) did cause this to be postponed until now.
When everything goes as it should be (and it seems that way) then I can use
my FT-857D for HF with 25 Watts. I am looking forward to this moment.

SB DX @ WW < KB8NW $OPDX.787
Ohio/Penn DX Bulletin No. 787

The Ohio/Penn DX PacketCluster
DX Bulletin No. 787
BID: $OPDX.787
December 4, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5DX, W5AZN, K8YSE, ND9M, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, DL5YWM, EA8AUW, F5NQL & UFT, F6FQK, G4EDG, I1JQJ/IK1ADH & 425 DX News, I1HYW, OH5DX, OK1DOT, RSGB IOTA, TA3YJ, UR5WCW, UT5UY, VA3RJ & ICPO and VE3HO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 26th/November, through Sunday, 3rd/December there were 231 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3V, 3W, 3X, 4J, 4L, 4S, 4U1I, 4U1U, 4X, 5A, 5B, 5H, 5N, 5R, 5V, 5W, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9X, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HC8, HH, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J2, J3, J7, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PY0F, PZ, R1FJ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T32, T7, T8, T9, TA, TF, TG, TI, TK, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9C, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, VU7, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZK1/s, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5A7A NOW QRT. The 5A7A DXpedition went QRT early November 29th. According to the online log (December 3rd), this operation netted just over 112k QSOs. A complete band/mode breakdowns of QSOs are available at:

http://www.df3cb.com/logsearch/5a7a/

8P, BARBADOS. Dean, 8P6SH, will be active in the ARRL 10 Meter Contest (December 9-10th) as a Single-Op/SSB/High-Power entry. He is also expected to be active in the CQWW RTTY WPX Contest (February 10-11th) as a Single-Op/Single-Band (20m) entry. QSL both activites via KU9C.

ANTARTIC TRIPS PLANNED. A group of four American hams are planning a few deep south expeditions which includes stops in the Antarctica, South Georgia and the Falklands. Operators Marc/K9PET (VP8DJU), Jim/W3ASA (VP8DJV), Bill/W3WKO (VP8DKD) and David/W3WKP (VP8DKG) are scheduled to be at the following locations:

February 11th - Depart Ushuaia, Argentina
February 14-17th - Antarctica (KC4)
February 19th - South Orkney (VP8)
February 22-25th - South Georgia (VP8)
February 28th-March 2nd - Port Stanley, Falkland Islands (VP8)
March 4th - Return to Ushuaia.

The operators, when in the Antarctica, will use their homecall/KC4. Activity will be on 40/20/15 meters, CW, SSB and PSK from all locations. For updates, check the Casual DX Web page at: http://www.casualdx.com/

C6, BAHAMAS. Operators Janet/W8CAA, Jim/K8FL, Phil/W9IXX/C6AXX and Joe/W8GEX/C6DX will be active from Eleuthera (NA-001), December 5-13th. Activity will be on all bands and modes with two stations (one HF and the other on 50125 kHz). QSL C6DX via W8GEX and C6AXX via W9IXX.

EF8, CANARY ISLANDS. Operators Edu/EA8AUW and Juha/OH9MM will be active from URE Las Palmas Section as EF8A during the ARRL 10 Meters Contest (December 9-10th) as a Multi-Op/Mixed-Mode/High-Power entry. Edu informs OPDX that the special EF8 prefix is NOT "usually" used on the CW mode. Also, the callsign EF8A is a special callsign from EA8, and a single letter suffix is NOT "usually" used. QSL via EA8AUW.

"HELLO"....100 YEARS OF VOICE OVER RADIO WORLDWIDE. To commemorate Canadian experimenter Reginald Fessenden�s Christmas Eve broadcast of 1906 - Patty Martin, W5AZO, is making available a free music download of "O Holy Night". Holding the distinction of being the very first carol to be played over the radio, Fessenden himself played this song on the violin and then

sang the last verse during the historic radio program. "O Holy Night" (written by Placide Cappeau in 1847) performed by Patty Martin can be found at: http://www.w5azn.com/christmas_lights.htm
For more details about "Hello... Celebrating 100 years of Voice Over Radio Worldwide�, visit the Web pages: http://www.hello-radio.org/
Special event stations will be active during December 29-30th (2000-2000z).
Details and list of stations available at: http://www.hello-radio.org/event/

IOTA NEWS...................

AS-126. (Update) An International group of operators, namely Champ/E21EIC (Team leader), Dej/E21YDP, Nopporn/HS0EHF, Bruce/AA4XR/HS0ZCY and Alex/UT5UY will operate mainly as E21EIC/P from one of the most wanted Thailand IOTAs - Lipe Island, in the Malay Peninsula South West Group, between December 8-13th. Also, operators will use their own Thai callsigns. Activity will be on 160-10 meters, CW, SSB and the digital modes. QSL via their home callsigns.

EU-075. Operators Steve/G4EDG and Jeff/G4ELZ will be active as SV8/G4EDG/P and SV8/G4ELZ/P, respectively, from Aegina Island, December 4-10th. Activity will be CW only. QSL direct only with return postage. Logs will also be uploaded to LoTW ASAP. QSL via G4ELZ (QRZ.com).

NA-062. Operators from the C6ARI team (see OPDX.783 and OPDX.784) will activate Key West as W4/homecall between December 29th and January 2nd (2007), before their Cay Sal Bank (NA-219), Bahamas, operation, January 3-9th (2007). Operators are Rene/DL2JRM, Bodo/DL3OCH, Dan/DL5SE and Daniel/DL5YWM. It is also planned to activate some lighthouses for the ARLHS and islands which counts for the U.S. Island Award (USI). QSL via their home callsigns.

SA-050. Oscar, LU1XS, will be active as CE8/LU1XS from Navarino Islands, December 8-10th. Activity will be on 40/20/15/10 meters CW only. QSL via LU1XS (QRZ.com) or LoTW.

J6, ST. LUCIA (NA-118). Oleh, KD7WPJ, will be active as J6/KD7WPJ between December 21-27th. Activity will probably be on 160-6 meters CW/SSB. QSL via his home callsign.

LIGHTHOUSE ACTIVITY/NEWS.....................

Lighthouse Christmas Lights QSO Party will be held between December 16th and January 1st (2007). More details about awards, certificates, prizes and rules for the ARLHS 2006 Lighhouse Christmas Lights QSO Party (LCL 2006) are available on the following Web page at:
http://arlhs.com/LCL-2006-guidelines.html

Members of the Texas Lighthouse Radio Society will activate their club station W5TLH from the Kemah Texas Lighthouse (ARLHS Number Pending; Texas' Newest Lighthouse!) on December 27th (1900�2300z) and December 28th (1500�2100z). Suggested SSB frequencies are: 21240, 14260 and 7260 kHz. The Kemah Lighthouse, completed earlier this year, stands at 144 feet (the tallest in Texas) and is topped by a 3rd order rotating lens. It is reported that the 1000 watt light can be seen for 23 miles. QSL direct to W5TLH, c/o Jim Martin, 637 Newberry Dr., Richardson, TX 75080-5622. For a QSL card use a #10 business size return envelope (SASE). For a QSL card and an unfolded certificate send a 9" x 12" return envelope (SASE). More details available at: http://www.w5azn.com E-mail: w5azn@arrl.net

In conjunction with the "Hello... Celebrating 100 years of Voice Over Radio Worldwide�, the Texas Lighthouse Radio Society (W5TLH) will also be activating the Lydia Ann Channel Lighthouse (USA 018) near Port Aransas, Texas, December 30th (1500-2000z). Suggested SSB frequencies are: 21240, 14260 and 7260 kHz. The U.S. Lighthouse Service established a radio beacon at this location in 1928. Built in 1857, it is now privately owned by the family of HEB grocery fame. Web link at:

http://www.lighthousefriends.com/light.asp?ID=158

QSL direct to W5TLH (see details above).

Operators Chris/K8QV, Jim/N4AAC, Rick/KG4MRH, Tracy/KG4MRG, Mike/N4MAA and Mike/AI4JD will activate W4A for the first activation of the Terria Verde Lighthouse (ARLHS USA-1335) located on Cunningham Key (NA-034, USI FL-284S, Pinellas County), Florida, December 8-11th. Suggested SSB frequencies are: 3875, 7235, 14310 and 21330 kHz. QSL via K8CXM (QRZ.com).

NEW OFFICERS FOR 2007. The members of the Texas DX Society are pleased to announce its officers for 2007:

President: Mike Davidson - N5MT
Vice President, Membership: Steve Smothers - W9DX
Vice President, Programs: Madison Jones - W5MJ
Secretary/Treasurer: Keith Dutson - NM5G

OA, PERU. After finshing the C6ARI (NA-219) DXpedition (see OPDX.783 and OPDX.784), Daniel, DL5YWM, will travel to Lima, Peru, on the 12th January. He will be active during his freetime as OA4/DL5YWM until the January 31st. Activity will be on 160-10 meters CW/SSB. He hopes to activate some IOTAs during his stay there (ed. Did not mention which IOTAs.). QSL via DL5YWM (QRZ.com).

OH0, ALAND ISLANDS. Operators Juha/OH1JT, Jouko/OH1RX, Mika/OH2JA and Ari/OH5DX will be active as OH0Z during the CQ 160M CW Contest (January 27-28th) as a Multi-Single entry. QSL via W0MM.

QSL INFO AND NEWS..........................

JE7YSS via 7N4TEN
SA2T via SM2YIZ
VP2VVV via K5WW
YR8B via YO8KGA

7X2EB. Fran, EA7FTR, is now the QSL Manager.

Garth, VE3HO, informs OPDX that he will be handling QSLs for KH6BK (Op JA1BK) and 9Y4AA (Op N6TJ) for the recent November 2006 CQWW DX CW Contest. Visit his Web page for QSLing details at:

http://www.ve3ho.ca/ve3ho/ve3ho-qslmgr.htm

NH6P. Petr, OK1DOT, informs OPDX that as of January 1, 2007, he will become the QSL Manager.

TG9AKH. Petr, OK1DOT, informs OPDX that he is now the QSL Manager.

XV1X. QSL Manager is Petr, OK1DOT, as of December 1, 2006. More details about this station and how to QSL are available at:
http://www.qrz.com/xv1x

Nilay, TA3YJ, informs OPDX that she has sent out the QSL cards for TA3J, TA3J/0 (AS115), TA3J/3, TA3J/4 (LH), TA3J/60, TC2K4J, YM125ATA, TA3YJ, TA3YJ/4 (LH), YM3ATA, YM3LZ (WPX2000) and YM3LZ (WAE2000) to the QSL Bureaus of Austria, Belgium, Czech Republic, Finland, France, Germany, Greece, Holland, Hungary, Ireland, Israel, Italy, Japan, Luxemburg, Poland, Portugal, Romania, Serbia, Slovakia, Spain, Turkey, Ukraine and United Kingdom direct November 29, 2006.

SPECIAL EVENT (ISWL). The International Shortwave League (ISWL) continues with their 60th (Diamond) anniversary celebrations throughout the month of December. December is the "final month" of celebrations. ISWL Life Vice President Pete Rayer states, "We would like to thank everyone who participated in our events throughout 2006, or had QSO's with the special event callsigns. We have had a very successful year. Our thanks also to all the DX Editors around the world, for carrying the news for us. It is very much appreciated." Look for the following to be active this month:

GB60SWL - Saturday, December 16th, the final operation of this callsign will be active for 1 day from "The Naze" at Walton on the Naze, in Essex. Herbie, G6XOU, and the "Essex team" - will be the main operators.

GB6SWL - December 9t-10th. Activity for 2 days from Northampton, in Northamptonshire. David, M0DUU, will be the main operator.

GB6SWL - December 16-17th. Activity for 2 days from Braintree, in Essex. Keith, M0CLO, will be the main operator.

GB6SWL - December 23-25th. Activity for 3 days from Bagulay, in Manchester. Ron, G6BMY, will be the main operator.

GB6SWL - December 26-27th. Activity for 2 days from St. Sampson, in Guernsey. (Channel Islands). Lionel, MU0GSY, will be the main operator.

GB6SWL - December 30-31st. The final operation of this callsign and activity will be for 2 days from Walton on the Naze, in Essex. Herbie, G6XOU, will be the main operator.

The ISWL club callsigns - GX4BJC/A and MX1SWL/A will also be active throughout December. Please note that /A suffixes have been reintroduced in the UK.

The ISWL Awards Program is open to non members for a very small fee to cover postage to any country in the world. Please visit the following Web page for all the details, including QSL information and the Special Diamond Anniversay Awards etc... at: http://www.iswl.org.uk

TP, FRANCE. Francis, F6FQK, TP2CE Station's Director, informs OPDX that to commemorate the 20th anniversary of the creation of the Council of Europe Radio Amateur Club (TP2CE), look for special activity to take place between December 8-10th, using the callsign TP20CE. QSL via F5LGF. This will be the last activity with this special callsign. Also, during this activity, a special "20th Anniversary Cup of the Council of Europe" can be won by 5 individuals. More details and rules are available (in 6 languages) at: http://ewwa.free.fr
Visit the Council of Europe Radio Amateur Club (CERAC) Web site at:
http://www.coe.int/t/e/tp2ce

UARL-15 AWARD. The Ukrainian Amateur Radio League (UARL) will be celebrating their 15 anniversary with a special commemorative �UARL-15 Award". Having QSOs with stations using the prefixes EM15, EN15 and EO15 during the period between December 15-25th are valid for the award. To earn the award, applicants must complete the following rules:

- European ARS must have QSOs with 15 different EM15, EN15 and EO15 stations (duplicate QSOs are valid ONLY on different bands).
- ARS from other continents must have 15 QSOs with EM15, EN15 and EO15 stations (for this category duplicate contacts are valid on different bands and modes).

QSO with EM15UARL counts as 3 QSOs for European ARS and 5 QSOs for other continents. Award is free of charge and will be sent via the national amateur radio organizations. Those who want to receive the award to home address must enclose postage - C.I.S. and European countries 2 USDs, others - 3 USDs. Applications and postage must be sent before February 15, 2007, to the following address: Vlad Ageyev (UR5WCW), P.O.Box 1856, LVIV 79040, Ukraine. E-mail applications must be send to: LRU_award@ukr.net
The stations that will be active during this activity are: EM15F, EM15FHY, EM15P, EM15Q, EM15UARL, EM15UD, EM15UN, EM15V, EM15W, EM15X, EM15Y, EM15Z, EN15U, EO15EK, EO15FA, EO15FF, EO15FT, EO15FW, EO15FY, EO15FAL, EO15IGF, EO15II, EO15IN, EO15IT, EO15MID, EO15NK, EO15NT , EO15PWC, EO15QA, EO15QWX, EO15QYY, EO15UA, EO15UAP, EO15UN, EO15UQ, EO15UV, EO15WCW, EO15WZ, EO15WZA, EO15YA and EO15YW.

VP9, BERMUDA. Mark, AA1AC, will be operating from the Hamilton Parish, Bermuda, as AA1AC/VP9 from December 9-13th. QSL via to his home callsign, direct or via the bureau.

VQ9, CHAGOS ISLANDS. By the time you read this, Jim, VQ9JC/ND9M/KG4JC, will be going QRT and finishing his ship's tour as Radio Officer. He expects to leave Diego Garcia on December 5th for a four month holiday with his XYL in Florida. However, Jim expects to return to VQ9-land in April 2007 for another four-month tour. Jim provides the following to OPDX about his QSLing and his operation for VQ9-land: "All direct mail QSLs received at my Florida QTH as of November 10th have been answered. My XYL is holding the mail received after that date, and those requests will be answered after I get home. Bureau cards received as of November 10th have also been processed and will be mailed to the Outgoing Bureau prior to leaving the island. (All QSL requests go via the home callsign, ND9M.) Ops need to remember that IRCs referred to as 'Beijing Model 1' will expire at the end of December 2006. QSL requests containing those IRCs that are received too late will be answered by the bureau. (The new design is easily identified by the shiny hologram label on the front and is valid through 2009.) I've been active from VQ9 for eight months out of the past year, and so far logged 26,000 QSOs. CW accounts for 85%, with SSB at 13%, and 2% were using digital modes. About 40% have been on 20m, 20% were on 15m, and another 20% were split between 30 & 40m. Considering what propagation conditions have been like, I'm quite pleased with the results...... 73, Jim, VQ9JC / ND9M / KG4JC"

VU7, LAKSHADWEEP ISLANDS. Members of the ARSI (Amateur Radio Society of India) have begun their VU7LD activity around 1830z, November 30th, from Kavaratti Island. This operation is expected to be an all Indian national team. According to the press release on their Web page, the first batch of operators consists of: VU2DMP, VU2IZO, VU2GGM, VU2MTT, VU2NKS, VU2NXM, VU2PAI VU2PJP, VU2RCR, VU2RDQ, VU2SWS, VU2VKU, VU3ENB, VU3KKZ and VU3SGS. Operators will sign LU7LD/homecall during this activity. The following are "suggested" frequencies for VU7LD operations:

CW - 1822, 3502, 7002, 10102, 14022, 18072, 21022, 24892 and 28022
SSB - 1845, 3795, 7060, 14260, 18150, 21260, 24940 and 28495
RTTY - 3570, 7035, 10137, 14085, 18100, 21085, 24920 and 28080
PSK - 3580, 7037, 10140, 14071, 18100, 21085, 24920 and 28120
SSTV - 14230 kHz

"The Daily DX" reported on early Sunday morning that there are "three (3) stations up and running. A fourth (4) station will be QRV after 1530Z each day to avoid QRMing the local port. The main three stations all have SteppIR beams. The fourth station has the SteppIR vertical." QSL via W3HNK. For more details and updates, the ARSI Web page is available at:

http://www.arsi.info/vu7/

Online logs will be available soon at:

http://www.arsi.info/vu7/onlinelog.shtml

Also, DXers are suggested to view the K9LA propagation forecast chart for the Lakshadweep Island DXpedition on the VU7LD Web page at:

http://arsi.info/vu7/propagation.html

Who has worked them so far, and when/what band?

I tossed a 40-meter dipole up this weekend--hadn't had the
ability to get on 40 and thought 40 might be my best shot
at working them. I saw them spotted on the cluster now and
again, over the weekend, but I never heard any of the VU7 ops
clearly, much less had a shot at working them. :-(

Glad they'll be there for a while.

```

Careful listening with a 4 El phased vertical array in Central Texas across both my sunset and their sunrise last night on 7005.2 on 04-Dec-2006 did let me hear them absolutely way down into the noise level. With an A/K level of 2 and 0 and a Miniprop figure of 27 or so that is far too low a signal even under that wonderful skip conditions for even a fair chance of me working them under 'normal' pileup conditions. Sadly.

The really high signal reports of the 80 CW efforts across some of this same timeline would sure suggest that what was there couldn't really be a good one, unless the station that was there was using the StepIR vertical for it and they had a really decent radial array under it or were using it elevated somewhat with four full length tuned radials under it for 80 meters.

It would be interesting to know what the group was using for their antenna on 40CW at the time and if the 80CW was a for real session and what the antenna was for that band.

In that they were willing to work 40CW -- low band -- across the really critical timeline(s) for possible QSO's with the mid-USA, it appears that the group has both a sincere wish to accomplish this very difficult path for a very prized QSO for the central USA CW low band crew. And it also appears that whomever is making the decisions to support this effort there really does know the propagation mechanics!

The only thing I might add is that actual grayline efforts at a say ten or twenty minutes either side of their sunrise and sunset with specific careful listening for the Central USA by the crew there might well turn out to be the best real chance for the folks here who would very badly like to have this one in the logs.

So far, it is looking good for low band CW chances on this one! Here's hoping that the efforts all work out for as many as possible for this unique low band CW effort.

Mike - W5WQN

< snip >

I had the form.htm file decoded. Nothing in it looks malicious at all and it
diplays the
same submission form as the original HTML page only it is humanly readable.

It appears that this is a False Positive declarartion.

If anyone wants to see the decoded HTML, I posted it in
news:alt.binaries.comp.virus
under the same named subject "virus on I1WQR webiste ?"

Strange results using Google. I cut and pasted the result Email-Worm.VBS.Lee in Google (while on the group search page) and just got one hit. I then clicked on the Web button and got:

==============

We're sorry...

... but your query looks similar to automated requests from a computer virus or spyware application. To protect our users, we can't process your request right now.

We'll restore your access as quickly as possible, so try again soon. In the meantime, if you suspect that your computer or network has been infected, you might want to run a virus checker or spyware remover to make sure that your systems are free of viruses and other spurious software.

We apologize for the inconvenience, and hope we'll see you again on Google.

============

If I am on the Google web search page I can cut and paste it in (or type it I guess) and it returns the hits, and I can flip back from groups search to web search. If I cut and paste on the group search first, I cannot use the web search as I get the above error. Bug in Google I guess.

The Ohio/Penn DX PacketCluster
DX Bulletin No. 788
BID: $OPDX.788
December 11, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K8YSE, K9EL, Pete's-DX-Newsdesk, DJ5AV & The DX News Letter, DK8JB, DL4KQ, EA3BT, F5NQL & UFT, F5UJK, G3XTT, I1JQJ/IK1ADH & 425 DX News, I1HYW, IT9DAA, PT7WA, PY5EG, RSGB IOTA, VE2FET, VE2IDX, VA3RJ & ICPO, VE3HO, VK3EW and Z35M for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 3rd/December, through Sunday, 10th/December there were 216 countries active. Countries available: 3A, 3B8, 3D2, 3DA, 3W, 3X, 4J, 4L, 4S, 4U1I, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HK0/a, HL, HP, HR, HS, HZ, I, IS, J2, J7, JA, JD/o, JT, JY, K, KG4, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OK, OM, ON, OX, OY, OZ, P4, PA, PJ2, PY, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV5, SV9, T32, T7, T9, TA, TF, TG, TI, TJ, TK, TL, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, VU7, XE, XU, YB, YI, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZK1/s, ZK3, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B7, ST. BRANDON (DXpedition Update/Press Release). Don Field, G3XTT, FSDXA Publicity Officer, sent out the following "FSDXA St. Brandon

DXpedition � Bulletin No.2" on December 6th:

"The Five Star DXers Association (FSDXA) expedition to St. Brandon (3B7) is still on course for September 2007. The plan is to be QRV from Friday 7th September to Monday 24th September, ensuring two full weeks and three weekends of activity. This Press Release is by way of an interim progress report, in response to a number of enquiries we have received.

The team is aware that a Polish expedition to Agalega has been announced for April 2007, but considers that demand for this rare one is such that an FSDXA-scale operation is fully justified. For example, our D68C operation netted in excess of 160,000 contacts, despite a Spanish operation the previous month which handed out almost 30,000 D6 contacts. Similarly, our 3B9C operation netted over 150,000 contacts, despite Robert 3B9FR, a resident of Rodrigues, being reasonably QRV over several years. 3B6/7 is much higher in the Wanted Lists than either of these entities.

An advance team of two will visit Mauritius early in the New Year to finalise many of the arrangements, and we will have more information following that visit. This visit was postponed from October due to illness, but all plans are now back on track and we are confident that we will be able to mount a successful large-scale (12 stations, 3 weekends, 100k+ QSOs) operation from St.Brandon in September 2007.

3B7C will have Joint Leaders by way of Neville Cheadle, G3NUG, and Don Beattie, G3BJ. We have received a number of enquiries about joining the expedition. As detailed in our previous announcement, we do have a full team in place. However, we will maintain a file of those who have expressed interest in case vacancies occur.

An early note about QSL arrangements. Neville G3NUG will be the lead QSL manager and will coordinate the QSL manager team using the very successful StarLog programme. Send direct QSLs to: Neville Cheadle G3NUG,
Lower Withers Barns, Middleton on the Hill, LEOMINSTER, Herefordshire,
United Kingdom HR6 0HY. Bureau cards to the RSGB bureau marked "G3NUG". There will be a facility for email requests via the website.

Last but by no means least, we welcome Martin Lynch and Sons and Nevada Communications, both major UK dealers, as sponsors. We also welcome Northern Illinois DX Association as our first cub sponsor.

As a reminder, our website will be accessible via both www.3b7c.com and www.fsdxa.com <http://www.fsdxa.com/3b9c>/3b7c where information will be posted as it becomes available."

C9, MOZAMBIQUE. Vladimir, UA4WHX, is once again in Mozambique this past week and was active as C91VB/4. His length of stay is currently unknown. QSNs throughout the past week show he was active at various times on 40/30/17/15/12 meters CW and 20 meters SSB. QSL via UA4WHX.

CE2, CHILE (Lighthouse Op). Look for Hector, CE3FZL, to be active as CE2P from Panul Lighthouse (CHI-073) during the weekends of December, January and February. Activity will be on 40/20/15/10 meters SSB only. QSL CE2P via EA5KB, Jose in Spain.

DX MARATHON UPDATE: John Sweeney, K9EL, Manager of the new CQ DX Marathon program, informs OPDX readers: "CQ Magazine's first annual DX Marathon will soon come to a close. It is now time to start gathering your country and zone contacts made in 2006 and enter them onto the official DX Marathon score sheet available at: http://www.dxmarathon.com

This year's contest ends December 31, 2006, at 2359Z, but the 2007 contest starts immediately at 0000Z on January 1, 2007!

Submission information is available on the Web site, but all logs must be received no later than February 28, 2007. Thanks to everyone who has submitted their scores so far - good luck! John, K9EL"

HQ9, HONDURAS. Ray, WQ7R, will be active as HQ9R during the CQWW RTTY WPX Contest (February 10-11th) as Single-Op/All-Band entry. QSL via N6FF.

IOTA NEWS....................

AS-013. Andrea, IZ6GJO, will be active as 8Q7AN from Kihaad Island, December 11-22nd. Activity will be on 40/30/20/15 meters, CW only. QSL direct to his home callsign.

AS-126. (Update) The international group of operators, namely Champ/ E21EIC (Team leader), Dej/E21YDP, Nopporn/HS0EHF, Bruce/AA4XR/ HS0ZCY and Alex/UT5UY are now active as E21EIC/P and E21YDP/P from one of the most wanted Thailand IOTAs - Lipe Island, in the Malay Peninsula South West Group, until December 12th. Also, operators may use their own Thai callsigns. Activity will be on 160-10 meters, CW, SSB and the digital modes. JA stations QSL to JR5XPG and all others via E21EIC.

NA-0096. Serge, ON4AA, is expected to be active as HI8/ON4AA from Hispaniola between December 2nd and January 14th. However, no QSNs have been reported as of yet. He was also to be in this past weekend's ARRL 10m Contest but was not spotted. Activity is planned for 40/20 meters, SSB, RTTY and PSK31. Also, look for him to be in the UBA Low Band Winter-Contest, OK DX RTTY Contest, DARC XMAS-Contest, RAC Canada Winter Contest, SARTG New Year RTTY Contest and ARRL RTTY Round-Up. He may also attempt to activate Catalina Island (NA-122) as HI2/ON4AA during the above time frame. QSL via ON4AA, direct (QRZ.com) or by the bureau. Visit his Web page at:
http://www.HAMwaves.com

SA-023. Operators Cristovao/PY7GK, Ren/PY7RP and Benedito/PY7VI will be active as ZY6T from Itaparica Island, December 26-30th. Activity will be on 40/20/30/15 meters CW/SSB. QSL direct to PY7GK.

OLD INFORMATION. Some how old information (from 2005) about LR5U and LR50U, which was listed in OPDX.777 (in September), got redistributed through various DX news sources. Activity was supposed to take place in December. Please disregard the 2006 info.

NH8S, SWAINS ISLAND (DXpedition Update). Hrane/YT1AD, with the team of Krassimir/K1LZ, David/K3LP, Doug/N6TQS, Harry/RA3AUU, Andrew/UA3AB, Eugene/RK3AD, Stevan/YZ7AA, Jordan/KD7RCD and possibly Mladen/YU7NU, Vel/YZ1BX, Srecko/YU1DX and Dragan/YZ1EW, will be head of DXpedition to Swains Island between March 29th to April 21st, 2007, using the callsign N8S (November Eight Sugar). They will stay on Swains Island 10 days and will operate with 6 stations on the air at the same time. Activity will be

on 160-2 meters using CW/SSB/RTTY/SSTV/PSK31. A new NH8S Web site is up and running at: http://www.yt1ad.info/nh8s/index.html
The Web page may be called NH8S, but the callsign of the operation will be "N8S". The site is still under construction, but their tentative schedule, operating frequencies, pictures of the operators and information about the island are listed.

P40, ARUBA. Martin, W2CG, is expected to be active from here between December 11-18th. He has requested the callsign P40CG. Activity will be during his early mornings and late evenings. QSL via W2CG.

PIRATE ALERT. Jean-Louis, F5UJK, informs OPDX that someone has been pirating his callsign on 40 meters CW, especially on top of the VU7LD operation. He states that he is not equipped for 40m, so it is not him on that band.

PJ4, NETHERLANDS ANTILLES. Operator John, K4BAI, will be active as PJ4A from Bonaire (IOTA SA-006) during the ARRL International DX CW Contest (Febraury 17-18th) as a Single-Op/All-Band/High-Power entry. QSL via K4BAI.

PJ4, NETHERLANDS ANTILLES. Operator Jeff, KU8E, will be active as PJ4/KU8E from Bonaire (IOTA SA-006) during the ARRL International DX CW Contest (Febraury 17-18th) as a Single-Op/All-Band/Low-Power entry. QSL via K4BAI.

YI9SM via W5CSM direct
YU60BPQ via YU7BPQ

QSL 9Y4AA via VE3HO. Operators were Jim, N6TJ, and some others in a Multi/Multi Op from Tobago in the CQWW CW Contest in November 2006. QSL Manager Garth, VE3HO, informs OPDX that he does not yet have the logs.

QSL P40T via VE3HO. Operator was Richard, N6AA, from Aruba using Jim's, N6TJ, callsign P40T in the CQWW CW Contest in November 2006. QSL Manager Garth, VE3HO, informs OPDX that he does not yet have the logs.

QSL TG0AA via TG9ANF. Activity was during this past weekend's ARRL 10 Meter Contest. Operators were: TG9ATG, TG9ANF, TG9ADQ and TG9AVU.

S21, BANGLADESH (DXpedition Update). Josep, EA3BT, Team Leader of the 2007 Bangladesh operation, informs that the Bangladesh Telecommunications Authority "has finally changed their callsign - The callsign that will be used during te operation will be: S21XA. The logo and Web page has already been adapted, so please note that the new URL address of the Web page is:
http://www.ea3bt.com/s21xa.htm

(The old links are still are still in place, for preventing errors.) Josep mentions that they are working hard during these last days before their operation. The dates continue to be the same: January 10-16th. He also adds that they have included in their Web page a survey for finding out the real needs (bands/modes) of the ham radio community. Please visit the Web page and provide your needs.

SPECIAL CANADIAN PREFIX TO CELEBRATE "HELLO"....100 YEARS OF VOICE OVER RADIO WORLDWIDE". From: "Radio Amateurs of Canada HQ" <rachq@rac.ca>:

At the request of Radio Amateurs of Canada, Industry Canada has authorized all Canadian radio amateurs to use special event prefixes for the months of December 2006 and January 2007, to mark the 100th anniversary of the first AM voice broadcast by Reginald Fessenden on Decemebr 24, 1906. Reginald Fessenden, who was born in East Bolton, Quebec, on October 6, 1866, and lived until July 22, 1932, was the holder of more than 500 patents on a wide variety of subjects, and the inventor of radio as we know it today. He is particularly known for: the first voice transmission by radio in 1900, the first transatlantic two-way radio communications in January 1906, and the first radio broadcasts of entertainment and music in December 1906.

On Christmas Eve, 1906, from a transmitting station in Brant Rock, Massachussetts, he sent a short program which included the song "O Holy Night" played on the violin and a reading from the Bible. A second short program was broadcast on December 31, 1906. Canadian radio amateurs are authorized to use the following special event prefixes during the period of December 1st (2006) to January 31st (2007) inclusive:

CF for VA stations
CG for VE stations
CH for VO stations
CI0 for VY0 stations
CI1 for VY1 stations
CI2 for VY2 stations

THERE IS MORE TO REPORT! We received the following: "Exotic QSL collectors and other armchair adventurers will certainly be happy to hear that Sylvain, VE2FET, will be at it again on December 16-17th, this time under the tantalizing call CG2FET. Along with Pierre, VE2ICI, the bold Gatineau, Quebec, DX man will be staging a CW, SSB, RTTY, PSK31, non-stop extravaganza on 80-10m plus 6m, propagation permitting. In the footsteps of the successful VX2FET episode, the CG2FET slick commemorative QSL is already at the printers. All this, of course, to mark the 100th anniversary of Reginald Fessenden's first AM voice and music broadcast on December 24, 1906. And no, Pierre won't play Xmas carols on the piano on 3725 khz AM..."

SPECIAL EVENT (World Scouting Centenary). Celebrations of the Scouting Movement founding 100 years ago will first happen via amateur radio at the Scout's Australia Jamboree, January 2-13th, with the special event callsign VI3JAM being activated. The Australian Jamboree is expecting 13,000 to attend. ICOM Australia is providing an amateur radio station that will be heavily used on the HF bands. QTH is Elmore about 150 kms north of Melbourne. Also throughout the scout centenary year 2007, a second special event station VI3SAA will be active from a number of scout centenary events. Two commemorative QSLs will be issued � VI3SAA reflecting the Scouting Centenary theme 'One World One Promise', and VI3JAM in celebration of the 21st Australian Jamboree.

TF, ICELAND (IOTA Op). Members of the Russian Robinson Club (RRC) will be active here this coming weekend. The team of Sergey/RA3NAN, Eugene/RZ3EC and Andy/RZ3EM will operate as TF7RRC from the Westman Islands (EU-071) on December 15-16th, and as TF4RRC from Flatey Island (EU-168) on December 18-19th, "weather permitting". QSL both operations via RZ3EC (or QSL RA3NAN/TF, RZ3EC/TF and RZ3EM/TF via their home callsigns). Visit their Web site at: http://www.qso.ru/tf7rrc

TM8, FRANCE (AAW Station). Operators Monique/F5MLE, John/F5VHQ and Jean Pierre/F5XL will participate in the "4th Antarctic Activity Week" (AAW), February 19-25th, 2007, as TM8WAP. This special requested callsign issued by French Authorities will be good from February 13-27th, 2007. The special (double folded) QSL will be available via F5XL, direct or by the bureau. The TM8WAP callsign will qualify for the WAP-ASEA and WAP-WACA Awards as WAP-80.

VE2, CANADA (CISA Op). Igor, VE2IDX (aka-VA3YDX, J79DX, VB3M, US1IDX etc...) will be going to Bizard Island (CISA: QC-027), and hopes to be on the air using his new callsign VE2IDX before the sun sets on December 28th. He will stay on Bizard Island for a couple of days, and his main goal is to participate in "The Canada Winter Contest 2006" which will be held on December 29th-30th. His main frequencies will be 14260 kHz (daytime) and 3795/7260 kHz (during the night). SKEDs are welcomed at:
Igor.Slakva@smithsdetection.com
His equipment is: Transceiver Kenwood TS-570DG, PA Kenwood TL-922a, antennas Cushcraft AP8A, Inverted Vee for 40/80, GP for 50 MHz and Yagi for 144 MHz. This is a good chance to work for the Canadian Islands Trophy (CISA Award program). Rules concerning the CISA Award program can be found at: http://www.qsl.net/ve3tpz/cisa/
QSL direct only to: Igor Slakva, 105 La Rose Avenue, #803, Etobicoke, Ontario, M9P 1A9 Canada.

VP5, TURKS AND CAICOS ISLANDS. Look for Olav, LA9VFA, to be active as VP5/LA9VFA from Jody's, VP5JM, "Hamlet" QTH on Providenciales, Caicos Islands (NA-002), December 13-29th. QSL via his home callsign, direct or by the bureau.

VQ9, CHAGOS ISLANDS. Ash/WY8Q and Sonja/KD4DZJ just received their VQ9 licenses and are operating in Diego Garcia as VQ9IE and VQ9BW respectively. Look for them on 14253 kHz SSB around 1600z. QSL VQ9IE to WY8Q and VQ9BW to KD4DZJ. Length of stay is unknown.

VU7, LAKSHADWEEP ISLANDS (VU7RG News). Press release, December 4th: "Today another 5 VU7 permits and 3 reciprocal licenses were granted by WPC (Gov. of India) to VU7RG team members.

The field tests of our VU7 scouts confirmed that internet access on the islands will allow the team to upload online logs on daily base.

VU7RG will make use of Pilot Stations, to be announced soon, which will receive and forward public observations so that the team can react accordingly in a timely manner."

Frank, DL4KQ, (on behalf of VU7RG and NIAR) reports: "We are glad to have Klaus, DL1XX, and Don, N1DG, as proofen pilots, a third one will be announced soon. You now have a comparison from the area we are going to and this gives us the opportunity to benefit from your monitored band openings. Hence provide us with your observations so that we can analyze and consider for best service! Please visit our webpage www.vu7.in, get part of the team and provide us with your observations."

VU7, LAKSHADWEEP ISLANDS (VU2LD News). The following press release is from the VU7LD Web site date December 9th : (edited) "A second batch of 6 operators containing Gopal/VU2GMN, Lakshman/VU2LX, Sunny/VU3SPQ, Sara/VU3RSB, Sashi/VU3ELR and Sanjay/VU2SJD set sail to Kavaratti to join the other operators who have been there since the 30th of November.

We are aware of issues with the published online logs where the mode and band have in some cases been wrong, also a couple of logs from a few sessions were not published on the Web. We are working to rectify that in the next log update expected the latest around the 20th of December.

A number of constructive suggestions have been received from the international DX community and we have taken note of the suggestions and information has already been passed on to the operators who are working to implement as many of them as is feasible.

Stay tuned 73, de Gopal VU2GMN"

Currently, the online logs are available for the period between December 1st through part of December 5th, at the following URL address:

http://www.arsi.info/vu7/onlinelog.shtml

Remember to QSL via W3HNK. For more details and updates, the ARSI Web page is available at: http://www.arsi.info/vu7/

WRTC 2006 CERTIFICATES. Atilano de Oms, PY5EG, informs OPDX that they are mailing certificates and prizes for WRTC2006 participants as following:

1) To the winners KA9FOX, PY0FF (Worked all 46 WRTC2006 Stations CW & SSB) certificate, Plaque, and shirt.

2) To all the stations who worked all 46 competitors any mode (72 winners) Certificates and shirts.

3) To the stations who worked minimum of 25 WRTC2006 stations - any mode (212 winners)
Certificates.

4) To all Officials (members of Committees) Certificates

5) To all participants of the MN/MS stations - Certificates.

They kindly ask you to confirm when you receive the envelope. They are also preparing some more information and videos, and they will keep us informed.

YW0, AVES ISLAND. After the great success of the YX5IOTA (SA-044) operation, the 4M5DX Group announces that a team of 15 experienced operators lead by Alex, YV5SSB, will be active as YW0DX from Aves Island (NA-020) beginning the second week of February 2007, for 10 days,. Activity will be on all bands 160-6 meters including the WARC bands and all modes. Suggested frequencies are as follows:

CW - 1822-1825, 3523, 7020, 10103, 14020, 18075, 21020, 24893, 28020 and 50110 kHz
SSB - 1842, 3790, 7055, 14190, 14260, 18145, 21190, 21295, 24950, 28490

and 50110 kHz
RTTY - 7040, 10140, 14090, 18100, 21080, 24920, 28090 and 50290 kHz
BPSK - 7038, 10137, 14071, 21070, 28120 and 50290 kHz
SSTV - 14232 kHz

Operators mentioned are: Alex/YV5SSB (Team Leader), Jose/YV5TX, Julio/YV1RDX, Rafael/YV5RED, Martti/OH2BH (foreign guest), Tomas/YV1CTE, Jesus/YV5MSG, Jose/YV5ANT, Olli/YV5WW (OH0XX), Greg/YV5OHW, Ray/YV5EU (DL2GG), Pasquale/YV5KAJ, Franco/YV1FM, Felo/YV5GRV, Jig/AD6TF and Conrad/IT9DAA (YV1CD). QSL via IT9DAA. They are looking for sponsors/donors. More details are available on their Web page at: http://yw0dx.4m5dx.org/

ZA, ALBANIA. Vlado, Z35M, informs OPDX (edited): "After four and a half years of activity as ZA/Z35M from Tirana, Albania, on November 29th, the QSO with the German station DL7AU was QSO number 100,000. The first QSO under this callsign was on June 3rd, 2002, with the Swedish station SK0TM. The largest number of the QSOs are made using low power 100w and multiband dipole G5RV at 30m. My activities from Albania will continue. I'm active on HF bands mostly on CW, but I also use some phone. QSL please direct to my home address: Vladimir Kovaceski, Box 10, Struga 6330, Macedonia."
Look at the QSNs from the Cluster Network, ZA/Z35M as been active on 40/30/17 meters CW between 1100-1700z.

Managed to work them this morning (VU7LD/VU2NXM) on 20 CW, long path.
(heading 120deg from Nashville)

They were pretty weak but solid copy. Pileup wasn't too bad - and
surprisingly well-behaved. Didn't have any trouble finding the guys
they were working, which made it easy to slide just above the previous
QSO.

It's going to be a real challenge to work them anywhere else, unless
conditions improve a LOT!

From central Ohio, I worked one on SSB then one on CW
within two minutes December 8, 1524Z and 1526Z)! Good,
clear confirmation on each QSO, and good copy on their full
callsigns.

Short path, 1300 watts to KT34XA tribander at 70 feet. I
listened until I found a station they were working, then called
on that frequency.

I've listened a bit since then, and have heard them often
by long path on 20 meters in the morning here.

73, Jeff K8ND

Ohio/Penn DX Bulletin No. 789

The Ohio/Penn DX PacketCluster
DX Bulletin No. 789

BID: $OPDX.789
December 18, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, AD1C, K1XN & GoList, NC1L, NJ1Q, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, N6OX, KD7WPJ, K8YC, K8YSE, KU9C, W9ZR, The Order of Malta, Pete's-DX-Newsdesk, 4Z4KX, 9M2TO, DJ5AV & The DX News Letter, DK7PE, DK8JB, DL1MGB, F5UJK, G3XTT, I1JQJ/IK1ADH & 425 DX News, I1HYW, M5AAV, ON4ZD, PT7WA, RSGB IOTA, SP2FAP, T93Y, TA3YJ, VA3RJ & ICPO, VE6AX and ZL2RR for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 10th-December, through Sunday, 17th-December there were 222 countries active. Countries available: 3A, 3B6, 3B8, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4U1I, 4U1U, 4X, 5B, 5H, 5N, 5R, 5T, 5V, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A6, A7, A9, AP, BV, BY, C2, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FH, FJ, FK, FM, FO, FR, FY, G, GD, GI, GM, GU, GW, HA, HB, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J5, JA, JD/o, JT, JX, K, KG4, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, S5, S7, S9, SM, SP, ST, SU, SV, SV5, SV9, T2, T32, T7, T9, TA, TF, TG, TI, TK, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9L, VK9N, VP2E, VP2V, VP5, VP6, VP8, VP8/h, VP9, VQ9, VR, VU, VU7, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZF, ZK1/s, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

100 POUND DXPEDITION (VP2M - Update). Members of the "Buddipole Users on Montserrat" (BUMS) will mount a DXpedition to the island of Montserrat (NA-103) from January 29th to Feburary 6th, 2007. It seems DXpeditions have now moved from Microlite to Ultralite. DXpedition team members will pack light for this DXpedition taking only lightweight transceivers and portable antennas. The maximum equipment weight taken to the island will be 100 pounds per person. With this lightweight equipment, the team plans many on island portable operations in the hills, on the beach, and from the volcano observatory on the southern part of the island. The team members mentioned are: Budd/W3FF/VP2MFF, Chris/W6HFP/VP2MHF, Paul/KB9AVO/VP2MVO, Mike/KC4VG/VP2MVG, Fred/W4OKW/VP2MTC, Robert/AB7ST/VP2MST, Dan/WZ1P (No VP2 callsign yet) and Scott/NE1RD/VP2MRD. Activity will be on all bands 160-6 meters, CW, SSB, PSK31, RTTY and SSTV. QSL via NE1RD. Check their Web site for more information and updates at:
http://dxpedition-vp2m.com/
Also, you can follow along with the planning, preparation, execution, and follow through on this DXpedition through NE1RD's blog, "The 100 Pound DXpedition", at: http://100pounddxpedition.blogspot.com

1A4, SMOM (New Prefix!). An E-mail from Amateur Radio Station of S.M.O.M. informs OPDX that starting January 2007 a new Amateur Radio Station license has been issued from "The Sovereign Military Order of Malta" (SMOM). The license 1A4A was issued by the S.M.O.M. and Giorgio, IZ4AKS, will be in charge of managing the station. The first activity of this station will take place between January 2-8th, 2007, from the extraterritorial zone of the Magistral Villa on the Aventine Hill in Rome. Operators will be Giorgio/IZ4AKS, Cortesi/IZ4DPV, Fabio/I4UFH, Gabriele/IK4UPB and Luca/IW0DJB (HV5PUL). Activity will be on 160-2 meters, SSB/CW/RTTY mode. Three stations will be active at same time, especially looking for DX areas such as Japan, South America and West coast. Emphasis will be on the low bands. QSL Manager is IZ4DPV.

The press release also mentions (edited): "The license has been granted into a fundraising program to support the worldwide relief activities of "The Order of Malta". The Order follows its historical hospital mission by providing help to the needy and the sick. Today the Order of Malta is a major global, professional organisation in terms of the humanitarian aid, medical care and emergency medicine it provides, in its management of hospitals, specialized homes for dependent elderly people, socio-medical care centers, the collection and transporting of medicines and the training of workers and ambulance staff. The Order currently has medical and humanitarian programs in more than 120 countries.

The first activity of 1A4A (One Aid 4 Africa) was set up to help collect funds to build a school for young girls, and as part of a support plan for the rebirth of South Sudan, coordinated by the Order of Malta, together with the Italian government."

For updated information and details about the DXpedition and "The Order Of Malta", please visit the following Web pages:

http://www.1a4a.org
http://www.orderofmalta.org

4TH AAW NEWS. Members of Radio Amateur Club Swissair will participate in the "4th Antarctica Activity Week" (AAW), February 19-25th, using the special callsign HB9ICE from Switzerland. QSL via HB9BHY. Operators mentioned are Walter/HB9BHY (WAP Honor Roll), Hansruedi/HB9BHW, Peter/HB9CET and Roland/HB9DPO. The WAP number for the HB9ICE operation is WAP-81.

5A7A VIDEO. Rudi, DK7PE, informs that a short video sequence (3 mins) about 5A7A can be seen on "You Tube". The link is available on his Web page at: http://www.rooody.de
He still needs some time to complete a 30 minute version.

7W0, ALGERIA. Operators Mike/DB1JAW and Michael/DK5MH will be active from the northern part of the Sahara using the special callsign 7W0JAW and 7W0MH, respectively, between February 2-10th. Activity will be on 24 hours a day on 80-10 meters, mainly on SSB with a little bit of PSK31 and RTTY (maybe). The mainly activity will be on the following suggested frequencies: 14185, 14290, 18120, 18150, 24950 and 24980 kHz. All QSLs are to be sent direct only to DB1JAW (SAE is not required, return postage is appreciated): Mike Weiler, Stormstr.126, 47445 Moers, Germany. NO BUREAU QSLS ACCEPTED!

8Q, MALDIVES. Andy, G7COD, will once again operate from Embudu Island, South Male Atoll, Maldives, for the second time as 8Q7AK between Sunday, January 21st and February 2nd. Activity will be on 30/20/17/15/12 meters mostly SSB with some CW. QSL cards direct to his home callsign G7COD. Alternatively, if you have access to the bureau, you can send them marked "via G7COD." Andy will return all QSL cards via the bureau; however, if you do not have access to a QSL Manager or the bureau, please inform him on your card, and instead he will send an EQSL. For more information about the activation, please check 8Q7AK on QRZ.com.

9M0, SPRATLY ISLANDS (Update). Tex, 9M2TO, informs OPDX this past week that the "Project 2007 Spratly Island 9M0 DXpedition by Team Blue Marlin Ventures" now has a callsign. The Malaysian Communication and Multimedia Commission has issued the callsign 9M2SDX. Look for activity from Pulau Layang Layang (AS-051) in the Spratly Island group to take place between March 9-19th. Operators will include members of the Malaysian Amateur Radio Transmitter�s Society (MARTS) and a group of JA operators. Malaysian operators mentioned are: Chow/9M2CF, Phoa/9M2KT, Tex/9M2TO and Yasumasa/9M8YY. JA operators mentioned are: Yoshiaki/JA1OCZ, Tack/JE1CKA, Harumi/JF1PJK, Naoyuki/JK1FNL, Yasuyuki/JR1AIB, Kazuyuki/JR1VMX, Miho/JJ2VLY, Yutaka/JQ2GYU, Takashi/JR7TEQ and Kiyohiro/9M2/JH3GCN. The team plans to have a total of 20 operators. They also plan to have 2-4 stations up and running for 24 hours on all bands 160-6 meters, and on CW, SSB, RTTY and PSK modes. QSL via 9M2TO, by the bureau or direct to: Tex Izumo,
2C-10-03 Mutiara APT., JLN. SG. EMAS 11100 Batu Ferringhi, Penang, MALAYSIA.
Visit the DXpedition's Web page at: http://island.geocities.jp/layang9m4sdx/

AFRICAN ACTIVITY (6W & J5 Ops). German operators Sid/DM2AYO, Mel/DL6CT and Hans/DL7CM will be active as 6W/DM2AYO, 6W/DL6CT and 6W/DL7CM from a hotel in Cap Skirring (GL:IK12pi), Senegal, between March 3-23rd. The trio will also find time to be active as J5UAR from a camp north of the Varela village (GL: IK12qh) in Guinea-Bissau, possibly between March 4-22nd. Activity from both places will be on 160-6 meters, CW, SSB, RTTY and PSK. Equipment will be an IC-706 with amp, a GP for lowbands, 5 band 2 element Yagi for the high bands and a 4 element Yagi for 6m. SR/SS for both locations are: 0655/1847z. QSL 6W/DM2AYO, 6W/DL6CT and 6W/DL7CM via their home callsigns. QSL J5UAR via DL7CM. More info/details are available at:
http://www.qsl.net/dl7cm/6W/6W.htm

BX0, TAIWAN. Operators Steve/N8BJQ, George/W8UVZ and Randy/W9ZR, along with several BV operators will be active as BX0ZR from January 8-21st. There will be activity on all bands with an emphasis on 160 and 80 meters. They will be using a Titanex vertical, beverages, and amplifiers from a rural(quiet) location. Operating frequencies will be announced after their arrival. QSL via W8UVZ.

CF3, CANADA (CISA and Contest Op). Members of the local Ottawa Amateur Radio Club will activate Bate Island on December 30th (0000z) for a 24 hour period as CF3RCS (Canadians Freezing - 3 - Real Cold Spot). Bate Island is located in the Ottawa River (Island Park Drive north of the Parkway) and is considered part of the City of Ottawa. Operators mentioned at press time are Bob/VA3QV, Terry/VE3TWC, Steve/VE3SBC, Mark/VA3UMP and

Martin/VA3SIE. This will be a new activation for the Canadian Islands Awards Program (CISA), and they hope to earn the island an island number in that program. Visit the CISA Web site at: http://www.qsl.net/ve3tpz/cisa/ The group also hopes to take part in the RAC Canada Winter Contest. Details at: http://www.rac.ca/service/infocont.htm
Activity will be on VHF and 6m (FM/SSB/CW) as well as 160-10 meters HF, SSB and CW. Operating modes and contest class will depend on the operator's personal preferences and band conditions at the time. A special QSL card will be sent out for this event, and they would appreciate if you QSL direct to the callbook addresses for VA3SIE, VA3UMP or VA3QV. A SASE would be appreciated.

CN, MOROCCO. Operators Nick/F5VIH/SV3SJ, Philippe/F6IFY and Patrick/F6IRF are in the early stages of planning to be active as CN2WW in the ARRL International DX CW Contest (February 17-18th) as a Multi-Op/Single-Transmitter entry. QSL via EA7FTR or LoTW.

DXCC NEWS (Notes on 4O3T QSLs). Bill Moore, NC1L, ARRL DXCC Branch Manager, on December 13th, reports: "Several U.S. operators have reported that the 4O3T QSL cards began to arrive Monday and Tuesday. Unfortunately, the first batch contained only the month and year and not the specific day of the QSO. Cards now being sent have the complete date. 4O3T cards that show July 2006 or later, with or without the actual day being shown on the card, will be credited for Montenegro. QSLs for QSOs in May 2006 or earlier will count for Serbia (Serbia and Montenegro). Cards for QSOs in June 2006 will not be accepted for any credit. Montenegro was added to the DXCC list on June 28, 2006. Those who received a 4O3T QSL card with no date number and wish to obtain a corrected QSL can send a self addressed envelope directly to N7CQQ, John Kennon, who is sending out cards for all of the Americas." EDITOR'S NOTE: Please also read below under QSL INFO AND NEWS... "4O3T QSLS".

HNY 2007 PARTY. Sylwester, SP2FAP, MK QTC Editor, informs OPDX that the "Happy New Year Party 2007", will take place from 1800z, December 31st to 1800z, January 1st. The event is sponsored by Polish Radio Amateurs� Journal MK QTC. Results of the event and its participants will be published in the February edition of the Polish Radio Amteurs� Journal MK QTC and available under: http://qtc.radio.org.pl
For more details on this event, and the avaialble awards,
please E-mail Sylwester, SP2FAP at: qtc@post.pl

HOLYLAND 2006 CONTEST. Mark, 4Z4KX, informs OPDX that the results of the "Holyland DX Contest 2006" can be now found on the IARC Web site at:
http://www.iarc.org
The upcoming "Holyland DX Contest 2007" will be held on April 21st with a new digital mode category!

IOTA NEWS..................
SA-023. (Update) Jim, PY7XC, has been added to the group of operators Cristovao/PY7GK, Ren/PY7RP and Benedito/PY7VI that will be active as ZY6T from Itaparica Island, December 26-30th. Activity will be on 80-10 meters CW/SSB. They intend to put two stations on the air using amplifiers and vertical+dipole

antennas. QSL direct to PY7GK.

J2, DJIBOUTI (Update). By the time you read this, Eric, ON7SAT, who was active as J20SA, has departed from Djibouti. OPDX was informed he would be leaving on December 17th. However, the good news is Eric is due back in Djibouti on January 4th, 2007, for about 3 weeks (exact date to be confirmed), and his license has been extended for another 2 months. Eric's log is now available online at: http://users.telenet.be/on4knp/
Eric tries to update his log +/- weekly. QSL via ON7SAT, direct or by the Bureau.

J6, ST. LUCIA (NA-118). Remember to look for Oleh, KD7WPJ, to be active this week as J6/KD7WPJ between December 21-27th. Activity will probably be on 160-6 meters CW/SSB. QSL via his home callsign.

NEW OFFICERS FOR 2007. At its Annual Meeting/Holiday Party held on Thursday, December 14th, the Carolina DX Association (CDXA) elected its officers for 2007. Elected were:

President: Ted Goldthorpe, W4VHF
Vice President: Thomas Wright, N4HN
Secretary-Treasurer: Cliff Wagoner, W3ZL
Newsletter Editor: John Scott, K8YC
Cluster Manager: Joe Simpkins, K4MD
Cluster Manager (Northern Area): Paul Sturpe, W3GQ
Contest Manager: Dick Williams, W3OA
Webmaster: Wayne Setzer, WB4BXW

More information on CDXA can be found on its Web site at:
http://www.cdxa.org

P40, ARUBA (SA-036). John, W2GD, will be active as P40W during the ARRL International DX CW Contest (February 17-18th) as a Single-Op/All-Band/High-Power entry. Look for some activity before the contest on 160 meters. QSL via N2MM.

P4, ARUBA. John, KK9A, will be active as P40A during the ARRL International DX SSB Contest (March 3-4th) as a Single-Op/All-Band entry. QSL via WD9DZV.

PIRATE ALERT. Len, ZL1BYA, New Zealand Association of Radio Transmitters (NZART) Monitoring Service Officer, has issued the following: "There is a pirate station using the callsign ZK3DX. He has been operating since the 16th of September and was last heard on the 3rd of December 2006, he is usually around 7000 to 7010 kHz between 0500 and 0700 NZDT. He appears to be an experienced CW operator and claims to be operating from Nukunonu Atol in the Tokelau Is. The Tokelau Administration has not issued this callsign nor have they heard of any amateur operating from these Islands. This callsign is being used illegally."

QSL INFO AND NEWS......................
CG3OIJ via VE3OIJ
TG9AKH via eQSL, LoTW or OK1DOT (direct)
UA0IDZ via RW0IZ
ZM3R via ZL3RG

4O3T QSLS. Bob, N6OX, with the 4O3T DXpedition, informs OPDX readers: "I wanted to apologize for some of the recent confusion with the 4O3T QSL cards. First of all many people are wondering how the cards ended up getting back to the states?? As part of the team I agreed to process the cards for NA/SA and collected the cards from YT6A on a recent trip back to Europe. As you can imagine this was a good size box and was heavy, which Air France quickly charged extra for. Due to the large volume of cards I had to process, we volunteered John, N7CQQ, to help us. This explains why the cards are now being mailed from Las Vegas. Our first group of QSL cards were printed just fine and mailed out. So we continued processing the cards and then discovered that the program had dropped the day off. We were able to identify some of the people that rec'd these cards and quickly resent revised QSL cards out explaining the problem, but unfortunately we could not identify everyone, so then the confusion set in. The printing glitch has been corrected, and we are back on track mailing out the QSL cards. For anyone that has one of these 'unique' cards, we will replace it with a properly dated card just contact either John at n7cqq@msn.com or me at n6ox@yahoo.com. Thanks for your understanding. Best Wishes for a Happy Holiday Season.... 73 Bob N6OX"

Joe, VA6JWT, who operated as 6O0JT last year, has been away from Canada for sometime. He indicates that upon his return he will continue to process cards. Joe will do direct cards first, then bureau cards but all cards will be responded to.

Graham, M5AAV, informs OPDX that effective immediately, he is now the QSL Manager for Steve, 9M6DXX. QSL direct or by the Bureau.

QSL VIA DL5EBE. Even though QSL Manager Dominik, DL5EBE, is now living in Russia, he states that direct QSL cards for any of the stations he is the manager for can still be requested from the following address: Dominik Weiel, Wintershall Holding AG, Abt. EV, Friedrich-Ebert-Str. 160, D-34119 Kassel, Germany. QSLs sent via the DARC QSL Bureau will be forwarded to Dominik.

ST2A QSL STATUS. Boris, T93Y, reports, "I am pleased to inform you that ST2A QSL cards are received from the printer and that all direct QSL requests received as of Saturday, 9th December are in the mail. You can see the card design in "QSL Info" and check status of your request in the "LOG Search" section of the ST2A Web page at: http://www.t93y.com/st2a

As BHP (Bosnia and Herzegovina Post) can take up to two weeks to deliver a air mail letter (maybe even longer in these pre-holiday days) please give them some time before you start asking questions. Once again I would like to remind the DX community that 1 USD is not enough to send a letter anywhere in the world, while 1 IRC is fine. Full details are available in "QSL Info": section of the ST2A WEB Page...."

Nilay, TA3YJ, reports: "On December 11, 2006, I received the QSL cards for TA3J, TA3J/0 (AS099), TA3J/0 (AS115), TA3J/3, TA3J/4LH, TA3J/60, TA3YJ, TA3YJ/4 LH, TC2K4J, YM125ATA, YM3ATA, YM3BU, YM3LZ (WAE2000SSB), YM3LZ (WPX2000SSB), YM3SV and YM75TA callsigns that had been sent from Australia, Austria, Belgium, Brazil, Canada (VE3), Denmark, Estonia, United Kingdom, Finland, France,Germany, Greece, Hungary, Iceland, Israel, Italy, Japan, USA (W1, W2, W3, K4, W8, W9, KL), Lithuania, Luxemburg, Mexico, Netherlands, Norway, Poland, Romania, South Korea, Spain, Sweden, Switzerland and Turkey and Ukraine QSL bureaus via TRAC QSL Bureau. I send my QSL cards myself directly to the QSL bureaus with regular intervals.... Thanks for your QSL cards. HNY, 73&88"

YX0A/YX0LIX QSL STATUS. Steve, KU9C, reports, "The YX0A/YX0LIX cards have arrived, and I'm in the process of preparing the first mailings. The process will be a bit slower than I'd like, due to the holidays and a few business and family commitments. Please do not resubmit; I'll use the DX bulletins to advise when I've finished mailing what I've got and status updates along the way. I do apologize for the delay in getting the cards out."

SPECIAL EVENT. The Straight Key Century Club (SKCC) invites you to celebrate their first anniversary with special event station K1Y. Stations will be operating in all call areas on all HF bands from January 1-31st. All special event operators will be using straight keys and bugs. Operators are free to use any part of the bands but will probably concentrate around the SKCC frequencies (listed on the SKCC Web page). Special event QSL cards are available for working stations in each call area. Certificates will be awarded for contacts with all call areas. Send an appropriately sized SASE for QSL cards and certificates (8-1/2x11 if you don't want folds) to K4VD: Kevin der Kinderen, 3967D Oldtown Road, Shawsville, VA 24162-2045.
Questions can be sent to K4VD at: kevin@k4vd.net
The SKCC Web is available at: http://skccgroup.com

T30, WESTERN KIRIBATI. Toshi, JA8BMK, will active as T30XX during his spare time from December 27th to January 8th. Activity will be on 160-10 meters CW/SSB. He will be using a TS-480 and a FT-897 with Linear Amp. Antennas will be: 3 element yagi for 20/15/10 meters, Rotary dipole for 40/30/17/12 meters and an Inverted "V" for 160/80/75 meters. QSL via JA8UWT, direct only.

VK9N, NORFOLK ISLAND. Members of the Bavarian Contest Club (BCC) will once again be on tour. Look for operators Markus/DJ7EO, Heye/DJ9RR, Christian/DL1MGB, Dietmar/DL3DXX, Tom/DL5LYM and Dieter/DL8OH to be active from Norfolk Island (OC-005) between February 15th and March 3rd, 2007. Activity is planned for 160-10 meters on CW, SSB and RTTY, with a focus on the lower bands. QSL Manager is Mario, DJ2MX. More information is expected to be available on the DXpedition's Web site at:
http://www.df3cb.com/vk9n

VU4, ANDAMAN ISLANDS. OPDX has received several inquires from readers "Where are the operators/stations on the island?" The DX community was told that equipment was supposely left on the island and "two permanent stations are now on the Andaman Islands. Station's callsigns are VU3VPX and VU3VPY. They will be operated by two lectures from the Politechinic College."

VU7, LAKSHADWEEP ISLANDS (VU2LD News).The following press release is from the VU7LD Web site date December 14th (edited): "On 13th December a presentation was made at the Lakshadweep Secretariat conference center. Over 26 staff members from the island administration attended the presentation. The presentation showcased HAM radio and its many facets and included a live demonstration of HAM station operations with voice and CW.

The attendees also visited one of the operational stations from the DXpedition to get a first hand experience of what we are doing on the island. In addition the use of HAM Radio in an emergency scenario was highlighted and this was appreciated by the attendees.

The island administration is in discussion with ARSI as to how training for their staff could be administered and ARSI has offered to organize training and coordinate with the examiners to conduct HAM license tests on the island itself. We could soon see a club station on LD!....

Stay tuned 73, de Gopal VU2GMN"

Currently, the online logs are available for the period between December 1st through part of December 14th, at the following URL address:

http://www.arsi.info/vu7/onlinelog.shtml

Next log update is expected on December 18th. Remember to QSL via W3HNK. For more details and updates, the ARSI Web page is available at:

http://www.arsi.info/vu7/

SB DX @ WW < KB8NW $OPDX.790
Ohio/Penn DX Bulletin No. 790

The Ohio/Penn DX PacketCluster
DX Bulletin No. 790
BID: $OPDX.790
December 25, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NJ1Q, W1BYH, KF2TI, W2IRT, K3PD, NG3K, W3UR & The Daily DX, K4VUD, N4AA & QRZ DX, K8YSE, Pete's-DX-Newsdesk, CT1EAT, DJ5AV & The DX News Letter, DK8JB, DL4KQ, DL7JAN, F5NQL & UFT, F5PFP, I1JQJ/IK1ADH & 425 DX News, LZ1BJ, PA3GIO, PY7RP, RSGB IOTA, SP9MRO, UA9LP, UX0FF and VA3RJ & ICPO for the following DX information.

*** SPECIAL NOTE FROM EDITOR (Tedd, KB8NW): My family (wife/OPDX's chief proof-reader Linda, son Teddy [TJ] and his wife Jessi, daughter Katie) and I (KB8NW) would like to wish all DXers, Contesters and OPDX readers a very "Happy Holiday and Season's Greetings". Thanks to the individuals who sent holiday wishes to my family and me. I tried to answer all of them this time around....... 73 and Have a Great Holiday de Tedd KB8NW

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 17th-December, through Sunday, 24th-December there were 214 countries active. Countries available: 3A, 3B8, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5V, 5X, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5/s, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HC, HH, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J6, J7, JA, JT, JX, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P4, PA, PJ2, PY, PZ, R1FJ, S0, S5, S7, SM, SP, ST, SU, SV, SV/A, SV5, SV9, T32, T7, T9, TA, TF, TG, TI, TK, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V7, VE, VK, VK9L, VK9N, VP2E, VP2V, VP6, VP8, VP8/h, VP9, VQ9, VR, VU, VU7, XE, XU, XW, YA, YB, YI, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B6, AGALEGA (DXpedition Update). Witek, SP9MRO, informs OPDX that members of Polski Zwiazek Krotkofalowcow (PZK)(the Polish Amateur Radio Union) and SP-DX-Club will NOT be active on 6 meters during their planned March 2007 Agalega Dxpedition. They have recently learned that 6 meters is not allowed because of the regulations (since October 2002) by the local telecommunication authority.

3 STEVES & W1AW. Here is your chance to work the "3 Steve's" again. The trio will be guest op'ing at the ARRL station, W1AW, Wednesday, December 27th, from 1700-2045z. Operators are Steve/KF2TI, Steve/N2IFA, Steve/KB2ENF and Kurt/W2MW (aka Steve). This is the group's 14th annual WAS (Worked All Steve's) DXpedition to Newington and they will be operating the following bands: 30m CW (Kurt/W2MW aka Steve)
        15/20/40m SSB (Steve, Steve and Steve)
        6m SSB The 4th operator Andrew-N2IFB will try his hand on this band.

Depending on conditions, they will try 10 meters SSB as well and listening for contacts outside the U.S. Packet spots will be posted. ADDED NOTE: If you work any 3 operators, they will send you a beautiful, full color WAS (Worked All Steve's) certificate (suitable for framing). No QSL is needed, as they will have copies of the log and send out a certificate to all those who qualify. The logs will be posted after January 1st on their Web site: http://3stevesandkurt.dynu.com/
This is not an officially sanctioned ARRL event. It is run for fun by the 3 Steve's and a Kurt Amateur Radio Association - WK3SS (all rights reserved), and they are responsible for the printing and sending of the 3 Steve's and a Kurt Worked All Steve's certificate (suitable for framing). ANOTHER NOTE: They hope to have the 3 Steves/KP2 certificates and cards out very soon. They apologize for the delay.

3V, TUNISIA. Alex, GM0DHZ, will be active as 3V8SS for five weeks starting January 7th. This will be a holiday-style operation with activity on 80-10 meters and possibly 160m, CW and SSB.

4S, SRI LANKA. Ben, DL7UCX, will be active (possibly as) 4S7UCG from December 26th and January 5th. This will be a holiday style operation with activity being focused on 160-30 meters CW. QSL via DL7UCX, by the bureau or direct.

5H, TANZANIA (Update/IOTA Op). Serge "Sam", F6AML (TX6A), a member of the "F6KOP Provins ARS Team", will be active as 5H1Z from Zanzibar Island (AF-032) between January 18-29th. Activity will be on 80-10 meters CW/SSB with 400 watts and verticals. Sam will pay special attention for west coast

NA and JA (Asia) stations. QSL is OK via the French REF Bureau (only this bureau) or direct with SAE + 1 IRC or with 1 USD for Europe or 2 USDs for the rest of the world.

5U, NIGER. Christian (ex-TZ9A and other African calls) has had a 5U licence since December 5th. Look for him to sign 5U5U during a one month activity starting January 3rd, and he intends to repeat this several times during the coming year. Operations will be on all bands and SSB. QSL direct to: Christian Saint-Arroman, Chemin de Mousteguy, F-64990 Urcuit, France.

6W, SENEGAL. Bert, PA3GIO, will be active as PA3GIO/6W between January 3-10th, from the 6W7RV DX Shack in Somone, Senegal: http://www.le-calao.com/ Activity will be on 160-10 meters SSB only, using 100w, V80 Titanex for low bands, 3 element monobanders for 10/15/20m and a Doublet for 12/17m. Bureau QSLs can be confirmed by using the QSL request form on his Web site, and for direct QSL, please use the info on his Web site, PA3GIO DXpeditions:

http://www.pa3gio.nl/

9Q, DEM. REPUBLIC OF CONGO. Georges, VE2EK, who works for the United Nations as a Senior Broadcast Technology Officer, continues to be active as 9Q1EK. He has been very active on 40 and 30 meters CW usually beginning around 2130z. Georges states that 80% of his activity is mainly CW. It was announced this past week that he now has a QSL Manager - Osten, SM5DQC.

See details at: http://www.qrz.com/callsign/9q1ek

Also, visit Georges's interesting blog Web page at:

http://ve2ek.blogspot.com/

A3, TONGA (OC-049). Just a reminder that Mark, VK2GND, will be active as A35GN from December 25th to January 3rd. Suggested frequencies are: 7050, 14195 and 14273 kHz. QSL via VK2GND.

A3, TONGA. Nag, JA7GAX, is currently active as A35TN from Tongatapu Island (OC-049), the main island of Tonga. Activity has been mainly CW on 40/30/20/17 meters. He is expected to leave the main island on December 26th, and operate as A35TN/N from the rare Island of Niuatoputapu (OC-191). It has been reported that he will be there until January 2nd before moving on to the Island of Vava'u (OC-064) for a few days and operate as A35TN/V. Nag will leave for Fiji on January 4th and once again be active as 3D2CX. QSL via JA7GAX, direct only (QRZ.com).

ANTARTIC NEWS. Henry, LU4DXU, announced this past week that the base "Almirante Brown" on Graham Land will be open between January 12th and March 10th. This very rare base is located 64.5�South, 62.5�West. No details were provided about a ham operator on base but more details are forthcoming.

C6, BAHAMAS. Operators Peter/W2IRT and Tom/N2YTF will be active as W2IRT/C6A and N2YTF/C6A, respectively, from Nassau (NA-001) between February 24th and March 2nd. Look for activity on SSB/CW/RTTY, mostly on 17/20/40 meters, but they will try the higher bands if propagation allows. N2YTF may be doing some satellite and HF-QRP work as well. This is a part-time vacation-style operation. QSL via W2IRT (see QRZ.com). Their logs will also be uploaded to LoTW upon their return.

HI3, DOMINICAN REPUBLIC. Norm. W1BYH, will be active from here between January 6-12th. His activities, which will include the ARRL RTTY Roundup Contest, will be on all bands including the WARC bands, but emphasizing RTTY and PSK31. Operations will be limited since this is a vacation/mini-DXpedition. QSL by LoTW, e-QSL, DIRECT or by the Bureau to W1BYH.

IOTA NEWS.........................

AS-079. Operator Take, JS6RRR, will be active as JS6RRR/JS6 from Miyako Island (WLOTA LH-0249), December 28th through January 9th. Activity will be on CW, SSB and RTTY, on the HF bands. QSL via his home callsign, direct or by the bureau.

EU-048. Operator Fred, F5OZK, will be active as TM0ZK from Belle Ile en Mer (DIFM AT-015) between December 26-30th. Look for activity on all bands with an emphasis on the digitals modes. He will use a FT1000 and G5RV antenna. QSL via F5OZK (CBA).

NA-061. Operator John, VE7JZ, will be active as VE7JZ/p from Kaien Island (BC-005 for the Canadian Islands Award), January 7-20th. Activity will be on 40/20 meters only, on the usual IOTA frequencies (+/-10 kHz). QSL via his home callsign, direct is preferred, but the bureau is "OK".

NA-110. Operator Rich, K4FCP, will be active as K4FCP/p from Hunting Island (USI SC-003S, Beaufort County, South Carolina), December 27-30th. Activity will be on 20 and 15 meters throughout the day. QSL via K4BMS (QRZ.com).

OC-244. Francisco, CT1EAT, will be active as DU1/CT1EAT from Romblon Island, January 1-17th. Activity will be on 80-10 meters, SSB and RTTY. QSL via his home callsign, direct or LoTW only. More info available at: http://www.qsl.net/ct1eat

SA-023. (Update/Reminder) Just a reminder that a group of operators will activate Itaparica Island between December 27-30th, as as ZY6T. Operators are: PY7GK, PY7RP, PY7VI and PY7XC. For more details see: http://zy6t.atspace.com
QSL via PY7GK.

IS0, SARDINIA (50/144 & EME Op). Look for Giancarlo, I0JU, to be active as IS0/I0JU between December 27th and January 2nd. From Grid Square JN40DN, he will have two stations with sufficient power (600 and 1k watts on 6 and 2 meters) on the air. Main activity will be focused on EME and MS.

LZ2007, BULGARIA. On January 1st, 2007, Bulgaria will become a full member of the European Union, and to commemorate this event, look for the HQ of the Bulgarian Federation of Radio Amateurs to air the special event callsign LZ2007EU between January 1st and April 30th, 2007. QSL (preferably) via the LZ QSL Bureau to LZ1BJ.

QSL INFO AND NEWS......................

EO15YW via US0YW

TA1HZ direct Dr T A Kazancioglu,
Cilekli Caddesi No.24 Levent
34330, Istanbul, Turkey
TM3WRC via F4ELU
YV1RDX via IT9DAA
ZA1UT via OH2BH

QSL STATUS OF 7P8JF, 7P8DJ and 7P8WO. Jan, DL7JAN (aka 7P8JF), informs that all direct cards that were received as of December 16th, have been mailed out as of December 18th. You should get your cards within the next few days.

QSL ROUTE CHANGES for Georgian stations effective immediately:
  QSLs for 4L0G, 4L0HQ and 4L2M now go via UA9LP (for European and Asia radio amateurs..
  QSLs for 4L4BBC and 4L0ABC are now direct only, and they will not accept bureau cards.
  PLEASE NOTE: K3PD is no longer manager for any Georgian stations.

NEW PERMANENT ADDRESS. Charly, K4VUD/HS0ZCW, states that the following QSL address is now permanent for HS0ZCW, VU4AN/VU3CHE, 9N7UD and A52UD: Charly Harpole, P. O. Box 1, Nakhon Chaisi, Nakhon Pathom, THAILAND 73120. He adds, "All previous addresses you may have are still operational... good... for at least the next year, so if you mailed to me prior to today, I will still get your letter. Only my K4VUD Florida address is NO good now."

QSL special event station EO15FF via UX0FF, direct or by the bureau. QSLs (new version) are already printed. Activity is to celebrate the 15th anniversary of UARL (Ukrainian Amateur Radio Leagaue). Activity will end December 25th. QSOs are good towards the special commemorative �UARL-15 Award" (See OPDX.787 for details).

SOLAR CYCLE 24 (Good News for DXers!). Scientists are predicting that the next solar cycle (24) will be BIG. Solar Physicist David Hathaway of the Marshall Space Flight Center states solar cycle 24 is due to peak in 2010 or 2011, and "looks like its going to be one of the most intense cycles since record-keeping began almost 400 years ago." He also states that the geomagnetic storms may be so extreme, it could "cause power outages and make compass needles swing in the wrong direction." Their analysis shows the next Solar Maximum should peak around 2010 with a sunspot number of 160 plus or minus 25 making this the strongest solar cycle in the past fifty years � possibly one of the strongest in recorded history. For the complete story, please visit the founding Web page at:
http://science.nasa.gov/headlines/y2006/21dec_cycle24.htm?list50675

SV/A, MOUNT ATHOS. Monk Apollo, SV2ASP/A, was active early Sunday morning on 20 meters (14250 kHz) SSB around/after 0900z. He is expected to be active over the next two weeks. QSL direct.

V2, ANTIGUA. Operators Mark/W9OP and Bob/W4OWY will again be on from here possibly as V25WY (W4OWY) and V25OP (W9OP), March 19-25th. Activity will be on 160-10 meters, CW, SSB and RTTY.

VU7, LAKSHADWEEP ISLANDS (VU2LD News).........

- The following press release is from the VU7LD Web site dated December 22nd (edited): "VU7LD PRESS RELEASE - 11: Just a few days left for VU7LD to complete their work on Kavaratti Island in Lakshadweep. After VU2LX, VU3ELR, VU3SPQ and VU2GMN returned to the mainland yesterday, there are VU2NKS, VU3IZO, VU3RGP, VU3RSB, VU2PJP and VU2RCR left to work the remaining days, wind up and transport the equipment back to the mainland.

  In spite of propagation not being at its best, several solar flares and multiple power outages, the team has managed almost 50K QSO�s and we hope to up the number during the last few sessions, especially in digital modes. There was also a huge lightning strike on the island a few days ago that destroyed several television sets, refrigerators etc and the team is very fortunate that we were not affected and no damage to equipment took place.

  The transfer of logs to the mainland for updating the webpage has been a problem but VU2ZAP and VU2SJD have been working very hard to sort out the many errors and partials that have been brought to our notice and updating the online logs. VU2ZAP has also been diligently answering all mail regarding errors and we expect that most of the issues will be sorted out completely. There will be more releases later.
  Stay tuned...." 73, de Gopal VU2GMN

- VU7LD PRESS RELEASE 12 (dated December 23rd): "We have found that several times when one of our operators, especially CW operators go QRT, some other station starts operating with the same call sign and gives reports.

  These are obviously pirates and so the QRG station thinks it has worked VU7LD when in fact it was a pirate. Obviously then the contact will not reflect on the on line logs. Please bear this in mind."
  Stay tuned, de Gopal VU2GMN

- Currently, the online logs are available for the period between December 1st through part of December 14th, at the following URL address:
  http://www.arsi.info/vu7/onlinelog.shtml
  Next log update is expected on December 26th. Remember to QSL via W3HNK. For more details and updates, the ARSI Web page is available at:
  http://www.arsi.info/vu7/

VU7, LAKSHADWEEP ISLANDS (VU2RG News)...............

- The following press release is from the VU7RG Web site and Frank/DL4KQ dated December 22nd (edited): "VU7RG permitted to operate on 30m Band!!! Today special permit was granted by WPC (Indian Govt.) thanks to relentless efforts of the National Institute of Amateur Radio (NIAR), namely well known Mrs. Bharathi VU2RBI. Due to the current poor conditions 30m will have high priority for the VU7RG operations since it will be one of the few bands to serve the most difficult regions, especially North America.

  First freights, including efficient 30m antennas, has already been shipped a few days ago. The first advance teams will enter the islands on January 9th to start with the setups so that the public can expect the start of operations on time.

  More details can be found on www.vu7.in which should be visited from now on on regular base since there might be more breaking news possible within the next days! VU7RG will be a full-fledged operation of experienced Hams with good equipment taking care of your needs! We need your support!"

ADDED NOTE:"You now have a comparison from the area we are going to, and this gives us the opportunity to benefit from your monitored band-openings; hence providing us with your observations and valuable suggestions so that we can analyze and consider them for a well-planned operation of 15 stations! Get part of the team and use the VU7RG Blog Log to tell us your observations."

* SPECIAL NOTE: Dov, 4Z4DX/M0DOV, will be active from VU7RG on 160m, 80m and RTTY on 17m from January 18-25th. SKEDS ARE WELCOME BEFORE JANUARY 15th via: 4z4dx@iarc.org

* As this bulletin was being written, the VU7RG Web site released the following suggested operating frequencies and modes for the three islands to be activated:

Band	Agatti	Bangaram	Kadmat
160m	1820-1832 CW	-	1832-1845 CW
	1820-1832 SSB	-	1845-1860 SSB

Name: Kirill
Call: VE3AXC

Merry Christmas and Happy New Year everyone! I will be a subscriber of this forum from now on, so nice meeting everybody!

On this note, please allow me to stray a bit off this forum's topic but my info might still be relevant for some. I myself have been a ham for 8 years; also run a small QSL card printing business (my printishop is located in Toronto, Canada) and have a web site specifically dedicated to that www.qslcanada.com

Reason I would like to post this message on this forum is to let your group know that I have a pretty good group referral discount program.

The idea is quite simple and there is no catch.... For each HAM who is referred by you and who wishes to place an minimum order of 500 cards, you would receive 100 (custom designed) cards of the same type free of charge. The offer is transferable, so if for example you let me know that you don't need any more cards, I will be happy to print additional 100 cards for your friend free of charge (or charge for 100 cards less)

This offer may be ideal for your group or a club you belong to. For example, if you
refer say 3 HAMs who would like to print a minimum 500 cards for themselves, you would receive 300 cards as appreciation for spreading the word about qslcanada
; you could transfer it to someone as a gift ; or each of 3 Hams would only pay
for 400 cards, since each one will get 100 cards free. To sum it up, each of the referral counts as 100 free cards in any shape or form. Pse let me know if you have any questions.

So if bunch of Hams in this group who are into QSLing might be interested to giving someone a free gift or getting a good deal on the next batch, pse let me know. The offer is valid any time in future. www.qslcanada.com has quite a bit of samples, more info and e-ham reviews

PS Have got to mention this, since it did happen before, where some folks took this posting too personally. I just wanted to get this info out there ONE TIME ONLY! Please don't call me any spammer names or hate mail me. I believe this to be a fair group offer any hams by hams enterprise deserves a little exposure to start out with.

I will try to participate in this group from now on, so best 73 to everyone! Happy New Year!

SB DX @ WW < KB8NW $OPDX.791
Ohio/Penn DX Bulletin No. 791

The Ohio/Penn DX PacketCluster
DX Bulletin No. 791
BID: $OPDX.791
January 1, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet

Clusters Network, K1XN & GoList, NJ1Q, N2OO, K3MD, NG3K, W3UR & The
Daily DX, N4AA & QRZ DX, WB6RSE, N7NG, K8YSE, Pete's-DX-Newsdesk, CE6AMN,
DJ5AV & The DX News Letter, DK8JB, E21EIC, F5NQL & UFT, I1JQJ/IK1ADH
& 425 DX News, IZ2DPX, IZ8CCW, RSGB IOTA, SM5DQC, VA3RJ & ICPO and
YO3JW for the following DX information.

*** SPECIAL NOTE FROM EDITOR (Tedd, KB8NW): My family (wife/OPDX's chief proof-reader Linda, son Teddy [TJ] and his wife Jessi, daughter Katie) and I (KB8NW) would like to wish all DXers, Contesters and OPDX readers a very "Happy New Year". Thanks to the many individuals who have provided DX information over the past year. Without them there would not be an OPDX Bulletin. Also, thanks to the individuals who sent holiday wishes to my family and me.....

73 and Have a Great/Safe/Health New Year de Tedd KB8NW

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 24th/December, through Sunday, 31st/December there were 224 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5U, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, D6, DL, DU, E4, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FJ, FK, FM, FO, FP, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J3, J6, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PY0F, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T30, T32, T7, T8, T9, TA, TF, TG, TI, TK, TN, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP5, VP8, VP8/h, VP9, VQ9, VR, VU, VU7, XE, XU, XW, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB,ZC4, ZD7, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

1A4, SMOM (Reminder/Update). Just a reminder that the Amateur Radio Station of S.M.O.M. (Sovereign Military Order of Malta) will be active this week with a new prefix. Look for 1A4A to be active between January 2-8th. The operators will be Giorgio/IZ4AKS, Cortesi/IZ4DPV, Fabio/I4UFH, Gabriele/IK4UPB and Luca/IW0DJB (HV5PUL). Activity will be on 160-2 meters, SSB/CW/RTTY mode. Three stations will be active at same time, especially looking for DX areas such as Japan, South America and West Coast. Emphasis will be on the low bands. An interesting activities chart is available on the Web at: http://www.1a4a.org/mappe/pagine/1a4a_activity_planning.html
It was also announced this past week that "Due to numerous requests of MS activity", the team is arranging a 2 meter station for WSJT. Activity will start on January 6th through the 7th. More details will be announced later so please check their web site for more news. Also, for sked requests for this meteor scatter (MS) activity, send a message to: ms@1a4a.org
QSL Manager is IZ4DPV. For updated information and details about the DXpedition and "The Order Of Malta", please visit the following Web pages:
http://www.1a4a.org

http://www.orderofmalta.org

3W/XV, VIETNAM. Champ, E21EIC, is expected to be in Hanoi December 31st and stay until January 7th. Watch the bands.... You never know.

3Y9, ANTARCTICA. Dag, LA9SDA, from Tromso, northern Norway, is now active as 3Y9SDA from the Troll Station in the Antarctica. His activity will last until sometime in January 2007. Operations will be mostly on 20 meters, SSB and PSK.

5H, TANZANIA. Vlad, UA4WHX, is currently active as 5H3VMB/5 from the Lindi/MTWARA Region Group (AF-074). This is a rare IOTA and as usual, the length of stay is not known. He has been active on 80/40/30/20 meters CW, and on Sunday he was on 17 meters SSB. QSL via UA4WHX, direct or by the bureau.

6W, SENEGAL. Giovanni, IZ2DPX, informs OPDX that he will be active in the month of May. Callsign and specific dates are forthcoming. Activity will be on 160/80/40/20/17/15/12/10 meters. He will use a Kenwood TS-870 with 3 element monobands for 20, 15 and 10 meters, and a Titanex for the low bands. Giovanni will continue his African tour after this operation and head to the Island of Santiago and the city Praia. More later.

9N, NEPAL. Stig, LA7JO, Regional Telecoms Officer for the UNICEF Regional Office for South Asia (ROSA), continues to be very active from Kathmandu as 9N7JO. He has been active on 80/40/30/12 meters CW as well as 20/17/15 meters PSK. A few reports indicate that he will be "active from Nepal 'on and off' at various periods during 2007." Look for activity to be on SSB/CW/RTTY on 160-12 meters. QSL direct to: Stig Lindblom,
Jum Changphimai, 147/1 Moo 3, Tambon Boot, Ban Ta Bong, Phimai,
TH-30110 Nakhon Ratchashima, Thailand.

AAW NEWS. The French EUCW Society and the Union Francaise des Telegraphistes (UFT) will be active during the "4th Antarctic Activity Week" (AAW) as TM5TAF from February 12-25th. The WAP reference issued is WAP-79. Operators will include Norbert/F6AXX, Patrick/F5MQW, Michel/F6DKV, Pierre/F6FXS and Bernard/F5HEW. Activity will be on HF and CW only. QSL via F6AXX, either direct (SAE+IRC/2007) or by the French REF Bureau (Please only this bureau).

ARRL NEWS. Your editor received the following surprising E-mail from ARRL Membership Services Manager Wayne Mills, N7NG, late Saturday afternoon, December 30th: "On Thursday, December 14, 2006, much to my regret, I delivered a letter of resignation to David Sumner, K1ZZ. Such an early departure had not been my plan but had become necessary. On Friday, in a meeting with Dave and Mr. Harold Kramer, ARRL Chief Operating Officer (COO), I made it clear, when asked, that my resignation was in no way a retirement. I also conveyed that it did not indicate any fundamental differences with ARRL outside of the jurisdiction of Mr. Kramer. I offered them the opportunity to release information about my resignation, but Mr. Kramer could send only a terse two-line message, and then only to the HQ Staff and the closed reflector of the ARRL Officers, Directors and Vice Directors, hence this message.

All in all, it's been a fun six and one-half years. The League has been a great place to work, and I'd do all but the last 22 months over again. I thank all of you around the World for your great support. In particular, I offer special thanks to our volunteers - advisory committee members, log checkers and advisors. I also urge all of you to support the ARRL financially. Be sure to tell them what you want, though - they don't always ask. I hope to regenerate an active interest in Ham Radio back in Wyoming. Maybe there'll be another DXpedition or two as well, and look for N7NG - Jackson Hole - to be an active Wyoming contributor to LoTW as long as it's in business...... 73, Wayne, N7NG Jackson Hole, Wyoming"

DX0, SPRATLY ISLANDS. Members of the Philippine Amateur Radio Association (PARA) will be active as DX0JP from the Kalayaan Island Group (AS-051), Philippines, February 1-14th. Activity will be on 160-2 meters with a special emphasis on the low bands. Operations will also be on EME on 2 and 6 meters. QSL via JA1HGY. Look for more info to appear nearer to the date on the PARA Web page at: http://www.para.org.ph/news

EI100, IRELAND (Special Event). To celebrate the centenary of World Scouting in 2007 and the 100th anniversary (in 2008) for Scouting in Ireland, look for the following special event stations to be on the air: EI100S (Echo India One Hundred Sierra) and EI100SI (Echo India One hundred Sierra India). Scout Groups wishing to use these callsigns should apply/contact Sean, EI3IP, by E-mail at: jota@scouts.ie

FM, MARTINIQUE. Eric, F5LOW, will be active as FM/F5LOW/p from Saint Pierre, Martinique (NA-107, also count for WLOTA LH-1041), January 17-26th. This will be a holiday style operation, but look for him on all HF bands on SSB and PSK. He will use an Icom IC-706 and a vertical antenna. QSL via his home callsign, direct or by the bureau.

GJ2/MJ0, JERSEY. Rich, K2WR, will be active as MJ0AWR beginning January 23rd. His activity will include a Single-Op/High-Power entry in the CQ 160-Meter CW Contest (January 27-28th) as GJ2A. QSL via K2WR (also direct for non-USA to GJ3DVC).

IOTA NEWS...................

NA-168. Look for Dennis, WA2USA, to be active as WA2USA/5 from Grand Isle (USI LA-003S, Jefferson County, Louisiana) between February 8-19th. He plans to be active before the ARRL CW DX Contest (February 17-18th) on 80-20 meters CW/SSB. However, he will be active during the contest on all bands 80-10 meters. QSL via his home callsign, direct or by the bureau.

OC-133. Saty, JE1JKL, will be active as 9M6NA from Labuan Island, East Malaysia, January 4-7th. Activity will be on 80m and 160m. Sunrise/Sunset: 2230z/1010z. QSL via JE1JKL. E-mail requests for Bureau return are welcome at: 9m6na@jsfc.org Visit the Web page at: http://jsfc.org/je1jkl/9m6na.html

OC-244. (Update) Francisco, CT1EAT, will be active as DU1/CT1EAT from Romblon Island, January 1-17th. His activity will be limited because he is on holiday. Activity will be on 80-10 meters, SSB and RTTY. QSL via his home callsign, direct or

LoTW only. More info is available at the following two Web pages:
http://www.qsl.net/ct1eat
http://ct1eat.no.sapo.pt (direct link)

SA-018. Operators CE6AMN, XQ3SA, CE6UZL, CE6UFF, CE6UFY, CE3HDI and LU1EJ will activate Corona Lighthouse (ARHLS CHI 013) and Chiloe Island as XR7C between January 29th and February 5th. Activity will be CW and SSB.

JT, MONGOLIA. Ken, K4ZW, will be active as JT1/K4ZW from January 15-25th. Activity will place an emphasis on the lowbands and in particular 160 meters. QSL go to K4ZW.

KP2, U.S. VIRGIN ISLANDS. John, K3MD, will be active as KP2/K3MD from February 13-20th. His activity will include the ARRL DX CW Contest (February 17-18th). QSL via K3MD. John will be a portable operation from the north shore of St. John's for a few days before the contest using a vertical and 100w.

NEW OFFICERS FOR 2007. The South Jersey DX Association has announced the following officers for 2007. They are:

President: Bob Schenck, N2OO
Vice President: Bob Tomkovich, K2RET
Secretary: Arnie Oberson, W2OB
Treasurer: Bob Pantazes, W2ARP

OH5, FINLAND. Look for a team of operators (not provided) to be active as OH5Z in the CQ 160-Meter CW Contest (January 27-28th) as a Multi-Op entry. QSL via the Bureau.

PIRATE ALERT. Champ, E21EIC, informs that activity by a station signing HS0/UX2IO (Op Ron) was not legal. Thailand no longer issues HS0/callsigns. The only 2 legal stations are HS0/EA4BKA and HS0/IK4MRH (AS-053).

QSL INFO AND NEWS................................

GS0ADX via GM0ADX
IW0GVG direct or eQSL
J79DI via F1BCS
M0BUL via MM0BHX
YR0UE via YO3KAA

Osten, SM5DQCI, informs that he is now the QSL Manager for 9Q1EK and 9Q1TB, and has the logs up to December 27th, 2006. He mentions that the QSLs will be colored pictures (different cards for the two stations). However, it will take some time before he gets them from the printer. PLEASE NOTE: Osten states, "I will only answer DIRECT QSLs with SAE and postage, 2 USDs or one 'new type' IRC. If anything more is included to cover printing costs it's appreciated but of course that is voluntary." If you need/want a "log check", please E-mail Osten at:

sm5dqc@areteadsl.se

QSL MANAGER F6FNU. It is being reported on http://www.qslinfo.de by F5CWU that "Antoine, F6FNU, has stopped ALL his management activity !!!!" It is suggested not to send any cards to his address or through the bureau.

QSL Manager Vasilij, RW6HS, reminds OPDX readers to only QSL direct to him and not to the SSR and Tambov QSL Bureaus. He states the cards will never get to him. See OPDX.784 for the list of stations and details on how to send for cards that he is manager for, or visit his Web page at: http://www.rw6hs.narod.ru

V7, MARSHALL ISLANDS (Kwajalein Atoll, OC-028). Just a reminder that Neil, WD8CRT, will once again be active as V73NS after January 4th and remain there for at least two years on the Island of Roi-Namur. Activity will be mostly CW on 160-6 meters. QSL by the Bureau or direct to: Neil Schwanitz, Box 8341, APO, AP 96557 (USA). QSLs for his 2003 to 2005 QSOs are "OK" to the same address. Visit his Web site at: http://www.qsl.net/v73ns

VK9N, NORFOLK ISLAND (Update). Members of the Bavarian Contest Club (BCC) will once again be on tour. Look for operators Markus/DJ7EO, Heye/DJ9RR, Christian/DL1MGB, Dietmar/DL3DXX, Tom/DL5LYM and Dieter/DL8OH to be active as VK9DNX from Norfolk Island (OC-005) between February 15th and March 3rd, 2007. Activity is planned for 160-10 meters on CW, SSB and RTTY, with a focus on the lower bands. QSL Manager is Mario, DJ2MX. More information is expected to be available on the DXpedition's Web site at:
http://www.df3cb.com/vk9n

VU7, LAKSHADWEEP ISLANDS (VU2LD News).........

* The VU7LD activity went QRT at 1300z on Dec 27th. Reports indicate that the team made about 56,700 QSOs during their operation.

* The following press release is from the VU7LD Web site dated December 27th (edited): "VU7LD PRESS RELEASE - 12: After 27 days of operation, VU7LD went QRT at 1300z on Dec 27th. Stations are being dismantled and operators will be off the island in a couple of days.
  We thank the entire Amateur radio community for their support and enthusiasm for this DXpedition as well as the people of Kavaratti who have been extremely helpful to the entire team.
  We hope our efforts at raising awareness of Amateur Radio in the region will pay off, with hopefully a club station and a few permanent operators on the island....... 73, de Gopal VU2GMN"

* Online logs are currently available for the entire period of the DXpedition between the period of December 1st and 1300z, December 27th, at the following URL address: http://www.arsi.info/vu7/onlinelog.shtml If you do not find your callsign in the log and believe you have had a valid QSO please send an E-mail with your detailed log entry including the VU7LD/Operator you worked to: vu7ld@arsi.info
  They will do their best to verify if a mistake was made while entering the log. Remember that all direct QSLs go via W3HNK and not the operators of the operation. Some of the operators have been receiving cards directly and these will be dealt with by ARSI and not directly by the ops themselves. QSL via the Bureau is "OK". Any QSL cards received via any IARU recognized QSL Bureau will be answered via their QSL Bureau. For more details and updates, the ARSI Web page is available at:
  http://www.arsi.info/vu7/

VU7, LAKSHADWEEP ISLANDS (VU2RG News)................

* The countdown begins for the second VU7 operation. Activity should begin in about two weeks. For up-to-date details, visit the VU7RG Web page at: http://www.vu7.in/

* It was announced this past week that a "Limited Edition QSL" will be issued as a special "thank you" for those valuable supporters. The individual donators will get their QSL card (limited edition) already shipped from the islands (airmail letter) if they make contact (and can be found in the log)!

* It was announced that Toshikazu Kusano, JA1ELY, has joined the team of pilots for the VU7RG operation. They now have 3 pilots. One for each of the IARU zone. They are as follows:
  IARU Region 1: Klaus Wagner/DL1XX (Europe, Africa, Middle East and Northern Asia)
  IARU Region 2: Donald Greenbaum/N1DG (The Americas)
  IARU Region 3: Toshikazu Kusano/JA1ELY (Asia-Pacific)

  (Their E-mail addresses will be received soon.)

* UPDATE: Dov, 4Z4DX/M0DOV, who plans to be active from VU7RG on 160m, 80m and RTTY on 17m from January 18-25th, informs OPDX that YT1AD, VA7DX, A61M and himself still have not received their licenses/papers yet. He hopes they will get them soon, as they were promised. Dov states that he has only received a few skeds for the operation. SKEDS ARE WELCOME BEFORE JANUARY 15th via: 4z4dx@iarc.org

WP3, PUERTO RICO. Alfredo, WP3C, will be active in both the CQ WW RTTY WPX Contest (February 10-11th) and ARRL DX CW Contest (February 17-18th) as a Single-Op/All-Band/Low-Power entry. His activity will also count for the WLOTA as LH-2802. QSL via W3HNK.

XT, BURKINA FASO (Update). The F6KOP ARS of Provins group will be gathering this week in Paris before heading to Burkina Faso for their XT2C operation, January 6-20th. John, F5VHQ, who was a member of the past F6KOP's DXpeditions (5H, 5V, TO7C), will join the group in Ouagadougou, the second week of the DXpedition, January 15-20th. He was issued XT2HQ as a personal callsign. Operators F4AJQ (leader), F9IE, F2VX, OE8KDK, N2WB and N6OX will depart for XT-land from Charles de Gaulle airport the morning of January 6th. The first signals are expected in the evening. Visit the XT2C Web page at: http://xt2c.free.fr/

YR0, ROMANIA. On January 1st, 2007, Romania will become a full member of the European Union, and to commemorate this event, look for members of the Romania Federation of Radio Amateurs to be on the air with the special event callsign YR0UE between December 25th and January 10th. Please QSL (preferably) via the YO QSL Bureau (see QRZ.COM) to YO3KAA.

Seen on another venue

----------------------START QUOTED MESSAGE---------------------

Hi all,

On Thursday, December 14, 2006, much to my regret, I delivered a letter of resignation to David Sumner, K1ZZ. Such an early departure had not been my plan but had become necessary. On Friday, in a meeting with Dave and Mr. Harold Kramer, ARRL Chief Operating Officer (COO), I made it clear, when asked, that my resignation was in no way a retirement. I also conveyed that it did not indicate any fundamental differences with ARRL outside of the jurisdiction of Mr. Kramer. I offered them the opportunity to release information about my resignation, but Mr. Kramer could send only a terse two-line message, and then only to the HQ Staff and the closed reflector of the ARRL Officers, Directors and Vice Directors, hence this message.

All in all, it's been a fun six and one-half years. The League has been a great place to work, and I'd do all but the last 22 months over again.
I thank all of you around the World for your great support. In particular, I offer special thanks our volunteers - advisory committee members, log checkers and advisors. I also urge all of you to support the ARRL financially. Be sure to tell them what you want, though * they don't always ask. I hope to regenerate an active interest in Ham Radio back in Wyoming. Maybe there'll be another DXpedition or two as well, and look for N7NG - Jackson Hole - to be an active Wyoming contributor to LoTW as long as it's in business.

73, Wayne, N7NG

Jackson Hole, Wyoming

Gedag allen.

besten wensen en een gezond 2007...

Ben van plan , op voorlopige basis een zeppelin antenne op te hangen voor 80 meter(een halve golf lang 40 meter lengte dus).
De voedings lijn een kwart golflengte lang.

Toch twijfel ik of ik een voedingslijn van 450 Ohm of 600 oHm zal gaan gebruiken.

Mijn vraag is...kan ik 450 Ohm twinlead ook gebruiken?

Met dank voor de replay's
73' Cor van Soelen PH0HM

pd4vlo gebruikte zijn klavier om te schrijven :
> Als je die Zepp alleen voor 40 meter wilt gebruiken, dan kun je zelfs coax
> (mits een kwart golf lang) als voedingslijn gebruiken.

HI. De voedingslijn moet natuurlijk geen coax zijn maar lintlijn of

open lijn. Na een kwartgolf lintlijn/openlijn gebruik je dus pas coax.
En de antenne is niet bedoelt voor 40 maar voor 80.

Te snel geschreven of niet goed gelezen "Piet"? Of iets anders....

Just received this from SP6NVK:

"Welcome and I invite to the just started service - after 4 years of the work:

www.hamatlas.eu

http://www.hamatlas.eu/
This is the service containing the complete information on all 337 DXCC Entities, besides contains over 3000 pictures and beyond 1100 maps.

I wish enjoyments and the satisfaction in using placed here information.

73 Darek SP6NVK"

Probably the best on the web -- OUTSTANDING WORK

73 From CL

hello

http://ma.yer.at/6m/
gives the possibility to calculate azimuth and
distance to the 6m beacons for a given location

downloading beacon6m.kmz brings an overview of all locations
worldwide for 50 mhz beacons with google earth.

best regards
hans
oe1smc

SB DX @ WW < KB8NW $OPDX.792
Ohio/Penn DX Bulletin No. 792

The Ohio/Penn DX PacketCluster
DX Bulletin No. 792
BID: $OPDX.792
January 8, 2007
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q, NG3K, W3HC, W3UR & The Daily DX, N4AA & QRZ DX, N4GN, WD4ELG, K5LBU, K8CX, K8YSE, WD9EWK, Pete's-DX-Newsdesk, 9M2TO, DJ5AV & The DX News Letter, DL4KQ, DK8JB, DL5EBE, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, I1HYW, JT1CD, PG5M, RSGB IOTA, SP6NVK, VA3RJ & ICPO, VK4FW and YZ5W for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 31st/December, through Sunday, 7th/January there were 223 countries active. Countries available: 1A, 3A, 3B8, 3D2, 3DA, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5T, 5U, 5X, 5Z, 6W, 6Y, 7P, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A3, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C6, CE, CE0Y, CE0Z, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, F, FG, FH, FJ, FK, FM, FO, FP, FR, FW, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J6, J8, JA, JD/o, JT, JW, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OJ0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, R1FJ, S0, S5, S7, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T30, T5, T7, T9, TA, TF, TG, TI, TK, TN, TR, TT, TU, TY, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

1A4, SMOM. By the time you read this, activity from 1A4A from the S.M.O.M. (Sovereign Military Order of Malta) should be going or are QRT. QSL seems to be only direct to the QSL Manager IZ4DPV: MASSIMO CORTESI, P.O.BOX 24, 47100 FORLI' CENTRO (FC), ITALY. Online log will be available at:
http://www.1a4a.org

3DA, SWAZILAND. To celebrate the 75th Jubilee of the Irish Radio Transmitters Society (IRTS), a group of IRTS members plan a "AFRI75 Dxpedition 2007" to Swaziland between March 16-30th. Activity for this DXpedition will also cover St. Patrick's Day and the CQWW WPX SSB Contest. The callsigns to be used will be published as soon as available. The DXpedition's leader is IRTS Vice President Paul Martin, EI2CA. Currently, the following members have signed up for the DXpedition: Peter/EI7CC, Aidan/EI8CE, Paddy/EI8BFB, David/EI4DJ (GI4FUM), Rory/EI4DJB, Brendan/EI3GV, Pete/GI4VIV and Paul/EI2CA. A private UK/Ireland YAHOO newsgroup for this DXpedition is available at: http://uk.groups.yahoo.com/group/AFRI75/ Admission to this group is by request only and is at the discretion of the group moderators. Skeds may also be requested to any of the DXpedition members.

3Y9, ANTARCTICA (Update). Dag, 3Y9SDA, who is currently operating from the Norwegian Troll Base Station (WAP NOR-10), will leave to head back home for Tromso on February 5th. He is there installing satellite equipment for receiving polar obit remote sensing satellites. He is operating on the 20 and 40 meter bands using a dipole and a ground plane antenna with only 100W output. Dag is trying to be active on PSK and SSB in the morning around 0730z and in the afternoon starting at 1900z. Watch around 14203 kHz.

4TH ANTARCTIC ACTIVITY WEEK (AAW Update). The Worldwide Antarctic Program's (WAP) 4th Antarctic Activity Week (AAW) will take place between 0000z, February 19th and 2400z, February 25th. The following stations have announced/lined to be active next month:

Callsign	Ref. Number	Opeartaors
GB0ANT	WAP-72	M0OXO
HB9ICE	WAP-81	HB9BHY, HB9BHW, HB9CET and HB9DPO

For more details/updates on the WAP and the 4th AAW, please see the following Web page at: http://www.ddxc.net/wap

9M2, WEST MALAYISA. Tex, 9M2TO, informs OPDX that the callsign 9M4SIX has been issued to the Malaysian Amateur Radio Transmitter Society (MARTS) for 6 meters operations. A beacon signing 9M4SIX (supported by MARTS, JA1OCZ and JI1ETU) is now active and transmitting on 50005 kHz from Tex's QTH.

A22, BOTSWANA (Ops Needed!). Frosty, K5LBU (aka-C91CF/7P8CF/3DA0CF), is once again trying to put a team together to operate from another African country. He thinks operating from Botswana (A22) for the IARU Contest in July would be a good place. The contest is July 14-15th, so Frosty thinks that 15 days total would be the best amount of time to operate (arrive on the 9th of July and depart on the 23rd). This would give them 2 weekends on the air. If he can find at least 5 or more operators to join him, he will set up 2 stations (one for CW, one for SSB and/or possibly one can be used for RTTY and PSK or whatever a person would like to run). If he can not find a good place in A22-land, Frosty might look at Lesotho (7P8) if they can get real callsigns and not portable ones. He states that Daniel, ZS6JR, will have to check both places out. If you are interested in joining Frosty, let him know ASAP, at: frosty1@pdq.net

CT9, MADEIRA ISLANDS (Lighthouse Activity). Members from Madeira Island Radio Club (ARRM) and operators Alfons/DJ8VC and Rudolf/HB9CQL will be active as CT9F from the Ponta do Pargo Lighthouse (DFP FMA-004, ARLHS MAD-005 and WLOTA LH-0053) on Madeira Island (AF-014, DIP MA-001), January 19-21st. Operators mentioned are Hermann/CT3FN, Rudi/HB9CQL, Alfons/DJ8VC, Jose/CT3MD, Luis/CT3EE, Tiago/CT3KU, Jose/CT3DZ, Jose/CT3KY, Luis/CT3DL, Joe/CT3BD, Duarte/CT3EN, Miguel/CT3IA, and other associates from the Radio Club. Activity will be on 160-10 meters, CW, SSB, RTTY and PSK. QSL via CS3MAD: ARRM, P.O. Box 4694, 9058 Funchal, Madeira Island.

DX0, SPRATLY ISLANDS (Update). Members of the Philippine Amateur Radio Association (PARA) and a group of JA operators will be active as DX0JP from the Pag-Asa Island, in the Kalayaan Island Group (AS-051), Philippines, February 3-13th. Activity will be on 160-2 meters, CW, SSB, RTTY and PSK, with a special emphasis on the low bands. Operations will also be on 6 and 2 meters (JT65 EME). JA team members include JA1BRK, JA1RJU, JF1IST, JA4DND, and JF2XGF, and the PARA operators are DU1EV, DU1BA and 4F2KWT. QSL via JA1HGY. EME QSO only via JA1RJU. Look for more info to appear nearer to the date on the DX0JP Web page at: http://www.dxcom.jp/dx0jp

DXCC NEWS. OPDX received a report that the 5X1RI operation should be approved for DXCC credit very soon. Documentation was mailed and possibly the approval announcement will take place this week. Stay tuned!

EY8, TAJIKISTAN. Nodir, EY8MM, will be active in the CQ 160-Meter CW Contest (January 27-28th) as a Single-Op/High-Power/Assisted entry. QSL via K1BV. Priority will be given to NA QSOs and New ones. See Nodir's Web page for skeds: http://ey8mm.codan.ru

HAMATLAS ON THE WEB! Darek, SP6NVK, informs OPDX that he has started a new ham atlas service on the Web after 4 years of work on it. This service contains the complete information on all 337 DXCC Entities, over 3000 pictures and 1100 maps. He hopes everyone will enjoy and be satisfied in using his service. The HamAtlas Web site is available at:

http://www.hamatlas.eu/

HL8, SOUTH SHETLAND ISLANDS. Sang, DT8A, was on the air this past weekend as HL8KSJ from the South Korea's King Sejong Station on South Shetland Islands (VP8/h, IOTA AN-010). Activity was on 20 meters CW/SSB. The length of his stay is not known. QSL via HL2FDW.

IOTA NEWS..........................

AS-093. Kang, DS4DRE, is currently active as DS4DRE/4 from Hong Island (ARLHS SKR-041, WLOTA LH-1528, WW Loc. PM24OR) until June 30th. Activity will be on 80-10 meters CW/SSB. QSL via DS4DRE (see QRZ.com).

JT, MONGOLIA. Khosbaya, JT1CD, announced this past week that licensed radio amateurs of Mongolia held a conference on November 18th and have now established a new organization. The name of new organization is the "Mongolian Amateur Radio Soceity" (MARS). MARS will officially represent Mongolia to the IARU and all amateur radio societies. MARS hopes that they can co-work together in the future. Once all licensed amateur radio operators of Mongolia have switched their membership from Mongolian Radio Sport Federation (MRSF) to MARS, they hope that they can change the name and keep IARU membership. MARS will continue to pay its dues to IARU and their QSL bureau will be working permanently in the future. Also, MARS will be providing Mongolian Amateur Radio Awards to the world's amateur radio operators. If there are questions, please feel free to contact the following:

President of MARS	D.Bolor,	bolor@ntc.mn
General Secretary	N.Khosbayar, JT1CD,	jt1kaa@mtcone.net
Secretary	D.Nekhiit, JT2AN,	jt2an@yahoo.com
Member of EC	C.Chadraabal, JT1CO,	jt1c@mongol.net
Member of EC	S.Baatar, JT1BB,	baatars@yahoo.com

KP2, U.S. VIRGIN ISLANDS. Bruce, KI7VR, will be signing KP2ZZ from the Island of St. Croix (NA-106, also count for WLOTA LH-2477) between January 24th and February 6th. Activity will be on 160-10 meters, mostly CW, with an emphasis on 160/80 meters each night. Daytime activity will be focused on 30/20/17 meters CW for the first few days, then some SSB. QSL via G4OOC (QRZ.com).

NCDXF PRESS RELEASE: "NCDXF announces new video! I'm pleased to announce a new video about the Northern California DX Foundation. This video explains the history of NCDXF and highlights the Foundation's many accomplishments, including our scholarship program, the sponsorship of DXpeditions, the NCDXF/IARU International Beacon Network, and support for the World Radiosport Team Championship (WRTC). Everyone will enjoy the footage from numerous Foundation-sponsored DXpeditions and even long-time NCDXF supporters will probably learn a few things they didn't already know about the Foundation's activities.

The video runs just under ten minutes in length and was produced by James Brooks, 9V1YC. DXers around the world are certainly familiar with the high-quality DXpedition videos James has produced over the years.

DVD copies will be available in the coming weeks, but the video is available now for viewing on-line under the "Videos" section of the NCDXF web site: http://www.ncdxf.org
It may also be viewed or downloaded from the Google Video site at the following URL: http://video.google.com/videoplay?docid=-1969114446660423090
Feel free to spread the word about this video. Thanks for your support of NCDXF! 73, Tim Totten N4GN, Director, NCDXF"

NEW OFFICERS FOR 2007. Members of the Oceania Amateur Radio DX Group Inc (ODXG) recently had its annual general membership meeting and elected the following officers for 2007:

President - Bill Horner, VK4FW
Senior Vice President - Maurice King, VK2KV
Junior Vice President - John, Mcrae, VK5PO
Secretary/Treasurer - Eric Fittock, VK4NEF
Directors - Elvira Simoncini, IV3FSG
- Larry Duncan, K4WLS
- Paul Spinks, VK5GX
- George Koutsoukos, VK6NKG
- Mill Reiff, LX1CC

PACIFIC TRIP/ACTIVITIES (Update). Hrane, YT1AD, during his Pacific trip and preparation for the upcoming Swains Island (KH8/S) DXpedition (March 29th to April 21st), will be active from three different islands this month and February. His schedule is as follows:

January 25-26th - Fiji; active as 3D2AD
January 27th to February 1st - America Samoa; active as KH8/YT1AD
February 1-5th - Independent State of Samoa (formerly known as Western Samoa from 1914-1997); signing possibly 5W1***.

For more info about next KH8/S DXpedition, visit the N8S Web page at: http://www.yt1ad.info/n8s

PIRATE ALERT. Tom, K8CX, informs OPDX that a station signing VU2DX on 40 meters CW, around 2220z on December 31st, working a pileup was a PIRATE. Tom thought the VU2's signal was way too strong, so he E-mailed Abdul, VU2DX, and he stated that he hasn't been on the air for a couple of months.

QSL INFO AND NEWS.................................

CN2BG via F8ALU
CT1APE via W3HNK - Only for USA & North America, after 01-Nov - 2006
DU2US direct

LX2007L via LX1KC
SM4FQW via SM4EXP

QSL 9M2/PG5M via PG5M, by the Dutch QSL Bureau or direct to:
Gerben A.Menting, Brandparken 2, 9351 XM Leek, The Netherlands.
Activity this past week was from Pulau Pangkor (AS-072), West Malaysia.

INTERNATIONAL REPLY COUPONS (IRC). The international reply coupons that bear the following language on their front side:

Aechanger jt "31-12-06 expires on Dec 31, 2006

should now be destroyed.

TYPO/CORRECTION: Last week our fingers got carried away and typed an extra character in QSL Manager Osten's, SM5DQC, callsign as SM5DQCI. We are sure most individuals caught it, but if you didn't we decided to report the TYPO anyway.

S21, BANGLADESH (Update/Reminder). Just a reminder that the "Bangladesh 2007 DXpedition" will take place this week between the January 10-16th. The callsign to be used is S21XA. The team members are: Josep/EA3BT (Team Leader/SSB/Digital), Tony/EA2PA (CW), Nuria/EA3WL (YL/SSB/Digital), Fernando/EA5FX (CW) and Juan/EA8CAC (CW/SSB). Activity will be on SSB, CW and RTTY, on all bands from 160-6 meters. Their aim is to give a new entity to the maximum number of stations, and that's why they will have 3 stations on the air simultaneously. The team is expected to arrive at Dhaka, at 2:00 a.m. (local time), January 8th. Plans are to install all antennas and equipment during January 8-9th so as to have all 3 stations up and running. They will be on the air on January 10th, at 12:00 a.m. local time (1800z, January 9th). QSL via EA3BT (direct or by the bureau). Further information and updates will be available at:

http://www.ea3bt.com/s21xa.htm

SATELLITE DEMO. Patrick, WD9EWK, will be part of the AMSAT table at the Thunderbird Amateur Radio Club's "Westfest", at Glendale Community College in Glendale AZ on Saturday, January 13th. As part of the AMSAT table, Patrick will demonstrate the AO-51 and SO-50 satellites on up to 4 passes during the morning, subject to satellite availability:

SO-50: 1317-1330 UTC (south to northeast)
1458-1510 UTC (west to north)

AO-51: 1509-1522 UTC (east)
1647-1702 UTC (west)

Thanks to the hamfest organizers, Patrick is authorized to use the hamfest's special callsign W7W for the demonstrations. He will provide the hamfest with a copy of the satellite log, which will be combined with the log for the HF contacts the hamfest's station makes. QSL information, and more details about the hamfest, can be found at:

http://www.w7tbc.org/Westfest.html

The grid may not be exotic (DM33), but Patrick hopes to work you next weekend from the Westfest.

V31, BELIZE. Greg, K4NO, will be active from here between February 14-19th. Activity will include the ARRL DX CW Contest (February 17-18th). The callsign will be determined. Operations will be from V31MD's rental QTH. QSL to his home address or via the Bureau.

VP9, BERMUDA. Kyle, WA4PGM, will be active as VP9I in the CQ 160-Meter CW Contest (January 27-28th) as a Single-Op entry. QSL via N1HRA, by the bureau or direct to: William R Champagne, 105 Main St., Ashaway, RI 02804, USA). The log will be uploaded to eQSL and LoTW.

VU7, LAKSHADWEEP ISLANDS (VU2RG News)...............

* The countdown continues for the second VU7 operation. Activity should begin in about one week. For up-to-date details, visit the VU7RG Web page at: http://www.vu7.in/

* PRESS RELEASE (January 4th, edited): "VU7RG permitted for Minicoy Island (AS-106)!!!! Today special permit was granted by WPC (Indian Govt.) to operate from Minicoy Island (Asia's #1 on Most Wanted IOTA List) which will be the fourth operation site.

  Minicoy operations will start on January 16th, and you can expect 2-3 well equipped stations on SSB and CW, 40-10 meters.

  The IOTA-Hunters easily can identify the Minicoy stations since they will use VU7RG/VU...... while Agatti, Bangaram and Kadmat Island stations will use VU7RG.

  Pilots - William, K6GNX, has joined the team of pilots. We now have 2 pilots for North America, see the operations page (on the Web page) for the details.

  Frequencies - Now we have 4 operating sites, the frequency plan has slightly changed, see the operations page (on the Web page) for the details."

* ADDED NOTE: Frank, DL4KQ, reports: "The last operation from Minicoy Island took place decades ago, and it was extremely difficult to obtain this additional permit. Once again NIAR and Bharathi, VU2RBI, made it possible again; first the special 30m permit and now Minicoy!"

XT, BURKINA FASO (Update). The F6KOP ARS of Provins group is now active as XT2C from Ouagadougou, the capital city of Burkina Faso. Activity will last until January 20th. Suggested frequencies (+/- QRM) are as follows:
CW - 3514, 7014, 10115, 14014, 18071, 21014, 24892, 28014 and 50096
SSB - 3785, 7057, 14266, 18140, 21266, 24966 and 28444
RTTY - 10140, 14082, 18100, 21082, 24920 and 28082
PSK - 10140, 14072, 18100, 21072, 24920 and 28122 kHz
160m - CW only Asia/OC: TX 1830 RX 1820-1825
EU: TX 1832 RX 1835-1840
NA/SA: TX 1832 RX 1833-1835

The QSL Manager for XT2C is F9IE, by the bureau or direct to:
Bernard Chereau, BP 211, 85330 Noirmoutier en l'ile, France. For all direct requests, please send a Self Addressed Envelope (SAE) with:

- 1 IRC or 1 USD for European Union and Switzerland
- 1 IRC or 2 USDs for other destinations

Only "NEW IRC" (with validity date after 31st Dec 2006) will be accepted. All direct requests that do not have a SAE and/or sufficient IRC/USD required to cover postal fee will be returned via the bureau. If you wish to receive a QSL via bureau, you can speedup the process by sending a list of your QSOs by E-mail (with callsign, date, time, band and mode of each QSO) after January 21st to: xt2c@orange.fr
By following this procedure, you do not need to send a paper QSL via bureau. All requests received via e-mail or bureau will be answered. Visit the XT2C Web page at: http://xt2c.free.fr/

XU7, CAMBODIA. John, 9M6XRO (ISWL Member 9M6-6982) will be active as XU7XRO from an established DX shack in Sihanoukville, Cambodia, between February 1-10th. Activity will be on CW, SSB and possibly digimodes as well (bands information was not provided). Pete/XU7ADI and Steve/XU7DXX are also accompanying John, and will be operating under their own callsigns. John is looking forward to working some International Shortwave League (ISWL) members and welcomes SWL reports. QSL route for XU7XRO is via QSL Manager M5AAV: Graham Ridgeway, 6 Pilgrim Street, Nelson, Lancs, BB9 0JQ, England. Direct QSLs with return postage are preferred, but Graham will also reply to cards received via the bureau. PLEASE NOTE FOR SWLS: SWLs be aware that Graham, the QSL Manager, will not accept SWL reports unless you log John working at least 3 or more stations. ADDED NOTE: Please see the following interesting Web site at:

http://www.qth.com/dxshack/XU/XUtop.htm

XU7, CAMBODIA. Peter, NO2R, will be active as XU7ACY from Sihanouk Ville between January 7-30th. He will be concentrating on the lowbands, CW and SSB. Peter will also be active in the CQ 160-Meter CW Contest (January 27-28th). Doug, W2EN, will act as his pilot station. QSL via K2NJ.

YS, EL SALVADOR. Look for Roberto, I2JIN, to be active as YS3/I2JIN from January 10-31st. Activity will be on all bands, mostly CW. An online log can be found on Roberto's Web site at: http://www.i2jin.com/
QSL via his home callsign.

Hi you all there!

I need to build an antenna preamplifier for the FM band.So after a short looking i found the follow Fets:BF198,BF199,BF173 to design my equipment.Will this choice could be better?Do you know some other FETs/TRs for this purpose?Thank you.

What a chaotic mess.

Two major problems that could have been taken care of.

1 - 1A4A calls for "North America - Any 6's or 7's" then takes a 1, 2, or 3. He should have only taken a 6 or 7 but never did, shame on him.

2 - All those nice, polite, 10 year plus Extra Class 1, 2 and 3 call signs (read - being a 20 WPM CW Extra is NOT a filter - of any kind) who kept calling even when 1A4A called for any 6's or 7's.

As propagation to 6 and 7 land was limited and weak we sure appreciated all you 1's, 2's and 3's giving us a chance.

Not complaining, there will always be another DXpedition and there will always be another chance for a contact - BUT - we were not at our finest were we?

as a soon to be extra since he did not say only 6 and 7s why should he
not have work other calls if that was what was there

if he had said 6 or 7 Only then obviously he should not have rewarded
the rest
>

did they wait a bit and give a 6 or 7 a chance

again the tone you have the dx experence a preference for calls where
the propagation does not seems to have been runing

after a decent pause why should n't any other NA call jump in

Well I jumped on six meters a few years ago
Worked all 50 states except KY
Sent SASE's to all states and over 120 Grid square contacts

Only 60% of the Grid Squares have come back - Sent 18 Months Ago

Of the states -- all came back except WY and RI

In todays mail my SASE to WY came back -- 3 and half years after I sent it !
Oh well at least I got it

For RI after a year -- sent another SASE -- no return. After another year -- made up a QSL card for the guy along with an SASE -- no return. Only a few thousand Hams in RI and I am on the west coast. Could be years B4 I catch another.

So if you work six meters it is important to QSL, the award managers want the cards as proof.

Working all states on six is achievable -- but not easy - could take several years.

I gave up on 100 grid squares VUCC just such a poor QSL return

Grouse and complain

CL looking for KY on 6

I agree with your observations.

After checking my log and return on 6 meter QSL's I have found that 6 meter ops are the worst return rate I have. I do better on DX either direct, to a manager or via the buro.
Have never figured out why it is so hard to get confirmations of 6 meter contacts.
Don't know what else a person can do after sending a card with an SASE, following that up a couple of months later with an email and another card with SASE and still not getting anything back.

I have had some (though by no means complete) success by preparing a QSL for the other operator. Just draw something up on your computer, the way you'd design a QSL for your own station, fill it out as if it was a card from the other guy, then mail it to him w/SASE & ask him to sign & return if it's accurate. That's how I got my first QSL from California on 6.

But some people simply do not QSL. (I think others don't reply at all if their log indicates you did not, in fact, QSO. One would *hope* they would write "not in log" on your card & return it.)

I would have to concur that 6m return rates are not very good.

Caveat: I forget, what's your callsign? I worked the June contest last year from the mobile on the way to Wisconsin, and made a fair number of QSOs from Kentucky. If you worked me, the fact that QRZ.com says I'm in Tennessee doesn't necessarily mean you worked Tennessee. That operation is also in LOTW.

My only 6m capability, in fact, is mobile. It takes about a half-hour to get across the state line from here. If it were 40 meters, I'd be delighted to run a sked - but of course on 6, the chances a sked would work at any predetermined time are not very good!

I suspect the low rate of return may be because there are many Technician
class operators on the band and as such do not have QSL cards like the HF
ops. But gee one can make their own with a computer and an ink jet printer
http://www.qsl.net/wa7s/

or get the economy QSL cards. Examples: one can buy generic cards for $4.95
a hundred
http://www.universal-radio.com/catalog/hamacc/1116.html

or standard economy cards for $10.00 a hundred.
http://www.cheapqsls.com/standard.htm

Be aware that there are only about 2300 Hams (total) in Rhode Island and
about 1600 Hams in Wyoming -- so you must help these folks with postage --
Self Addressed Stamped Envelopes (SASE)
In fact I send SASE's for all 6M contacts.

6M the Magic Band - Lets keep it alive and QSL

My "log" is an Access database and I've got homemade QSLs set up as a report; it prints either one on demand from the QSO form, or prints all QSLs since the last print run, depending. I print them onto Sparco 3.5x5.5 perforated index cards; it's fast and easy, and now that the print job is set up, I can print special cards for special events (contests, etc.) if I want.

What I really wanted to add to this discussion, though, is that I always appreciate QSLs, but I especially like the homebrewed cards--anything from fancy full-color ones done on an inkjet, to simple hand-drawn ones photocopied onto cardstock. All QSLs are good, but the ones that are made at home by the hams themselves are particularly fun--they give you a better sense of the ham on the other end of the QSO, often provide more information than the standardized ones, and they're just more fun all around.

So new hams: do NOT let not having store-bought QSLs keep you from QSLing! Heck, write it by hand on an index card--the recipients WILL like them, honest!

This assumes the other guy is with LOTW -- I suspect few Techs are on this
program.
My return of LOTW for 6M contacts is minimal. But pretty good for HF.

But a worth while program   Logbook of the World

Indeed Kuzen -- my prize QSL card is a homemade card from a little 12 year old Maori girl in New Zealand. It is hand painted.

Also got one from a student in Guyana. Also hand painted.

I am sure most card collectors understand your situation. One solution I tried was to get generic contact cards (W4MPY has them) and fill them out for the contact and then send them with an SASE requesting that they be signed and returned. The results were marginally better, but still not what I had hoped. I wonder what percentage of us are still logging each contact.

Yeah, my return rate isn't very good either, but it's there, it's
free and it works.

If you keep your logs on a PC, it's silly not to use it.

On the other hand, the boxes full of QSL cards are fun to browse
through when I'm feeling nostalgic for the good old days when we had
sunspots :-)

http://hraunfoss.fcc.gov/edocs_public/attachmatch/FCC-06-149A1.pdf
http://www.arrl.org/news/stories/2006/10/11/100/?nc=1

Effective sometime in November (probably), the 75 and 40-meter phone
bands will be expanded to 3600-4000 and 7125-7300KHz respectively for
stations on the U.S. mainland.

(for Extra Class licensees. The expansions will be somewhat less for
General and Advanced Class but they will still see expansion. General
Class licensees will also get an extra 25KHz of phone spectrum on 15
meters but this will be entirely within the existing Advanced/Extra
phone band)

There are (many) other changes to the USA rules but this is probably the
one change that will be obvious to DX operators working the USA.

I must not have read that right. Only the first 25 khz of the forty
meter band will be reserved for cw, and that's it? What no-coder thought
this up?

I read it as CW-only for the first 125 KHz, instead of the current
first 150 KHz.

7100-7125 is Novice CW.

7000-7150 is currently CW, so they drop it to 7125, that means you still
have 7000-7125 for CW ... Most DX is
on 7000-7050 anyway, so it wont effect you much will it.

Or are you just looking to harp on no-coders again

My fault totally. Somehow I read 7125 and my aging brain registered
7025. Now that I know that phone won't start at 7025, I'm satisfied. :)

Ohio/Penn DX Bulletin No. 780

The Ohio/Penn DX PacketCluster
DX Bulletin No. 780
BID: $OPDX.780
October 16, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, W2YR, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5TR, K8YSE, Pete's-DX-Newsdesk, CT1END, DJ5AV & The DX News Letter, DK8JB, DU1EV, F5NQL & UFT, G3XTT, I1JQJ/IK1ADH & 425 DX News, LU5FF, OH4MDY, OK3AA, RSGB IOTA, RA3AUU, SM3CXS, SP9GKM, VA3RJ & ICPO, VK2GND and ZL2AL for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 8th/October, through Sunday, 15th/October there were 221 countries active. Countries available: 3A, 3B8, 3D2, 3DA, 3W, 3X, 4J, 4L, 4S, 4W, 4X, 5B, 5H, 5N, 5R, 5U, 5V, 5X, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9Y, A2, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, EZ, F, FG, FH, FJ, FK, FM, FO, FR, FT5X, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ7, PY, PZ, R1FJ, S5, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T32, T5, T7, T8, T9, TA, TF, TG, TI, TJ, TK, TL, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V5, V7, V8, VE, VK, VK9L, VK9N, VP2M, VP2V, VP8, VP8/g, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, YA, YB, YI, YJ, YL, YN, YO, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZK1/s, ZK2, ZL, ZL8, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B7, ST. BRANDON. Don Field, G3XTT, FSDXA Publicity Officer, reported on October 10th that the Five Star DXers Association (FSDXA) has announced that their next DXpedition will be St. Brandon (3B7), and it is to take place in September 2007. FSDXA, closely linked to CDXC (Chiltern DX Club), the UK DX Foundation, is noted for their D68C (2001), 9M0C (1998) and 3B9C (2004) operations. FSDXA plans to have up to twelve stations on the air, many using amplifiers and monoband beams, 24 hours a day, for almost three weeks, including three weekends, around the autumn equinox when DX propagation on all bands is typically at its best. They also plan to exceed 100,000 QSOs during this DXpedition using twelve FT-2000 transceivers along with six Quadra VL-1000 linears provided by Yaesu (principal sponsor). The team will be based on Isle du Sud, approximately 250 miles north-east of Mauritius. They have already received agreement in principle from the radio licensing authorities in Mauritius, and have now to finalize all the details of their permits. The last two expeditions to 3B6/7 were 3B7RF (53,533 QSOs) in 1998 and 3B6RF (64,239 QSOs) in 2001. The multinational team is already close to being complete, with the following having signed up to take part: 9M6DXX (Steve), DK7YY (Falk), DL7AKC (Jens), EI5DI (Paul), G0OPB (Tony), G3BJ (Don), G3IZD (Ivan), G3NHL (Chris), G3NUG (Neville), G3SVL (Chris), G3XTT (Don), G4KIU (Nigel), G4TSH (Justin), K3NA (Eric), N6HC (Arnie), SM5AQD (Hawk), W3WL (Wes) and WF5T (Paul). At this time they are seeking contributions from sponsors to help defray the very significant logistics costs of this DXpedition. There are several ways to donate funds (including PayPal). Visit the FSDXA Web sites for more details

at: http://www.3b7c.com
                      http://www.fsdxa.com

All donations will be acknowledged. The logos of all DX clubs etc.. which have helped to sponsor the DXpedition will be shown on the QSL card, as will the names and callsigns of those who make an individual contribution in advance of the DXpedition (subject, in each case, to a certain minimum amount). OPDX InterNet Subscribers will receive the first complete FSDXA Bulletin as an additional bulletin. G3NUG and G3BJ will be visiting St. Brandon later this month to conduct a detailed site survey. More information will be forthcoming once that survey is complete.

3X, GUINEA. Serge, UA6JR, will be active as 3XM6JR during the CQWW DX SSB Contest (October 28-29th). Operating class is unknown. QSL via UA6JR.

4N, MONTENEGRO. Toby, DD5FZ, plans to be active as 4N6FZ possibly from the YT6A location between October 15-27th. Activity will be SSB and include entries in the WAG and CQWW DX SSB Contests. QSL via DD5FZ, by the bureau.

5B, CYPRUS. Operators Tony/RX9TL, Igor/UA2FZ, Sandy/RW4WR, Oleg/UA9CDV, Jack/RW3QC and Harry/RA3AUU will be active as 5B/AJ2O during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via RA3AUU.

5R8, MADAGASCAR (AF-057). Willi, DJ7RJ, is now active as 5R8RJ until October 31st. Activity will be on all bands 160-10 meters CW and SSB. Emphasis will be on the lower bands. QSL via his home callsign.

7Q, MALAWI. Harry, G0JMU, will once again be active as 7Q7HB between now and mid January. Activity will be on 80/40/20/15/10 meters CW/SSB. He will use a 2 element Quad and a dipole for 20/15/10m and an Inverted "V" for 80/40m. There may be a chance he will also work on 160 and 6 meters. QSL via G0IAS.

A35, TONGA (OC-049). Mark, VK2GND, will be active as A35GN from December 25th to January 3rd. Suggested frequencies are: 7050, 14195 and 14273 kHz. QSL via VK2GND.

AH2, GUAM. Members of the Guam Contest Club will be active as AH2R during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via JH7QXJ. Operators mentioned are: Kuzamasa/JG3RPL, Toshinobu/JI3ERV, Sato/JH7QXJ and Mikawa/JR7OMD. They suggest to "Please listen to 7075-7100 carefuly."

BX3, TAIWAN. Juergen, DJ3KR, will be active as BX3/DJ3KR from October 18th to November 5th. Activity should be on all bands and modes. QSL via his home callsigns.

CN, MOROCCO. Patrick, F6IRF, will be active as CN2WW between November 22-29th. His activity will include the CQWW DX CW Contest (November 25-26th) as a Single-Op/Single-Band (20m) entry. QSL via EA7FTR.

DXCC NEWS.......................

* Bill Moore, NC1L, ARRL DXCC Branch Manager, reports that the following

operation is approved for DXCC credit:
9Q1D (Also, 9Q1TB and 9Q1EK) - Democratic Republic of the Congo
Current operation beginning September 22, 2006

- YU6AO Cards Again Counting For QSOs On Or after July 4, 2006:
  Bill Moore, NC1L, ARRL DXCC Branch Manager, announced on October 11th: "Reference our recent comments about YU6AO credits, we have decided to continue crediting any YU6AO QSOs made on or after July 4, 2006. While we are still concerned that for some reason there are apparent date errors on certain YU6AO QSL cards, we will continue to count these credits pending further investigation. If you have received a YU6AO QSL card showing a date of July 4 or later which actually represents a QSO made prior to July 4, 2006, please let us know in an email to dxcc@arrl.org."

E21, THAILAND. Champ, E21EIC, will be active in the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (20m)/Low-Power entry. QSL via E21EIC.

EUROPEAN TOUR. A few different sources are reporting that Dr. Rick, NE8Z, will be touring Europe between October 19th and November 5th. He is expected to operate QRP from 3A, 9H, CT, EA, G, HB9, I, SV1 and TA4. QSL via NE8Z.

HI, DOMINICAN REPUBLIC. Miguel, CT1EHX, will be active as HI/CT1EHX, October 24-31st. Activity will be on SSB and RTTY on 80-10 meters. QSL via CT1EHX, direct or by the bureau.

HR, HONDURAS. Members of the Radio Club of Honduras will be active as HR2RCH during the CQWW DX SSB Contest (October 28-29th) as a Multi-2 entry. The group plans on be active on 160-10 meters with amps. There will be some activity before the contest. QSL via HR2RCH. Operators mentioned are: Antonio/HR2AHC, Pedro/HR2PAC, Jorge/HR2JGG and Dan/HR2DMR.

IOTA NEWS....................

AS-099. Operators Milan/OK3AA and Josef/OK1XV will be active as TA0/homecall from Lale Island, October 20-25th. Activity will be mainly CW on the HF bands. QSL via their home callsigns.

EU-176. Operators Anders/SM3XGV, Jorgen/SM3CXS, Staffan/SM3JGG and Sten/SM3NXS will be working with a VHF/UHF installation on Grimskar Island between October 20-22nd. During their stay they will be active as SD3N and SG3U on 80-15 meters CW/SSB. QSL preferably via the bureau.

OC-244. Eddie/DU1EV and Jin/DU1IST will be active from Romblon Island, October 17-18th. Both will be on business on the island and this will be a holiday style operation. Operators will use their own personal callsigns.

J7, DOMINICA. John, K3TEJ, will be active as J79Z between November 22-29th. His activities will include the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band entry. Look for him before and after the contest on the WARC bands and 160m. QSL via K3TEJ.

KH7, HAWAII. Mike, KH6ND, will be active as KH7X during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (80m) entry. QSL via K2PF.

KH7, HAWAII. Kimo, KH7U, will be active during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (15m) entry. QSL via AH6NF.

LR2, ARGENTINA. Operators Hugo/LU1FRZ, Roberto/LU2FA, Jesus/LU5FC, Javier/LU5FF, Arturo/LU6ETB and Horacio/LW7DX will be active as LR2F during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via LU2FA.

PACIFIC TOUR (A3, 5W, KH8 and ZL). Willy/ON5AX and his wife Magda/ON3AX plan to visit a few different locations in the Pacific during the next several weeks. To start, look for Willy to be active as 5W0AX from Samoa (OC-097) between October 17-22nd. Activity will be on 40/30/20 meters CW, SSB and PSK. Their next planned stops will be American Samoa (KH8/ON5AX, October 24-29th, CQ WW DX SSB Contest included), Tonga (A35AX, November 2-14th) and New Zealand (ZL/ON5AX, from November 16th to December 14th).

PACIFIC TOUR (KH0 and V6). Operators Roman/RZ3AA, Andy/UA3AB and Harry/RA3AUU will be active from Mariana Islands and Micronesia during the first part of November. Their schedule is as follows:
November 5-9th - From KH0 as KH0/NP2KY, KH0/KB7YHQ and KH0/K3UY.
November 10-16th - From V6 as V63RZ, V63UA and V63RQ.
Their main target will be the low bands for Europe and North America. QSL via UA3DX.

PACIFIC VOYAGE (CE0, FO and VP6/D). Larry, N0UU, and his wife Jo Ann are currently touring the South Pacific with the Lindblad Expeditions between October 14-27th. Although amateur radio is not his primary reason for these cruises, Larry plans to operate from several locations. When active, he will be on 20/17/15 meters SSB. Callsigns will be FO/N0UU (from French Polynesia), VP6UU and possibly a CE0 callsign if he gets the licence. QSL via his home callsign. He will QSL all contacts through the ARRL Outgoing QSL Bureau. Larry's current schedule is as follows:
October 14th Bora Bora - No operation; planned recovery from flight and relax with XYL, Jo Ann.
October 15th Makatea (OC-066, DIFO FO-051)
October 16th Fakarava Atoll (OC-066, DIFO FO-040)
October 17th Raroia Atoll (OC-066, DIFO FO-075)
October 18th - At sea
October 19th Pukarua Atoll (OC-238, DIFO FO-072)
October 20th Mangareva (OC-063, DIFO FO-108)
October 21st - At sea
October 22nd Pitcairn Island - No operation planned..Sight seeing and plenty of hams on this island.
October 23rd Henderson Island (OC-056)
October 24th Ducie Island (OC-182)
October 25-26th - At sea
October 27th Easter Island (SA-001)

Larry has a Web page at: http://www.tri.net/n0uu
Daily ship reports will be posted at:
  http://www.expeditions.com/dersearch/dailyexpeditionreports.asp

PJ2, NETHERLANDS ANTILLES (Update). Operators Marty/W1MD, Scott/W4PA, Helmut/DF7ZS, Steve/N8BJQ, Geoff/W0CG and Cindy will be active as PJ2T from Signal Point, Curacao (SA-006, WLOTA LH-0942), in the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. If they can get enough operators they might go for a M/2 entry. QSL via N9AG.

Operators Mal/NP2L, Jim/W0NB, Jeff/K8ND, Geoff/W0CG and Jim/W8WTS will be active as PJ2T during the CQWW DX CW Contest (November 25-26th) as a Multi-Single entry. QSL via N9AG.

QSL INFO AND NEWS...........................
  R1FJT via UA4RC, direct 2-IRC or equivalent
  RN4HAT via UA0LQJ
  RW0SM direct to: P.O.Box 2595, Irkutsk 664074 Russia
  YV1RDX via IT9DAA
  ZL8R via VE3XN

RK2, KALININGRAD. Members of the UA2 Contest Club will be active as RK2FWA during the CQWW DX SSB Contest (October 28-29th) as a Multi-Multi entry. QSL via DK4VW.

SPECIAL EVENT. Look for special event station SN0JP to be active between October 15-17th. Activity is to celebrate 28th anniversary of Pope John Paul II election. Activity will be on CW/SSB with operations on 80-10 meters. Also look for 6 and 2 meters activity. QSL via SP9PKZ (bureau) or direct.

TG, GUATEMALA. Operators Mario/TG9ADQ, Julio/TG9ATG, Edgar/TG9AXF, Christian/TG9AVU and Sergio/TG9SM will be active as TG0AA from Pacaya Volcano during the CQWW DX SSB Contest (October 28-29th) as a Multi-Op/All-Band entry. QSL via TG9ANF.

TM5, FRANCE. Operators Jean-Philippe/F5GKW, Bernie/F6HQY, Mark/F6JSZ, Jean/F4CXW, Claude/F8DJV, Emmanuel/F5TEF, Norbert/F4EFG, Jean/F4DJT, Serge/F5HX and Eric/F5NSL will be active as TM5HV during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single/Low-Power entry. QSL via F8KFZ, direct or by the bureau.

V6, MICRONESIA. Shoji, JA7HMZ, will once again visit Pohnpei and be active as V63DX between November 13-18th. Activity will be on all HF bands and all modes (including 160m, WARC and RTTY). He will especially focus on 160m for NA and EU stations. QSL via his home callsign JA7HMZ.

VU, INDIA. After his activities as BX3/DJ3KR, look for Juergen to be active from here between November 22nd to December 16th as VU3JRA. He is expected to enter the CQWW DX CW Contest as Single-Op/Single-Band (80m) entry. QSL via DJ3KR.

VU7, LAKSHEDWEEP ISLANDS. The VU7LD operation that will be active during December will have a stateside QSL Manager. QSLs for this operation will go to W3HNK; direct with return SAE/postage is preferred.

XT2, BURKINA FASO. The Provins ARS (F6KOP) has announced their next DXpedition will be to Ouagadougou, Burkina Faso, between January 6-20th. Operators mentioned are Bob/N6OX, Bill/N2WB, Gerard/F2JD, Alain/ F5LMJ, Frank/F5TVG, Dieter/OE8KDK, Jean Paul/F8BJI, Bernard/F9IE and Frank/F4AJQ (Team leader). Their XT2 callsign will be announced at a later date. Activity will be on all HF bands CW, SSB, RTTY, PSK31, PSK63 and SSTV. There may be some WSJT on 6 meters. QSL via F9IE, direct (Bernard Chereau, PO Box 211, F-85330, Noirmoutier En L'Ile, FRANCE) or by the REF Bureau (at the attention of Bernard/F9IE, Vendee Department). Pascal, F5JSD, is currently designing the Burkina Faso DXpedition Web page. More information will be forthcoming.

XU, CAMBODIA. Champ, E21EIC, will once again be active from here. Look for him to sign XU7ADE during the CQWW DX CW Contest (November 25-26th) as Single-Op/Low-Power entry. He plans to use a TS-50s and dipole antenna. QSL via E21EIC.

XU, CAMBODIA (Update). Last week we reported that Reijo (Retu), OH4MDY, and members of the Finnish radio group called the "Pieksamaen Radioamatoorit ry." (OH4AB) would be active in XU with the callsigns XU7MDY and XU7JGE between October 20th and November 5th. Other team members include Anni/ OH4JGE (XU7JGE), Jack/ON4AJV (XU7AJV) and Wim/XU7TZG. Activity will be on 160-10 meters CW. Suggested frequencies are: 1825, 3507, 7003, 10104, 14007, 21007, 24897 and 28020 kHz. There will be an emphasis on the lower bands. Also, look for XU7MDY to be active in the CQWW DX SSB Contest (October 28-29th) as a Single-Band entry (band not provided). QSL only direct and QSL info is available on QRZ.com.

ZL8, KERMADEC ISLANDS. The DX community was surprised this past week when ZL8R showed up on the air without much of an advance notice of an operation to take place. Word leaked out on Monday, October 9th, that nine operators left Tauranga, New Zealand, on October 7th, on the famous "Bravehart" for a three day voyage to Raoul Island in the Kermadec group. No callsign, QSL route or other details were reported at that time. The official announcement was released on October 10th stating: "The Microlite Penguins DXpedition team is now active from Raoul Island in the Kermadecs using the callsign ZL8R. Activity will last for about 8 or 9 days, and will cover as many bands and modes as possible. The expedition team is: EI6FR, HB9ASZ, K9ZO, N6MZ, N0TT, VK6DXI, W7EW and 9V1YC. QSL manager is VE3XN. Many thanks to Icom America for sponsoring six IC-7000's for this DXpedition. Thanks also to the New Zealand Department of Conservation (DoC) and the crew of the R/V Braveheart. The DXpedition team would also like to say thanks in advance to all those individuals and clubs who sent in donations with their QSLs. Your generous and continued support of expeditions like this helps keep the magic of DX alive."

ZM2, NEW ZEALAND. Members of the East Coast Contesters will be active as ZM2M during the CQWW DX SSB Contest (October 28-29th) from the East Coast North Island Zone 32 as a Multi-2/All-Band entry. Operators mentioned are: Lee/ZL2AL, Stan/ZL2ST, Mike/ZL2CC, Chris/ZL2DX, Peter/ZL2LF and possibly others. QSL via ZL2AL.

I QSO'd 2B8CF listed as in England last night. QRZ.com did not locate
more specifically.

What's up with this unusual call for the UK?

Yes, I thought of that...Mauritius? on 40M? That would be cool.
However, it took a long time to copy this station...over and over I
copied 2B not 3B.  And QRZ.com does list the 2B8 call as located in
England...near London on the MacLoggerDX map.

Is it possible to have a 2B8 call in the UK? or is it certain that it
was 3B8 in the Indian Ocean?

Thanks for helping a "newbie" ham

John

If he hasn't copied the call correct, he hasn't worked it.

That's not too important to me right now.  Could someone explain
clusters to me and where to find them?  I have MacLoggerDX if that helps.

http://oh2aq.kolumbus.com/dxs is one of a number of places to look, you can use your regular web browser. It's a gateway to a network where people can report what DX they're hearing on what frequency.

By the way, I concur with the other posters - I'd be pretty sure it was in fact 3B8CF you were hearing. He's really got a fantastic signal, showing up in places & at times where nobody else from that part of the world is around.

SB DX @ WW < KB8NW $OPDX.781
Ohio/Penn DX Bulletin No. 781

The Ohio/Penn DX PacketCluster
DX Bulletin No. 781
BID: $OPDX.781
October 23, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, N2OO, W2YR, KA3QLF, NG3K, W3UR & The Daily DX, KP4JRS, N4AA & QRZ DX, K5TR, AC8G, K8YSE, K9NW, ARSI, NIAR, Pete's-DX-Newsdesk, DH7WW, DJ5AV & The DX News Letter, DK8JB, DL5AUA, E21EIC, F5NQL & UFT, F6FVY, HA0HW, I1JQJ/IK1ADH & 425 DX News, JI6KVR IOTA-JA, ON4IA, RSGB IOTA, RA3AUU, TA3J, VA3RJ & ICPO, VK6HZ, VO1MX/VO2ZZ, YU1AB, YU1EA and ZS5BBO for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 15th/October, through Sunday, 22nd/October there were 225 countries active. Countries available: 3A, 3B8, 3C0, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4S, 4X, 5B, 5H, 5N, 5R, 5U, 5V, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9Y, A2, A4, A5, A6, A7, AP, BV, BY, C2, C3, C5, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, EU, EX, EY, EZ, F, FG, FH, FJ, FK, FM, FO, FR, FY, G, GD, GI, GJ, GM, GU, GW, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, J8, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, R1FJ, S2, S5, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T32, T5, T7, T9, TA, TF, TG, TI, TK, TL, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V5, V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP8, VP8/h, VP8/o, VP9, VQ9, VR, VU, XE, XF4, XU, XW, XZ, YA, YB, YI, YL, YN, YO, YS, YU, YU6, YV, Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK1/s, ZK2, ZL, ZL8, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3C0, ANNOBON ISLAND. Elmo, EA5BYP, is now active as 3C0M from the Island of Annobon (Pagalu) and will remain on the island for 15 days. Elmo will be on air on SSB (80-10m), RTTY (20-15m) and CW (only on 160m). QSL via EA5BYP. Please remember that this DXpedition is very costly for only one operator, and he is looking for help in funding his operation. Two Web pages are now active for this DXpedition. The Elmo's log will be available after his operation over at:

http://www.tabarca.es.mn
http://personal.telefonica.terra.es/web/ea5yn

4N8, SERBIA. Operator Dule, YU1EA, will be using the contest callsign 4N8A during the CQWW DX SSB Contest as a Single-Op/Single-Band (40m)/ High-Power entry. QSL via the QRZ.com address.

4O3, MONTENEGRO. Operators Toma/YU1AB and Emin/T91S will be active as 4O3AB and 4O3ES, respectively, between October 27th and November 3rd. Activity will be on CW, SSB and PSK. QSL via their home callsigns.

4X0, ISRAEL. For the second year in row, operators Burt/W3GG, Dov/4Z4DX, Meir/4X6KX and Mony/4X6ZK will be active as 4X0G in the CQWW DX CW Contest November 25-26th) as a Multi-Single entry. QSL via W3GG.

6Y1, JAMAICA. Operators David/KY1V and Kari/OH3RB will be active as 6Y1V in the CQWW DX CW Contest(November 25-26th) as a Multi-Single entry. QSL via OH3RB. David states that they are looking for operators. If interested, contact him ASAP at: david.kopacz@ky1v.com
He states, "This is a contesters dream station. Come and have fun with us!"

9H, MALTA (Cancelled!). Jo, DL5AUA, who was to be active as 9H3JC from the Island of Gozo (EU-023), October 23rd to November 2nd, had to cancel his trip due to a sudden death in the family. He hopes to go there next year.

DR1, GERMANY. Look for the German DF0CG Contest Station to participate again in the CQWW DX SSB Contest (October 28-29th) as a Multi/Multi entry. However, this year they will be using their new callsign DR1A. They will also have a multi-national team consisting of: Stavos/5B4AFM, Peter/DB6JG, Jorg/DF6JC, Thomas/DH1NFL, Markus/DJ7EO, Wolfgang/DK1FW, Oliver/DL1EJA, Maik/DL2AA, Axel/DL5SDK, Ben/DL6FBL, Carsten/DL6LAU, Mike/DL8NCR, Thorsten/DO1ET, Zoli/HA1AG and Jan/PA1TT. They are hoping to do better than in 2005 where they won 5th place in the World, 1st in Europe and 1st in Germany. Visit the DF0CG Web site at: http://www.df0cg.de/en/

E21, THAILAND (Update and More!). Champ, E21EIC, will be active in the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (20m)/Low-Power entry. JA stations QSL via JR5XPG and all others via E21EIC. ADDED NOTE: Champ informs OPDX readers to also look for the following Thai stations to be active in the CQWW DX SSB Contest:

E20PFE	SOAB LP	QSL via E20PFE
E20WXA	SOSB 15M	QSL via E20WXA
E21YDP	SOSB 40M	QSL via E21YDP
HS6MYW/1	SOAB LP	QSL via HS6MYW
HS8KAY	SOSB 20M	QSL via HS8KAY
HS0AC	M/S	QSL via HS0ZFZ (See HS0 below)

EA8, CANARY ISLANDS. Operators Girt/YL2KL, Kaspars/YL1ZF, Arvis/YL2LY, Oleg/YL3DW and Gunars/YL2GD will be active as EA8EW during the CQWW DX CW Contest (November 25-26th) as a Multi-2 entry. QSL via YL2KL.

FM, MARTINIQUE. Mike, K9NW, will be active as FM/K9NW in the CQWW DX Phone Contest (October 28-29th) as a Single-Op/All-Band entry. He will be active on the island between October 25-30th. QSL via K9NW.

FY, FRENCH GUIANA. Operators Marc/F1HAR, Herve/F5HRY, Olivier/F5MZN, Gerard/F6FGZ, Laurent/F6FVY and Didier/FY5FY will be active as FY5KE (Zone 9) in the CQWW DX SSB Contest as a Multi-Single entry. QSL via the bureau or direct.

HI9, DOMINICAN REPUBLIC. Operators Udo/DL2AQI, Ingolf/DL4JS, Sigi/DL8AKI and Rich/DK8YY will be active as homecall/HI9 from October 21st to November 3rd. Activity will be on SSB, CW and Digital modes. They will also be active in the CQWW DX SSB Contest (October 28-29th) as HI9L. QSL Manager for all these callsign go to DH7WW via the bureau or direct to: Ulrich Moeckel, Muldenstrasse 1, 08304 Schoenheide, Germany. He does not accept IRCs with expiry-date, 31st December 2006, as return postage!

HR, HONDURAS (Update). A team of Russian speaking hams from New York will be going here between October 22-30th. Operators mentioned are: Andrei/EW1AR/NP3D (team leader), Boris/UU5SY/N3SY, Alex/K2PAL (ex-UB5XAZ) and Joel/KB2PDW. The group will activate Tigre Island (NA-060) together with Javier/HR2J and other HR operators from October 22-25th. The callsign will be HQ4D. Andrei, EW1AR/NP3D, reports that for those who make the most QSOs, there will be special prizes like T-Shirts from Tigre Island that will be sent out. QSL via W3HNK. Activity will be on 80-6 meters, RTTY, CW and SSB. During the CQ WW DX SSB Contest they will be active and on as Single-Band entries.

HS0, THAILAND. Operators John/W2YR/HS0ZDJ, Winit/HS0CKC, Charly/K4VUD/HS0ZCW and Bob/KL7ENY/HS0ZCG will be active as HS0AC during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via HS0ZFZ. John, W2YR, informs OPDX that due to restricted band allocations in Thailand, the 160 meter operations will be about 1.824 MHz and on 80 meters they will transmit about 3.539 MHz and listen up the band for contacts.

IOTA NEWS....................

AF-018. Operator Raffaele, IH9YMC, will be active from Pantelleria Island (Zone 33) during the CQWW DX SSB Contest (October 28-29th) as a Single-Band entry (possibly 15 or 10 meters). QSL via direct.

AF-019. Operator Giuseppe, IV3ORM, will be active as IG9B from Lampedusa Island during the CQWW DX SSB Contest (October 28-29th) as a Single-Band entry (80m). QSL via operator's instructions.

AS-099. CORRECTION. Last week we mentioned that operators Milan/OK3AA and Josef/OK1XV would be active as TA0/homecall from Lale Island, October 20-25th. It was pointed out to us by Berkin, TA3J, that Lale Island is NOT an IOTA. He sends the following: From: http://www.rsgbiota.org/members/searchref.php4?getref=as099 "(Note: not Alibey [*], Gokceada) [* - In the Directory 2000 revision the following island/s were found not to qualify for the IOTA group shown. The Committee has decided to withdraw credits from members� records on 1 February 2005 for all contacts made with these islands. With regard to QSLs not yet submitted, the position is as follows: Credit will continue to be allowed up to 1 February 2005 for operations from the following islands that took place before 1 February 2001. ALIBEY ISLAND)" AND LALE ISLAND is connected to the Ayvalik mainland by road. It is not considered as an island like ALIBEY ISLAND.

AS-117. Operator JN4MBO was expected to be active as JN4MBO/4 from Kosagi Island (AS-117-020), JA4 Hiroshima Prefecture, October 19th. Activity was to be on the HF bands. QSL via his home callsign, direct or by the bureau.

J3, GRENADA. Harry, AC8G, informs OPDX that Grenada will have lots of activity from October 25-31st. The contest station J3A (QSL via WA1S) will be active as a Multi-Multi entry in the CQWW DX SSB Contest (Ootober 28-29th). Team members Diane/K2DO, George/N2GA, Tim/KU4J and Ulf/DL5AXX will use J3/homecall with Ann/WA1S and Harry/AC8G using J38AA and J37K, respectively, outside the contest. Bill, VE3EBN, will provide logistic support and will use J37LR outside the contest and be a separate Single-Op entry in the contest using J37T. Unless advised differently, QSL to their home callsigns. Outside of the contest, expect various other modes and operations on the WARC bands. The team has arranged for antenna and power improvements including assistance by Cushcraft in replacing of the 40 meter beam destroyed in the hurricane IVAN.

J48/SV8, GREECE (Contest/IOTA Op). A group of Hungarian operators will once again be active from Astris, Thassos Island (EU-174), Greece, between October 26th and November 8th. They plan to participate and be active as J48RT in the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via HA6NL. The group will also be active in the 33rd HA QRP Contest (see http://www.radiovilag.hu/haqrp2.htm) using the same callsign, but on 80 meters CW with only 7 watts output. Outside of the contests, the operators will use their home callsign on all bands, mainly on CW and SSB during the two week period. Operators and callsigns are as follows:
Gyuszi/HA2VR - SV8/HA2VR   Al/HA7JJS - SV8/HA7JJS and J48JJ
Laci/HA6NL - SV8/HA6NL and J48NL Laci/HA7PL - SV8/HA7PL and J48PL
ZSolt/HA6PS - SV8/HA6PS and J48PS
QSL via operators home callsigns, by the bureau or via QRZ.COM addresses.

JERSEY SHORE DXPO! The Jersey Shore DXPO will take place November 11th in Manahawkin, NJ. Full details can be found at: http://www.sjdxa.org They announced this week that YAESU is co-sponsoring the Jersey Shore DXPO by donating a new FT897D for the grand prize! Also, Yaesu's Dennis Motschenbacher, K7BV, will be in attendance and will have an FT-2000 on display! There will also be a nice assortment of presentations lined up for the event. TICKETS ARE STILL AVAILABLE!!!!!!!!!

KH2, GUAM (Change). Look for Matsuda, JM3PIT, to be active December 20-22nd (not 22-26th). His callsign and bands of activity were still not provided. QSL via JM3PIT.

OA7, PERU. Arno, DL1CW, will be active as OA7/DL1CW from October 20-30th. He will travel throughout Peru and will operate four days from Puerto Maldonado, three days from Cuzco, and one day from Lake Titicaca. His activity will be on 80-10 meters CW using only 100 watts and a dipole. QSL via DL1CW, by the DARC Bureau only.

PACIFIC TOUR (Correction). Harry, RA3AUU, informs OPDX and its readers that he is sorry for providing the wrong dates for the team's operation. The schedule on the islands was reversed. V6 will be the first stop and KH0 will be the second one. So, look for operators Roman/RZ3AA, Andy/UA3AB and Harry/RA3AUU to be active from Mariana Islands and Micronesia during the first part of November. Their schedule is as follows:
November   5-9th - From V6 as V63RZ, V63UA and V63RQ.
November 10-16th - From KH0 as KH0/NP2KY, KH0/KB7YHQ and KH0/K3UY.
Their main target will be the low bands for Europe and North America. QSL via UA3DX.

PJ2, NETHERLANDS ANTILLES. Operator Jeff, K8ND, will be active as PJ2T from Signal Point, Curacao (SA-006, WLOTA LH-0942), in the ARRL 160 Meter Contest (December 1-3rd) as Single-Op/High-Power entry. Also, look for Jeff/K8ND and Jim/W8WTS to be active as PJ2T during the CQ 160-Meter CW Contest (January 27-28th) as a Multi-Op entry. QSL both operations via N9AG.

QSL INFO AND NEWS.........................
HA506OI via HA6OI
PE2SWL no QSL

TF60IRA via TF3IRA

Scott, KA3QLF, informs OPDX that the QSLs for FP/WV2B are in, and that the direct requests received will be in the mail early next week. He states that he may contacted by E-mail if anyone has any questions. His E-mail is: petty@teisprint.net

XW1A QSL requests must be sent to E21EIC only. Don't send QSL requests to Laos.

SPECIAL EVENT. Members of the "Radio Officers Association" (ROASS) will air the special event callsign GB500KCS for three days starting November 2nd. Activity is to celebrate the centenary of the Berlin International Wireless Telegraphy Convention. The convention established 500 kHz as the maritime calling and distress frequency and SOS as the distress signal. The association is also using the special event to launch its campaign for 500 kHz to be recognised internationally as a heritage frequency. For more details about ROASS and the special event station, please visit the ROASS Web page at: http://www.anything-it.biz/roass/default.htm
ADDED NOTE: The Italians will also air a special event station on November 2-4th. Look for IY1SP/500KCS to be active.

VK6, AUSTRALIA. A team from the Northern Corridor Radio Group will be active as VK6ANC from the club rooms just north of Perth (Zone 29) during the CQWW DX SSB Contest (October 28-29th) as a Multi-2 entry. Activity will be on 80-10 meters. Operators mentioned are: John/VK6NU, Andrew/VK6ARA, Steve/VK6DXA, John/VK6HZ and possibly others.

VK9C, COCOS-KEELING ISLANDS. Just a reminder that Bernd, VK2IA, will be active as VK9AA from here this week (October 27-30th) and again between November 20-27th. Look for him to team up with David, VK2CZ and possibly others during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via DL8YR.

VO2, CANADA (Zone 2). Ken, VO2MK, will be active from the southeast coast of Labrador in Zone 2 during the upcoming CQWW DX SSB Contest (October 28-29th). He will be operating from the Point Amour Lighthouse (CAN-665) during his stay. This will be a portable operation with antennas consisting of wires for 80-20 meters. He will also try 6 meters mobile if the band conditions exist during his stay in Labrador. QSL via his home callsign VO1KVT.

VP9,BERMUDA. Kurt, W6PH, will be active as VP9/W6PH again for the 2007 ARRL DX CW Contest (February 17-18th) and ARRL DX Phone Contest (March 3-4th). Operating class was not provided. QSL direct to his home callsign W6PH.

VU7, LAKSHADWEEP ISLANDS (Update and News).....

* Members of the Amateur Radio Society of India (ARSI) have announced that the VU7LD DXpedition team will be active during the entire month of December. Members of ARSI will be active from Kavaratti Island during this period. An all Indian operator team will be operational on all bands, including the low and WARC bands, and on all modes - SSB,

CW and Digital. This will give the amateur radio operators around the world their first chance to work this rare entity after so many years. They also plan to have 8 stations on the air at the start of their operation. However, the ARSI is looking for support and funds. A Web site is now available online with details on how to show your support, up-to-date press releases, list of operators and online logs (when available), at: http://www.arsi.info/vu7/index.html
Remember to QSL this operation via W3HNK.

* The National Institute of Amateur Radio (NIAR) plans to organize an International Hamfest with approximately 50 multi-national and Indian operators to activate VU7RG from the Laksheedweep Islands group. The activity will take place between December 1-10th from at least three different islands. Islands mentioned are: Agatti, Bangaram and Kadmat. There will be three reliable QSL Managers from each ITU Region:
    Region 1 - The German DX Foundation (GDXF)
    Region 2 - Bob Schenck, N2OO
    Region 3 - The I-House Radio Club
  The NIAR is also look for support. More details about this operation, hamfest, announced operators and how to support/donate to this operation are available on the VU7RG NIAR Web page at: http://www.vu7.in/

WP4, PUERTO RICO. Members of the "Trujillo Alto Contest Club WP4WW", will operate as WP4BH during this CQWW DX SSB Contest (October 28-29th) as a Multi-Multi entry. Operators mentioned are: Tomas/WP4BH, Nestor/WP4BL and Jose/KP4JRS. QSL via WP4BH direct, by the Bureau and LoTW.

XF4, REVILLAGIGEDO. The German-Mexican Team are now active as XF4DL from Socorro Island until November 3rd. Activity and their arrival was delayed for about 24 hours this past week due to tropical storms. QSL via N6AWD for North-America, and DL9NDS for the rest of the world. Visit their Web page at: http://www.xf4dl.xedx.org/
ADDED NOTE BEFORE GOING TO PRINT: Word has it that Tropical Storm PAUL may come very close to the island in the next 24 hours. Visit NOAA Web page at:
http://www.nhc.noaa.gov/refresh/graphics_ep2+shtml/110226.shtml?tswind120

XU, CAMBODIA. Champ, E21EIC, informs OPDX that a Thai group will be in XU for DXpedition and CQ WW CW Contest. They are waiting for XU7xxx callsigns. Details are forthcoming.

YE0, INDONESIA. Operators Wisnu/YB0AZ, Suryadi/YB0JS, Dudy/YB0DPO, Pri/YB0ECT, Adyatma/YB0GOF, Karsono/YB0NDT and Yadi/YB0YAD from Jakarta will be active as YE0X during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via YB0ZZ.

YT6, MONTENEGRO. Luc, ON4IA, informs OPDX that he will be at YT6A's contest location in Montenegro again from October 23-31st. He will enter the CQWW DX SSB Contest (October 28-29th), probably as a Single-Op/Single-Band entry. He informs OPDX that he is not sure which band yet but he hopes to be active on 80 and/or 160 meters before and after the contest. He also mentions that YT6A has finished installing his 2 element yagi for 80 meters, so Luc will be looking forward to his stay.

ZL8, KERMADEC ISLANDS. A ZL8R press release was sent out on October 20th. OPDX InterNet Subscribers will receive the complete press release as an additional bulletin. In short, the press release states that the Microlite Penguins Dxpedition to Raoul Island in the Kermadecs went QRT at 2200 UTC on October 17th with over 40,000 QSOs in the log. Operators were EI6FR, HB9ASZ, K9ZO, N0TT, N6MZ, VK6DXI, W7EW and 9V1YC. Total on-air operating time was just over 7 days. Landing on Raoul Island involves a rather dangerous jump from a zodiac onto a rock face, but thankfully the seas were cooperative and none of the team slipped or was injured in the process. Transceivers consisted of six, brand new Icom IC-7000's kindly sponsored by Icom America, and antennas were all simple wire dipoles strung up in the surrounding pine trees. Given the weak worldwide propagation at this point in the solar cycle, they still made every effort to work as many European stations as possible. The final ZL8R QSO statistics are: North America 39%, South America 1%, Europe 26%, Asia 30%, Africa 1% and Oceania 3%. Most of the QSOs were on 40m (15%), 30m (13%), 20m (22%), 17m (13%) and 15m (20%). PLEASE NOTE! Almost all of the expenses for this trip were paid by the team members themselves. But given the extraordinary expense it takes to charter a ship to a remote island in the Pacific for two weeks, they hope that each and every DXer will help contribute to this endeavor, either by donations with your QSL cards to their QSL Manager VE3XN, or by joining the NCDXF - the Northern California DX Foundation.

ZS9, SOUTH AFRICA. Members of the Bloemfontein Defence Amateur Radio Club will use the callsign ZS9X during the CQWW DX SSB Contest (October 28-29th) as a Multi-Operator entry. Operators will be John/ZS4S, Barney/ZS4U, Bernie/ZS4TX, Jan/ZS4JAN, Edwin/ZS5BBO and Dennis/ZS4BS, members of the full-time and Reserve Force of the SANDF. The ZS9X station is situated approximately 20 km west of Bloemfontein on a hill overlooking a military training area. The station has an impressive antenna system comprising of three Log Periodic antennas covering 3 - 30 MHz fixed in northwest, a north and a northeast directions to be used mainly on 80-40 meters. Each Log Periodic has 30 elements and occupies about an acre of ground. They will use a rotatable Optibeam OB17/4, at a height of 20m (approx 60 ft), covering 40-10 meters; one 5 element 10 meter monobander up at a height of 30m (approx 100 ft) fixed north; and one 5 element 15 meter monobander up at a height of 20m (approx 60 ft) fixed north. In addition, there will be one HF Discone antenna mounted on a 40m mast covering 1.5 - 30 MHz, which will be used mainly on 160 meters and two shunt loaded towers for use on 80 and 160 meters. The equipment is a mixture of Yaesu and Icom transceivers with valve type amplifiers. QSL information is available on QRZ.com. Pictures, a web site and more information will be added as the station progresses.

Worked 'em every where you wanted to yet? Are they hearing Europeans
and Asians as well as they're hearing us in the USA?

(judging from the number of JA calls I hear them working, I don't
think anyone in Asia has any complaints coming!)

I didn't even know about them. <sigh> I've been inactive
the last 3 years; just started playing on HF again. Are
they working PSK31 or RTTY on the expedition? (I dragged
the 706 out but haven't found the microphone, and I think
my paddles are still in the garage.)

Don't know how they are doing,but in my area they are hardly audible on any
of the HF bands, do not do 40m or 80m or 160m.
Mainly interested in RTTY tried 17m for two days but the conditions appear
to favour the Southern countries so had no luck. Will keep trying, glad I
got the XF4 the last time on a couple of bands on SSB.

73 de Charlie GM4UZY.

I worked them on PSK31 on 30 meters yesterday morning. DX Summit said they were on 17 RTTY at the time too, but I couldn't find them there.

If you can find the microphone, you can use the up/down buttons as a paddle<grin>...

Ohio/Penn DX Bulletin No. 782

The Ohio/Penn DX PacketCluster
DX Bulletin No. 782
BID: $OPDX.782
October 30, 2006
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, K3LP, NG3K, W3UR & The Daily DX, N4AA & QRZ DX, K5TR, K5UN, AH8LG, K8YSE, K0NR, Pete's-DX-Newsdesk, 4X1VF, 4X6KJ, DJ5AV & The DX News Letter, DL6KAC, DK8JB, F5NQL & UFT, I1JQJ/IK1ADH & 425 DX News, IZ8EDJ, RSGB IOTA, TF3AO, VA3RJ & ICPO, VE2TKH, XE1YJS and YT1AD for the following DX information.

** EDITOR'S SPECIAL NOTICE: This week's bulletin was sent out earlier than normal to accommodate the late CQWW DX SSB Contest announcements. Also, we wanted to provide the readers with a consolidated listing of the CQWW DX SSB Contest participants.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Friday, 20th/October, through Friday, 27th/Oct there were 224 countries active. Countries available: 3A, 3B8, 3C0, 3D2, 3DA, 3V, 3W,

3X, 4J, 4L, 4S, 4U1I, 4X, 5B, 5H, 5N, 5R, 5V, 5W, 5Z, 6W, 6Y, 7P, 7Q,
7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9Y, A2, A4, A6,
A7, A9, AP, BV, BY, C3, C5, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX,
D2, D4, DL, DU, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, EU, EX, EY, F,
FG, FJ, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB,
HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, JA, JT,
JW, JY, K, KH0, KH2, KH6, KH8, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA,
OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PY, PZ, R1FJ,
S2, S5, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, T9, TA, TF, TG,
TI, TK, TL, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5,
V7, V8, VE, VK, VK9N, VP2E, VP2M, VP2V, VP5, VP6, VP8, VP8/h, VP9, VQ9,
VR, VU, XE, XF4, XU, XX9, YA, YB, YI, YK, YL, YN, YO, YS, YU, YU6, YV,
Z2, Z3, Z7, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZK1/s, ZK2, ZL, ZP, ZS

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3V, TUNISIA. Hrane, YT1AD, informs OPDX that he will be joining a team of operators from 3V8BB and will be active in the CQWW DX SSB Contest (October 28-29th) as 3V6T as a Multi-2 or Multi-Single entry. QSL via YT1AD.

4Z0, ISRAEL (Special Event). Just a reminder that the Holyland DX Group will operate as 4Z0J from the "Jesus Boat" located near the Sea of Galilee in Yigal Alon's Center on November 3-4th starting at 0700z and ending on Saturday at 1500z. Operators will be Shalom/4Z4BS, Mark/4Z4KX, Ilya/4Z1UF, Ros/4Z5LA, Ruben/4Z5FI, Yuli/4X6HP and Jan/4X1VF. Activity will be CW/SSB on all bands 80-10 meters. The square for the Holyland Award is M05KT. The group also plans to operate mobile from several squares around the main location for the HOLYLAND AWARD program. QSL Manager is Shalom, 4Z4BS. For more info on the "Jesus Boat", visit the Web page at:
http://www.jesusboat.com/imgs/site/site/boat.html

5H, TANZANIA (IOTA Op). Giovanni (John), I5JHW, will be active as 5H1HW on Zanzibar Island (AF-032) between November 7-22th. Activity will be on SSB and RTTY, using an IC-7000 with a SGC 500 and verticals. QSL via I5JHW, direct or by the bureau.

5H, TANZANIA (IOTA Op). Sam, F6AML (TX6A), a member of "F6KOP TEAM" will be active from Zanzibar Island (AF-032) between January 18-29th. Activity will be on 80-10 meters CW/SSB with 400 watts and verticals. The callsign will be known later. Sam will pay special attention for west coast NA and JA (Asia) stations. QSL is OK via the bureau or direct with SAE + 1 IRC or with 1 USD for Europe or 2 USDs for the rest of the world.

5Z, KENYA. Alex, 5Z4DZ (PA3DZN), will be active as 5Z1A during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (20m)/High-Power entry. QSl via PA1AW.

7W, ALGERIA. Ondrej, OK1CDJ, will be active as 7W2W from 7X0RY's QTH during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band entry. QSL via his home callsign.

C3, ANDORRA. Mike, C33IU (K9MW), announced that he will be active on November 4-5th. Suggested frequencies are: 2m for the IARU Contest, 3050-3060 and 7000-7035 kHz. On the November 19th, look for between 1300-1500z on 80/40/17/15 meters. QSL via G0OYH. Visit his Web page at:
http://www.c33iu.eu

CN3, MOROCCO. Operators Matteo/IK2SGC, Stefano/IK2QEI, Roberto/I2WIJ, Luca/IZ2FFK, Cortesi/IZ4DPV and Salvatore/IK8UND will be active as CN3A during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via I2WIJ.

CE0Y, EASTER ISLAND. Larry, N0UU, who is on a Pacific voyage (see OPDX.780), will be active as CE0Y/N0UU in the CQWW DX SSB Contest (October 28-29th) during the first night only. QSL via N0UU.

EA8, CANARY ISLANDS. Operators Manuel/EA8ZS, Juan/EA8CAC, Pekka/OH1RY (EA8AH), Ville/OH2MM (EA8EA) and Jorma/OH2KI will be active as EA8AH during the CQWW DX SSB Contest (October 28-29th) as Multi-2 entry. QSL via OH1RY.

EF8, CANARY ISLANDS. Edu, EA8AUW, will be active from URE Las Palmas Section as EF8A during the ARRL 10 Meters Contest (December 9-10th) as a Single-Op/High-Power entry. QSL via EA8AUW.

EY7, TAJIKISTAN. Eduard, EY7AF, will be active in the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (40m) entry. QSL via the address on QRZ.com.

FT5X, KERGUELEN ISLANDS. Gildas (Gil), TU5KG, has been active as FT5XP/mm in the Austral Sea (in Southern Indian Ocean) on a fishing boat near/around the Kerguelen Islands. He is expected to be active from Port aux Francais, Kerguelen Islands, as FT5XP during the CQWW DX SSB Contest weekend. No accurate dates or times were specified. He will also be on Kerguelen the weekend of November 25-26th (for fuel refill). QSL via F4EFI.

GJ, JERSEY. Rich, K2WR, will be active as GJ2A during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/High-Power entry. QSL via K2WR (also direct for non-USA to GJ3DVC). Rich should be on the air before the contest starting November 21st.

HB0, LIECHTENSTEIN. Christian, DL6KAC, and some other German operators will be active as HB0/HB9AON during the CQWW DX SSB Contest (October 28-29th) as a Multi-Multi entry. They will have 5 stations on the air. QSL BB0/HB9AON via DJ2YE, direct or by the bureau. Pictures from past operations can be found here: http://www.rn-soft.de/hb0_jump.htm
ADDED NOTE: If you were lucky to work Christian before the contest as HB0/DL6KAC, QSLs go via DL6KAC direct or by the bureau. If you send a direct card, make sure you use the new IRCs which are valid until 2009.

HI, DOMINICAN REPUBLIC. Members of the Lomadeltoro Contest Team will be active as HI3CCP in the CQ WW DX SSB Contest (October 28-29th). QSL via

ON4IQ. Visit the Lomadeltoro Contest Team's Web page at:
http://www.lomadeltoro.com

HK0, SAN ANDRES AND PROVIDENCIA. Look for Gerd, DL7VOG, to be active as HK�GU from Providencia Island (IOTA NA-049), November 15th through December 1st. Activity will be on 160-10 meters CW, RTTY and SSB, using an IC-706 MKIIG and vertical Butternut HF9V. For 160 meters, he will set up a vertical (fishing rod style). QSL via the bureau or direct to: Gerd Uhlig,
P. O. Box 700332, D-10323 Berlin, Germany.

JT1, MONGOLIA. Harry, WX8C, will be active as JT1/WX8C during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/All-Band entry. QSL via WX8C.

KH6, HAWAII. Kurt, W6PH, will be active from "Sea Q Maui" as KH6/W6PH during the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band/Lower-Power entry. QSL direct only via W6PH.

KH8S, SWAINS ISLAND (Update). An international team of twelve experienced operators lead by Hrane Milosevic, YT1AD, and co-lead by David Collingham, K3LP, will activate Swains Island, April 3-16th, 2007, using the callsign N8S (November Eight Sugar). Hrane and David have been in direct contact with Larry Gandy, AH8LG, to gain a clear understanding of the island's requirements for permission to operate. The Swains Island permission to operate was confirmed via E-mail from Larry Gandy on October 23rd. Their team has reached an agreement that meets the specified Swain Island requirements. The N8S DXpedition team includes: Hrane/YT1AD, David/K3LP, Krassimir/K1LZ, Kamal/N3KS, Doug/N6TQS, Eugene/RK3AD, Harry/RA3AUU, Vangelis/SV2BFN, Andrew/UA3AB, Roman/RZ3AA, Stevan/YZ7AA and Vel/YZ1BX.
The team will depart to Swains Island on the morning of Monday, April 2, 2007. The boat ride from American Samoa will take approximately 24 hours with the team arriving and setting up camps on Tuesday, April 3, 2007.
The operation will begin late Tuesday, April 3, 2007, and will end late Monday, April 16, 2007, providing 14 days of active operation. There will be a CW Camp, SSB Camp and Digital/6 Meter Camp each supplied with three ICOM radios, ACOM amplifiers and required antennas. The team will depart Swains Island around noon on Tuesday, April 17, 2007, and arrive back in American Samoa on the morning of Wednesday, April 18, 2007. The QSL Manager and Web site information will be provided at a later date. At this time there is no plan for daily on-line logging. The logs will be posted on-line after April 27, 2007.

PACIFIC TRIP. Hrane, YT1AD, informs OPDX that he will be making a couple of stops in the Pacific during the first part of the new year. Look for him to be active as KH8/N9YU from American Samoa between January 24-29th. Also, look for him to be active as 3D2AD from Fiji between January 30th and February 3rd. QSL via YT1AD.

PJ4, NETHERLANDS ANTILLES. Bob, K0NR, will be active as PJ4/K0NR from Bonaire (IOTA SA-006) from October 28th to November 9th. Activity will be on SSB and PSK31 on 30-6 meters. Also, he will be active on FM OSCAR satellites (Grid FK52). QSL to his home callsign.

VY0ICE QSLS. Steve, VE2TKH, reports that he had a safe trip back in VE2 land on October 11th from Iqaluit, Nunavut and Baffin Island (NA-047) after 5 weeks there and a final total of 6877 QSOs in VY0ICE log. The QSL cards are coming each day into VE2AWR's (QSL Manager) mailbox. Serge has replied to more than 500 cards so far, so he still has 1500 cards at home to send to DXer's requests (nice card from UX5UO that you can see under VY0ICE on QRZ.com). QSL card is also available via the VE2 bureau. Steve states, "I had a great time on radio from this part of the World and CQ Zone 2. Also, I want to thank DXers for their collaboration. Very best regards es 73 from Quebec, Canada.....
Steve Toupin, VE2TKH"

RK2, KALININGRAD (Change). Members of the UA2 Contest Club will be active as RK2FWA during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via DK4VW.

SRT IN THE CQWW CONTEST. Look for some members of the Strange Radio Team (S.R.T.) to be active during the CQWW DX SSB Contest (October 28-29th). Members mentioned are:

CN3A - QSL via I2WIJ
EF8A - QSL via EA8AUW
II3G - QSL via IV3RJT
IO3Z - QSL via IV3ZXQ
IR8C - QSL via IZ8EDJ
IR8E - QSL via IK8PLE
IR8Z - QSL via IZ8EZP

Look for photos and info: http://www.strangeradioteam.com

T70, SAN MARINO. Members of the Amateur Radio Republic of San Mario (ARRSM) will be active as T70A during the CQWW DX SSB Contest (October 28-29th) as a Multi-Single entry. QSL via the address on QRZ.com.

TA2/YM2, TURKEY. Pavel, OK1MU, will be active as TA2ZAF (or possibly YM2W) during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (10m) entry. He states that he will use a 4 element Yagi and 500 watts. QSL via OK1TN, by the Bureau or direct.

TF60, ICELAND. Icelandic Radio Amateurs will continue to celebrate 60 years of the club and will use the callsign TF60IRA in the CQWW DX SSB Contest. Operation will be in the Multi/Single/High-Power category. This will be the 1st contest that they will use their new 3 element SteppIR antenna.

TO5, MARTINIQUE. Lee, K5UN, will be active as TO5X from November 21-30th. He will operate in the CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band entry. QSL to K5UN.

VK8, AUSTRALIA. Stuie, VK8NSB, will be active during both CQWW DX SSB Contest (October 28-29th) and CQWW DX CW Contest (November 25-26th) as a Single-Op/All-Band entry. QSL both activities via VK6NE.

VK9C, COCOS-KEELING. Remember to look for Charlie/W0YG and Barry/N0KV to be activee as VK9CGG between October 30th and November 20th. QSL via W0YG (direct only).

XW, LASOS. Champ, E21EIC, will be active from Vientiane as XW1A in the CQWW DX SSB Contest (October 28-29th) as Single-Op/Low-Power entry. QSL via E21EIC.

XX9, MACAO. Ramon, XE1KK, informs OPDX that he will be joining a multi-national team (BY, VR2 and XX9) of operators to be active as XX9C (from Zone 24) during the CQWW SSB DX Contest (October 28-29th) as a Multi-Multi entry. QSL via the address on QRZ.com. Before the contest Ramon expects to be on the air as XX9TKK from Taipa Island (IOTA AS-075) as time permits. QSL for XX9TKK via XE1KK.

Z35, MACEDONIA. Ozren, Z32XA, will be active as Z35T during the CQWW DX SSB Contest (October 28-29th) as a Single-Op/Single-Band (20m) entry. QSL via Z32XA.

ZC4, UK SOV. BASE AREAS ON CYPRUS. Andy, G3AB, will be active as ZC4VJ during the CQWW DX SSB Contest (October 28-29th) as a Single-Op (possibly as Single-Band 20m) entry. QSL ZC4VJ via the QRZ.com address.

The following stations are expected to be active in the
CQ World Wide DX SSB Contest (October 28-29th, 2006)

Thanks to Bill, NG3K, for providing OPDX readers the following consolidated listing of the participants in the 2006 CQWW SSB Contest. For a more detailed listing in HTML format, please visit the Web page at:

http://www.ng3k.com/Misc/cqs2006.html (in alphabetical order by callsign)
http://www.ng3k.com/Misc/cqsd2006.html (in order by CQWW entity)

Well I got them on 20 SSB and 20 CW.  The OM got them on 15, 17, and 40 SSB.

He probably did, but he also probably copied the call correctly.
I have worked many guys whom I have copied as 2 or 3 different calls.
Sometimes a fellow gets in a hurry, even with a machine-it got recorded
wrong and they keep sending it.

Especially if they are using a bug...they run the letters together a
lot it seems.

(Oh, oh, I am in trouble now)

Bottom line, if you send a mistake, fix it.

I found the mike, and caught one of the ops on 21295 simplex; that's number 191 worked for me. It was my first phone ops in 3 years, and I think a general dislike for SSB pileups is part of why I went inactive for a while. I've been in some RTTY pileups and even a few PSK pileups, but for some reason the digital pileups seem much less frantic, and much easier on my system.

Not so many "cops" yelling "HE's working UP, you LID!" for one thing. :-) I've really enjoyed PSK; hope more expeditions to exotic places will be including it when they plan their modes/bands.

That's why I prefer working DX on CW.

John:

One easy portal to the DX spotting network is the DX Summit site at:
http://oh2aq.kolumbus.com/dxs/.

73, Jeff K8ND

Congrats!

BTW I wasn't being facetous when I said you could use the up/down
buttons as a paddle...  At least on the MKIIG there's a menu option that
allows that.  I've made dozens (probably about 200) CW contacts on mine
that way.  It does take some practice.

It was my first phone ops

Don't worry, the lids will get there eventually<G> (or <f>, as in
frown...)

I was having REAL FUN with the CLOWNtesters this weekend all
on HF. Set the rig's tx output to about 10 watts and loaded up
into the 75m carolina windom with DX callsigns and the occasional
rare ITU section. Give em a call and these DX CLOWNTESTERS
would fall all over each other thinkin they just worked a needed
section an they now will be pinchin a loaf waiting for a card to
arrive in the mail to hang on their wall and impress their fatassed ham
club blokes! Baaaaaaaaaaaaaaaa hahahahahahhahaha!!! what a bunch of fools.

After working Europe up 5 for almost 3 hours 3C0M started litening up for North America/USA. Europeans kept calling on his frequency and some sent CW that caused QRM for USA stations trying to work him.

3C0M is only strong from 2200Z to say 0600Z in most Of Eastern USA whereas Europe get him from say 1830Z to after 0600Z.

He was run off 40 SSB today (Oct 30) with hundreds of USA still waiting. At least NT5C did get to work him.

Please have patience when we finally get a chance to work stations such as 3C0M.

73 Dave K4JRB

Hi, I'm new to the group. Last year I bought a Superadio III and from my little house in RI, I started receiving a lot of stations. Since now sunset is early because of daylight savings ending, I'd like to get back into it. Are a lot of people here into the AM band or is there anywhere else where I can read up on it. I always like learning when it comes to the AM band and antennas. I currently use a Terk AM Advantage and it helps quite a bit but the more stations I pick up, the better.

Don't know if anybody's reading this "realtime" but the XF4DL guys are on 18100, RTTY, listening 2-8 up at 1650Z 01 Nov 2006.

I'm no expert but these guys seem to run a VERY nice expedition. I haven't worked RTTY since I hooked the radio back up; wish I could recall what RTTY software I was using 3 years ago when I went inactive. I used MMTTY 1.65 just now--had to set it up on the fly, AND remember how to set the 706 for split ops--definitely NOT a slick operation on my part but the XF4DL op was tolerant about my fumbling. :-)

What RTTY software do you like, folks? (MMTTY is nice enough but whatever I was using 3 years ago seemed to have a few more amenities.)
